

Dear Chief 201

Chapter 201: Could They Be Considered Familiar After Kissing?

There was no good ending...

Gu Qiqi's small face flushed red.

She was just deliberately angering Gu Qiushan just now.

She wanted to let him know how much of a scumbag this father of hers had become. Even if she had to fight alone in this cruel society and become an orphan whom others would point fingers at, she still didn't want to have anything to do with him.

But why did she feel that there was something wrong with Gong Jue's ambiguous tone?

Her throat suddenly dried up and she pouted solemnly. "That's right. I don't know who you are, what your name is, or where you live. Isn't it easy for you to lie to me?"

Gong Jue's eyes narrowed dangerously!

This stupid woman!

He had always brought her along with him to let her stay in the research base. He even brought her along to the chairman's family banquet to socialize. She knew all the subordinates, special assistants, and engineers around him.

What did he lie to her about?

On the other hand, he hadn't gotten even with her for that matter of her making a call with that wild man behind his back and stealing his gift!

Even when he was in a cold war with her and heard that something had happened to her, he still rushed over. If he lied to her, wouldn't this cheating be too... inappropriate?

Gong Jue glared at her in annoyance and said in a cold voice, "Gong Jue, male, 28 years old. Lives in the Imperial Capital! Also... Unmarried! Are you satisfied now?"

He emphasized the word "unmarried".

After speaking, he stared deeply into her watery eyes!

He seemed to be able to see through her heart.

Gu Qiqi's eyelashes fluttered and her heart inexplicably trembled.

Why was he emphasizing that he was unmarried to her?

Could it be that he was... serious?

He really... wanted to marry her?

Ripples uncontrollably formed in her heart.

No, no, no. Impossible.

How long had they known each other? Didn't he have a "little palm" lover by his side? Even if they were to get married, it wouldn't be her turn, right?

A few complicated emotions flashed across her heart.

In her panic, she explained, "I... I'm not familiar with you! I don't know you well!"

They had only known each other for a summer vacation, and they were already discussing marriage?

Gong Jue's eyes darkened as he stared at her, who was avoiding him like a deer.

"Not close? Not deep?"

"Yes!"

In order to emphasize this point, Gu Qiqi nodded vigorously.

Gong Jue smirked and leaned over to approach her.

Although the space in the car was considered spacious, Gong Jue's figure was too tall. Once he approached her, he immediately appeared cramped.

His nose nearly touched hers.

His deep breathing seemed to have brushed past her lips. "We've already kissed. Do you think we're close? As for whether it's deep..."

Gong Jue's voice was a little hoarse. He stopped at this crucial moment.

His gaze was obscure and meaningful.

Gu Qiqi's heart nearly stopped beating!

What was worse was that the little dirty turtle muttered excitedly in her mind, "D*mn it! D*mn it! I'll bet 100,000 color points. Gong Jue's next words will definitely be—'You'll know if it's deep after doing it once'! Respect! Master, based on the fact that I've seriously read all the popular books in the romance book library these few days, I dare to guarantee that the lines of the domineering chairman are all paper drops without exception. Wuwuwuwuwu, although Master Silver has been tricked, I still feel that Gong Jue is so handsome..."

Having been exposed by this little dirty turtle, Gu Qiqi's small face flushed red like alcohol.

She would know if it was deep after doing it once?

Do... what?

"Little scoundrel, I told you not to read those unhealthy books earlier, but you actually still read them!" She suddenly reacted and gnashed her teeth as she lightly reprimanded the little dirty turtle.

When she met Gong Jue's deep eyes, she felt a little lacking in confidence. "What do you mean by deep? I won't let you have the chance to do it..."

She didn't want to do it with this playboy man.

If he wanted to do it, she would let him find his “small palm”!

However, before she could finish speaking, the man in front of her suddenly interrupted her with a deep smile.

Chapter 202: Is This Deep?

Gong Jue squinted and smiled deeply.

“Stupid woman, what are you thinking about? I’m just saying that you already know that I can’t touch ordinary women. How dare you say that you don’t know such a deep secret?”

Gu Qiqi was embarrassed!

Deep!

D*mn it. He actually said this “deep” secret.

It was indeed a secret that Gong Jue couldn’t touch women.

If the enemy found out, that would be his Achilles’ heel. It would be very easy for someone to use this weakness against him.

That would be dangerous.

Thus, this secret could indeed be considered a very “deep” secret.

But just now, she had actually blushed and thought of other impure intentions.

It was all the little dirty turtle’s fault for misleading her!

In the very next second, Gong Jue’s voice became increasingly hoarse and bewitching. “Or do you want to try something else with me? Is it deep? Hmm?”

In an instant, Gu Qiqi’s face flushed a few degrees redder than before!

