

Dear Chief 401

Chapter 401: It Would Be A Pity If No One Saw This Scene

Eat it on the spot! Pig! Food!

Bai Ying was so angry that her face turned purple.

She turned around abruptly and wanted to face Gu Qiqi.

But Gu Qiqi raised her chin lightly and looked at her with a spurious smile.

“Why? You won’t admit defeat?”

After being mocked by Gu Qiqi, the flames around Bai Yinghu seemed to have been extinguished by cold water.

She couldn’t be fierce anymore.

That was the bet that she had agreed to. Was she going to go back on her word?

Wouldn’t that be even more embarrassing than eating pig food?!

“Who said that I won’t admit it? I, Bai Yingzhu, do what I say!”

Gritting her teeth tightly, Bai Yingzhu stomped her feet and left in a sorry state!

In a private room on the second floor.

When Bai Lang saw this outcome, he shook his head and sighed. “Our Bai family must be at odds with the little demon. As an uncle, I can’t beat the little demon. Even my niece lost to the little demon... Tsk tsk... In terms of IQ and methods, only Big Brother and Sister Mori can compete with the little demon... Master Jue, tell me, if Mori and the little demon fight, who will win?”

After asking this question for a long time.

He had no answer.

He turned around and saw that Gong Jue had long left the private room.

The other rich young masters were secretly opening the door and slipping out. They were prepared to see Gu Qiqi open her stones!

Roar!

He was the one who organized the dinner today!

These two people weren’t giving him face anymore, right?!

Bai Lang gnashed his teeth. He stomped his feet and followed them down.

Fine, let’s go and see what kind of stunning quality that annoying Deep Water Dragon Stone is. Manager Di actually wanted to buy it for 80 million dollars. I’ve never seen him do this before!

After defeating Bai Yingzhu, Gu Qiqi didn't want to continue fighting.

She politely declined Manager Di Ge's request to buy the Deep Water Dragon Stone at a high price and prepared to leave.

Behind her, a coquettish pink shadow leaned over and smiled cheekily. "Beauty, you're leaving already? Why don't I treat you to a meal to celebrate?"

Gu Qiqi didn't have to look back to know that it was that greasy Young Master Wang.

He refused to give up, right?

Her voice turned colder and she didn't stop walking. "Don't forget that you've already lost. You're not qualified to eat with me."

Young Master Wang choked. Not qualified?

How heartbreaking!

This woman's tone was faint, but every word she said was vicious!

But how could he bear to give up like this?

That was a woman whom he had lost 4.9 million dollars for and hadn't gotten his hands on yet.

He had to get everything back tonight no matter what.

A trace of ruthlessness flashed across his eyes as he followed Gu Qiqi.

Gu Qiqi walked out but didn't leave directly.

Instead, she passed by a long corridor and seemed to be looking for the washroom.

She saw a washroom sign at a quiet corner in front of her.

Gu Qiqi was about to go over.

Young Master Wang immediately blocked her.

There was no one else here. He couldn't even be bothered to squeeze out that greasy smile on his face.

He immediately put on a sloppy and vulgar look. "Stupid b*tch, seems like you want to do this the hard way. Since you're unwilling to eat with me, I'll save money and rape you in the washroom!"

"Are you sure you want to do it here?" Gu Qiqi didn't have any expression on her face as she supported her chin with her hand and asked.

Young Master Wang thought that she had been frightened silly and laughed even more wickedly.

"What's wrong with this place? There's a toilet bowl that you can use to do things on your knees. There's a sink that you can use to sit on. There's also a sink that you can use to lie on your stomach..."

As he spoke, he couldn't wait anymore.

Gu Qiqi raised her eyebrows lightly and muttered regretfully, "Yes, there are few people here. It's a pity that no one saw me..."

Young Master Wang's eyes lit up. "Stupid b*tch, I didn't expect you to have such strong tastes! If you like it, I can record the entire process on the Internet for you. You can slowly admire it when you return home..."

Gu Qiqi nodded. She seemed to have finally lit up her interest. "Yes, that's a good idea."

Young Master Wang was speechless.

Why did it feel like his success was too smooth?

Where was the coercion?!

Chapter 402: A Man's Familiar Breath!

Young Master Wang thought back to Gu Qiqi's question just now.

Not bad?

She felt that it wasn't bad to be featured in that kind of video?

Tsk. Indeed, women were women.

She was weak and timid. What a useless person!

He thought that this woman was different from the rest. It seemed that she was no different from ordinary women. When she was faced with a man's coercion, she could only surrender.

