

Dear Chief 461

Chapter 461: She Owed Him Many Things

“Master Silver, those stupid teachers didn’t understand the intention of Director Feng Yangchu’s question at all. They didn’t know whether the raw material was Honeysuckle or Soft-leaved Honeysuckle. Naturally, they gave Han Bingyue the highest score, which was a perfect score and gave you a zero. After that, it was CEO Chu who went to visit Dean Feng. When he came out, he saw it and went to correct them!”

The little dirty turtle said angrily.

Seriously, his master had almost been cheated by those unscrupulous teachers!

Gu Qiqi opened her mouth slightly.

She never thought that Chu Junmo would do such a thing for her without her knowing.

With his status, he could completely ignore such trivial matters.

But he didn’t..

Not only did he help her, he did not take credit for it. He had no intention of telling her at all.

Gu Qiqi could not help but take a closer look at the man beside her.

His light green shirt was just like this man’s temperament. It was noble and steady, not ostentatious, but had a low-key and hidden strength.

How could he be so calm after helping others?

She looked at him and then at the little dirty turtle. She suddenly remembered.

At Grandpa’s birthday banquet, Gu Yuanyuan and Gu Xuexue had plotted to frame her for her grandfather’s birthday gift by replacing her gift with an ominous thing.

In the end, she beat them at their own game.

She deliberately misled the two of them to think that she had smashed the jade and longevity peach that she had prepared for her grandfather.

In reality, the two of them had smashed Chu Junmo’s birthday peach!

She even made it worse by asking the little dirty turtle to smash the broken longevity peach even more.

Thinking about it now, she had truly let Chu Junmo down.

After all, that was Chu Junmo’s heartfelt gift for her grandfather.

Although the cause was two white lotus flowers with evil intentions, she had also done something scheming.

From Qing Cheng to the capital, she had unknowingly owed Chu Junmo a lot of favors.

If she refused to even have a meal with him...

Wouldn't that be too inhumane?

Gu Qiqi gripped her phone tightly.

But if she were to tell Gong Jue that she wasn't going, and that she was going to have dinner with Chu Junmo... Cough, cough, cough. Gong Jue's anger was probably equivalent to Mars crashing into Earth, right?

How about she explain things to Chu Junmo properly or treat him to a cup of coffee to show her sincerity before having dinner with Gong Jue?

Yes, a perfect arrangement!!!

Unfortunately...

She had underestimated Gong Jue's reaction speed.

While she was deep in thought, a black car sped into the campus.

"Chief, the two killers from S Country have been following Bai Moli today and are not on campus." Executive Assistant Lu knew that Gong Jue was most worried about Gu Qiqi's safety, so he had investigated thoroughly to ensure that everything was under control.

Gong Jue nodded coldly.

Her gaze landed on a pair of people walking side by side in front of the school building.

The stupid woman was indeed fooling around with a man behind his back.

"Assistant Lu, pass down the order that the meeting will not be held tonight!" Gong Jue's voice was slightly cold.

"Ah? Chief, didn't you say you would only take two hours off? We have to rush back later..."

"Do as I say!"

Gong Jue ordered angrily.

There was something more urgent so why would he return!

Two hours? That was not enough to deal with that stupid woman!

He dialed his phone. "Where are you?"

Gu Qiqi could not react in time. "Huh? In school..."

She was so focused on answering her phone that a student riding a bicycle almost knocked her phone off!

Fortunately, Chu Junmo was quick to react. He pushed the bicycle away and supported her. He then quickly pulled her onto the sidewalk and shielded her with his tall body.

In a flash, the danger was resolved.

Unexpectedly, it ignited the hidden danger in Gong Jue's eyes!

Chapter 462: Pursuing Girls With Medicated Oil

Gong Jue pursed his thin lips tightly.

He ended the call.

“Bang!”

He opened the car door and walked towards them.

Gu Qiqi was almost hit by a car, but she was not worried at all.

However, Chu Junmo took it very seriously.

A rare trace of nervousness appeared on his usually calm and cold face.

“Are you scratched anywhere? Do you want me to send you to the hospital first?”

