

Dear Chief 181

Chapter 181: The Most Valuable Level

Gu Qiushan's heartlessness.

Even Gu Meifeng was shocked.

She initially thought that Gu Qiushan treated Xuexue differently.

After all, Xuexue was their child!

But now, Gu Qiqi's few words of provocation actually made Gu Qiushan ruthless towards Gu Xuexue!

"Brother Qiushan! No!"

"Uncle, I don't want to!"

Gu Meifeng and Gu Xuexue begged.

Gu Qiushan became impatient. He even stretched out his withered hand and pushed Gu Xuexue towards Yao Dazhuang. "Didn't you say that you were going to try out the marriage? Young Master Yao, aren't you going?"

He was afraid that Yao Dazhuang and his father would go back on their words.

After pushing Gu Xuexue away, he even rubbed his hands and smiled obsequiously. "About that... Can you give me the evidence to seek medical treatment after you're out of jail first? There's no air-conditioning here at night. It's too hot..."

He was so focused on negotiating with Boss Yao that he didn't notice that the custody transfer agreement on the table had been accidentally rubbed against the floor by him.

He stepped on it and saw a black and dirty footprint.

Gu Qiushan stepped on it as if nothing had happened. For the air conditioner, he begged the other party obsequiously.

Gu Qiqi frowned.

Gu Qiushan's despicable and vulgar look really looked very embarrassing!

She really didn't want to admit that such a vulgar man was her so-called father.

This so-called father didn't have anyone in his heart but himself!

Gu Qiushan didn't even consider her life and death with Xiao Bei.

As for Gu Xuexue...

She was no exception!

When she had nothing to do, she was filial.

When disaster was imminent, Gu Qiushan still pushed Gu Xuexue outwards.

Heh heh, hadn't Gu Xuexue always been smug and felt that Gu Qiushan treated her like treasure?

She didn't know what to think when she saw this scene.

Gu Qiqi's lips curved upwards.

Her mood gradually improved.

Yes, it was her pleasure to create trouble for Gu Xuexue and her mother.

Let them take a closer look at the man whom they had always surrounded like pearls. He had a loving appearance, but what kind of darkness was inside his core?

At this moment, Gu Xuexue was trembling in fear.

Gu Meifeng was so anxious that she was about to go crazy. She rushed up and tried to pull Gu Xuexue back.

But as a housewife, she wasn't a match for those tall and sturdy guards at all.

Gu Meifeng was thrown to the ground as the other party's strong arm stopped her. Her buttocks knocked against the legs of the chair, causing excruciating pain.

"Dad, our mental hospital is just opposite. Don't you have a special office? I'll bring them to play!"

"Go on, have fun!"

Boss Yao looked at his son's crippled arm. His eyes were filled with heartache and indulgence.

Since his son was already like this, as a father, as long as he had the ability, he would definitely satisfy him at all costs!

Let alone two high school girls, even if it was Chang'e in the sky, he would work hard to pluck her for his son if he liked her.

A special office?

Upon hearing this, Gu Meifeng's body trembled and her legs went soft.

The image of that sinister office in the movies surfaced in her mind.

What if Yao Dazhuang was a pervert and dealt with Xuexue like this?

It was fine if Gu Qiqi, that nerdy b*tch, was insulted.

Her Xuexue was her darling.

"Boss Yao, the marriage law states that only one can be married. Let Dazhuang trample on her. Can you let Xuexue go?"

"Marriage law? Hmph! Do you really think that my son would fancy your two good-for-nothings? To put it nicely, he wants to marry her. In my opinion, isn't this Gu Qiushan selling his daughter to our Dazhuang so that they can be husband and wife for a day?!"

A day as husband and wife?!

Amidst their dumbfoundedness, the Yao father and son, Gu Qiqi, Gu Xuexue, and the rest left completely.

Only then did Gu Meifeng return to her senses and chase after her. Tears and mucus flowed down her face. "This won't do! It'll ruin my Xuexue's most valuable hymen!"

Chapter 182: The Office of the Mental Hospital!

Gu Qiushan gripped her sleeves tightly and pulled with all his might. He put away his obsequious smile and whispered into her ear, "Little Feng, of course, I can't bear to part with our Xuexue..."

"You couldn't bear to push her into a pit of fire? Wuwuwu..."

"You're really stupid. Isn't it just a film? When the time comes, I'll fork out the money to bring her to the best operation!"

Gu Qiushan patted his chest.

Gu Meifeng watched anxiously as Gu Xuexue was dragged away. Even if she didn't agree, there was no other way.

She could only listlessly agree to Gu Qiushan's suggestion. "Brother Qiushan, you have to keep your word."

"Of course!"

"You're not allowed to patch that b*tch Gu Qiqi's hymen."

"Of course!"

