

Dear Chief 291

Chapter 291: Spending A Man's Money

Gu Qiqi nodded calmly. "Then, forget it. I don't want it anymore."

She had originally wanted to tease these two mother and daughter for fun. It was already very interesting to cheat them into buying three pieces. She also didn't like this vulgar necklace.

But in Gu Meifeng's ears, the meaning was different.

She thought that Gu Qiqi had chickened out and smiled smugly. "Qiqi, it's not that easy to spend a man's money. It's easy to be abandoned by men when you're extravagant. It's right that she chose not to buy it."

Gu Qiqi stood up lightly. "Why? Auntie, are you very experienced in being abandoned by men? Thank you for your advice."

Gu Meifeng choked. "You!"

Her widow status was a pain that couldn't be touched.

This little b*tch actually poked this scar directly.

Gu Qiqi ignored her and said to the shop assistant, "I have something on so I'll be leaving first. Help me send my things to this address. This is the check."

After giving her some instructions, she left coolly.

Gu Meifeng gnashed her teeth. "Hmph! What's there to be arrogant about? What can she buy with money? Let me see!"

The staff was embarrassed. "I'm sorry, but this is our customer's privacy. I can't reveal it."

Gu Xuexue was still facing the mirror and touching those three necklaces happily. Suddenly, she saw the manager walk out of the warehouse with an extremely beautiful brooch in his hand.

There was a pearl the size of a pigeon's egg on it. It was white with powder and shone brightly!

It could be said to be the best!

Compared to this pigeon egg pink pearl, her golden pearl necklace was simply a pile of shit.

"How beautiful! I want that, Mommy!"

"Then we will get it!"

The manager said apologetically, "I'm sorry, but this has already been bought by the customer just now."

The staff spoke quickly. "Also, it's 880,000 dollars."

"What? It's that expensive?"

"One pearl necklace costs nearly a million dollars. Why aren't you trying to snatch it?"

The mother and daughter spoke at the same time.

This was simply more expensive than diamonds.

The manager laughed dryly and explained, "This is a supreme-grade pink pearl that can't be produced even once in a hundred years in Daxi. Furthermore, the brooch is embedded with diamonds. The handicraft fees are also expensive..."

Only then did Gu Xuexue see clearly that there was indeed a ring of diamonds next to the pearl.

This was the style that she was most jealous of.

Just now, when she wanted to get some diamonds on the necklace, her mother was in a difficult position. She didn't have the excess money to buy it.

On second thought, if Gu Qiqi hadn't suddenly wanted to snatch the necklace just now, they wouldn't have spent an extra 200,000 dollars.

Wouldn't 200,000 dollars buy diamonds?

Thinking about this, she felt even more regretful!

It was all that bookworm Gu Qiqi's fault.

Serves that bookworm right for not being able to afford a necklace.

Mommy was right. How could it be so easy to spend a man's money?

Gu Qiqi had to lower her head and bow down. She didn't know how to use all her skills to serve a man so that she would have a chance to spend a little.

Thinking about this, Gu Xuexue straightened her back a little. "Mommy, forget it. This brooch belongs to a rich wife. I can just wear the necklace."

The pressure on Gu Meifeng immediately lessened. "Good. Xuexue is still the sensible one. When Mom gets the Shen Corporation's shares out, I'll buy you something better..."

Gu Xuexue suddenly smiled shyly. "Mommy, when I get married, I'll be more filial to you..."

The two of them coaxed each other in a mushy manner and left the shop.

The manager hurriedly wrapped the brooch and the man's shirts carefully and prepared to deliver it personally.

The staff handed over the address and check.

Upon seeing the address, he couldn't help but be surprised. "Her surname is also Gu... Gosh, she even lives in a top-notch rich man's residence in Mo Yuan..."

The staff reminded him. "This Miss Gu is especially generous. She directly gave us a check for a million dollars. Apart from the pearl brooch and clothes, the remaining few thousand dollars are tips!"

The manager was filled with respect!

He had seen many rich people, but the generous ones were rare.

==

In the Mo Garden.

When Gu Qiqi pushed open the door, she was still thinking about how to explain to Gong Jue that she didn't swipe his card when she bought things today.

Chapter 292: Gong Jue Testing Medicine

Gu Qiqi was prepared to be blamed by Gong Jue for not using her card.

She definitely couldn't say that she forgot to bring it this time...

Then, she would say...

As she was drafting an excuse in her heart, she pushed open the door and saw that Xiao Bei was still awake and waiting in the dining room.

Gu Qiqi looked around.

Eh, could it be that the man with erectile dysfunction had showered so early and was in a lazy posture on the bed?

