

**Dear Chief 151**

**Chapter 151: Easily Conquering the Heart Of A Young Girl**

Gong Jue appeared so aggressively.

Besides making Gu Qiqi surprised, she cursed in her heart several times.

He was praising her for being obedient?

He said that she was his woman?

She was even planning to make Gu Xuexue blind?

Can you stop fooling around, man with erectile dysfunction? This scene of doting and torture was too shocking.

She tugged at Gong Jue's shirt and whispered, "Why are you here?"

"Because there's a stupid woman who can't handle a hopping smelly bug even after half a day. I'm tired of watching her."

Gong Jue lowered his voice as well. Leaning over slightly, he whispered into her ear.

This answer was very Gong Qing!

Finally, she looked normal.

But...

What's the meaning of this flaccid man's actions?

When Gong Jue lowered his head to talk to Gu Qiqi, his chin was pressed against her hair. It was as if he was using his handsome nose to deeply smell the fragrance on the top of Gu Qiqi's head.

His low and sexy voice sounded more like a secret conversation between lovers.

It was really difficult to not let people misunderstand them as a couple!

Gu Qiqi's back stiffened slightly. A trace of electricity uncontrollably ran through the part where Gong Jue touched her shoulder and where her hair had been sniffed.

Her face flushed red suspiciously!

This scene.

In the eyes of the students and teachers, this made them feel even more emotional.

"Who said that Qiqi is a sugar baby? They're clearly a couple, all right?"

"I also want to fall in love with this uncle who knows how to flirt and dote on people!"

"Ahhh, my girlish heart!"

"It's going to explode!"

“Don’t just look at the handsome uncle. Please pay attention to the problem! Gu Xuexue is so blind as to accuse our Qiqi of being a woman taken care of by an old man. Does she deserve to be blinded?”

“That’s right! Uncle is handsome! Uncle is always right!”

Gu Qiqi felt very helpless as her rhythm had been led astray.

She lived with Gong Jue almost every day. Why didn’t she feel that this man’s appearance was so abnormal?

He actually conquered so many young girl hearts easily.

No, that’s not right. Why are you also looking at this man with erectile dysfunction with a look of infatuation on your face, my 40 year old Chemistry teacher?

Upon hearing everyone’s words, Gu Xuexue—who was about to poke her own eyes blind—covered by the principal’s leg.

She didn’t even dare to raise her head!

She was afraid that she would be blinded!

She was even more afraid of being discovered by Gong Jue.

Such a handsome man was actually Gu Qiqi’s financier. If she had known earlier, even if she was given ten thousand guts, she wouldn’t dare to spread the news that Gu Qiqi was being taken care of by an old man.

But why wasn’t that handsome and domineering master hers?

Hatred and jealousy burned Gu Xuexue’s heart to ashes.

At this moment, she didn’t know where she got the courage from as she lowered her head and muttered, “Perhaps you don’t know that she has other old men...”

“It seems that you’re not only blind but you also have a cheap mouth.”

Gong Jue interrupted her coldly.

He didn’t give her the slightest chance to continue slandering Gu Qiqi. “Special Assistant Lu, how did the company handle this kind of gossip dog?”

Behind him, Special Assistant Lu—who had been concealed by Gong Jue—saluted and stepped forward. “Reporting, slap her!”

“Yes.” Gong Qing couldn’t be bothered to open his eyes. His gaze remained fixed on Gu Qiqi.

Special Assistant Lu pulled Gu Xuexue up. “I don’t hit women, but your mouth is too cheap. Also, I have a lot of old scores to settle with you!”

Old scores?

What old scores?

Gu Xuexue's heart beat rapidly.

Little did she know that Special Assistant Lu had been the one who had known that she deliberately got close to Gong Jue and made him severely allergic to alcohol back then, as well as the fact that she had framed Gu Qiqi in a bar room.

Last time, Gong Jue disdained to lay a hand on a young lady like her and directly punished Gu Qiushan.

This time, did she think that she could hide behind Gu Qiushan?

### **Chapter 152: Take Back Those Rumors One By One!**

Gu Xuexue was thinking about it with a dumbfounded expression.

What was the meaning of "a few old scores"?

Special Assistant Lu had already grabbed her hair with his hands and started executing his punishment!

"Pa—Pa—Pa!"

He fired continuously.

Gu Xuexue's face swelled up very quickly and the corners of her mouth split open.

Compared to Special Assistant Lu, that slap from Gu Qiqi previously was too gentle.

Gu Xuexue covered her face. The intense pain and embarrassment made her want to find a hole in the ground to hide in.

However, Special Assistant Lu didn't intend to let her off. "Do you know your mistake now?"

"I... I know my mistake..."

"It's useless to admit your mistakes to me. You can just take back the rumors that you spread on the Internet to slander Young Lady Qiqi!" Special Assistant Lu pulled a long face and remained expressionless.

"How... How..." Gu Xuexue cried out.