"Xuexue was frightened this time. Can you comfort her a little... For example, buy a small condominium in the Imperial Capital so that she can live in university more easily?"

"Of course! As long as I'm out of jail, what's the use of giving Xuexue a house? I don't want a small condominium. Let's buy Xuexue a big suite within three rings."

Finally, Gu Meifeng laughed through her tears.

Forget it. Xuexue should take it that she had learned how to serve men today.

After her hymen was repaired, she would still be like a virgin.

It wasn't a big deal.

But... Gu Qiqi that d*mned girl wasn't that lucky. We sent you in today so that you could walk in and out on your knees!

Gu Meifeng glared fiercely at Gu Qiqi's departing back.

Boss Yao sent eight subordinates to escort Gu Qiqi and Gu Xuexue.

Each and every one of them was tall and sturdy. They simply couldn't escape even if they had wings.

The mental hospital was on the road opposite the jail.

After entering the door, the escalator went straight to the top floor!

A steel office with four sides that could not be blown open appeared in front of her.

Eight guards stopped at the door and pushed Gu Qiqi and Gu Xuexue in.

Yao Dazhuang wheeled himself around and followed her in.

Gu Qiqi raised her eyebrows lightly. Yao Dazhuang actually dared to challenge her alone? He didn't even need the escort of the guards?

Could it be that there was something strange about this office, so Yao Dazhuang was fearless?

The moment the door closed, Boss Yao even casually instructed Yao Dazhuang, "Play slowly. Don't panic!"

Yao Dazhuang was in high spirits. "Yes, I'll slowly let them experience the happiness of being a woman. Haha!"

Gu Xuexue's legs trembled as she huddled in a corner of the room.

Gu Qiqi looked around.

This office was indeed abnormal. There were all kinds of unfamiliar medical tools hanging on the wall. There were also some instruments and test tubes. She didn't know what was inside.

However, after Gu Qiqi scanned it.

Suddenly, a row of neat Chinese characters appeared in her mind. They separately showed the names of each medicine—

There was actually a pile of poison and medicine in the test tube!

Why would ordinary mental hospitals have these things?

Even if there was, it was for the use of specific patients and should be sealed. Only professional psychologists could prescribe a small amount of medicine.

They actually placed these dangerous things in the office?

Indeed, the Yao father and son were perverts.

Wait a minute!

Why did she recognize what was in those identical test tube bottles from afar?

"Master Silver, congratulations on successfully identifying the poison for the first time!" The little dirty turtle said smugly.

"So this is the detection skill. It's also... interesting." Gu Qiqi curved her lips.

"Little beauty, you look so damn good when you smile." Yao Dazhuang's disgusting voice suddenly traveled over from the side.

Gu Qiqi stopped smiling and her face turned cold. "Watch your mouth!"

Yao Dazhuang didn't mind and instructed Gu Xuexue, "Hurry up and pour us some alcohol!"

Gu Xuexue shivered.

She followed Yao Dazhuang's gaze and saw the wine bottles and wine glasses on the table.

As she poured the wine, she felt indignant. He was simply ordering her around like a lowly commoner.

On the other hand, Gu Qiqi was being treated like a proper lady.

What happened to letting Yao Dazhuang play Gu Qiqi to her death?

Gu Xuexue gnashed her teeth and quickly spat out phlegm from one of the glasses of wine.

When she brought it over, she deliberately placed that glass of wine in front of Gu Qiqi.

Chapter 183: After Drinking, It Was Time to Do Business

Gu Xuexue pretended to look down and curry favor with her. She handed the glass of alcohol with phlegm to Gu Qiqi. "Sister, here's your alcohol."

Gu Qiqi didn't bat an eyelid. She snatched Yao Dazhuang's wine glass and exchanged her glass for Yao Dazhuang's.

Yao Dazhuang was stunned for a moment before he smiled. "Hey, Little Chili. Do you think that I added medicine to your alcohol? Sure, let's exchange then. I'll prove to you that I have a clear conscience! Gu Xuexue, hold the glass for me!"

As he spoke, he drained the cup in one gulp.

However...

Just as the alcohol reached his throat, he suddenly felt that something was wrong.

It was sticky and smelly...

"Retch!"

Yao Dazhuang burped and spat out the alcohol in his throat.

He vomited all over Gu Xuexue's face!

Yao Dazhuang cursed. "Little b*tch, I told you to pour some alcohol but you couldn't even do it. What unclean and smelly thing was in the glass?"

"I... I didn't..." Gu Xuexue wiped her tears aggrievedly and the alcohol that was stuck to her face. She was depressed in her heart. Gu Qiqi didn't have omnipotent eyes. Why was she so cunning and refusing to drink this glass of wine!

"You're still stubborn?!" Seeing her cry, Yao Dazhuang was even more furious.

Unable to exert any force, he raised her leg and kicked!

