

Dear Chief 161

Chapter 161: Cutting Her Phone Call

She thought about how that scumbag Mu Liuchuan might have caused the death of Brother Tianyu.

A cold glint flashed across Gu Qiqi's eyes.

She calculated with her fingers that this year was when Brother Tianyu was organizing a law firm in the Imperial Capital.

If she looked for Brother Tianyu to help her fight this lawsuit, with Brother Tianyu's character, he definitely wouldn't leak a word to Gu Meifeng.

With Brother Tianyu's strength, he would definitely win this lawsuit too!

She could also take this opportunity to remind Brother Tianyu to be wary of that scumbag Mu Liuchuan and not let him destroy their Mu family.

Gu Qiqi did as she thought.

She called Xiao Ning immediately.

Fortunately, Xiao Ning picked up the call quickly this time.

"Qiqi?"

"Xiao Ning, why is your voice a little hoarse?"

"Oh... I might have caught a cold..."

"You've always been in good health. Why would you catch a cold in the middle of summer?" Gu Qiqi frowned slightly. "Could it be that you're freezing at night with the air conditioner on and you're not wearing any clothes?"

"Cough, cough, cough, cough!" Xiao Ning choked on the other end of the call.

Damn it. Best friends were best friends.

It actually struck her where it hurt.

That night, she was tortured so badly that she didn't sleep for the entire night. She was half-dead.

It wasn't just "turning on the air-conditioner" and "not wearing clothes"?

She definitely didn't dare to tell Qiqi the truth about this reason. After coughing for a long time, she could only blurt out, "Qiqi, it's fine. I'll be fine after taking some medicine. By the way, I saw the news. Your results are really full of twists and turns. Fortunately, I've finally cleared your name. We can happily be classmates again. When the time comes, let's go to school together to report, okay?"

"Okay." Once Gu Qiqi thought of the upcoming university life, the corners of her lips couldn't help but curve. "But I have to trouble you to help me first..."

Gu Qiqi told Xiao Ning about her thoughts of competing for Xiao Bei's custody and asked her to help contact Mu Tianyu, who was far away in the Imperial Capital.

Xiao Ning agreed immediately.

She turned around and opened her contacts to call Mu Tianyu.

Honestly speaking, it had been a while since she contacted Mu Tianyu. She really missed him a little. Her small face flushed red as she pursed her lips and said, "Brother Tianyu..."

Before he could finish speaking...

Behind her, the bedroom door was opened.

The glow of dusk slowly shone in from behind the man.

A playful smile appeared on the man's unruly face.

While holding onto Xiao Ning's small waist with his big palm, he cruelly cut off the call. "Disobedient little thing. Didn't you say that you were revising in the room?"

"Little Uncle, I... I've been reading..." Xiao Ning's hand trembled and her phone fell to the ground.

She was glad that the call had been cut off. Otherwise, it wouldn't be good if she made any embarrassing sounds and her beloved Brother Tianyu heard it.

"Reading? Are you sure?" Bai Yeyuan picked up his phone and flipped through the phone book with a cold smile. "Are you reading a book or looking at a man? Do you think that Uncle's eyes are just decorations and can't tell?"

"I... I really didn't..." Xiao Ning bit her lips.

Why was she so unlucky? She had only given Brother Tianyu a call, but her uncle caught her red-handed.

That's not right. Why was she feeling guilty?

Brother Tianyu was her fiancé. Wasn't it acceptable for her to be calling him?

"Little Uncle, I'm going to study at university next month. I just told Brother Tianyu... There's nothing else..." Xiao Ning gathered her courage and explained.

Bai Yeyuan's eyes sank.

"Why didn't you tell him that you are already in a relationship with a man, hmm?"

Xiao Ning's expression changed drastically. "No..."

Chapter 162: I'm Feeling A Little Smug

Xiao Ning shivered.

She was already very ashamed.

She definitely couldn't let Brother Tianyu know about this!

Otherwise, Brother Tianyu would definitely look down on her!

Xiao Ning was so anxious that tears came out and her palms were covered in sweat.

Bai Yeyuan, on the other hand, was calm and collected. He slowly pulled her small hand over and kissed it lightly on the lips. It felt like he was kissing it lightly.

She looked so doting, so gentle, and so doting.

His tone was as ruthless and domineering as ever!

“Little girl, if you insist on looking for a man, I won’t stop you. As long as you remember that for every man you find...”

Xiao Ning said weakly, “No...”

But how could she say no in this man’s arms?

It had only been a few minutes since Gu Qiqi called Xiao Ning.

Mu Tianyu’s call came in.

