

Dear Chief 1201

Chapter 1201: Gong Jue Knows!

That day, the queen and the king, who were eager to pass on the throne, could not wait to announce the relationship between Young Master Ye and Beigong Mingtian.

This love between a royal man and a commoner man instantly shocked the entire world.

The Empire had naturally received this news.

The first person to see the newspaper was Bai Lang.

He foolishly turned an International News Times paper over and over and read it a million times,

He stared stupidly out the window for a while longer at the drifting clouds.

Then, mechanically and woodenly, he scratched the handsome hair he was so proud of.

Immediately, a hysterical wail erupted—

“Young Master Ye, since you like men too, why didn’t you choose me ah ah ah ah ah! Other than not having a throne, how else am I not better than him?! Hmph, that foreign bastard doesn’t even know how to stew tonic soup for you. He’s also not interesting at all. He doesn’t know any kinky stuff. Perhaps he’ll be finished in three seconds in bed. He won’t give you happiness at all!”

Just as Bai Lang’s wail resounded through the sky.

At Lan Ting’s counter.

Yang Xiaolan’s body went limp and she fainted.

She was holding the same International News Times paper.

Before she fainted, she said in tears, “Young Master Ye, why didn’t you give me a chance...”

At the counter of the Chu and Bai pharmacies next door, the women who came to buy Mr. Ye’s beauty makeup and facial masks also sighed with heartache. Why? Why was such a handsome man snatched away by another man?

Before she fainted, she said in tears, “Young Master Ye, why didn’t you give me a chance...”

Just as a large number of people were heartbroken by the announcement of Young Master Ye’s relationship, on the remote and cold Cold North Ridge, Gong Jue had already commanded the robot team to catch General Teuton off guard.

He had taken down three important laboratories in S Nation and forced the S Nation’s people to retreat 30 kilometers north of the national border!

Of course, he couldn’t stop yet.

He had to chase after them and beat these greedy fellows until they were afraid. They would hide for ten years and not dare to come out again.

However, in his excitement, Gu Qiqi's big news disturbed his mind.

He smashed the cipher telegraph that was broadcasting the news!

If not for the fact that he still had important matters to attend to, he really wanted to fly directly to Country H and blow up that royal family!

When Special Assistant Lu saw this news, he was overjoyed. Oh my, that young man has finally committed to someone. Although he did not end up with Young Master Bai, the Beigong family was not bad either.

Hmph, Young Master Ye must admire the power of the Beigong family.

Surely Master Jue can see him clearly this time?

Special Assistant Lu said, "Master Jue, Mr. Ye is so heartless and unreasonable. Let's just KO him and ban him from returning to the country, okay?"

That was adding insult to injury!

Hmph, he would step on this male mistress, Young Master Ye, who had seduced Master Jue and bullied Young Lady Qiqi!

Gong Jue glared at him and instructed coldly, "Go and find out who gave Gu Qiqi her passport and let her go overseas!"

Special Assistant Lu was confused. "Young Lady Qiqi... is overseas?"

Gong Jue said, "Get it done!"

Special Assistant Lu said, "Yes, yes, yes! Master, are we not going to investigate what happened to Miss Qiqi four years ago?"

Gong Jue said, "Check her passport first!"

Who was the one who had ill intentions and sent that stupid woman to the Beigong family?!

He couldn't believe that Bei Mingtian, that silent bastard, had done such a shocking thing!

Was he tired of living?!

Chapter 1202: I'm Willing to Pay Any Price

Far away in Country H, Gu Qiqi and Beigong Mingtian sneezed.

After the matter of Beigong Mingtian's engagement was resolved, Princess Qingya cried and returned to the country overnight, taking the initiative to cancel the engagement.

As for Gu Qiqi, she also wanted to return to the country immediately. Unfortunately...

The little turtle wagged its tail. "Master, we're still short of a piece of green Tridacna before we can level up! Let's look for more, okay? The taste of green Tridacna is really good!"

Gu Qiqi was speechless.

Do you want to upgrade, or are you a glutton?

However, the green Tridacna was so precious. How could it be found so easily?

Beigong Mingtian had removed all the green Tridacna from the bedroom bathtub.

In the royal palace, how could there be any green Tridacna stored in the treasure vault?

"What on earth do you want that hermaphrodite for?" Beigong Mingtian was also going a little crazy.

Gu Qiqi was speechless.

Was green Tridacna a hermaphrodite?

She felt that it was time to talk to the little dirty turtle about life.

Why did it have to eat such a strange thing to level up?

