

Dear Chief 351

Chapter 351: Seeking an audience with Head Shen Ping!

Xiao Ning's face paled.

Her arrogance of being the number one in the world was immediately extinguished by 80%.

"Can we not mention him? Ahem, ahem, ahem... Well, the director's office is right ahead. Qiqi, let's barge in and ask that old man on what basis he can change your profession!"

Gu Qiqi smiled helplessly.

Every time she mentioned her uncle, Xiao Ning's panicked expression revealed everything.

She couldn't resist her Uncle at all, right?

How could the arrogant and domineering Xiao Ning be so easily controlled by her Uncle?

No matter how she looked at it, Bai Lang didn't look that aggressive.

Gu Qiqi was puzzled.

However, what comforted her was that Bai Lang had been in the Imperial Capital for the past two weeks. He definitely didn't have time to harass Xiao Ning in Qing Cheng.

"Xiao Ning, stay with me in school."

"Sure. I specially chose the same dormitory as you just now!"

"Okay."

This way, Xiao Ning wouldn't have to be bullied by that scumbag uncle at night.

As the two of them spoke, they walked all the way to the director's office. At the door, they were stopped by the director's secretary. "This is the office building. Students are not allowed to enter!"

"Hey, hey. We're here to ask for an explanation..." Little Master Xiao Ning's explosive temper rose again.

Gu Qiqi held her forehead helplessly and pushed her behind her back. She said lightly, "May I ask if the director is here? Can you help us inform him?"

"You can't see the director without an appointment!" The secretary looked up with his nose in the air.

"Damn it! Do you think you're the chairman!" Xiao Ning was furious. Was a lousy director almost as grand as Bai Yeyuan?

No, wait. Why did she miss her uncle... Sob, her uncle was so scary.

"How should I make an appointment?"

"Go away, go away! Are you freshmen insensible? Students won't be entertained!"

Gu Qiqi muttered to herself for a while. "I heard that Head Shen Ping is an ophthalmologist. His declaration to become the Head of the hospital was to concentrate on doing research on

ophthalmology. As long as there are difficult illnesses in the ophthalmology department, he would welcome patients to seek medical help directly. My younger brother's eye disease has been around for more than ten years. It's considered a difficult illness. May I ask if such a patient can make an appointment with him?"

As she spoke, she laughed coldly. "If that declaration from Head Shen Ping was just trying to play appease the public, then I think his medical expertise is limited! His character is even less flattering!"

Xiao Ning immediately understood.

That's right. These university professors cherished their reputation the most. They were definitely most afraid of others pointing fingers at their poor medical ethics and poor medical expertise outside.

Sigh, she only knew how to act roughly.

Qiqi's words struck a vital spot. She tried to agitate the secretary and wasn't afraid that the other party wouldn't take it.

Indeed, the secretary's face turned green. "Keep your voices down! What nonsense are you talking about?! I'll talk to the director first!"

They waited for a while longer.

Xiao Ning initially thought that they would invite them in to see the director this time.

Unexpectedly, the secretary's attitude became even more domineering when he came out this time.

"Get going! The director doesn't have the time to see you! Your younger brother's eyes have long been blinded and can't be treated! Also, don't think of finding an excuse to enter and harass the director. Gu Qiqi, your abilities and all your conditions don't meet the requirements of our clinical medicine school. Don't even think of asking the director to recruit you. Give up!"

"What? Are you mistaken?! My Qiqi's results are so outstanding! Also, Xiaobei can't see for the time being. On what basis do you say that there's no hope?!" Xiao Ning was about to fly into a rage when she heard this.

What kind of lousy school was this?!

Behind her, a series of laughs sounded.

Bai Yingzhu and her sidekicks actually gloated and followed over to watch the commotion.

"Oh, have you been given the cold shoulder?"

"Where did this kind of nerd with high scores and low abilities get her confidence from? She thinks that she can still be entertained by Head Shen Ping? She really doesn't know the immense difference between heaven and earth!"

"Only our little Princess Bai Yingzhu has this privilege!"

Chapter 352: Flaunting Her Prowess In Front of an Opponent and Acting Smart

As if she was deliberately making Gu Qiqi feel uncomfortable, Bai Yingzhu stepped forward smugly with her hands on her hips. "Secretary Wang, please bring me to see Head Shen!"

The secretary who had been cold and deliberately making things difficult for Gu Qiqi previously laughed like a cluster of flowers at this moment. "You're the Bai family's Miss Bai Yingzhu, right? Please come in quickly. The director is waiting for you. Oh, I really have to thank your Bai family for the sponsorship..."

"It's nothing. After all, my family is a pharmaceutical family. It's only right for me to contribute to the school." Bai Yingzhu said proudly, "I still have to thank Head Shen for arranging the best dormitory, the best profession, and the best tutor for me. Our Bai family emphasizes reciprocity the most. I obtained a new hundred-year-old good medicinal herb and specially used it to give it to him as a greeting gift today."

As she spoke, Bai Yingluo deliberately opened the gift box and showed it off.