The bright and sunny boy’s tone was filled with positive energy. It made people feel as if they were bathing in the spring breeze when they picked up the call.

“Little Qiqi, I heard from Little Lemon that you wanted to talk to me about something? She spoke to me halfway before she hung up. Since she couldn’t get through, I’ll ask you directly. Don’t treat Brother Tianyu as an outsider. Just tell me what you need me to do!”

How refreshing!

Zealous!

Gu Qiqi’s eyes couldn’t help but burn.

Why didn’t a good person’s life last long while a scourge would live for a thousand years?

Such an upright and kind Brother Tianyu and such a beautiful and adorable Xiao Ning died an unnatural death in her previous life.

Could she help them get together well in this lifetime?

“Hello? Little Qiqi, are you listening?”

“I’m here, Brother Tianyu. Thank you.”

“Don’t thank me yet. I don’t know if I can help you yet.”

“You definitely can.”

“Haha, this little girl is so confident in me. I’m feeling a little smug.”

“Brother Tianyu, I want to invest in your law firm.”

“What did you say? You... How did you know that I was raising money to build a law firm?” Mu Tianyu was greatly shocked.

He didn't even mention this matter to his family because he didn't want to borrow their help and be called a useless second-generation heir.

But his fundraising hadn't been smooth recently. He had only borrowed a very high amount from loan sharks.

“Is five million dollars enough?” Gu Qiqi cut to the chase.

She had just had this thought.

Brother Tianyu agreed to help her so easily without asking anything.

She had to repay his kindness.

She couldn't let Brother Tianyu take the blame for borrowing from a loan shark.

Speaking of which, this loan shark was also very suspicious. She didn't know who was behind it. She vaguely remembered that in her previous life, Brother Tianyu was extremely annoyed and was forced into a miserable state by the loan shark.

“That's enough... But Qiqi, where did you get so much...”

“Brother Tianyu, it's fine as long as you know that my money is clean. Also, you don't have to feel burdened at all. Firstly, I want to ask you to help me with a tricky case. Secondly, I've invested in it and I'm your shareholder and partner. You have to share the profits with me once you earn money. I won't suffer a loss.”

“Heh heh, little girl, I really can't out-talk you!”

“Then, you agree?”

“Okay...”

“Yes!”

The two of them talked on the phone for a long time and discussed a series of details.

Mu Tianyu was also born to be a lawyer. In less than ten minutes, he drew up the agreement and sent it to her.

There was no fax machine in the room, so Gu Qiqi could only go downstairs to find one in the mail room.

In the corridor, she bumped into Special Assistant Lu, who was walking over in a hurry.

Gu Qiqi stared at the trash bag in Special Assistant Lu in confusion. “Is that master of yours... so mysophobic?”

Special Assistant Lu wanted to cry but had no tears.

She hurriedly hid the bullwhip stew and the gift that Gong Jue had bought for Gu Qiqi behind her back.

Chapter 163: Stewing soup for Master Jue Personally

Just as Gu Qiqi was feeling puzzled—Gong Jue’s mysophobia was actually so serious that he had to throw trash twice in half an hour.

Special Assistant Lu was seriously considering a question.

In order to avoid flipping through the rubbish bin again, shouldn’t he give the gift directly to Young Lady Qiqi?

But if Master Jue discovered that he had made the decision to send the gift and didn’t execute his orders, the world would end.

However, according to his understanding of Master Jue...

The possibility of rummaging through the rubbish bin again was much higher than the possibility of the apocalypse!

Thinking about this, Special Assistant Lu gnashed his teeth and dug out the gift box from the newly clean trash bag. “Young Lady Qiqi, actually... Master Jue chose this gift for you in the Imperial Capital...”

“For me? Are you sure?” Gu Qiqi looked at that very exquisite and beautiful small gift box in astonishment.

Then, she scanned the trash bag.

Although it was very new and clean, it was still a trash bag.

Who would store a gift box in a trash bag?

“Ahem. About that, Master Jue has a cold personality and doesn’t like people gossiping. There are too many subordinates coming and going here... You know what I mean.”

“Oh, I understand. He doesn’t like others to misunderstand our relationship. Don’t worry, I know very well that I’m only his female prisoner. I won’t think too much about it, and I won’t go out to flaunt this gift either.”

“No, Young Lady Qiqi. That’s not what I meant. I...” Special Assistant Lu felt that he had misspoken just now.

But before he could figure it out, Gu Qiqi had already discovered the bullwhip stew that was revealed from the trash bag.

Gu Qiqi pointed at the bullwhip and said seriously, “This is really nutritious. Did he instruct you to stew soup in the kitchen? It must be stewed for a long time before it works!”