"Sister, are you looking for Brother-in-law? He had something on just now and left the house. He told you not to wait for him and to sleep first."

Gu Qiqi blushed.

Seriously, even the blind Xiaobei could actually guess that she was thinking of him as soon as she entered the room. How embarrassing.

"Ahem. What did you do at home today?"

Sure enough, Xiaobei's attention was diverted and he said happily, "Brother-in-law hired a tutor for me. Today, I did a comprehensive IQ test. He said that my level isn't bad and that I don't have to go to a blind school. I can study high school like a normal person... Sister, I'm too happy. Brother-in-law is such a good person!"

Study like a normal person...

Hearing Xiao Bei's simple wish, Gu Qiqi's eyes reddened.

When boys her age were playing soccer and games, comparing whose girlfriend was prettier and whose shoes were more luxurious, her younger brother was extremely happy to be able to study.

She suddenly thought of Yun Qiao's younger brother.

They were both younger brothers, but that boy only knew how to mess around all day. He didn't do his job well and was even spoiled by his family until he was lawless. He even urged his parents to sell Yun Qiao in exchange for money for him to squander.

In comparison, although her younger brother was blind, he was much more responsible!

She went up and hugged Xiaobei. "He's just helping you open a door. You have to walk your own path in the future. All the best, Xiaobei!"

As the siblings spoke, their phones rang.

Upon seeing that it was Gong Yue, Gu Qiqi walked upstairs to answer the call.

"You bought the clothes?"

"No..."

"Stupid woman!"

"But I bought a pearl brooch. Those clothes aren't as nice as the ones you picked."

The latter half of the sentence successfully satisfied Gong Yue.

The man's tone softened. "Yes. I'll take you to choose them when I return."

But soon, he became unhappy. "Why didn't you use my card to buy the pearl brooch?"

Gu Qiqi was at a loss for words. After holding it in for a long time, she said, "Because it's too cheap... Also, I footed the bill with your shirts. I can't spend your money to buy something for you. That would be too boring."

Gong Yue's eyes lit up. He suddenly laughed softly. "You bought me a shirt? You know my size?"

"Of course I know. Aren't you..." Halfway through her words, Gu Qiqi's face flushed red.

Why did she feel that Gong Yue was teasing her on purpose?

"Idiot, I'm hanging up!"

"Yes. Wait for me to return." Gong Yue was in a good mood and hung up the call.

Gu Qiqi didn't know if it was her imagination, but she seemed to have heard a gentle and elegant female voice calling out to him from the background of the call. "Jue, come over quickly..."

She must be thinking too much!

Gong Yue had always been a man of his word. He had promised that he would return and attend her grandfather's birthday banquet.

He would definitely be able to return... right?

==

"Jue, come over quickly. Your Baby Gong is too awesome!"

Bai Mori was sitting on the sofa in the living room. She smiled coquettishly and waved at Gong Yue, who was making a call on the balcony.

Who was Gong Yue calling at this late hour?

She actually laughed out loud.

Was that the cold and heartless Gong Jue?

She nearly didn't recognize him anymore.

Beside her, Gong Jue's parents were surrounding the boy. They smiled as they watched the boy assemble a complicated plane model in one minute.

That was a gift from Bai Mori.

However, the boy only curled his lips arrogantly in response to Bai Mori's praise. "I stopped playing with such childish toys when I was 1 years old."

Bai Mori was speechless.

Mr. Gong frowned. "How can you talk to Auntie Bai like that? Auntie Bai came specially for you."

The boy raised his eyebrows lightly. "She's not here to look for me. She's here to look for my father."

Bai Mori pursed her lips in embarrassment. "Baby is right. I also want Jue to try the medicine..."

Chapter 293: Rejection

Upon hearing Bai Mori say the words "try the medicine".

Gong Qing and Songsong became nervous.

"Molly, have you really developed an effective medicine that can treat Jue's allergies to women?"

"Is there any sequela to this medicine? Has it been tested for safety?"

Bai Mori smiled lightly. "Uncle, Auntie, don't worry. I've already studied it for more than three years. I've done countless experiments and improved at least a thousand formulas. I dare not say anything else, but among the genetic drugs, I'm definitely far ahead. It's safe and has no side effects. It's just that..."

"But what?" Gong Qing and Song Song asked anxiously.

"I wanted to find someone who's allergic to women like Jue to test the medicine. I've searched everywhere in the country and abroad, but I can't find him. So, I can't do an effective test. I can only ask Jue to try it personally..."

"This won't do. If anything happens..."

Bai Mori crossed her hands. Her expression was solemn and she looked more professional. "Uncle, Auntie, I swear on the Bai family's reputation that I definitely won't harm Gong Jue. I'll take this medicine at the same time as him!"

