

**Dear Chief 171**

**Chapter 171: What A Witch**

It was early morning.

Gu Qiqi brought along the agreement on the transfer of custody. She packed up briefly and left the house.

Before she left, Special Assistant Lu asked her where she was going and if she wanted her to send her off.

She only said that it was fine like usual.

Special Assistant Lu didn't think too much about it and thought that she would still go to the pharmacy.

Usually, she would send a bodyguard to follow her from afar. But when Master Jue left in a frenzy last time, he said, "You're not allowed to interfere in the affairs of the stupid woman in the future!"

He guessed that Master Jue meant that he was giving Young Lady Qiqi freedom?

Anyway, Young Lady Qiqi loved to go to pharmacies the most. Recently, there were no signs of her escaping. Master Jue said that he didn't care... Sigh, then she shouldn't care.

This time, she didn't send any bodyguards along.

Qing Cheng Prison was located by the moat. It looked solemn and orderly. The surrounding flowers and plants were sparse. It was very neat and imposing.

Gu Meifeng led Gu Xuexue to the guardroom at the door.

As she was visiting Gu Qiushan, Gu Meifeng specially ironed Gu Xuexue's school uniform to make it look simple.

Seeing Gu Qiqi walk over in a white dress, Gu Xuexue caressed her swollen face and said to Gu Meifeng hatefully,

"Mommy, look at that nerd. She's strutting around with us and actually wearing that expensive gown to visit the jail. What a coquettish b\*tch!"

Gu Meifeng looked over. Gu Qiqi—who usually only wore an old school uniform—was indeed extraordinary in this dress today.

She was wearing a pearl-white little umbrella skirt. She looked noble, elegant, and energetic.

She looked familiar.

That's right. It was that "battle robe" from the day of the live broadcast on the internet!

"Hmph! All these years, I've educated her to keep a low profile for nothing. She only slept with that wild man outside for a few days and already doesn't know her own surname." Gu Meifeng laughed coldly.

Then, she comforted Gu Xuexue. "It's okay. The more coquettish she is, the more your uncle will hate her. He will think that she's cheap and she's suitable to be that kind of... Heh heh, isn't that perfect?"

That's right! That kind of thing was suitable for flirtatious sluts to do!

Indeed, Gu Xuexue laughed smugly. "Mommy, old ginger is indeed spicy. Your arrangements were still flawless. That bookworm never expected you to have such a trick..."

Gu Meifeng smiled sinisterly. "Of course. Mom hasn't been in society for nothing all these years. It's easy to deal with a brat like Gu Qiqi."

To be able to handle the Gu brothers with ease, it would be strange if she, Gu Meifeng, didn't have some skills!

As Gu Qiqi walked closer, the smile on Gu Meifeng's face became increasingly bright.

She stretched out his hand and pulled Gu Qiqi's small hand.

"Qiqi, quick, let me take a look at you. I haven't seen you in these few days, but you're really becoming more and more beautiful. Just ignore the gossip from those people outside. I believe that you're innocent and a good girl. Look at what you're wearing today. You're tall, elegant, and generous. You have good taste. You're much prettier than your younger sister. Let's go. Let's go and see your father together."

No matter who it was, after hearing Gu Meifeng's words, they couldn't help but praise her for being such a considerate aunt, right?

Of course, the premise was that they didn't hear her conversation with Gu Xuexue previously!

But Gu Xuexue was very unhappy with that sentence "much prettier than your younger sister". She criticized her in secret for a long time.

He stole a glance at Gu Qiqi and realized that there was no change in expression on her face. Her small and calm face didn't reveal any emotions.

There was actually something hidden!

"Gu Qiqi, you have the time to dress up so coquettishly, but you don't have the time to come and see your father early. You even made me and Mommy wait here for half a day. Don't you feel ashamed?!" Gu Xuexue couldn't help but say sarcastically in a loud voice.

Even the guard on duty looked over with disdain when he heard this.

She initially thought that Gu Qiqi would blush from her embarrassment.

But what she didn't expect was...

Gu Qiqi glanced at her coldly as if she was looking at an idiot. "You're speaking so self-righteously. Those who don't know might think that Gu Qishan is your biological father."

## **Chapter 172: The Little Red Filthy Turtle**

"You... You!"

Gu Xuexue choked and her face swelled up even more!

Gu Meifeng's face paled and a strange look flashed across her face.

This d\*mned girl actually dared to say anything.

She said that Xue Xue was Gu Qiushan's child...

She gnashed her teeth to hide that abnormality and continued to smile. "Xue Xue, your older sister likes to joke. She actually meant that your uncle dotes on you like your father. This isn't wrong either. Alright, let's go in quickly."

Gu Qiqi glanced at Gu Meifeng lightly.

This woman had always been eloquent. She was a smiling tiger.

That impulsive idiot Gu Xuexue wasn't worth being afraid of. On the other hand, this woman made people have to be vigilant.

But this was a jail. What could this woman do even if she wanted to?

Gu Qiqi's heart sank. With some vigilance, she strode into the door.

