

Dear Chief 241

Chapter 241: How Dirty! Stray Cat!

"That's right. Xiaobei was brought here by his aunt to stay with me for a few days. He plays chess with me every day." Old Master Gu couldn't help but complain. "This brat bullied me until I was old and dizzy. He never gave in to me!"

Behind her, the Gu family's servants' faces darkened.

Old Master, is it... appropriate for you to let a blind man give in to you?

On the other end of the call, Gu Qiqi held her breath. "Is Xiaobei really there? Is he also with you now?"

"Nonsense!" Old Master Gu waved. "Xiaobei, come here!"

In the very next second, Xiaobei's clear and innocent voice could be heard over the phone. "Sister!"

Just one word made the tears that had been accumulating in Gu Qiqi's eyes burst out!

Her eyes lit up!

Xiaobei was really still alive.

He was alive and well.

She didn't commit an irreversible mistake.

The heavens had given her another chance. No, Gong Jue should have given her another chance.

She raised her grateful eyes and looked at Gong Jue.

Unfortunately, a certain man was busy instructing Special Assistant Lu to set up an automatic cruise bullet and didn't see her emotional glance.

"Xiaobei, listen carefully to what I'm going to say next. I'll meet you in the Imperial Capital very soon. Before you see me, you're not allowed to take a step away from me, understand?"

"I know, Sister. But..."

"No buts! Apart from Grandpa, you can't trust anyone, especially Gu Meifeng and Gu Xuexue. No matter how sweet their words are to let you out, you can't leave with them alone. Understand?"

"I... I understand." Xiaobei had rarely seen Gu Qiqi speak so fiercely and with such a firm tone.

"You must remember to stay away from them!"

"Qiqi, what are you talking about with Xiaobei? Why are you so mysterious?" Old Master Gu couldn't help but ask.

Gu Qiqi took a deep breath. "It's nothing, Grandpa. Please help me look after Xiaobei. I'm here to see you! Grandpa, can you help me keep the matter of me calling you today a secret?"

"Grandpa never lies."

“Grandpa!”

Gu Qiqi bit her lips.

She didn’t want to alert the enemy.

She had to let Gu Meifeng think that she still had the chips in her hands and that victory was in her grasp. She wouldn’t be in a hurry to continue attacking Xiaobei.

“Haha, for the sake of our Little Qiqi, I’ll make an exception this once! Remember, come to the Imperial Capital quickly. Grandpa has prepared a reward for you...”

As he spoke, he lowered her voice. “You have to keep the reward that I’m giving you a secret too.”

Old Master Gu’s bright laughter and mysterious instructions made Gu Qiqi’s heart warm.

The people she loved were still alive and well.

There was nothing more blissful than this.

After hanging up the call, she closed her eyes and her face slowly regained its calm.

She looked up and saw Gong Jue staring at her.

“Is there something on my face?” Gu Qiqi pursed her lips.

Gong Jue didn’t answer.

He stretched out his big palm and brushed past her small face.

He wiped away the tears on her cheeks.

“How dirty! You’re like a stray kitten!”

After wiping them, he snorted coldly in disdain.

Beside him, Bai Lang curled his lips and couldn’t take it anymore. He said to Special Assistant Lu, “Tsk. Your Master Jue is becoming more and more mushy. Usually, only in melodramatic television dramas will the male lead care about the female lead so much and call her a kitten... Furthermore, he actually tortures us like dogs. I want to report him to the Animal Protection Association...”

Special Assistant Lu held back his laughter and only said. “Master Jue, Young Lady Qiqi, the cruise ship is ready. It can launch an attack anytime!”

Gong Jue’s hands were crossed. The fingers on his left hand were slowly caressing his right hand which had just touched Gu Qiqi’s skin.

It was as if he was reminiscing about that fleeting but exquisite touch.

He still said, “Stupid woman, you decide!”

He could bestow her with this world’s most powerful weapon.

It was entirely up to her to use it!

Chapter 242: I'm Willing If You Are

Faced with Gong Jue's complete authorization, Gu Qiqi's eyes sank with complicated emotions.

"Xiaobei is still in the Gu family. He was tricked into going there. Gu Meifeng is very cunning. She didn't let him discover their treacherous intentions."

Thus, Gu Meifeng could attack or defend herself at ease.

Those burly men in black had died in the Gu family's old residence. She could very well push all the blame onto those people and clean herself up.

"I can get someone to bring him out before blowing him up," Gong Jue said lightly. "Anyway, there's no one good in the Gu family other than him."

Gu Qiqi shook her head. "There's also Grandpa... He's almost 90 years old. He's already old and can't afford to suffer anymore. Apart from Grandpa and Xiaobei, there's nothing else in the Gu family that I can't miss. But I can't cheat him out too and let him watch the old residence be destroyed. Also, Grandpa's students won't sit idle either. Although it's satisfying to watch an explosion, there will be endless trouble in the future..."

"Old Master Gu..." Gong Jue's eyes sank.