Special Assistant Lu threw the tablet computer on the table in front of her and turned on the live-stream camera.

"Tell everyone what you've done!"

"Wuwuwu... I... My mouth is cheap... I said bad things about my older sister, Gu Qiqi... Wuwuwu, my mouth is cheap. I deserve to die..."

Gu Xuexue covered her face. She felt like dying.

Gu Qiqi had also done a live-stream just now, but that was a dazzling live-stream which cleared her name and successfully attracted fans.

However, it was like slapping Gu Qiqi's face. This was a shameless live-stream for her!

She knew that it was embarrassing, but would she dare to not broadcast it?

In front of her was Special Assistant Lu's sturdy and powerful body. His cold and expressionless face made her want to desperately admit her mistakes even though she was going against her conscience.

Gong Jue supported Gu Qiqi's shoulder in satisfaction. Like an uncle holding on to a little girl, he brought her away from the banquet venue.

The backs of the two people — one tall, one petite, one domineering, one elegant, one dark blue, one snow-white... They truly matched each other's looks and everyone watched how affectionate they were.

After leaving the room, Gu Qiqi sighed. "I didn't expect Special Assistant Lu to have such a handsome side. He's actually more ruthless than me... This Gu Xuexue has been disciplined like an obedient puppy by him..."

She initially wanted to crack a joke to liven up the atmosphere.

Unexpectedly, the smile on Gong Jue's lips immediately turned dark.

Special Assistant Lu was handsome?

Stupid woman, which eye of yours saw that?

Wasn't the handsome person the one who went to save you? Wasn't it me?

Behind her, Special Assistant Lu had finished dealing with Gu Xuexue and was supervising her as she read out a long list of apologies obediently.

He hurriedly jogged to catch up to Gong Jue and Gu Qiqi, planning to drive for them.

But he didn't expect that as soon as he got closer, the atmosphere would feel wrong!

Why did the Chief have such a cold gaze when he stared at him?

"Go back and do 100 push-ups, run 10 laps, and write 1,000 lines of code!"

Gong Jue said in annoyance. He pulled open the car door and walked into the driver's seat.

Special Assistant Lu scratched his head. He didn't know what mistake he had made.

Could it be that... he had hit that scumbag Gu Xuexue too lightly just now and didn't break her face?

Gong Jue had just started the engine.

Beigong Xiaojiu, the designer, ran out from the living room. "Hey, hey, Jue. Long time no see. This is the greeting gift that I prepared for you and Young Lady Qiqi. Take it. Hey, hey. Why are you leaving? It's not even night yet. Why is he in a hurry to go back to work?"

Beigong Xiaojiu looked away for some reason and asked Special Assistant Lu.

Special Assistant Lu pursed his lips. "No one can guess what Master Jue is thinking."

"Sigh, what a pity, my gift..."

"What gift?"

Beigong Xiaojiu smiled slyly. "Do you want to see, heh heh..."

Special Assistant Lu was speechless.

### **Chapter 153: Why Thank Him?**

In the car.

Only Gong Jue and Gu Qiqi were left.

Gong Jue drove in silence in front.

Initially, Gu Qiqi wanted to sit in the backseat, but Gong Jue said coolly, "Do you think that you're the chairman and I'm the driver?"

What he said wasn't without reason.

Usually, when subordinates drove a car for the chairman, the etiquette was that the driver was in front while the chairman was behind.

Gu Qiqi could only reluctantly sit in the front passenger seat.

But it was also very awkward, alright?

Wasn't it usually husband and wife or lovers who would sit in the driver and passenger seats?

Although Gong Jue seemed to be in a relationship with her in front of all the teachers and students just now, she knew very well that this wasn't real.

She couldn't guess why Gong Jue was helping her but she couldn't forget their relationship.

What relationship?

An unequal relationship!

Thus, when he was helping her, he acted like a gentleman and doted on her so much that he even used the best of everything to style her. He simply doted on her to the skies.

When he returned to normal, he became so cold and vicious again.

He was still willing to help her despite their relationship. Forget it. She would just tolerate his bad temper occasionally.

Gu Qiqi thought it through and breathed a sigh of relief.

Then, she removed the watch on her wrist and handed it to Gong Jue. "Thank you. When I return, I'll wash my clothes clean before returning them to you. Also, I'll clean my bag and shoes."

Only now did she understand that Gong Jue had given her such an expensive style so that she could appear stunningly on the live-stream.

In terms of aura, she had already crushed those foul-mouthed haters.

She was really a little touched.

But who would have thought?

Her words of gratitude received an icy response.

“I don’t want anything that a woman has touched!”

Not only was he cold, but he was also filled with disdain.

Gu Qiqi’s lips twitched.

She actually forgot that the man with erectile dysfunction was sick and was beyond cure.

Alright, he didn’t want it anymore?

Then throw it away. You’re rich. You have the final say.

She opened the car window and prepared to throw her watch away.

