

Dear Chief 221

Chapter 221: He Had to Kill Her!

When Gu Qiqi called Gu Meifeng, she was feeding Gu Xuexue medicinal soup in front of her hospital bed.

Gu Xuexue was lying weakly on the bed. She was covered in injuries, especially near her buttocks. It was as if flowers had bloomed. It was obvious that she had been abused badly in Unit 13 of the mental hospital that day.

After a few days of resuscitation, the doctors managed to save her life. However, the impact on her spirit left a deep trauma in her.

Every time she slept, she would scream in fear.

Gu Meifeng used nearly all her private savings to hire a private doctor, a plastic surgeon, and a psychiatrist for her. But Gu Xuexue's situation was still not optimistic.

Thus, when Gu Qiqi called, the expression on Gu Meifeng's face was distorted!

This d*mned little b*tch! She was going to make Xue Xue suffer thousands of times more than what she had suffered now!

"Hey, Qiqi. Are you free to call Auntie?"

"Gu Meifeng, hand Xiaobei over!"

"What did you say? Why don't I understand?"

"Stop pretending. Gu Meifeng, don't tell me that you want everyone to know the story of Gu Xuexue in Ward 13? Do you want me to help you inform the news media about the recent situation of the Gu family's young lady?"

"You! You're threatening me? Gu Qiqi, you don't have evidence. Don't think about slandering my Xuexue."

"It's precisely because there's no evidence that it's more confusing and gossipy. Won't that make it spread faster? Didn't you guys slander me for cheating in the college entrance exam last time without concrete evidence?" Gu Qiqi laughed coldly.

Gu Meifeng gnashed her teeth. Finally, she couldn't be bothered to pretend to be loving anymore.

"Little b*tch, you want to see your sickly brother?"

"If you touch one of his fingers, I'll cut off ten of Gu Xuexue's fingers. If you don't believe me, you can try it." Gu Qiqi's tone was cold.

Gu Meifeng's heart skipped a beat.

When did this little b*tch become so ruthless?

Even an old and experienced person like her couldn't help but shiver and break out in cold sweat.

“Hmph! Why would I want his fingers? If you want to see him, just come home! I followed your father’s orders and brought him back to the Gu family. If you want to settle scores, go to the jail to find your father. It has nothing to do with me.”

“You placed him in the Gu family?” Gu Qiqi became suspicious.

Did Gu Meifeng spend so much effort to secretly take Xiaobei out of the caregiving home just to send him back to the Gu family?

This was too unbelievable.

But... she had to try.

“That’s right.” Gu Meifeng said it very casually. She couldn’t tell what was going on.

Gu Qiqi’s eyes darkened. “You better not lie.”

Gu Meifeng’s heart skipped a beat.

Why was every word Gu Qiqi said so powerful that it made her panic?

That firm voice seemed to still echo in her ears when she hung up the call.

“Mommy, is it that bookworm?” Gu Xuexue asked vaguely.

“Yes. Your Uncle Enlong and I set a trap for her. She took the bait.” Gu Meifeng laughed sinisterly.

“Mommy, you must torture her to death!” Gu Xuexue’s muffled voice revealed incomparable hatred. Like a poisonous snake, she couldn’t wait to strangle Gu Qiqi to death. “Mommy, I hate her! I can’t wait for her to go to hell!”

Gu Meifeng laughed. “Don’t worry. I won’t let her die immediately. At least, I have to let her have a taste of Ward 13 before she dies, don’t you think so?”

Intense dark emotions grew in Gu Meifeng and Gu Xuexue...

Even the little dirty turtle—who was more than ten miles away—couldn’t help but shiver. “Master Silver, your color points rose again... Who did you offend now?”

Chapter 222: Almost Killed By Master Jue

Gu Qiqi didn’t know whether to laugh or cry.

She flicked the little dirty turtle’s head. “Why can you tell that they are negative emotions once there’s a spike in points? Could it be that I attract bad emotions all day long?”

The little dirty turtle laughed foolishly. “Heh heh, it’s not like that, Master. The color points arising from admiration and gratitude are rising steadily every day but this spike suddenly exploded out of nowhere. I knew that there was definitely something suspicious behind it! Little Lang has been more obedient recently. I just wanted to ask, did you mess with someone again?”

Gu Qiqi’s eyes widened. “I didn’t do anything to her. But I’m afraid that there are people who can’t wait to torture me to death.”

“Who? Who?! Gu Meifeng and her daughter haven’t given up yet?”

“I’m afraid that they aren’t the only ones. Now that Qing Cheng’s Gu family is already in ruins, Gu Meifeng actually managed to snatch Xiaobei away. It can be seen that there’s someone else behind them.”