Young Master Wang was even more certain that Gu Qiqi had been completely controlled by him. She had already lost the heart to resist. She was timid and weak. She could only listen to his every suggestion.

This was great.

He could do whatever he wanted later!

He parted his lips and drooled. He actually stretched out his hand to pinch Gu Qiqi's small waist!

He wanted to rip her clothes to pieces first!

But in the next second...

The aura around Gu Qiqi changed abruptly!

Her nonchalance from before immediately turned into fierceness.

Her slender and fair hand was as fast as lightning. She gripped his throat before he could react and her red lips said coldly, "There are too few people here. It's a pity that no one will see your swollen face. But don't worry. I'll follow your suggestion just now and take a photo of your swollen face for everyone to admire on the Internet..."

Young Master Wang was speechless.

What?

It turned out that this was what Gu Qiqi meant when she said that it was a pity that no one saw them!

She also meant that it would be his pig head face that would be made public, not hers.

Could someone tell him that this arrogant and terrifying person was really a woman?

Was she a pitiful person who was treated by everyone as an innocent and poor person just now?

Was she a weak woman who relied on her luck to open tens of millions of dollars of expensive jade stones?

Why were his acupoints tightly controlled by her before he could see how she moved?

“You... You can’t touch me. Our Wang family isn’t to be trifled with. My bodyguard is outside!”

“Oh? There’s still a bodyguard? Won’t I have to beat him up until his head hurts? My hands are so tired...”

“You!”

Young Master Wang felt that he had been driven to his grave by this b*tch before his face had even been beaten into a pig’s head.

But this washroom was very remote.

Calling for help was futile.

He initially thought that this kind of place was suitable for bullying women, and didn’t expect that he would be brought into a trap by this weak woman instead.

Fortunately...

He still had a trump card.

Young Master Wang stretched out his hand and secretly moved it towards his pocket...

There was a small dagger that he carried with him.

He was going to teach this weak woman a lesson later!

Before he reached into his pocket, Gu Qiqi said faintly, “Are you looking for this thing?”

One hand gripped his throat and the other swayed casually in front of him.

Wasn’t that the dagger in his pocket in her slender hand?

“Oh, you think that it’s not enough to beat me into a pig’s head? You want me to write ‘scumbag’ on your face?”

Gu Qiqi gestured a few times on his face.

Young Master Wang wanted to cry but had no tears. His entire body was shaking. He had completely tasted what it meant to court death.

Gu Qiqi frowned.

Why was there a... stench?

She looked down.

Gosh, this man was too useless.

She had used a knife to scare him, but he actually... pissed his pants...!

“Forget it. Big Sister is benevolent today. I won’t hurt you. I’ll just turn your face into a pig’s head,” Gu Qiqi muttered.

Young Master Wang was speechless. This was also called compassion? Wasn’t real compassion letting him go?

This vicious woman!

Gu Qiqi threw away the dagger and raised her palm.

She was about to slap him.

Suddenly...

A cold aura suddenly assaulted her from behind.

A big palm suddenly grabbed her slender arm, and prevented her from struggling at all.

In the very next second, the man’s tall figure enveloped her and trapped her in his arms.

It was powerful!

D*mn it. What was going on?

A useless person like Young Master Wang had such a powerful bodyguard?

That’s not right. Why was this man’s cold aura so familiar?!

Chapter 403: Don’t Want Her Hands to Hurt

Gu Qiqi’s slap was stopped halfway by the man who suddenly appeared from behind her. She couldn’t bring herself to slap him.

Young Master Wang was delighted. He shouted at the top of his lungs. “Hero! Help!”

The heavens didn’t let her off. This b*tch deserved to be unlucky!

That man looked righteous at a glance. He must be here to help when he saw injustice.

Who would have thought?

That man actually slapped him ruthlessly without a word.

Bam!

There was a crisp sound.

He spat out a mouthful of blood.

The corners of Young Master Wang’s mouth cracked open and his front teeth flew out!

That man's hand was very hard and terrifying.

Young Master Wang was dumbfounded!

Wasn't this man here to save him from injustice?

In the very next second, the other party lowered his head. His eyes were filled with faint affection as he said in a low voice to Gu Qiqi, "Who let you hit him?"

Gu Qiqi was filled with frustration. She wasn't satisfied with torturing this scumbag yet.

Just as she was about to pout and protest about why she couldn't hit the scumbag, she heard the man say in concern.

"Such a shameless scumbag. Won't your hand hurt from slapping him? Hmm? Put down your hand and let me hit him for you!"