"Ah!"

Gu Xuexue's stomach was kicked and she fell to the ground in pain.

Thinking about it, she had already been kicked in the stomach by a man twice.

And it was all because of that bookworm Gu Qiqi.

Gu Xuexue bit her lips. The hatred in her eyes couldn't be wiped away.

She calculated in her heart that Yao Dazhuang's alcohol was definitely not ordinary alcohol. She had to think of a way to let Gu Qiqi drink more. It would be more powerful when it flared up later. This way, perhaps Yao Dazhuang would only play with Gu Qiqi. Hmph!

Thinking about this, she crawled up and obediently continued to pour wine. "I'm sorry, Dazhuang. Sister, I was too stupid just now... Come, let me toast you..."

Gu Qiqi looked at her lightly. "Shouldn't we toast first? What kind of toast is this?"

Yao Dazhuang really loved the smug look on Gu Qiqi's face as she stirred up trouble. He curved his lips and laughed out loud. "That's right, that's right. Let's toast first!"

Gu Xuexue shivered.

Do it first... Something bad flashed across her mind.

Gu Xuexue had no choice but to finish her drink.

Gu Qiqi only took a small sip.

"Sister, you... aren't going to finish it?"

"You're toasting me. Of course, I'll drink it if I want to. If I don't, I won't drink it." Gu Qiqi said matter-of-factly.

Gu Xuexue nearly died from anger.

Gritting her teeth, she poured another glass. "Sister, Brother-in-law, this glass is for you to grow old together. You must do it!"

However, Gu Xuexue drank it all this time. Gu Qiqi still didn't move.

"Sister, you're not giving Brother-in-law face."

"You find my alcohol unpleasant?" Yao Dazhuang's expression turned ugly. There was something added to the alcohol. If they didn't drink it, it would be inconvenient for him to move later.

Gu Qiqi's expression remained indifferent. "I'll toast you."

As she spoke, she raised her glass and clinked it with Yao Dazhuang's.

Yao Dazhuang was flattered!

Seeing Gu Qiqi finish the cup in one gulp, he was unable to contain his joy!

Gu Qiqi put down her wine glass and crossed her hands. "Alright, I've finished drinking. Shouldn't we get down to business?"

She refused to drink just now because Gu Xuexue kept calling him brother-in-law. It made her feel disgusted.

Business?

Yao Dazhuang's eyes lit up.

He couldn't wait.

But... Why didn't Little Chili's expression change after drinking the entire glass of wine? Gu Xuexue's cheeks were already flushed red. Her eyes were like silk as she leaned against him proactively.

He was fine because he had taken the antidote beforehand.

How could Gu Qiqi be fine?

Didn't her father say that this medicine had a strong effect?

It could turn the most chaste woman into the most licentious woman!

He was looking forward to seeing the changes that would happen to Gu Qiqi after she drank it. Tsk!

Chapter 184: Men Are All Cheap

"Dazhuang... I... I feel terrible..."

Gu Xuexue called out coquettishly.

She leaned towards Yao Dazhuang as if she had no bones.

She actually forgot that Gu Qiqi wouldn't get drunk even if she forced herself to drink six bottles of alcohol, much less these few glasses of alcohol.

As for herself, the sequel of being drunk last time was still there. Once she drank alcohol, her stomach would be in turmoil.

At this moment, Gu Qiqi stood coldly in the middle of the room. Her hands were crossed as she watched everything coldly.

Men were all cheap.

Yao Dazhuang was impatient with Gu Xuexue's initiative, but he wanted to subdue Gu Qiqi's arrogance.

Yao Dazhuang's hands were crippled, but his legs were still agile.

"Get lost!" Frowning, he kicked Gu Xuexue away impatiently. He stood up from the wheelchair and walked towards Gu Qiqi.

"Little Chili, aren't we going to... do serious business next? Isn't it going to be the bridal room? If you serve me well today, I guarantee that I'll let bygones be bygones. By the way, if you confess the man who dislocated my arm that day, I guarantee that I'll marry you officially! How about that?"

Gu Qiqi squinted. "Which man was it that day?"

“He’s just an ugly man who’s dressed in leather boots and walking arrogantly. In fact, he’s a coward. When he makes a move, he always gets his subordinates to move...”

Leather boots?

That could really be Gong Jue.

However... Ugly man? Coward? Yao Dazhuang, do you know that if Gong Jue finds out about these words, he will definitely teach you a lesson.

“Yes, I’ll help you find him.” Gu Qiqi agreed casually.

Yao Dazhuang was so happy that his eyes cracked into a smile. “Good Little Chili, let me dote on you...”

As he spoke, he pounced forward!

According to his sturdy body and 200 pounds of weight... Even if he didn’t have an arm, he would definitely be able to knock Gu Qiqi down and smash her to the ground.

