

Dear Chief 1261

Chapter 1261: Master Jue's Shocking Arrival

Hmph, looking at her male outfit, it was obvious that she was not taking precautions outside!

Gong Jue's gaze was like lightning as it shot towards Gu Qiqi.

Gu Qiqi blinked guiltily and replied with her lips, "Cough, cough, cough. I clearly changed into men's clothes to avoid trouble. It's more convenient to travel around like this, okay? Do you want me to change back into women's clothes here?"

Gong Jue quickly started making comparisons.

Women's clothes?

There were two men here and countless male apothecaries outside. If they saw Gu Qiqi in her stunning female outfit, how would they react?

Men's clothes?

It was just a young Lisa who was infatuated with her...

After weighing the pros and cons, he decided that it was better to attract fewer admirers in men's clothes!

However, it was only a little less. The stupid woman's men's clothes were also extremely attractive. He was... stunned just looking at them!

Gong Jue's Adam's apple bobbed, but he didn't make things difficult for her anymore.

Gu Qiqi was very curious. Why was she here?

Gong Jue poked at the mercenary organization badge on his camouflage uniform. "I can't enter this damn place without a key. It's so annoying!!! I saw that they were hiring mercenaries, so I applied for the job!"

Gu Qiqi looked at the symbol and was slightly stunned. How could she not know how proud Gong Jue was?

Such a proud man was actually willing to hide his identity and apply to be a mercenary just to accompany her!

After her shock, when she thought of this, she sniffed!

The shock and gratitude in her heart were indescribable.

There probably weren't many men in this world with high statuses who were willing to lower themselves to be a mere mercenary for the sake of their women, right? Not to mention a high and mighty chief of the empire like Gong Jue!

And she, Gu Qiqi, was so lucky to have Gong Jue treat her like this!

She raised her chin, and her eyes became even more misty.

On the other hand, Gong Jue was floating in midair with the support of the parachute. He bent down and reached out to caress her little face.

What—what was he doing?

Was he going to beat Young Master Ye up? Lisa and Uncle Yun were extremely nervous.

However, in the next second.

Plop—! A sudden sound made them all look away.

Oh my, Young Master Ye's trouble had yet to be resolved, but something had happened to Second Witch.

Second Witch's face turned purple and he fell to the ground.

He had been poisoned quite badly!

Lisa and Uncle Yun could only quickly pull him up. After all, there were too many branches on the ground. It was dangerous.

They both looked away.

Gong Jue seized the opportunity. Without hesitation, he cupped Gu Qiqi's face with both hands and bent down to kiss her fiercely!

A breeze blew past her ears. Gu Qiqi's fingertips trembled and her calves went limp!

She could only hear Gong Jue's heavy breathing and even the rhythm of his heartbeat... As for Lisa and Uncle Yun's exclamations, she couldn't hear them at all. There were still three people behind her, and she didn't care at all... His kiss was too deep and wild, and it swallowed her rationality.

If the three of them turned around at this moment, they would definitely be shocked speechless by the scene of these two handsome men kissing.

Fortunately, Second Witch's poisoning was so terrifying that Lisa and Uncle Yun were shocked for a moment.

When the two of them hurriedly helped Second Witch up, they pinched him, slapped his face, and poured water on him... Finally, the unconscious Second Witch woke up. He turned around and asked Gu Qiqi, "What should we do? There are no more herbs..."

Chapter 1262: Too Handsome That She couldn't Close Her Legs

Gong Jue had just stopped kissing Gu Qiqi. It was the shortest kiss in history.

"I'll accompany you the entire time in the forest!" Gong Jue whispered into her ear.

Gong Jue had sneaked in as a mercenary, so he naturally couldn't do as he pleased.

Even though he wanted to be by Gu Qiqi's side all the time, he was restricted by the rules.

This was because the thorny terrain only needed high-altitude surveillance. There was no need for mercenaries to follow on the spot.

Only when he reached the Forest Maze Domain would the Great Pharmacist Guild assign a mercenary to each team. At that time, he had to think of a way to become a mercenary to protect Gu Qiqi's team. This way, he could accompany her all the way.

He was born domineering and had a bad temper. He had never bowed down to anyone. However, in order not to hinder Gu Qiqi's competition and in order to fully support Gu Qiqi's wish to find medicine for Xiao Bei, the arrogant and domineering him was willing to obey the rules set by the Great Pharmacist Guild.