This hateful man was definitely digging a pit for her to jump into on purpose!

Looking at Gu Qiqi’s embarrassed and angry look, Gong Jue felt his entire body and mind relax.

Apart from the fact that she was giving a gift to a wild man and making him slightly unhappy, he was satisfied with the rest.

“Special Assistant Lu, drive!”

Even the voice that gave the order sounded amused.

“Wait a minute. Gu Qiushan...”

Gu Qiqi suddenly spoke. Her voice was soft and slightly hesitant.

Gong Jue raised his eyebrows. “Special Assistant Lu will handle his matter. He’ll be in jail for the rest of his life. Why are you worried?”

“No... I have something else to ask him to sign.”

“Sign? Transfer the Gu family’s assets?” Gong Jue raised his chin. “That’s too simple. If Gu Qiushan doesn’t return the money, Qing Cheng Hospital will be auctioned off very soon. When the time comes, I’ll buy it for you. Won’t the big shareholder be your name?”

Gu Qiqi’s lips twitched.

She had always wanted to take back the Gu family and occupy her mother’s assets.

Qing Cheng Hospital was one of them.

She didn’t expect that this difficult matter would be so easy and simple with Gong Jue.

She could only explain helplessly, “It’s not about the money. It’s my younger brother, Xiaobei. His condition in the nursing home is very poor. Gu Qiushan abused him and didn’t pay his treatment fees. I want Gu Qiushan to sign a custody transfer agreement. From now on, I’ll be in charge of Xiaobei’s life...”

She had a younger brother?

Didn’t Gu Qiushan favor men over women?

That’s right. Her younger brother was seriously ill and his sick son was treated as a burden by Gu Qiushan.

Gu Qiushan, you’re really the number one scumbag in history.

Gong Jue nodded and instructed. “Ask him to sign it. At the same time, sign the declaration of emancipation from the father-daughter relationship as well! In case he doesn’t admit it in the future...”

Soon, Special Assistant Lu retrieved both agreements.

One of the custody transfer agreements even had conspicuous shoe prints.

Looking at Gu Qiushan’s fingerprints and crooked handwriting on the agreement, Gu Qiqi was filled with emotions.

She had finally severed ties with the Gu family!

She wanted to live her own life freely with Xiaobei.

Seeing the glow on Gu Qiqi’s face, Gong Jue’s face couldn’t help but soften for a moment.

It turned out that coaxing a stupid woman to be happy was such a accomplishment. Why didn’t he realize it in the past?

Was there anything he couldn’t handle?

Since moving his fingers could improve her mood, should he help her take care of that b*stard Bai Lang for free?

Bai Lang, who was sound asleep in the piggery at the research base, shivered in his sleep and woke up in shock. His small heart started beating rapidly!

Why did he dream of Gong Jue and Gu Qiqi holding hands and smiling sinisterly at him?

No, he couldn't sit idle.

He had to take action.

He definitely couldn't let Gu Qiqi and Gong Jue be together.

Otherwise, with this scheming woman and this domineering man, he wouldn't have a good life in the future!

Chapter 203: Make You Cry

Bai Lang woke up from his nightmare and paced around the piggery.

He thought about it in her heart. Gong Jue hadn't returned to the research base for a few days, and Gu Qiqi had gone out early in the morning without returning... Could the two of them have gone on a date?

Damn it. It wasn't easy for him to wait for the two of them to have a cold war for a few days. He was secretly feeling good. What if they reconciled now?

If those two scheming people reconciled, wouldn't they have to deal with him unanimously?

Bai Lang thought with a frown.

However, the piglets' howls came from the pigpen next door, making him anxious...

"What are you shouting for?! It's as if the signal went dead. It's so unpleasant!"

Bai Lang stomped his feet in frustration.

Suddenly.

He stopped talking.

Bad reception... Bad reception...

A scene flashed across his mind.

That day, after Gong Jue heard Gu Qiqi's intermittent conversation with another man, he had a furious look...

"Yes! Little Qiqi, I'm going to make you cry this time. Hahahaha..."

Grinning from ear to ear, he walked towards the communication room.

==

In the car, Gu Qiqi called Gu Xiaobei in front of Gong Jue.

"Xiaobei, I'll fetch you out. Pack your things."

"Really? Sister, are you really going to take me away and accompany you to university?"

"Yes, it's real this time."

"Sister, I love you so much!"

“I love you too, Xiaobei...”

Gu Qiqi smiled and replied gently.

Gong Jue didn't feel good listening by the side.

Although she knew that Xiaobei was Qiqi's younger brother, she could tell from his voice that he was a young man. He could be considered a man. He kept saying “I love you” and “I love you too”. Wasn't that mushy?!