The jailer checked the identification documents of Gu Meifeng and the others in a businesslike manner. Then, he said, "Wait for me!"

The three of them were led into a sealed visitation room and waited obediently.

It was an impregnable fortress.

An expressionless guard.

Gu Meifeng sat with her lips pursed. Gu Xuexue's eyes kept darting around.

After Gu Qiqi lightly scanned the surroundings, her gaze landed on the little dirty turtle.

"Can I activate two skills now?" She had been conflicted about what skills to activate first. Now that she had enough points of lust, this trouble was gone.

But the little dirty turtle suddenly shrank its neck.

"Master, that... is only enough to activate one skill..."

Gu Qiqi frowned. "Do you think that a college entrance exam candidate doesn't know how to calculate? You already told me a few days ago that it's going to hit 100,000 color points soon. Could it be that they haven't been credited to us these few days?"

What was Gong Jue doing that night when he went crazy and kissed her?

The little dirty turtle shrank its tail guiltily. "I'm sorry, Master. I... I forgot to tell you. I found this brown turtle shell too ugly and changed its shell color..."

Change its shell? A turtle shell wasn't a phone shell. Why would it change it for no reason?!

Gu Qiqi frowned. Only then did she realize that the originally dark brown little dirty turtle had actually appeared a little crystal red. But its original brown color had not completely faded yet, and it seemed a little strange that it was in a shade of red.

“So, you’re telling me that you changed the hard-earned color points into new clothes that are also incomparably ugly?”

“No, no, no. Master, this red shell isn’t as simple as just clothes. I...”

“Forget it. There’s no need to explain anymore. Actually, you’ve been encouraging me to earn points all along not to let me activate some new skill at all, but to let you use it yourself, right?” Gu Qiqi was slightly disappointed.

She wasn’t angry at the little dirty turtle for being so perverted.

She was disappointed that it was hiding something from her, and even lying to her.

Didn’t many people deceive her in her previous life?

“No, no, no. Master Silver, I, I... I was just confused for a moment. I saw that the two of you have been kissing frequently recently. I thought that you didn’t lack this, so I took the initiative to change my shell... Master Silver, please forgive me! I won’t dare to do it again next time! Definitely!”

Its adorable little claws desperately grabbed Gu Qiqi’s collar, afraid that Gu Qiqi would pull it down and throw it out.

“There won’t be a next time!” Gu Qiqi said coldly. “Also, tell me everything that you’re hiding!”

“I’ll tell you! I’ll tell you everything!” The little dirty turtle said honestly. “Actually, Master Silver, not only do your skills have a level, but my ability also has a level. Red, orange, yellow, green, blue, indigo, purple. The seven colors represent the level of our abilities...”

Gu Qiqi frowned. “So, we’re only at the lowest level now?”

Red.

If she wanted to reach the pinnacle, its shell had to be purple!

### **Chapter 173: Her First Skill**

Gu Qiqi stared at the little dirty turtle.

Seeing it cower in fear, it said timidly, “Master Silver, my level is too low. You... don’t like it?”

Red, orange, yellow, green, indigo, blue, and purple. It had consumed nearly 100,000 color points to upgrade from the original color of brown to the most elementary color of red. How difficult would it be to advance to the highest level of purple?

Gu Qiqi’s eyes darkened. She curved her lips and said, “Who said that? Going from the lowest level to the peak by relying on your own ability, isn’t that the joy of life?”

If the little dirty turtle was really an invincible golden finger that could satisfy her in everything, she really suspected whether this redo life was a fantasy or a fake life.

But...

She ruthlessly stretched out her thumb and index finger and forcefully flicked the little dirty turtle's head. "I'm quite disdainful of your actions of hiding something from me! If there's a next time, you'll hug your turtle shell and—Get lost!"

"Yes, yes, yes. Master, I won't dare to anymore!" The little dirty turtle was about to cry. Finally, it received Gu Qiqi's forgiveness and cried tears of joy.

Then, he offered a treasure and said, "Master Silver, since we have to wait for the guards to get the person anyway, why don't we activate a new skill and try it first? Do you want to activate your martial strength? Learn some ancient martial arts, Muay Thai, and so on. Later, we'll give that irritating Gu Xuexue and that aunt of yours—who's two-faced—a few world-shaking slaps..."

Gu Qiqi glanced at it lightly. "Don't use force when you can use your IQ."

"Oh, I know..." The little dirty turtle stuck out its tongue.

Why did it feel that its realm was so far away from Master's?

Gu Qiqi muttered to herself for a while and said, "Activate the medical skills first. I want to see if I have the ability to treat Little Bei's eyes."

Although scums were hateful, the first person in her heart was still her younger brother, Xiao Bei.

"Okay, 100,000 color points. Ready!"

Following the little dirty turtle's excited voice.

A faint red light flashed across Gu Qiqi's mind.

Golden particles could be vaguely seen in the red light.

Was that what the color points were?

Indeed, everything valuable in the world was golden.

Gu Qiqi had just sighed when a dull pain struck her mind!

She bit her lips tightly and tolerated it.