Young Master Wang was completely dumbfounded.

Damn it! These two people knew each other!

Furthermore, they had a close relationship.

That man also doted on this b*tch to the point of lawlessness.

He actually was concerned that her hand would hurt from hitting him?

Not only had he been slapped in the face for no reason, but he also had to listen to this rubbish!

How unreasonable!

However, before he could react, Gong Jue continued to slap him.

A few seconds later...

Young Master Wang's flaccid face had really grown to the size of a pig's head. Even his facial features had been distorted.

Gong Jue kicked him to the ground and dug out his phone to take a photo. He used Young Master Wang's Weibo number to upload the photo onto the Internet.

The accompanying photo caption was, "I'm inferior to pigs and dogs."

Gu Qiqi was stunned by Gong Jue's sudden appearance for a while. When she saw this, she finally couldn't help but laugh.

Remembering that the two of them were still in a cold war, she forced her smile back.

Young Master Wang wailed and crawled out. He said in a muffled voice, "You... Wait for me... I won't let you two off..."

Adulterous couple...

Gu Qiqi unconsciously swallowed a mouthful of saliva.

Oh, Gong Jue had a bad temper. He definitely wouldn't take it lying down when he heard such a term.

Go on. Hurry up and chase after that Young Master Wang who courted death.

Then, she could slip away secretly.

Gong Jue didn't follow the script.

He was even stingy with giving Young Master Wang a look. Instead, he stared intently at Gu Qiqi. "Didn't I ask you to return home obediently? Hmm? Why did you come here?!"

If she hadn't come to such a place where dangerous people hung out, she wouldn't have been entangled with that lecherous Young Master Wang.

Did she even have the slightest bit of self-awareness?

She caused trouble every day!

Gu Qiqi swallowed her saliva again.

Seeing Gong Jue criticize her so coldly, she actually felt that her mouth was a little dry.

The little dirty turtle shrank its claws and muttered in a low voice amidst the chaos, "Master Silver, actually, I reminded you last time. Opening a new skill at the last minute will not only consume a lot of color points, but also... There will be some side effects... Especially since you gambled a little too much stone gambling today. I'm afraid this side effect will be more obvious than the last time. Don't blame me for not reminding you later, Master Silver!"

"What side effects?" Gu Qiqi asked casually.

"It's... that... Ahem, ahem, ahem..." The little dirty turtle wanted to say something but hesitated.

Gu Qiqi felt that something was wrong and wanted to ask more.

However, Gong Jue's reproach came crashing down on her again.

Chapter 404: A Strict Uncle!

Translator: Atlas Studios **Editor:** Atlas Studios

Gong Jue frowned coldly. "Stupid woman, are you afraid that others won't know that you're a student who's easy to bully?"

Oh, that was a good point. She would definitely remember to change her outfit next time.

Grandma Ye's appearance definitely wouldn't do. Maybe she should crossdress as Young Master Ye next time?

"Stupid woman, since you took my black diamond card, are you not going to spend it until the new year? You spent five million dollars. Who asked you to return it?"

Ahem, ahem. Wasn't it normal to repay money that you owed?

“Stupid woman, are you so bored? You actually provoked another man and used eating with him as a bet? Are you stupid?”

Ahem, ahem. I’m not silly or stupid!

“Stupid woman, you’re not allowed to come to such a foul place next time without my permission!”

Gong Jue criticized her fiercely.

He was like a stern uncle lecturing his own child.

Unexpectedly, a certain disobedient child listened anxiously. Suddenly, she moved!

Gu Qiqi suddenly placed her hands on Gong Jue’s shoulders and pulled him forcefully. She spun him 360 degrees and brought him into the washroom.

Then, she kicked the bathroom door shut tightly.

She tip-toed and her eyes were misty. “Shut up! Stop talking!”

Her gaze fell on Gong Jue’s cold thin lips.

In the very next second.

It covered them!

As she wasn’t tall enough, she had to tiptoe and raise her chin desperately to barely reach the man’s cold lips.

That look was hard work! It was vivid!

Gong Jue felt his mind explode.

This action was too unexpected and he wasn’t prepared at all.

This was the first time that this stupid woman had taken the initiative!

Just now, she was still in a cold war with him. She looked stubborn and disobedient no matter what he reprimanded.

She actually... kissed him in the blink of an eye!

However, Gong Jue’s brain had already been blown to countless pieces. He couldn’t think about why she was doing this at all. There was only a strong electric current that struck his heart!

He wanted more!

