

Dear Chief 361

Chapter 361: The Flaunting of a Scumbag Woman

Gu Qiqi snorted coldly. “Mu Liuchuan, you’re a central air conditioner. You like to make your presence known everywhere with your heat. Please don’t use my name with yours!”

Mu Liuchuan turned around and smiled charmingly. “Qiqi, I’m here to fetch you back to the Gu family as I’m on the way home.”

As he spoke, he specially pointed down the dormitory building.

That was a brand-new imported luxury car. It was a limited edition. It was said that the city’s socialites loved it the most. They were all proud that their boyfriends could drive such a car.

It seemed that Mu Liuchuan’s business had been doing well recently and he had made a lot of money.

At this moment, this luxury car was sparkling under the street lights.

Gu Qiqi’s eyes were cold and she wasn’t interested at all. “There’s no need. I won’t get into a stranger’s car.”

Mu Liuchuan choked. “Qiqi, no matter what, our engagement hasn’t been broken. You’re still my fiancée. How can we be strangers?”

Fiancee?

That word from scumbag’s mouth simply insulted this label!

Gu Qiqi was about to reject him.

Not far away, a sweet voice traveled over. “Sister, Brother Liuchuan and I have been waiting for you for nearly an hour. Listen to Brother Liuchuan. This dormitory is so dirty. It’s like it’s for beggars to stay in. How can you stay here?”

The door of the luxury car was pushed open leisurely and Gu Xuexue crawled out.

Gu Qiqi raised her eyebrows.

She finally understood.

What Mu Liuchuan said about passing by just now... was really the truth.

Mu Liuchuan was going to send Gu Xuexue home, so he came to ask her on the way!

Her tone became even colder. “I’m sorry, but you should drive your luxury car further away from a place like this where beggars live! Otherwise, if something happens and you can’t return home later, you won’t even have a place to cry!”

Gu Xuexue’s expression changed. “Sister... I know that you’re in a bad mood. Today, the clinical medicine school doesn’t want you. You can only study lousy veterinary medicine...”

Mu Liuchuan frowned. “What happened? Qiqi, why didn’t you tell me? I’m familiar with the professors in school. I’ll help you think of a solution!”

Gu Xuexue immediately choked.

She was extremely vexed.

She initially wanted to slander Gu Qiqi in front of Brother Liuchuan so that even if Gu Qiqi married him, she wouldn't have a good life.

She didn't expect that Brother Liuchuan would actually be quite nervous and actually want to help Gu Qiqi build a relationship with the professors.

However...

Hmph, it was useless no matter who she looked for!

It didn't matter who said it!

Thinking about this, Gu Xuexue smiled. "That's right, that's right. Brother Liuchuan and I will help you..."

"You better mind your own business!" Gu Qiqi said coldly.

She wasn't willing to waste a minute with them at all. She turned around and left.

Behind her.

Mu Liuchuan was disappointed.

Gu Xuexue was extremely happy!

Since she couldn't seduce Gong Jue for the time being, she would seduce Brother Liuchuan to have fun and anger Gu Qiqi to death!

"Brother Liuchuan, my older sister's temper is so strange. It's a pity that you have to tolerate her more in the future... Brother Liuchuan, why aren't you saying anything? Why are you staring at our tires?"

"Our tires have been pierced!"

"Ah! Then, isn't there a spare tire behind it?"

"All four tires have been punctured!"

Gu Xuexue was speechless. Gu Qiqi was such a jinx!

This beggar's place was indeed terrible. She really wanted to sit in Brother Liuchuan's car and brag about it in school.

==

In the dense forest by the lake.

Gu Qiqi performed a set of Five Animal Mimicry.

She was no longer jumping around lightly like a deer. Instead, she was jumping around like a tiger, a deer, a bear, an ape, and a bird... She was changing her body shape more and more smoothly.

The little dirty turtle crawled back. "Reporting to Master, that scumbag spent a lot of money to invite someone to change his tires. Hahaha, he hasn't left yet..."

"Well done!"

Gu Qiqi curved her lips and smiled.

If that scumbag wanted to show off in front of her, heh heh, he would have to ask her if she agreed!

But in the very next second...

Her smile froze on her lips!

Because she suddenly realized that a black car had unknowingly stopped under a purple fir tree diagonally behind her!

The car window was half rolled down. The man's cold profile couldn't stop that breathtaking aura even in the dark night!

Chapter 362: The Scheming Master Jue Is Here

Gu Qiqi's heart skipped a beat. Why was Gong Jue here?

Furthermore, he was sitting in the driver's seat and had driven over personally.

The moon was bright.

A faint light shone from above the man's head, making him look cold and unpredictable.

When did he come?

How long had he been watching in silence here?

Number One was too heaven-defying. He could actually drive in so silently, and even she, whose divine senses were sensitive, didn't notice it.