The Gu family was a family of scholars. Old Master Gu was a great scholar respected by everyone in the Imperial Capital dozens of years ago. He had once raised many outstanding students throughout the Imperial Capital.

This was also the reason why the Gu family had always had a foothold in the Imperial Capital despite not having any high-ranking officials or big business.

Gu Qiqi nodded. "I don't want you to be entangled with these people."

Gong Jue snorted coldly. "Would I care about these?"

Gu Qiqi's lips twitched. She had never known where Gong Jue's arrogant aura came from.

However, it wasn't wrong to say that he didn't care about anyone's opinion.

She completely believed that this man had the confidence to throw a bomb at them directly.

However, there was a more important reason in her heart...

"I don't want Gu Meifeng and Gu Xuexue to die so easily! They won't feel any pain when they close their eyes! It's too easy on them!" Gu Qiqi's tone became colder.

In her previous life, the pain that they had inflicted on her and Xiaobei, as well as the framing of her for causing her grandfather's death, were definitely related to them.

If it was just a simple explosion, it wouldn't be enough to relieve her hatred at all.

Really, this didn't relieve her hatred.

Gong Jue looked up lightly. "Up to you."

Gu Qiqi looked back at him. When she saw that trace of indulgence in his eyes, her heart inexplicably skipped a beat.

Why did she suddenly feel like she was being doted on?

She could do anything, but she felt as if someone was supporting her.

That must be an illusion, right?

Pursing her lips, she said softly, "But I want to return to the Imperial Capital as soon as possible to fetch Xiaobei out!"

Gong Jue's eyebrows didn't even move. "To the Imperial Capital!"

Special Assistant Lu shivered. "Now... now?"

Master Jue, do you have to spoil Young Lady Qiqi so badly?

You must have forgotten something important...

Beside him, Bai Lang muttered, "Seriously, you're going to the Imperial Capital already? I even wanted to watch the big exhibition in Qing Cheng, but it was all in vain. There's no chance now! Master Jue, you're too stubborn!"

Gong Jue snorted coldly and didn't comment.

Gu Qiqi said in annoyance, "Bai Lang, I haven't settled the score with you on July 12th yet. You're the one who's willful and shameless, right? You actually slept with your own..."

Before she could finish speaking...

She felt Gong Jue's embrace tighten!

The stupid man was unhappy!

It was fine if Gu Qiqi didn't mention July 12th. Once she did, Gong Jue immediately wondered if Gu Qiqi had an affair with Bai Lang in the hospital that night.

Bai Lang was even more nervous.

He hurriedly interrupted Gu Qiqi. "Hey, hey. Don't bully me because my memory isn't good. I don't remember that day!"

"You don't remember? You won't admit it after putting on your pants, right? Do you want me to help you remember what you've done?"

"Even if there is, that's because the people involved were willing!"

Gong Jue's gaze deepened as he watched the two of them argue with each other.

"Both of you were willing?" His tone was cold.

Chapter 243: Dropped Off The Plane

The word "willing" was really toxic.

Especially when it came from Bai Lang's irritating mouth, it was simply like he was admitting that he and Gu Qiqi had indeed "conspired together"!

Gu Qiqi was only thinking about getting justice for Xiao Ning and deterring Bai Lang. She didn't care about this detail.

Gong Jue was different.

As long as it involved Gu Qiqi, even if it was just a few words, his sensitive mental state would be affected!

Perhaps, this was how a man's possessiveness flared up and he couldn't control himself.

"That's right. It's not illegal to do such a thing where both parties are willing, right? On what basis should little vixens always target me? I feel very aggrieved!" Bai Lang curled his lips.

Thinking about how he had gone through so much to help the little demon carry that ugly corpse with his handsome shoulders, he felt even more aggrieved.

"Why are you aggrieved? Are you feeling aggrieved because you felt good? Who said that there was consent? You used force, but you still feel aggrieved?!" Gu Qiqi was also furious.

Why was Xiao Ning controlled by such a b*stard?

Although he had some medical expertise, his character was still lacking by a level if he refused to admit it.

"I am just aggrieved. Which man is able to control his lower body? It's not like women don't enjoy it. Why is it all my fault?"

The more aggrieved Bai Lang became and the more he defended himself, the more Gong Jue felt unhappy.

Finally.

He couldn't tolerate it anymore.

He clenched his fists and knocked hard on the window. His knuckles turned white. "Special Assistant Lu, I told you to throw him down just now. Did you ignore my words?"

Special Assistant Lu was listening to the gossip. He didn't expect that the flames of war would burn him. He immediately shivered. "Yes! I'll do it immediately!"

I'm sorry, Young Master Bai...

Who asked you to have such a wicked mouth? You actually said something like that to Young Lady Qiqi...

"Boom!"

The window of the cabin beside Bai Lang's seat suddenly opened!

Bai Lang didn't react at first and was quite happy. "Oh my, you guys finally have some conscience. You finally remembered that I'm still carrying a broken corpse. Wait a minute, I'll throw it down..."