Could it be that this stupid woman had some thoughts about her younger brother?

After being secretly unhappy for a long time, he finally couldn't help but interrupt her. “This is your biological younger brother?”

Gu Qiqi gave him a “are you an idiot” look. “Of course, we're my mother's biological children.”

Okay.

Her biological younger brother.

Damn it. Even if he was her biological brother, they didn't have to be so cringey.

When that Xiaobei came out, he had to reprimand that brat properly as an elder.

As a man, he shouldn't say such disgusting things like “I love you”.

Gong Jue snorted coldly and looked out the window.

Gu Qiqi was in an extremely good mood. “Xiaobei, don't worry. In the future, with me around, no one will dare to bully you and treat you badly. I'm going to medical school. I'll definitely treat your eyes well...”

Xiaobei also smiled. “Sister, are Sister Xiao Ning and... Yun Qiao also going to university in the Imperial Capital?”

Gu Qiqi nodded. “Yes. Your Sister Xiao Ning will be studying veterinarian studies.”

Then, she frowned. “Yun Qiao... She...”

Little Master Xiao Ning, Yun Qiao, and her used to be a trio. Xiao Ning and Yun Qiao doted on Xiaobei very much and often accompanied her to visit Xiaobei.

Yun Qiao was especially gentle and patient. She would tell many interesting stories and coax Xiaobei to be especially attached to her.

But such a gentle Yun Qiao... didn't take the college entrance exam.

She disappeared before the college entrance examinations.

In her previous life, this good friend disappeared before the college entrance examinations and was never heard from again.

Back when she was performing an operation for a big shot, she saw a girl with jewelry and an oppressive noble aura waiting outside the operating room. She was wearing a black gauze hat and looked vaguely like Yun Qiao.

She wanted to approach her and ask her questions, but she turned around and left coldly.

Later on, she found out that she was the famous celebrity Yun Xiaoqiao.

There was a world of difference between the two.

Yun Qiao's family was so poor that they didn't have enough food, but Yun Xiaoqiao was a celebrity queen!

How could they be the same person?

Chapter 204: She Died In The Bathtub

Faced with the cold and indifferent Yun Xiaoqiao, Gu Qiqi was overwhelmed with emotions.

In addition, she was very weak in her previous life and didn't have the ability to investigate further. She could only leave it unsettled.

As she listened to Xiaobei's anxious questioning, she suddenly remembered the final ending of that big star Xiaoqiao in her previous life.

For no reason, she suddenly felt very stifled!

Yun Xiaoqiao died on the eve of an award ceremony after her most famous work was wrapped up!

In the bathtub in the hotel's presidential suite.

She died naked in a vat of blood...!

If Yun Xiaoqiao was really related to her good friend, Yun Qiao... Gu Qiqi's heart tightened. In this lifetime, she had the ability to investigate to the end!

This way of dying was too tragic.

"Yun Qiao..." Gu Qiqi muttered softly. "Xiaobei, don't worry. I'll contact them in a few days. Let's gather and have a meal together, okay?"

Although Gong Jue's gaze was directed outside the window, his ears were sensitive to Gu Qiqi's every move.

He could clearly feel that when Gu Qiqi spoke the words "Yun Qiao", her tone was trembling lightly and was filled with complicated emotions.

He frowned and held back his questions.

Only when Gu Qiqi put down the phone did he speak coldly, "I'll send someone to the nursing home now to fetch Xiaobei out."

Gu Qiqi shook her head. "Although I'm in a hurry to fetch him out as well, Xiaobei has just undergone an operation and is still in a critical stage. It's not good for his eyes to be tired from the long journey now."

It's best to send him to the airport directly before we set off for the Imperial Capital next week. Let's go together."

Gong Jue hummed. Then, he casually asked, "Yun Qiao, is it a man or a woman?"

Gu Qiqi was stunned.

Why was Gong Jue asking about this?

Didn't he ignore her just now? It turned out that he was eavesdropping on her?

Suddenly, she remembered that Gong Jue had once treated Xiao Ning as a man and even specially called her to confirm it. She was angry and amused.

She said deliberately, "Male! Our Qing Cheng High School's number one school hunk is so handsome!"

Gong Jue's face immediately turned cold. "Player!"

However, when she saw that Gu Qiqi couldn't stop laughing and was hiding a wicked smile...

For some reason, he felt that he had been tricked by her.

His big palm grabbed her small waist and his other hand lifted her small chin. His cold breath brushed past her small face as his deep eyes squinted dangerously.

"Gu Qiqi, do you think it's not easy for me to check on someone?"

Gu Qiqi blinked her big eyes and nodded confidently.