This was the most direct and real instinct of men.

At this moment, Gu Qiqi was also stunned.

What... What happened to her?

Furthermore, she pressed Gong Jue against the wall of the washroom!

Ah, ah, ah, ah! Had she become bad?

She only remembered that a second ago, she was looking at Gong Jue's thin lips that were moving and was in a mess.

It seemed that if she didn't stop him, she wouldn't be able to rest in peace.

That's right. It must be because she wanted to stop him that she did this.

Look, this stupid man finally stopped talking, right?

However...

She maintained this state of locking Gong Jue's thin lips. She couldn't advance or retreat. Could it be that she had to continue stopping him from talking?

Feeling Gu Qiqi's hesitation, how could Gong Jue agree to stop?

His gaze deepened. He grabbed her small waist and her long hair at the back of her head. He took the initiative and pushed her entire body closer to him. From there, the distance between them deepened fiercely!

You want to escape after sneaking an attack on me?

How could there be such a good thing?

Although you started it, stupid woman, I have the final say in the end!

However...

A few seconds later.

There was a sound from the opposite bathroom. Soon after, a man screamed.

A bespectacled man held his pants and touched the glasses on the ground. He ran out while trembling.

He had only gone to the washroom to comfort himself. Why did he see such an unexpected scene when he turned around?

That petite girl and that tall man were kissing as if the world didn't exist.

Chapter 405: Unexpected Side Effects

The bespectacled man escaped with a long face. "Continue! Continue!"

These horrible people tortured single people too much.

As he didn't have a girlfriend, he was so anxious that he wanted to hide in the washroom to secretly solve his personal... need. These bad people actually didn't let him off in any way. They insisted on following him to such a secret place to deliberately show off their sweetness in front of him in a high profile manner.

It reminded him of his misery as a single person.

Oh, this evil world!

The appearance of the bespectacled man woke Gu Qiqi up completely.

Her face flushed red as she pushed Gong Jue's chest forcefully.

"Let go! This is the men's washroom. Why didn't you remind me?! Why did you bring me into the men's washroom to do such a thing? How embarrassing!"

Gong Jue's expression didn't change. "You brought me in."

Gu Qiqi was speechless. It seemed that she had taken the initiative to pull Gong Jue here.

How could she be so stupid? She didn't even see if it was the male or female washroom before she pushed him in.

But the problem was that... she had only started it for a few seconds. Gong Jue was the one controlling the following momentum, okay?

More importantly, she couldn't see that bespectacled man just now. But from Gong Jue's angle, he definitely saw him as soon as he entered the washroom.

D*mn it. He must have done it on purpose.

He deliberately made her embarrassed.

Gu Qiqi gnashed her teeth. "Then, why didn't you quickly stop when you realized that there was an audience member halfway through?!"

Gong Jue's voice was charming. "You're too passionate. I can't stop you."

Gu Qiqi was speechless.

She was too ashamed to face anyone anymore!

Did she take the wrong medicine? Why was she so crazy to kiss Gong Jue?

Wait a minute!

Gu Qiqi suddenly thought of something.

Gritting her teeth, she grabbed the little turtle's tail and communicated with it through her divine senses. "Tell me! What exactly are the side effects?! If you want your tail, tell me clearly at once!"

The little dirty turtle nodded fiercely with guilt. "Master Silver, I'll confess everything! Actually, I've already said it previously. It's that when you forcefully activate a new skill for a short period of time, you have to spend a lot of energy points. Furthermore, you have to compensate us with double the energy points after the event. The stone gambling time last time was short, so there wasn't a big problem. But this time, the stone gambling time was too long. We consumed too many energy points, so there were side effects..."

"Get to the point!"

"Oh my! The important thing is that in order to compensate for the missing energy points as soon as possible, Master Silver's body will take the initiative to find the fastest source of energy points... For

example, you can't help but kiss your stupid man. This is the side effect. But Master Silver, don't worry. Although this side effect might be a little embarrassing, it's not fatal either. It's quite good actually..."

"Rubbish! It's actually like this!" Gu Qiqi nearly cried from anger.

No wonder.

When she saw Gong Jue just now, she felt strange.

Later on, when she heard that he was clearly reprimanding her, she didn't feel disgusted. Instead, she stared intently at his lips...

Those cold thin lips actually made her breathing chaotic when they moved...

Later on, she actually uncontrollably... approached him!

"When will this situation stop?!"

"You... have to wait for the energy points replenished to be doubled..."

"How much are missing!"

"180,000..."