Special Assistant Lu looked at him with sympathy and didn't say anything.

Gu Qiqi looked at him with disdain and laughed sarcastically.

Bai Lang's heart skipped a beat and he reacted abruptly.

In the sky, a strong cold wind poured in and blew until he shivered. "Damn it... Don't tell me that you want me to jump myself? Damn it! It's real! Master Jue, even if I slept with a woman, it's not a crime of death, right? Pfft, no, I didn't do it! I really didn't—"

In the very next second, his excuses were swallowed up by the cold wind.

As the seat flipped sideways, he was thrown out!

"Ah!"

A wail disappeared into the wind.

Gu Qiqi opened her mouth and looked at Gong Jue in astonishment.

She also didn't expect Gong Jue to be serious.

Actually, she only wanted to beat and scare Bai Lang so that he would restrain himself and stop pestering Xiao Ning.

She didn't want him to die.

What's more, Bai Lang had worked hard to carry the corpse in the sea of fire just now and did a quick DNA test on the plane. Honestly speaking, he was quite loyal.

Her mouth was just a little cheap.

His style was also a little messy.

"You... really threw him down?"

"Why? Do you feel heartache?" Gong Jue's expression was cold as he asked coolly.

What an adulterer!

This stupid woman actually felt sorry for her adulterer!

"Heartache?" Gu Qiqi laughed. "He did that kind of thing. What's there to feel heartache about?"

She only felt that this punishment was a little too much.

Gong Jue was really stubborn. He threw cruise bombs whenever he wanted and threw people out whenever he wanted.

Was there anything in this world that this man didn't dare to do?

Gong Jue stared intently at her big, black grape-like eyes. He said word by word, "You and him were willing to do that kind of thing. Now, can you pat your conscience and say that your heart doesn't ache for him? Hmm?"

Chapter 244: He Was Clearly Innocent!

What?

So this was what Gong Jue was thinking?

Gu Qiqi opened her cherry lips and was speechless for a moment.

Special Assistant Lu, who was in the driver's seat, was sweating for her.

Young Lady Qiqi, you must be careful. You must answer carefully. Otherwise, if Master Jue throws you down too, then... Oh my!

After three seconds of silence.

Gu Qiqi's big and clear eyes stared fixedly at Gong Jue. "Okay, I'll pat my conscience and tell you. The reason why I insulted Bai Lang was that on the night of July 12th, he raped my best friend and might very well cause her to get pregnant. My best friend has a fiancé and even said that she wasn't willing to do it with him, but he still insisted on doing it. So, that's not a matter of mutual consent at all! Since he did that kind of shameless thing, why should I feel sorry for him? Are you stupid? You actually think that he and I are..."

Gu Qiqi finished speaking in one breath.

She glared fiercely at Gong Jue in anger.

This stupid man actually thought that she had an affair with Bai Lang?

Her taste wasn't that bad!

Gu Qiqi's tone wasn't good at all. Special Assistant Lu's heart throbbed when he heard it.

Especially the part where she reprimanded Gong Jue for being stupid. Special Assistant Lu wiped his sweat for Gu Qiqi.

Master Jue had an esteemed status. Who would dare to speak to him like this?

However...

Gong Jue's reaction completely subverted Special Assistant Lu's understanding.

He didn't seem to feel that Gu Qiqi's aggressive tone offended or challenged his authority at all.

Instead, his eyes sparkled with an indescribable joy. "Which best friend?"

Was Bai Lang really not that stupid woman's adulterer?

"It's Xiao..." Gu Qiqi was about to say it when she suddenly stopped. "Why should I tell you? That concerns a girl's reputation. Why are you asking so much? Anyway, Bai Lang has already been thrown out by you!"

Although the scumbag was despicable, it was still a pity for him to die.

But it couldn't be considered heartache!

What was there to feel sorry for? If it weren't for that scumbag Bai in her previous life, would Xiao Ning have died?

Gong Jue squinted.

He didn't have to know that woman's name.

That wasn't what he was concerned about.

What he was concerned about was that Gu Qiqi was honest and sincere when she said these words.

It seemed to be true.

Furthermore, he recalled that night carefully.

Ever since he saw Gu Qiqi, Bai Lang had been by her side.

After Bai Lang left her, he went to catch Gu Qiqi.

There was no time for the two of them to start an affair at all.

Whatever Bai Lang wanted to do with a woman that night must have been done with some random woman after he captured Gu Qiqi.

He was really overwhelmed by jealousy. He actually didn't think about the problem with this timeline at all just now.

Thinking about this, the smile on his lips deepened.

He raised his voice and ordered, "Special Assistant Lu, scoop him up."

Scoop him?

Did he think that this was the sea?

This was clearly someone flying in the sky, stupid man.

"Yes!" Special Assistant Lu agreed swiftly. Then, he pressed a button and a steel cable slowly rose. In a few seconds, it pulled Bai Lang up from outside the plane.

Behind him was a small parachute.