She clearly remembered that when Number One's engine was started, it could make very cool roaring sounds!

Gosh, were Number One and this man too heaven-defying, or was she too immersed in her own world just now?

Gu Qiqi wiped her sweat and suddenly realized a more serious problem. She had practised an entire set of Five Animal Mimicry just now. Would Gong Jue think that she was a monster?

Under the moonlight.

She stood rooted to the ground in a daze. A trace of sweat was still hanging on the tip of her nose.

The man in the car didn't make a sound either.

Time seemed to have frozen.

Only when her feet were about to go numb from standing did she finally hardened her heart. She twisted her body and strode towards the dormitory.

If she remembered correctly, she and Gong Jue were still in a cold war, okay?

This stupid man didn't want her to study medicine at all and forced her to change her profession all day long. It caused her profession to really be changed today!

Did he think that after coming to fetch her, she would give in first?

Impossible!

However...

Before she could take two steps...

A clear voice traveled from the backseat of the car behind her. "Sister, why aren't you getting into the car yet? Are you done with your exercise? Brother-in-law is waiting for you to come home for dinner!"

Gu Qiqi staggered.

She complained in her heart like crazy: Damn it, Gong Jue! You're breaking the rules!

He actually brought Xiaobei out!

He actually used Xiaobei, that child who didn't know anything.

The man in the driver's seat in the car window still had a cold look on his face.

But the corners of her lips curved up at an extremely small angle that no one could notice.

Gu Qiqi stopped in anger.

In the end, she was still worried. She turned around and walked quickly to the front of the car. She pulled open the door abruptly and said in annoyance, "Are you sick? It's already so late. Why haven't you eaten dinner? It's nine o'clock! Nine o'clock at night! Why are you waiting? Do you want to hurt your stomach? I already said that I'm staying in school. Who let you come and find me? Xiaobei didn't eat properly. Gong Jue, why didn't you teach him a lesson?! Who let you bring him here?!"

The frustration that she had suffered the entire day was suppressed in her heart so much that she couldn't even bear to unleash it on her good friend. At this moment, she took this opportunity to release it all.

After venting her anger, she inexplicably felt that her breathing became much smoother.

Damn it. If she had known earlier, she should have scolded Mu Liuchuan and Gu Xuexue ruthlessly just now!

She panted and her heart beat rapidly.

The car was silent for a second.

Then, Xiaobei said weakly, "Sister, I begged Brother-in-law to bring me here... Also, I've already eaten. Brother-in-law didn't eat. Brother-in-law is still hungry. He's probably so hungry now..."

Gu Qiqi staggered again.

Why didn't he say so earlier!

It turned out that the stubborn person who refused to eat wasn't Xiaobei. It made her seem very stupid when she was angry just now!

Her face flushed red. She was so embarrassed.

Gong Jue then said lightly, "Get in."

Gu Qiqi felt dizzy. She was initially determined not to leave with them. But now, she got into the car in a daze.

She kept feeling that something was wrong...

Until the car drove for a distance.

Only then did she react abruptly. "Xiaobei, why did you come to find me in a hurry?"

Xiaobei's clear voice didn't contain a trace of impurity. "Oh. Because Brother-in-law hasn't eaten dinner all this while, I was a little worried. I asked him if he had no appetite or was sick..."

Gu Qiqi had a bad premonition.

"Then, Brother-in-law said that the rice that the chef made smelled like toothpaste. I know that the rice that you steamed is the most fragrant, so I begged Brother-in-law to bring me to get you home... Sister, cook rice for Brother-in-law. Otherwise, he's too pitiful..."

Pitiful your head!

Gu Qiqi wanted to punch someone.

This was clearly Gong Jue's trick. Xiaobei, you silly child!

Chapter 363: Stupid Woman, Beg Me

Gong Jue, why don't you go to heaven!

Rice also smelled like toothpaste there!

Gu Qiqi couldn't help but roll her eyes in her heart.

She clearly knew that this was definitely the trick of that stupid man and that he was lying to Xiaobei to take the initiative to suggest an excuse to look for her. But she had already gotten into the car. Wasn't it even more embarrassing for her to say that she wanted to get out of the car now?

Gu Qiqi turned her face away and looked out the window.

Xiaobei asked curiously, "Sister, did you enroll successfully today? Was university fun?"

Gu Qiqi said lazily, "There's nothing fun about university. It's just the high school version 2.0."

Xiaobei laughed. "Sister, you're too humorous. I heard on the Internet that you study clinical medicine. Your first class was to touch organ specimens and see the basic structure of the human body... Also, you said that you would touch the corpse directly, right?"

Gu Qiqi shook her head and whispered, "I didn't study clinical medicine. They allocated me to veterinary medicine. I heard that I have to use a knife in my first class."