It was as if she was afraid that Gu Qiqi wouldn't see how precious the medicinal herb in her hand was. "Country bumpkin, have you seen this kind of medicinal herb before? Do you know it?"

Gu Qiqi's expression was cold.

Bai Yingzhu thought that she didn't recognize it and said loudly, "This is a hundred-year-old Ambergris! A rare medicinal herb in the world! You can't buy it no matter how much money you have. It's normal for you to not have seen it before. You outsiders just have shallow horizons and haven't seen much of the world. In the future, restrain yourself. Don't let people laugh at you!"

The piece in her hand was bought back by Uncle Bai Lang. It was said that he spent a lot of money to purchase it. For some reason, he suddenly didn't want it when he returned home that day and threw it on the ground to be picked up by her.

Uncle Bai Lang was stubborn. He heard from the pharmacy staff that this thing was very precious.

Once Bai Yingzhu's words fell, Secretary Wang drew a cold breath and his eyes widened. "Miss Yingzhu, is what you said true? I haven't seen the Hundred-Year Ambergris in all my years in medical school! Quick, let me take a look at it too!"

Everyone read it in their hands and was amazed.

But Gu Qiqi was too disdainful to even take a look. This made Bai Yingzhu very annoyed.

A hundred-year-old Ambergris was placed in front of him, but a country bumpkin didn't even blink?

Hmph! She was definitely ignorant. She probably didn't even know what Ambergris was, right? How hopeless!

In the very next second, Gu Qiqi said to Secretary Wang directly, "Tell Shen Ping that I'll return every word he said today in the future! If he doesn't have the ability to treat my younger brother, I'll treat him myself! When the time comes, even if he kowtows and begs me to return, I won't take a step into your clinical medicine school again!"

Gu Qiqi's words were powerful.

Everyone couldn't help but fall silent.

What a strong aura!

Only when Gu Qiqi and Xiao Ning turned around and left did everyone silently heave a sigh of relief.

She suddenly realized why she was stunned by Gu Qiqi's aura!

"Does she really have some hidden skills? Otherwise, why would she dare to speak ruthlessly to Head Shen?"

"That's right, that's right. From her tone, it seems like she has a feud. She's waiting to take revenge on our clinical medicine school in the future!"

"Don't talk nonsense. What capabilities does she have? If she had the ability, would she still be kicked out by Head Shen?"

"That's right. She can't even recognize a medicinal herb. Why would she attend medical school?!"

As they were discussing, suddenly, a scream rang.

"Ah!!! Ah!! How did this happen?!"

Bai Yingzhu was about to close the gift box and pay her respects to Head Shen.

She didn't expect that her Hundred-Year Ambergris would be eaten by worms in an instant!

Many worms, big and small, had completely destroyed a complete piece of Ambergris.

What was more deadly was that there was still a cluster of... worms!

They were new!

There was a pungent smell!

Bai Ying nearly stained her hands!

How did this happen?

She was fine just now. However, she just gave everyone a look.

The expensive century-old Ambergris had become a worthless inferior-grade product.

Bai Ying shivered in anger.

Was it really not done by that country bumpkin Gu Qiqi?

But this country bumpkin clearly didn't even know what Ambergris was.

Chapter 353: A Little Sister's Hug!

Not far away from the clinical medicine school.

At the entrance of the Medical University, Gu Yuanyuan brought Gu Xuexue over for attendance.

The two of them saw the scene of Gu Qiqi being rejected by Secretary Shen Ping clearly just now.

Gu Xuexue vented her anger and said, "Uncle Enlong is still the best. You used this trick on Uncle Shen Ping and made that little b*tch Gu Qiqi become a veterinarian. Sister Yuan, from now on, whether it's in the Gu family or in school, that little b*tch won't be able to raise her head anymore, right? A veterinarian? Heh heh, I feel so funny just thinking about it..."

Although Gu Meifeng kicked up a fuss and made her kneel less for two days, her knees were still about to shatter. Gu Xuexue was even limping as she walked now.

The wounds from her punishment by the family law had also just formed scabs. They were so ugly that she had to wear a long shirt and pants to hide them.

She simply couldn't wait for Gu Qiqi to die.

Upon hearing this, the corners of Gu Yuanyuan's lips curved up coquettishly. "Will she still have a good time after offending Bai Yingzhu? During the new student training, you have to pay attention to build a good relationship with Bai Yingzhu. Use her to let that b*tch suffer the consequences!"

She was going to take revenge for every second that she knelt in the ancestral hall and every time she was beaten. Hmph!

"I'll listen to you, Sister Yuan! But I just entered school and don't know anything. I still need Sister Yuan to guide me." Gu Xuexue deliberately said modestly. At the same time, she didn't forget to push all the responsibility of giving ideas to Gu Yuanyuan.

Little b*tches weren't easy to deal with. If anything happened, she had to find a scapegoat.

Gu Yuanyuan didn't notice it at all. Instead, the corners of her lips curved up smugly. "Yes, listen to me in the future! But your mother did well this time and made a move too!"