“D*mn it! We have to kill them!”

“Yes. But I wonder if I can lure the person behind them out this time...” Gu Qiqi muttered.

Then, she pushed open the door and left.

She was going to the Gu family’s residence.

Special Assistant Lu watched as she left the house. This time, he didn’t dare to lower his guard and hurriedly sent someone to follow her from afar.

What a joke! He was negligent last time and Young Lady Qiqi was nearly killed by that b*stard, Director Yao.

And he was nearly strangled to death by Master Jue!

Not long after, the bodyguard who was sent to follow her reported. “Young Lady Qiqi entered the Gu residence. She might be taking something. It’s not convenient for me to enter. I’ll guard the street entrance.”

“Okay, then watch her carefully. If anything happens to Young Lady Qiqi...” Special Assistant Lu was speaking into the phone.

Suddenly, he shivered.

Behind him, a cold voice suddenly sounded. “What happened?”

“Master... Master Jue...” Special Assistant Lu stumbled.

He hurriedly recounted Gu Qiqi’s trip in detail.

Then, he reminded him. “Master Jue, the big exhibition will officially begin at noon. It’s about time. Let me send you over.”

As he spoke, Special Assistant Lu observed Gong Jue’s expression.

He realized that Gong Jue’s eyebrows were slightly furrowed. Clearly, he had a different opinion about this arrangement.

An idea flashed across his mind and he suggested it. “Master, you’ve been leaving early and returning late these few days. You haven’t seen Young Lady Qiqi at all. Why don’t we postpone the big exhibition for half an hour? You can go to the Gu family to meet her. It might be a pleasant surprise...”

Before he could finish speaking, Gong Jue interrupted him coldly.

“Am I that kind of person who doesn’t do my job well? Special Assistant Lu, I think you’re senile! Set off immediately to the exhibition venue. You’re not allowed to be late!” Gong Jue ordered coldly.

“Yes!”

Special Assistant Lu looked miserable.

Master Jue, didn't you leave behind that big group of engineers and the upper echelons of the corporation in the Imperial Capital's laboratory and fly Number One personally for Young Lady Qiqi?

Why don't you just admit it?

==

At the Gu residence.

The door was tightly shut.

Gu Qiqi pressed the password and realized that she couldn't open the door.

No way! Gu Meifeng was so cruel that she changed the password?

Did she think that changing the password would drive her out of the Gu family?

Heh heh, I'm really sorry. Even if you don't change the password, I still won't want this so-called home!

If it weren't for Xiaobei, she wouldn't have stepped foot into this house at all.

Since the password was rejected, Gu Qiqi kicked the door forcefully.

Soon, a little unfamiliar maid came over and opened the door.

“Where's Aunt Xu?” Gu Qiqi frowned.

Gu Meifeng even chased away the old servants at home?

“I don't know any Aunt Xu. Are you Madam's guest?” The young maid spoke quickly and avoided eye contact.

Gu Qiqi walked straight in and asked. “Where is Gu Meifeng?”

The little maid said timidly, “The... living room!”

Gu Qiqi looked up.

The glass door in the living room was usually open.

At this moment, it was tightly shut. There was no sound at all inside.

The atmosphere was indescribably strange!

Chapter 223: Gong Jue's Overthinking

The little dirty turtle also smelled an unusual and dangerous aura.

“Master Silver, why don't we go back and get reinforcements?”

It suggested timidly.

It wasn't that it was useless. It was just that its current strength wasn't good enough. If it could reach the purple shell... No, no, no. There was no need to be so powerful. As long as it could reach the yellow shell, it would be able to crush these stupid humans.

But now...

Looking at its bright red turtle shell, the little dirty turtle could only cower.

Gu Qiqi frowned. "Reinforcements?"

"That's right. Find your man and casually get a bodyguard team to scare them. Let's see if Gu Meifeng still dares to be smug?"

Gu Qiqi was speechless.

It was a pity that he wasn't her man.

That was someone else's man.

He had a hotel lover called "Small Palm."

"He's busy with the research exhibition in the laboratory. The engineers and bodyguards in the research base left for the seaside today." Gu Qiqi said lightly, "It's better to rely on ourselves than to beg others. We can't rely on him forever."

She definitely couldn't develop the habit of relying on him!

The little dirty turtle pouted. "But..."

Although the arrogant turtle didn't want to admit it, in fact, it really didn't know what the consequences would be for a Master with pathetic martial strength if they barged into the unknown dangers ahead.

Could the two of them save Xiaobei?

Would that vicious woman Gu Meifeng release him so easily?

Gu Qiqi squinted. "How many more perverted points do you have?"

"Ah?" The little dirty turtle didn't know why Gu Qiqi was asking this in a hurry. "There's... 600..."