Gu Qiqi couldn't help but laugh.

It turned out that Gong Jue didn't kill Bai Lang at all.

Even if Bai Lang fell down, he would still have a parachute to protect him. Furthermore, there was a steel chain holding him back.

She had worried for nothing!

Seeing that everyone in the cabin was smiling, Bai Lang was about to cry.

"Why did you throw me away? What did I do wrong?"

“I’ll teach you a lesson. Don’t bully women casually in the future and mess around with other relationships.” Gu Qiqi held back her laughter and said in all seriousness.

Bai Lang’s face fell. “I’m clearly very innocent!”

Chapter 245: I Allow You to Invade My World

Gu Qiqi was unmoved. She curled her lips. “Scumbags all like to say that they’re innocent young men.”

Bai Lang could only seek help from Gong Jue aggrievedly. “Master Jue, you know that I’m focused on studying medicine. How would I have the time to mess around?”

But who knew that Gong Jue would embrace Gu Qiqi and simply smile. “Since when were you innocent? Don’t bully women in the future and mess around with other male-female relationships! Otherwise, a scumbag deserves to be unlucky!”

Gong Jue spoke righteously.

Bai Lang’s heart turned cold when he heard this.

What?

These two people actually teamed up to torture him again.

Even the lines seemed to have been discussed beforehand!

How unreasonable!

Bai Lang was furious. He leaned against his seat and sighed at the injustice of fate.

The plane gradually rose into the clouds and headed towards the Imperial Capital.

The Gu family was getting further and further away from them.

It turned into a black dot.

Gu Qiqi looked out from the window of the plane. The most prosperous main city area in Qing Cheng had become palm-sized territory under her feet.

Those people whom she had been unable to escape from for the rest of her life were now beneath her feet.

Her eyes suddenly felt bitter.

She was about to leave and she felt complicated.

It wasn’t that she was unwilling to part ways, but because she was about to walk out of this small seaside city and walk towards a wider world. She was about to open up the life that hadn’t begun in her previous life.

Bai Lang’s exclamation was suddenly heard. “Damn, the seaside is so spectacular!”

Gu Qiqi’s lips twitched. The scumbag Bai had a strong ability to change the mood.

Just now, she was still dispirited and sighing. In the blink of an eye, she was in the mood to admire the scenery outside the window.

She couldn't help but look outside.

From the sky, it was clearly visible that a row of eight big words in black cursive script had actually appeared on the seaside: The Empire is powerful and the Empire is invincible!

They lined up majestically along the coastline!

Who would write on the coastline?

This was too awesome.

What marvelous work.

Gu Qiqi looked carefully. It turned out that those weren't the words written on the seawater.

Instead, countless black diving robots solemnly and orderly arranged themselves into words!

If a submarine robot moved slightly, the words would become ugly and funny.

However, as the blazing sun roasted the surface of the sea, all the diving robots didn't move an inch. They maintained their handsome positions the entire time.

Gu Qiqi couldn't help but exclaim. "How beautiful."

Their beauty was filled with strength!

Upon hearing Gu Qiqi's sincere praise, Gong Jue's lips slowly curved up. "You like it?"

"Yes. This is the first time I've seen it in my life." Gu Qiqi nodded.

Bai Lang chimed in. "Although this isn't the first time I've seen it, it's especially spectacular this time. It's beautiful! I love it!"

"I'm not asking you." Gong Jue gave Bai Lang a "you're too dramatic" look coolly.

He turned around and said to Gu Qiqi, "Go and see if you like it. Special Assistant Lu, let Number One fly around it."

"Yes!"

Special Assistant Lu was secretly amazed.

Master Jue never brought women along.

Today, Young Lady Qiqi had broken another record of Master Jue and snatched away his first time.

The four of them took Number One and lingered above the seaside of Qing Cheng.

When the black diving robots that were originally parked along the coastline saw Number One, they immediately started moving.

In the very next second, the fireworks exploded.

It was as if they were paying their respects to an extraordinary figure!

Gu Qiqi looked at all of this curiously. At the same time, she was slightly worried. "Will we break into other people's territory? That isn't good right?"

Gong Jue's cold but charming voice slowly rang in her ears. "I allow you to barge into my world..."

He will take her to the Imperial Capital.

He will introduce her to a bigger and wider world.

Chapter 246: Domineering and Romantic!

His world?

Gu Qiqi's heart trembled slightly at these four words.

She didn't know if this man with erectile dysfunction was doing it on purpose or not, but he was always able to seduce people easily.

Was this his world?

On the endless blue coast, the black diving robots were unstoppable. They transformed into various powerful and bold words that wrote shocking declarations on the sea surface.

How domineering! How romantic!

For a moment, she was almost speechless.

Who exactly was he?

She knew that he was Gong Jue. He was a technological geek who thought highly of himself.

But how powerful was he? He could command such a magnificent robot team? He could also command the plane? Previously, she also learnt that he had countless engineers and bodyguards on land?

She didn't dare to think too deeply about it.