Gong Jue was furious. If this stupid woman dared to throw his watch out, he would throw her out!

No, he would do her on the spot on the basis that she was in the car seat.

Anyway, it was said that it felt quite good to do it in this car seat. He had never tried it before.

Fortunately, Gu Qiqi rolled down the car window to take a breather. Then, she closed the window calmly and put on her watch.

Gong Jue curled his lips.

Hmph! What Beigong Xiaojiu said made sense. This watch meant that his soul was holding hers.

She dared to throw it away?

Little did he know that Gu Qiqi didn’t know that this expensive watch had an even more expensive meaning.

She was only listening to the little dirty turtle’s non-stop dissuasion. “Master, don’t throw it away. The sapphire purity on this dial is very high. It’s useful for our color points conversion... In the future, when you activate your appraisal skill, we can also gamble stones and get more gems...”

Once the little dirty turtle mentioned the activation of a skill.

Gu Qiqi’s interest was piqued.

She thought that her popularity score was going to hit 100,000 soon.

She could use awesome skills now.

Then, what should be the first skill she activated?

Initially, she had planned on developing her medical expertise. But now, she realized that martial arts and appraisal were also extremely attractive... It was truly a headache.

Once a person had too many choices, it was a sweet pain.

She was in a dilemma.

Suddenly, in the silent car, Gong Jue said coldly, "What's the use of saying thank you? I don't want such hypocritical emotions. If you want to thank me, then do something real..."

"What... What do you want me to do?"

Gu Qiqi licked her lips.

Suddenly, she felt that the air had turned dry.

Had her mouth gone dry?

Why did she feel that Gong Jue's question had an... unusual meaning?

### **Chapter 154: The Gift Of A Stupid Woman**

What did Gong Jue want her to do?

Gu Qiqi's heart beat like a drum.

The enclosed space in the car immediately became especially cramped.

The man's voice sounded dangerous and dark.

"I want you to do it..."

As Gong Jue spat out each word coldly, Gu Qiqi felt that her heart was about to collapse.

She couldn't help but quickly interrupt him. "No, I won't agree to it! It's true that I owe you a favor, but I won't use my body to make a deal with you. Don't even think about it! If you... use force to force me, then what's the difference between you and the old man Gu Xuexue said to be supporting female students?"

Only heaven knew how she had the courage to refute this man who was like the Devil.

She only hated that she had less than 100,000 color points and couldn't activate her physical strength immediately.

In that case, she would have the confidence to challenge him in a PK Battle and resist all his humiliating conditions!

However...

Just as she finished speaking with a righteous look on her face.

Gong Jue laughed coldly. "Who wants your body? Your figure is so poor. I don't know where you got your confidence from."

It was filled with disdain!

Gu Qiqi felt like smoke was about to rise from her head.

This was the first time that someone had said that her figure wasn't good!

What was wrong with a 36C chest and an A4 small waist?

If it wasn't good, why were his big palms so dishonest that night at the dining table in the military camp? They were moving everywhere!

Gong Jue glanced at Gu Qiqi.

Seeing her angry look as if she was an agitated kitten, his mood suddenly improved a little.

He curled his lips and couldn't help but continue to tease her. "I just want you to do something that only women can do!"

What could a woman do?

Could it be...?

Gu Qiqi's small face flushed red.

"Can you be more shameless?"

He said that she had a poor figure, but he wanted her to do something that only women could do.

This meant that after switching off the lights, her figure didn't matter once they were rolling around on the bed?

She clenched her fists tightly by her sides.

She couldn't take it anymore. She decided to ignore everything else and give him a punch to relieve her anger first.

But in the next second.

Gong Jue's cold voice rang. "I'm only asking you to cook a meal for me. Isn't this something that a woman should do? What are you thinking about, hmm?"

Cook?

Was she tricked by a boring man?

She glared at Gong Jue fiercely. "Only cook a meal?"

"Of course, there are other things as well." Gong Jue curved his lips and deliberately sized up Gu Qiqi's small body with his deep gaze.

Seeing that Gu Qiqi was about to flare up again, Gong Jue said calmly, "For example, giving me a gift."

Gift?

Gu Qiqi frowned. She wasn't good at giving men presents. This man with erectile dysfunction was simply making things difficult for her.

Compared to a gift, she was more willing to throw him a stack of money.

However, Gong Jue immediately added. "It has to be a sincere gift."

"Okay..."

Gu Qiqi agreed gloomily.

The man with erectile dysfunction was involved in high-tech operations. The company didn't seem to lack money either. They had nearly everything. This gift was too difficult to buy.

Gu Qiqi agreed so quickly that Gong Jue frowned.

Didn't that stupid woman choose a gift for him early on? It was a man's shirt and handkerchief that she had personally selected from the counter.

But he had been back from the Imperial Capital for three days already.

That stupid woman actually hadn't taken out her gift to him yet.

He could no longer wait.

Thus, he had to take this opportunity to remind her and speed her up.