Gu Qiqi used to think that Gong Jue was very handsome when he was domineering.

At this moment, for the first time, she realized that Gong Jue was even more handsome when he suppressed his violent temper and lowered his head for her. He was so handsome that she couldn't close her legs.

She licked her lips, stood on tiptoe, and quickly crashed her lips into his!

"Well, see you in the forest!" she whispered.

As soon as their lips parted, Lisa and Uncle Yun turned around for help. "Young Master Ye, there are no more herbs. Tuesday was seriously poisoned. What should we do?"

How dangerous!

She almost had a shameful scene.

Gu Qiqi quickly composed herself and pretended to be calm. "It's fine. I'll find more medicine. Let him faint on the spot first!"

Second Witch said nothing.

Although he was the one who let the bugs bite her and deserved to be splashed with poison, she was too heartless!

You're actually letting me pass out and leave me alone?

It really showed how little brotherhood she had!

In midair, Gong Jue and Gu Qiqi met up close. They kissed and were satisfied. They couldn't waste any more time. He quickly pulled up their parachutes, rose into the sky, and left with the helicopter...

After he left, Lisa couldn't help but ask Gu Qiqi, "Young Master Ye, did that mercenary bully you just now?"

Uncle Yun was also very concerned. "He should be warning us not to pick herbs recklessly, right? He didn't hit you, right?"

Gu Qiqi's lips twitched. She didn't know how to explain Gong Jue's identity to them. After some thought, she could only take it vaguely. "No."

Lisa breathed a sigh of relief. "I knew it. If he could help Young Master Ye cut off those poisonous insects, how could he hit Young Master Ye? Uncle Yun, you said that the Great Pharmacist Guild hired mercenaries just to monitor us, but I think they're helping us too. Perhaps there are still more good people in this world..."

Uncle Yun said nothing.

Beside him, Second Witch, who had been completely ignored, did not feel good.

They actually cared about the unscathed pretty boy and did not care about him. He was a patient who was poisoned. Did these bastards have any medical ethics?

"Hey, hurry up and pick the antidote for me..."

Before Second Witch could finish speaking, Gu Qiqi interrupted him. "Everyone, pay attention. We have to hurry up. We've wasted too much time here just now. We'll continue to speed up according to the division of labor. Uncle Yun and Lisa, are there any problems?"

Uncle Yun nodded. "I'm also responsible for supporting Tuesday."

Lisa was worried. "But Young Master Ye, who will deal with the poisonous bugs?"

Gu Qiqi said, "Me."

"What about the eagles?"

"Me!"

Lisa was even more worried.

Young Master Ye had to deal with the sky and the ground alone. Could she do the job of two people?

Chapter 1263: So Powerful! So Depressing!

Gu Qiqi redistributed the tasks and shouldered the heavy responsibility of dealing with the poisonous insects and the eagles at the same time. She didn't even blink and instructed them to continue forward.

Second Witch thought to himself indignantly, How are you going to do it at the same time? You don't have three heads and six arms, and you have two useless people beside you. Are you going to play tricks?

In fact, Second Witch was indeed dazzled along the way!

Gu Qiqi raised her hand lightly. It was unknown how she did it. The eagles were clearly attacking her fiercely, but the moment they touched her hand, they obediently returned to the sky.

They rushed towards her and fled!

This scene was really spectacular!

Even an eagle handler wouldn't be able to do that, right?

Second Witch sweated as he watched. What kind of divine skill did this pretty boy use???

He was sure that even if all the fellow disciples of the witch doctors came, no one would be confident enough to fight the eagles alone!

Even if his most powerful Eldest Senior Brother did it, he would definitely not be as fast as Young Master Ye.

If he wanted to be as fast and good as Young Master Ye, probably... his master had to personally come out of seclusion, right?

Second Witch's heartbeat began to accelerate, and his sense of crisis increased. At this rate, there was no doubt that Young Master Ye would get first place. That girl, The Nineteenth Witch, would admire this pretty boy even more. His destructive actions today were simply useless.

On second thought.

There was no need to panic too much.

At the end of the day, that pretty boy was still an ordinary person. Even if he could deal with the eagles, he could not deal with the insect caves. How could he attack at the same time in the sky and monitor the ground? A mortal's body did not have a clone technique, right?