Gu Qiqi nodded in understanding.

She turned around abruptly and strangled the little maid. "Tell me, is my younger brother inside? He's a 16-year-old boy wearing a white shirt! If you don't tell the truth, I'll choke you to death."

The little maid never expected that the slender and petite Gu Qiqi would suddenly explode with such a ruthless attack.

Gu Qiqi gripped her throat. Her eyes widened in fear as she stammered, "There's... There's a boy... inside..."

She wasn't lying. *Wuwuwu... Please let me off!* She thought.

Gu Qiqi glared at her coldly.

She didn't let go.

After a few seconds had passed, she saw that the maid was so frightened that her legs were trembling and she couldn't breathe anymore. Finally, she asked the dirty little turtle lightly. "How many color points are we lacking now?"

The little dirty turtle swallowed its saliva. "We're still short of 500..."

D*mn it! Master's silver is so cruel!

She was like a little girl riding a tiger.

Gu Qiqi said coldly, "It rose so little? It seems that she wasn't frightened enough. She's not Gu Meifeng's person."

She let go of the little maid and made a call. "Special Assistant Lu, is Bai Lang with you?"

In the off-road vehicle.

"Young Lady Qiqi?"

As Special Assistant Lu drove, he looked at the cold man in the backseat through the rearview mirror.

Indeed, as soon as these words left his mouth, the cold man's gaze shot over like an eagle.

The stupid woman was looking for him?

Heh heh, sure enough, after being neglected for a few days, she couldn't take it anymore, right?

Gong Jue's cold lips couldn't help but curve up a little.

Special Assistant Lu shivered. He didn't dare to answer Young Lady Qiqi's call without his permission. He immediately turned on the speaker and said in a suggestive tone, "Yes, Young Master Bai is here. That... Master Jue is also here."

"Get that Bai guy to answer the call," Gu Qiqi said quickly.

Clearly, she wasn't interested in Gong Jue's words at all.

Bai Lang was excited. "Oh, the little demon is looking for me? Heh heh, you're here to seek reconciliation, right? You finally realize your mistake and came to reflect, right?"

Gong Jue's lips immediately pursed tightly and his expression turned colder.

This stupid woman wasn't looking for him?!

Bai Lang took the phone and smiled frivolously. "Hello? Little demon—"

Chapter 224: He Seems To Be Addicted To Her

"Shut up and listen to me."

Gu Qiqi interrupted Bai Lang's frivolous smile domineeringly.

“I’ll give you five minutes to go to the revolving restaurant on the 72nd floor of Four Seas Hotel. Raise your loudspeaker and shout to everyone, ‘I’m guilty! I shouldn’t have provoked the woman next to me! I’m a scumbag!’ 100 times!”

Bai Lang was dumbfounded. “Why... Why would I do such an idiotic thing?! Hey, that’s not right. I’m a genius doctor. I’m handsome and talented. Who did I provoke? How am I scum?!”

Gu Qiqi laughed coldly. “Do you still need me to remind you who you’ve provoked? Who did you rape on the night of July 12th? Have you forgotten it after you’re done having fun?”

Bai Lang was dumbfounded. “I... I... I forgot...”

“Forget? Heh heh. I’m at the Bai clan’s Medical Hall now. If you don’t call yourself a scumbag a hundred times in five minutes, I’ll turn all the herbs in your shop into worthless trash!” Gu Qiqi said coldly.”

Suddenly, she remembered that scumbag Bai had once threatened Xiao Ning over the phone to do it for an hour if she was late for a minute.

She added lightly, “You don’t have to rush. Anyway, I’ll destroy your pharmacy if you’re late by a minute!”

Bai Lang was really anxious. “Hey, little demon, you can’t do that! July 12th... Damn it, I can’t remember what kind of day that was!”

He was a famous genius doctor. It should be his secretary who did such a small thing like remembering that date.

July 12th?

Gong Jue’s pupils shrank!

The atmosphere turned cold!

Bai Lang had forgotten, but he hadn’t.

He had a deeper impression of this day than anyone else.

That was the first time he met Gu Qiqi.

In Qing Cheng Hospital, she collected his sperm awkwardly and left the words “erectile dysfunction” on the medical report before escaping.

He was so angry that he searched the entire city overnight and swore to teach her a lesson.

In the end, he seemed to be addicted to her...

But that day was clearly his first meeting with her. Why was it related to Bai Lang?

Could it be...

A very unpleasant guess surfaced in Gong Jue’s mind.

Who did Bai Lang rape that night?

Could it be...

No, that was impossible!

Just thinking about this terrifying thought made him furious.

Bai Lang had touched his little thing before him?

Impossible!