Gu Qiqi laughed and waved her hand. “It's okay. It didn't hit me. Did you get hit just now?”

Chu Junmo's wrist moved imperceptibly.

She hid the bruise on her wrist behind her back.

He said lightly, “I'm fine. You were on the phone just now. Did the bicycle injure your finger? If there's a bruise, our Chu Group's secret medicine is very effective. It won't leave any scars. The main point is that you won't feel any stimulation or pain when you apply it. It has a refreshing fragrance and is very suitable for girls.”

As Gu Qiqi listened, she could not help but chuckle.

“Miss Qiqi, why are you laughing?” Chu Junmo was confused.

“I'm laughing at you for being the CEO of the Chu Enterprise! You really know your family's prescription medication like the back of your hand. I'm guessing that the ointment used to treat external injuries must have been laced with gold thread grass, barley and mint, right?”

Chu Junmo raised his brows in surprise. “How did you know?”

Gu Qiqi said, “Because... it's not stimulating, it's not painful, and it's fragrant. The gold thread grass can heal wounds, and the barley catfish won't leave a scar. The mint is painful and fragrant. What a perfect match!”

Chu Junmo smirked. “Miss Qiqi is indeed talented in medicine. She's knowledgeable and is showing off like an expert.”

But it was undeniable that it was a very comfortable thing to talk to her about medicine.

There was no need to say much about the herbs, effects, and combinations. Both of them understood each other.

It could be said that...

There was a rare feeling of meeting a bosom friend.

Gu Qiqi said, "I wouldn't have guessed it if you didn't mention these few characteristics. However, your Chu family is really amazing. You actually managed to grasp these few key points to make an ointment suitable for girls... Don't tell me all your men are using this ointment to woo girls?"

Gu Qiqi's imagination ran wild.

Chu Junmo was speechless.

Could he say that he was trying to use this ointment to woo a girl now?

Before he could speak.

A cold male voice came from behind, "The men of the Chu clan are not chasing women with ointment. They are simply snatching other people's women! They are no different from bandits! No, bandits still have some shame. They don't even have any shame!"

His cold and arrogant words, as well as his familiar yet vicious voice, made Gu Qiqi's hair stand on end!

Why was Gong Jue here so quickly?

Less than a minute had passed since their conversation, right?

Did he fly over?

Needless to say, with Number One around, flying was not a problem.

Gu Qiqi turned around and greeted him awkwardly.

Gong Jue's gaze landed on Chu Junmo.

Was it filled with... a protective and provocative glow?

Was she seeing things?

Gong Jue ignored her and went straight for Chu Junmo.

So it was the Chu Family!

He was wondering why the Chu family had secretly helped Gu Qiqi submit her college entrance examination application and even persuaded the Empire Medical University to accept Gu Qiqi. It was because they wanted to please his woman and give her timely help!

Hmph.

They would have to ask him first if he agreed!

Chu Junmo was surprised to see Gong Jue.

After a moment of surprise, he regained his composure.

Chapter 463: One Is Overbearing! The Other Is Cold!

As Gong Jue examined Chu Junmo, Chu Junmo was also examining him.

It turned out that he was the one who had given Qiqi many opportunities along the way. He was the one who held the reexamination, live streaming, and forced Shen Ping to ask Qiqi to return to the clinical medicine school.

He found it strange that Miss Qiqi was not being taken care of in the Gu family. Instead, she had suffered a lot. Why would someone from the Gu family help her?

It turned out that the Gu family did not help at all!

True. He should have known.

In the entire empire, only this man in front of her would be able to do something so bold and domineering.

The Gu family simply could not do it.

Moreover, only this man was famous for being overbearing and never going back on his word. He would never allow anyone to mess with his things.

However...

This time, he did not intend to back down.

So what if Gong Jue was domineering?

Chu Junmo was not someone to be trifled with.

The two men were evenly matched. One was domineering and the other was cold. They looked at each other fiercely!

Gu Qiqi was sandwiched in the middle!

It was a chilly feeling.

Just when Gu Qiqi thought that Chu Junmo would explode from Gong Jue's vicious words, she didn't expect what would happen next...