"Forget it, I won't ask. Since you're looking for it, there must be some use to you." Beigong Mingtian was helpless. "There's still one last piece of green Tridacna in this palace..."

"Where is it?"

"It's my uncle's teacup. The raw material is green Tridacna."

"Can you discuss it with him?" Gu Qiqi held her breath. "I'm willing to pay any price!"

Beigong Ming looked at her with disdain. There was something strange about him. "You're willing to fall in love with him if he asks you to?"

As soon as he said this, he realized that he had a strange feeling of... jealousy.

Gu Qiqi was actually willing to agree to anyone's conditions for green Tridacna.

It made the green Tridacna he gave her look so cheap and not precious at all.

Gu Qiqi looked at Beigong Mingtian, who had an awkward expression, and frowned. "What nonsense are you talking about? I'm helping you for the sake of green Tridacna! If you continue to mess around, I'll tell the reporters that I have severed ties with you tomorrow!"

Beigong Mingtian's lips twitched. "Alright, I'll discuss it with Uncle, but... don't get your hopes up. No one can predict Uncle's temper."

His uncle, Beigong Lie, the king's older brother, had a complicated history.

When he was young, he roamed the world. The royal family thought that he was dead, so the throne that should have been inherited by him was inherited by Beigong Mingtian's father.

When he was older, he returned in disgrace. He was unruly and did not like to see outsiders. He had no interest in the power of the throne at all. However, he was especially good to Beigong Mingtian. It could be said that he had watched him grow up.

Still, he was eccentric.

He could be very, very nice to people he liked. He could be very, very disdainful and violent to people he disliked. Many officials who came to curry favor with him were beaten until they were black and blue by him.

“Why don’t I go with you? One more person will be more convincing,” Gu Qiqi suggested.

Beigong Mingtian shook his head. “Don’t. I’m even afraid of his temper.”

Gu Qiqi curled her lips. “I don’t believe that he won’t give his beloved nephew a gift after he finds out that he’s in a relationship. Isn’t that too petty?”

Beigong Mingtian was speechless.

Who was that woman who said she wanted to cut ties with him on the news? Who!

How lacking in integrity!

In the end, Beigong Mingtian still brought Gu Qiqi along.

He did it for no other reason than to be able to be alone with Gu Qiqi. Even though their walk was short, he was still happy.

Beigong Lie lived in a more remote side courtyard.

All the facilities in the courtyard were simple, but there was a rose bush in full bloom.

Gu Qiqi sniffed the fragrance of the roses and felt inexplicably comfortable!

These were definitely not ordinary roses!

Chapter 1203: Unmarried Old Bachelor

These were no ordinary ornamental roses. These were medicinal roses.

As a doctor who studied herbs all day, Gu Qiqi could smell it immediately.

She raised her eyebrows in confusion. “Your aunt and uncle like medicinal plants very much?”

In this simple courtyard, other than the pink roses that were in full bloom, there were also many low-key and inconspicuous medicinal herbs that quietly grew everywhere in the courtyard.

They were quite special.

Unexpectedly, Beigong Mingtian looked at her strangely. “I don’t have an aunt. You must remember not to ask questions about Uncle’s relationships later. He... wandered outside all those years. Perhaps he was hurt by love and never married or had children in his life. He was pure-hearted and lonely.”

Gu Qiqi unconsciously swallowed a mouthful of saliva.

Why were all the members of the Beigong family so strange?

Beigong Mingtian's parents were a pair of clowns who did not take the ordinary path. They always wanted to give up the throne so that they could wander around.

As a son, Beigong Mingtian was extremely arrogant and awkward. He did not look like a prince who loved his people.

When it came to Beigong Lie, he might as well stay single for the rest of his life...

Sigh...

Sighing, she did not ask any more questions and quietly followed Beigong Mingtian along the stone path towards the inner bedchamber.

Before they reached the door, they heard a loud voice from inside. "Rascal, I heard that you're in a relationship? Which family's girl is she from? Why didn't you bring her to show me? Those servants are all gossiping happily. When I asked them about your wife, they all shut up and slipped away. What happened? Could it be that your wife is too ugly to be seen?"

Gu Qiqi was speechless.

This was Beigong Lie, wasn't it?

Uncle, your opening remarks are really vicious!

Beigong Mingtian coughed awkwardly. "Uncle, my partner is... beautiful."

Gu Qiqi felt even more awkward.

Why did he have to explain this?

However, the uncle and nephew happily went on along the subject.

Beigong Lie asked curiously through the door, "Really? That's great. Our Beigong family needs such genes to improve our descendants. Hurry up and get married and have more children. Our Beigong family has too few children! After you grew up, I didn't even have the joy of bringing up children..."