It seemed that her bone and muscles became numb as the golden granules entered her body.

There was an obvious change in her entire body, but she couldn't tell what it was at the moment.

Gu Qiqi opened her palm. A trace of red entered her skin and disappeared in an instant.

"Success! Master Silver, the first medical skill you activated was..." The little dirty turtle's excited voice gradually faded.

Gu Qiqi felt that something was wrong and asked, "What is it?"

“Master Silver, I want to be honest with you. Your medical expertise is at the first level of Crimson. You can only develop one skill, and this skill is random. Of course, the greatest probability is the surgical skill. But I never expected that what you activated was actually...”

“What exactly is it?!” Gu Qiqi already had a premonition that this outcome would probably go against her desire to save Xiao Bei.

“It’s... poison detection.”

Gu Qiqi was speechless.

Indeed.

Identifying poisons was a term used in modern medicine. It was to identify herbs that contained poisons.

This belonged to the field of pharmacy.

Xiao Bei’s illness was congenital eye and heart disease, not the sequela of poisoning. This wasn’t what was needed.

Gu Qiqi only allowed the disappointment to exist for a moment.

In the very next second, she took a deep breath and said with a determined look in her eyes, “It’s fine. There’s nothing to complain about if I have an additional skill. You have to know that skills shouldn’t be classified into different grades. At the critical moment, inconspicuous skills can save lives.”

The little dirty turtle scratched its claws and nodded desperately in agreement.

Oh, it was more and more infatuated with its master!

While Gu Qiqi was exchanging color points here, Gu Xuexue and Gu Meifeng were anxiously looking towards the door.

Why wasn’t he here yet?

They clearly agreed on this beforehand...

#### **Chapter 174: I’m a Student! I Don’t Have Money!**

Just as Gu Xuexue couldn’t hold it anymore and stood up.

“Clang!”

The enclosed visitation room was opened!

A prisoner in a black prisoner’s uniform was pushed in.

“Meeting time, half an hour!”

The door was locked again!

Gu Qiqi looked up. Only then did she clearly see that the extremely haggard and skinny prisoner was Gu Qiushan.

The once high-spirited Director Gu—who owned the most profitable hospital in Qing Cheng—had now become the most miserable prisoner.

At this moment, Gu Qiqi was a little moved.

After all, he was her father.

Pursing her lips, she didn't speak or reveal a trace of mockery.

If Gu Qiushan could compensate her honestly and stay in jail for ten years, she would no longer pursue the reproach and injustice he had done to her and Xiao Bei in the past.

He would atone for his sins.

While she was thinking, Gu Meifeng walked forward with a smile and held Gu Qiushan's hand. "Brother Qiushan, you've suffered! Xuexue and I miss you so much!"

As she spoke, she actually squeezed out a few drops of tears from her smile.

She seemed so sincere.

Gu Qiqi was about to applaud and praise her superb acting skills.

"It's useless to just think about me. Have you brought the money?!" Gu Qiushan spoke. His voice was dry and experienced. It was anxious and anxious.

Clearly, this jail term had a considerable impact on him.

Gu Meifeng hurriedly wiped her tears. Only then did she remember something. She turned around and pointed at Gu Qiqi. "Also, Qiqi. She's here too. She knows that you want to raise the money and she wants to do her best. She's really filial!"

Gu Qiushan was satisfied. "Yes, this is what a family should be like. If there's anything, we have to share the burden together."

Gu Qiqi's eyes turned cold.

It turned out that he had called her over today to cheat her of her money?

Gu Qiushan was going to be fined 99.9 million dollars for a mistake in the operation. It was such a large sum. No wonder Gu Qiushan was so anxious.

She knew that Gu Meifeng definitely had an ulterior motive, but she didn't expect that she would cheat her of her money.

Was it really as simple as cheating money?

Gu Qiqi didn't believe it.

She said noncommittally, "I'm just a student. Where will I get the money?"

I'm sorry, Gu Qiushan. You have to pay for your sins yourself!

I'm not obligated to stand up for you.

Upon hearing this, Gu Xuexue became excited. “Who said that you don’t have money? Weren’t you booked by an old man—”

Before she could finish speaking, she heard Gu Qiqi’s tone turn cold. “Gu Xuexue, did you forget that time when you spread rumors and were slapped until your face became a pig’s head?”

He even dared to mention the words “old man’s sugar baby” to her?

Gu Xuexue covered her still swollen face and didn’t dare to say anymore. She moaned and hugged Gu Qiushan’s arm. “Uncle, when you weren’t at home, Sister always bullied me like this and was fierce to me...”

Gu Qiushan coaxed Gu Xuexue patiently. “It’s fine. She won’t dare to.”

Then, he said to Gu Qiqi impatiently, “Look at your insensible look! You should be humble towards your own younger sister. Why are you so fierce? Hurry up and apologize!”

Apologize?

Heh heh, dream on!

Gu Qiqi sneered. “My mother only gave birth to a daughter and a son. I don’t have a biological sister to make way for.”