Gu Qiqi was teary-eyed.

One hundred and eighty thousand energy points. Ten thousand points per session. Was she going to kiss Gong Jue eighteen times?

"Stupid woman, what are you thinking about? There's no one else here now. You can continue." Gong Jue's voice rang in her ears.

Gu Qiqi's small face flushed red.

Continue what?

Ah, ah, ah, ah. Gong Jue, you're not allowed to look at me like that.

You're not allowed to speak with your lips.

I won't be able to hold myself back!

Chapter 406: You Want To Steal My Woman?

Covering her face with her hands, Gu Qiqi felt that she had lost all her face in this lifetime when she walked out of the men's washroom.

On the contrary, Gong Jue looked pleased.

He wondered if his style today was especially manly and seductive to that stupid woman. No, he had to get Beigong Xiaojiu to take note of everything that he was wearing today and turn it into his daily style.

It was best if this stupid woman couldn't control herself after seeing it every day in the future.

Holding Gu Qiqi's hand, they had just walked out of the corridor when a group of people rushed over.

The ones in the lead were seven to eight bodyguards. Behind them was a swollen Young Master Wang. "Hit them! Hit them to their deaths! That adulterous pair actually dared to hit my face. I'll let them die here today!"

The bodyguards clearly came prepared.

Everyone was holding a thick long stick in their hands. They looked fierce.

Gu Qiqi frowned. "You haven't been beaten enough? You still dare to cause trouble?" Coincidentally, her hand was itching. She needed to beat someone up to vent!

In the very next second.

Gong Jue pulled her behind him.

His tall figure completely blocked her and extinguished her thoughts of hitting him.

His thin lips said coldly, "I'll give you three seconds to get lost."

Young Master Wang's swollen face scrunched up. Upon hearing this, he laughed even harder than when he was crying. "Hahahaha, who do you think you are? In the Imperial Capital, other than that high and mighty Master Jue, even the president doesn't have the ability to get me to get lost! Who are you? Go and beat them to death! No, beat that man to death. Let's kidnap that woman and play with her slowly!"

Gu Qiqi was speechless. Sigh, I'm sorry, but the person in front of you is Master Jue.

Young man, take care.

The bodyguards approached them with wooden sticks in hand.

Gong Jue didn't move.

But when he heard the last sentence, he immediately turned cold.

Like the prelude to a storm, Gong Jue's tone was bone-chilling. "Three seconds..."

Young Master Wang was still shouting recklessly, "Hmph! Stupid b*tch! You caused me to lose so much money today. I'll let you play to your death here..."

"Two seconds..."

Young Master Wang wanted to continue speaking ruthlessly.

Suddenly, his phone rang.

"Hello? Dad? Why am I playing outside? What? Our jade trading company has been sealed? They said that our untrimmed quarry stones came in secretly? Our supply channel is so secret. How did they know? What? Punishment... 500 million dollars? Isn't that bankruptcy? You want me to take out my private savings? I... You want me to take out my private savings? Why would I have any savings? I... I lost five million dollars at the stone gambling den tonight..."

Young Master Wang's face turned ashen from the news over the phone.

His family was considered a tyrant in the jade industry. Otherwise, he wouldn't have the money to hire so many bodyguards and often come to drink and gamble on stones.

However, after his business became big, he didn't take the right path anymore. In order to earn more money, he would smuggle goods in private. This way, he could avoid taxes.

But why was it discovered tonight?

It was clearly safe and well-hidden previously!

Forget it. He had to settle this adulterous pair first.

He was so angry. Today he lost in love, when he was gambling and in business!

There had to be something that could satisfy him, right?

"One second..."

As Gong Jue spat out the last word coldly.

Young Master Wang hung up the call as well.

"Hurry up and help me... Where are you going?!" He looked around in astonishment.

The bodyguards who had been obedient just now actually threw away their sticks and left.

"Come back here! Do you not want your salary anymore? How dare you not listen to my orders!"

Chapter 407: I'm Your Mr. Number 0

The bodyguards escaped faster than rabbits.

"Your Wang family is already bankrupt. How can you afford our salary?!"

"If you have the ability, then do it yourself!"

"You can't even handle a woman and you still have the cheek to throw a tantrum at us!"

"We're bodyguards, not tools for you to chase women!"

The bodyguards threw these words and didn't even look at Young Master Wang.

Young Master Wang was exasperated. "You bunch of snobbish people! Trash!"

He turned around and suddenly remembered something.

Three seconds!

Yes, three seconds!