Beigong Mingtian said, "Uncle, let nature take its course."

Beigong Lie said, "Let nature take its course, my ass. There's a secret. I have a lot of herbs that can help people give birth to sons and daughters. Do you like sons or daughters? I'll mix the medicine for you. I guarantee it will work..."

Beigong Ming's lips twitched. "I like... daughters."

Beigong Lie said, "Me too! You have such good taste. Let me tell you, daughters are still cuter. I would probably want to strangle my son ten thousand times a day..."

Beigong Mingtian said, "Uncle, you brought me up when I was young."

Beigong Lie coughed. "You're more obedient. I've never pinched you."

Gu Qiqi was speechless.

She was already in disarray.

Wasn't this uncle a loner who didn't like to talk?

Why did he sound like a complete chatterbox and a seriously ill chatterbox!

What are the herbs that can make a son and a daughter?

Could it be that Uncle was a swindler and had gone to buy dog skin plaster during those years?

As she was thinking about it, the door to the inner chamber of the bedchamber burst open.

A tall man with broad shoulders and thin arms was dressed in light linen and a dark green gardener's apron. He held a flowerpot in each hand, and there was fresh mud under his fingernails. The herbs in the pot were still dripping with dew.

The man looked up and gave Gu Qiqi a kind smile. "Nephew's wife—"

Chapter 1204: Do You Know What's A Multiflora Rose?

Beigong Lie was just about to call Gu Qiqi his "nephew's wife" when he saw Gu Qiqi's face. All his words froze in his mouth.

Not only was his mouth stiff, but his hands, feet, and body were as well.

He froze for more than ten seconds before looking away from Gu Qiqi's face in a daze.

Stiffly, he reached out and grabbed Beigong Mingtian.

He pulled him to a corner and asked in a low voice with his back facing Gu Qiqi, "Brat, where did you find a wife? What's her name? Where does she live?!"

Beigong Mingtian thought that Gu Qiqi's male outfit had frightened Beigong Lie.

Beigong Lie lived in seclusion. There were no newspapers or magazines in his bedchamber, let alone television phones or the Internet. He did not know about the big news between him and Young Master Ye at all. He only knew that he was in love when he heard the servants gossiping. Therefore, it was understandable that he was not mentally prepared.

Beigong Mingtian coughed. "Uncle, you're knowledgeable and open-minded. You shouldn't think that it's a big deal for me to find a boyfriend, right?"

Beigong Lie slapped him on the shoulder. "Rascal, are you deliberately trying to flatter me and shut me up? You don't want to tell me the truth? Hmph, this trick won't work on me! Hurry! Tell me everything about this person!"

Beigong Mingtian's lips twitched. Was his uncle objecting or concerned?

"His surname is Ye and he lives in the capital. As for the rest... Uncle, are you checking his household register? This is his first time visiting our country. Can you not scare him away?"

Beigong Lie muttered to himself, "His surname is Ye... Why is his surname Ye... No, his surname shouldn't be Ye... He's clearly from the capital..."

Beigong Mingtian didn't understand what he was muttering about. He quickly turned around and gave Gu Qiqi a look.

As the two of them had already planned this beforehand, Gu Qiqi walked forward tacitly. "Uncle, hello. This is my greeting gift to you. Hope you like it."

As he spoke, he handed over a flower shovel made of good suet white jade.

Before coming over, Gu Qiqi didn't understand why Beigong Mingtian asked her to prepare a flower shovel. Now that she saw the courtyard full of precious herbs, she understood.

The gift was to his liking.

As expected, Beigong Lie's eyes were calm for a moment.

However, after taking the medicinal herb shovel, he asked an unrelated question. "Young Master Ye, how old are you this year? Do you have any sisters at home?"

Gu Qiqi was stunned. She hadn't prepared this question in advance.

She was a little confused.

However, she quickly adjusted herself. "I'm twenty years old. I'm the only son in the family."

Well, she had to inflate herself!

Gu Xuexue, Gu Yuanyuan, and the others were not worthy of being her sisters!

As for Xiaobei, it was better not to say anything.

Beigong Lie's eyes flashed with disappointment.

Apparently, that wasn't the answer he wanted to hear.

He asked, "Young Master Ye, is your father's surname Ye?"

Gu Qiqi was stunned. "Uh... yes."

He continued to ask, "Then Young Master Ye, may I ask your mother's surname?"

Gu Qiqi's expression was indescribable. She already believed what Beigong Mingtian said. Her uncle was really a little strange. "Her surname is Qin."