“Young Lady Qiqi, no, I...”

“Forget it. I reckon that you won’t be able to handle the herbs well. Let me do it.” Gu Qiqi thought for a while and straightforwardly took the entire trash bag from Lu Te’s assistant. “Go and do your work. I’ll handle it. Anyway, I promised him last time to cook a meal for him.”

After speaking, she carried the bag downstairs.

Halfway through, he even turned back and added seriously, "Special Assistant Lu, you better give your chief a suggestion. After all, trash bags are trash bags. It's not good to store these herbs. To think that he's even a clean freak. Don't you know that this isn't hygienic?"

Special Assistant Lu was speechless.

Gu Qiqi went to the kitchen first and personally selected a few better ingredients. Together with the bullwhip, she stewed it in a casserole.

She also instructed the chef to watch the fire and make sure that it was stewed for more than three hours for Gong Jue's supper.

Then, she went to the mail room to receive the transfer rights agreement that Mu Tianyu had faxed over.

Seeing that it was already close to dusk and that she still had a few herbs that she needed to sell, she decided to clean them up before she went to university.

She left.

In the study room.

Gong Jue was so angry that he didn't even eat his dinner.

Bai Lang's stomach growled with hunger.

A cook knocked on the door. "Reporting to Master Jue, supper is ready."

Gong Jue waved his hand. "Take it away. I'm not eating it!"

Smelling the fragrant smell of soup, Bai Lang's soul nearly left his body. "Master Jue, even if you don't want to eat, give me a bite too. I helped you inspect the piggery just now. You can't not reward me with food, right?"

The cook also said, "Master Jue, Young Lady Qiqi personally stewed this soup..."

Upon hearing this, Gong Jue's eyelids lifted.

That stupid woman personally stewed soup for him?

Did she know that the gift wasn't good and came to apologize?

Hmph, I won't be bribed by a meal so easily.

Although he thought so, he stretched out his hand. "Bring it over!"

Bai Lang also licked his lips eagerly. "Give me a bowl. I want one too!"

Chapter 164: Your Performance at Night Was Bad

The cook scooped two bowls of soup and handed them to Gong Jue and Bai Lang in turn.

The two men drained their glasses in one gulp.

"Get me another bowl."

“D*mn it! Your little demon’s culinary skills are not bad! I... I want more too!”

The two of them spoke in unison.

Special Assistant Lu hurriedly filled them up again.

It was as if the two men hadn’t eaten for a few days after fighting an interstellar war. They gulped down soup in big gulps and saw that they were done in a few minutes.

The study room was filled with a fragrance.

Gong Jue’s face looked much better.

Bai Lang burped and chewed the Dendrobium Grass he brought along with him. He looked into the purple clay pot curiously. “What materials does this little demon use? Did she add poppies? Why do I feel addicted after drinking it...”

Bai Lang used a soup spoon to scoop up the soup base.

With a glance, he was so frightened that he threw away the soup ladle!

“That can’t be, right? Did I eat bullwhip soup? Damn, no wonder my body is hot. Oh my! I can’t eat bullwhip! I, I, I was already strong enough. How can I sleep tonight...”

Bai Lang stomped his feet anxiously.

She turned around and pointed at Gong Jue in realization. “Master Jue, I’ve been implicated by you. Tell me, your little demon despises your poor performance in bed. It’s fine if she gives you supplements, but why did she have to harm me? I...”

Once Gong Jue heard the words “bullwhip”, his face sank.

When Bai Lang said that his performance in bed wasn’t good, his face turned completely black.

His anger surged!

“If you can’t sleep tonight, then sleep in the pigpen!” He threw the soup bowl on the floor.

“Pig... Pen? You, you, you want me to sleep with a sow?” Bai Lang was driven mad.

However, Gong Jue had already left with his long legs.

Gong Jue pushed open Gu Qiqi’s bedroom angrily along the way. “Stupid woman, do you want to die? You just fed me bullwhip soup. You don’t want to sleep tonight, right?!”

When the door opened, the room was quiet.

A whiff of herbal fragrance filled the room. It was indescribably quiet and pleasant.

Gong Jue’s anger subsided. For some reason, he walked to the bed.

He sat down by the window.

Gu Qiqi liked to lean against her side when she slept. Her small body was curled up slightly and she felt very insecure.

This was very different from her arrogance and calmness in the day.

He sat on the side where she often slept and ran his big palm over the wrinkled bed sheets.

Although it was empty at this moment, he easily traced her figure and shape with his palm as if she was sleeping there.

She didn't know when, but he actually remembered her height and size well!