What did this cold man with the expression of the devil say to get lost in three seconds?

Young Master Wang couldn't help but shiver.

Could it be that... this man did it?

Impossible.

He had never seen this man before in the circle of rich people. Who was he?

The number of people who could topple the Wang family in the Imperial Capital could be counted on his fingers.

He only liked to play with women, but he had never offended those big shots.

Young Master Wang was racking his brains.

Suddenly, a white-haired man walked closer. Holding a big bag of things, he stopped in front of Gong Jue.

He said respectfully, "Master Jue, these are the stones that Young Lady Qiqi had her eyes on tonight. They have all been opened. Let's see how Young Lady Qiqi plans to handle them. Do you want to make them into jewelry or sell them for cash?"

As she spoke, he opened the bag for Gu Qiqi to see.

Pieces of jade of all colors were lying in bags, and they emitted a warm jade glow.

The jade that ordinary people spent a lot of effort and money to get their hands on was being offered in front of Gu Qiqi like candy that was free.

Gu Qiqi said in astonishment. "These... are the stones that Bai Yingzhu deliberately snatched from me previously?"

Every time she touched an untrimmed quarry stone, Bai Ying would raise the price and snatch it away, causing her to not even get a stone in the bidding area.

However, Bai Yingzhu didn't get any benefits herself because later on, a Mr. Number 0 kept crushing her and snatching the stone that Gu Qiqi had her eyes on from Bai Yingzhu.

For this, Gu Qiqi even secretly thanked Mr. Number 0 back then and specially selected the most valuable stone in the entire venue. It was in order to not let the other party pay such a high price and suffer a loss.

For example, three-colored jade and suet jade... Each piece was worth more than a million dollars. It could be considered as returning that person's favor.

But now, Special Assistant Lu was here to tell her that Mr. Number 0 was actually Gong Jue?!

Damn it! Gong Jue was throwing away money to snatch stones?

This crazy man!!!

Seeing Special Assistant Lu's affirmative gaze, Gu Qiqi rubbed her forehead. "There's too many... Actually, I didn't take a fancy to these stones. I just wanted to PK with Bai Yingzhu. How should I handle this? How should I know..."

“If you don’t know how to handle them, then use them to fill the flower pots at home!” Gong Jue said indifferently.

Since these lousy stones weren’t what his stupid woman liked, he would just throw them away.

Special Assistant Lu was speechless.

Young Master Wang was speechless.

It turned out that real rich people were so stubborn.

Those pieces of perfect and transparent jade nearly blinded Young Master Wang’s eyes!

So much jade was actually not worth mentioning in this man’s eyes. It was only fit to fill this woman’s flower pot...

How rich was this man?

Young Master Wang shivered fiercely and suddenly realized something.

Could it be that this master was the legendary King of Hell... Master Jue?

Chapter 408: Smash My Pig Face!

Was it really Master Jue?!

Young Master Wang’s legs couldn’t stop shaking.

If it was really that Master Jue, what kind of terrifying big shot did he provoke?

This big shot didn’t care about bidding jade for his woman as if he was buying candy. If his woman didn’t like it, he would casually throw it on the floor...

He was actually delusional enough to think that he could steal someone else’s precious treasure?

Did he think that his darling was a poor university student who was out to sell chickens? Would she fancy a million and five dollars worth of lousy uncut stones?

He was really confused.

It turned out that he was just a clown the entire night and she was completely out of his league.

Young Master Wang regretted his actions. He looked at Gong Jue anxiously and tried to confirm this man’s identity once more.

When he met Gong Jue’s cold gaze, he immediately shivered.

There was no need to confirm!

It must be that Master!

This murderous gaze belonged to no one else.

Young Master Wang wailed. His useless legs went soft. “Master, have mercy! Have mercy! I’ll get lost! I’ll get lost immediately!”

Although he didn't know if his family's bankruptcy had anything to do with this man yet...

But he knew that it would be as easy as crushing an ant to him.

"It's been more than three seconds," the man said coldly.

Young Master Wang was stunned.

His pupils shrank in fear.

He was really courting death. Master Jue gave him three seconds, but he actually wasted them!

He knelt on the ground with a plop and kowtowed desperately. "I beg you... I have eyes but can't recognize a formidable person. I'll kowtow and admit my mistake to you. I won't dare to speak arrogantly again. It's all my fault, my fault... I'll break my pig face. I guarantee that I'll scam to a place where you'll never see me!"

As he spoke, he automatically slapped herself.

Gu Qiqi couldn't help but laugh at those words. She rested her forehead on Gong Jue's side and laughed lightly.