If you want to give me a carefully selected gift, then give it to me directly. Why are you pretending to be shy and embarrassed?

### **Chapter 155: Master Jue's Gift VS Master Qi's Gift**

They didn't say a word along the way.

Back at the research base.

Gong Jue was busy with work while Gu Qiqi was in the room fiddling with the herbs.

Thinking about it, he had quite a lot of money on hand. He had a few million dollars.

She had the fees to attend university and the money to take care of her younger brother. Of course, there was no doubt that she would be accepted into Imperial Medical University.

Through today's live broadcast on the internet, if anyone still pointed fingers at her and stopped her, then they would be too stupid!

Everything seemed to be progressing smoothly.

But... the biggest problem now was that the nursing home where her younger brother—Xiao Bei—was too unreliable.

The price was expensive and the quality was poor.

If only she could change a room for Xiao Bei or get someone to take care of him... That would be great.

But she wasn't a guardian yet. If she wanted to fetch Xiao Bei out, she had to get Gu Qiushan and Gu Meifeng to agree.

Those two scumbags knew that Xiao Bei was her weakness. How could they let go so easily?

She had to plan carefully.

"Master, don't forget to buy a gift for your master..." The little dirty turtle reminded her at the appropriate moment.

Gu Qiqi tugged at her long hair in frustration.

Could he not bring up such a depressing topic when she was in a good mood?

“What’s there to buy? Money doesn’t fall from the sky.” Gu Qiqi curled her lips.

The little dirty turtle choked.

But after thinking about it, he felt that Gu Qiqi was right. “Yes, Master. Money fell from Little Lang’s pockets. Hehe...”

Gu Qiqi was speechless.

Bored, she dug through the medicinal herbs that were being sorted out in front of her. They were all good things that had been refined and upgraded the medicinal effect...

When her gaze swept across one of the herbs, her eyes suddenly lit up. “Yes, this will do.”

She picked it out and casually found a brown paper bag.

The man with erectile dysfunction was a boorish man. He shouldn’t mind the formalities, right?

The corners of the little dirty turtle’s mouth twitched a few times. “Master Silver, are you sure... that this is a gift?”

Gu Qiqi said, “That’s right. I can’t bear to give ordinary people this.”

This medicine was very precious!

She had given up the chance to sell it at a high price and specially selected it to give to him. It was especially effective against his illness.

The little dirty turtle felt that its limbs and tail were about to twitch.

Master Silver, why do I have a very bad premonition...

As she spoke, her phone rang.

Gu Qiqi saw that it was a call from the nursing home and hurriedly picked it up.

“Xiao Bei?”

“Yes, it’s me! Sister... I received the shirt and handkerchief that you sent over. They’re too exquisite. I love them.”

“It’s good that you like it. I specially selected it for you. It’s pure white and suits your clean and sunny disposition.”

“But it looks expensive... I can’t bear to wear it...”

“Silly! Clothes are meant to be worn. It doesn’t matter if they’re expensive or cheap. If you don’t wear them, then they’ll be a pile of rags. You must wear them. I might come over to check in the next few days. If I find out that you’re not wearing them... Hmph, you’re dead meat!”

“Sister, I’ll wear it!”

“Yes. Have you done the operation yet?”

“Yes, and my inflammation has subsided. Sister, I’m just worried about you. I’m afraid that Dad and Auntie won’t let you attend university...”

Gu Qiqi’s eyes reddened.

Even a blind person like Xiao Bei could tell that Gu Qiushan and Gu Meifeng were up to no good. How stupid was she in her previous life to be toyed with by them without even realizing it?

Fortunately, it wouldn’t happen in this lifetime!

“Don’t worry. Sister will arrange everything! You just have to wait for me to go to university.”

“Really? Sister, can I go with you?”

“Yes. I promise you that I’ll give you the best in this lifetime. Good medical care, good education... I’ll also let you meet the best girl...”

“Sister!” Xiao Bei was embarrassed.

At this moment.

Gong Jue, who was working in the study room, looked up at an exquisite gift box on the table.

It was a pearl-white box with a light purple ribbon.

It was obvious that this was a gift box that would move a girl’s heart.

What was inside?

### **Chapter 156: Where Did This Wild Man Come From?!**

Gong Jue couldn’t help but put down his fountain pen.

He stretched out his hand and scooped that small gift box over.

He remembered that in the Imperial Capital, he had spent a stunning price to buy this small gift at an auction house that specialized in selling rare jade stones.

Money wasn’t important.

Most importantly, those jewelry weren’t suitable for her, but this little thing could be used for her schooling.

It was her first day in university. There had to be something to suppress the atmosphere while sitting at her desk.

In a place like the Imperial Capital where fame and wealth gathered and influential people came from all walks of life, if one couldn’t suppress the scene, there would always be some blind flies and smelly bugs that would pounce on you and disgust you.

Gong Jue curved his lips.