That day, he had watched her live-stream exam with Beigong Xiaojiu. When he had gotten Beigong Xiaojiu to customize a batch of dresses for her, he had blurted out all kinds of sizes, shocking even Beigong Xiaojiu. "Is Master Jue's observational ability that terrifying? Most people know about the upper chest area, but no one knows about the lower chest area!"

Only heaven knew that he had never observed the bust of another woman before.

She was the first!

The only one!

But he was so kind as to order her clothes and choose a gift for her... And she was going to repay him with a bowl of bullwhip soup?

This stupid woman had never stopped mocking him for his erectile dysfunction since their first meeting.

How capable! In the past, she had only muttered a few words to herself. But now, she was actually mocking him.

If he didn't show her some strength, he wouldn't be able to stop that mouth of hers that deserved a beating!

At the thought of Gu Qiqi's small cherry lips, Gong Jue's big palm that was caressing the bedsheets gradually burned.

Heat surged from the inside out!

He wasn't going to let her off tonight!

She couldn't even beg for mercy!

Chapter 165: Pressed Right On The Door

Gu Qiqi went out at dusk.

She would transfer the five million dollars in her card to Mu Tianyu first as the starting capital for investing in his law firm.

She found a few pharmacies and distributed the remaining herbs in her hands.

After busying herself for a while, the moon was already high in the sky.

On the way back to the research base, when she passed by Xiao Ning's door, she remembered that Xiao Ning had a cold. She left a few good medicines for her to treat her cold. She might as well let Xiao Ning

brew some medicine tonight. After all, a cold in summer wasn't easy to treat. If she got sick too badly, it might affect her university application.

After making a call, she waited outside Xiao Ning's house for a while before Xiao Ning ran out with a jacket over her shoulders.

She was still wearing her pajamas. They were wrinkled.

It was as if she had just crawled out of bed.

"You slept so early?" Gu Qiqi was surprised. "Is our Little Master Xiao Ning becoming more and more obedient after being locked up at home?"

Xiao Ning's small face flushed red. She gnashed her teeth and said, "When I enter university, no one will be able to lock me up... Achoo!"

The determination in her big and burning eyes showed that she wasn't a girl who would submit to adversity.

"Yes, you're going to be a great veterinarian in the future. I think highly of you. Here, hurry up and boil this medicine. It's very safe. You can even eat if you're a pregnant woman. Also, Brother Tianyu said that there's something wrong with your phone. He can't call you."

"Oh... Okay." Xiao Ning stammered.

How would she dare to say that there was nothing wrong with her phone?!

Bai Yeyuan had blacklisted Mu Tianyu's number!

"About the pregnancy test..."

"I solved it myself! It's fine, it's really fine." Xiao Ning shook her head fiercely.

Gu Qiqi sighed. "Alright then. You're wearing so little. Hurry up and go back. Let's talk another day." Gu Qiqi looked at Xiao Ning's thin pajamas. For some reason, she kept feeling that Xiao Ning looked weaker than usual. Her legs felt soft.

Perhaps it was because of the cold.

Unexpectedly, Xiao Ning was even more worried about her. "Qiqi, you're still wearing your short-sleeved school uniform! Come, I'll give you my jacket!"

As she spoke, she didn't allow Gu Qiqi to refuse. She took off her coat and handed it to Gu Qiqi. Then, she hugged her medicine bag and ran back in a flash.

After putting on Xiao Ning's clothes, a trace of warmth appeared on Gu Qiqi's body.

She looked at Xiao Ning's back with a smile and thought to herself, This person always cares more about others than about herself. On this point, he's very compatible with Brother Tianyu!

After finishing these things, Gu Qiqi breathed a sigh of relief. She took a taxi back to the military camp.

On the way, she couldn't help but take out Gong Jue's small gift box and examine it carefully.

As she had been busy, she didn't have the time to open it.

What kind of gift would a simple and crude man like Gong Jue buy?

She was indeed a little curious.

She pursed her lips slightly and used the moonlight outside the car to gently open the ribbon...

Once the pearl-white gift box was opened, there was light purple velvet inside.

Lying in the velvet was a cute white crystal.

Unlike the ordinary transparent white crystals on the market, these white crystals had a lot of smoke-like components. They looked like clouds on the horizon.

There was a whole piece of resplendent sapphire at the base. It was as blue as the sea in Qing Cheng and was boundlessly deep.

Another match made in blue and white!

Should she praise this stupid man for his foresight, or should she despise him for being boring?

Gu Qiqi smiled and took out the white crystal embedded with sapphire.