Upon hearing the words "veterinarian".

Gong Jue's hand that was holding the steering wheel clearly became unstable for a moment.

Number One, who was originally driving slowly, was caught off guard and jolted.

Xiaobei held onto the handle and asked anxiously, "That's not right, Sister. You clearly scored full marks for the college entrance exam. You're the top student in the school and you should study the best clinical medicine. Why would you become a veterinarian? You don't usually like small animals!"

The little dirty turtle was speechless. It expressed that its pitiful little heart had been shot. Master Silver actually didn't like small animals.

Gu Qiqi caressed the little dirty turtle's claws and said slowly, "It's not a question of whether I like them or not. It's just that some people don't like to see me studying clinical medicine."

As she spoke, she glanced at Gong Jue lightly.

The man seemed to be focused on driving.

He pursed his lips tightly and the cold aura around him didn't subside at all.

She retracted her gaze and continued to stare out the window.

Gong Jue breathed a sigh of relief.

He frowned.

Had this stupid woman's profession been changed?

Who did it?!

I still can't bear to touch the profession of this stupid woman. Who the hell is trying to cause trouble here?!

His first reaction was that his father, Gong Qing, had made a move.

Gong Qing was the person in the entire Gong family who was most against him dating a female doctor.

But he quickly rejected this point.

Gong Qing still didn't know about the stupid woman by his side. If he knew that this stupid woman couldn't even enter Imperial Medical University, Gong Qing would definitely make a move early and wouldn't wait until he secretly changed his profession.

If it wasn't from the Gong family, who else would be so bold?

However, this wasn't difficult to check.

His gaze turned cold.

No matter who it was, he would make that person pay the price for touching his woman without his permission!

Gu Qiqi naturally didn't know what Gong Jue was thinking.

Based on that glance just now, she only saw a cold indifference on Gong Jue's face.

That's right. Wasn't this expected?

Gong Jue couldn't be happier that she couldn't study clinical medicine. He had always strongly opposed it!

Xiaobei was still a little anxious and couldn't help but ask Gong Jue, "Brother-in-law, what do you think about this matter? It's a pity that Sister can't study clinical medicine!"

Gong Jue's Adam's apple bobbed.

He said in a low voice, "Let's see how she performs."

"Ah?" Xiaobei didn't understand.

Gu Qiqi's face sank. Was Gong Jue hinting that she could learn well as long as she performed well no matter where she studied?

This stupid man didn't understand the meaning of her studying clinical medicine at all!

Gong Jue thought that he had given her enough hints. He pursed his lips and waited leisurely for Gu Qiqi's answer.

Stupid woman, come and beg me!

As long as you perform well and agree to listen to me obediently in the future, be it in life, studying, or any other area...

I'll call immediately and transfer you back to the clinical medicine school!

Chapter 364: The "Old Man's" Temper Was Quite Bad

More than ten seconds passed, but Gu Qiqi didn't respond.

Gong Jue could only quickly adjust his mental expectations.

Alright, stupid woman. As long as you take the initiative to admit your mistake and kiss me, I'll consider changing your profession back for you!

At most, I'll take care of your safety in the future. I'll follow you wherever you go. I definitely won't let you be in any danger when you're a doctor.

A few minutes passed, but Gu Qiqi was still silent. She stared out the window alone, leaving only her back for him.

Gong Jue was depressed.

Was this stupid woman going to have a cold war with him until the end?!

Was that stupid woman really going to stay in the veterinary school out of spite?

D*mn it!

Couldn't this woman be tricked once?

Couldn't she give in a little?

Gong Jue was fuming.

The car approached the school gate. As there were many vehicles lined up in front, the car slowed down.

In the driveway next to them.

A fashionable luxury car suddenly rolled down the window.

Mu Liuchuan shouted in a pleasant surprise. "Qiqi? Is that you?"

When he saw Gong Jue's hazy and mostly blocked profile in the driver's seat, Mu Liuchuan frowned.

He immediately remembered what Gu Xuexue said about her older sister being taken care of by an old man in Qing Cheng...

No matter what, Qiqi was engaged to him. If she wasn't willing to be lonely and was taken care of by an old man, wouldn't that be cheating on him?

What face did Mu Liuchuan have in the elite world? What about his status?

His business was flourishing. If someone spread this matter around...

Mu Liuchuan's expression became uglier and uglier. His tone became stern. "Qiqi, get out of the car quickly! Leave that dishonorable old man. I'll drive you home!"

Gu Qiqi was inexplicably looking at the scenery outside the window to relax.

Who would have thought that she would actually bump into that scumbag Mu Liuchuan?

If she had known earlier, she would have let the little dirty turtle stab his wheels until they burst. Then, she would have asked it to let out all the oil and cut the engine line!