Gu Qiushan gnashed his teeth. “What’s there to quibble about?! You’re the big one, Xuexue’s the small one. The big one should give in to the small one. It’s only right for an older sister to give in to a younger sister.”

What?

Who was the younger one?

The person who was weak was the one bullied?

What kind of logic was that?

Gu Qiqi suddenly realized that whether it was in her previous life or this life, Gu Qiushan would always protect Gu Xuexue in every way possible. He was unreasonable.

Xiao Bei had contributed ten thousand times to this family, but it couldn’t compare to Gu Xuexue’s occasional coquettishness and weakness.

Gu Qiushan favored men over women, but he seemed to enjoy Gu Xuexue’s coquettish behavior!

He hadn’t changed at all.

She suddenly had a wicked thought. If Gu Qiushan knew that Gu Xuexue had spent all his money behind his back and caused him to be unable to pay the compensation... would the money-loving Gu Qiushan still protect Gu Xuexue unreasonably!

Could he still dote on Gu Xuexue so blindly?!

**Chapter 175: Exposing Her Gentle and Sensible Mask**

Gu Qiqi raised her eyebrows lightly and glanced at Gu Qiushan.

Did this man dote on Gu Xuexue and her mother a lot?

He doted on her so much that he didn't care about right or wrong.

Very well.

Then, let's test the weakness of human nature.

She looked up lightly and said unhurriedly, "Yes. If we're talking about age, I should indeed give in to Gu Xuexue. Back at the pharmacy in the National Medical Hall, she snatched more than ten kilograms of gelatin from me. I didn't say anything either. I'll just give in to her."

At the mention of gelatin, Gu Xuexue became nervous. A bad premonition arose spontaneously!

She was here to visit the jail. Why did that bookworm Gu Qiqi mention that time she snatched the medicine?

Gu Qiushan nodded in satisfaction. "Very good. That's how it should be. As an older sister, you should do more for the family and bear more responsibility. It's only right to give in to your younger sister in everything."

This twisted logic again!

Whoever was older would be unlucky.

Whoever was younger had the right.

But this time, Gu Qiqi wasn't that angry anymore.

The corners of her lips curved up slightly, and a deep smile was hidden in her eyes. "Yes, you're right. I do have to give in to her. What else can I do if I don't? She swiped a bank card worth more than a million dollars and snatched the medicine from me."

More than a million dollars?

Indeed, the smile on Gu Qiushan's face disappeared.

"Xuexue, where did you get so much money? Why did you use so much money to buy random medicine?!" Gu Qiushan frowned.

Although he was usually generous, he would at most give Gu Xuexue tens of thousands of dollars in pocket money.

One million dollars was not a small amount for a high school student.

Recently, he had been trying his best to raise money and pay the fine. If he couldn't gather the money, his sentence would be doubled. He would have to go to jail for twenty years. He would be crippled for life.

At this critical moment, Gu Xuexue actually went to buy a medicine worth more than a million dollars!

Where did this money come from?!

Gu Xuexue's face turned pale after being questioned by Gu Qiushan.

If she still didn't understand Gu Qiqi's meaning at this moment, then she was really stupid.

It turned out that Gu Qiqi wanted to expose her gentle and sensible mask and completely expose her luxurious and arrogant side in front of Gu Qiushan.

Gu Xuexue was furious. She opened her mouth and retorted, "Gu Qiqi, you're slandering me. You even spent more money back then. Why didn't you say..."

Gu Qiqi spread her hands. "I'm helping someone run an errand to buy medicine. Of course, I'll pay as much as others give me. I'm just earning a living fee. I'm thinking about not reaching out to my family for money in university."

These last words made Gu Qiushan's expression look better.

Yes, he could have a daughter who didn't want money.

But the next words made Gu Qiushan's expression turn even uglier!

Gu Xuexue quibbled. "I'm not buying it for myself either. I'm buying tonics for Uncle! I'm making soup for Uncle to nourish his body..."

Gu Qiqi laughed sarcastically. "Really? I never knew that gelatin would nourish a man's body. Isn't it a woman's tonic?"

Gu Xuexue was at a loss for words!

Veins bulged on Gu Qiushan's forehead!

"Xue Xue, where did you get the money from?!" He couldn't help but question her loudly.

If it were in the past, although he felt heartache for this one million dollars, he couldn't bicker about it. But now, this was his life-saving money. It was squandered away just like that, and it was even used to buy women's tonics. He was really going to die from anger.

"I..." Gu Xuexue was at a loss for words. She didn't know how to complete this lie.

Gu Meifeng hurriedly saved the situation. "Brother Qiushan, don't be angry. Actually, I've been running around to clear your relationship with these tonics during this period of time..."

Gu Qiushan was silent for a moment.

This explanation barely made sense.

"Alright, you guys have worked hard too..." He sighed.

She was forgiven just like that?

If this one million dollars were exchanged for his or Xiao Bei's spending, would Gu Qiushan let it go like this?

Gu Qiqi laughed coldly in her heart.

Then, she said lightly, “Gu Xuexue, a few days ago at our high school class gathering, you also used a million dollars to book the entire venue. It turns out that you’re also helping my father clear his relationship?”