Only then did she realize that this piece of jade was a paperweight. It was specially placed on books and papers to facilitate learning. It wasn't an ordinary ornamental object and was quite practical for students.

Upon taking a closer look, the entire shape actually looked like an ice cream!

Gu Qiqi's mind exploded.

Ice cream...

She couldn't help but extend her finger and caress her lips.

That was her first kiss.

The kiss of ice cream that had been snatched away by the man with erectile dysfunction.

So what exactly did he mean by giving her this gift?!

This doubt persisted until the military camp.

Gu Qiqi pushed open the door and entered the bedroom. She was about to switch on the lights when...

Suddenly, a strong force pulled her arm and twisted it upwards.

Her small body was lifted and she was pressed against the door.

"Hmp—"

Chapter 166: Be More Rational!

Gu Qiqi was pressed against the door and couldn't react at all.

In the darkness, Gong Jue's deep eyes lit up like a leopard facing its prey.

This man was too strong!

His actions were too fast!

She once again seriously considered whether she should activate her martial arts skills first after the 100,000 energy points were filled!

She didn't want to be controlled so easily every time.

How embarrassing.

"Oh... What are you doing? Can you sit down properly..."

On the bed and talk it out?

She looked around the dark bedroom. There was only a chair in front of the study table.

If the two of them wanted to sit down and talk, then they could only...

No, this term had ambiguity.

Gu Qiqi could only shut up.

"Speak nicely? After you cooked bullwhip stew for me? Do you think that I'm sick? Why don't we do a thorough check tonight to see if I need bullwhip stew!"

Gong Jue waited for her for the entire night.

He was holding back his anger.

His face was filled with anger. He looked like he would rather die than eat the medicine.

Gu Qiqi was stunned.

Then, she laughed. "That's just supplements, not medicine, okay? Have some medical knowledge, okay? No one wants to do anything immediately after eating bullwhip stew. Please figure it out!"

Gong Jue gnashed his teeth. "Don't taunt me with medical knowledge. I know better than you about the consequences of drinking this soup!"

"What are the consequences?" Gu Qiqi curled her lips.

That was really just a gentle tonic.

After being tempered by the little turtle's medicine stove and filtered out, the medicine was only beneficial to men and definitely not detrimental to them.

This was very precious. If she didn't give him a gift and sold it outside the market, she could sell it for a lot of money.

However, she forgot that a certain man wasn't rational at all...

"How serious are the consequences? Heh, I'll let you see!"

Gong Jue grabbed her.

He forcefully pressed her small hand down.

Boom!

Gu Qiqi felt like her mind had exploded again.

She was asking about the effectiveness of the medicine!

In the very next second, Gong Jue suddenly stopped.

The rough breathing became clearer in the dark bedroom.

Each sound was louder than the last!

He could clearly feel the texture of Gu Qiqi's small hand.

An even more wild voice kept clamoring in his mind. "Cut the crap. Be direct!"

Gu Qiqi's small hand seemed to have been scalded.

No, this definitely wasn't the effect of the bullwhip soup.

She was 100% sure that the mild bullwhip soup wouldn't be like this!

Her heart trembled fiercely.

Gu Qiqi's voice trembled. "You... You have to be rational. If you can't take it anymore, I'll go out and find a woman for you to settle it with... Hmm..."

It was fine if she didn't say that she was looking for a woman to settle this for him.

Upon hearing this, Gong Jue became even more furious.

This stupid woman liked to push him away so much?

Since the first time they met.

She pushed him towards the machine.

The second time, she escaped from his territory.

The third time, she tried to sneak an attack on him while he was in the shower.

She didn't even tell him about the college entrance examinations or ask for his help.

She went to a men's clothing store to buy a shirt for other random men too. Not for him!

She could at least buy two pieces for him. This would give him a reason to forgive her stupid actions.

There was actually none at all.

She completely treated him as an outsider.

The more Gong Jue thought about it, the angrier he became.

He watched as Gu Qiqi kept talking about pushing him out.

He simply moved over without any resistance!

Chapter 167: Don't Touch My Friend's Things!

Gong Jue was the same as always.

How arrogant!

Especially when he thought of the “good deeds” that this stupid woman had done these few days—each and every one of them was still vivid in his mind—Gong Jue’s eyes reddened.

He couldn’t wait to swallow Gu Qiqi whole.

But in the very next second, something even more terrifying was waiting for her.

“Hiss—!”

Gong Jue freed up one hand.

He immediately tore her jacket off!

That was Xiao Ning’s jacket. She had just lent it to her for less than half an hour and it was still carrying Xiao Ning’s warmth. It was sacrificed so valiantly.

“Bastard... You can’t touch my friend’s things...”