But if it wasn't that, why would Gu Qiqi question Bai Lang about who he had slept with so confidently?

Recalling how Gu Qiqi and Bai Lang had been fighting each other all this while...

Every time they met, they would fight.

If there wasn't any feud between them, why were they fighting for no reason?

Her heart burned like fire.

But his gaze was extremely cold as it focused on Bai Lang!

Bai Lang shivered.

Feeling aggrieved, he turned around and looked at Gong Jue. "You have to believe me. I'm really not a scumbag."

That aggrieved look in his eyes made Special Assistant Lu's heart ache. He tried to smooth things over and said, "Young Lady Qiqi is joking with you, right? Young Master Bai, the two of you quarrel every day like children playing house. It's not a big deal!"

Once his words fell, that cold gaze immediately shifted to the back of Special Assistant Lu's neck!

Special Assistant Lu shivered.

He suddenly realized that he had gotten into trouble.

It was all because of this mouth of his. Why did he mention "playing house"? Wasn't that insinuating that they were like a married couple?

How could Master Jue allow Young Lady Qiqi to pretend to be married to another man?!

He was really stupid.

Indeed, in the very next second.

Gong Jue waved his big palm coldly.

He hung up the call.

==

On the other end of the call.

Gu Qiqi raised her eyebrows and asked the little dirty turtle. "How many color points do we have now?"

The little dirty turtle was so surprised that its mouth couldn't close. "It's more than 100,000! There's still a few hundred more. Master is so awesome!"

However, it couldn't figure out why there was an especially fierce flame of jealousy when Master was deliberately aggravating someone.

Most of the color points weren't because of Little Lang, but because of this jealousy.

Tsk tsk. Whose jealousy was this?

Gu Qiqi frowned and said seriously. "Activate my Martial Skills!"

Chapter 225: Kicking open the Gu Family's Door!

In the SUV.

Bai Lang watched as Gong Jue hung up the call.

He wailed. "Master Jue, please. Please give me a ride along the way. I want to go to the Four Seas Hotel!"

Gong Jue looked up coldly. "Special Assistant Lu, the big exhibition starts in ten minutes. You're not allowed to be late!"

Special Assistant Lu tugged at his lips in embarrassment. "Yes!"

He silently lit a candle for Bai Lang in his heart. The venue of the big exhibition was in the opposite direction of the Four Seas Hotel.

Bai Lang was driven mad. "Master Jue, that little demon said that I won't be able to make it in five minutes. She's going to cause trouble for my pharmacy again... Can you consider my life?"

Gong Jue asked lightly, "In other words, did you really do it that night on July 12?"

Bai Lang was about to cry. "Master Jue, regardless of whether I did it or not, you know how ruthless that girl is. She definitely means what she says. I have to placate her first!"

Gong Jue's gaze turned colder. "You deserve it. Special Assistant Lu, why are you driving so slowly?!"

As the car's speed soared, Bai Lang saw that the Four Seas Hotel was getting further and further away. The city was also getting further and further away. Even if he jumped out of the car, he wouldn't be able to fulfill the little demon's request.

Oh, what sins had he committed to be scammed by this little demon again?

Couldn't he admit that he was a scumbag?

Pfft, how was he scum?

He was aggrieved!

==

"Clang!"

Gu Qiqi kicked open the glass door in the living room.

A moldy smell assaulted her senses.

It had been a long time since someone had cleaned up the Gu family.

The living room was dark. The curtains were drawn, making it look especially sinister.

Gu Qiqi had only taken two steps when the back of her neck turned cold.

A gust of wind blew past her.

A man's crude aura suddenly approached her!

They were two men, one on the left and one on the right. They had great strength in their hands and caused a breeze with just a slight movement. It could be seen that they were professional practitioners.

To them, it was simply too easy to catch a weak woman like her. They didn't even have to bring a knife. Each of them could twist one of her arms and pick her up like a chicken.

This simple imagery flashed across Gu Qiqi's mind.

In the very next second.

She moved her body lightly.

Like a deer that was eating grass, she suddenly leaped away following the sound of the wind.

Agile! Elegant!

"Damn, that little girl knows how to hide!"

The two burly men behind her actually missed. Apart from being surprised, they couldn't help but exclaim.

The fact that they dared to make a sound proved that they weren't afraid of Gu Qiqi at all.

What kind of ability was it to hide?

She had to be able to fight.

If the two of them couldn't beat a little girl, then they would have wasted their time in the mafia.

Gu Qiqi avoided their attacks and faced them head-on.

In the dim light, she saw these two people clearly.

They had strong figures and were wearing vests. Their dark arms were covered in dense chains but their faces weren't covered by hoods. It could be seen that these people were local hooligans and weren't afraid of being recognized at all.