"Ah? Why didn't I know?" Gu Xuexue pretended to be surprised.

But her gaze had already landed on the man who hurriedly chased after Gu Qiqi at the bottom of the teaching building with Gu Yuanyuan.

At the entrance of the teaching building.

Mu Liuchuan panted. "Qiqi, hold on!"

Gu Qiqi pretended not to hear him.

Xiao Ning was a little curious. "Brother Liuchuan, why are you here?"

"Can I talk to Qiqi alone for a while?"

"Uh..."

"Let's talk here. There's no need to hide it from Xiao Ning."

Mu Liuchuan coughed awkwardly and could only say, "Qiqi, I saw Xuexue just now. She's limping quite badly. She said that at Grandpa's birthday banquet, you—"

Gu Qiqi laughed coldly and interrupted him. "Do you think she's miserable? Since you're so protective of the fairer sex, why don't you hug her and send her to the reporting venue? Why are you here talking

nonsense? I've already said it very clearly just now. I'll return the item to you. We won't know each other from now on!"

At this moment, from the perspective of an outsider, Gu Qiqi could clearly see Mu Liuchuan's protection of Gu Xuexue.

Gu Xuexue was twisting the truth of the birthday banquet that he didn't attend.

He immediately believed it and came to denounce her.

Mu Liuchuan lost face when Gu Qiqi said that she didn't know him again in front of Xiao Ning.

He pursed his lips in embarrassment and said, "Qiqi, stop fooling around. Our engagement is still here. How can I possibly hug Xuexue... Even if I do, it's still a hug for my younger sister... Don't mind me. Can you be more magnanimous?"

A younger sister's hug?

Be more magnanimous?

Gu Qiqi simply wanted to applaud and praise this scumbag.

How did he come up with these amazing words?

He could actually say such righteous words?

Gu Qiqi's eyes turned cold. "Get lost! Don't make me repeat myself!"

Xiao Ning also noticed something from Gu Qiqi's attitude. She immediately changed the way she addressed him and frowned. "Mu Liuchuan, are you on the same side as Gu Xuexue? It can't be that you broke off the engagement with Qiqi and got together with that woman, right? Then, I advise you to get lost as soon as possible! I hate that hypocritical woman Gu Xuexue the most!"

Mu Liuchuan didn't expect that he would be so hated by these two women after only speaking a few words for Gu Xuexue.

Helpless, he could only state his real motive. "Wait. Let me finish speaking before you leave. Qiqi, I'm afraid that you can't withdraw our marriage anymore because..."

Chapter 354: Unable to End The Marriage

Couldn't end the engagement?

Gu Qiqi's expression turned slightly cold. "I've already returned the engagement and keepsake to you. You want to renege on your debt?"

Mu Liuchuan wiped his sweat.

For some reason, Gu Qiqi was clearly not as tall as him and wasn't as old as him. Furthermore, she was just a girl. But he felt that standing in front of Gu Qiqi at this moment, he actually felt like she was superior to him in all aspects.

Even Xiao Ning's aura was stronger than his.

Mu Liuchuan wriggled his lower lip before he replied with difficulty, "It's not... Qiqi, I'm not trying to renege on my debt. But this keepsake is damaged. I can't report it back to the Mu family."

"What did you say?" Gu Qiqi frowned.

Could it be that Mu Liuchuan was going to cheat her and slander her for breaking his keepsake?

How shameless.

Mu Liuchuan endured the pressure and opened the jewelry box. "Qiqi, look..."

When she saw that jade pendant, Gu Qiqi frowned even more tightly. "Isn't this the same as before?"

There was no sign of it breaking apart.

Mu Liuchuan shook his head. "It's not the same, Qiqi. There was originally a pair of rings on this ancestral jade pendant of mine. It meant that it would be completed and be united forever. But now... there's only one ring left. That's incomplete."

He deliberately emphasized the words "ancestral" and "incomplete" to highlight the uniqueness of this keepsake.

Gu Qiqi's eyes darkened.

Mu Liuchuan didn't seem to be lying. Furthermore, if it was a lie, it was very easy to expose it.

This matter seemed to be Gu Meifeng's doing!

In other words, when Gu Meifeng handed it to her at the Gu family that day, one of the rings had already been deliberately removed by Gu Meifeng.

Her motive... was of course to prevent her from breaking off the engagement on purpose.

How sinister!

But what benefits would this bring to Gu Meifeng and the rest?

A thought flashed across Gu Qiqi's mind. Her gaze immediately turned cold!

They wanted to marry her to Mu Liuchuan and then settle Gong Jue on their own, right?

She didn't expect that this stupid man would be so popular.

So, she couldn't withdraw from the marriage now. The initiator of the evil deed was also a stupid man who attracted so much attention!

Gu Qiqi didn't know whether to laugh or cry.

It was also a burden for men to be too popular.

After figuring out the cause and effect, Gu Qiqi's tone became calmer. "Isn't it just a jade pendant? At most, I'll compensate you!"