Let's see if he can still chase her and show off?

Her face sank and she was about to speak.

In an instant, she felt a cold aura suddenly rise behind her!

Gong Jue was furious.

Which blind b*stard actually dared to say that I'm an old man!

He even stared at my woman's face non-stop?

He even wanted to cheat her out of the car and snatch her away?

He immediately pressed the button on the control console and closed the car windows tightly. He even turned activated the automatic shading mode. In other words, that b*stard opposite him couldn't admire Gu Qiqi's exquisite face through the car window anymore.

Mu Liuchuan was stunned.

He didn't expect that "old man" to have such a big temper.

How could he give up so easily?

She stepped on the accelerator and hurriedly stepped forward. She changed the lane and prepared to stop Gong Jue's car at the entrance.

Gu Xuexue sat in the front passenger seat and watched everything that happened suddenly. She immediately seized the opportunity to slander Gu Qiqi. "Brother Liuchuan, that's... my older sister? Oh my god. No wonder she refused to leave with us just now. It turns out that she wants to accompany an old man tonight..."

Actually, she was also puzzled in her heart. Gu Qiqi didn't want Gong Jue, so when did she find another man?

Looking at that lousy black car, she knew that it definitely wasn't a good car since it didn't even have a brand logo.

Poor man!

Could it be that that little b*tch hadn't really settled Gong Jue yet, so she secretly found another old man to eat?

Indeed, with Gu Xuexue's instigation.

Mu Liuchuan's face turned green!

He gnashed his teeth and said, "I have a responsibility. I can't let her repeat her mistakes and ruin her reputation."

As he spoke, he turned the steering wheel and actually wanted to stop Gong Jue's car in the middle of the road!

Chapter 365: Beat Mu Liuchuan Up!

Mu Liuchuan's car was the latest luxury car.

The most valuable thing was the design of a streamlined decorative strip on the car.

It was said that high-tech nanomaterials were used. Their durability was top-notch and was especially dazzling!

When an accident happened, that small nano-materials would be able to relieve most of the impact on the car body and ensure that the car wouldn't deform under the violent collision.

Thus, when he drove the car horizontally in front of the door, although he had the intention to stop her, he also had the intention to show off!

You poor thing, you also dare to use a car without a brand to snatch my fiancée?

This car of mine is very valuable. Old man, stand aside with that lousy car of yours.

When Gong Jue drove out of another lane, Number One's entire body was clearly shown in his field of vision.

Mu Liuchuan's gaze immediately changed!

"No... This is impossible... This... This is..."

He looked at Number One's car in silence.

His hands that were holding the steering wheel started to tremble uncontrollably.

He must have seen it wrongly. Why did the entire body of that car seem to be made of those high-tech aviation nanomaterials?

Gu Xuexue still didn't know what had happened and was still encouraging him. "Brother Liuchuan, didn't you say that you wanted to bring my older sister back and persuade her to repent? Why aren't you moving?"

It was best to let Mu Liuchuan fight with that old man. Hmph! This way, both men would be able to clearly see the nature of that little b*tch's licentiousness!

The uglier the little b*tch's reputation, the better.

Mu Liuchuan's hands trembled as he watched Gong Jue's car accelerate and was about to slam into him!

He was so frightened that he hurriedly turned the steering wheel and reversed the car hurriedly to give way to Gong Jue!

As everything had happened too suddenly, he couldn't control the strength he used to reverse the car. The back of the car hit the guardrail at the school entrance with a loud bang.

Gong Jue's car zoomed past him coolly.

The moment it overtook him, Number One swayed arrogantly and knocked against the headlights on Mu Liuchuan's left front.

"Boom! Boom!"

The headlights exploded!

In a few seconds, Mu Liuchuan's headlights and bumper were blown up. He looked extremely miserable!

"Brother Liuchuan, what happened? They actually dared to knock into you! Let's chase after them and settle scores with them!" Gu Xuexue screamed exaggeratedly.

Mu Liuchuan was initially shocked by Number One's car body and became a little timid. But at this moment, he was itching to get involved again because of Gu Xuexue.

Although that car looked very formidable... Perhaps, it only had an empty frame? Its engine definitely wasn't as good as his.

In addition, the old man's driving skills were definitely lacking.

If he could overtake him, that old man would definitely be afraid of him, right?

Wouldn't he have to hand Gu Qiqi over obediently then?

Mu Liuchuan gnashed his teeth. He stepped on the accelerator and followed behind him.

Gong Jue initially thought that after blowing up Mu Liuchuan's headlights, he would get lost tactfully. He didn't expect that this stupid pig would actually chase him.

His eyes immediately turned cold.

He stepped on the brakes and slowed down.

Mu Liuchuan was delighted when he saw the front car decelerate. He thought that Gong Jue was afraid of him and hurriedly stepped on the accelerator to catch up.