Beigong Lie's disappointment grew.

However, he still asked indignantly, "Then, Young Master Ye, have you heard of a woman called Rose? She's extremely beautiful, just like you..."

Gu Qiqi coughed non-stop.

"Uncle, I don't know this woman you're talking about."

Beigong Lie asked, “Young Master Ye, think again. Think again if there are any women called Rose in your family, okay?”

That urgent expression was simply like a person who was possessed by a snake spirit.

Beigong Mingtian was extremely embarrassed.

How humiliating!

It wasn’t easy for Qiqi to come to his house. Look at what his elders were doing.

There was no need to talk about his parents’ lack of integrity. His uncle even pestered her to ask about some woman called Rose. It would scare Qiqi, alright?

Chapter 1205: Wanting to strangle her ten thousand times a day

What if Qiqi thought that his Beigong family genes contained the hereditary trait of being a psychopath and ignored him?!

What a bunch of troublesome elders!

Beigong Mingtian hurriedly stepped forward to interrupt him. “Uncle, Young Master Ye already said that he doesn’t know her. Um, look, Young Master Ye brought you a greeting gift. Shouldn’t you return the favor and give something in return... It shows our Beigong family’s hospitality!”

Beigong Lie glanced at the expensive white jade shovel and then at the flower pot in his hand. He nodded. “Yes, we must return the favor. I’ve just cultivated a new type of rose today. It’s unique in this world...”

Beigong Mingtian saw that the situation was not right.

Uncle was obsessed with roses today.

It would be terrible if his uncle said he was giving Qiqi roses.

No matter how expensive they were, they weren’t what Qiqi wanted!

He quickly interrupted Beigong Lie again, “Uncle, there’s no need to go through so much trouble. Give that green Tridacna tea cup to Young Master Ye! He likes to collect jade stones and is a famous appraiser at the Empire Jade Auction House!”

Beigong Lie looked troubled. “I thought you liked roses too...”

Gu Qiqi was speechless.

She looked at Beigong Mingtian in confusion. Why can’t your uncle leave the roses behind?

Beigong Mingtian was sweating profusely. He didn’t know either!

Gu Qiqi couldn’t help but feel worried. Would his uncle give up his teacup?

Beigong Mingtian was even more depressed. To be honest, he was not sure either!

In the few seconds that their eyes met, Beigong Lie muttered to himself, "Since you don't like roses, forget it... I think only roses are worthy of you... You're so beautiful and unique. Rose is also..."

With that, he carried the flower pot and shovel and turned around to walk back indoors.

"Pa—!" The door was locked!

Before Beigong Mingtian could say anything, "Uncle, please wait. We..."

"We're not finished yet."

Gu Qiqi pulled him back helplessly. "Forget it. Uncle probably doesn't like to be disturbed. Let's not force him."

Although she really needed the green Tridacna, she was not shameless enough to use all means to get it.

She was still missing the last piece. At most, she would think of a way to earn more color points...

Beigong Lie closed the door and refused to see anyone.

Gu Qiqi had no reason to continue wasting time in Country H.

She decided to quickly leave the country and use Young Master Ye's identity to think of a way to stir up more emotions, even if it led to criticism. She wanted to collect more color points and break through to the cyan level.

Beigong Mingtian did not help her complete her final mission, and he felt very sad.

They packed their bags and he decided to go back with her.

Gu Qiqi looked at his luggage. "Little Tian Tian, you really don't have to accompany me back to the country!"

Beigong Mingtian said proudly, "Who's accompanying you? I'm going back to take the final exam!"

Gu Qiqi nodded in understanding and turned around to rush to the airport. "Okay, okay. I'll leave first. Your senior year examination will be a few days later. You don't have to rush back."

Beigong Mingtian's lips twitched.

Silly woman. Her ability to anger people was getting stronger by the day. He wanted to strangle her ten thousand times a day!

Before Gu Qiqi could take three steps,

Before Gu Qiqi could take three steps, Beigong Mingtian strode forward and grabbed her suitcase. "Come with me! I have a royal jet!"

Gu Qiqi wanted to reject him!

But the royal plane didn't have to go through customs. It saved a lot of time.

Hence, a certain little woman accepted it shamelessly!

On the royal plane.

Gu Qiqi looked at the beautiful rivers and mountains outside the window with an indescribable feeling.

Although it was her first time in this country, she surprisingly liked it!

Still, she had to leave in the end...

She wrote good-bye on the window with her pale fingers.

Suddenly, she saw a figure in the distance running towards her desperately...

Eh?