Consume it at the same time!

In other words, if the medicine was poisonous or if there were any sequela, Bai Mori was willing to bear it with Gong Jue!

This was probably the greatest sincerity a medical researcher could offer.

Gong Qing and Songsong looked at each other and were clearly moved.

They were about to agree.

Gong Jue strode over with his long legs and said coldly, "Didn't you say that the child was running a fever? Isn't he fine now?"

"Little brat, that was because Molly came over to do a physical cooling for him and he took medicine for his fever!" Gong Qing snorted.

"Since the temperature has dropped, I have something on. I'll get going first." Gong Jue looked at the boy deeply.

He wasn't good at expressing his emotions and wouldn't say things like asking about his well-being.

But seeing that her son was so skilled in dismantling the plane, he should be fine.

Gong Qing was very unhappy. "What's the urgent matter in the middle of the night? Let Special Assistant Lu handle it! Our son is still sick. You have the cheek to leave?"

"He's a man, not a sissy. It's just a fever. He's not so sick that he can't walk." Gong Jue opposed her.

He had promised that stupid woman to go back. He couldn't go back on his word.

Gong Qing was so angry that he wanted to punch someone.

Songsong, on the other hand, was calmer. She stopped him and said gently to Gong Jue, "Jue, the child misses you very much. You should stay and accompany him for the night."

Bai Mori chimed in. "That's right, Jue. A child will have a fever and it will repeat. His temperature will definitely rise again in the middle of the night."

Gong Qing snorted. "You're not allowed to leave! Stay behind and take care of your son! Could it be that you have the cheek to let Molly stay up late and help you take care of your son?"

"Did I not give you enough living expenses? The nanny at home isn't working anymore? Do you still need an outsider to take care of her?" Gong Jue said coolly.

"You, you brat! You're here just to talk back to me, right? Can a nanny compare to Molly? A nanny knows how to treat illnesses? A nanny will research special medicine for you? Cut the crap. Stay at home tonight and take care of your son. Also, try the medicine!"

Gong Jue's pupils shrank and he said coldly, "Test what medicine?"

"Ahem. Jue, it's that allergy medicine that I wanted to invite you to try at the laboratory the last time. You were busy with work and didn't have the time to see it. I thought that you were busy, so I sent it to your house to let you try it." Bai Mori didn't miss the opportunity and said gently.

Gong Jue was silent for a moment before he asked coldly, "How should I take it?"

"It's a very simple oral medication. However, after taking the medicine, you need to observe for a while. If it's convenient for you to let me observe you tonight..."

"It's not convenient!" Gong Jue refused immediately. "We'll talk about it during the day!"

Chapter 294: I Don't Want to Sleep with Bai Mori

Time at night was so precious.

Gong Jue didn't want to leave it for another woman.

Although he had to take cold showers several times a night while sleeping next to that stupid woman...

He would gladly endure it.

Bai Mori's heart choked fiercely when she was rejected.

But she didn't show it on her face at all and maintained a perfect and elegant smile. "That's true. Trying the medicine at night will affect your rest. Why don't we change it to tomorrow morning? It's the weekend tomorrow. I have nothing to do anyway. I can help you observe the medicine at your house."

"I think that's fine! Molly will stay in the guest room tonight!" Gong Qing interrupted.

Gong Jue's expression was cold and he didn't comment.

This wasn't his house anyway!

Bai Mori hurriedly smiled and said, "Uncle, Jue might really have an emergency job to handle. Why don't I accompany Baby Gong to rest tonight? If he has a recurring fever in the middle of the night, I can also take good care of him so that you won't worry. Let Gong Jue handle his work in peace. He can return tomorrow morning to test the medicine, okay?"

These words were gentle and considerate. Every word revealed that she was considerate. No one could find fault with her. It was so touching!

She knew very well that Gong Jue was determined to go tonight. Why not do him a favor conveniently?

Anyway, what she wanted to persuade and hinder Gong Jue about wasn't happening tonight at all, but tomorrow at noon...

She wanted him to be unable to attend that wild girl's banquet at noon tomorrow.

At the same time, she could take the opportunity to get close to Baby Gong and build a relationship with him.

This was a compulsory class to become an outstanding stepmother.

Thus, although every word just now seemed casual, it was the result of her choosing her words carefully!

They were meant for her ultimate goal...

Indeed, Gong Qing was very satisfied when he heard this. "Little brat, Molly is so considerate about everything. As for you, you're always so stubborn!"

Gong Jue was completely unmoved. "Are you done lecturing?"

"What?"

"I'm leaving now."

"You!"

Gong Jue walked out.