In the past, she only thought that he was a small manager of an ordinary company in Qing Cheng.

But now, it seemed that... things weren't that simple!

He was from the Imperial Capital. His sphere of influence included even the most luxurious district of the rich in the Imperial Capital. He could blow it up just like that!

Who exactly was he?!

She wanted to ask, but she didn't know where to start.

Gong Jue hugged her tightly. "Since you like it, go down and take a closer look."

"No way!" Gu Qiqi exclaimed.

She had just escaped from the sea of fire. Her clothes were tattered and she was even wearing Gong Jue's shirt to make her look less miserable.

If she went down and walked to the side of that well-organized robot team, she would definitely be laughed at by the engineers.

Special Assistant Lu and Bai Lang were even more shocked.

Gong Jue would actually bring a woman down to be examined?

Gosh, then all the newspapers in the world would explode tomorrow!

“Master, please think twice!”

“Jue, are you crazy?”

Gong Jue swept a cold glance at those two people. “Shut up.”

After speaking, he stretched out his long and slender arm past the driver’s seat, and pulled the joystick of the plane.

Number One quickly drew a beautiful arc in the air.

Then, it dived!

“Ah—Ow!” Bai Lang couldn’t help but cry out as he was stunned by this speed.

Even Special Assistant Lu—who had been on the battlefield for a long time—turned pale.

Faced with this acceleration, experienced old drivers knew that if they didn’t control it well, the plane would fall into the sea.

It was too dangerous!

On the contrary, Gu Qiqi was calmer this time.

She gripped Gong Jue’s clothes tightly and didn’t exclaim.

That was because Gong Jue’s other hand was steadily holding onto her small waist.

The plane’s turbulence only made her sway slightly in his arms. She didn’t feel uncomfortable from the impact.

Furthermore, this was the first time in her life that she was taking such an intelligent plane. She still didn’t know what this dangerous speed and dive meant.

Only when the plane was about to reach the surface of the water did her small heart finally start thumping vigorously.

Gong Jue really wanted her to go down and meet someone?

No... It’s too embarrassing.

“Impotent man, stop!”

“What are you afraid of?”

“No... No! Impotent man!”

“What did you call me?” Gong Jue’s eyes narrowed dangerously.

“Gong... Gong Jue! Stop... Stop!”

“It’s very bad behavior to make a man stop.” Gong Jue curved his lips. “You should say ‘you shouldn’t stop.’”

However, when that stupid woman called his name, that voice was simply too pleasant to listen to. It was like the sound of nature.

His abdomen throbbed. His palm pulled up the joystick abruptly.

The plane was gliding dangerously close to the surface of the water!

In an instant, it rushed into the sky again and flew at a low altitude!

The densely packed black diving robots and the countless engineers on the training ground immediately erupted in thunderous applause and cheers.

D*mn it! The Chief’s plane was too cool!

This control technique could be said to be perfect! How breathtaking!

Number One flew past them at a low altitude.

It patrolled the long robot team proudly.

Every time a team of diving robots passed by, the engineer in charge at the side would pay his respects.

Beside the window, Gu Qiqi’s small face flashed past.

Everyone only saw a small white figure.

Gong Jue’s palm waved reservedly by the window.

Everyone felt that they had seen wrongly. Why did it seem that the Chief’s palm was holding... a woman’s small hand?

Only Gong Jue laughed lightly as if he had gotten his way. Stupid woman, since you’re unwilling to come out and meet people, I’ll use this method to let you patrol my world once!

Chapter 247: Eating the Little Fairy’s Saliva

He watched as Gong Jue doted on Gu Qiqi to the point of lawlessness.

Special Assistant Lu smiled and didn’t say anything.

Bai Lang nearly choked to death.

He muttered. “Damn it. I didn’t expect Little Jue to be so good at flirting. In the future, I’ll also bring the woman I love to patrol my staff...”

Special Assistant Lu asked curiously. “Young Master Bai, what will you patrol?”

“Our Bai clan’s pharmacy! Hmph!”

Thinking about Bai Lang asking the pharmacists in the pharmacy to line up in a row and even copy the confessions that Master Jue had written using various herbs...

Special Assistant Lu grinned.

==

After being ruthlessly shocked by Gong Jue's "Low Altitude Flight Review", Gu Qiqi's heart beat rapidly as she followed his plane Number One to the Imperial Capital.

Perhaps because she had relaxed, she nestled in the man's embrace and actually... fell asleep.

She slept beautifully all the way!

When she woke up, the sky outside the window was already dark and rosy.

Looking down from the window, there were countless tall and bustling buildings in the city.

This was the city where she was going to study in university!

The heart of the Empire, the capital!

Had they been flying for so long?

Gu Qiqi rubbed her sleepy eyes. Before she could speak, the man's cold face suddenly bent down and his voice was rich. "Stupid woman, you're awake?"

If she didn't add the words "stupid woman", Gu Qiqi would still think that she was in a waking up scene of an idol drama.