Just as his car was about to approach Gong Jue...

Number One swayed lightly and caused Mu Liuchuan's other headlight to explode!

There were fragments on the floor.

Mu Liuchuan's tire had been pierced with the broken headlight and it was slowly leaking...

"Damn, that b*stard!"

The modest and gentlemanly demeanor that Mu Liuchuan had painstakingly created could no longer be maintained as he swore.

He couldn't tolerate it anymore. He became ruthless and continued to chase after him.

Gong Jue was like a cat teasing a mouse. He reduced his speed and waited for him to catch up with him. Then, he bumped into him and left at a higher speed.

The cycle continued.

After repeating this a few times, Mu Liuchuan completely collapsed.

Who said that his car was an outstanding talent among luxury cars?

Why was he like a rookie who was at the mercy of that lousy car without a brand? He was completely beaten up!

Chapter 366: Definitely Low Profile Luxury

Mu Liuchuan's new luxury car, which was envied by everyone in high society, was knocked down horribly.

The headlights exploded.

The back of the car exploded.

The bumper on the front of the car snapped.

The hood of the car was raised and smoke was rising from the damaged engine.

He was so bullied that he couldn't escape at all.

In the end, he no longer dared to chase after Gong Jue's car. But once Number One discovered that he was trying to escape from this road, he blocked the road that he was going to first.

What drove people crazy the most was that the traces of damage on the hood of the car actually formed a French word that meant "Moron!"

Mu Liuchuan's face lit up.

Number One was finally tired of fooling around with Mu Liuchuan.

As Gong Jue slammed on the accelerator and sped up, Number One flew away like an arrow.

Gu Xuexue was dizzy from the impact. She endured the turmoil in her stomach and gnashed her teeth. "Brother Liuchuan, let's hit it too, okay? I heard that your car is actually very powerful. It has a small piece of aerospace material that's invincible..."

Gu Xuexue thought that she was successful at bootlicking.

Unexpectedly, Mu Liuchuan's face turned from green to black.

His car had a small piece of invincible spaceflight material as an accessory. However, every inch of the other party's car was made of spaceflight materials. The engine was also invincible and powerful. It could be comparable to a flawless robot.

It was definitely low-key and luxurious.

If he really bumped into it, that would be courting death.

Furthermore, Gong Jue's racing speed was simply godlike. He couldn't catch up even if he vomited blood, okay?

However, how could he say such cowardly words?

He could only tolerate it and find a way out for himself. "I won't bicker with them!"

Gu Xuexue was so disappointed that she forced a smile and said, "Brother Liuchuan, you're too kind..."

Mu Liuchuan's face flushed red from these words. For some reason, he was somewhat irritated by Gu Xuexue.

In her heart, she was more curious about Gu Qiqi. What was she doing in that low-key and luxurious car in front of her now?

What kind of mysterious background did that old man have?

==

In Number One.

Gu Qiqi frowned.

Why did she feel that the car explosion just now was so flashy?

When Number One appeared in school previously, it was clearly so quiet.

She glanced at Gong Jue suspiciously.

But Gong Jue looked serious and calm as he drove. He didn't look like he was racing in a fit of pique at all.

No matter what, she was happy to see that Mu Liuchuan didn't chase after her.

She didn't want to return to the Gu family with Mu Liuchuan, let alone sit in the same car as Gu Xuexue!

In comparison, that unpleasant face of Gong Jue's didn't seem so hateful anymore.

Mansion Number 0.

Gu Qiqi cooked a bowl of rice.

Actually, it made sense to say that the rice she made herself was delicious. She didn't cook rice with an electric cooker but steamed it with traditional water insulation.

She used a purple ceramic bowl to steam it. Apart from the white rice, there was also a little purple Glutinous Rice, lotus seeds, a few black wolfberries, and a little yellow millet.

Purple, white, pink, yellow, black... They were scattered and exquisitely decorated. Just looking at them made one have an appetite, let alone the fragrance and softness. The experience when they entered the mouth was even more appetizing.

Gu Qiqi watched as Gong Jue finished up a bowl of rice without eating a single bite...

She felt a little regretful for not squeezing some toothpaste into the rice to let him have a taste of real toothpaste!

Let's see if he would dare to use toothpaste smell as an excuse next time and not eat properly.

Chapter 367: Only A Fool Would Admit It

"Another bowl of rice!"

Gong Jue stretched out his hand and wasn't satisfied.

Gu Qiqi glared at him in annoyance. "That's all!"

Stupid man, is this your cold war attitude? It's already not bad to give you a bite to eat. Are you done?

As she spoke, she untied her apron, clapped her hands, and walked upstairs.

Gong Jue frowned.

In the very next second.

He stretched out his long arm.