The man wearing linen clothes and holding the rose pot seemed to be... Beigong Lie?!

Chapter 1206: Uncle and Nephew Snatching A Wife

What was Beigong Lie doing here?

Gu Qiqi looked at the figure approaching from afar and had an indescribable feeling in her heart.

Although this uncle had a strange temperament, she could not hate him.

For some reason, perhaps because he also liked to grow herbs, she felt a natural connection with him?

Beigong Lie sprinted toward them. By the time he reached the airstair, he was panting and sweating.

He looked up at Gu Qiqi through the window and was dazed for a moment.

However, he immediately raised his hands. In one hand, he was holding a pot of blooming pink and purple roses, and in the other, he was holding the green Tridacna teacup.

The plane was about to take off. It wasn't safe to let people in. The staff took the items from his hand and handed them to Gu Qiqi before politely inviting him down the stairs.

Beigong Lie continued to wave his hands.

Gu Qiqi held the green Tridacna she had accidentally obtained and opened her mouth. She was touched.

At the last moment, this strange-tempered uncle decided to give her the green Tridacna.

He also gave her the pot of roses he was so proud of.

She smiled and raised her bare hand to wave back at him.

Below the plane, Beigong Lie's eyes gradually moistened.

From such a distance, Gu Qiqi's gender was no longer so obvious. Although she was still dressed like a boy, the way she raised her hand was more gentle and beautiful. If one mistook her as a girl, it wouldn't be strange if she was a heroic girl.

Beigong Lie muttered, "Rose... rose... my rose..."

If Gu Qiqi was a girl, he would definitely chase after her without hesitation and return to the empire with her!!!

On the plane.

Beigong Mingtian stood behind Gu Qiqi and took in Beigong Lie's expression.

At this moment, his emotions were extremely complicated!

Gu Qiqi got what she wanted in the end and obtained the green Tridacna teacup she needed and he was very happy for her.

However, Beigong Lie's burning expression did not make him happy at all.

His uncle's look was too obvious.

Any man could see the reluctance and affection in his eyes.

He really wanted to smash his teacup, okay?!

Gu Qiqi was clearly a woman he had brought back!

Uncle, what do you mean by staring at her (him)? You want to snatch her away from your eldest nephew?!!

It's wrong for an uncle to snatch his eldest nephew's wife!!! Unethical!!! Unethical!!!

Besides, he was snatching another man's wife. How could he explain this?

Beigong Mingtian suppressed his displeasure and raised his voice to instruct the pilot, "Take off! Leave the capital as soon as possible!"

As the plane soared through the clouds, Beigong Lie's figure gradually turned into an invisible floating shadow...

Gu Qiqi suddenly turned around and said to Beigong Mingtian, "Your uncle was on the ground just now. He mouthed to me, 'Find Rose... find Rose and find my Rose.' Could it be that he was instructing us to help him find that woman called Rose? Hurry up and call him to ask if that's what he meant?"

Frantically, Beigong Lie's lips twitched. "He never uses a phone for communication!" he managed.

Uncle, is this really a good idea?

We've already left the capital, yet you're still pestering Qiqi to find Rose for you. Are you deliberately trying to establish some connection with Qiqi?!

How scheming!

Gu Qiqi obtained the last green Tridacna. Finally, she had accumulated enough color points to level up.

Hence, on the way back, she closed her eyes to rest.

In reality, her divine senses did not stop working for a moment, trying their best to break through to the cyan level.

Some time later...

"Qiqi, Qiqi, what's wrong? Wake up! Wake up..."

Chapter 1207: I'm Late for the Examination!

Gu Qiqi struggled in a fog.

She seemed to have fallen into a nightmare.

In her dream, Gu Meifeng and Gu Xuexue held a stack of videotapes and said to her with a sinister smile, "Gu Qiqi, you little b*tch, do you really think that no one knows what happened four years ago? You didn't leave any evidence? Haha, we can give you a slap in the face with the evidence and ruin your reputation! What youngest famous doctor? What world medical competition champion? If the photos of you selling eggs and being raped are sent to the world, you'll be completely crippled! How can you still have the face to perform surgery on others? Which patient is willing to let a dirty woman like you perform surgery? Not to mention that you want to fall in love and get married! Dream on! Gu Qiqi, wait for death..."

On the other side, Gu Qiushan was wearing shackles from the prison. He was covered in pus and dirt. He smiled bitterly and walked over with a clang. "Gu Qiqi, you wild bastard. So you're the bastard born of that shameless woman, Qin Wei... I'll beat you to death!!!"

Gu Qiqi stood at the edge of the cliff and was forced to retreat by these three shameless people.