However...

Plop!

There was a muffled sound.

Yao Dazhuang landed heavily on the floor with his head facing down.

He was dizzy from the fall.

“Little b*tch, you dare to hide?”

Yao Dazhuang gnashed his teeth. He couldn’t help but feel puzzled in his heart. His father said that this hallucinogen would definitely cause a woman to hallucinate after taking it. She would treat the man in front of her as her sweetheart. She couldn’t help but take the initiative to approach him and beg to be bullied.

When the time came, he could do whatever he wanted.

But the situation in front of him wasn’t right. Could it be that Gu Qiqi didn’t have a sweetheart?

Pushing himself up, he tried to get up.

But he had no strength in his hands. Like an insect, he wriggled on the ground but was unable to get up!

Gu Qiqi looked down from above and stood behind him. She used the tip of her shoe to poke him. “Do I still need to hide in this state of yours? What did I say just now? When you had two eggs, you had to kneel down and beg for mercy from me. Now that there’s only one left, it seems that you can only beg for mercy on all fours.”

“My father is outside. Are you tired of living, Gu Qiqi? Once I call for help, they will rush in and— Wuwuwuwu...” Yao Dazhuang was halfway through his words when he was silenced.

Gu Qiqi casually picked up a rag to cover it up.

“So, of course, I won’t give you the chance to speak.” Gu Qiqi laughed coldly.

She wasn’t stupid.

Why didn’t he choose to make a move as soon as he entered? It was all to let those guards and Boss Yao outside the door lower their guard.

Only then did Yao Dazhuang finally feel fear.

Damn it. Gu Qiqi looked like a little chili.

In fact... it was poison poppy!

She wasn’t spicy food, but massive poison!

Yao Dazhuang’s body trembled. “What are you doing?”

“What do you think?” Gu Qiqi smiled ambiguously. Unknowingly, a shiny scalpel had appeared in her palm. “Of course, it’s to...”

Gu Xuexue, who was behind her, sobered up a little and widened her eyes in fear.

Chapter 185: She Wasn’t A Little Chili, She Was A Poisonous Poppy

Gu Xuexue felt that she would never forget this scene in this lifetime.

Gu Qiqi’s scalpel was bright and shiny. It looked so small and thin.

However...

She raised her hand and slashed down.

“Ow... Ow...!”

Yao Dazhuang screamed and was blocked in the rag.

However, the violent twisting of his legs and the crazy pounding of his head revealed his pain at this moment.

Gu Xuexue shivered all over and looked down at herself.

“Isn’t this more balanced? Otherwise, it wouldn’t be comfortable to leave an egg hanging there.” Gu Qiqi took out a disinfectant tissue and wiped her hand and the knife.

How would Yao Dazhuang have the strength to answer?

Cold sweat formed on his forehead. The pain was excruciating and his consciousness gradually scattered.

At this moment, he was extremely regretful. How did he provoke such a vicious and cunning woman?!

Usually, he only felt that her arrogant look was attractive, but he didn’t expect that poppy flowers were also attractive! But they were also fatal!

Regret... How regretful...

Gu Qiqi kicked Yao Dazhuang's pig-like body. After confirming that he had fainted from the pain, she ignored him. Instead, she walked to the row of shelves by the wall and removed the poison bottles.

"Little dirty turtle, you want me to take these things away?"

"Heh heh, to prepare for emergencies. Who knows when it will be useful? You have to know that you can only buy medicine outside but not poison. You haven't even activated your medicine planting skill yet. Master, it's a waste not to take it when it's convenient... Also, sweeping them away is equivalent to saving someone. Otherwise, who knows how many young ladies the Yao father and son used these medicines to cheat..."

Gu Qiqi muttered to herself.

This was a good reason. She couldn't reject it.

"Okay then. Let's not have morals for now and be thieves for once."

"Master Silver, how can you be a little thief? How would a little thief dare to steal from the rich boss's office? You're clearly a big thief..."

"Pfft..."

Gu Qiqi was in a good mood. She smiled and swept away a row of test tubes to store them in the turtle shell space.

Gu Xuexue shivered for a while at the corner of the table.

She realized that Yao Dazhuang was lying on the ground with his head facing down. He wasn't moving anymore.

She didn't know if he was dead or alive.

On the other hand, Gu Qiqi was sitting there idly playing with test tubes. Occasionally, she would laugh out loud.

For some reason, Gu Xuexue was furious. "Gu Qiqi, you clearly have a weapon in your hand. Why didn't you kill Yao Dazhuang at the start? You even... You even watched him kick my stomach without doing anything! You're so evil!"

Did she know that a girl couldn't be kicked because she had a uterus in her stomach?

In the future, she wanted to conceive a child who looked like Gong Jue.

What if she broke it? Seriously.