### **Chapter 176: She Was Like an Outsider**

What?

Another million dollars!

Gu Qiushan covered his heart and felt that he was going to have a heart attack.

No matter how much he wanted to tolerate it, he couldn’t help but flare up.

He was in jail here. He slept on the cold floor every day and endured the humiliation of the jailor. But Gu Xuexue, this insensible girl, actually spent his hard-earned money one million dollars after another! The money to save his life!

Buying gelatin? Booking a bar to celebrate a class gathering?

Why didn’t she go to heaven!

“Slap—”

A ruthless slap landed on Gu Xuexue’s face.

Although Gu Qiushan had lost a lot of weight after being tortured in jail, the strength of that man’s slap couldn’t be ignored.

This slap landed.

Five distinct fingerprints appeared on Gu Xuexue’s already swollen face.

The corners of her lips cracked open.

She bled.

“Brother Qiushan! How can you hit a child? She only spent a little money...” Gu Meifeng pounced on Gu Xuexue with heartache and hugged her.

“A little money?” Gu Qiushan became even more furious. “Don’t you know that I’m waiting for this money to save my life? How did you discipline the child? You made her have no manners at all. Apart from knowing how to spend money and pretend to be rich, what else do you know? Even the college entrance examinations cost money to enter a university. I raised her for nothing!”

The more Gu Qiushan spoke, the angrier he became. He spoke without thinking.

Gu Meifeng wiped her tears aggrievedly. “Are you despising my Xuexue for lacking in upbringing now? That’s right, my Xuexue doesn’t have a father’s love, nor does she have a father’s upbringing...”

Seeing the three of them in a mess and having a good show of fighting among themselves, the little dirty turtle clicked his tongue and sighed. “Master Silver, I finally understand what you meant by those words.”

“Yes?”

“You’re the one who said that when I can use my intelligence, there’s no need to use force. Master Silver, you’re too good. With just a few words, they started fighting on their own.”

It was only two million dollars, but she had already discovered the weakness of human nature!

Gu Qiushan’s so-called love couldn’t compare to money!

“Yes. Don’t be happy too early.”

Gu Qiqi looked at the three people in front of her with a deep gaze.

Although these three equally selfish and narrow-minded people kept quarreling, why did she feel like they were family?

But she seemed to be an outsider...

Indeed, after quarreling for a few minutes, Gu Meifeng suddenly stopped the car.

She was the first to wake up.

No, her motive today wasn’t to quarrel, nor was it to debate whether Gu Qiushan doted on Xuexue or not.

She was going to teach that bookworm a lesson today!

Thinking up to this point, Gu Meifeng hurriedly stopped. Then, she put on a forced smile. “Brother Qiushan, the two million dollars won’t be able to come back anyway. What we lack is more than 90 million dollars. If we want to fill this big hole, we have to...”

As she spoke, she paused and swept a glance at Gu Qiqi.

“What are you looking at? Master, why is that woman looking at you with evil intentions?”

“Yes. Let’s hear what she has to say.”

Gu Meifeng’s real motive for this trip was probably going to be revealed soon.

However, Gu Meifeng wanted to say something but hesitated. She didn’t continue. Instead, she stared at Gu Qiushan with a limpid gaze that made Gu Qiushan’s heart skip a beat.

The anger from before gradually subsided. After calming down for a moment, another anger quietly surged.

He paused, rubbed his hands, and coughed.

Then, he opened his mouth and said to Gu Qiqi, “Qiqi, look. There’s a fine of more than 90 million dollars. Even if Dad transfers the hospital’s shares, he can at most raise more than 10 million dollars. Furthermore, if we sell the hospital, our family will completely have no one to rely on... You’re the eldest daughter of the family. You should consider everything for the family...”

“What do you want to say? Just say it.” Gu Qiqi looked at him calmly.

Gu Qiushan gnashed his teeth. "That day, Boss Yao told Dad that if you were willing to be his daughter-in-law, he would consider giving me a betrothal gift of 90 million dollars and even compensate me. Also, he would help me prove that I have a mental illness and apply to help me seek medical insurance so that I can avoid jail time."

Gu Qiushan didn't have to go to jail or return the money?

But the premise was that she had to become the daughter-in-law of that boss with the surname Yao?

Yao?

Yao!

Gu Qiqi's heart immediately turned cold!

### **Chapter 177: Was She Worth 90 Million dollars?**

Yao?

Wasn't that Yao Dazhuang's father?

He was the big boss of Qing Cheng Mental Hospital and one of the local nouveau riche?

So, was Gu Qiushan planning to sell his daughter for freedom?

What was he thinking? Was his conscience eaten by dogs?

But clearly, Gu Qiushan didn't think so.

Instead, he smiled and tried his best to persuade her. "Qiqi, this is a good thing. Look, the Yao family owns a mental hospital, and our Gu family owns a hospital. This marriage is compatible with each other and even complements each other! You definitely won't suffer a loss if you marry into the family. Also, Dad can escape from jail. This is simply killing two birds with one stone!"