Thinking that he would be able to receive the shirt that Gu Qiqi had personally selected very soon, the corners of his lips couldn't help but curl up.

Although that shirt was white and the size wasn't necessarily appropriate...

However, gifts were a gesture of goodwill.

It wasn't appropriate this time, but it would be appropriate next time when she had experience.

It was time to let her know his correct size.

Gong Jue looked at the gift box over and over again. When he realized that the purple ribbon was a little loose, he untied the ribbon and tied it again with his own hands.

But he had never given a girl a gift before. He was so clumsy that he didn't know how to tie the bow.

In the end, he simply tied the gift box like a piece of tofu using the method of packing computer chips...

It even looked a little stupid.

Chief Gong was busy with a small gift box when Special Assistant Lu—who had completed ten laps—entered. He was stunned.

He knocked on the door awkwardly. "Reporting to Chief, is there a need to monitor Young Lady Qiqi's phone?"

"There's no need. She's not a prisoner."

"Oh." Special Assistant Lu fiddled with the monitoring device in his hand. "A man called in just now... I'll switch it off now. I'm not listening anymore..."

"Wait!"

Gong Jue frowned slightly. "What man? Let me hear it!"

Wasn't that Little Master Xiao Ning from last time a woman?

Where did this wild man come from?

The monitoring apparatus in this seaside research base was much inferior to the monitoring apparatus used by the research and development laboratory in their headquarters. The route along the seaside was also unstable.

He heard intermittent voices.

"...I received the shirt and handkerchief that you sent over. I love it..."

"...It's good that you like it. I specially selected it for you. It's pure white and suits you very well..."

"Can I join you?"

"...I promise you that I will give you the best in this lifetime..."

Although Gu Qiqi's voice was intermittent in the receiver, one could still hear the strong conviction and affection in it.

That man's voice was young and he was filled with an indescribable attachment to her.

It was so piercing that Gong Jue's eardrums nearly burst.

Special Assistant Lu was trembling in fear. He didn't even dare to breathe loudly.

He felt a little regretful for being too loyal.

He didn't know if Chief could withstand this stimulation.

That man's shirt that Young Lady Qiqi bought was actually for another man!

He secretly looked up at Gong Jue.

Gong Jue's face was dark, but he pursed his thin lips tightly and didn't say a word.

He knew very well that this didn't mean that Gong Jue wasn't angry and didn't care.

Instead, this was the calm before the storm!

"Master Jue, do you want me to check that man's identity and see if he's Young Lady Qiqi's friend or something like that... He's just a boy who doesn't have emotions. He's easy to get rid of..."

Special Assistant Lu thought about it. Only by breaking up an affectionate couple would Young Lady Qiqi have the time to take a look at his chief.

She didn't expect that...

Gong Jue said coldly, "What's there to check? Investigating that kind of brat will lower my status!"

After speaking, he punched the monitoring device.

The machine, which already had poor reception, completely collapsed.

He turned around and threw that exquisite gift box into the rubbish bin!

Gong Jue swore that he would never send a woman a gift in this lifetime!

Damn it!

### **Chapter 157: Ruined the Innocent Master Jue**

Special Assistant Lu left with the rubbish bin.

He had a look of despair on his face.

He bumped into Gu Qiqi, who was pacing back and forth in the corridor.

The girl who had always been cold and collected actually had a suspicious blush on her face at this moment.

With her hands behind her back, she paced around outside Gong Jue's study room.

"Young Lady Qiqi?"

Special Assistant Lu shouted.

Gu Qiqi felt even more uneasy. She stopped in her tracks and pursed her lips.

“Ahem, ahem, ahem. Special Assistant Lu, about that...”

“Is anything the matter, Young Lady Qiqi?”

Special Assistant Lu thought to himself that what the Bureau Chief said seemed to be right. Young Lady Qiqi had indeed just gotten off the phone with a “wild man”. Look at that pink face. She was simply like a little woman in love who would be shy.

Suddenly, his heart ached for his chief disciple.

Gu Qiqi didn’t notice the change in Special Assistant Lu’s expression and only asked politely, “Is he... in the study room?”

Him?

Of course, it was the cuckolded Chief.

Special Assistant Lu sighed. “Yes. Why are you looking for Master Jue?”

Gu Qiqi hesitated for a moment.

The small hand behind her back stretched out and held a long and thin kraft paper bag. She handed it to Special Assistant Lu. “Please help me hand it to him. Tell him that this is... Oh... I fulfilled my promise to give him a gift.”

Special Assistant Lu was stunned.

Then, he curved her lips and smiled. “Young Lady Qiqi, it would be better to send a gift personally, right?”

“No, no, no. I... That... I still have to go back and revise my homework... I’m very busy. Let’s not talk about it first. Please!”

Gu Qiqi escaped.

This was the first time in her life that she was giving a strange man a gift!

She was very nervous!

Special Assistant Lu grabbed that “gift” and didn’t know whether to laugh or cry.