It was already very late. He didn't know if that stupid woman had gone to sleep obediently, whether she had covered herself with the blanket, whether her stomach would catch a cold, or whether she would dream and roll onto the floor...

Just as she was thinking about it...

The boy rushed over with his short legs.

A pair of small hands hugged his legs tightly. "Papa, I want to sleep with you tonight!"

Gong Jue was stunned.

Then, he frowned slightly. "Are you sure?"

The boy nodded vigorously.

He didn't want to sleep with that Bai Mori.

He already had a beautiful and cool sister in his heart. He definitely couldn't come into contact with other women. That would profane the sacred status of big sister in his heart.

Especially Bai Mori. She was very hateful. Every time she measured his body temperature, she would pinch his small hands, his face, his small feet... She didn't love herself at all.

Could men be pinched casually?

If he wanted to pinch her, he would let his handsome sister pinch him too. Hmph.

He didn't want this ugly woman to touch him.

He also didn't want to sleep with this ugly woman!

Gong Jue rarely saw Gong Baobao so stubborn.

This child didn't have his mother's protection and had been too sensible since he was young.

Furthermore, as he had the IQ of a genius, he was usually calm and sharp when he spoke to him. He was like a small adult.

This was definitely the first time he hugged his leg like this today.

He was stunned for a moment.

Baby Gong raised his small face and looked up at him. His big black grape-like eyes were filled with tears. It suddenly made one's heart ache!

At that moment, for some reason, Gong Jue actually overlapped this pair of big eyes with a certain stupid woman's big black grape eyes!

Chapter 295: Papa Was A Little Gay...

Gong Jue couldn't help but extend his big palm and touch the boy's forehead.

When he felt a burning warmth, his throat became dry.

The boy was indeed still running a fever.

Although he acted as if nothing had happened, this child was actually very ill. He missed her mother, right?

Otherwise, he wouldn't have said something unprecedented like asking him to sleep with him.

He was so helpless and attached.

Gong Jue struggled for a long time in his heart.

Finally, he closed his eyes and said in a low voice, "Let's go."

Carrying the pitiful boy, they went upstairs together.

Upon receiving Gong Jue's agreement, the scheming boy made a victory sign in his heart.

Oh, it turned out that her father was indeed as the rumors said. He was a little gay and was actually moved by his beautiful looks.

Oh, he just hated sleeping with Bai Mori. He wanted to protect the chastity that was left for his handsome big sister to his death! He didn't have any other intentions.

Daddy, don't flatter yourself.

You're just my shield!

She saw that the boy had successfully made Gong Jue stay.

Bai Mori was disappointed and happy.

What was disappointing was that she couldn't get close to the boy tonight to bond with him.

What made her happy was that that wild girl wasn't a priority. She didn't have much status in Gong Jue's heart, much less higher than the boy's status. She really didn't have to be too nervous.

"Uncle, Auntie, I'll have to trouble you then..."

"It's fine. The Bai family and I are family friends. Furthermore, that child Bai Lang helped Jue a lot. You don't have to be so polite all the time. Let's get the servants to clean up the guest room..."

"Thank you, Uncle and Auntie."

Bai Mori spoke sweetly. She was obedient but not overly solicitous.

Everything was done perfectly.

==

Mansion Number 0.

Gu Qiqi was about to fall asleep on the bed when she suddenly woke up.

She actually forgot to take a shower and fell asleep on the bed!

Damn it.

If the “Mysophobic Department” saw this, they would laugh non-stop again.

She turned around and saw that the other end of the bed was empty.

The man wasn’t back yet.

It was already past midnight.

Tsk. Why did she say that she was waiting for him to return?

Indeed, as the saying goes, even sows can climb trees if they can believe a man’s words!

Gu Qiqi rolled around in bed gloomily for a while before she suddenly sat up.

Could Gong Jue have gone on a dangerous mission?

Once this thought surfaced, her heart suddenly beat non-stop.

It was really possible. There wasn’t even an explanation message or call. It should be because the environment didn’t allow it, right?

The signal was blocked?

Or was he injured after failing the mission?

Gu Qiqi felt even more uneasy.

Immediately, she lost all her sleepiness. She got up and walked to the window. She stared blankly outside the villa at that boulevard...

She was like the most ordinary wife who was anxiously waiting for her husband’s late return.

She suddenly realized that Gong Jue’s world was actually filled with dangers.

Would Gong Jue’s woman have countless sleepless nights like this?

Could she have the strongest mentality to withstand every wait?

As her gaze swept across a star on the horizon, she realized that the answer was actually about to be revealed...

==

At the Gong Residence.

The boy had already fallen asleep.

Gong Jue was no longer sleepy.