He grabbed Gu Qiqi's wrist and pulled her back!

“Hey...”

What? Xiaobei is still here. Control yourself!

Gu Qiqi protested.

Gong Jue didn't care at all. He pulled her over to sit down facing him.

Gu Qiqi looked to the side nervously.

Whoosh—

Fortunately, Xiaobei had unknowingly brought his robot, Brother Yun, to rest.

The servants had already gotten off work long ago.

The dining room was so quiet that one could hear a pin drop.

Gu Qiqi subconsciously turned her head away.

Gong Jue stretched out his hand and pinched her chin so that her small face faced his deep eyes. “Since there's not enough food, then...”

Before Gu Qiqi could respond...

In the very next second.

The man's kiss covered her lips.

Gu Qiqi stretched out her hand to push it away, but she felt that she was facing an iron wall that couldn't be moved at all.

Soon, even her hands were caught.

Amidst the dizziness, Gong Jue suddenly lifted Gu Qiqi and carried her to the dining table.

The cold marble table immediately made her shiver.

At this moment, a very dramatic thought actually surfaced in Gu Qiqi's mind. How much did this man like the dining table? He was like this the last time he ate ice cream in the middle of the night...

However, this thought only existed for a moment.

In the very next second, she felt that her small waist was about to be snapped off by Gong Jue.

Gosh, she was going crazy.

What happened to the cold war?!

Suddenly, Gong Jue stopped.

His hoarse voice asked, “Is your period gone?”

Gu Qiqi was stunned. Then, her small face flushed red like a blood peach. “No!”

If she admitted that she didn't have her period at this moment, she would be a fool.

She definitely couldn't admit it.

Gong Jue stopped breathing.

His fists landed heavily on the marble dining table. Finally, he got up from her body.

Her period hadn't left yet and he couldn't do anything. If he continued kissing her like this, he would explode himself.

He supported himself with his arm and stared at Gu Qiqi's small face. If he wanted to kiss her again, he could only forcefully hold it back and ask, "Let me ask you one last time. Do you want to study clinical medicine that badly? Can't you study something else?"

Gu Qiqi's grievances for the entire day nearly burst out at this moment.

She sniffed and said calmly, "It's none of your business!"

Gong Jue was even prepared for her to be angry, cry, and even swing her small fists at him.

As long as she said that she didn't like it, he would definitely soften his heart and help her change her profession.

But this stubborn little woman was actually stubborn to the end and said directly that it had nothing to do with him!

Why wasn't she acting coquettishly towards him?!

How infuriating...

She was holding it in her heart and felt angry in her head. Gong Jue was going to explode. He was really going to explode.

He closed his eyes, stood up abruptly, and rushed into the bathroom...

Under the moonlight.

Gu Qiqi sat at the dining table for a long time before she slowly walked away.

"No. The other professions aren't good for me at all. I don't like them..." She muttered softly to the air. "I know it's very difficult for you to understand, but I won't force you to understand. I'll use my own way to realize what I want!"

She had to carve out her own path step by step.

Gu Qiqi wanted to control her own life in this lifetime!

Chapter 368: The King of Hell's Instructions

The next morning.

When Gu Qiqi woke up, her wrist was still bruised.

The little dirty turtle said with heartache, "Master Silver, actually, you could have used the eagle claw move from the Five Animals Mimicry last night to buckle his wrist. Although your strength isn't as great

as his, you could still have done it by avoiding him. You wouldn't have been pinched so badly... You could have changed the outcome..."

Gu Qiqi's small face flushed red. She felt that she was being called out by the little dirty turtle. It was as if she wanted something to happen between Gong Jue and her.

She immediately denied it. "No. I believe that he won't ignore my wishes and mess around."

The little dirty turtle was surprised. "Ah? Why do you believe him?"

Gu Qiqi replied. "No reason." Perhaps it was her intuition.

Although this stupid man was very violent, he really... didn't force her to do that kind of thing.

Never.

"Then do you believe that he didn't change your profession?"

"About that..." Gu Qiqi muttered.

However, the little dirty turtle didn't debate this problem. Instead, it turned around and happily counted the rapidly rising color points. "Master Silver, actually, it's quite good if you can continue cooking rice. Then, we can rapidly upgrade..."

Gu Qiqi was speechless.

Can you have some principles?!

Blushing, she quickly packed up and left the house after eating breakfast. She initially thought that she could avoid Gong Jue and walk down the mountain to school by herself.

She didn't expect to see Number One parked at the door as soon as she stepped out.

The car window was rolled down halfway. Gong Jue seemed to be talking to someone on the phone.

Damn it! She woke up an hour early.

The sun had just risen. Did this stupid man have to be so hardworking so early in the morning?!

She had no choice. Since she couldn't avoid it, she could only continue to hitch a ride...

