

Dear Chief 28

Chapter 28: An Embarrassing Misunderstanding!

Gu Qiqi's heart became completely cold.

This man wasn't fit to be a father.

Selfish! Coward!

Gong Jue's face was also cold. He looked at Gu Qiushan with disdain. "I have my own opinions of letting her live or not. You don't have the final say!"

He shook off Gu Qiushan's wrist, turned around, and ordered Special Assistant Lu. "Bring her away! Lock her in the research base!"

"Yes! Young Lady Qiqi, sorry to have offended you."

Special Assistant Lu was polite, but he quickly cuffed Gu Qiqi's hands.

Seeing that Special Assistant Lu helped her stop Zhu You just now, Gu Qiqi secretly put away the scalpel blade and didn't cause him any trouble.

She knew that things would only turn uglier if this man with erectile dysfunction didn't take her away.

Gu Qiushan didn't say a word when he saw how Gong Jue was arrogantly taking away his daughter. In an instant, he seemed to have grown older. His eyes revealed a deep sense of powerlessness.

He struggled most of his life to become influential in Qing Cheng. However, some unknown young man was lording over him today. What's worse was that he was even humiliated by his own daughter... What a failure he was!

1

Gu Meifeng thought that Gu Qiushan's heart was aching over Qiqi.

She gnashed her teeth and stepped forward. "Brother Qiushan. Xuexue's injuries are really serious. I don't know if she can survive. Wuwuwu... Qiqi's deliberately trying to play her to her death. She's too vicious..."

"Let's go! We'll stand guard at Xuexue's ward!" Gu Qiushan became nervous and immediately comforted her. "Don't worry. Once that wicked girl is sent back, I'm still going to settle scores with her and give her a vicious beating."

1

Gu Meifeng's eyes shimmered.

The corners of her lips curled up inadvertently. "I'll let Brother Qiushan handle it."

==

On the car.

Gu Qiqi was stuffed into the backseat of the car and she sat next to Gong Jue.

The cramped space made her remember that familiar scene three days ago...

Back then, he had almost taken her on the spot.

Gu Qiqi looked away, feeling a little uncomfortable.

If Gu Qiushan wasn't so detestable, she wouldn't have left with this man with erectile dysfunction.

Who knew if she would be subjected to force confessions through torture if she became his prisoner?

Furthermore, she was innocent.

How did she become his prisoner?

She didn't steal any trade secrets from his company nor destroy their mysterious technical systems. Didn't she just write the words "erectile dysfunction"?

He was so petty that he kidnapped and imprisoned her. What's even worse was that when she managed to escape, he even sent someone to hunt her down?

The air was tense.

Gong Jue's cold voice suddenly rang out. "What are you holding in your hand?"

Gu Qiqi was quick to hide her hand.

Oh no. She was still holding the pregnancy test kits.

She blushed and instinctively stuffed the kits in the pocket of her trousers.

Gong Jue frowned and seized her slender wrist with his big and powerful palm.

"Bring it over here! Why are you feeling guilty?" He snatched over the two pregnancy test sticks.

There was no trademark or description on the white cylindrical plastic rod.

He didn't know what this was.

However, naughty thoughts came to his mind when he looked at its shape.

Seeing the embarrassed and reddened look on Gu Qiqi's face, Gong Jue—who had never seen a pregnancy test kit before—started to have crooked thoughts.

His hoarse voice became filled with disdain. "You're using such a thin stick? Are women in a hospital this shameless?"

1

Gu Qiqi was shocked and her face immediately turned red!

Damn! What did this man with erectile dysfunction take these sticks for?

At this moment, she really couldn't wait to bite him to death.

Yes, she wanted to bite him hard.

You can't even tell the difference between a vibrator and a pregnancy test kit...

You deserve to have erectile dysfunction for a lifetime!

May your family have problems down there too!