Good job, Gu Meifeng. She knew how to hire thugs now.

She squinted and clenched her fists lightly.

At this moment, her usually delicate and slender fingers moved lightly and actually emitted a strong and crisp bone sound!

“Hand over my younger brother and I’ll spare your lives.”

“Heh heh! This is really the funniest joke that I’ve heard in my life. Old Eight, how about we play together and kill her?”

“Such a spicy girl might be able to serve us until we’re satisfied. She will be close to death. Hahaha—”

The laughter stopped abruptly.

The burly man watched in disbelief as a pair of slender and fair hands gripped his throat.

“Crack...”

The soft sound of bones breaking could be heard from his throat.

In the very next second, his eyes widened in horror.

That girl was so fast!

He didn’t even see how she moved. She was like an agile deer that jumped in front of him.

But that vicious look in her eyes didn’t look like that of an innocent deer at all!

Her hard wrist was even more ruthless!

With a grab, she crushed his throat!

Chapter 226: She Was Angry. The Consequence Was Serious!

The burly man’s eyes bulged in disbelief.

He wanted to say, “You little girl, you’re courting death! Don’t you know that I’ve been in the underworld for more than ten years? I’m famous!”

However, as soon as he spoke...

“Hehehehe...”

A series of hoarse and unclear sounds erupted in an extremely unpleasant manner.

He had forgotten that Gu Qiqi had crushed his throat.

Although there was no bleeding, the skin where the laryngeal tube was located was bruised. The tube inside had already broken.

“This is your reward for cursing just now,” Gu Qiqi said coldly. “I want you to understand that not every woman can tolerate being insulted by a scum like you!”

Once her words fell, she retracted her small hand swiftly.

At the same time, she tapped the ground with the tip of her feet and gathered her strength before sweeping it out abruptly!

“Roar—Roar!”

An even more unpleasant scream exploded.

Before that burly man could react, Gu Qiqi had already retracted her feet swiftly like a deer and stood prettily in the hall.

That burly man’s kneecap had already been split open.

He knelt on both knees!

The pain in his throat and his kneecaps were unbearable. He was in so much pain that he didn’t know which to save first.

Only at this moment did he realize that fear had spread from the bottom of his heart!

It turned out that not all women were that weak.

It turned out that not all women could be obediently called little girls and not dare to resist!

Unfortunately, he realized it too late.

Beside her, another burly man was already stunned.

“You... Aren’t you the Gu family’s nerdy daughter?! You... Who exactly are you?” That burly man was tall and sturdy. His entire arm was covered in sinister tattoos. One look and one could tell that he was from a gang.

But the tall and sturdy him revealed a look of terror in front of the petite and delicate Gu Qiqi.

That girl looked weak and adorable like a deer. When she moved, she was actually faster and more ruthless than the fiercest bird!

It was too terrifying.

He had never heard or seen such a thing in his life.

“You’re right. I’m that bookworm.” Gu Qiqi spread her fingers and slowly wiped them with disinfectant tissue. “So, do you want to end up like him? Or do you want to tell me honestly about my younger brother’s whereabouts?”

That burly man’s face collapsed and sweat formed on his forehead from anxiety. “I don’t know where your younger brother is. I’m also doing something with money. Please let me off...”

Gu Qiqi looked up lightly. “Oh? You don’t know? Since you don’t know... then you don’t seem to be of any value anymore...”

Why was a worthless person still alive?

The burly man saw murderous intent in Gu Qiqi’s eyes!

He was so frightened that he couldn’t hold it back anymore. He closed his eyes and howled at the top of his lungs. “Boss! Boss, say something! Boss, we’re going to die!”

There was an accomplice?

Gu Qiqi stopped what she was doing.

She tensed up and became vigilant.

After a while, a series of loud slaps rang in the dark living room.

The sound of frivolous leather shoes approached from afar.

A bald man was holding a cigar in his mouth and clapping vigorously with both hands.

He tilted his head and squinted. The way he looked at Gu Qiqi was evil and vicious. "Little girl, you're quite good at fighting."

"B-Boss! You can't call her a little girl. She'll be angry..." The burly man who had been frightened badly previously tried his best to signal to his boss with his eyes.

If this woman got angry, the consequences would be very serious!

However...

That bald man clearly didn't care about him.

Instead, he snapped her fingers provocatively. "Brothers, stop hiding. Come out and meet this little girl!"

In an instant, burly men dressed in black appeared in every corner of the living room!

He wore a black vest and had a sinister tattoo on his arm.

They surrounded Gu Qiqi!

Chapter 227: As Long As You Cooperate with Me Obediently

At this moment.

Gu Qiqi suddenly remembered that in her previous life, there were also more than ten strong men in black surrounding her and Xiaobei.