Upon hearing those three irritating words, she immediately sobered up and curled her lips. "Ahem, put me down. My legs are numb."

Bai Lang interrupted in a strange tone. "My legs and hands are all numb! Sigh, some women have good luck. It was clearly a two-hour flight, but someone insisted on moving slower and slower. He was afraid that the airflow would cause a bump, so we flew for five hours! I'm so tired!"

Gu Qiqi was slightly surprised. It turned out that Gong Jue had deliberately slowed down his flying speed for her to sleep peacefully?

Beside him, Special Assistant Lu added casually, "Young Master Bai, actually, using Number One's fastest speed, we could've reached in ten minutes..."

"What?! For that woman, we could have gone home in ten minutes, but we've delayed it for five hours now! Where's the justice in this world?"

Bai Lang felt like he had received ten thousand critical blows. It was so painful that he wanted to die.

Gong Jue had no intention of answering him at all. He continued to stare at Gu Qiqi's small mouth. "Are you tired? Let's go and eat first."

Such thoughtfulness made Gu Qiqi's small heart beat uncontrollably again.

D*mn it. Why did she keep feeling that this man was... flirting with her?

But actually, he was only talking about eating.

She pursed her lips. "I'm not hungry yet. Let's go to the Gu family first. I want to see Xiaobei."

"What's the hurry?" Gong Jue said lightly.

Suddenly, he bent down a few more degrees. The man's cold face was about to touch the tip of her nose!

"Hey! You flaccid man..."

"What did you call me?"

"Gong... Gong Jue."

"Be good, don't move!"

Beside her, Gong Jue blocked Bai Lang's line of sight. Bai Lang felt an itch in his heart as he listened.

"Hey, hey. Can the two of you control yourself a little too?"

Upon hearing this, Gu Qiqi's face flushed red.

She pushed him lightly. "Don't!"

The man's cool fingertips landed unexpectedly and brushed past the corner of her lips.

Then, Gong Jue got up in all seriousness. "How old are you? You even drooled while sleeping?"

Gu Qiqi was speechless.

Special Assistant Lu was speechless.

Bai Lang was shocked. "...Ah? Hahahaha! You want to eat the little demon's saliva?"

Gu Qiqi had the urge to jump off the plane.

This hateful man with erectile dysfunction was always capable of making people misunderstand him!

Gong Jue's expression remained unchanged.

Not only was he not angered by Bai Lang, but she even seemed to be in a good mood as he said to him, "That's better than you having no one to eat."

==

In the end, Gu Qiqi got off the plane with an embarrassed look on her face!

Seeing that the Gu family's old residence was right in front of her, she rubbed her face with her small hands, wanting to wipe that blush off quickly!

Chapter 248: He Was Really Simple

"I'll send you in."

Gong Jue carried Gu Qiqi and strode forward.

He spoke in a tone that didn't allow for any objection.

Gu Qiqi rubbed her forehead.

Oh!... The man with erectile dysfunction was always so domineering.

Did she say that she wanted him to follow her in?

"That..." She chose her words carefully to avoid making the man with erectile dysfunction angry. It would be troublesome if he insisted on accompanying her into the house." If you go with me, they will definitely ask about you and ask me to introduce your identity and background..."

The man with erectile dysfunction definitely didn't like to be interrogated, right? In that case, he should know her difficulty and retreat, right?

Of course, she wouldn't say that she actually thought that he was very troublesome!

With a man by her side all of a sudden, those aunties from the Gu family would definitely gossip non-stop.

Gong Jue's eyes sank. "You don't want to introduce me?"

Gu Qiqi coughed. "Ahem, ahem. No. I want to settle this matter as soon as possible. If I still have to introduce you grandly after entering the house, it will be too late. Let me go alone, okay?"

Gu Qiqi choked on her saliva.

Her tone became hoarse.

But in Gong Jue's ears, she sounded inexplicably coquettish.

Since this stupid woman was acting coquettishly towards him... then he would reluctantly agree to her request!

Gong Jue put her down from his arms.

He raised his arrogant chin and ordered. "Come back quickly."

Behind her, Number One had already transformed into an off-road vehicle and was waiting by the roadside.

Special Assistant Lu alighted from the car and greeted the two bodyguards lurking around the old residence.

After exchanging a "no dangerous situation" look, they ran over and said to Gu Qiqi, "Reporting to Young Lady Qiqi, don't worry. Young Master Xiaobei is safe and sound. The old residence is safe now."

Gu Qiqi was originally a little unhappy from Gong Jue's commanding tone.

Seriously, he always treated her as a sidekick in the background who needed to be taught a lesson.

After hearing Special Assistant Lu's report, she suddenly understood that Gong Jue had long sent his capable subordinates to guard and watch over the Gu family. He was afraid that Xiaobei would be harmed again during their return journey.

Her heart skipped a beat!

This man was really meticulous in his actions.

Usually, his actions and words were simple and crude. But at the critical moment, he had considered all the problems that even she hadn't considered.