Chu Junmo said calmly, "Master Jue, you're being too serious. You are unmarried and this woman is unmarried. Miss Qiqi is not anyone's woman. She is herself. How can you say that I want to snatch her?"

Gu Qiqi almost clapped her hands in praise.

Right, right, right. I'm not a thing. Why are you two snatching me?

That's not right. How am I an object that can be snatched away...

That didn't seem right either...

Gong Jue snorted. "How do you know that both of them are unmarried?"

He reached out and pulled Gu Qiqi into his arms.

It was as if he was declaring his sovereignty. He grabbed Gu Qiqi's waist tightly. "Tell him what our relationship is!"

Gu Qiqi was supposed to be watching the show right in front of her.

How could she expect the little fire to spread to her so quickly?

No, the little fire seemed to have started because of her...

But you two men can't be so shameless in public, can you?

Who has anything to do with you!

But...

Chu Junmo looked extraordinary, but in reality, he wasn't someone easy to deal with.

He was not angered by Gong Jue's deliberate actions and words.

Instead, he stared into Gu Qiqi's eyes with a calm expression. "Miss Qiqi, you can choose not to answer some boring questions that some people ask. I think you prefer to talk about medicinal herbs. We can talk about it slowly during dinner later... I don't think you've been to the largest medicinal garden in the empire yet. I've opened a private restaurant there, and I'm going to add some herbs into the food. I hope you can try it..."

Gu Qiqi was speechless.

Back to that initial question.

Sob, who was she having dinner with tonight?!

Gong Jue's face was already dark.

Now it seemed that Chu Junmo was not only trying to snatch her away, he was even trying to court her?

Damn it! This was intolerable!

He tightened his grip. "Hmph, I'm sorry. Chairman Chu, you're late! I've already reserved this woman!"

Gu Qiqi was speechless.

She became a thing again... Hey, hey, she wanted to go to the cafeteria. These two men can go fight it out on their own!

She struggled unhappily and pushed Gong Jue's hand away. "I'm not hungry yet."

Both men choked.

Were they... rejected?

Chu Junmo kept his emotions well and did not say anything.

Gong Jue was about to explode. "You have to eat even if you're not hungry!"

He could not hide his anger.

Chapter 464: Who Is Better at Flirting than Gong Jue?

Gu Qiqi had a headache!

How did Gong Jue become three years old again?

Can't he be more mature like President Chu?

Chu Junmo's heart softened when he saw Gu Qiqi's troubled look.

He said gently, "If you don't have an appetite, don't force yourself to eat. Go back and rest for a while. Make some hawthorn or passion fruit tea. It can nourish your stomach and improve your appetite. You can look for me when you want to eat."

Gu Qiqi could not help but nod at his gentle reminder.

President Chu's gentle and caring look was quite seductive!

At the side.

Gong Jue was furious.

Damn.

That brat Chu Junmo had seduced his woman!

However, that guy was so self-righteous and made it sound like he was above everyone else. He even pretended to be concerned and used his pharmaceutical knowledge and tried to get closer to Gu Qiqi...

Did he think he couldn't tell?

Based on his temper, he would definitely beat this brat up!

However, Gu Qiqi clearly had a good impression of him.

If he didn't have the confidence to defeat him with a single strike, then rashly stepping forward would only backfire.

Gong Jue narrowed his eyes and snorted in his heart.

Do you think I can't deal with you?

If I wanted to flirt...

You will never get a chance with her!

Gong Jue remained calm and waited for Gu Qiqi to finish speaking. Then, he lowered his voice and said, "Be good and come home with me."

Gu Qiqi staggered.

She glanced back.

Gong Jue narrowed his eyes and curled his lips. His cold lips opened and closed as he spat out a few words.

She didn't hear what Gong Jue said clearly.

Because at that moment, her mind exploded.

The man's eyes were hazy, his thin lips were cold and his hoarse voice was inexplicably bewitching!

He bewitched her and she instinctively wanted to kiss him to replenish the energy points in her body!

Energy points that could only be replenished after 18 kisses!

For the past few days, Gong Jue had somehow discovered a magical phenomenon.