However, after walking for half a day, he realized something. Why was the pretty boy so lucky? He actually didn't encounter a single insect cave?

Second Witch could not help but find it strange.

He was poisoned and did not have much strength. He forced his limp body ahead and relied on Uncle Yun to support him as he walked forward step by step.

At this moment, out of curiosity, he stuck his head out and scanned the ground in front of him and behind him.

Ouch! What he saw stunned him.

Who said that Young Master Ye was lucky?

As they walked deeper into the thorny land, more and more wormholes appeared on the ground.

With almost every step, poisonous insects would come out, making one's scalp tingle!

However, Gu Qiqi didn't even look at the ground. She casually picked up the thorny branches and stuffed them into the insect caves!

Second Witch's jaw dropped.

He stared at her without blinking. He didn't believe that Gu Qiqi's methods were already so magical.

Surely there were times when she would miss?

Surely there were?'

Once, twice, thrice...

Finally, on the 22nd time, there was a deviation in Gu Qiqi's thorn branch.

She didn't aim directly for the wormhole, but jabbed it to the side.

Second Witch watched excitedly, holding his breath. Even his steps faltered.

And yet, something broke him even more—

The withered branch in Gu Qiqi's hand suddenly seemed to have its own consciousness and automatically moved back to the correct position.

Or rather, it was as if the hand of a god had helped it correct the direction of the withered branch and accurately poked it into the nest!

Throughout the entire process, Gu Qiqi didn't even look at the ground. She was smiling as she dealt with the eagles.

Damn, was this person still human?

Second Witch tasted despair.

What kind of sorcery did this pretty boy cultivate to be so powerful?

Chapter 1264: Selling Secrets!

On Gu Qiqi's shoulder, the little dirty turtle lay leisurely and laughed so hard that it rocked back and forth. "Master Silver, that Tuesday was dumbfounded. Haha, he would never have thought that you could create clones behind you. Moreover, the clones could even turn invisible! One dealt with the eagle and the other dealt with the poisonous insects. It was simply too easy."

Gu Qiqi didn't laugh. She reminded it calmly, "Clones aren't omnipotent. It'll be a joke if the invisibility function fails."

The little dirty turtle shuddered.

Yes, if their invisibility failed and a second Gu Qiqi suddenly appeared in the team, these people would collectively collapse, right?

At this moment, Second Witch, who was stunned by Gu Qiqi's ability to eliminate poisonous insects, retracted his gaze in despair and looked into the sky again.

He stared blankly for a long time.

His eyes suddenly lit up.

Damn, damn, he finally understood.

This time, he stared for a long time before finally seeing the profundity of Gu Qiqi dealing with the eagle. It turned out that Gu Qiqi was actually holding something in her hand and feeding it to the eagle!

It was an inducer, wasn't it? A medicinal ingredient equivalent to the smell of food, or wild fruit that eagles loved.

No wonder the eagles looked at this pretty boy like he was their own father.

This actually worked???

In his desperation, Second Witch fumed.

"I'll let you torture me. Hmph, watch how I torture you...!"

Muttering to himself, he gritted his teeth, reached behind him, and keyed the walkie-talkie to a specific display channel. His fingers flew over it...

Strings of passwords that no one could understand were transmitted.

In the distance.

At another part of the thorny terrain, the team of the Nineteenth Witch was fighting hard against the flying insects.

Previously, Second Witch had already transmitted the method Gu Qiqi used to eliminate the poisonous insects. Everyone followed Gu Qiqi's method and indeed, their speed increased by several times.

However, dealing with the eagles left them battered.

Just as he was feeling depressed, Second Witch's message came in again.

"An inducer? What inducer?" The Nineteenth Witch was stunned. Even someone as clever as her reacted in an instant. "Who has the bird inducer? Quick, give it to me! Send another to gather the wild fruits. Apply the inducer and hand them to me one by one. The remaining two will deal with the poisonous insects! Quick, we have a new operational skill. It's up to us! Speed! Speed!"

Everyone moved according to the method that Second Witch had shared with them and worked together. Soon, their speed increased significantly.

The Nineteenth Witch curled his lips proudly and replied to Second Witch, "Hey, Second Senior Brother, where are you? How did you develop such a powerful fighting style? I suddenly admire you a little!"

In Gu Qiqi's team.

All three were fighting their way forward and clearing obstacles.