Her heart and her tone softened. "Yes, I'll settle it as soon as possible. Can you... wait for me?"

Gong Jue didn't say anything.

His tall figure was half-leaning against the front of the SUV with a hint of indolence.

He had never had the patience to wait for anyone.

Stupid woman, you stole my first time again.

After bidding farewell to this troublesome demon, Gu Qiqi ran towards the old residence with light footsteps.

As the door was right in front of her, her footsteps gradually became heavy.

She had not returned to the Gu family's old residence for many years.

In her previous life, her grandfather died in the study room. From then on, the Gu family in the Imperial Capital kicked her out.

Because a "murderer" like her wasn't fit!

Although she understood rationally that she had already been reborn so her grandfather was still alive and no one could slander her for killing people for no reason, her footsteps couldn't help but become heavier.

Was all of this really not a dream?

What if she woke up from her dream the moment she opened the door?

It was like the moment she was reborn on the operating table and pushed open the door of the operating room.

What would she do if everything returned to zero?

She couldn't help but look behind her.

On the other end of the road, Gong Jue was still standing in front of the off-road vehicle and waiting for her patiently.

Their eyes met across space!

Gu Qiqi's throat became dry.

If it was a dream, then Gong Jue was definitely the existence that made her feel the most complicated in this dream.

She took a deep breath and waved at him lightly. Then, she turned around and stepped into the Gu family's residence without hesitation!

Chapter 249: The Country Girl From Qing Cheng

The door opened!

Familiar scenes and familiar people greeted her eyes.

"Young Lady, you're back! Auntie Qiu missed you!"

"Miss, Xiao Qiu will help you get water and wash your hands... Do you want to change your clothes?"

"A poor girl from a rural place like Qing Cheng actually has the cheek to put on the airs of a big miss in our Gu family in the Imperial Capital. Does she not know how to use the washroom?!"

"That's right. Old Qiu, Xiao Qiu, what Eldest Young Lady? Are you mistaken? I only know our Eldest Young Lady Yuanyuan and Young Lady Xuexue. When did our Gu family have an additional Young Lady? Could it be that she was picked up from the streets?"

Everyone was talking at once. Familiar old servant Auntie Qiu and her daughter, Xiao Qiu, greeted them enthusiastically.

There was also Steward Zhao from the second branch and his wife, Zhao Shi, who looked down on others.

They quarreled happily.

Gu Qiqi looked over coldly. This scene was really identical to her previous life!

There was no change at all!

In her previous life, she returned to the Gu family in the Imperial Capital to visit her grandfather on New Year's Eve when she was 19 years old.

She was immediately mocked and ridiculed by the housekeeper, Madam Zhao.

Back then, she was a person who was meek and afraid of trouble.

She was also foolishly loyal to Gu Meifeng's teachings and wanted to maintain a low profile so that she wouldn't get into an argument with others.

Thus, no matter how rude the servants were, she only knew how to tolerate them. She prioritized peace.

In the end, the other party stepped all over her!

They always made things difficult for her and caused trouble for her.

That new year, she became the biggest laughing stock of the Gu family in the Imperial Capital. Be it gatherings, visiting relatives, visiting friends, going out to shop and watching concerts... She would inexplicably be embarrassed at every occasion.

In the end, she even accidentally smashed Grandpa's most precious porcelain.

Although her grandfather didn't say anything, she was punished by Gu Qiushan to kneel in the ancestral hall for three days and three nights!

It was the new year. Others were having fun eating and drinking, but she was kneeling on the cold tiles of the ancestral hall, shivering. From then on, her knees were injured and she never recovered from her illness.

That year, almost all her relatives and friends unanimously agreed that she was a failure.

"Gu Qiqi is really born stupid. No wonder she couldn't attend a good university, much less inherit the Gu family's business."

"This kind of idiot can only work casually in the hospital to pass his days."

"Gu Xuexue is the only capable one..."

Thinking about the humiliation she had experienced in the Gu family in the Imperial Capital, the cold smile on Gu Qiqi's lips became increasingly bone-chilling.

Should someone else kneel in the ancestral hall in this lifetime?

She will let some people have a taste of this bone-piercing coldness and fall ill for the rest of their lives.

She said lightly, "Since when has the Gu family been so lawless? Do all the servants have nothing to do anymore and are idle enough to gossip at the entrance?"

Mr. and Mrs. Zhao were stunned.

They never expected that this girl from the countryside would actually dare to talk back.

Didn't Gu Meifeng say that this bookworm was inexperienced and could be bullied as much as they wanted?

Why did it seem like that wasn't the case at all?

Although Gu Qiqi wasn't dressed well and didn't have any decent jewelry on her, nor did she have Miss Xuexue's sweet words and actions, her aura was very strong!

They were stunned for a while and said indignantly, "What do you, a country bumpkin, know about the Gu family's rules?"

Gu Qiqi said coldly, "I don't know, but Grandpa should know."

Auntie Qiu hurriedly said, "That's right. Old Master is waiting for the Young Lady in the study room. If we delay, can you bear the responsibility?"