It turned out that Gong Jue had called Special Assistant Lu in the washroom just now and said that he was going to check on the smuggling activities of the Wang family.

Oh, it turned out that Gong Jue could also torture scumbags without using his fists.

She had seen it for herself!

Seeing Gu Qiqi's relaxed smile, Gong Jue's eyes softened for a moment.

"I'm in a good mood tonight. I won't kill anyone." Gong Jue snorted coldly. He held Gu Qiqi's small hand and left.

Gu Qiqi was speechless.

You've already bankrupted him. It's equivalent to attacking this profligate son to death. Isn't this killing?

If you really start killing people, what would happen then?

==

On the other hand, Gu Qiqi left with Gong Jue.

At the entrance of the stone gambling den, Bai Yingzhu stood in the cold wind and waited for the Bai family's driver to fetch her.

Gu Yuanyuan and Gu Xuexue stood awkwardly behind her. They couldn't comfort her, nor could they not.

Who would have thought that she would actually lose everything tonight?

It wasn't just Bai Yingzhu. Their faces hurt too, okay?

Gu Qiqi was really lucky. She became the biggest winner tonight. First, she had the backing of an inexplicable Mr. Number 0. Then, she actually opened such a terrifying supreme-grade jade... Her strength was simply overwhelming.

The three of them were waiting for the car in silence and frustration.

Suddenly, a seven-seater nanny van drove over at lightning speed.

When it stopped, two burly men jumped out of the car door, grabbed the three of them, and dragged them into the van.

“What are you doing... Oh!”

“I’m from the Bai family... Don’t you dare!”

“Ah, my chest... It fell...”

The other party’s actions were too fast. Before their cries for help could be complete, they were dragged into the car and the door was closed.

Chapter 409: A Woman In an Intimate Relationship With Gong Jue

In the car.

They watched as the three girls—who had been tied up like dumplings—fainted.

The two burly men wore medical gloves. One of them held a big syringe and leaned over.

“Fu Mao, are these the women you said just now who had an intimate relationship with Gong Jue? Why are they all so ugly? One of them has fake breasts, and her silicone cups have fallen out... Gong Jue’s taste in women is too poor!”

“Hey, hey. Ring A, don’t doubt my taste, okay? In the stone gambling den, Gong Jue was chasing after Box 38. Whatever stone they bidded on, Gong Jue will bid higher. If he doesn’t covet them, what else can it be?”

Ring A replied. “That’s not right. Shouldn’t they be enemies in such a situation? Was he trying to deliberately snatch the stones that they fancy?”

Fu Mao said, “What do you know! This is the latest method of flirting. Buying a good thing that a girl has her eyes on and not letting her spend a single cent. This is called a warm man, okay? Gong Jue used this method!”

Ring A shivered. “Gong Jue is a warm man... Are you sure? It’s not like you haven’t seen him kill people before! He kills them like cutting grass. It’s terrifying...”

Fu Mao said impatiently, “Anyway, he has never had a woman by his side. These three women are the only ones we’ve discovered who might have a relationship with him after watching them for so long. The woman that General Teuton wanted us to find must be among them.”

Ring A scratched her head. “But there are three. How are we going to ship them back to S Nation?”

Fu Mao laughed sinisterly. "Let's draw her blood and test it first. Let's see who has that kind of toxin in her blood. We'll extract all her blood and take her away!"

Ring A replied. "Good idea!"

These two people were ordered by General Teuton to lurk in the Empire. Their only motive was to find the woman beside Gong Jue who had heaven-defying blood with toxins...

Half an hour later.

The two of them threw away the syringes in their hands in dejection.

They had clearly drawn the blood of three girls, but the test results showed that not a single one of them had toxins!

The white mouse that had drunk their blood was still alive and kicking.

What exactly went wrong?

Roar!

Why was it so difficult to find a woman by Gong Jue's side?

In the wee hours of the morning.

The three of them shivered and woke up in a remote alley.

Bai Yingzhu's first reaction was to check if she had been violated. Fortunately, her clothes were intact.

Gu Yuanyuan covered her chest in frustration. "My silicone..."

Gu Xuexue looked at the traces of needle holes on her arm in a daze and suddenly said in fear, "Could we have been injected with some virus by a HIV patient? Didn't the news say that someone deliberately attacked innocent passers-by in order to take revenge on society..."

Gu Yuanyuan shouted nervously, "HIV? I don't want that terrible illness! People will think that I got sick because I slept with men everywhere! No, I want to go to the hospital for a check-up. No, I want to call the police! Call the police!"