They didn't say a word all the way to school.

Before getting out of the car, Gong Jue still said indifferently, "Go home early tonight and sleep!"

Gu Qiqi staggered.

Was she unable to stay in the school anymore?

==

At the Shen family's residence.

Old Third Shen, Shen Ping, was awoken from his sleep by a call.

Usually, no one would dare to call him at this time.

Unless it was the principal.

He cut it off several times in anger.

But the phone still rang stubbornly.

He had no choice but to answer it.

“Shen Ping, what happened to you?! You actually changed Gu Qiqi’s profession without my permission!” Over the phone, the old principal’s roar traveled over.

Shen Ping shivered and sobered up.

“What’s wrong? I don’t even have the authority to handle a student anymore? She doesn’t fulfill the requirements of our school...”

“Cut the crap. Hurry up and change it back! Otherwise, you can forget about being the director! You’re only giving me trouble!”

Shen Ping was speechless.

He was an ophthalmologist and was one of the best in the Empire. The principal usually respected him very much and had never spoken to him like this before.

What happened today?

Could it be that Gu Qiqi, that country girl, had gotten some reinforcements?

Did Gu Qiqi have some other backing that Old Madam Gu didn’t explain to him clearly?

“Why are you still standing there in a daze? Today is the first lesson of school. Bring that girl back for me. No, invite her back respectfully! You have to go personally and even apologize. Do you understand?!” The old principal was simply shouting himself hoarse.

Shen Ping really couldn’t figure it out. “Principal, who exactly is it that makes you so afraid?”

“Why are you asking?! Just do as I say! Hurry up and go!” The principal hung up the call.

Seriously, who would dare to disobey the orders of that King of Hell?

He was about to retire as a principal and still wanted to enjoy his later years peacefully. At this critical moment, he wasn’t willing to cause trouble.

Chapter 369: That Bastard Bai Yeyuan

At this moment.

On the Imperial Medical University campus.

There were cheers and laughter.

The freshmen from other schools had already begun their special training under the scorching sun in autumn but they were comfortably having lessons. How blissful!

This was all thanks to the Imperial Medical University's tradition.

Their special training was in winter.

Amidst the joyous crowd, Gu Qiqi took two steps forward and stopped. She turned back to look at the weak girl behind her.

"Little Lemon, have you not eaten breakfast or slept?"

Xiao Ning's face flushed red unnaturally. "Ahem, ahem, ahem... I... I'm just a little tired from not sleeping enough..."

Damn it. Yesterday night, Bai Yeyuan said that she wasn't answering his call. After three missed calls, every additional missed call meant one more round of that...

In the end, he got so excited that he couldn't stop the car and did it a few times.

When she was still conscious, she remembered that he had released her thrice.

She had already fainted from his actions and couldn't remember how many more times there were.

But the problem was that she didn't miss so many calls at all. She only owed him two calls. Logically speaking, she should only do it twice!

But...

When she woke up in the morning and complained about this matter aggrievedly...

That b*stard Bai Yeyuan was actually calm and collected. He smiled wickedly. "Little Lemon, it seems that your math teacher taught you well. But you might not remember it clearly. You begged me to come the last few times. So if you consider it seriously, you still owe me one time... Remember to make it up to me when you return tonight."

Damn it!

How inhumane!

How unreasonable!

She had been bullied by him for the entire night. In the end, she still owed him more and still had to make up for it.

Thus, at this moment, Xiao Ning's heart was in turmoil. Her legs and stomach were soft and she was listless.

She followed Gu Qiqi to the classroom in a daze. Once she entered, she felt that something was wrong.

"This... This classroom? Qiqi, are you sure?"

Xiao Ning looked at the classroom filled with bottles, jars, and laboratory tables. There wasn't even a chair. Could it be that... she was going to class while standing?

How strange.

Gu Qiqi held her forehead. “You forgot that you were the one who told me yesterday that the first class was about using a knife and dissecting! Could it be that you still want to sit down and do an autopsy?”

Xiao Ning swallowed her saliva and suddenly became a little timid. “Really... Anatomy? I thought that veterinary medicine was to feed the small animals medicine, cut their fur, and inject them... This is about opening the small animals’ stomachs... Oh, it’s too savage...”

Gu Qiqi was speechless.

Who exactly let this whimsical and naive person study medicine?!

The two of them were talking at the door.

In the laboratory, the few students who came first recognized Gu Qiqi.

“Wow, you’re that Classmate Gu who had a broadcast of your college entrance exam, right? I admire you so much!”

“Qiqi, welcome. I heard about you from Xiao Ning yesterday!”

“That’s great! Our veterinary school also has a top scholar joining us. Let’s see who still dares to say that we’re a lousy school now!”

“That’s right, that’s right. Let those fellows from clinical medicine covet it. Qiqi chose us. She doesn’t want them, hahaha...”