Gu Qiqi was also angry and bit him ruthlessly.

Gong Jue released her slightly, but his gaze couldn’t help but look down. His gaze deepened.

The moonlight shone from behind her and reflected on Gu Qiqi’s short skirt. It was adorable and attractive.

Gong Jue’s Adam’s apple bobbed. “What are you shouting for?! You’re in charge of digesting the soup and the ingredients that you added!”

“When did I add anything... That soup’s effect isn’t... Oh!”

Before Gu Qiqi could defend herself, she was stopped by Gong Jue again.

Gu Qiqi was extremely nervous.

She refused to give up and fought with him.

At the same time, she instructed the little turtle in her mind.

“Little turtle... Bite! Charge!”

“Master Silver, you can’t do it. If you break him, we’ll lose an important source of energy in the future.”

“If you continue to dawdle, believe it or not, I’ll break your tail!”

“No. Master, look. The energy points are rising steadily. Why don’t you hold on for a while longer and let him come into contact with you a few more times? We’ve earned enough. I’ll hit him ruthlessly again and make him faint? I guarantee that I won’t let him bully you...”

“You... cheat!”

“Actually Master Silver, his energy is really super strong. He’s a rare tonic for you. You can think of him as a perfect nourishing pill or a bowl of soup to nourish your body. Then, it won’t be so difficult to accept...”

“You... Get lost!”

Not only did Gu Qiqi want to choke Gong Jue to death now, but she also wanted to choke this unreliable pet to death.

What for?

“Hiss—!”

Xiao Ning’s jacket became a tattered rag and was thrown to the ground.

If this was a fight, then she would be the passive party who was at a complete disadvantage. She would fall into her enemy hands little by little, while Gong Jue would be the aggressor who would flaunt his prowess and press on!

Just as he was about to succeed...

Suddenly!

The fight in the dark stopped.

Gong Jue’s heavy body leaned heavily against Gu Qiqi’s body. His breathing became unusually heavy from the roughness just now!

What was going on?

It stopped?

Gu Qiqi finally managed to catch her breath.

He bent his knees and launched a sneak attack!

Logically speaking, it would be very painful to attack the other party like this. However, Gong Jue only let out a muffled groan and remained motionless on her body.

Gu Qiqi frowned. “Little turtle, what have you done?”

“I didn’t! Master, I swear that I definitely won’t destroy your tonic!”

The little turtle didn’t make a move, so why would a man stop at the last minute?

The lights flickered in the corridor.

Gu Qiqi’s heart beat like a drum as she thought of a possibility.

Could it be that... that the bullwhip stew was too strong?

No.

Although the quality of the bullwhip was very good, its nature was gentle. It didn't have the exaggerated effect of drinking a bowl of soup that would keep him up all night as the rumors said.

What else could it be?

Borrowing the moonlight, Gu Qiqi's gaze landed on the jacket on the floor.

Xiao Ning's jacket.

Another woman's jacket!

Chapter 168: This Was the Only Way To Save Him

She stared at Xiao Ning's jacket.

Gu Qiqi finally understood.

Gong Jue really couldn't touch women.

Not only could he not touch a woman's body, but even an object stained with a woman's scent could trigger his illness.

This was the first time she had seen such symptoms after working in the hospital for ten years in her previous life!

It was too serious.

No wonder he could only work in high-tech industries.

In this kind of technological company where nerds gathered, he only interacted with men.

Even the doctors from the Medical Department were men.

Of course he would be fine!

Gu Qiqi's heart skipped a beat. But why was she that exception?

Not only did he touch her, he even kissed her.

He was so close just now. They even did the last step but he wasn't allergic.

Also, didn't he have a side girlfriend "Little Palm"? To be able to become his little girlfriend and for him to visit her in the middle of the night, he shouldn't be allergic to her either, right?

Yes, she wasn't an exception.

Even if she was an exception, she was the second exception.

Her heart gradually calmed down. What followed was a trace of anger.

Was the domineering man treating her as medicine because his "little palm" wasn't by his side?

He deserved it!

She pushed him away forcefully, wanting to throw him to the ground.

However, the man's hand was actually holding her tightly. His heavy body was unwilling to leave her at all.

D*mn it!

How was she going to break away from him?

"Master, you can't be so heartless in the way you treat your tonics. You have to save him... Look at his face. It's purple. It seems to be quite serious." The little turtle reminded her at the appropriate moment.

Gu Qiqi rolled her eyes at it. "If your heart aches, you can save him."

The little turtle looked innocent. "Master Silver, my turtle shell is useless against him..."