She wanted to fight back, to retort, and to say that her mother wasn't that kind of woman. Instead, it was those shameless people who had caused her to sell her eggs back then... But her throat burned as if she had lost her voice, and she couldn't shout a word...

She let these bastards poke their dirty fingers in her fair face...

Suddenly, an anxious call sounded. "Qiqi... Qiqi! Wake up! What's wrong?"

The call was like a light that suddenly split the darkness of a nightmare.

The ferocious faces of Gu Meifeng, Gu Xuexue, and Gu Qiushan shattered in the void.

Gu Qiqi opened her eyes with difficulty and saw Beigong Mingtian's anxious and concerned face.

She had never thought that Beigong Mingtian's voice could be so pleasant!

"Thank you..." Her throat still burned, but she forced the words out.

This upgrade was too difficult.

She actually fell asleep.

Beigong Ming was relieved to see her awake. He used a handkerchief to wipe away her sweat. "What's going on? The plane is air-conditioned and you're still sweating?"

Gu Qiqi took the handkerchief and wiped it herself in embarrassment. "Oh... We're in the capital?"

Beigong Ming's lips twitched. "It's been six hours."

He saw that Gu Qiqi was sleeping soundly and couldn't bear to wake her up. He was even more embarrassed to carry her down the plane.

If Gu Qiqi hadn't kept moaning in pain in the nightmare just now, he might have allowed her to sleep longer.

Gu Qiqi jumped up from her chair. "What?!"

The journey took about seven to eight hours. Coupled with the six hours of delay, almost most of the day had passed!

"What time is it?"

"Ten-thirty in the morning, Empire time."

"We have exams in the morning!!!"

Gu Qiqi held her forehead. "And it's Punisher Sun's exam."

Beigong Mingtian did not think much of it. "Sun Yuzhen? Isn't she teaching an elective? What's the big deal? If you miss it, you can take the make-up test next semester."

As an upperclassman and the president of the Student Union, Beigong Mingtian had always been very strict with his juniors.

This was his first time advising people not to study hard and not to care about exams.

Somehow, in front of Gu Qiqi, many of his principles were being broken one by one... He hadn't even realized this change.

Gu Qiqi glared at him. "Of course not! We have to take the exam!"

Beigong Mingtian realized how little he valued his studies and felt a little ashamed. "My driver is waiting outside. I'll get him to drive faster later..."

Gu Qiqi said, "Alright. After all, I made a bet with Punisher Sun. I'm waiting to see her lose her pants!"

Beigong Ming was speechless.

So it wasn't because she loved studying that she had to take the exam? It was to tease the teacher?!

Chapter 1208: Gu Qiqi, Get Out

Ten thirty!

The exam had already begun.

Gu Qiqi and Beigong Mingtian sped all the way. On the way, Gu Qiqi couldn't stand the driver's caution and directly chased the driver out of the car. She drove as fast as she could and arrived at school in less than half an hour.

10:55 P.M.

Gu Qiqi entered the classroom!

Punisher Sun was supervising on the podium. When he saw that Gu Qiqi's seat was empty, a disdainful smile appeared on his lips.

Hmph, that Gu Qiqi finally knew how to be afraid of her?

She knew that she would definitely lose, so she didn't even dare to come, right!?

However, she couldn't hide forever... Gu Qiqi, unless you never come to school and give up your degree, you will have to pay this price sooner or later!

If she missed the exam, she would lose straight away!

Don't forget that those who lose have to stand as punishment!

Let me think. Which men's toilet should I choose so that she can stand properly as a punishment... How about she go to the central teaching building, the largest men's toilet! Let Gu Qiqi clean it up and stand in front of the feces pit with a mop filled with feces as a punishment!

As Sun Yuzhen thought about it, she couldn't help but laugh out loud. It was as if she could already see Gu Qiqi becoming the laughing stock of the entire school. After being taught a lesson, she would be obedient and respectful to her. She wouldn't dare to disobey her anymore!

Hmph, these ignorant students should be severely punished before they knew who they could not offend in this school!

He was halfway through laughing when the classroom door creaked open.

Punisher Sun's smile froze on his face.

Gu Qiqi!

Gu Qiqi was actually here!

Punisher Sun immediately had a bad feeling.

This country bumpkin actually had the confidence to take the exam?

Did this mean that Gu Qiqi felt that she could win?

Punisher Sun panicked for a moment, but she was experienced after all and quickly calmed down.

She glared at Gu Qiqi. "Get out!"

Gu Qiqi ignored her and walked past the examination tables. She picked up a test paper and returned to her seat.