Gu Meifeng chimed in excitedly, "That's right, that's right. Qiqi, what your father said makes sense. I heard that Yao Dazhuang is a talent with a handsome figure. With him as your husband, would you still be afraid of being bullied in university? You don't have to earn your tuition fees anymore. Yao Dazhuang will foot the bill for you!"

Heh heh, handsome?

Gu Meifeng, are you blind? That fierce-looking Yao Dazhuang is called handsome?

Heh heh, tuition fees?

Dear Auntie, didn't you say that the tuition fees were prepared previously?

Why was she asking the man outside to foot the bill now?

Seeing that Gu Qiqi was about to be sold to Yao Dazhuang, Gu Xuexue happily joined in. "Sister, my brother-in-law's physical strength is definitely good. He was already interested in you at the class gathering that day. Why else would he be so passionate about drinking with you? The way he looks at

you is different. Can't you tell? His family took the initiative to propose a marriage. How much face is this giving you? Why aren't you saying anything?"

Heh heh, Brother-in-law?

How affectionate. Why don't you want me to give you a brother-in-law?

Heh heh, how much face did she have?

You sure are shameless!

Gu Qiqi laughed coldly and said lightly, "What if I don't agree?"

"No!"

"Of course not!"

"Sister, are you stupid to disagree?"

The three of them said in unison.

He was afraid that Gu Qiqi wouldn't agree.

Selling Gu Qiqi was the best solution.

Of course, Gu Qiushan was satisfied.

Gu Meifeng and Gu Xuexue were also happy to see this happen. At least, the two million dollars that they had squandered could no longer be pursued anymore.

"This marriage is so good. Gu Meifeng, why aren't you sending your daughter there? Gu Xuexue, why aren't you fighting for it? Didn't you say that as an older sister, you have to be humble? Why don't I give you such a good opportunity?" Gu Qiqi laughed sarcastically without a trace of coldness.

Gu Xuexue was stunned.

"He asked for you by name, Sister! I can't even be envious."

No, no, no. She wasn't interested in that stupid pig Yao Dazhuang.

What she liked was a superior man like Gong Jue. He was strong, powerful, cold, and domineering.

Tsk. One look and she was seduced...

She could push Gu Qiqi to Yao Dazhuang and then pursue Gong Jue...

Gu Meifeng was also smiling like a flower as she kept persuading her. "Qiqi, you have to think about it. If the Yao family is willing to settle this 90 million dollars from your father, it's equivalent to giving you a betrothal gift of 90 million dollars. Look at how valuable you are... Your younger sister doesn't have this fortune! Nobody wants her."

90 million?

She, Gu Qiqi, was worth 90 million dollars?

It was really “a lot”.

The little dirty turtle was already furious. “Master Silver, they’re too weird. Our 100,000 color points killed it by 90 million dollars in seconds. Do they think we care?”

“It’s not a question of whether I want it or not. If I want to sell you, do I still return the money to you?”

“Oh, that’s right! They’re doing this business without any capital! After selling you, they picked up the benefits and even said sarcastic words here that you took advantage of them. Damn, they’re too shameless!”

### **Chapter 178: Little Chili’s Hot Tempe**

Even the little dirty turtle couldn’t tolerate the shameless actions of Gu Qiushan and the rest.

But those three people felt good.

They took turns to persuade Gu Qiqi to get married.

“Enough!” Gu Qiqi reprimanded coldly. “I didn’t come here to discuss such boring topics with you guys today!”

She pulled out the custody transfer agreement and threw it on the table. “Sign this. From now on, I’ll be responsible for Xiao Bei’s medical fees.”

She knew that it wouldn’t be that easy to get Gu Qiushan to release her.

Only money could move him.

“You’re responsible? Where did you get the money? Qiqi, you have the money but you didn’t come to save your father!” Gu Meifeng deliberately raised her voice in an exaggerated manner, looking like she was heartbroken.

Indeed, Gu Qiushan frowned unhappily. “If you have money, use it to help me sort out the prison first. At least, help me change to a more comfortable cell. This lousy cell doesn’t even have an air-conditioner!”

Gu Qiqi laughed coldly in her heart.

Xiao Bei was in a nursing home. Because you owed money, he couldn’t receive timely treatment. His inflammation was about to rot his eyeballs.

Gu Qiushan, you’re actually complaining about whether there’s an air-conditioner in the cell? This kind of trivial matter!

You’re not only a useless father.

You’re not even fit to be a person.

You’re selfish and only have yourself left in your heart, right?

But for such a person...

Gu Qiqi said expressionlessly, “If you sign this, I can give you some money.”

“How much?” Even Gu Meifeng was curious.

“Not much. Two million dollars.” Gu Qiqi said lightly. “If it’s not enough, I can add another five hundred thousand dollars.”

Immediately, Gu Qiushan and Gu Meifeng’s faces burned.

Two million dollars was a slap to Gu Meifeng and Gu Xuexue’s faces. Because they had squandered two million dollars, they didn’t even hear a sound.

2.5 million dollars was a slap to Gu Qiushan’s face because he was a b\*stard father!