Only Second Witch lay limply on Uncle Yun's shoulder, shocked when he saw the walkie-talkie screen.

That's the first time the Nineteenth Witch spoke to him so gently and said she admired him.

But there was none of the sweetness or pleasure he expected.

There was no joy or surprise.

He knew best that this most powerful technique was not developed by him at all.

It was from the pretty boy beside him.

Although The Nineteenth Witch was praising him, he knew that it was the pretty boy who she was actually praising and admiring.

How could she be happy about that?

Instead, he turned red as if he had been slapped several times.

As he was thinking, he heard a cold voice. "Tuesday, how are you still in the mood to look at the walkie-talkie! Hurry up and get up to fight the bugs!"

Chapter 1265: The Final Results of the First Round

Gu Qiqi narrowed her eyes at Second Witch.

Second Witch coughed. "I—I—I was looking at the rankings... We're in the top ten now..."

To prove that he was really looking at the system real-time rankings, he read out the team rankings.

Lisa groaned. "If you hadn't been bitten by the bugs earlier, we would have been first!"

Although Uncle Yun did not say anything, he still shot him a dissatisfied look.

Tuesday looked away awkwardly. "We're fast now. Our rank is going up. We're already ninth!"

Gu Qiqi glanced at him indifferently and said, "Cut the crap. Lisa, give him all the herbs you just obtained."

Tuesday still wanted to be poisoned all the way to the finish line.

He didn't expect Gu Qiqi to gather all the herbs so quickly.

Helpless, he took them obediently.

He would be good and fight the bugs.

Since Gu Qiqi had someone to share the mission with, she went all out to deal with the eagles. Her clone also walked to the front from time to time to deal with the insect caves in advance.

Their speed shot up.

Second Witch was a little anxious and wanted to continue causing trouble. However, just as he was about to make a move, Gu Qiqi or Lisa would say by his ear, "Can you do it on Tuesday? Can you do it? Don't make any more mistakes and slow down our progress..."

Second Witch collapsed and could only retract his hand and obediently continue to hit the worms according to their instructions...

"Who says I can't?!"

Men were f*cking competitive when people said no!

With the four of them working closely together, the end of the thorny terrain was soon in sight.

Eighth, sixth, fourth...

The team's ranking was also rising!

In the last hundred-meter sprint, Gu Qiqi directly scattered the inducer in her hand onto the thorny bushes in the distance behind her.

Immediately, the eagles in the sky flew away. It would not harass them for a while.

Gu Qiqi helped Second Witch deal with the poisonous insects, and everyone's speed increased by several times.

At the last moment of reaching the finish line.

The intercom screen showed the final score!

Twenty-five minutes and three seconds.

Third place.

The first place was the Nineteenth Witch's team with 25 points.

Second place was a team personally led by Grand Magus. 25 minutes and 1 second.

These two teams had shared Gu Qiqi's secret techniques that Second Witch had sent over.

Only then did they advance by leaps and bounds in the latter half of the game, breaking the 30-minute record set by Second Witch.

As Gong Jue arrived when she started and Second Witch was sprayed with insect poison, Gu Qiqi's team was delayed for a few minutes. Although she caught up later, he was third because of a three-second difference.

Lisa and Uncle Yun were both surprised and disappointed by this result.

What was surprising was that their results really entered the top three. They could obtain the best reward: Seven-colored cloud stone!

Unfortunately, they were only three seconds away from first place!

Second Witch, on the other hand, had mixed feelings.

He had won. He went undercover and sabotaged things so that the pretty boy's team couldn't take first place.

But he was not happy at all.

It did not work out as he had imagined. It was not satisfying.

His emotions were complicated and he was even a little annoyed.

He won without glory.

Besides, after seeing the pretty boy's strength, he knew best that if he hadn't deliberately not messed things up, Young Master Ye's team would have been able to increase their speed by at least eight minutes.

What did that mean?

This meant that they could have reached the finish line in ten minutes and completely obliterate the 30-minute record he had once set!

Chapter 1266: She Can't Wait to See Master Jue!

What was even worse was that the team that had set this terrifying new record was a team that had been put together at the last minute. It could be said that other than Young Master Ye, everyone else was useless.

He had, in fact, been defeated by this trash.

What was there to gloat about???

After the results of the competition were out, the voice guiding them from the walkie-talkie led them to an earthen house at the foot of the mountain ahead.