Mu Liuchuan had an incredulous expression on his face. "Qiqi, I'm not bragging. You might not understand, but this jade is the best quality old glass type. The rarest thing is that there's a little red jade

in the middle. It's like a person's sincerity that can only be encountered by luck and not sought after. Qiqi, actually, I don't care that half of this family heirloom has been broken by you. As long as you marry me, I guarantee that I'll hide this matter and not let the elders know. You're still the Young Madam of the Mu family that everyone respects when you come to my house..."

Gu Qiqi felt disgusted.

Sincerity was only encountered by luck and not sought after?

Mu Liuchuan, you're a two-timer and a man who has feelings for others. You still have the cheek to say the words "sincerity?" Don't insult yourself!

"There's no need!" Gu Qiqi interrupted his long and passionate speech without a trace of politeness.

"Isn't it just an old glass type with some red jade? I'll return you an identical piece!"

"Qiqi, stop fooling around. This is impossible to find! Also, even if you find it, it's very expensive. How can a student like you afford it..."

"You don't have to worry about that. You just have to know that I must withdraw from this marriage!"

"Qiqi..."

Mu Liuchuan looked at Gu Qiqi's firm attitude and didn't know what to feel for a moment.

Why was she so determined to end the engagement?

She had paid such a big price to end the engagement.

Could it be that like what Xue Xue said and that she was taken care of by an old man...

Chapter 355: Not Allowed to Go Home Tonight

Translator: Atlas Studios **Editor:** Atlas Studios

On the way back to the dormitory.

Xiao Ning was indignant. "I really didn't expect Brother Liuchuan to become that kind of person! He actually has an unclear relationship with Gu Xuexue. Qiqi, on what basis should we end the engagement? If we don't end the engagement, he'll fail both sides! By the way, I'll help you beat that Gu Xuexue up so that she can't seduce Brother Liuchuan again. Hmph! I'll beat her until she can't find her teeth on the floor!"

Gu Qiqi laughed. "Don't. I want to end the engagement! I don't even want a dozen of such scumbags for free. It's just right for Gu Xuexue to enjoy them."

Xiao Ning's protection of her touched her, but refused scumbags!

Xiao Ning was filled with emotions. "That's true..."

"So, shouldn't you settle scores with that scumbag uncle of yours?"

"Ahem, ahem, ahem... Is your luggage heavy? I'll help you carry it. By the way, I heard that although our dormitory is ordinary, the dining hall isn't bad. Let's go for spicy pork stew tonight..." Xiao Ning quickly changed the topic. A trace of a suspicious blush appeared on her small face.

Gu Qiqi shook her head helplessly.

Xiao Ning was secretive about her uncle. She probably had her own difficulties.

As a friend, the only thing she could do was...

"Xiao Ning, can we stay in school together?"

"Sure, sure, that's great!"

"Then, it's settled. You're not allowed to go home tonight."

"Ahem... I don't have a home in the Imperial Capital. Where can I go?"

"Deal."

"Deal."

The two of them carried their luggage to the dormitory. It was the most ordinary four-person room.

There was already a skinny girl busily making a bed inside.

Upon hearing footsteps, that girl looked up. "It's you?"

"Hello." Gu Qiqi replied politely.

She recognized her. That was the girl who kindly reminded her not to provoke Bai Yingzhu in the small hall.

Upon hearing Gu Qiqi's response, the girl's eyes lit up. They were filled with admiration and respect.

"I'm so lucky. We're actually in the same dormitory."

She spun around in excitement and was just short of taking Gu Qiqi's luggage to help her make the bed.

Xiao Ning looked suspicious and rubbed her chin. "What's going on? Am I too handsome today? I got a little fangirl as soon as I arrived?"

But the girl was clearly targeting Gu Qiqi. "After you taught Bai Yingzhu a lesson in the small hall just now, she was quite arrogant and unconvinced at first. In the end, as soon as she sat down, she actually fell down and landed on a stool that shattered! This is the first time in my life that I've seen the little princess of the Bai family suffer a loss in a sorry state... How did you do it? You're so handsome!"

Gu Qiqi was speechless.

Perhaps she was born with it?

Xiao Ning's eyes widened. "Damn it! You actually challenged Bai Yingzhu alone! She's the Bai family's most troublesome person! Even my uncle hates her..."

That girl choked. "You... You're from the Bai family too?"

Xiao Ning licked her lips. "No. My surname is Xiao and my name is Ning. You can just call me Little Master Xiao Ning in the future."

"I... I'm Yang Xiao Lan from the pharmacy department."

Gu Qiqi felt that the name Yang Xiao Lan was especially familiar. But for a moment, she couldn't remember where she had heard it before. She said lightly, "I'm Gu Qiqi."

After the three of them introduced themselves, they looked at the empty bed together.

Yang Xiao Lan said, "I heard that the bed belongs to a top student from the clinical medicine school. He seems to be first in terms of total score..."

"Impossible! My Beauty Qi is the first! Full marks!"

Yang Xiaolan was speechless.

She looked at Gu Qiqi with even more admiration.