She picked up her pen and answered the questions.

Punisher Sun was furious.

This was blatant disregard and contempt.

"I told you to get lost, didn't you hear me? Gu Qiqi?!" Punisher Sun raised her voice several times, so much so that the students in the classroom trembled and looked up.

When Qiu Qiu saw Gu Qiqi, he was very surprised. The bold him curled his lips at Punisher Sun. "Teacher, you're cursing. This seems to be against the morals of a teacher?"

In other words, she lacked values.

Punisher Sun turned to him. "Shut up! Or I'll punish you too."

Qiu Qiu rolled his eyes and did not care at all. He smiled cheekily and said, "Okay, okay. Teacher, can you arrange for me to stand in front of the female toilet as a punishment? I can't wait!"

Punisher Sun stood up. "You...! If you continue to cause trouble, I'll make your results invalid!"

Qiu Qiu muttered, "Do you really think you can cover the sky with one hand? I was answering the questions well, so why would you invalidate them? Besides, you were the one who disturbed the order of the examination hall first. How dare you criticize me! How shameless are you!"

The students below the stage wanted to laugh, but they did not dare to. After all, they did not have the guts like Qiu Qiu. However, everyone's shoulders were trembling, and they felt extremely happy when they heard this.

Punisher Sun's head almost exploded from Qiu Qiu's retort.

These trash students from the pharmaceutical school were actually going against her?! She had to teach this brat Qiu Qiu a lesson today...

No!

Punisher Sun suddenly realized something.

Her original intention had not been to deal with Qiu Qiu.

She took a deep breath. "I mustn't mess up. I mustn't mess up. I have to deal with them one by one!"

She didn't continue bickering with Qiu Qiu. Instead, she turned to Gu Qiqi coldly. "Who asked you to answer the questions? Get out! Students who are late aren't qualified to answer the questions!"

Chapter 1209: Arrogant and Beautiful

While Punisher Sun was standing and talking, Gu Qiqi was answering the questions quickly.

She didn't even look up, let alone look at Punisher Sun. No matter how irritable she was, she just replied calmly, "I'm not late. I was in the classroom at 10.55am."

After saying that, she ignored Punisher Sun and continued writing on the test paper.

Punisher Sun was completely ignored. She was angered!

"Gu Qiqi! I said you're late, so you're late! Stand up and leave the classroom now! You're already 25 minutes late, and you still dare to argue with me?"

With that, Punisher Sun simply walked down from the podium and rushed to Gu Qiqi's desk. He reached out to snatch Gu Qiqi's paper.

She was really so angry that she wanted to tear Gu Qiqi's paper apart!

Just as her hand was about to touch the paper, a cold and arrogant male voice came from behind her. "Gu Qiqi is right! The exam starts at 10:30 am. According to the rules of the examination hall, you're not considered late if you arrive half an hour late. You can continue to answer the questions. Teacher Sun, do you think that you can speak without thinking just because you don't have any witnesses and physical evidence? I'm really sorry. I saw the time when Gu Qiqi entered the classroom with my own eyes. Moreover, the surveillance video also has a time record. Do you think it's appropriate to casually tear up a candidate's paper?"

Beigong Mingtian strode into the classroom with his long legs. His tone was cold as he hit Sun Yuzhen at every painful spot!

Sun Yuzhen's face was about to explode.

However, Beigong Mingtian was right. It was impossible for her to control everything.

There were witnesses and physical evidence. Moreover, Beigong Mingtian was not her student and was not under her control at all!

Sun Yuzhen retracted her hand hatefully and pursed her lips sarcastically. She found a way out for herself. "Hmph, so what if I give her a chance to answer the questions? In any case, she definitely won't be able to complete my questions. She'll definitely admit defeat and be punished by standing in front of the toilet! She'll die sooner or later. You guys are just stubborn..."

Beigong Mingtian frowned. He wondered why such a poor teacher had come to the pharmaceutical school.

He usually did not like to gossip about others, but at this moment, he could not wait to gossip to Feng Yangchu or the principal and report Sun Yuzhen's arrogant and unreasonable attitude in front of the students!

The reason why he hadn't left yet was because he was worried about Gu Qiqi!

He had to protect her here so that this silly woman wouldn't be bullied by Sun Yuzhen.

Unfortunately, he had no idea. He was worried for nothing.

It was actually someone else who was bullied until there was nothing left to say...

While he was arguing with Sun Yuzhen, Gu Qiqi had already finished answering the last question.

Then, she checked the entire paper for typos. After confirming that it was perfect, she slammed the paper on the table!