The dilapidated and simple mud hut looked like a completely different world on the inside!

It was actually... a very sophisticated and huge medical laboratory.

They were placed in a separate waiting room and waited patiently for the PK of the second level.

As the top three, they had completed the mission in half an hour. However, most teams would take more than an hour. At this moment, they were still fighting in the thorny terrain.

Gu Qiqi closed her eyes to rest.

Uncle Yun was leafing through the medical books in the lounge.

Lisa, on the other hand, held the prize with infinite joy and stared at the seven-colored cloud stone with her mouth agape.

Young Master Ye was really amazing. He brought her all the way here and settled one of the three herbs she was looking for in the first round!

She was left with the Black Regeneration Flower and the Red Flame Blood and her wish would come true.

Hope was completely ignited. She could not wait to continue the PK. "Why are those teams so slow? I really want to start the second round quickly..."

Quickly?

I'm afraid no one is more anxious than I am, right?

In the forest maze ahead, Gong Jue was waiting for her!

She could hardly wait!

However, she still had to be calm. No matter how calm she was, she led her team forward step by step.

Gu Qiqi curled her lips. "There's no hurry. Let's go and study the rules of the next level first."

"Huh? Oh, right..." Lisa slapped her forehead sheepishly. "I thought the second stage was pretty much the same as the thorny terrain. As long as we continue to work together the way we did before..."

Uncle Yun looked up and replied indifferently, "It's definitely different. Every subsequent stage will be more difficult than before. Otherwise, the test will lose its meaning. However, the good news is that there's no need to study the second stage. We can directly draw the experimental lots and carry out a surgical PK between two groups."

Lisa was curious. "Is it a random draw?"

Uncle Yun: "Of course not. It will be in order of rank. The winner will compete with the runner up. The third will compete with the fourth."

Lisa was nervous. "Does everyone have to go on the field for surgery? Or do we just send a representative?"

Uncle Yun said angrily, "Of course we can't be idle people. We have to go on stage and record the results!"

Lisa didn't know what to say. She only recognized some medicine and medical equipment. She didn't know how to operate on people.'

Gu Qiqi said calmly, "You can be the assistant nurse for Uncle Yun and me. Help us hand over the surgical tools and medicine."

Uncle Yun still had a problem with Lisa. "Be more alert! Don't make a mistake."

Lisa nodded sharply. "I understand that! I promise there will be no mistakes."

Everyone was discussing happily when Second Witch, who had been ignored, said faintly, "If worst comes to worst, I can perform two surgeries alone and help finish Lisa's one!"

The disruption, he thought, had been anything but satisfying.

His hands were almost numb from killing the insects just now. He was exhausted, but they still got third place.

When he got to the second level, he had to use a big move.

If he could get his and Lisa's surgeries to fail, the pretty boy wouldn't even be third from the bottom.

He suddenly looked forward to the second stage and planned to announce that he was a after Gu Qiqi lost.

Would the pretty boy break down and want to commit suicide?

The thought excited him.

Therefore, he could not wait to show his determination and fight for a chance to cause trouble.

And yet...

Gu Qiqi glanced at him coldly. "Let you perform two surgeries? Do you think I'm very free? After you ruined the first round, do you think I can risk the second round?"

Second Witch stiffened. "He found out? When!"

Chapter 1267: Tricked by the Scheming Girl!

Second Witch glanced at Gu Qiqi in surprise. He couldn't believe that Gu Qiqi had already discovered his little secret.

Impossible. This was impossible. He thought he had disguised himself well. He had even deliberately weakened his skills and pretended to be a weakling like them... How could the weaklings have discovered him?

He forced himself to be happy. "Hehe, Young Master Ye, don't joke around. I came to participate in the team competition sincerely, wanting to win first place with everyone. Why would I deliberately ruin your chances? I know that I didn't perform well in the previous stage and dragged everyone down, but I..."

Gu Qiqi interrupted him coldly. "You're not Tuesday. You're Second Witch, right?"

"I...!" Second Witch was dumbfounded.

Not only had they discovered that he had cheated, but they had also exposed his identity.

"What... what makes you think so?" stammered Second Witch, his heart pounding.

Even Lisa and Uncle Yun gathered around in surprise. They couldn't believe that this weak and useless joker in front of them was the second disciple of the famous witch doctor.

Could the legendary, cold, gloomy, and powerful Second Witch be this fool?