He had been holding his phone up for nearly an hour!

He typed a few words into the text box. "Stupid woman, don't wait for me. Go to sleep first."

After losing, he deleted it. This would make him sound so naggy.

"I'm sorry, I can't go back tonight. I have something to do."

He deleted it again. This looked like he was admitting his mistake!

Chapter 296: His Son Was More Flirty Than Him

Gong Jue deleted his words on the phone screen again and again.

In the end, he was going crazy.

It was too troublesome to send a text message!

But calling her... If that stupid woman asked him what had delayed him... Could it be that he was going to say that it was because his son had a fever?

Would this stupid woman be so frightened that she would avoid him like a snake?

Just as he was hesitating, the boy suddenly opened his eyes. "Papa, you can't chase a girl like this. If you send a message in the middle of the night, people will think that you're very unrestrained."

Gong Jue was speechless.

So, even his son was trying to teach him how to flirt now?

Did he look that terrible?

"Go to sleep. What do you know, brat?"

Actually, he knew what his son was thinking. He was bent on not letting him contact that stupid woman.

"Of course I understand. In order to chase after that handsome little sister, I've already read enough theoretical knowledge. I'm just waiting for her to appear in front of me again! I've even written a love letter. It's an English four lines poem. I'll definitely be able to touch her. Perhaps, she'll reward me with a big kiss..."

Gong Jue was speechless.

What happened to being reserved?!

This brat had too many tricks up his sleeves. He had never written any English four lines poems for a woman before.

"You're thinking too much." Gong Jue pushed the boy back into bed in annoyance.

"Tsk. Could it be that I'm only allowed to think of my stepmother and not my sister?"

"What stepmother?!"

"I know everything. Daddy, stop pretending. You're going to find me a stepmother, right? I'll repeat it again. A stepmother. I definitely won't accept it! You don't have to use a woman like Bai Mori to annoy me anymore. I won't call her Mom either."

Gong Jue choked on the little dumpling's mischievous words for a moment.

After a while, he said, "It isn't her."

The boy closed his big black grape-like eyes and revealed a lonely and conflicted expression. "Up to you. Anyway, I just want to find my little sister. In the future, you can spend your life with your stepmother, I'll spend mine with Little Sister. It'll be fine as long as we each live our own happiness..."

Gong Jue's lips twitched a few times.

"There's no big sister in this world."

"There is!"

"No. I checked all the CCTVs. There's no sign of her."

"Yes, there is!"

The boy sounded like he was about to cry. He covered his head with the blanket and refused to talk to Gong Jue.

Every time that he mentioned that "Sister" topic, the final outcome would be an unhappy tantrum.

Gong Jue looked up at the night sky outside the window. His eyes were deep.

If it was possible, he also wanted to know who that woman was. She actually managed to charm such a difficult person like the boy to the point of being unable to find his bearings.

However, he believed that this stupid woman would replace that older sister.

It would happen sooner or later!

Lowering his gaze, his long fingers tapped on the screen. Finally, he stopped hesitating and sent two words. "You sleeping?"

Gu Qiqi was staring at the boulevard. Her eyes were sore.

Suddenly, her text message ringtone sounded.

"You sleeping?"

When she saw Gong Jue send these two words over, she inexplicably felt relieved.

Then, she curled her lips. "You only remembered to say that you were safe when I was about to sleep. It seems that I have to set the rules for this stupid man in the future!"

She yawned. Thinking that it would be impolite not to reply, she replied with a "Yes, I'm going to bed."

In the end, perhaps because she was too tired, she accidentally pressed additional words and sent it...

"Yes, who did you sleep with?"

Before Gu Qiqi could react, the text message had already been sent.

Damn it! The text message couldn't be taken back!

She... She really didn't ask that on purpose.

Chapter 297: Gong Jue's Selfie

Gong Jue lay down calmly.

All of his sleepiness was swept away by Gu Qiqi's text message!

Who did he sleep with?

Damn it! He really can't sleep alone!

Facing the screen, a certain man's smile gradually widened. Suddenly, he had a wicked thought...

A few seconds later...

Ding! Gu Qiqi's phone rang once more.

She opened it and saw a photo.

Under the dim antique floor lamp, a man was lying flat on a wide European-style bed. He took a photo from above—of course, it was covered by a blanket.

The red pen drew an arrowhead and pointed to the empty couch. There were a few words written on it. "Sleeping by myself. Do you want to come?"

Gu Qiqi's small face flushed red.

She had made a mistake!

It was a mistake, all right?

That stupid man actually managed to seduce her back.

But... from the looks of the photo, the place where he was staying didn't look like a hotel. Instead, it looked like a house. More importantly, there was no one else by the bed but himself.