She stood up handsomely. "What's there to argue about? I don't need your reward. I've already finished my exam and can leave!"

That aura and posture were simply arrogant and beautiful!

Sun Yuzhen almost couldn't react. "What... What did you say? You finished answering? Did you hand in a blank paper?"

Gu Qiqi couldn't be bothered to answer her stupid question. She pointed at the table with her bare hand.

Sun Yuzhen picked up the paper in disbelief and looked at it several times.

She had really finished answering it!

How many minutes had it been since Gu Qiqi entered the classroom?

Five minutes, was it?

She actually finished all the questions in one go!!!

Even if she knew the answer, she would need more than five minutes to copy it down. Not to mention, she didn't even think? Didn't she have to read the questions or check her answers?!

Gu Qiqi looked at Punisher Sun's shocked expression and thought to herself, "If I hadn't gotten my clone to do something else just now, I would have been faster!"

Punisher Sun took a while to digest this terrifying truth.

However, she would never admit that Gu Qiqi had won.

"What's there to be proud of? I haven't marked the paper yet! What's so good about being fast? Only full marks would show your true skills!"

"Yes, I'm skillful..." Gu Qiqi narrowed her eyes indifferently.

Chapter 1210: Only 80 Points on the Test

Only then did Gu Qiqi look up and glance at Sun Yuzhen coldly. "I'm afraid you haven't seen my ability yet."

Sun Yuzhen choked!

This tone was extremely arrogant! Extremely arrogant!

Even someone as arrogant as Sun Yuzhen gasped.

Then, she laughed sarcastically. "Gu Qiqi, keep bragging. I'll correct you now and make you admit defeat!"

With that, Sun Yuzhen fiercely picked up the paper and ran to the podium to mark it.

She put on her glasses, afraid that she would miss Gu Qiqi's every mistake. She read almost every question more than three times.

However, Gu Qiqi's answers were simply like standard answers. No matter how she looked at it, she couldn't find any mistakes.

She couldn't even pick out a single typo or punctuation mark.

Sweat beaded on her forehead.

She saw that it took more than half an hour to grade a paper but Gu Qiqi only took five minutes to answer the questions!

How humiliating!

At this moment, the students had already handed in their papers.

No one wanted to leave. They stopped and surrounded the podium, looking forward to seeing the final outcome of this gamble.

Qiu Qiu was the most proactive. He squeezed to the front and gloated. "Teacher Sun, if you take an hour to grade a paper, won't you have to grade dozens of students' papers for days?"

Sun Yuzhen glared at him. "Shut up! Bring your paper over too! Hmph, if you fail, it'll still be Gu Qiqi's fault!"

Qiu Qiu pursed his lips. "Ugh, you make me so afraid!"

However, he did not look afraid at all. He took out his paper and threw it in front of Sun Yuzhen.

As his disciple, although Qiu Qiu could not answer all the questions in five minutes, he would definitely not embarrass his master!

As expected, Sun Yuzhen only took a few rough glances and realized that this male student who was usually sloppy in class actually answered the questions well. At a glance, several familiar questions were obviously correct.

She snorted and stopped talking to Qiu Qiu. Instead, she continued marking Gu Qiqi's papers.

She had specially set the last question for Gu Qiqi. It was super biased and she guaranteed that Gu Qiqi wouldn't get any marks!

That was a subjective thesis question.

There was no standard answer.

Whether it was right or not depended on her!

Indeed.

Punisher Sun glanced at Gu Qiqi's answer and couldn't help but reveal a smug smile. Gu Qiqi's answer was simply the opposite!

She waved her pen and stood up. "Gu Qiqi, you scored zero for the last question. You barely scored 80 marks for the entire paper!"

The last question was worth 20 points.

Now, no matter how perfect Gu Qiqi's answers were, she was still far from full marks.

As soon as Punisher Sun announced this, the students present sighed regretfully.

Alas, they also found the last question difficult.

However, Punisher Sun had discussed similar points in class. They roughly knew what Punisher Sun's philosophy was and could answer and make a guess.

However, Gu Qiqi was different. In the last few revision classes, Punisher Sun chased her away. Gu Qiqi didn't know Punisher Sun's point of view, so she naturally couldn't answer this special question.

What a pity for Qiqi!

Oh no, would Qiqi really be punished by Punisher Sun to stand in front of the men's toilet...

Sigh, it seems like we really can't offend Punisher Sun. How can we students defeat the teachers?

Just as the students were feeling sorry for Gu Qiqi...

Gu Qiqi suddenly said calmly, "Did I answer wrongly? Are you sure?"