"Whose pet are you exactly? Why do you always think about encouraging me to come into contact with men?"

"Master, Master, you must hold your anger back! What I mean is that if you don't save him and someone finds out that he died in your bedroom, you won't be able to get away with it! The crime of murder is huge! You won't be able to attend university then! Xiao Bei, Little Master Xiao Ning, and Brother Tianyu are going to die an unnatural death..."

"Shut up!"

Gu Qiqi had to admit that the little turtle was right.

"I can get Special Assistant Lu to save him! Also, I heard that that scum slept in a pigpen tonight. He can be dealt with too."

"No, Master Silver. Think about it. Once they enter and see this questionable scene between you and him, hehe..."

"Shut up!"

Gu Qiqi was going crazy.

Xiao Ning's clothes were tattered.

Her skirt was also torn.

Anyone who saw this would probably let their imagination run wild.

Especially that scumbag Bai Lang.

They had always been at odds with each other. If he saw this, wouldn't he laugh at her for an entire year?

How was she going to torture that Little Lang happily in the future?

Gu Qiqi was extremely depressed.

She couldn't call for someone to save Gong Jue. Could she do it herself?

"Yes, yes, yes. Master Silver, you can do it yourself. It's most reliable. Just once will do."

"Master Silver, you don't have to feel burdened. He's already unconscious now. No matter what you do to him, he won't feel anything..."

"Just treat it as a white-robed angel treating illnesses and saving people. Furthermore, this patient is quite manly..."

"Close your eyes..."

The little turtle urged her with all his might.

"Enough! I'll take care of it." Gu Qiqi felt that her ears were about to burst from the little turtle's words.

It wanted her to get married to Gong Jue?

This was like taking her life!

But looking at the tall and powerful man sleeping on her shoulder under the moonlight, the violence and arrogance from just now had disappeared. All that was left was his heavy breathing.

For a moment, her heart skipped a beat.

She would just treat it as a white-robed angel treating illnesses and saving people...

Anyway, he didn't feel anything when he was unconscious, right?

Her small hands slowly supported the man's resolute face.

She approached him slowly.

Gu Qiqi, who had never taken the initiative before, was so nervous that her hands were trembling!

Finally...

Chapter 169: The Little Filthy Turtle Actually Told Her to Continue

Previously, Gu Qiqi had despised Gong Jue for kissing her as he always nibbled on her lips.

But now that she had kissed him, she realized that this wasn't an easy task.

Both of them had high nose bridges. In a moment of carelessness, their noses clashed and they felt sore. In the end, their lips hadn't met.

His lips tightened.

It wasn't easy to pry them open.

Gu Qiqi criticized him ten thousand times in her heart. Those romance novels were definitely scammers. The characters kissed just like that and even acted so skillfully and romantic.

In fact, for a person without kissing experience, this was definitely a highly difficult technical task.

She was so anxious that a thin layer of sweat formed on her forehead, but she still didn't succeed in kissing him.

Why was it so difficult to save someone?

Gu Qiqi gnashed her teeth. She stretched out her slender and fair hand and decided to use her unique skill of administering medicine to disobedient children...

She pinched Gong Jue's nose!

The man couldn't breathe. After a while, his lips parted.

Gu Qiqi was delighted and hurriedly moved towards him.

But she was still a second late!

Well, she didn't manage to kiss him...

The little dirty turtle couldn't help but watch from the sidelines. "Master Silver, this won't do. Do you know what kind of situation would make a man open his mouth?"

Gu Qiqi curled her lips and thought to herself, You speak as if you're a man.

But she still held onto a trace of hope and asked, "What's the situation?"

The little dirty turtle described it vividly.

Gu Qiqi's small face flushed red.

"Where did you learn this from?!"

"I saw it on the Internet..."

"You're not allowed to secretly use my phone's Internet in the future!"

"Master, but this is the only solution now..."

"Then, we won't save him!"

Gu Qiqi closed her eyes and felt depressed for a long time.

Gong Jue's body became heavier and his breathing became heavier. It didn't sound good.

Although she said that she wasn't going to save him, she was secretly worried.

In her mind.

She even saw the look on Gong Jue's face when he saved her from Gu Qiushan's hands in front of the escalator in the hospital.

She remembered Gong Jue eating the food that he had picked up for himself at the Naval Commander's family banquet but kicking Gu Xuexue over.

She remembered how Gong Jue saved her from Yao Dazhuang at the bar.

She recalled the way Gong Jue helped her appear in the most perfect style during a live-stream on the Internet...

Of course, there was also that black bank card and that white crystal gift.

Unknowingly, she actually owed this stupid man so much!