“Gu Qiqi, so you were lying just now. You clearly have money!” Gu Xuexue flew into a rage out of humiliation.

“I don’t have money. But even if I have to borrow money, I have to treat my younger brother’s illness.” Gu Qiqi looked at the three people coldly. “I’m not going to be reckless or rely on selling my daughter to struggle at death’s door!”

“You!” Gu Qiushan’s hands trembled.

This bookworm daughter actually dared to scold him.

“Don’t tremble when you sign it.” Gu Qiqi said lightly. Even when she was mocking them, she was very calm.

“I won’t sign it! You have no right to support Xiao Bei!” Gu Qiushan suddenly realized that Xiao Bei was Gu Qiqi’s weakness.

Only by holding Xiao Bei tightly in his hands could he make this daughter obedient.

“I’m not qualified? Could it be that you, a felon, have it? What a joke! If you don’t sign it, when it’s brought to court, you have to sign it even if you don’t want to. Furthermore, you won’t be able to earn a single cent. Think about it carefully.”

Gu Qiushan was at a loss for words.

Gu Meifeng rolled her eyes and stood on the same side as Gu Qiushan. She said, “Qiqi, I’m also Xiao Bei’s guardian. Even if your father transferred the custody rights, it would still be transferred to me. It’s not your turn...”

“If you don’t know the law, don’t come out and make a fool of yourself.” Gu Qiqi retorted without a trace of politeness. “I’m Xiao Bei’s biological sister. I’m the first guardian. You’re just a distant relative who can’t be connected. It should be said that when it’s anyone’s turn, it won’t be your turn!”

Gu Meifeng was at a loss for words. She was puzzled. Was that what the law said?

Why didn’t she know what it meant to be first and second...

This bookworm knew so much?

Gu Meifeng could only soften her tone. "Qiqi, you should consider your father's suggestion and get married as soon as possible. This way, your father won't have to go to jail and Xiao Bei will have someone to take care of him. This agreement doesn't have to go through so much trouble..."

"Shut up! Sign it or I'll see you in court!"

Gu Qiqi couldn't be bothered to talk so much nonsense with them.

If she didn't sign it, she would leave.

Once his voice fell.

Behind her, she suddenly heard the sound of rolling wheels and a series of vulgar laughter. "I like Little Chili's explosive temper! Gu Qiqi, I heard that you're going to be my wife. Are you so excited that you're going to faint?"

### **Chapter 179: Testing the Goods Before Getting Married**

That vulgar voice was too familiar!

Gu Qiqi frowned and looked back.

A steel wheelchair rolled in from outside the door.

The man sitting in the car was burly and had a fierce look on his face. His body was wrapped in bandages and even his crotch was no exception.

What was most shocking was that his arms hung limply by his sides. They didn't have any vitality at all and even emitted the stench of rotten flesh.

As a person who knew medicine, Gu Qiqi could tell with a glance that those two arms were actually... actually broken!

It was forcefully connected after they were cut off.

But the operation didn't seem to be successful. The muscle tissues inside should die very soon.

Gu Qiqi squinted. "Yao Dazhuang, you've already lost one egg. You still have the mood to get married?"

Who else could this miserable man be but Yao Dazhuang?

But Gu Qiqi really remembered that she cut off one of his eggs that night.

Who removed Yao Dazhuang's two arms?

A thought surfaced in her mind!

Could it be that... it was done by the man with erectile dysfunction? This simple and crude style really resembled it.

Gu Qiqi's small arm suddenly trembled.

She had disobeyed him so many times. Would he be unhappy one day and remove her as well?

Tsk. How terrifying.

Upon hearing Gu Qiqi's sarcasm about him losing his balls, hatred surged in Yao Dazhuang's heart!

"What's wrong with an egg? I can still mess with you until you want it!"

He didn't believe that he couldn't get his hands on this d\*mned girl.

Thinking about how he had nearly done her in the washroom that night, he felt so suffocated that his balls tightened.

"Are you sure?" Gu Qiqi laughed coldly. "You could only kneel down and beg me for mercy when you had two eggs. Now that you're crippled, are you sure you still have the capital to strut around?"

"You... You ungrateful woman! You refuse a toast only to drink a forfeit!"

Yao Dazhuang flew into a rage out of humiliation.

If a powerful and terrifying man hadn't appeared that day, he should have succeeded!

But after that incident, his rich director father actually couldn't find out who that man was and the whereabouts of the person who dislocated his arm!

All the surveillance cameras were broken. Even the ones outside the bar were no exception.

He felt really unhappy after suffering this injustice.

Fortunately, Gu Qiqi's father was still locked in jail.

Fortunately, Gu Qiqi's father was a greedy person.

Coupled with the arrangements that Gu Meifeng and Gu Xuexue had made for him... Hehe, he would definitely have a great time today.

Gu Qiqi?

Hmph, only her mouth was powerful.

He would kiss her lips first later!

Let's see if she could still be formidable?

"Dad, I request to consummate my marriage with her today!" Yao Dazhuang couldn't out-talk Gu Qiqi and directly made a request to his rich father.