"Yes, yes. You're awesome. Go and check. It's best if you help me check. Where is she now? I'm in a hurry to see her."

Upon hearing Gu Qiqi's words, Gong Jue changed his mind again.

A stupid woman was in a hurry to meet a gigolo?

She even wanted him to help her check?

He wasn't going to fall for it!

"I'm very busy! What's there to see? Are you very free in university? If you have nothing to do, study hard. Don't think about that gigolo!"

This stupid woman was too outrageous! She had so many gigolos around her!

Although he already knew that one of the "gigolos" was her biological younger brother, Gong Jue still felt a little unhappy.

He was seriously considering helping her switch to a profession with fewer gigolos at Imperial Medical University...

It was said that the clinical medicine major she signed up for was a major in major operations. Were there many male students?

He had to study which major had female students.

==

That's right. He had to handle this matter quickly.

They returned to the research base.

As soon as she alighted, she saw Bai Lang welcoming her at the door with a smile.

"Master Jue! Oh, Young Lady Qiqi, what a coincidence..."

Gu Qiqi rolled her eyes at him.

Mr. Bai, you're bullying our Xiao Ning without even concealing it! Scumbag, I can't be bothered with you!

Gong Jue looked up lightly. "Are you very free? Are you done feeding the pigs?"

Chapter 205: I Treat Brothers Like My First Love

Bai Lang coughed and thought to himself that this brother was indeed unreliable. Now that he had a woman, he didn't treat himself as a human anymore.

Oh, how miserable!

But he still tried his best to force a smile on his lips. "Heh heh, I'm done feeding the pigs. Don't worry, all of them are eating so much. Well, since you weren't around. I even took a call for you despite my busy schedule!"

Bai Lang's attitude was especially good and he looked especially magnanimous.

He had already chanted in his heart ten thousand times—Brothers, torture me a thousand times! I treat brothers like my first love!

Anyway, he had already gotten hold of this woman's weakness. He wasn't afraid that his brother wouldn't return to his side. Hmph!

Gong Jue ignored him and walked straight in.

There was no lack of patrolmen in the laboratory. Why was Bai Lang being so polite?

Gu Qiqi glared at Bai Lang suspiciously. She kept feeling that this guy didn't have good intentions.

However, this guy had been living in an experimental base recently. This was good news for Xiao Ning. At least, he wouldn't have time to harass Xiao Ning.

When she found Yun Qiao, she had to cooperate with Yun Qiao and have a good talk with Xiao Ning.

She really had to stay away from such a scumbag.

So what if she had slept with him? Couldn't she just treat it as being bitten by a mad dog? Did she have to continue being bitten by a mad dog?

The two of them stepped into the dining room.

Bai Lang jogged over and panted. "Hey, hey, hey. It's really an important call. I saw that the other party was in a hurry, so I recorded it and waited for you to come back to listen. I was looking for Little Qiqi..."

Upon hearing that he was looking for Gu Qiqi, Gong Jue's expression turned better. "What recording? Hurry up and hand it to her."

Bai Lang immediately beamed with joy. "Yes, yes. He's a young and handsome man. His voice is so pleasant to listen to. I'm going to get pregnant soon, hehe..."

As he spoke, he turned on the recording function of the phone on the dining table and stole a glance at Gong Jue's expression.

Indeed, she saw Gong Jue's face sink!

Haha, I knew it. A man's Achilles' heel is nothing more than the meat in his bowl being coveted by someone else.

Definitely a critical hit!

Bai Lang praised himself for his wit and quickly adjusted the recording to its maximum volume.

Then, he squinted and waited happily for Gu Qiqi to be taken care of.

He heard the intermittent voice of a young man from the phone recording. "...Love you... Waiting for you to come and fetch me... I miss you..."

The recording wasn't long.

But every word was filled with love. Love from the bottom of his heart.

Every word was filled with love.

Bai Lang had spent a long time in the communication room to successfully edit this short segment from Gu Qiqi's voice recording from the last time!

This effect was definitely shocking.

He was like a young man waiting anxiously for his lover's response.

How infatuated!

Even he was touched.

Gu Qiqi, say, you're hiding such a gigolo. How can my Little Jue endure this...

Bai Lang waited gleefully for Gong Jue's fury.

Based on his understanding of Gong Jue over the years, Gong Jue definitely couldn't tolerate someone else's betrayal.

He also couldn't tolerate his things being remembered by others.

It was considered light to be angry.

Perhaps, he would even beat Gu Qiqi up ruthlessly.

Tsk. Tsk. Would he use military law directly? If that big and thick military rod was struck, her buttocks would probably bloom, right?

He suddenly couldn't bear to think about it.

Forget it. He would drive Gu Qiqi out and let her lead a wandering life on the streets. It would be fine as long as she knew that she was wrong.