Young Lady Qiqi, you can’t play like this.

You just hurt my innocent Chief’s heart. Now, you’re slapping him like a sweet date. You’ll ruin my innocent Chief!

He looked at the gift in his hand and hurriedly threw away the trash before returning to look for Gong Jue.

In the study room.

Gong Jue stood by the window.

His back seemed a little lonely and cold.

What a lonely man!

Special Assistant Lu took a deep breath and squeezed out a smile. He walked forward happily and handed over a gift with both hands. "Master Jue, Young Lady Qiqi prepared a gift for you!"

Gong Jue heard this.

His back stiffened.

He didn't move.

He didn't say anything either.

Special Assistant Lu stood awkwardly for a while and said softly, "Then... Master Jue, I'll place the gift on the study table for you."

He opened the door and was about to leave.

Gong Jue suddenly said lightly, "Where's the trash?"

"I... I threw it away."

"Take it back."

"What?"

Special Assistant Lu thought that he had heard wrongly.

His Chief had always been seriously mysophobic.

Collect the discarded trash?

How was that possible!

Wait a minute!

Could it be that the Chief wasn't talking about trash... but that discarded... carefully prepared small gift box?

"Yes! Right away!"

Special Assistant Lu wanted to cry but had no tears.

It was all his fault for being so efficient. The trash had already been thrown into the Recycle Bin!

Once the door was closed.

Gong Jue stood coldly by the window.

The atmosphere immediately changed!

He immediately turned around and strode to the desk impatiently.

His big palm grabbed that slender gift.

His gaze was fixed on—

It was a crude brown paper bag.

It was casually tied with a plastic string.

It didn't look like a gift at all. Instead, it looked like packaging from a pharmacy.

However, it was obvious that Gong Jue didn't care about this simple packaging.

Instead, he curved her lips slightly and a smile appeared at the corners of his eyes.

“Stupid woman, you still know how to buy a gift for me!”

“Don't think that I'll forgive you just because of this! I'll slowly settle that score with you for sending that wild man his clothes...”

### **Chapter 158: A Couple Of Super Good Traps**

Trash recycling station.

Special Assistant Lu bent down and was looking for something.

When Bai Lang walked into the base in a carefree manner with Dendrobium Grass in his mouth.

He bumped into this scene.

“Old Lu, what treasure are you looking for?”

“Ahem, Young Master Bai, it's fine... I was just looking around...” Special Assistant Lu smiled bitterly.

“Are you looking for Chief? He's in the study room.”

“Yes, I'm going to complain! That little vixen of his is too much of a cheat!”

Bai Lang was indignant.

He walked towards the study room angrily and knocked on Gong Jue's door.

“Master Jue, your little demoness cheated me of more than ten million dollars worth of herbs. Even my living expenses for this month, next month, and the following month have been halted by my brother because of her. You should discipline her! I can't live like this anymore!”

Gong Jue's gaze focused on the “gift”.

Without even batting an eye, he said coldly, “Well done.”

Bai Lang's eyes widened. “What? What a heartless Jue...”

“You still have the time to come to my place to snitch on her? Why didn't I cheat you for a year?” Gong Jue said in annoyance.

Bai Lang took a deep breath and chanted silently. No, no.

He tried his best to negotiate in a pleasant tone. “Master Jue, I don't expect her to return me ten million dollars' worth of deficit either. I only ask her for a favor. Can she not run to my pharmacy in the future?”

She went to cheat the Chu clan, so why didn't she go? Could it be that she thinks that I'm more handsome than that sickly chairman Chu Junmo? That it's more satisfying to bully me?"

Gong Jue glanced at him coolly. "Because there are two words written on your forehead."

"Hehe, I know. Did it say 'extremely handsome'?"

"Extremely stupid."

Gong Jue said ruthlessly.

"Ahhhh!" Bai Lang pulled his hair in a frenzy. "Brother, I can finally tell that you have the opposite sex but no humanity! Wuwu, I don't care, I don't care! My living expenses are gone. I'm going to stay in your office and freeload on food and drinks. You have to be responsible for the trouble your little demon caused."

Gong Jue said to Special Assistant Lu, who had just retrieved the gift from the rubbish bin outside the door, "Is there another room in logistics? Is there an empty position?"

Special Assistant Lu nodded. "Yes, Master Jue."

"Let him go."

"Yes!" Special Assistant Lu's lips twitched.

Bai Lang was feeling happy that Gong Jue would take him in so easily.

Special Assistant Lu said, "Young Master Bai, please come with me to the piggery logistics."

"What?! I'm a doctor, not a veterinarian!"

"No, Master Jue didn't let you become a veterinarian." Special Assistant Lu held back his laughter. "It's because the logistics department lacks an employee in charge of rearing pigs. There's an empty room in the piggery..."

Bai Lang was speechless.

Damn it! He had really come to the wrong place!

It turned out that Gong Jue and that little vixen were an extremely compatible pair of scammers!