They would never believe it.

Gu Qiqi said coldly, "The name Tuesday is too unpleasant! It's as unpleasant as Second Witch."

Second Witch said nothing.

Lisa and Uncle Yun were speechless.

Of course, what really exposed Second Witch was...

"When you were exterminating the bugs for the first time, you were originally going to chant the Witch Doctor's incantation, but you stopped halfway and changed it to a very stupid and rough poke. In the end, you splashed poison all over yourself," Gu Qiqi said calmly. "No one would ignore their own safety and use such a stupid method to eliminate the bugs. Unless... you wanted to hide your strength. When the mercenaries came later, you were clearly behind me and could have discovered the poisonous bugs

crawling on my clothes immediately, but you didn't even make a sound. Your ulterior motives were simply exposed!"

Second Witch held his breath.

Was it that obvious? He always thought he disguised himself so well that there was no trace.

Damn, did this pretty boy have to be so sharp?

When Lisa heard Gu Qiqi's analysis, she was furious. She said sternly, "Second Witch, you're really shameless! You're a spy! You deliberately ruined our competition!"

"Sabotage is still light," Gu Qiqi said calmly. "He's really shameless because he exposed the methods we developed to deal with poisonous insects and eagles to the first and second place. Second Witch, if your witch doctor group didn't get the top two, I wouldn't be able to confirm that you're a spy sent by the witch doctor."

Uncle Yun nodded. "That's right! Other than Young Master Ye's technique, I'm afraid no one can crack this level in 30 minutes. I think it's very strange. If the Witch Doctor Group One can have a 25-minute record, why was everyone still talking about how awesome Second Witch's 30-minute record was? That Second Witch is only so-so!"

Second Witch wanted to vomit!

He was despised by a bunch of weaklings!

However, her disdain for him made sense!

Furious, he said hatefully, "Stop bragging, pretty boy. If you had realized that I was an undercover agent long ago, why didn't you kick me out of the team earlier?"

Gu Qiqi narrowed her eyes. "Yes, you're not stupid enough to finally realize this problem?"

Second Witch said, "Hmph, don't flatter yourself so much! You've been deceived by me all along, and now you want to regain your face?"

Gu Qiqi said calmly, "It doesn't matter if I use you as a slave to eliminate insects for free."

Chapter 1268: Kill These Weaklings!!!

Hearing this, the Second Witch spat out blood!

As an expert of his generation and the second disciple of the Witch Doctor Clan, he was actually being used as free labor?!

Damn, now that he thought about it, that was true!

Insect annihilation was the most tiring. He had to keep staring and desperately look for dead branches to eliminate the bugs. If he was careless, he would be pricked by the thorns on the dead branches and bleed.

It could be said to be a rather bitter mission.

Recalling the entire process of the challenge in the thorny land, other than the few minutes in the middle when he leaned against Uncle Yun to rest for a while and let Gu Qiqi deal with the poisonous insects and the eagle alone, the remaining twenty minutes were all his hard work!

On the other hand, Gu Qiqi was just holding some inducing agents and teasing those eagles. What was there to be tired about?

F*ck, he had actually been tricked. He had foolishly taken on the most tiring job in the entire process and even felt smug the entire time, thinking that he had obtained the easiest mission.

How bitter!

How miserable!

Second Witch's face turned green.

At the side, Lisa was still clapping and laughing. "Haha, how silly. You're working for us for free, but you're still so self-righteous? If word gets out, don't be too arrogant. We can actually get the second disciple of the Witch Doctor to work for us. Hahaha..."

Second Witch was so angry that he wanted to explode on the spot!

He had swallowed his anger in order to get to the pretty boy, but in the end, he had been schemed against by the pretty boy the entire time. He had really lost all his face.

It was useless to say anything now. Since the other party had already recognized his identity, it was definitely impossible for him to continue playing with him.

Since he could not act in the later stages, he could only make a prompt decision to... wipe out these weaklings before this stage began!

Second Witch's eyes flashed murderously.

Killing was not forbidden on Ghost Island.

If his team did not choose team members well, there would be internal strife and slaughter. Even if teams killed each other in order to compete for first place, as long as it did not harm the interests of the guild or destroy the precious herbs on the island, the Great Pharmacist Guild would not care.

At most, they would let the mercenaries collect their corpses.