Gu Qiqi felt a little uncomfortable being stared at by such a fervent gaze. "Forget it. The college entrance exam scores are already in the past. I'm in veterinary school now. It's useless to say these things."

Yang Xiao Lan's eyes widened.

Her goddess had actually been thrown to the veterinary school!

This was too unreasonable!

"Then... Then, what do you plan to do?"

Chapter 356: Unable to Raise Her Head From Being Suppressed

Once she mentioned the veterinary school...

Xiao Ning couldn't help but be indignant at the injustice. "Qiqi, that blind old man from the clinical medicine school, Shen Ping, actually won't take you in. Let's worship a more powerful master and anger him to death!"

"Head Shen Ping? Didn't they say that his medical expertise was very high and his medical ethics were very good? He actually didn't take Qiqi in? Then, he was indeed blind!" Yang Xiao Lan was surprised.

Gu Qiqi shook her head. "He's not blind, but..."

But his heart was evil!

"Is there someone in your family who doesn't agree to you studying medicine?" Yang Xiao Lan looked very understanding.

"Uh... I guess so."

Gong Jue not only disagreed, but he was also very against it.

But would Gong Jue be related to her being thrown into the veterinary school this time?

If that was the case...

Gu Qiqi's small fists couldn't help but clench tightly.

Her face gradually turned cold.

Seeing Gu Qiqi's aura gradually turn cold, Little Master Xiao Ning's heart immediately ached.

She couldn't help but cough lightly and comfort her. "That, Qiqi. Actually, veterinary medicine isn't that bad! Why don't we play happily in the veterinary school together? Anyway, it's not bad for us girls to come into contact with small animals! How gentle would that be?"

Yang Xiao Lan looked at Little Master Xiao Ning dressed in a cool motorcycle jacket and the corners of her lips twitched. It seemed that she felt that Little Master Xiao Ning's lines were completely unreliable.

She might as well comfort her herself. "Qiqi, look at me. I'm even worse off. I can only attend the pharmaceutical school. Everyone knows that in the Empire Military Medical University, the pharmaceutical school is even worse than the veterinary school. Those who have some connections would risk their lives to spend a lot of money to swap student degrees with other schools..."

Gu Qiqi raised her eyebrows. "Why?"

"I don't know. Anyway, as soon as I reported here, I heard from my seniors that the pharmaceutical school is a place with no future. The teachers aren't in the mood to teach, and the students aren't in the mood to study either. Anyway, if I don't go to the pharmaceutical factory after graduating, I'll change my profession. I guess that it's because pharmaceuticals are all mechanized now. There's no need for professionals at all..."

Gu Qiqi shook her head in disapproval. "Medicine is the source of our Empire's medicine, especially the Empire's Chinese medicine. It's rich and profound. It hides endless secrets. How can there be no future?!"

"But the Empire Medical University is most famous for clinical medicine. Compared to those experts in clinical medicine who are good at operations, the pharmaceutical school will probably be suppressed until it can't even raise its head."

The pharmacy's status was actually so low here.

Gu Qiqi didn't expect this.

But back then, Professor Zhou clearly said that the pharmacy had a cornerstone treasure—the Heaven Book "Medicine Classic" that was handed down hundreds of years ago.

There was probably a secret prescription for treating eye injuries inside.

If she couldn't walk the path of clinical medicine, she had to work hard to get the chance to study the Medicine Manual!

Okay, let's go to the pharmaceutical school then.

Gu Qiqi muttered to herself for a moment and suddenly asked, "Xiaolan, you said just now that the students from the two academies can exchange their schools?"

"That's right. As long as both parties are willing, the college usually won't stop them."

“Then, Xiao Lan, are you willing to exchange with me?”

Yang Xiao Lan nodded. Then, she shook her head fiercely. “I’m willing, but... My family definitely won’t agree! I’m sorry... Qiqi...”

Since she couldn’t help Gu Qiqi, she was so anxious that she was about to cry.

It was as if she was seeing that her lover was hopeless and that she was powerless to do anything.

“It’s fine. I can understand.” Gu Qiqi was as calm as ever. “Xiao Ning, help me contact the class monitor and ask if he’s willing to switch professions!”

“Sure! There’s always a silver lining... Hehe!”

More than ten minutes later.

The highly efficient Xiao Ning had already arranged for the class monitor and Gu Qiqi to be brought to the admissions office. She explained her intentions and did the formalities.

The class monitor naturally couldn’t wait to escape from this pit with no future in the pharmacy. He immediately agreed with Gu Qiqi.

She initially thought that this matter would be solved so smoothly.

Unexpectedly...

Chapter 357: Since There Was No Way Out, Let’s Carve A Way!

The teacher from the admissions office looked at the information on Gu Qiqi and the class monitor.

These cold words sent them away. “No changing.”

“Why? Students were able to make changes a few years ago...” Yang Xiaolan muttered.

“Hmph! That was in the past! I won’t change them all this year.”

“But I heard that a classmate changed his area of study this morning.”

“From this afternoon onwards, no schools are to be changed!”