Gu Qiqi laughed and said in all seriousness, "That's right. I'm a bad person to begin with. Why should I consider you?"

Do you have a reason for being weak?

If you didn't have crooked thoughts, would you have been kicked?

Gu Xuexue gnashed her teeth. "Because our surnames are both Gu. We're family! Who else can you consider if not for me? But since you're so selfish..."

She steeled her heart and blurted out, "I'll call the people outside in and tell them to see what you've done."

Gu Qiqi's face turned cold. "Don't mention the surname Gu to me. Also, don't try to call for help. Otherwise, I'll cut you up too!"

The scalpel swayed.

Gu Xuexue shivered and her lower body hurt.

Cut... Cut what?

Wuwuwu, forget it. It was better not to think about it. No wonder Zhu Fen once said that Gu Qiqi was so scary. It would be unlucky to provoke Gu Qiqi.

Chapter 186: Yao Dazhuang's Final Ending!

Gu Xuexue was stumped. Seeing that Gu Qiqi was still fiddling with the test tube and looking calm and composed, she wasn't in a hurry to escape this office at all.

She didn't know if Gu Qiqi had another other way to leave.

Gu Xuexue rolled her eyes and thought to herself. Anyway, Gu Qiqi was the one who made her faint. It was none of her business.

She only had to wait patiently for Yao Dazhuang's rich father to come in and discover everything. When the time came, hmph! Gu Qiqi would definitely be torn to pieces by Boss Yao!

Gu Xuexue calculated in her heart. Unknowingly, she became more and more irritated.

What happened?

She tugged at her skirt in frustration.

That strange and irritable state that she had been in just now was gradually restored after being frightened by Gu Qiqi.

How hot!

Her clothes were in the way!

Gu Xuexue tore off her clothes.

She scanned her surroundings with a blurred gaze.

She seemed to be searching for something.

After looking around, her gaze finally landed on Yao Dazhuang, who had fainted on the ground with his head facing down.

Man! There was a man there!

Instinctively, Gu Xuexue crawled forward until she was beside Yao Dazhuang.

Outside the door.

The tycoon, Boss Yao, was sitting with his legs crossed under the support of a row of guards. He was drinking alcohol and playing Fight the Landlord at the same time.

“Four against two! What a joke! Hahaha, I won again!”

Boss Yao counted the money smugly. The guard who was playing cards with him had a bitter stomach.

His boss always cheated his subordinates of their money like this. This was really lowly of him.

While shuffling the cards, he heard the faint sound of someone falling to the ground in the enclosed office..

After a while, he heard rustling sounds again.

All kinds of voices were mixed together. The guards outside the door couldn't help but look at each other.

Boss Yao's face lit up.

Tsk. Son, I didn't expect you to be so capable and happy.

“Continue fighting! Another round!”

In the room.

In reality, Gu Xuexue crawled to Yao Dazhuang's side and became shameless.

However, Yao Dazhuang couldn't do it anymore. It was impossible for him to do that kind of thing with her. It also couldn't solve her frustration.

In the end, Gu Xuexue realized that she couldn't succeed. She simply pulled a few medical tools from the wall to solve the problem...

That was how those strange sounds came about.

Boss Yao fought with his subordinates for a total of five hours.

The money that he won nearly piled up into a small mountain.

But the office door was still tightly shut.

“Little brat, it's been quite long!” He scolded with a smile.

The subordinate flattered, “Of course. Young Master Yao is as imposing as you, Boss...”

Boss Yao glared at him. “No matter how imposing he is, he still has to eat! Go and bring over the lunch. Let Zhuang'er eat it before continuing!”

However...

When the fragrant chef's lunch was served...

When the guard opened the office door, he nearly pissed his pants!

In the room, Yao Dazhuang was already motionless...

Gu Xuexue was by his side.

The guard gathered his courage and stretched out his hand to check his breathing. Yao Dazhuang had been dead for a long time.

Oh my god! Young Master Yao was killed by a woman!

“Zhuang’er!” Boss Yao pounced over and his eyes nearly popped out. He didn’t dare to believe that his son would have died long ago in these few hours.

His eyes turned red!

He scanned Gu Qiqi and Gu Xuexue fiercely like a searchlight. “Who did it?! I’m going to make her life a living hell!”

Chapter 187: Gu Xuexue’s Pitiful Punishment

Faced with Boss Yao’s breakdown, Gu Qiqi was very calm.

She sat in front of that row of test tubes from afar. Her hands were crossed as she pouted lightly at Gu Xuexue. “Is there a need to ask who did it? Isn’t someone here?”

Gu Xuexue’s crazy look secretly shocked the men.

How did Yao Dazhuang die?

Needless to say?

He must have been... squeezed dry by this crazy woman until he died, right?

How miserable...