Bai Ying was speechless. She slapped her phone to the ground. "Moron! Do you want to be in the headlines tomorrow?"

"Three daughters of noble families sought medical treatment late at night. They are suspected to be infected with the HIV virus..."

Damn it. It would be sensational news.

Let's not talk about whether this terrifying illness could be treated first.

They knew that their reputation had already been ruined without any treatment. How were they going to survive in the Empire Military Medical University in the future? How were they going to survive in the socialite circles?

“Then what should we do? Yingzhu, we’ll die!”

“I’ll look for my aunt!” Bai Yingzhu gnashed her teeth and called Bai Mori.

However, she was met with a series of voice messages. “I’m sorry, but Professor Bai is going to the Royal French Medical School for an international exchange operation. She’s expected to return to the Imperial Capital at noon. Please contact her later!”

Chapter 410: Eating Pig Food Live

Bai Yingzhu sat down dejectedly.

Her parents were abroad all year round, and so was Auntie Mori.

One of her two uncles was as cold as a glacier and the other was unreliable.

Who was she going to look for?

She definitely couldn’t tell her grandparents. They didn’t agree with her coming out to play in the middle of the night to begin with. Wouldn’t they be exposed now?

Also, those servants from the Bai family couldn’t be trusted either. If their mouths weren’t tight and her matter was leaked out and sold to those tabloids, would she still be able to live?

She was the noble little princess of the Bai family, but at the critical moment, she actually couldn’t find a single trusted subordinate!

“Poppy, your aunt’s phone message said that she would be back in the afternoon. Then, let’s go to school and wait until noon? She has an exclusive laboratory in school that we can seek shelter in. It’s safer and more secretive than going to the hospital, right?” Gu Xuexue calmed down and analyzed the situation calmly.

Bai Yingzhu nodded in a daze as if she had suddenly lost all her strength.

This was the only solution.

On the university campus in the morning.

Groups of freshmen bathed in the sunlight and walked together.

Bai Yingzhu and the other two were listless. They forced a smile and walked along the school path.

Gu Yuanyuan was the most impatient.

She looked around nervously and said from time to time, “Those girls seem to be talking about us! Did they notice something?”

Or with a long face. “Yingzhu, will we die of illness before your aunt comes?”

Bai Yinglu said angrily, “How exactly did you get into medical school and even studied for a year?! How can HIV appear so quickly? Do you understand that viruses have incubation periods?”

“Oh... I understand...” Gu Yuanyuan wilted.

But soon, she shivered again. “Who? Who patted me?”

“What kind of guilty conscience have you done to be so timid?” Little Master Xiao Ning patted Gu Yuanyuan’s shoulder heavily. “Ah, I’m sorry. I’m here to say hi to Bai Yingzhu! I took a photo of the wrong person.”

Not far away, Gu Qiqi and Yang Xiao Lan walked casually.

Bai Ying gnashed her teeth and said, “Why are you looking for me?!”

Xiao Ning said, “Of course, I’m reminding you that you have to keep your word. I heard that you lost to my Beauty Qi again last night! Remember to eat pig food for the entire school live-stream for lunch today!”

Bai Yingzhu was speechless.

She was about to fall ill, but these people actually wanted her to eat pig food! How inhumane!

Bai Yinghu glared at Gu Qiqi, who was not far away, in anger. She felt that she would be depressed before she died from an illness.

“See you at the lunch hall! Don’t forget! I’ll prepare pig food for you!” Xiao Ning left with a smile.

He bounced in front of Gu Qiqi and said with admiration, “Beauty Qi, how are you so awesome? You actually made that little princess suffer twice in a day. Haha!”

Gu Qiqi thought for a while. “She has already offered her face. Won’t I be too selfish if I don’t hit her?”

Xiao Ning was speechless. That wasn’t how that word was supposed to be used!

Yang Xiao Lan was speechless. Qiqi was so cute that she thought everything she said was right.

The three of them walked into the teaching building while chatting and laughing. It was simply a world of difference from the dejected Bai Yingzhu and her crew.

Bai Yingzhu felt envious for a moment. Why didn’t she have such a friend by her side?

Bai Yingzhu didn’t know how she survived the morning’s lessons.

At lunch.

Little Master Xiao Ning blocked Bai Yingzhu in the dining room and threw a lunch box of pig food in front of her table. “This is the pig feed that our veterinary school has carefully prepared. Don’t waste the hard-earned food that the little pigs eat!”