Just as Bai Lang was fantasizing about the punishment that Gu Qiqi was about to receive...

Suddenly, the recording stopped.

The room was silent.

Bai Lang looked up.

Gu Qiqi looked at him with a spurious smile on her face. She didn't feel like a disaster was about to happen at all.

Chapter 206: Shut Up! That's My Brother-In-Law!

Bai Lang's heart skipped a beat.

Damn it. The little demon actually had such a good mental fortitude?

Her phone call with that wild man had been recorded, but she wasn't worried?

He looked at Gong Jue again.

His dark expression became even colder just now. But... why was Gong Jue staring at him coldly?

Bai Lang pursed his lips. "That... Little Jue, don't be angry. It's fine even if Qiqi has a gigolo. She's not your wife. It's normal for her to be two-timing someone. You mustn't be angry. Don't hit her..."

Afraid that he wouldn't panic, he hurriedly exaggerated a little.

Indeed, after saying this, Gong Jue's face darkened.

However...

In the very next second, Gong Jue said, "Bai Lang, I think you're too bored. Special Assistant Lu!"

"Here!"

"Is there a batch of sows at the piggery this month?"

"Yes! There are about a hundred over sows of childbearing age. We're also lacking a delivery man..."

"Take him to help the sows deliver!"

"Yes!"

What?

Bai Lang's peachy eyes widened!

He couldn't react in time.

Did Gong Jue take the wrong medicine?

"Little Jue, she's the one who betrayed you! It's the little vixen who kept messing around behind your back with that gigolo. Look, she even called the laboratory and kept saying that she loved you, missed you, and waited for you. Tsk, tsk. How arrogant! She's simply cuckolding you in front of you. Don't you think that the person who should deliver the pig should be the little vixen?!"

Bai Lang complained in anger.

However, Gong Jue only snorted coldly in disdain. "Shut up. That's my brother-in-law."

What?

Bai Lang's eyes nearly fell out of their sockets.

"Little... Brother-in-law? When did you marry? Why didn't I know?" Bai Lang asked foolishly. Then, he suddenly realized something.

He pointed at Gu Qiqi in disbelief. "You, you, you really got together with her? You're going to marry that little vixen?!"

Gong Jue rolled his eyes as if he couldn't be bothered to answer an idiot like him.

Gu Qiqi's face flushed red.

She initially wanted to explain that this was all an act, but when she saw how Bai Lang looked like he had eaten a whale, she felt so relieved that she didn't explain anymore.

Special Assistant Lu smiled and said, "That's right, Chief and Chief's wife. Also... that call just now was Chief's wife's younger brother. He's not some gigolo."

If Special Assistant Lu could hear this voice, how could Gong Jue not?

In the car, he felt that Xiaobei's voice sounded familiar over the phone.

At this moment, in the recording that had been cut by Bai Lang, Xiaobei's voice sounded once more.

He finally understood.

Previously, he had thought that the "wild man" whom Gu Qiqi frequently contacted and the "wild man" who delivered gifts was actually Qiqi's younger brother, Gu Xiaobei!

He cursed in her heart. Damn it. That brat kept telling his older sister that he loved her for no reason. Wasn't he trying to cause a misunderstanding?

However, he was more ecstatic.

There were no wild men or gigolos.

That stupid woman was clean and honest. She didn't provoke those men and belonged to him completely.

The weather was really sunny.

The world was really bright.

He turned to look at Bai Lang, who was stirring up trouble. How... unpleasant!

"If you think that it's difficult to deliver a sow's child, then go to the pigpen to help it breed!" Gong Jue became cold and said impolitely.

Bai Lang retorted. "No, no, no! I'm going to deliver the baby! To deliver the baby!"

He glanced at Gu Qiqi aggrievedly.

Little demon!

Why do I always fall into your hands?!

Gu Qiqi shrugged.

Uh, perhaps it was because you stir up conflict every time...

Chapter 207: Buying All The Mysterious Buyers

At this moment.

Outside the mental hospital in Qing Cheng.

Gu Meifeng crawled up from the riverbank of the moat while trembling in fear.

She was covered in dirt!

Her beautiful dress and elegant appearance were all gone.

She nearly pissed her pants just now!

After Gu Qiqi and Gu Xuexue were taken away by Boss Yao, Gu Qiushan said that the food was too poor and asked her to buy some delicious food to bring over.

Thinking that Gu Qiushan was about to get out of jail and that she still had to rely on the shares and money in Gu Qiushan's hands to live her life in the future, she went to him in a virtuous manner.

She didn't expect that as soon as she returned and walked to the door, a terrifying whirlwind would blow above her head. A huge object landed and stopped at the top of the mental hospital.