The guards silently lit a candle in their hearts.

Boss Yao took a deep breath. His eyes widened in hatred as he pointed at Gu Xuexue. “Throw that shameless woman into Ward 13! Let her have her fun!”

The guards shivered.

Ward 13. That was...

A big ward for patients with violent tendencies!

There were more than ten hopeless attack patients locked up inside.

Furthermore, they were all men.

Their symptoms were the same: They couldn’t help but like to attack women!

To throw Gu Xuexue into such a patient crowd... One could only imagine the consequences.

The guards silently lit another row of candles in their hearts.

When they pulled Gu Xuexue away, Gu Xuexue was still a little unwilling.

She was unwilling to let go of Yao Dazhuang's leg... It was only when a guard kicked her head with his boot that she loosened her hand in a daze. In the end, she turned around and hugged the guard's boot again, not letting go as she gnawed on it randomly.

That medicine was so strong...

Gu Qiqi glanced over coldly. There was no sympathy in her eyes.

If the little dirty turtle hadn't helped her absorb the medicinal wine, she would probably be the one in such a sorry state now.

She didn't have the heart of a saint to pity this scum who reaped what she sowed.

After the guard dragged Gu Xuexue away, Yao Dazhuang's body was revealed in front of everyone.

Previously, with Gu Xuexue blocking them, everyone only saw a pool of blood.

Now, other than blood, everyone also saw Yao Dazhuang's tragic look...

Oh my god. This woman was so terrifying. She actually tormented Young Master Yao to the extent that... There was no one else who could have died like Young Master Yao.

The guards lifted Yao Dazhuang onto a stretcher with trembling hands and holding back their vomiting.

Gu Qiqi sat calmly throughout.

Until the floor was cleaned.

Only then did she raise the tip of her feet and walk out leisurely. "I won't disturb you guys from settling your funeral matters. May we meet again someday, Boss Yao."

Boss Yao's face darkened. He was so angry that veins popped out on his fists. "Stop!"

"What can I do for you, Boss Yao?" Gu Qiqi said lightly.

"Hmph! Stupid girl, don't think that you can get away with this! Don't even think about escaping!"

Gu Qiqi shrugged. "Everyone witnessed it with their own eyes. I didn't do it."

"Not you? You cunning little b*tch! Others might be fooled by you, but I won't! That moron Gu Xuexue can handle our Zhuang'er alone? It would be a miracle if you didn't participate!"

"It's not good to frame someone without evidence, right, Boss Yao?"

"Who said that there's no evidence?!" Boss Yao's expression was sinister and his tone ruthless. "I clearly prepared powerful hallucinogens in that alcohol. Apart from Zhuang'er who drank the antidote, there's no reason that only Gu Xuexue is delirious. But you're so awake!"

"In other words, Boss Yao personally admitted that he had drugged me and gave it to me?" Gu Qiqi said with a spurious smile.

That look was beautiful, arrogant, and evil.

Boss Yao was stunned. Only then did he realize that he had been tricked by Gu Qiqi.

He actually admitted his crime personally.

Damn it! This little girl was actually not easy to deal with!

Chapter 188: Fight With Me? You're Still Lacking!

Boss Yao's expression changed.

He had earned a lot of money in the past few years and was even able to do as he pleased in the circle of rich people in Qing Cheng. He had never been played around like this by a little girl before.

Now that his son was dead, he had to do something to relieve the hatred in his heart.

With a sinister look on his face, he went all out and said ruthlessly, "Hmph! That b*tch has some ability. But so what if she admits it herself? This is my territory. Who would dare to say it out? Who would dare to testify for you? Today, even if I kill you here on my son's behalf, you can only suffer this silent loss! Fight with me? You're still too young!"

Boss Yao was so arrogant and looked so vicious like a scoundrel that the little dirty turtle couldn't help but cry out, "Master, sprinkle some poison on him. This old man who won't die is simply asking for a beating more than Yao Dazhuang!"

Gu Qiqi said lightly, "What's the use of poisoning him?"

The little dirty turtle was speechless.

Looking around, there were at least a dozen rich and powerful guards. All of them were as sturdy as mountains of flesh as they blocked the door.

It was really impossible to escape.

Then, wouldn't Master Silver be like a sheep entering the tiger's mouth? Oh...

As the turtle was lamenting, it took a look and realized that Gu Qiqi's hand had unknowingly been placed in the pocket on her back.

She was moving lightly.

It turned out that the owner was recording something! She was sending it out!

Its owner pressed number 1.

It knew that that was Xiao Ning's number.

The two of them were best friends. They both set each other's speed dials as number 1 so that they could help each other in times of crisis.

But...

Wait a minute... That doesn't seem right. When did Master's number 1 speed key change to that man...

She was cheating!