He actually quickly summarized what actions and sounds he could make to seduce her.

She would pounce on him if he teased her...

He would enjoy the process...

And turn a kiss into a burning flame.

At this moment, Gong Jue actually used this move shamelessly in front of Chu Junmo!

He was too vicious!

Gu Qiqi was going crazy.

No, she had to get out of here and out of Chu Junmo's sight.

She didn't want to be seen kissing Gong Jue's lips like a love-struck fool.

At this moment.

Gong Jue was in no hurry to leave again.

Calm and unruffled, he continued to electrify her.

She was going crazy!

She was really going crazy!

Instinctively, she pursed her lips and inched closer to Gong Jue.

Although they hadn't really kissed yet, this scene that seemed natural and passionate to outsiders still made Chu Junmo unable to maintain his usual cold composure!

Gong Jue's move was indeed ruthless!

"Miss Qiqi, perhaps I can send you home to rest."

"No need! I'm responsible for my woman!"

Gong Jue was elated.

Finally, like a victor, he hugged Gu Qiqi and left without looking back.

Gong Jue defeated Chu Junmo in the first round.

Gong Jue won!

Chu Junmo stared blankly at their departing figures and stood still for a while.

After a while, he picked up his phone. "I agree to Dean Feng's request and the corporation will provide assistance to the pharmaceutical school."

On the other end of the line, Secretary Jiao was puzzled. "CEO, didn't you reject Director Feng in person just now? Besides, the pharmaceutical school is really too lousy. Investing in it is not as good as investing in Professor Zhou's laboratory..."

"Do as I say!" Chu Junmo's tone was firm. "Also, add one more condition..."

Gong Jue, we still have a chance to fight again. Do you think you can win every time?!

Chapter 465: The Jealousy Vat Exploded On The Spot

Chu Junmo put down the phone.

He watched as Gu Qiqi and Gong Jue disappeared.

His long and cold eyes narrowed slightly. "I originally wanted to give her some more time to grow up, but I didn't expect you to beat me to it, Gong Jue. In that case, I don't need to keep a low profile anymore..."

After all these years of being alone, this was the only bit of joy and brilliance he had encountered. How could he just let go like this?

Furthermore, he was the one who encountered it first.

At Qingcheng Hospital, that fair hand tugged at his hospital gown and covered his heart...

From that moment on, the frequency of his heartbeat lost its original lonely and desolate rhythm!

In this life, he didn't want to miss it again!

In the car, Assistant Lu saw that Gong Jue had found Gu Qiqi.

He thought Gong Jue would be very happy.

But Master Jue looked like someone owed him 5.5 billion yuan. What was going on?

Then, he looked at Miss Qiqi's weird expression...

Sigh, can't these two lovebirds just date normally and have a meal together?

He tried to break the awkward atmosphere. "Master Jue, Miss Qiqi, are you going to eat now?"

"No!" Gu Qiqi pouted.

Gong Jue had actually used that shameless method to seduce her just now. She was really angry.

Gong Jue glanced at her. The way she threw a tantrum and refused to eat was exactly the same as three-year-old Baby Gong.

He was both angry and amused at the same time. He asked, "You don't want to eat with me, but you want to eat with Chu Junmo?"

Gu Qiqi did not even think about it and blurted out, "It's very interesting to have a meal with him and talk about pharmaceutical studies. I might even have an appetite."

Gong Jue was speechless.

Damn it, I'm the one who made you lose your appetite, right?

Seriously!

Gu Qiqi thought to herself. "What if I get teased again after having dinner with you? It's too dangerous!"

Gong Jue was silent for a moment.

His heart was already on the verge of exploding from rage.

However, he suppressed his temper, afraid that he would scare her. He lowered his voice and said, "The Chu family's background is very complicated. He's not as innocent and harmless as you think he is. Don't meet him in the future!"

Most importantly, that bastard had ill intentions towards you. Stupid woman, are you so stupid that you can't see it?

Gu Qiqi frowned.

Chu Junmo was very complicated?

Yeah, it's normal.

Which overbearing CEO didn't kill decisively and overcome all obstacles on his way? He even had to use some shady methods to consolidate his business empire.