She was swept into the river by that strong whirlwind!

Mud stained her face and the food was dirty.

Finally, she spent more than half an hour struggling to climb up. With a long face, she crawled to the entrance of the jail and asked the security guard, "Brother, I'm here to visit Gu Qiushan. Can you let me in..."

"Gu Qiushan?" That person immediately waved his hand desperately. "He's going to jail for life. He's not allowed visitors!"

Gu Meifeng's heart skipped a beat.

Didn't they say that after selling Gu Qiqi and Boss Yao was paid, Brother Qiushan would be released from jail?

"Brother, have you seen my daughter?"

"I don't know! Don't be a hindrance here!"

"My daughter is very beautiful. She's wearing a school uniform..."

"School uniform?" The guard recalled for a while. "There was a young lady in a school uniform who was thrown into the mental hospital ward. Alright, you should leave quickly. Block the door again. You will be thrown in later too!"

He threw her into the mental ward...

Gu Meifeng's mind exploded.

If something happened to Gu Qiushan, she would at most be anxious for a while.

If something happened to Gu Xuexue, the sky would collapse.

Her daughter! Her daughter!

Why wasn't Gu Qiqi the one who entered the mental ward?

She immediately turned around and ran towards the mental hospital across the road.

"Let me in! I know your Boss Yao. I have a very good relationship with him. My niece is going to marry his son..." Gu Meifeng shouted loudly.

But what she didn't expect was...

The guard at the mental hospital was also ruthless and cold. He snorted in disdain.

"You still don't know? Boss Yao's son is already dead! Boss Yao was even suspected of being arrested for using the hospital to commit crimes and even contracted a dirty illness with a male patient... You have a good relationship with such a person? Then, you're not a good person either!" The guard didn't know how happy he was to have Boss Yao arrested. Finally, he didn't have to play Fight the Landlord with this stupid boss anymore. He was sick of being played, okay?

Gu Meifeng was flabbergasted.

How could this be!

In just a few minutes, Boss Yao was arrested? Yao Dazhuang was dead?

What about Xuexue?

Where was that d*mned girl Gu Qiqi?

Was all of this related to that d*mned girl?

She was refused entry by the security guard and sat down on the ground. Her eyes were empty and filled with despair.

After a while, she dug out her phone from her pocket and dialed a number. "Brother Enlong... Wuwuwu... Bad news... You must help me take revenge this time..."

With snot and tears streaming down her face, she started complaining.

==

At the seaside research base.

Gong Jue leaned against the bed and his gaze landed on the television screen.

On the television news.

It was broadcasting the major events that happened in Qing Cheng on this day.

The director of Qing Cheng Private Mental Hospital, Boss Yao, was suspected of mistreating patients and using drugs illegally on patients. This caused the patients' families to be furious.

Boss Yao was immediately arrested.

Gu Qiushan, the prisoner who colluded with Yao, was sentenced to life imprisonment...

The shares that Gu Qiushan held in Qing Cheng Hospital were immediately put up for auction.

A mysterious buyer bought it all at a low price...

Gong Jue glanced at the screen in satisfaction. He listened to the sound of running water from the bathroom and turned off the TV.

The glass in the bathroom was translucent.

From his angle, he could see the hazy and sweet figure of the girl while she was bathing.

Chapter 208: An Elegant and Pleasant Female Voice

He curled his lips as he was in a good mood.

Gong Jue got up and drew the curtains.

He adjusted the dimness of the lights again.

The atmosphere in the room immediately turned warm. It made people want to fall asleep instead of thinking.

Looking around, the man's smile deepened.

Stupid woman. This time, he should let her test the scope of their contact, right?

Sweeping his gaze across the table, Gong Jue's mood became better.

Wasn't that the gift he had bought for her?

It turned out that she took it so seriously that she actually picked it up from the rubbish bin and placed it on the table so carefully.

Women!

Gong Jue's mood became even nastier.

He loosened the collar of his shirt. He missed that passionate and unforgettable first kiss with ice cream.

He suddenly frowned.

Why was this stupid woman taking so long to take a shower?

Was she born in the year of the turtle?

When Gong Jue was about to fall asleep... Finally, the bathroom door creaked and was gently pulled open.

Gu Qiqi was wrapped in a white towel. There were still drops of water on her hair.

Gong Jue looked up and didn't say anything. He walked forward directly.

Just as he opened his arms...

Gu Qiqi dodged agilely and bent down so that he missed her.

"Go and take a shower first!" She blushed and pouted, but she didn't dare to look him in the eye.

Gong Jue raised his eyebrows and smiled spuriously. "Okay. Wait for me."

He was mysophobic and couldn't wait to take ten baths a day. For some reason, he didn't want to take a shower today and just wanted to... get straight to the point.