At this moment, Second Witch was in a desperate situation. Since he could not stop these people from walking the path of winning, he had to... kill them!

His hand instantly shot out!

Witch doctors were not only medically skilled. Their attack techniques were also quite impressive.

Previously, he had deliberately appeared so weak in order to hide his identity.

But if he got serious, he, Second Witch, would not let these weak chickens mock him!

As expected, from the speed and posture of his attack, this attack was quite ruthless!

It went straight for Gu Qiqi's face!

If he hit her eye, he would probably dig out her eyeball.

However, just as Lisa exclaimed, for some reason, Second Witch's hand suddenly turned half a meter away from Gu Qiqi and attacked Lisa.

Second Witch thought to himself, Hmph, I definitely didn't turn around because I couldn't bear to destroy the overly exquisite face of the pretty boy, but because that little girl Lisa is a little weaker and easier to attack!

Yes, it was definitely not because he had developed an inexplicable feeling for the pretty boy during the short journey.

He would never admit it!

Alright, he admitted he admired him a little. He didn't want to be enemies with her. Looking at Gu Qiqi's beautiful face, he couldn't do anything at all.

Lisa was watching Second Witch attack Gu Qiqi worriedly.

Unexpectedly, in just a few seconds, the target of the attack had suddenly changed!

She didn't know how to attack, much less defend herself, or she wouldn't have been surrounded by local thugs.

At this moment, she was stunned by Second Witch's sudden attack. She was scared on the spot. Second Witch's fingers attacked her fiercely, as if he wanted to pierce through her eyes!

Chapter 1269: Beat Him Up! Make Him Sleep!

Second Witch attacking Lisa was like an elephant trampling an ant. It had been a sure thing.

Even Uncle Yun, who was beside Lisa, didn't dare to reach out to stop him. He couldn't. How could a witch doctor's disciple really be stopped? They were all experts who could take care of themselves!

The safest bet was to play it safe.

However, Gu Qiqi moved.

The moment Second Witch's finger was right in front of Lisa's eyes, she moved ahead!

It was impossible to see how she attacked. In the next second, she had already grabbed Second Witch's fingers and twisted them out mercilessly!

"Hiss!"

Even a loud man like Second Witch could not help but howl in pain.

“If you have the ability, come at me. What kind of hero bullies a girl?” Gu Qiqi looked at Second Witch in disdain.

Second Witch retracted his hand and gritted his teeth. “If you have the ability, fight me openly. What kind of attack is this?”

Gu Qiqi laughed. “If you have the ability, you wouldn’t be tricked by me...”

Second Witch said nothing.

Damn, he could not argue with this pretty boy!

Why did he lose his mind just now and pity this pretty boy a little? He couldn’t bear to hit him?

He should beat this little bastard into submission and make him sleep!

Those two words flashed through Second Witch’s mind, and he suddenly froze. Sleep...

Holy shit. Had he lost his mind?

How – how could he have those unwanted thoughts about the pretty boy?

He had always liked his Junior Sister, The Nineteenth Witch!

The Second Witch shook his head and had to use ruthlessness to hide his guilt and cold sweat. “Do it! If you have the ability, don’t talk. Do it!”

As he spoke, he assumed a stance and began to chant.

He was going to spare no effort to use the Witch Doctor’s spell on Gu Qiqi!

Lisa, who had just been saved by Gu Qiqi, grabbed her sleeve tightly. Her heart was beating crazily. Second Witch was too terrifying. If he used his full strength, Young Master Ye probably wouldn’t be able to deal with him.

What now?

What now?

In front of such a powerful enemy, she was completely helpless. Even if she wanted to rush up to help Young Master Ye, she couldn’t. That would only burden Young Master Ye and distract him from protecting her.

Lisa was on the verge of tears.

She even began to seek help from Uncle Yun, who had always been at odds with her. “Uncle Yun, I beg you. Can you help Young Master Ye...”

Uncle Yun shook his head. “This is a duel between experts. We have no choice...”

Lisa said, “But one more person means one more point of victory...”

Uncle Yun sighed. “Not necessarily...”

On the other hand, Gu Qiqi was as calm as water.

Stepping forward slowly, she smiled as he stood across from Second Witch. "Is this the witch doctor's trick? To hum a little tune that you don't know the meaning of?"

Second Witch said nothing.

He was so angry that he almost wanted to punch someone before he finished chanting.