This was too normal. What was there to be afraid of?

More importantly, she owed Chu Junmo a lot of favors.

As a person, one had to repay kindness. One could clearly distinguish between gratitude and grudges.

She could not pretend that she did not know and ignore him from now on. She could not do such a heartless thing.

"Why? Are you unwilling? Do you still want to meet that wild man?" Gong Jue was furious when he saw Gu Qiqi hesitating.

The words 'wild man' completely woke Gu Qiqi up.

What did Gong Jue take Chu Junmo for?

Could it be...

Was he... jealous?

This realization shocked Gu Qiqi.

She knew that Gong Jue had always been domineering and would never go back on his word.

But being domineering and jealousy were two different things.

What right did he have to be jealous? Didn't he know that he had a bunch of rotten peach blossoms around him?

She wasn't even jealous!

She looked up and her gaze met Gong Jue's. She could not help but ask, "Then, will you never meet that female doctor in a white coat again?"

In the driver's seat, Special Assistant Lu's hand jerked and almost turned the steering wheel towards the road ditch.

Oh my god, is that Bai Mori you're talking about?

How could the Chief not meet with Bai Mori?

Do you know that in the past few days, the Chief has been putting in a lot of effort. In order to guide the two killers from S Country, Fu Mao and Ring A, to stalk Bai Moli, he had specially met her twice!

Chapter 466: Never Let Her Enter the Gong Family's House

Assistant Lu suddenly wanted to mourn for Gong Jue.

Poor Chief. He had personally entertained his admirer for his wife, but in the end, he was blamed by his wife. It was really... so tragic.

Chief should be so angry that he wanted to beat someone up now, right?

It was the exact opposite of what Assistant Lu had guessed.

When Gong Jue heard Gu Qiqi say "that female doctor in a white coat", he was not angry. Instead, his eyebrows relaxed a little.

Was she jealous of her?

Her angry look was rather cute.

.

She questioned him seriously and blinked her big eyes. The more she looked at him, the more he wanted to kiss her.

If not for the sake of proving his innocence, he really wanted to stare at her longer.

"What does that woman have to do with me? Why do I have to see her?"

Gong Jue's denial was within Gu Qiqi's expectations.

However, Gu Qiqi was a little surprised to hear that they were completely unrelated. "That's not what she said."

"What did she say?" Gong Jue's tone darkened.

“She said that she’s very close to you. She can come over to your house for a meal and chat with you whenever she wants. She knows everything about you like the back of her hand...” When Gu Qiqi thought about how Bai Mori acted as if nothing had happened in front of her that day and secretly flaunted her close relationship with Gong Jue, she felt stifled.

Gong Jue’s eyes dimmed.

Without a second thought, he replied, “I’ll never let her enter the Gong Family’s house again. If you want to accompany me home, you can go back anytime. As for knowing me like the back of your hand...”

He grabbed Gu Qiqi’s hand and said in a charming tone, “Where do you want to touch me?”

Special Assistant Lu, who was sitting in the front row, trembled again.

Damn, he was caught off guard and choked by the Chief’s display of affection!

Impressive, my Chief. I’ll never let Bai Mori enter the Gong family’s house again!

On the other hand, Miss Qiqi can come anytime!

The main point was... Chief, did you suddenly realize that your flirting skills were off the charts?

He simply couldn’t believe that this was something a simple and crude Gong Jue could say.

But in fact...

Not only did Gong Jue say it, he even did it.

He pressed Gu Qiqi’s hand against his chest.

Following which, he moved it downward.

“Do you know everything here, or here? Or...?”

It was about to hit... there.

Gu Qiqi felt as if her fingertips were scalded. She blushed. “No! You know that’s not what I meant.”

She was saying that Bai Mori was showing off that she knew Gong Jue more than her!

She had known Gong Jue longer than she had, okay?

Gong Jue was intrigued. “Oh? If that’s not the case, what does that mean?”

Gu Qiqi gritted her teeth. “She said that she knew that you had changed mu major behind my back! You were the one who kicked me out of clinical medicine! How could she know so much if she didn’t know you?”