Why did she inexplicably heave a sigh of relief?

No, no, no. More importantly, why was there a big bump in the middle of the blanket?

What was that?

When she suddenly realized what it was, Gu Qiqi's red face was so embarrassed that it was about to bleed.

Gong Jue actually showed her that!

How shameless.

She replied directly, "Dear customer, the network is down. The message you sent has been blocked."

Gong Jue replied immediately, "The customer requests to provide video service."

Gu Qiqi was speechless.

He was even trying to take it further!

She was angry and amused at the same time. She simply turned off the phone.

Alright, she had to admit that she wasn't Gong Jue's match in terms of losing her morals.

The soft and light blanket covered her entire body. With a smile on her lips, she fell asleep.

At the Gong Residence.

The boy looked sleepy and snorted in dissatisfaction, "Papa, why are you holding me up?! I want to sleep on the small bed!"

"Shut up!"

Gong Jue dialed a number and realized that Gu Qiqi's phone was switched off. Only then did he return to his senses and put down the little boy who was in mid-air.

Nonsense. If I don't lift you up, there will be someone else under the blanket. I won't be able to explain clearly.

The boy rolled under the blanket and said to Gong Jue, who was still fiddling with his phone, in a daze. "Papa, you should be careful about this type of lust. You're not young anymore. It's not good for your body to keep thinking about those things..."

Gong Jue was speechless.

He was rich and powerful!

How was he old? Old enough to not think about that kind of thing?!

But to be honest, the fire that was ignited by this stupid woman in the long night was really difficult to extinguish...

The next day.

Gong Jue woke up very early.

At the dining table, he asked Bai Mori directly, "Bring the medicine over."

Bai Mori smiled elegantly. "Jue, you haven't eaten yet. It's not good for your stomach."

"I told you to take the medicine. Cut the crap." Gong Jue looked straight ahead and turned a blind eye to her exquisite dress and hair bun that was different from yesterday.

Bai Mori's lips twitched.

She had known Gong Jue for so many years. He had always been professional towards her and had never been gentle.

But the voice that he had used to call that woman yesterday was so carefully controlled. It was as if he was afraid of alarming the fairies in the forest or injuring precious porcelain.

Holding back the jealousy in her heart, Bai Mori maintained her elegant smile. "Okay, you have the final say."

Beside her, Gong Qing snorted. "Don't listen to that brat. Molly, you're right. You haven't even eaten breakfast yet. Why are you taking medicine? Are you in a hurry to reincarnate?"

Of course, Bai Mori knew that Gong Jue was rushing to Gu Qiqi's grandfather's birthday banquet.

However, she pretended to be unaware and smiled lightly.

Chapter 298: Dressed Too Lowly

"Jue is busy with work. I understand. I'll try the medicine with him as soon as possible." Bai Mori was sensible and comforted Gong Qing's anxiety.

She seemed to be very understanding.

After seeing Gong Jue eat a sandwich half-heartedly, she immediately handed him a small brown medicine bottle.

"Jue, you have to take this medicine three times. Each time, you have to take it an hour apart."

"How troublesome!"

Gong Jue frowned.

Three hours. It was ten o'clock.

There was still time to attend the banquet.

If Bai Mori's medicine was effective, he would have one less weakness in the future.

Then, he could be stronger and stand behind that stupid woman to protect her.

He wouldn't lose his ability to fight back and be unable to protect her because of another woman's tattered clothes.

This thought made Gong Jue determined to try the medicine as soon as possible.

He picked up the small brown medicine bottle and drained the medicine in one gulp without hesitation.

==

Old Master Gu didn't like to waste money. The birthday banquet was scheduled to be held at the Gu family's mansion.

He didn't invite any guests from the outside world either. He only invited the Gu family's relatives and some people from Old Madam Gu's maternal family, the Shen family. It was a complete family banquet.

11 AM.

Gu Qiqi deliberately brought Xiaobei to the Gu family's residence half an hour early.

She tied her hair into a fishbone ponytail and picked out a man's shirt that she had bought for Gong Jue yesterday. She changed the position of her shoulders slightly, rolled up her sleeves, and tied a belt around her waist. Miraculously, it became an especially handsome shirt dress.

She also wore a pair of plain sky-blue washed jeans. She looked especially energetic.

After thinking for a while, she added the pearl pin on the collar of her shirt, to make it look more unique and playful.

Even Xiaobei said, "Sister, I think I can smell the sea."

Gu Qiqi laughed. "That's the smell of this Deep Sea Pearl!"

Xiaobei had also changed into his favorite white shirt. When the siblings walked into the Gu family's door together, it really lit up everyone's eyes.