As Gu Qiqi sent out the recording, she patronized Boss Yao. "Are you trying to fulfill your son's last wish? I'm really sorry, but I advise you not to have this thought. Your son has been eyeing me for so long. The first time, his balls were hurt and his arm was dislocated. The second time, he lost all his balls and his life. Old man, your body isn't as strong as your son's. I advise you to hide your skills and bide your time. Don't keep thinking about these suicidal thoughts. Go home and coax your wife more. Now that you don't have a second child, perhaps when your wife is happy, she can even give you another son..."

When Gu Qiqi didn't speak, that cold and arrogant expression on her face was very infuriating.

He didn't expect that Gu Qiqi's words would be more infuriating than her silence.

Second child? Boss Yao was almost 60 years old. It would be a miracle if he could still make someone pregnant.

Wasn't she trying to anger him by calling him an old man?

Indeed, Boss Yao stomped his feet and said, "You and Gu Xuexue caused my son's death. I'll let you have a second child for me!"

"Pfft—!"

"Why are you laughing, you brat?"

"I'm laughing at your wild imagination..."

Gu Qiqi said lightly.

At the same time, her fingers completed the final operation and sent the recording to SOS number one.

If Xiao Ning received this recording, she should understand what happened and would think of a way to save her very soon.

"Hmph! I'll let you have a taste of living a life worse than death very soon! Someone, bring all the patients in Ward 11 over here for me! Let this b*tch be stubborn and arrogant again? She would think that she's quite awesome if I don't let this brat—who hasn't been to society—know my methods!"

Society has a darkness that a child like you can't imagine!

Boss Yao gave the order.

The guards shivered.

How ruthless. How ruthless.

Gu Xuexue had just been thrown into the ward of a patient with attack syndrome. They had already seen the tragic state of Gu Xuexue being bullied by those men.

But now, Gu Qiqi was actually going to be treated by a patient in Ward 11...

Gosh, did she know who was locked in Ward 11?

It was ten thousand times more terrifying than Gu Xuexue's Ward 13!

Chapter 189: She Couldn't Guess CEO Chu's Thoughts

Ward 11 of Qing Cheng Hospital.

They were all patients with various terminal illnesses and no treatment methods to help them recover fully.

That wasn't all. They were also seriously ill with very infectious diseases. They couldn't stay with other patients and could only wait for death.

There were all kinds of rare infectious diseases. There was even a rabies carrier who was foaming at the mouth and always biting people like a mad dog...

Boss Yao wanted to throw Gu Qiqi to that group of people. He really wanted to make Gu Qiqi suffer a fate worse than death.

No wonder the guards shivered.

"Hurry up and go!"

"Yes, yes, yes!"

The guard complied and left.

Boss Yao's face sank. He laughed sinisterly and approached Gu Qiqi. "How is it? Are you satisfied with this arrangement?"

The sunlight that shone through the crack in the door landed on his hideous face, making him look even more disgusting!

At this moment.

In the presidential suite of Four Seas Hotel in Qing Cheng.

The warm afternoon sun shone on Chu Junmo's cold and refined face.

He sat on the golden velvet sofa in the suite with his legs crossed and his long fingers slightly clasped.

The television screen opposite was replaying the scene of Gu Qiqi taking the exam.

20 minutes and 7 seconds.

When Gu Qiqi handed in her paper, the camera zoomed in on her exquisite face.

She looked elegant and indifferent. Her expression was arrogant and confident.

She was so beautiful and cool.

Chu Junmo stared at her for a long time. He didn't even notice that the secretary had walked to his side.

"CEO, the plane is scheduled for three in the afternoon. Do you want to meet Young Lady Qiqi before you set off for the airport? If you want to meet her, I'll invite her to the hotel..." Secretary Jiao secretly scanned the television screen.

The chairman had seen this replay scene no less than a hundred times...

Thus, he knew what the chairman was thinking.

Some words couldn't be brought up by the chairman himself. As a secretary, he should take the initiative to think of it and bring it up. Only then would he be qualified.

However, what surprised Secretary Jiao was that...

Chu Junmo actually rejected his suggestion!

"There's no need. Let's go."

"Ah? But CEO..."

But you came all the way from the Imperial Capital just to hear that Young Lady Qiqi was going to take the exam live on the Internet?

That day, you blamed yourself for an entire night. You said that you shouldn't have been so careless and allowed the Empire Medical University to accept her directly. You caused her injustice to not be cleared and instead, she bore the evil reputation of being a kept woman. It made things worse.

Only when you saw that she amazed the entire Internet with her re-examination did you finally reveal a smile.

Secretary Jiao was dumbfounded.

For the past few days, the chairman had been staying in Qing Cheng. Apart from patrolling the pharmacy for half a day, he didn't go anywhere at all. He just stayed in Four Seas Hotel and repeatedly watched the recording of Young Lady Qiqi's re-examination.