Upon hearing that Gu Qiqi was specially invited by Old Master Gu, the Zhao couple's expression changed.

Didn't Gu Meifeng say that the Old Master didn't like this blockhead?

The two's eyes flickered. Unwillingly, they could only lower their heads to Gu Qiqi. "Then, please—"

They were about to guide Gu Qiqi into the house when...

Suddenly, an obedient and domineering female voice greeted her. "Grandfather's instructions? Hmph, we were instructed by Grandmother not to let this idiot step into our Gu family!"

Chapter 250: Destroy Your Might!

Gu Qiqi looked up lightly and saw an arrogant girl walking towards her.

Gu Yuanyuan was the daughter of the second branch's Gu Enlong.

Gu Enlong was originally the Old Master's nephew and not his biological son. But because he was the best member of the Gu family in the Imperial Capital now and was deeply doted on by the Old Madam of the Gu family. Since he was also the eldest son of the second branch, the Gu family's relatives were all very afraid of him.

With Gu Enlong as her father, Gu Yuanyuan was especially arrogant in the old residence. She had always regarded herself as the eldest daughter.

Even Gu Xuexue was just a widow's daughter in her eyes.

As for Gu Qiqi, she was just a country girl who had never seen the world.

At this moment, Gu Yuanyuan was wearing high heels and a red dress from a noble brand in Paris. Her ears, neck, and wrists were filled with jewelry. She stood proudly in front of Gu Qiqi and put her hands on her hips to stop Gu Qiqi from entering the door!

Gu Xuexue was wrapped in bandages. She sat in a wheelchair and followed behind obediently.

In front of Gu Yuanyuan, this big missy who could do whatever she wanted, other than being obedient, what else could Gu Xuexue do?

However, five minutes ago, she had already insulted Gu Qiqi in front of Gu Yuanyuan.

She told her that Gu Qiqi was a b*tch and that she wanted to come to the Imperial Capital to marry the Mu family. Gu Qiqi wanted to snatch away the identity of the Gu family's eldest daughter and she even coaxed her grandfather and wanted to take the opportunity to climb up the ranks...

Clearly, her plan had worked!

Upon hearing that Gu Qiqi was here, Gu Yuanyuan immediately became aggressive and wanted to take this little b*tch down a notch.

"Gu Qiushan is in jail. A poor girl from your village wants to enter our Gu family to curry favor? Why don't you look in the mirror and see your own stupidity?"

Gu Yuanyuan laughed and sized up Gu Qiqi's clothes.

Tsk. Tsk. They were dirty and tattered. She was even wearing a big-sized man's shirt. Where did she pick it up from?

How poor!

Gu Yuanyuan's sneer didn't make Gu Qiqi take a step back.

She looked up and said indifferently with an expressionless face, "Perhaps you should go back and look in the mirror. Who are you to the Gu family? You even dare to speak on behalf of your grandparents? Is your face bigger than a wash basin?"

Beside her, Xiao Qiu, who had just retrieved a basin of water to wash Gu Qiqi's hands, couldn't help but laugh.

Although Gu Yuanyuan was dressed fashionably, no matter how she dressed or put on makeup, that round face of hers couldn't be concealed at all.

Oh, Miss Qiqi was right. She was really like a washbasin!

Gu Yuanyuan's sore spot had been poked, and she was holding it in until her face flushed red. In the blink of an eye, she saw that Gu Qiqi was calm. She washed her hands elegantly in the basin, wiped them with a handkerchief, and walked into the hall.

She didn't even look her in the eye!

A wave of anger surged in Gu Yuanyuan's heart!

"Steward Zhao, Auntie Zhao, why are you standing there in a daze?! Hurry up and drive that dirty outsider out! Why let her continue to talk nonsense here and pollute our old residence?"

"Yes, yes, Miss!"

Just as the Zhao couple was about to walk forward, Auntie Qiu and Little Qiu bravely stepped forward and stopped them. "Who dares to touch the Old Master's guest?!"

Gu Qiqi didn't stop walking. She continued to walk forward smoothly.

When she passed Gu Xuexue, she glanced at her coldly.

Gu Xuexue shivered. "Sister, you shouldn't be here..."

Could it be that the bookworm could tell that she was the one who sowed discord?

Gu Qiqi laughed coldly. "This isn't a place for you to come either. You should accompany Gu Qiushan in jail, right?"

"You!" Gu Xuexue gnashed her teeth. It was a pity that she was already much shorter in the wheelchair.

Be it in terms of words, actions, or aura, she had lost to Gu Qiqi.

Feeling indignant, she threw a look at Gu Yuanyuan.

Gu Yuanyuan was also angry. As the servant wasn't capable, she could only do it herself!

With a vicious gaze, she snatched the basin from Xiao Qiu's hand.

She splashed that big basin of hand-washing water fiercely at Gu Qiqi's back!

You country bumpkin!

I will destroy your prestige!

Hmph!