Back then, she was weak.

Even when she was holding a scalpel, she would only save people and not hurt people.

In a few moments, she and Xiaobei were subdued by those burly men in black.

Xiaobei was stepped on while she was hanged upside down in front of the blackboard in the dilapidated classroom in shame.

They could only be controlled by others!

In order to save Xiaobei, she could only beg those people bitterly.

Unfortunately, this world was cruel.

Words were powerless!

Only strength mattered!

Her pleading was useless. It would only cause those people to torture Xiaobei even more. In the end, Xiaobei died tragically under Gu Xuexue's high heels!

At this moment, facing such a similar scene, she remembered the last words that Xiaobei said before his tragic death in her previous life. He still missed her.

Gu Qiqi's eyes reddened.

She didn't want to beg anyone anymore.

Instead, she had to make those people beg her on their knees!

When the bald man saw Gu Qiqi's red eyes and swept his gaze across Gu Qiqi's frail body, he thought that she was afraid.

He snorted. "Little girl, it's not too late to beg for mercy now. I guarantee that I'll let you walk out of here comfortably today. After all, the payer didn't say that she wanted to kill you. As long as you cooperate obediently and have a good time with us, take a photo and record a video, I can let you go and won't pursue the crime of injuring my subordinate."

Payers?

Heh heh, Gu Meifeng must have spent a lot of money, right?

Gu Meifeng said that she wasn't going to kill her because she wanted to humiliate her and make her suffer more than death, right?

Gu Qiqi laughed coldly. "What if I don't cooperate?"

The bald man frowned. Why wasn't this woman afraid of him?

She even provoked him!

His voice immediately turned cold. "Seems like you want to do this the hard way. Today, I'll let your intestines rot!"

More than ten strong men in black immediately moved forward and revealed vulgar smiles.

They had done a lot of things to bully young ladies.

But they had never tried to bully them to such a serious extent. Thanks to Boss tonight, they might get a chance.

Gu Qiqi looked at the vulgar looks on these burly men and said disdainfully, "Then, let's see who exactly will have rotten intestines!"

Gu Qiqi's calmness stunned the bald man.

"Boss, let me deal with her first! Isn't she just a little girl who graduated from high school? When I was having fun in the high school female dormitory in the middle of the night, she wasn't born yet!" The bald man's most capable right-hand man, a man with red hair, took the initiative to volunteer.

However...

“No.” The bald man shook his head.

He glared fiercely at Gu Qiqi and suddenly waved his hand. “Let’s attack together!”

According to the rules of the underground world, they should have attacked her one by one to not lose face.

But he couldn’t be bothered anymore.

This woman was so arrogant that he couldn’t wait to press her to the ground in the very next second!

Look at how brave she was. She actually didn’t take him seriously at all.

Hmph! Let’s see how awesome you are when we attack together later!

The bald man gave the order.

The burly men dressed in black surrounded Gu Qiqi. One by one, they cracked their wrists and clenched their fists. Smiling wickedly, they approached Gu Qiqi.

A large group of people dressed in black surrounded Gu Qiqi in her school uniform like locusts.

Gu Qiqi was about to be consumed by them.

Even if she wasn’t beaten, she would still be crushed to death...

In the very next second, that petite girl rushed away from the black locusts!

She flipped her hand and slashed the back of one of the men in black’s neck!

It was the red-haired man who had volunteered to destroy her previously.

Chapter 228: Don’t Use Your IQ If You Can Use Force

That red-haired man was the bald man’s most loyal subordinate.

When others attacked Gu Qiqi, they wanted to either grab her arm or try to choke her neck and pull her long hair.

In order to humiliate Gu Qiqi and give the bald man face, the burly red-haired man stretched out his dirty hands and grabbed the bottom of Gu Qiqi’s skirt.

He was counting his chickens before they hatched. With this grab, he would definitely tear that little girl’s little panties to pieces. Haha, he would let that little girl’s buttocks be exposed!

Let’s see how she would continue to be arrogant.

It was also because of this vulgar action of bending down to grab it that his body was bent.

The back of her neck was exposed!

Thus, as soon as Gu Qiqi’s small and agile body rushed out of the crowd, he was her first target to be slashed.

Although her hand was small, she struck the vital acupoint on the back of his neck.

It immediately struck the red-haired man until his entire spine stiffened and he couldn't move. His knees went soft and he crawled forward. Not only did he fall onto his butt, but he even fractured his arm!

Gu Qiqi laughed coldly and said, "This is a reward for your dirty hands and dirty mouth. Who else wants such a reward?"

The burly men in black hesitated.

The red-haired man was the most powerful person after their boss among them.