Upon hearing this, Gong Jue’s displeasure vanished.

He curled his lips and said, “Didn’t you say that you believe me?”

Gu Qiqi’s eyes widened. “You... overheard it?”

Damn it, Gong Jue actually knew about her conversation with Bai Mori.

So, back then, when she had confidently rebuked Bai Moli and said “I believe him”, the stupid man had actually heard it?

How embarrassing!

A rare smile appeared on Gong Jue’s face. “You dare to say that but you don’t dare to admit it?”

Gu Qiqi pouted. “I... I was just trying to anger that woman... Just pretend I didn’t say anything.”

The smile in Gong Jue’s eyes deepened. “Why shouldn’t you say that? Well said! You can say that in the future!”

Number 1 jolted.

Special Assistant Lu, who was sitting in the front row, could no longer control his trembling hands. He was shocked by the Chief’s godly skills.

Chapter 467: Who Is “Little Palm”?

Gu Qiqi remained silent for a while.

She gradually came to her senses after some time. “So you really didn’t change my major? And you didn’t have anything to do with that female doctor in a white coat?”

“No! I don’t!” Gong Jue answered swiftly and firmly.

Gu Qiqi held back the slight smile on her lips but decided not to hide it. She asked directly. “But at Grandpa’s birthday party, you said that you were late because of her...”

Gong Jue’s eyes darkened. “It’s because she played some tricks and added sleep-promoting ingredients to my medicine, causing me to almost oversleep at home!”

Gu Qiqi was speechless.

This was the reason!

“Because of her” and “for her” have two completely different meanings.

She had misunderstood him for a long time.

Now, she completely understood that Bai Mori was nothing to Gong Jue.

Indeed, from the beginning to the end, it was all Bai Mori’s wishful thinking.

She even tried to make her misunderstand and suspect him.

She almost believed it!

Her mood suddenly improved. What if she wanted to eat now?

Gong Jue curled his lips. “What else do you want to ask? Ask clearly at once!”

Gu Qiqi blushed.

She sounded like a suspicious little wife!

But since it was such a great opportunity, she did not want to waste it.

She might as well get to the bottom of it. "The female doctor has nothing to do with you. Then... What about 'Little Palm'?"

"Little what?" Gong Jue didn't hear clearly.

"Little Palm! Your lover!" Gu Qiqi said angrily.

She stretched out her slender hand and waved a small palm in front of him.

Gong Jue looked confused.

What lover? He hung out with a bunch of men every day. Where did he get a lover?

Not to mention that he couldn't touch another woman at all. One touch and he'd be allergic.

Special Assistant Lu, who was sitting in the front row, reacted immediately.

Was Miss Qi Qi talking about the little chief?

Oh my god, Miss Qiqi is going to find out that the chief has a son!

This was ten thousand times more serious than any female doctor or lover.

The Chief could not say anything.

At least not now.

Which woman would be willing to be a stepmother?

Moreover, Miss Qiqi was only 19 years old. It was unacceptable for her to become a stepmother the moment she married into the family.

Special Assistant Lu observed Gong Jue's expression nervously.

It was obvious that Gong Jue did not realize that this little palm was the little chief... He had never called Baby Gong that way and could not connect the dots.

But the word lover made Gong Jue frown.

"Nonsense! There's no such thing!" Gong Jue said in a deep voice.

Special Assistant Lu heaved a sigh of relief.

Thank goodness the Chief had a high EQ today and did not mess up.

As a precaution, Special Assistant Lu couldn't help but control the steering wheel with one hand. With the other hand, he quietly typed a message and sent it to Gong Jue.

He reminded him. "Little Palm = Little Chief! Don't admit it, Master Jue!"

Ding!

Gong Jue received a text message.

He opened it.

He was slightly stunned.

Then, a faint smile appeared on his face. It was an extremely complicated expression!

This dumb woman was even jealous of his son!

It was his fault for not telling her about Baby Gong.

The expression on his face changed. He curled his lips, wanting to speak but also wanting to smile.

He could not help but hug her snake-like waist. Caught off guard, he grabbed her little chin and gave her a big kiss!

Why was his woman so cute when she was jealous?