He desperately told himself that the pretty boy was doing this on purpose to disturb his mind. This was called interference!

He couldn't be bothered!

Only then did he barely stabilize himself and continue to gather spiritual energy with his chanting to deliver a fatal blow.

Gu Qiqi didn't move either. She just stood there calmly and waited for him.

One second...

Two seconds...

Three seconds...

Sweat broke out on Second Witch's forehead. Why was it so difficult to gather spiritual power today?

Normally, he could finish chanting in two or three seconds. He had been chanting for almost half a minute and there was still no reaction?

Ruthlessly, he bit his lip, dripped a drop of blood on his fingertip, and made a gesture.

Puzzled, Lisa asked Uncle Yun, "What is this?"

Uncle Yun gave her a cross look. "You don't know? It's one of the witch doctor's most powerful spells. It uses blood as a spell!"

Legend had it that when a witch doctor cast a blood curse, he was invincible. The living would fall into a dead end, and the dead would be trapped in a quiet prison. It was powerful!

Chapter 1270: Even a Weakling Dares to Touch Him

Using a blood curse!

Second Witch finally made up his mind.

On the other side, Gu Qiqi finally nodded at him approvingly. "You're using your ultimate move?"

The Second Witch lost his balance and almost spat blood again.

Damn pretty boy. Could it be that he could tell that he had deliberately gone easy on him and could not bear to kill him??

Well, this is different.

He had to beat him into submission before he slept with her... Ah bah, not sleep with him. No! He wasn't bent. He wasn't gay!

Second Witch was flushed red. This time, he was using all his strength...!

Using his hand as a spear and blood as an oath, he pointed it at Gu Qiqi's heart!

Gu Qiqi crossed her hands slightly and pushed outwards!

When Second Witch's hand jabbed at her, she caught his wrist and twisted it!

Second Witch, who was a head taller than her, actually rolled over on his side!

His blood-covered hand was actually covered by some ointment on Gu Qiqi's hand!

"Cinnabar! It's cinnabar!" Second Witch's eyes widened.

Damn. How did this pretty boy know how to break the witch doctor's blood curse?

The little dirty turtle chuckled on Gu Qiqi's shoulder. "Idiot, my master silver's blood is poisonous. She usually studies countless ancient books related to blood. It's just a blood curse. My master silver's blood can easily break you!"

With the blood curse broken, Second Witch attacked again, his aura much weaker.

However, his foundation was still there after all, and his moves were also decent.

However, as they fought, his eyes popped out again. "You... You, you used the Five Animal Mimicry? The Five Animal Mimicry can be used for attack?? How is that possible?!"

Their witch doctor race had always been the cream of the crop in the medical world. However, they had never heard that something like the Five Animal Mimicry could be cultivated into such a sharp attack technique.

Seeing that Gu Qiqi's casual stretch of her hand was actually even more ferocious than the eagle claws in the thorny terrain just now, his eyeballs really fell to the ground.

Second Witch was furious. He used all his strength again and attacked Gu Qiqi, trying to break Gu Qiqi's eagle claws.

But the more he fought, the harder he felt it was.

He could clearly withstand three moves from Gu Qiqi just now.

Now, he was beaten up the moment he attacked. He was beaten up the moment he attacked. Soon, his face was swollen and he was covered in injuries.

Gu Qiqi wasn't in a hurry either. She slapped him left and right like a cat playing with a mouse. In the end, she even called out to Lisa. "Lisa, come here. Watch how I attack. Learn from me. Perhaps it will be useful in the future competitions!"

Lisa was eager to give it a try. Although she was still a little afraid of Second Witch's strength, she let go under Gu Qiqi's encouragement. She walked over and stood side by side with Gu Qiqi, seriously learning Gu Qiqi's moves. From time to time, she would swing her fists and kick Second Witch.

Second Witch was furious. He did not know whether to laugh or cry.

Damn it, he was being bullied on the plains!

Even that weakling Lisa dared to touch him?

He would beat this weakling to death!

However, the moves he used were always a little lacking. They either couldn't hit Lisa or were soft and ineffective.

"Damn..." Second Witch frowned, wondering what was wrong with him.

In the beginning, he took pity on Gu Qiqi and couldn't bear to use his full strength. But now, after Gu Qiqi's fierce counterattack, he had no choice but to use all his cultivation powers to deal with her.

But his body always seemed to be lacking some energy...