As the servant Auntie Qiu welcomed them in and helped them place the birthday gift away, she praised, "Young Lady Qiqi, Young Master Xiao Bei, you two are like models on television. No, models aren't as beautiful as you two."

Before Gu Qiqi could say anything...

There was a cold laugh behind her.

"After being praised by a servant who hasn't seen the world, some people won't know their surnames, right? What a country bumpkin. Even if she's being kept by someone and earns some money from selling her body, so what? She's still dressed so shabbily! This is a banquet, not a big canteen in your village!"

"Sister Yuan Yuan, my older sister hasn't attended such an important occasion in Qing Cheng before. She also doesn't have an evening gown or decent jewelry. Just forgive her and give her some face, okay? There are still cousins watching her..."

Gu Yuanyuan was dressed in a grand burgundy floor-length gown. She was wearing jade jewelry around her neck and hands. Even her hair clip was filled with jade butterflies. She looked like she was going to a socialite gathering.

Gu Xuexue followed closely behind. She was also wearing a grand gown. However, it was a white gauze skirt. It was covered in layers and looked like a small cake.

The two of them chimed in.

One was fair-skinned and the other was dark-skinned. They walked towards Gu Qiqi with guns in their hands.

Behind them were a few Gu family cousins.

The juniors who didn't know the truth believed their words when they heard them. All of them looked at Gu Qiqi with disdain.

"Tsk. Tsk. Shirt and jeans? I reckon that the person who booked her isn't a rich person either!"

"I heard that her father is in jail? What kind of taste can a prisoner's daughter have?!"

"Let alone her younger brother. He's blind. He can't even see. What other decent clothes can he wear?!"

Chapter 299: A Little Fight

Gu Qiqi initially didn't want to pay attention to these people.

She was here to celebrate her grandfather's birthday, not to socialize with these unrelated cousins.

But these people became more and more ridiculous as they spoke. They even mentioned Xiaobei's eyesight.

She had always been protective.

Immediately, he said unhappily, "Could it be that I remembered the day wrongly? Isn't today Grandfather's birthday banquet?"

Everyone was stunned.

Gu Yuanyuan raised her chin and laughed. "Are you looking for an excuse to explain your shabby appearance? Don't you think that you're embarrassing me by wearing this kind of outfit? Look at which one of us isn't dressed appropriately?"

Gu Xuexue pretended to be kind. "Sister, if you really don't have any clothes to wear, I can lend them to you. Really! Auntie Qiu, go to my room and get a few pieces. There's also an old dress from last year under the box. Let Sister wear it."

Auntie Qiu was so embarrassed that she didn't know what to do.

Young Lady Qiqi was taller and thinner than Young Lady Xuexue. How could she possibly wear Young Lady Xuexue's clothes?

When the time came, her skirt would be short, her sleeves would be short, and she would look so fat. Wasn't this deliberately humiliating Young Lady Qiqi?

Xiaobei also understood this meaning. He gnashed his teeth and said, "Who cares about your clothes? My older sister is ten thousand times better looking than you!"

"Heh heh, isn't it a great joke for a blind person to say that someone looks good? Hahaha!" Gu Yuanyuan and a group of people laughed even more wantonly.

Gu Qiqi interrupted them coldly. "Since it's Grandpa's birthday banquet today, why are you performing the story of Snow White, and the seven dwarfs here? You're dressed so well in this costume. It's really very appropriate. You're making Grandpa proud!"

Gu Qiqi's seemingly calm words made everyone's laughter stop abruptly.

Everyone couldn't help but look at themselves and the other party.

Once Gu Qiqi said it, it was true!

Although Gu Yuanyuan's purple-red gown was luxurious, the color was too dark. It was very old and exaggerated. It really looked like the poisonous queen from a fairytale.

Gu Xuexue's white tutu skirt was too childish. She looked like Snow White. The others following behind her... were the seven dwarfs!

Immediately, Gu Yuanyuan and the others' faces turned green.

Gu Yuanyuan roared at Gu Xuexue in anger, "Didn't you say that this burgundy dress is the most expensive? It turns out that you're hiding this little trick to become Snow White and let me be the poison queen? You deliberately helped me choose such an old-fashioned dress! Gu Xuexue, you're so bold! I really underestimated you!"

As she spoke, she still couldn't vent her anger. She slapped Gu Xuexue, and half of her face flushed red.

Originally, Gu Xuexue should be very happy to be called Snow White.

However, in this situation, she became the target of everyone.

It was also her fault for trying to rope everyone in. Before the banquet, she tirelessly helped every cousin with ideas and suggestions, making her seem especially sensible and especially capable of getting along with everyone so that she could take the opportunity to isolate Gu Qiqi.