The student recruitment teacher replied confidently.

No matter how much they tried to reason with her, the teacher refused to give in.

Xiao Ning was about to explode from anger. She was only short of flipping the table and fighting with the teacher.

What kind of lousy school and teachers are these? Why are they specially opposing them? I’m so angry!

Not far away.

Gu Yuanyuan and Gu Xuexue, who had been secretly watching this scene, covered their stomachs and nearly bent over from laughing.

“Sister Yuan Yuan, you really have a solution. You even thought of this? You settled the student recruitment teacher long ago.”

“That’s right. I’m going to let that country girl have a taste of what it means to meet a dead end.”

“But Sister Yuan Yuan, if she wants to change to a worse pharmaceutical school, why don’t we let her change? Don’t we want her to become worse?”

“Stupid! Do you think that cunning d*mned girl is really going to the pharmaceutical school? She must be testing us on purpose. If we allow this exchange, she can spend money to find someone from another school to switch to a better profession. Wouldn’t we have calculated all of this for nothing?”

“Sister Yuan Yuan, you’re really good at devising strategies...”

Gu Xuexue spared no effort in flattering her, but she snorted coldly in her heart. I’ve thought of it long ago!

It’s just that I don’t want to stand out and use you as a gun, moron!

==

The hope that had been ignited with great difficulty was shattered once more.

Xiao Ning and Yang Xiaonan were about to die from frustration.

Even the usually calm Gu Qiqi couldn’t help but secretly feel that there seemed to be a hidden force deliberately opposing her behind her back!

Could it be Gong Jue?

Would he...?

No matter who it was, no one would be able to stop her.

“Qiqi, don’t be too sad...”

“Hm, no.”

“Then, then why are you pretending to read? We haven’t gone to class yet. I know that you must be heartbroken and are using books to hide your emotions. It’s better if you come with me to eat. There’s nothing that a meal can’t solve. If not, then let’s have two meals!”

“I’m studying for the admission test.”

“What?”

“The special entrance exam for the pharmaceutical school.”

“Ah? Why didn’t I know?!”

“Article 1007 of the school rules. The pharmacy has a special entrance exam to recruit students alone. Students from other professions can participate voluntarily.”

Yang Xiaolan patted her head and remembered it as well. "That's right, that's right. There's such an exam. The time... is a week after school reopens and before the school competition opens. However... I heard that Feng Yangchu, Principal Feng, will personally test the students. Ahem, ahem, ahem. He has a very strange temper. Every year, he doesn't... admit anyone..."

The pharmacy wasn't well-received to begin with. Why was there a need to do an exam? Who would do it?

She was really impressed that Gu Qiqi could actually flip through this old rule from more than a thousand school rules.

Gu Qiqi curved her lips lightly. "Really? It seems that we're going to break the record this year..."

Yang Xiaolan opened her mouth.

She was so shocked that he was speechless.

Gu Qiqi's confident and arrogant tone was handsome like she had never seen before.

Could Qiqi really break the record that had been set in the pharmacy for so many years?

Would those people who stopped Qiqi succeed again?

Seeing the girl's worried look, Gu Qiqi's eyes softened for a moment. She patted Yang Xiaolan's shoulder and her tone became even more firm.

"Perhaps someone is gloating that I'm already at my wits' end. It's a pity that they don't know that I'll carve a path open for myself!"

Chapter 358: The Most Shameless Top Student

"Hmph, arrogant!"

A cold snort suddenly traveled from outside the door.

Then, a cold-looking girl dressed in black walked in with a stack of books. She exuded a cold and arrogant aura.

Clearly, she had heard Gu Qiqi's words about breaking the records of the Special Admission Test in the pharmacy.

Furthermore, she disapproved.

Little Master Xiao Ning curled her lips. "What has that got to do with you?!"

The girl in black glared at Xiao Ning coldly and said in a dark tone, "A few scum from the school are sitting at the bottom of a well and looking at the sky like frogs. They're disturbing my studies! Hmph, if you make a fuss once, I'll report you once! After more than three reports, according to the school rules, you can get lost from the dormitory."

That disdainful tone was simply like a phoenix from the nine heavens looking down on a worm underground.

Yang Xiaolan suddenly remembered and whispered, "It's her! It's her! She's our last dormmate, the top student from the clinical medicine school..."

"Damn it! I've never seen such a shameless top student like her! Roommate? What dorm mate? I'm so unlucky to be her roommate!"

Little Master Xiao Ning went crazy.

There was actually a woman who spoke so self-righteously about snitching on them. She was freaking shameless.

But that girl in black had a cold expression on her face as she dug out her phone. "You better speak louder. It's just enough for me to record and report you once!"

"Damn, how sinister!" Little Master Xiao Ning rushed over and wanted to snatch the phone.

Gu Qiqi squinted lightly and said slowly, "Let's mind our own business. If you like to report your classmates, it's best to maintain a clean slate. Otherwise, if you read those kinds of books, you'll drop out after being reported once. Do you want to try?"