If one kiss wasn't enough, he would continue with another...

He kissed Gu Qiqi until her face was red and she could not breathe properly. Then, he released her slightly and said, "You want to know what's going on with my lover, little palm? Okay, I'll arrange it."

Chapter 468: Flirting Skills Are Back

Gong Jue resisted the urge to tell Gu Qiqi the truth. He was looking forward to seeing Gu Qiqi's expression when she saw the "little palm".

In the front row, Special Assistant Lu, who had been holding his breath from the sound of kissing, heard Gong Jue's reply. Buzz! His mind was about to explode.

Chief, I was just secretly praising your EQ today and your flirting skills.

Your EQ is now negative!

Aren't you afraid that Miss Qiqi will just leave?

Perhaps ordinary girls would.

But Gu Qiqi was not an ordinary girl.

He blinked.

Gong Jue agreed too readily.

On the contrary, she felt that something was amiss.

Gong Jue actually agreed to arrange for her to meet his lover?

Why was this matter so strange?

Okay, she would wait.

"What else do you want to know?" Gong Jue asked hoarsely as he watched her being kissed forcefully.

Gu Qiqi bit her lip and thought for a while. "Why can't a female doctor marry into the Gong family?"

Gong Jue looked at her with a faint smile. "If it's you, we can make an exception."

Gu Qiqi was speechless.

The stupid man started flirting again!

There was no way they could continue chatting.

Special Assistant Lu, who was sitting in the front row, sniggered. "Well, the Chief's flirting skills are back."

Gong Jue was in a good mood when he saw Gu Qiqi's angry expression. "You don't have to care about whether they like doctors or not. I'm the one getting married, not them. You can study whatever you like."

As for why he had always objected to her studying to be a doctor, it was because he was worried that it would be too dangerous.

Now, he gradually understood.

As long as she was by his side, it was impossible for her not to face danger.

It was just like how she was just a student now, but the people of S Nation could come knocking on her door and hurt her anytime.

Wasn't this dangerous?

Since there were dangers everywhere, he could just protect her!

If he couldn't even protect his own woman, what was the point of not looking for the female doctor?

Although the answer did not completely clear Gu Qiqi's doubts, Gong Jue's promise made her feel more relaxed.

Actually, she'd known all along that what Bai Mori had said wasn't true.

Gong Jue had never changed her major.

When she went to look for Shen Ping at that time, she did not mention the extent of Xiao Bei's blindness. However, Shen Ping made his secretary say that Xiao Bei was born blind and that she was not qualified to study in clinical medicine. She was full of malice...

In other words, Shen Ping knew that she was a member of the Gu family! As Old Madam Shen hated her so much, he deliberately changed it for her and refused to change it back!

She knew then that Shen Ping was more suspicious than Gong Jue.

However, now that Gong Jue had personally confirmed this, She felt a different type of relief.

He no longer objected to her studying medicine, nor did he object to her majoring in any specialization.

He respected her, trusted her, even indulged her.

This feeling... was really great.

She looked at Gong Jue steadily and said, "Thank you."

Gong Jue remained silent.

It felt like something was missing.

What was missing?

A few days ago, even in front of Chu Junmo, he had used such a gaze and tone to speak to his dumb woman and she would take the initiative to kiss him.

Why is there no reaction now?

Gong Jue stared into Gu Qiqi's big watery eyes, but there was still no reaction.

Would he not be able to enjoy this "welfare" in the future?

At this moment.

The Little Filthy Turtle whispered excitedly into Gu Qiqi's ear, "Master Silver, you've finally paid off the 180,000 color points you owe!"

"Oh? So soon?"

Little Turtle: "Yes! Because there are a lot of people who like you and hate you today!"

Gu Qiqi was speechless.

Chapter 469: A Spoiled Woman

Gong Jue was depressed.

However, Gu Qiqi, who had regained her composure, felt relaxed.

However...

Suddenly...

Growl...

A discordant sound was heard.

She seemed to be so hungry that her stomach growled. Shame!

Gong Jue chuckled. "Special Assistant Lu, let's go to the Empire State Building."