However, in order to take care of that stupid woman's mood, he decided to take a shower first.

"Hey, hey, hey. You... You?" Gu Qiqi thought that he was going to take a shower obediently. She didn't expect to see such a scene the moment she looked up!

Gong Jue actually unbuttoned his shirt one by one in front of her.

Originally, only a trace of his healthy chest could be seen. Now, even his Apollo's belt was revealed.

Also, boxers...

It was simply unbearable to watch.

Gu Qiqi covered her eyes abruptly.

Although those boxers were quite conservative and safe,

Gong Jue laughed wickedly. "You asked me to take a shower. I can't possibly take a shower with my clothes on. This doesn't make sense."

"But I didn't let you take off your clothes here!" Gu Qiqi gnashed her teeth. This man was really shameless.

“This is my bedroom to begin with. It’s very normal to be here.” Gong Jue smiled. “Perhaps you would like me to go to the corridor? Yes, then everyone will know what I’m going to do next.”

Gu Qiqi was speechless.

Why did she provoke such a bad person who knew how to find excuses?

She turned around and took a deep breath. “Up to you!”

Gong Jue laughed lightly.

Gu Qiqi puffed up her face. She was furious and went to the closet to look for clothes to wear.

“Hmph! Don’t think of taking advantage of me. I was only trying to cure a sick man like you who can’t touch women because I had the intention to treat illnesses and save people!”

As she was mumbling, a phone on the table rang.

It was Gong Jue’s phone.

Gu Qiqi didn’t have the habit of looking at other people’s phones and continued to look for clothes. She only had a few sets of school uniforms at Gong Jue’s place and looked very serious when she wore them.

She pursed her lips and picked up Gong Jue’s shirt.

She looked like she was wearing a dress.

It was said that men loved it when women wore their own shirts. They would feel especially good about it.

Gu Qiqi grabbed that man’s shirt and her face flushed red.

Gong Jue’s phone was still ringing non-stop.

Could it be that his subordinate had an especially urgent matter to inform him about?

Gu Qiqi hesitated for a moment before answering the call.

An elegant and pleasant female voice traveled from the receiver. “Jue? Why did you leave without saying goodbye? I’m still waiting for you in the hotel...”

Chapter 209: Eh, He Was Taking A Bath

Gu Qiqi’s slender fingers that were holding the phone trembled fiercely.

Her heart tightened.

Who was the woman on the other end of the call?

Her voice was so elegant and pleasant to the ears. The word “Jue” sounded so intimate and natural.

She didn’t have to meet that woman to completely imagine that she was an extremely feminine, mature, and graceful beautiful woman.

Wait a minute. There was also... a hotel?

Why was that woman waiting for Gong Jue in the hotel?

A series of questions followed. Gu Qiqi was caught off guard.

“Jue? Are you listening?”

The woman asked patiently and gently.

Gu Qiqi pursed her lips and said with difficulty, “Uh, he’s taking a shower...”

The woman on the other end of the call was silent for a moment. Her tone remained grand and elegant.
“You are...?”

Only then did Gu Qiqi realize how ambiguous her answer just now was.

Gosh, did the other party think that she was demonstrating?

Or did she think that she was hinting at what would happen next?

This was awkward!

She initially only wanted to state a fact—Gong Jue was indeed taking a shower.

But in this way, why did she feel like the vicious supporting actress was deliberately choking the other party?

Feeling embarrassed, Gu Qiqi hung up the call in a panic and paced around the room uneasily.

How could she still be in the mood to choose Gong Jue’s shirt to wear?

The warm yellow light, the warm mattress, and the atmosphere that Gong Jue had painstakingly built up were instantly swept away.

Gu Qiqi only had one question in her heart—

Who was that woman?

Who was it?

Gong Jue took a quick shower.

He casually wrapped a towel around his waist and stepped out of the bathroom.

His hair was still slightly damp and there were small drops of water hanging on his forehead. It made his facial features not as fierce and cold as before, but much gentler and more charming.

When his gaze landed on Gu Qiqi by the window, he frowned.

“Why are you still wearing your school uniform?”

Gu Qiqi’s back was facing him as she looked at the scenery outside the window.

Pursing her lips, she said softly, “Eh... There’s only the school uniform...”

“Beigong Xiaojiu’s efficiency is getting worse. Didn’t I ask her to order a batch of clothes over?” Gong Jue quickly complained.

Then, this complaint was replaced by excitement and heat in his heart.

Although it was strange to wear a school uniform when she was sleeping... However, if it wasn’t just “sleeping”, this short skirt might be a different kind of fun...

The natural innocence that the school uniform brought about matched perfectly with that stupid woman’s exquisite and tender face!