Even he had lost to Gu Qiqi...

"Stupid, let's attack together! Why are you standing there in a daze?! You still have the face to stay in the triads after being frightened by a little girl?" The bald man roared.

The men in black thought about it and agreed. No matter how powerful she was, she was still just a woman.

As long as they were careful and made a move together, how could they not be able to control her?

However...

Before they could make a move,

Gu Qiqi had already moved!

She was really fast!

She was so fast that her movements were a blur.

She heard a wail and then another wail.

Someone had lost an arm.

Some people had fractured their knees.

Some people's eyes were poked.

As for the others...

"This, this, what kind of monster is this? Ahhhh, my nose!" A man in black was so frightened by the little dirty turtle on his nose that he pissed his pants.

The little dirty turtle bit off his nose without any hesitation!

After biting it, it even turned back and shouted arrogantly at Gu Qiqi. "Master, I think that you shouldn't use your IQ when you can use force in the future. Because... force is too satisfying!"

In less than a minute.

The floor was filled with rolling men in black. Each and every one of them covered their crippled areas and kept screaming. It was as if they were injured all over the place.

Gu Qiqi wiped her hands.

She stepped forward coldly and walked towards the bald man.

“You want your intestines to rot, huh?”

These simple words made the bald man shiver.

Damn it. This woman really did it.

She was too terrifying.

He didn't even see how she fought before he was actually defeated by her.

These top fighters that he had raised after so many years were actually so useless in front of her.

Cold sweat formed on his forehead.

Since he couldn't beat this woman with his fists...

Then...

“Little girl, I must screw you here today!” He gnashed his teeth. He was unwilling to give up this business for the sky-high reward promised by Gu Meifeng.

After speaking, a black gun was suddenly drawn from behind him and pressed against Gu Qiqi's fair forehead!

No matter how good she was at fighting, she couldn't beat weapons.

No matter how fast she was, it was impossible to be faster than a gun!

Today, he was going to give it his all.

He even took out his secret weapon.

He didn't believe that this little girl wouldn't kneel down and beg for mercy!

“Little dirty turtle, can I still be faster?” Gu Qiqi asked in a low voice.

Chapter 229: Actually Stepping On Him

She was being held at gunpoint.

Gu Qiqi remained calm and collected as she asked the little dirty turtle.

The little dirty turtle said with a long face, “Master Silver, you've just activated your martial strength not long ago. This is already the fastest you can achieve at present. Furthermore, the consumption of color points for martial strength is especially fast. Our color points... aren't much anymore!”

“It's already the fastest?” Gu Qiqi muttered. “Then, compared to this bald man's bullet speed, who's faster?”

“Master Silver, if we advance to the purple level, there's nothing in this world that's faster than you...”

“Don’t mention the unattainable things. Tell me about now!”

“Now... Oh, his bullets are faster.”

Gu Qiqi was speechless.

That meant that if she snatched the gun away, the other party’s bullet would enter her brain.

Could it be that she was going to admit defeat like this? Surrender?

The bald man’s evil voice rang across her. “Little girl, I’ll give you one last chance. Remove your clothes obediently and do as I instruct you in front of the camera... Come, lick my leather shoes first!”

Lick leather shoes?

Gu Qiqi’s pupils shrank.

In the very next second.

She made a move.

“Master! No!” The little dirty turtle closed its eyes and almost didn’t dare to look at Gu Qiqi’s end.

Master, Master. Why are you so impulsive?

I already said that the bullet is faster than you. Why don’t you believe me?

I didn’t expect you to be so violent. You would actually rather be shot in the head than fight to the death with the other party.

But if Master Silver died, it would also turn to ashes.

The little dirty turtle was disheartened.

It had finally started a profitable life with Gu Qiqi. It was already accustomed to this kind of life. It really didn’t want to return to the darkness of Chaos...

However...

After closing its eyes for a few seconds, it didn’t hear any gunshots.

Instead, it heard a cracking sound.

Then, with a plop, something heavy fell to the ground!

The little dirty turtle opened its eyes in astonishment. It saw that the bald man’s huge body was actually lying down completely. His head happened to hit the floor in front of Gu Qiqi’s feet.

Gu Qiqi stretched out one foot and stepped on his head with the soles of her shoes. “You said just now that you wanted me to lick the soles of your shoes? Hmm?”

The bald man was completely dumbfounded.

How did Gu Qiqi do it?

There was actually someone who was faster than a gun?

No, he didn't even have the chance to fire before Gu Qiqi crushed his gun barrel.

How was he going to shoot her when the barrel was broken?!

"Master Silver, you're so cunning! It turns out that you're not competing in speed with a gunner but crushing his gun chamber directly. This way, he won't have a chance to fire the bullet, right? Damn it, Master Silver, you're really scheming and cunning!"