But she never expected that Gu Qiqi's words would cause the opposite effect!

She sobbed. "I... I didn't... Sister Yuan, I really didn't... Gu Qiqi said that you're the Poison Queen."

She covered her face and explained carefully.

She hated Gu Qiqi to the core.

Indeed, Gu Yuanyuan's attention was diverted. "Gu Qiqi, you country bumpkin. You're dressed so shabbily yourself, but you still have the cheek to mock us? Even I, the Poison Empress, am more noble than you. Do you think that your lousy shirt can compare to my gown? Also, that bare neck and hands of yours doesn't even have a decent necklace or bracelet. You're really a country bumpkin..."

Just as she finished speaking, a little cousin suddenly exclaimed loudly!

"Eh? This brooch on Big Sister Qiqi is..."

Chapter 300: Breaking a Scumbag's Heart!

After a young cousin's exclamation, everyone's gazes landed on Gu Qiqi's brooch

Under the noon sun, a pigeon egg pearl on the originally low-key brooch actually reflected a light pink diamond glow.

It was dazzling!

Gu Xuexue also covered her face and looked over.

When she saw the appearance of that brooch clearly, the sneer on her lips immediately turned to disbelief!

That pearl...

That supreme-grade pink pearl...

Wasn't that the one that she and her mother saw in a famous store? It was worth 880,000. They couldn't even afford it.

Back then, the staff said that it had been booked by an honorable guest.

She and Mommy were disappointed for a long time.

Later on, when she found out that a pearl cost 880,000 dollars, she finally gave up.

Anyway, she couldn't afford it... Only a real princess of high society could afford it, right?

But now, she found out that this Deep Sea Pink Pearl had been bought by Gu Qiqi. How could she not be shocked?!

Weren't those childish taunts from Gu Yuanyuan and her just now slapping their own mouths?!

Her face burned with pain.

It wasn't because of Gu Yuanyuan's slap, but because of Gu Qiqi's invisible slap at this moment.

She also heard the gentle discussions of her cousin and the others.

"Big Sister Qiqi, this pearl is very rare. My Mommy couldn't find it even after searching for a long time. It can be said to be top-grade. Also, can't you guys tell that Big Sister Qiqi's shirt is a particularly powerful brand for men's clothing? Each piece costs about 100,000 dollars. I'm so surprised that they actually produced a female shirt. I want to imitate Big Sister Qiqi and buy a shirt dress. It feels so refreshing to wear it..."

"Oh, it turns out that Big Sister Qiqi has such good taste. We have eyes but can't recognize a formidable person."

"That's right. Big Sister Qiqi, can you teach us how to wear clothes too? Every time we attend a banquet, we wear short or long gowns. We're so tired of wearing them!"

Seeing that everyone was gradually admiring and liking Gu Qiqi, Gu Xuexue and Gu Yuanyuan gnashed their teeth in anger.

But what was more heartbreaking was that Gu Qiqi said lightly in the face of everyone's praise, "Actually, I'm not interested in dressing up because I think that the best decoration for a woman isn't jewelry but her IQ!"

Wasn't she clearly mocking them for being stupid?!

Gu Qiqi, you country bumpkin. Are you sure that only you have IQ?

Gu Yuanyuan threw Gu Xuexue a look and ordered her to leave with her.

The two of them slipped out of the crowd and slipped to the door to welcome the guests.

Every relative who came to the banquet would leave a birthday gift at the door.

Butler Zhao was busy registering the gifts.

Seeing that the two ladies had arrived, he smiled and said, "Eldest Young Lady, Young Lady Xue Xue, what can I do for you?"

"What is Gu Qiqi's birthday gift?"

"Let me check... It's... an emerald Longevity Peach!"

"Yes, go ahead!"

Gu Yuanyuan had already seen the longevity peach placed by the table.

The transparent jade color and perfect shape was the one that Gu Qiqi spent a high price to buy at the jewelry store that day but she didn't manage to buy it.

Gu Yuanyuan laughed coldly and instructed Gu Xuexue, "Hurry up and take it away!"

Gu Xuexue whispered, "Sister Yuan, are we going to... steal this longevity peach?"

Gu Yuanyuan rolled her eyes. "Could it be that you want to keep it and let that country bumpkin be awe-inspiring in front of Grandpa again? Do you want to suffer like you did just now?"

Gu Xuexue rolled her eyes. "Of course not. Sister Yuanyuan, I have a better idea... Tell me, what kind of expression would Grandpa have if he tore open the gift in front of everyone later and found a broken longevity peach?!"

Gu Yuanyuan laughed sinisterly. "That expression must be priceless!"