Feeling hopeless, he followed Special Assistant Lu out.

Finally, he glanced at Gong Jue with resentment.

But he saw Gong Jue opening the kraft paper bag and revealing the contents inside.

Bai Lang's eyes lit up...

"Damn it. Who sent you this?"

He pounced over and grabbed that slender object.

Gong Jue frowned. "Who let you touch it? Let go!"

Why was this guy touching something that this stupid woman gave him?

“D\*mn it. This was sold by my Medical Hall. You actually need this thing? Could it be that you... can’t?”

Puzzled, Bai Lang swept his gaze across Gong Jue’s crotch.

Gong Jue was puzzled. “What is this?”

“You don’t know?” Bai Lang laughed out loud. “This is a bullwhip. It’s for erectile dysfunction. Whoever’s impotent will eat it! Who gave it to you? They’re so wicked!”

In an instant.

The air froze.

In the very next second, Gong Jue threw that thing and the gift box that Special Assistant Lu had just retrieved from the rubbish bin into the corridor in a towering rage.

“Get lost!”

In the bedroom.

Gu Qiqi felt the window vibrate.

A wave of sound seemed to pass through the building. It was terrifying.

Was there an earthquake?

She was about to open the window to see what was going on downstairs when...

Her phone rang.

She picked it up to take a look.

It was actually a call from Gu Meifeng.

Gu Qiqi’s eyes immediately turned cold.

### **Chapter 159: A “Loving” Auntie and a Shameless Stepmother**

Gu Qiqi stared coldly at the words “Gu Meifeng” on the phone.

This vicious woman definitely wouldn’t call her for no reason.

Could it be that she knew that her college entrance examination results had absolved her of injustice? What was she up to now?

Yes, she was here to be tortured. It wouldn’t be good to reject her.

Gu Qiqi’s eyes were cold as she accepted the call.

A shrewd and passionate voice traveled from the receiver. “Qiqi, congratulations. Your grades are so outstanding. You will definitely be accepted into Imperial Medical University this time. When school reopens in a few days, I will personally send you to the Imperial Capital for university. I have prepared

your new school bag, stationery, and bedding luggage for you. Also, don't worry about the tuition fees. As a child of the Gu family, we definitely won't owe you money for your studies..."

Gu Meifeng spoke passionately.

Hearing this, Gu Qiqi felt nauseous.

Hur hur, it sounded better than singing.

Who would believe that such a "loving" aunt would be the murderer who embezzled all of her mother's assets and pushed her to her death?

She would never forget how Gu Xuexue had smiled and bragged to her before she died in her previous life.

"I'm Gu Qiushan's daughter. My mother and your father are about to get married. They were childhood sweethearts who had been in love for many years. If it weren't for the fact that they were siblings, they would have driven your mother out of the house long ago! Back then, your mother was only a shield to reassure the elders of the Gu family! You, that d\*mned mother of yours, and that sickly brother of yours were just stepping stones for us! Now, you aren't even worthy of being a stepping stone anymore. If you don't die, who will?"

If Gu Xuexue didn't admit it herself, she would hardly dare to believe this "loving" aunt. This aunt—who had always carefully educated her to keep a low profile and be sensible—was a vicious woman who ate people without spitting out their bones!

Gu Qiqi's eyes flashed coldly and she said coldly, "Are you done farting?"

"You... You child, how can you talk to Auntie like this?"

"I'm hanging up now."

"Don't! Don't hang up, Qiqi. Auntie knows that you're still angry at Xuexue, right? Auntie apologizes to you on her behalf. She was insensible and was instigated by someone to malign you. She's already very regretful now. She's shut herself at home to reflect on her mistakes."

Gu Xuexue was reflecting on her mistakes behind closed doors?

Heh heh, she would rather believe that a turtle had turned into a human than believe that Gu Xuexue would repent.

"If you want to talk nonsense, I don't have time to listen." Gu Qiqi didn't give Gu Meifeng any face.

Gu Meifeng, you're still as shrewd as ever!

Indeed, when she saw that Gu Qiqi was really going to hang up the call, Gu Meifeng became anxious. "Qiqi, don't you know that your father has been sentenced to ten years in jail? He's going to be fined 99.9 million dollars... He's very pitiful locked up in a jail cell and he misses you a lot. I've applied for a family visit permit. Let's go for a visit together in two days, okay?"

Gu Qiqi squinted.

Here it comes.

She finally revealed her true motive.

It turned out that Gu Meifeng wanted her to visit Gu Qiushan with this call.

Gu Qiushan had raised her. Logically speaking, she should go.

However, Gu Qiushan favored men over women and regarded her as dirt. He was also unable to treat the sick Xiao Bei and tolerated Gu Meifeng's vicious actions.

She shouldn't go to visit such a "father"!

However...

Remembering that she was going to compete for Xiao Bei's custody rights and she needed Gu Qiushan's signature on the custody transfer book, Gu Qiqi's eyes sank...