The little dirty turtle finally reacted and cried out in excitement.

Gu Qiqi curved her lips. "Cunning? Hmm?"

"No, no, no. Master is wise, powerful, domineering, intelligent, and wise!" The little dirty turtle was about to cry and was incoherent.

Gu Qiqi smiled. She didn't correct its random use of words. Instead, she exerted force with the tip of her foot and squashed that bald man's face. "Weren't you very awesome just now? Were you very powerful? Why aren't you saying anything?"

"I, I'll talk! I'll lick the soles of my shoes. Right away!" The bald man broke out in cold sweat.

He never expected that such a small, weak, and inconspicuous girl would actually step on him.

What else could he do? If he couldn't beat her, he could only concede.

However...

Gu Qiqi laughed coldly. "If you want to lick it, I'll complain that your mouth is dirty. Tell me, where's my younger brother?"

The bald man's face distorted. He gnashed his teeth and said, "At..."

Just as the bald man was about to speak...

In the dark living room, the television screen suddenly lit up!

"Gu Qiqi, you want to save your sickly brother? How can you not pay a price? Hahaha..."

The sinister and sinister laughter was especially piercing in the dark room!

Chapter 230: Opening Her Bloody Mouth

Following that evil laugh.

A blurry image appeared on the television screen.

Gu Meifeng was sitting in front of the hospital bed and feeding Gu Xuexue fruits.

She fed her red dragon fruit.

Gu Meifeng took a bite herself.

That fiery red fruit juice stained her mouth, making her look like she was opening a bloody mouth. It was disgusting.

However, the words that she said were even more disgusting than her looks. "Little b*tch, you keep saying that you want to see your younger brother, but you're not even willing to pay a price. How could you? I think that you don't really love your younger brother at all. If you really love him, why don't you play with these men on the spot? They already said very clearly that as long as you serve them until they're happy, they'll naturally let you see your younger brother! But you're selfish and only know how to beat people blindly for your own pleasure. Heh heh, you might be satisfied, but in the end, if your younger brother dies, it's because his older sister was too selfish and only care about herself. You're unwilling to pay a little price to save him! When the time comes, you won't be able to blame anyone but yourself!"

Once Gu Meifeng's crooked and vicious words left her mouth, the little dirty turtle couldn't take it anymore and consoled Gu Qiqi. "Master, you mustn't believe her slanderous words! You're not selfish at all. I believe that you really love Xiaobei! She's deliberately agitating you! Don't fall for it..."

Gu Qiqi didn't answer the little dirty turtle. Instead, she said lightly to Gu Meifeng, "Your so-called price is just to play?"

The little dirty turtle wailed. "Master, no! She will definitely take a photo and publish the video on the Internet. It will completely ruin your reputation..."

Gu Meifeng nodded slyly and took a bite of the Dragon Fruit. "Of course! If you're willing and Xuexue's anger is eased, I'll let your younger brother go! You don't have to feel like you've suffered a loss either. You have to know that back then in the mental hospital, Xuexue went to Ward 13 for you!"

Speaking up to this point, Gu Meifeng gnashed her teeth. The red juice from the dragon fruit trickled down her chin and looked extremely sinister. "Ward 13, do you know what kind of place that is?! My family's innocent Xuexue was ruined just like that! Destroyed! So, do you think that it's very fair to let you be with these men now? Of course! That's what you owe Xuexue. You deserve it!"

She deserved it?

The little dirty turtle was so angry that it wanted to crawl into the television and bite off Gu Meifeng's smelly mouth.

Back then, it was clearly you, this scumbag aunt, who colluded with Gu Qiushan to sell her for money!

Your daughter deserves this outcome!

"Master, you can't agree to that old witch! She definitely has bad intentions!"

Gu Qiqi's eyes sank. "Call Xiaobei out first and let me take a look. Otherwise, how would I know that he's still alive?"

The little dirty turtle became anxious. "Master Silver, are you going to agree to her request? No, no, no! Although we're about to run out of color points and can't increase our strength and speed anymore, we can't fall into her trap either, Master Silver... Let's go first before thinking of a way to save Xiaobei, okay?!"

It was all its fault. It should have explained it to Master when it activated its martial strength.

There was a price to pay for the rise in physical strength!

At the cost of a lot of color points.

That battle just now had already consumed thousands of color points.

If it weren't for the intense flames of jealousy that kept surging in order to provide them with color points, they probably wouldn't have been able to last until now.

But Master didn't have the slightest intention of giving up or escaping.

She was really very protective of her younger brother, Xiaobei. She wouldn't leave until she saw him with her own eyes.

This was so nervewrecking!