For some reason, Gu Qiqi's tone was clearly very calm and not as cold as the girl in black. But for some reason, it revealed a shocking power!

When the girl in black heard this, her pupils shrank!

Her fingers unconsciously gripped the last Hebrew book.

How did that woman recognize such an obscure language?

In the entire Imperial Medical University, it was impossible for many students and professors to know Hebrew!

Coincidence.

It must be a coincidence!

"What book? What book?" Xiao Ning asked curiously.

The school rules only said that she couldn't read those R rated books. Could it be... Hehe...

"That book is about the Hebrews dissecting the male and female reproductive systems..." Gu Qiqi said lightly.

"Ah? Dissecting..." Xiao Ning was disappointed. Even if the medical book had printed some big-scale pictures, they were still teaching books.

"But that book just so happens to contain a few ancient Hebrew... short stories."

"Qiqi, can you explain it more clearly? I don't understand," Yang Xiaolan said weakly.

"To put it simply, it's a restricted story that's even more obscene than the ancient book 'The Plum in the Golden Vase.'"

“Tsk. Tsk. Who are you? So, you’re such a top student!” A meaningful smile surfaced on Xiao Ning’s face as she stared at the girl in black.

That girl’s face changed and turned red.

She hid the book in her arms and climbed onto her bed without a word.

She didn’t say anything about reporting them anymore.

Seeing Gu Qiqi casually choke that so-called top student to the point of speechlessness, Yang Xiaolan was extremely impressed. Her eyes lit up as she looked at Gu Qiqi and wished that she could rush up to hug her.

The three of them chatted and laughed as they went out to eat.

No one noticed that the girl in black was gnashing her teeth on the upper bunk as she ruthlessly tore the foreign language book into pieces one by one. Her fingernails dug deeply into her flesh.

A group of students dared to challenge her! They were courting death!

The three of them ate spicy hot pot in the school canteen. When they came out, they strolled around the school compound. Gu Qiqi even specially went to the lakeside’s dense forest to take a look.

The old man who had ordered her to wait on the spot was still nowhere to be found.

It was already dark.

Yang Xiaolan’s family was in the Imperial Capital. She went back first.

Gu Qiqi and Xiao Ning were about to return to the dormitory when suddenly, their phones rang...

Chapter 359: The Scary Consequence Of Not Taking A Man’s Phone Call!

Her phone rang a few times but no one picked up.

Gu Qiqi raised her eyebrows slightly and reminded her. “Xiao Ning, it’s your phone.”

“Oh, yes. Ahem, ahem, ahem... I understand.” A trace of panic inexplicably flashed across Xiao Ning’s face. She fumbled in her bag for her phone.

She saw the words “Little Uncle” on the caller ID.

Her legs and stomach went soft.

After taking a few steps back, she picked up the call with trembling hands.

The man’s mocking voice carried a trace of coldness as it traveled from the receiver. “Little Lemon, I remember telling you before that if you don’t answer after the phone rings thrice... What will the consequences be? Come, tell Uncle?”

Xiao Ning’s small face scrunched up in frustration. She was afraid that Gu Qiqi behind her would hear this, but she was also afraid that the man over the phone would be unhappy.

She could only pinch her voice and whisper in a soft voice, "Yes... Yes, I said that I wouldn't answer after three rings. Then, I would ring an extra ring. Just... that time..."

"Which one?" The man laughed lightly and pretended not to understand.

"It's just that... Wuwuwu... I'm sorry, Little Uncle. I won't dare to not answer your call anymore. There were so many people just now that I didn't hear clearly..."

"Is that so? Yes, you have quite a lot of people around you. There's only one female classmate left. Do you want me to help you get rid of that female classmate who's in the way so that you can hear clearly?" Bai Yeyuan's tone suddenly became incomparably cold!

Even that trace of teasing disappeared.

"No, no, no, no..."

Xiao Ning couldn't wait to bite her tongue off.

Why did she seek death just now and find such an easy reason to expose her?

Wait a minute. How did he know that Gu Qiqi was the only female classmate by his side?

Could it be...

Xiao Ning's heart tightened. She couldn't help but look around uneasily. There was no sign of the man.

Bai Yeyuan was in charge of the Bai family's business empire. He was so busy. How could he have the time to supervise her? She must be thinking too much.

However...

In the very next second.

Bai Yeyuan said coldly, "The price of lying is much more serious than not answering the call. Little Lemon, have you forgotten?!"

"Wuwuwu, Little Uncle, I didn't forget! I'm sorry, I'm too nervous. I... I'll go home now, okay? You must not touch my friend!"

Left with no choice, she compromised first.

Indeed, when he heard her request to go home, the man curved his lips and his tone immediately became playful. "Good girl. I'll dote on you when I return."

Xiao Ning didn't have the slightest joy of being doted on by an elder. She had a bitter expression on her face. Even when the call ended, the fear on her face hadn't disappeared.

Oh, she actually volunteered to return to Bai Yeyuan's wolf den...

Now that she thought about it, Bai Yeyuan had clearly baited her step by step just now to say those words!