She had to make a trip down there!

She had to settle this matter before she entered university.

Afraid that Gu Qiqi wouldn't go, Gu Meifeng continued to persuade her earnestly. "Qiqi, the main thing is that we don't have time anymore. If this drags on, your father will be transferred to a remote labor reform jail, and you and Xuexue will also be going to university... Promise me that you'll visit your father no matter what this time and do your filial duty, okay?"

"Send me the time and place."

Gu Qiqi interrupted her and cut off the call coldly.

On the other end of the call, as Gu Meifeng listened to the busy tone, the bright smile on her face instantly turned sinister.

## **Chapter 160: Little Master Xiao Ning's Fiance**

Gu Meifeng had endured a bellyful of anger just now and finally vented it out without the slightest bit of fear. "Shameless brat! Since she doesn't want my face, then let's teach her a lesson!"

Beside her, Gu Xuexue's face was swollen and the corner of her lips had broken. She said with a long face, "Mommy, will I be disfigured this time? Wuwuwu, I don't want to go to university with a swollen face. I heard that the freshmen will be evaluated to find the school belle's goddess..."

"Don't worry. If it doesn't work out, Mom will fork out the money to do plastic surgery for you!" Gu Meifeng applied ice cubes to Gu Xuexue's face as she gnashed her teeth and said, "That b\*tch actually did such a ruthless thing. Xuexue, your previous methods were still too gentle. This time, let Mom handle it. Let's settle the old and new scores together. Let her have a taste of being swollen all over!"

"Mommy, I looked for Yao Dazhuang last time and there were a few male classmates who couldn't settle her! She's cunning!"

“Heh heh, what are those male students? They’re just little brats who haven’t even grown their hair yet. To deal with her, using these brats with no social experience obviously won’t do. Don’t worry. This time, Mom came prepared...”

A trace of calculation flashed across Gu Meifeng’s eyes.

Gu Xuexue was at ease as she applied pressure on her swollen face. She didn’t want to attend university with that nerd Gu Qiqi! She also didn’t want Gu Qiqi to snatch away her title as the school belle!

After Gu Qiqi hung up the call.

She sat in front of the study table and thought for a while.

In order to compete for custody, she had to seek help from a lawyer.

First, she had to draft an agreement on the transfer of rights.

If Gu Qiushan and Gu Meifeng didn’t sign the forms, she would discuss the lawsuit with the lawyer next.

But this lawyer... wasn’t easy to hire.

Although Gu Qiushan had been imprisoned, the Gu family had been glorious for so many years in Qing Cheng after all. They still had influence.

If she went to the lawyers’ building and casually found a lawyer, this matter would probably reach Gu Meifeng’s ears in less than five minutes.

Not only would she alert the enemy, but she might also get Gu Meifeng to spend a lot of money to snatch him away from her.

In the end, no one would help her fight the lawsuit sincerely.

It had to be known that those lawyers weren’t righteous ambassadors. Rather, the customer who paid the most would have the final say!

She fiddled with the herbs on the table.

Gu Qiqi thought for a long time.

Suddenly, a figure flashed across her mind.

He was a top student at the Empire Law University and had obtained a lawyer’s license at the age of 19.

He didn’t rely on her family ties at all. As soon as he graduated from university at the age of 23, he started a law firm on her own.

In just three years, it became the most profitable law firm in the Empire!

And he himself had become the youngest and most famous lawyer in the Empire!

He was famous not only because he handled lawsuits well, but also because he had specially allocated time to seek redress for the poor and smooth over the injustice done to them. He was kind and righteous and was a clean stream in the lawyer world.

Unfortunately...

In her previous life, he died when he was 27 years old...

He died in an accident.

He was Mu Tianyu, the legitimate son of the Mu family and Xiao Ning's fiancé!

Speaking of which, she and Xiao Ning were really fated.

In her previous life, her fiancé was the Mu family's adopted son, Mu Liuchuan. Xiao Ning's fiancé was the Mu family's legitimate son, Mu Tianyu.

Everyone loved to tease them. They said that they were best friends when they were young and that when they grew up, they would become sisters-in-law. Even when they got married, they would marry into the same family.

In fact, her marriage with Mu Liuchuan was completely arranged by Gu Qiushan. Because the Mu family operated medicinal herbs, Gu Qiushan felt that he could make use of that.

On the other hand, Xiao Ning and Mu Tianyu's relationship had been good since they were young. She often followed Xiao Ning to the Mu family's residence to play. Following Xiao Ning, she addressed them as Brother Liuchuan and Brother Tianyu.

That scumbag Mu Liuchuan betrayed her in the end and was in cahoots with Gu Xuexue.

Now that she thought about it, perhaps Mu Liuchuan was behind Brother Tianyu's accidental death in her previous life! That was because after Brother Tianyu died, the Mu family was completely inherited by Mu Liuchuan alone!

He was originally just an adopted son!