Only then did Gu Qiqi notice that behind the wheelchair was an old man with a dark expression.

That sinister look on his face and that mouthful of fat made him look like an old Yao Dazhuang.

This father and son really looked alike!

Indeed, Boss Yao raised his nose to the sky and looked down on Gu Qiushan and the rest. "Have you thought about it? If you have, we'll do the test today! Our Dazhuang is also very picky. He won't wait until he's outdated!"

Inspect the goods?

Did he think that she was a commodity?

Gu Qiqi's eyes turned cold.

"Sure, sure. It's our Qiqi's blessing to be able to marry Dazhuang. She's still insensible. We can just make the decisions." Gu Qiushan hurriedly agreed and smiled. "We have to verify this before we get married. Heh heh, the first daughter is valuable. I understand, I understand!"

Looking at Gu Qiushan's flattering and impatient look.

Gu Qiqi's heart turned cold.

This man treated his own daughter as goods and sold her as he pleased.

A first daughter was valuable... Was that something a father could say?

### **Chapter 180: I'll Definitely Make You Unforgettable!**

Seeing Gu Qiqi fall into the trap that she had prepared long ago, a sincere smile surfaced in Gu Meifeng's eyes.

She deliberately interrupted and said, "Dazhuang, you have to be gentler to our Qiqi. Although the outside world is saying that she was taken care of by an old man, we swear that we guarantee that she didn't. It must be her first time... You have to... be gentler..."

As she spoke, she laughed lightly.

That's right. Gu Meifeng did it on purpose.

She deliberately mentioned the matter of the old man so that he would feel disgusted by Gu Qiqi. Later, when he bullied Gu Qiqi, he would torture her even more ruthlessly.

It was said that when a person with an incomplete body did that thing, their heart would also be different from that of a normal person. Presumably, they would definitely let that little b\*tch Gu Qiqi lead a life worse than death.

If that little b\*tch was better off dead, she and Xuexue would be happy!

Hahaha!

However, Gu Meifeng's smile didn't last for a few seconds before it froze on her face.

Gu Qiqi said lightly, "You want to try out the marriage, right? Sure."

Gu Meifeng was stunned.

Would that little b\*tch agree so easily?

Shouldn't the script be—The little b\*tch resisted fiercely and was then beaten ruthlessly until her face was swollen and swollen? Then, she was tied up and brought into the bridal room. Then, she was going to be humiliated by Yao Dazhuang—this cripple—with all his might?

Why was Gu Qiqi not following the script?

“Since we’re going to try it, how will we know if it’s good or bad if we don’t compare?” Gu Qiqi provocatively squinted.

Yao Dazhuang grinned. “Tsk. Little Chili is quite sensible. Why? Do you want me to find a few more people to compete with them in kung fu?”

“Is there a need to look? Isn’t there one here?” Gu Qiqi raised her slender hand and pointed to Gu Xuexue, who was gloating and watching the fun.

Gu Xuexue paled and cried out in fear, “I’m not a chicken!”

Gu Qiqi smiled lightly. “Yes. You’re even more lowly than a chicken. Perhaps, your skills are better.”

Yao Dazhuang reacted and rubbed his hands together as he laughed. “Good! That’s great! I’ve never tried it before. Let’s do it this way. The two of you can do it together! Tsk, it will definitely be unforgettable for life!”

Unforgettable?

Yes, definitely.

Gu Qiqi laughed coldly in her heart, but her face was as calm as water.

Gu Xuexue couldn’t remain calm anymore. She was so frightened that she cried out loud. She clung onto Gu Meifeng and begged for help. “Mommy, Mommy, we agreed to only mess with Gu Qiqi. Why didn’t they follow our agreement?! Hurry up and tell them that I’m not going. I’m not going to that cripple...”

She still had to leave her body for Gong Jue—that handsome man who was like a god—to use ruthlessly. She didn’t want to let trash like Yao Dazhuang play with it.

Gu Meifeng’s face turned pale.

The development of the matter was completely out of her expectations.

She never expected that Gu Qiqi would actually drag Xuexue into the water at the last moment.

She hurriedly stopped Gu Xuexue from screaming. Xuexue, this silly child. Wouldn’t her shouting expose their plans?

She looked at Gu Qiushan with pleading eyes. “Brother Qiushan, we’ve already agreed that Qiqi will be the one to go through the arranged marriage. Xuexue still has to marry in the future. You can’t do this...”

Gu Qiushan hesitated for a moment.

He didn’t feel any heartache about selling Gu Qiqi.

Selling Gu Xuexue... Xuexue... He felt a little reluctant.

Yao Dazhuang’s rich father laughed coldly and said, “A terrible debt of 90 million dollars. Buying one for free is already letting you off cheap! If you don’t want to do this transaction, then forget it!”

Gu Qiushan broke out in cold sweat.

If he didn’t do it? Wouldn’t that mean that he was going to jail for life?

No!

“Yes, yes!” Gu Qishan didn’t hesitate. “This is their blessing!”