She had fallen for it too easily!

But... would it be ok if she didn't return?

Since Bai Yeyuan knew that she was with Qiqi, what if she didn't return and he made a move on Qiqi?

She believed that a ruthless man like Bai Yeyuan would definitely do it.

Sigh, she couldn't implicate her Beauty Qi.

Her Beauty Qi was already unlucky enough today. Her profession that she was passionate about had been secretly changed. She had yet to end the engagement with a scumbag man and she also met a top roommate who was a moron.

She should return by herself. Anyway, this body... She had nothing to lose anymore...

"Qiqi, I..."

"You're going to see that man?" Gu Qiqi squinted slightly, as if she had long known everything.

"Oh! I didn't keep my word again. Wuwuwu, we agreed not to go home today. Tomorrow, I'll definitely stay with you in school tomorrow, okay?"

Gu Qiqi sighed lightly and hugged her. "Silly, is living with me in school the important thing? The important thing is that there's no future for you if you're with that man. Have you thought about it? Why didn't you break up earlier? Aren't you afraid of getting injured?"

Chapter 360: How Bad Were Her Legs Shaking?

Xiao Ning whimpered and said sincerely. "I want to too, but... Qiqi, it's really difficult to explain what happened between us in a few words. But don't worry. He won't hurt me, really."

"You're already so afraid, but you're still not injured?"

"I... I'm just afraid psychologically..."

Gu Qiqi was speechless.

Are you sure your body isn't afraid?

How badly are your legs trembling? Do you think that I'm blind?

However, since Xiao Ning didn't expose her, she couldn't expose her either.

Sighing again, she finally let out a long sigh and instructed. "Protect yourself... Especially when it's a last resort. You have to take safety measures. Let him wear the condoms that he should wear, understand?"

She really didn't want to see Xiao Ning repeat her mistakes in this lifetime. Two lives were lost.

Xiao Ning's small face flushed red. "Qiqi!"

What do you mean... How embarrassing!

"Don't be embarrassed. We study medicine ourselves. We have to know how to protect ourselves. This is common knowledge, okay?"

"Ahem, ahem, ahem. Qiqi, you forgot that we're veterinarians..."

Gu Qiqi was speechless.

Damn it. She had really forgotten.

"Also, Qiqi, actually, I've always wanted to say something to you just now."

"You don't have to thank me too much. I've always been annoyed that I didn't KO that scumbag uncle for you!"

"Ahem, ahem. That's not it. It's... Why do I feel that your chest has grown a lot more than before the college entrance exam..."

Gu Qiqi was speechless.

She was hugging Xiao Ning to comfort her but Xiao Ning was taking advantage of her!

She was angry and amused at the same time. She pushed this little brat away. "It seems that you're fine now. You still have the mood to joke with me. Let's go. Before the sky turns dark, quickly go home."

"What home? That's the Bai family, not our Xiao family..." Xiao Ning muttered softly.

But in order to not let her good friend worry, she quickly smiled again. "See you tomorrow! Qiqi, I heard that the first class at the veterinary school is intense. The first class is the Anatomy class! I'm going to kill everyone ruthlessly with a scalpel!"

Gu Qiqi was speechless.

Forget it. I'll give it to you when you can use a knife on that scumbag Bai.

After watching Xiao Ning leave, Gu Qiqi walked to the dormitory alone.

On the first day of school, she didn't expect to encounter so many obstacles.

Indeed, fate wouldn't be too kind to her and couldn't bear to see her lead a comfortable life.

As she approached the female dormitory, her footsteps became slower.

In the cold dormitory, there was no adorable Little Master Xiao Ning, no obedient daughter Yang Xiaolan, and even her Yun Qiao wasn't there. There was only the moron top student. It was really meaningless to go back.

How about she take advantage of the night time?

She should go to the lake and play a Five Animal Mimicry to improve her martial strength. There have been so many scumbags recently. She felt that they will start fighting her sooner or later.

Thus, as soon as Gu Qiqi approached the door, she turned around and prepared to go to the lake where she met the old man in the day to cultivate her skills.

Unexpectedly, hurried footsteps could be heard from the door.

The girl in black rushed out and shouted fiercely, "Gu Qiqi, you're a scumbag who only knows how to fool around with men. You even provoked men into entering the female dormitory. I must complain about you!"

Gu Qiqi was speechless.

Did this child not graduate from kindergarten? Why was she always snitching on her to teachers?

How stupid!

Furthermore, when did she bring a man back to the dormitory?

Then, she saw the man who had hurriedly pushed open the door behind the girl in black.

"I'm sorry, I'm sorry. I'm really sorry. I was too anxious and wanted to find Qiqi..."

The man apologized elegantly. Only then did the girl's expression soften. "If you want to fool around outside, don't affect my reading! I'll let you off this time."

"Yes, yes. Young Lady, thank you for being magnanimous. Qiqi and I will definitely take note."

The man was still smiling. He was carefully accommodating her and his posture was very low.

No wonder even such a difficult genius student looked better after being coaxed by him.