The sudden warm welcome stunned Gu Qiqi.

She didn’t expect that the veterinary school would be filled with such adorable girls...

That’s true. Only people with soft hearts and love for small animals would think of studying veterinary medicine, right?

She curved her lips and prepared to say hi.

Outside the corridor, a group of people crowded around Bai Yingzhu.

Bai Yingzhu was still dressed in a lolita style. Her thick shoes were ten centimeters long. That arrogant and self-righteous look on her face as she walked through the school corridor was really... indescribable.

Gu Qiqi simply felt that even looking at her for a second longer would hurt her eyes.

She was about to enter the laboratory with Xiao Ning.

However, some morons insisted on looking for her.

“Hey, look at this. The useless person that our clinical medicine school doesn’t want is actually treated as a treasure by the veterinary school! Tsk, tsk. What a group of country bumpkins who have never seen the world. They praise their trash so well!”

Chapter 370: Stepping On Gu Qiqi ruthlessly

Bootlick?

Xiao Ning was unhappy when she heard this.

A second ago, Little Master Xiao Ning was still tired and timid. But in the next second, she became energetic and immediately seemed to stand 2.8 meters tall.

She protected the petite Gu Qiqi behind her and raised his voice.

“Hey, Bai Yingzhu, watch your mouth! I can smell your smelly mouth from ten miles away. Don’t you brush your teeth in the morning?”

Seeing the boys from the veterinary school cover their noses with indescribable expressions, Bai Yingzhu’s face flushed red. She placed her hands on her hips. “You! Xiao Ning, you’re talking nonsense! Are you still from the Bai family? You actually helped that country bumpkin speak. She was originally a product of high scores and low abilities. She only knows how to do the college entrance exam paper and doesn’t have any other skills. Head Shen Ping even thinks she’s trash and doesn’t want her! Am I wrong?”

Xiao Ning clenched her fists. It was true that Shen Ping didn’t want her Qiqi.

But...

“That’s because that old fool Shen Ping has poor taste!” Xiao Ning wrapped her arms around her chest and raised her chin. “He’s looking down on my Qiqi. His dog eyes are purely blind!”

Once Xiao Ning’s voice fell.

Behind Bai Yingzhu, a group of lackeys from the clinical medicine school were laughing so hard that they were bent over.

In fact, even the students from the veterinary school fell silent in embarrassment.

It turned out that it was Shen Ping who drove her away. That Shen Ping was...

“Why? He’s just blind and can’t see through people! Hmph!” Xiao Ning curled her lips.

Bai Yingzhu laughed coldly and said, “Do you understand? Our Head Shen Ping is the best operator in the Empire’s ophthalmology department! Do you understand? He’s the most powerful expert in ophthalmology! You said that he’s blind? I think you’re ignorant, hahahaha!”

Her sidekicks mocked her continuously.

“Hey, Yingzhu. They won’t understand either. They only know how to flatter people!”

“People from the countryside come from the countryside. Do you think this is a mountain ditch in Qing Cheng? Isn’t she just a top scholar? She’s worthless!”

“Heh heh, any one of us here is much more knowledgeable than you two country bumpkins! Country bumpkins still have the cheek to quarrel with our little princess Yingzhu?”

“University competitions are about ability, not scores! Even the well-respected Professor Shen Ping despises them. They’re only fit to feed pigs and dogs at the veterinary school, hahaha!”

Each and every one of the people around Bai Yingzhu had wicked mouths. It was as if they were competing to curry favor with Bai Yingzhu as they ruthlessly trampled on Gu Qiqi, Xiao Ning, and the people from the veterinary school.

The people from the veterinary school had soft characters. They were angry but didn't dare to say anything.

Xiao Ning couldn't take the insults and was so angry that she rolled up her sleeves.

What was so good about that Shen Ping? How was he like a well-respected professor? These people were the ones who supported Shen Ping and Bai Ying, right?

Since she couldn't out-talk their crooked logic, she wanted to settle the outcome with her fists!

"Why? Do you want to fight? Xiao Ning, do you want to fight dozens of us alone?" Although Bai Yingzhu still had lingering fear towards Gu Qiqi, she had brought many people with her today and wasn't afraid.

Xiao Ning was also stubborn. "So what? Do you think I'm afraid of you smelly mouths? Come on!"

Just as the conflict was about to erupt...

Gu Qiqi, who had been looking indifferent, stretched out her slender and fair hand. She pulled the angry Little Master Xiao Ning lightly behind her and stood in front of her.

"Who told you that the veterinary school only knows how to feed pigs and dogs?"

She spoke slowly, but every word carried an aura that couldn't be ignored!

Those clinical medicine people actually felt as if their throats had been strangled. They couldn't breathe and couldn't speak!