If it was said that the chairman wasn't thinking about Young Lady Qiqi in his heart, even a ghost wouldn't believe it. Look at the chairman's finger. Wasn't it tapping lightly on the phone screen just now? Half of Young Lady Qiqi's number was missing. He was only a few digits short of dialing it.

But if the chairman came all the way here to see Young Lady Qiqi, then... what was going on now? Was he leaving without doing anything?

Secretary Jiao was completely dumbfounded.

He couldn't guess Chu Junmo's thoughts at all.

Chu Junmo turned off the TV and stood up.

His sky-blue long gown slowly brought about a breeze with his elegant and steady footsteps.

"Back then, I came to help her when she needed it. Meeting her now is icing on the cake. I, Chu Junmo, won't do anything that's icing on the cake."

The man's clear voice scattered across the room.

Chapter 190: He Is A Man Among Men

Qing Cheng Private Mental Hospital.

Gu Qiqi faced Boss Yao.

Outside the room, the sound of an airplane engine could be heard. That was the last flight to the Imperial Capital today. It was taking off at a low altitude and was passing by the psychiatric hospital.

After Gu Qiqi activated her detection skill, she discovered that her ears and eyes became much clearer. She couldn't help but look up.

"Hmph! What are you looking at? Even the heavens can't save you!" Boss Yao laughed coldly and approached Gu Qiqi. "Before those patients from Ward 11 come, I'll let you have a good time first!"

Step by step, he rubbed his hands and his wrists.

The fierce-looking flesh on his face trembled.

He looked indescribably vulgar and evil.

Gu Qiqi stood rooted to the ground with her back ramrod straight.

Hopefully... her life-saving button—Little Master Xiao Ning—would work!

Her eyes sank and she quietly watched as Boss Yao got closer and closer...

Just as that dirty pig hand was about to touch her white skirt!

Suddenly, a cold glint flashed across Gu Qiqi's palm.

The sharp scalpel blade was pressed against Boss Yao's neck in an instant!

"Don't move. Get out!" Gu Qiqi ordered in a low voice.

The guards saw that she was a young girl and didn't take it seriously at first.

However, Gu Qiqi slashed ruthlessly.

Blood spurted out from Boss Yao's neck.

She was serious!

"Get lost! Hurry up and get lost!" Boss Yao howled like a pig being slaughtered.

Damn.

He was tricked by this brat again.

"Open the walkie-talkie and get all the guards to leave their posts and return to the lounge!" Gu Qiqi ordered calmly.

She couldn't wait for Xiao Ning to save her. She had to do her best to save herself first.

What if Xiao Ning was tripped by that b*stard Bai Lang?

Boss Yao ordered with a long face.

Gu Qiqi calculated the time and estimated that most of the guards in this psychiatric hospital's office building had been cleared. She pushed the one named Yao and started to walk out.

Just as she reached the door.

With her sharp hearing, she suddenly realized that there was a soft sound coming from Boss Yao's feet.

Her intuition told her that something was wrong!

In the very next second.

A narrow steel cage suddenly fell from above her head and trapped her inside!

The scalpel blade shattered.

Boss Yao took the opportunity to jump away and returned to his vulgar and vicious self from just now. "Stupid b*tch! You dare to scheme against me? I'll definitely let those sickly ghosts torment you to death. I'll let you be stained with rotten illnesses and die! Go to hell!"

Gu Qiqi ignored Boss Yao's curses. She frowned slightly and thought back to that moment just now.

What a pity. She was so close.

She clearly heard the sound of a mechanism activating, but it was a pity that her body's reaction couldn't keep up with the sharpness of her divine senses.

This body was still too weak.

Even if she had foreseen the aura of danger, she couldn't avoid it!

Once again, she yearned to activate her martial arts skills.

If she could survive this time!

But listening to that Yao guy's vicious words, it seemed like she would die an ugly death...

In the Imperial Capital.

Gong Clan Headquarters Laboratory.

Intense astral winds swept across a small silver-gray plane on the training ground.

That plane was the only one in the world. It was the latest high-tech product developed by the Empire's Gong Clan Corporation.

The engineer was excitedly reporting the advanced aspects of the plane. "After three years of modification experiments, now, '1' already has the function of an invisible plane. It can also be modified into a sports car and a submarine... It can adapt to many complicated situations. Its defense and attack power index are off the charts! Of course, its most powerful feature is that its speed has broken the world record, as well as its powerful artificial intelligence..."

Gong Jue sat in the middle of the reviewing table and listened to the report with a cold expression.

All the higher-ups of the Gong clan surrounded him.

They were respectful in front of him and didn't dare to breathe loudly.

Because he was Gong Jue.

He was a legend in the Empire's scientific world!

He was the king of high IQ and technology!

A man among men!