Gritting her teeth, Gu Qiqi opened her small mouth to try again...

Ten seconds later.

She blushed and stopped.

“Master Silver, you succeeded! But why did you stop? Save him until the end. Hurry up and continue.”

Gu Qiqi’s cheeks flushed red.

Continue?

This method was too embarrassing!

She followed the little dirty turtle’s instructions and held his big palm as she reached under her clothes.

Then, she pressed his hand on her chest a few times.

Indeed, Gong Jue’s breathing became chaotic!

His lips parted slightly!

She immediately kissed him. This time, she succeeded.

She clearly knew that this phenomenon could be explained in medicine. The man’s hand had touched a woman’s softness and his mouth was dry. This was a very primitive conditioned reflex.

However, she couldn’t help but feel ashamed.

Blushing, she hurriedly kissed him in the depths of the room before escaping.

The little dirty turtle actually told her to continue.

Gosh, how was she going to continue?

Could it be that she would continue to let his hand...

Her small head was about to explode. Suddenly, a hoarse male voice sounded like thunder.

“Stupid woman, why aren’t you continuing?”

Chapter 170: His Heart Softened For A Moment

Then, Gong Jue said something even more shocking.

“Could it be that you’re worried that my lips don’t match yours?”

Gu Qiqi’s face flushed red. She forced herself to retort. “So, you pretended to faint just now, you scum!”

He actually dared to lie to her!

“Scumbag? Is this considered being a scumbag? Then, I haven’t let you experience anything worse!”

As he spoke, Gong Jue lifted Gu Qiqi’s small body and threw her onto the bed sheets!

Gu Qiqi was about to cry from the throw. That d*mned stupid man. Did he think that she was tofu? Why was he throwing it around like this?

She shouldn’t have saved him just now. She should just let him faint to death!

Before she could protest, Gong Jue’s kiss landed on her face again.

In the morning.

Outside the window, the catchphrase of the laboratory nerds working in the field spilled into the bedroom.

Gong Jue’s long eyelashes blinked. He was awake.

Upon realizing that the stupid woman was lying obediently beside him, Gong Jue’s lips curved up slightly.

He had just woken up and his smile still had a trace of adorable warmth.

But in the very next second, the man’s tall and sturdy body bent slightly. His long and slender arms instantly helped her scoop up the stationery scattered on the floor.

He saw that there was actually a tattered shirt between the two of them!

That’s right. It was Xiao Ning’s jacket that he had torn off previously.

That other woman’s tattered clothes.

A headache came!

Suddenly, the scene from last night flashed across his mind like a movie replay!

He pressed Gu Qiqi onto the wooden bed.

He initially wanted to execute her on the spot.

In the end... for some reason, he fainted again and landed heavily on her body.

In a daze, he seemed to have woken up and continued kissing her.

Before he could regain his consciousness, he fell unconscious once more.

No wonder he didn’t feel any joy after releasing himself when he woke up just now.

It turned out that this stupid woman had used that lousy shirt to protect herself for the entire night!

Gong Jue was furious. The consequences were serious.

“Stupid woman, get up!” Gong Jue gnashed his teeth in anger and threw that tattered shirt out. “Don’t you know that a man’s energy in the morning is stronger than at night? Hmm? Where did you get your confidence from to think that I can’t do you in the morning?!”

Gong Jue’s angry roar didn’t wake Gu Qiqi up.

She was too tired.

She hadn’t slept well at all during this period of time.

After fighting with Gong Jue last night, she was really exhausted.

Gong Jue’s angry roar was just a mosquito’s buzz to her at best.

She waved her small hand and muttered, “Oh... Let me sleep a while more... I’ll take care of you after I’m done sleeping...”

Gong Jue’s anger disappeared after hearing her child-like protests.

This stupid woman wanted to torture scumbags even in her dreams.

There was no sense of security given to him at all.

Feeling very helpless and unhappy, he got up, turned on the cold water in the bathroom, and rushed down!

He would never admit that his heart softened for a moment when he saw her exhausted look and didn’t touch her.

He just didn’t like to sleep with a woman who hadn’t showered!

That’s right! He was mysophobic!

D*mn it! The water was cold, but it couldn’t extinguish that fire!

Gu Qiqi didn’t see Gong Jue for three consecutive days.

What happened between the two of them that night felt like a dream.

If she didn’t wake up in the morning and see the tattered clothes on the floor and the little dirty turtle happily flaunting the surging energy points... Gu Qiqi really suspected that she was dreaming.

Where did that domineering man go?

But she didn’t have the time to ask this question.

Because she was going to Qing Cheng Prison to visit Gu Qiushan today.