Gong Jue’s imagination ran wild for a while. He was also looking forward to the look of that stupid woman when she changed into a nurse’s uniform. The way she looked when she was wearing a camouflage uniform during the freshmen training in university... Oh, there must be something unique about it.

His throat became dry.

Gong Jue said in a hoarse voice, “Your school uniform is very good too. Let me help you...”

As he spoke, his long legs stepped behind her and covered her body. His big palms wrapped around her small waist.

Gu Qiqi’s heart skipped a beat. “Help... Help me with what?”

“Of course, help you take it off...”

Before he could finish speaking, Gu Qiqi quickly pressed down on his dishonest hand. “Your phone rang just now! It’s an emergency...”

Gong Jue paused and separated his hand to take his phone.

Seeing the missed call on the screen, he threw it away without a care. “It’s not important.”

Not important?

Gu Qiqi shook her head. “She sounds very anxious...”

Gong Jue turned her body around and faced her. He stared into her eyes. “This is my private number. No one won’t call here for an emergency job. Instead, I’ll report it to Special Assistant Lu. If there’s really an urgent matter, Special Assistant Lu will knock on the door.”

Gu Qiqi was speechless.

Why was he explaining this to her?

Chapter 210: Are You Afraid That I Won’t Admit It After Eating It?

Although such a patient explanation was really rare for a crude and arrogant man like Gong Jue, one could tell that he had spent a lot of patience.

The problem was...

It was a private number!

That woman knew Gong Jue's private number!

This call wasn't an emergency call, but it was more worrying than an emergency call.

Someone who knew Gong Jue's private number must not be an ordinary woman, right?

Thus, with Gong Jue's explanation, Gu Qiqi's emotions became even more complicated.

A voice couldn't help but echo in his mind. There was a woman waiting for him at the hotel on the other end of the call...

Gong Jue's hand was already supporting her chin. "Ignore the call. Focus, stupid woman..."

The man's voice was rich and alluring.

His cold and sticky lips had already quietly pressed against her forehead and slid down her small and tall nose bridge.

When his lips landed on hers, he couldn't control his fervor anymore!

He bit it forcefully!

A storm-like kiss suddenly arrived.

Gong Jue held the back of her head and kept deepening it...

He had nearly squeezed out all the air in her lungs.

In her daze, her small arms were wrapped around him weakly and she was about to melt into his embrace. If she hadn't been thinking about that uncomfortable call, she would have already fallen into his kiss by now.

"Master, don't think about those messy women anymore. Cherish the person in front of you! The man in front of you is yours. Hurry up and... pfft, squeeze him dry!"

The little dirty turtle kept encouraging and supporting her.

However, Gu Qiqi gradually sobered up.

He was saying sweet and touching words to her in front of her, but so what?

In her previous life, Mu Liuchuan had also sworn in front of her that he would wait for her and help her take care of her younger brother.

In the end, she only found out before she died that Mu Liuchuan had already hooked up with Gu Xuexue behind her back.

Thus, she couldn't just focus on what was in front of her!

In this lifetime, she wanted a man who only belonged to her wholeheartedly! Else, she rather not have a man.

They would be a pair for life.

She would never share with anyone again!

Thinking about this, her eyes became clear.

She pushed Gong Jue away abruptly and sighed. "No... No!"

Gong Jue was in a good mood. His hand was lifting her skirt as he prepared to take another step...

Who would have thought that this stupid woman would suddenly say this?

Gong Jue sighed as well. His voice was hoarse and sexy. "What are you afraid of? I'll be responsible for you!"

Today, he had said in front of all his subordinates, in front of Gu Qiushan, and even in front of Bai Lang that he would marry her.

Was she afraid that he wouldn't admit it after eating it?

She really didn't believe in his character.

Gu Qiqi's small face flushed red like alcohol. Facing Gong Jue like this, she wanted to say, "You already have another woman, yet you still say that you're responsible for me? How are you going to be responsible?"

But these words really sounded like a resentful woman!

She really couldn't say it!

Furthermore, wasn't it too ugly to expose him face-to-face?

At least, he helped her fulfill her dream of studying in university, helped her punish Gu Qiushan, and even saved her from Boss Yao.

For this reason, she should save some man's pride and face for him.

Gu Qiqi felt complicated in her heart. She licked her lips and replied calmly, "I'm not afraid... I'm..."

"What exactly is it? I'm about to explode from holding it in, do you know?" Gong Jue's voice was indeed oppressive and dark.

"It's... It's my period!" In her anxiety, Gu Qiqi could only say this melodramatic line!

She didn't want to say that either.

There was really no other way.

Period?

Gong Jue sniffed.

But he didn't smell blood.