"Why are we eating at such an expensive place?" Gu Qiqi stopped him..

"You can't bear to treat me to a meal?" Gong Jue asked.

Gu Qiqi sighed. Alright, she had forgotten that it was her treat for this meal!

The revolving restaurant in the Empire State Building was one of the most expensive and luxurious restaurants in the city.

Many people were proud to be able to have a cup of coffee here. They even took a photo when they passed by the entrance and posted it on their WeChat Moments.

When they arrived, the restaurant was actually empty!

Gu Qiqi walked in confusedly. "Is business not good today?"

The manager almost stumbled.

Beauty, it's not that the business is bad, it's just that your master is too awesome!

He booked the entire venue for safety reasons.

However, he didn't dare to say that. He just smiled and said, "It's still early. Ahem, it's not time for dinner yet..."

The two of them sat down by the window.

The entire capital city was in full view, bustling and magnificent.

Gu Qiqi was slightly emotional. In her previous life, she had worked hard for ten years but she was not willing to spend a single cent to eat at such a good restaurant.

All the money had been taken away by Gu Meifeng who used the excuse of treating her brother.

In reality? Haha, Gu Meifeng and her daughter must have used all of it!

She was really someone else's live ATM.

She gritted her teeth and said straightforwardly, "Order whatever you like."

The menu was filled with French text, and she felt a headache coming on.

Gong Jue glanced at it but closed it. He said to the manager, "Serve the skewers."

Gu Qiqi almost knocked her fork and knife off the table.

Hey, this is a top-notch western restaurant.

If you want to eat skewers, this isn't the appropriate place. Besides, aren't you afraid of spicy food? That's not right. More importantly, there can't be skewers here...

The manager nodded obediently. "Okay, right away."

Ten minutes later.

Really!

He really carried a pot of spicy and fragrant skewers over!

Gu Qiqi felt that anything could happen when Gong Jue was around. There was nothing she could think of that he could not do.

"Let's eat." Gong Jue didn't waste any more words and raised his chopsticks.

Gu Qiqi took a bite and was surprised.

“Why does this taste exactly the same as the one I ate in the narrow alley?”

Every skewer shop had their own secret sauce. There were differences.

It was almost impossible to be exactly the same.

The corner of the manager’s lips twitched as he thought to himself, Beauty, your man specially hired the old master from the narrow alley to cook in our kitchen!

However, Gong Jue merely said calmly, “Because the person eating with you is exactly the same. Her mood affects her taste buds.”

Really?

Gu Qiqi did not think too deeply about it.

The manager held back his tears as he felt envious of Gu Qiqi.

Oh my god, this girl is so lucky.

It was easy to meet a rich boyfriend, but it was not easy to meet an overbearing man who spent all his time and effort on her without disclosing anything!

Gu Qiqi did not notice anything.

She was too hungry and had already started eating!

The skewers of meat and vegetables were very well matched. The ingredients inside were also very high-quality and delicious. There were actually... abalone skewers, sea shrimp skewers, pine mushrooms skewers... Well, this was something that was not available in the shop in the alley.

Interesting!

However, she didn’t forget to take care of Gong Jue while eating.

She helped him pick out the vegetables that were not too soaked in the spicy sauce. She first used bread to absorb the spicy sauce, then dipped the skewers in sesame oil before putting them on a plate for him.

Enjoying Gu Qiqi’s care, Gong Jue, who did not eat spicy food, actually ate quite a lot too.

At this moment.

Outside the restaurant.

Gu Meifeng passed by with Gu Xuexue.

Chapter 470: Poverty Restricts Your Imagination

Recently, the Shen Corporation had been embroiled in a lawsuit and Gu Meifeng’s savings had gone down the drain. She was in a bad mood.

Gu Xuexue accompanied her to shop, eat, and do beauty treatments.

Of course.

Gu Xuexue was not that filial. She had her own agenda.

“Mommy, did you know? Uncle Enlong bought a company for Gu Yuanyuan. It makes jade jewelry that is especially beautiful. She’s showing off in front of me every day, saying that she’s the company’s executive director. In the future, she’ll directly give herself dividends every month. The pocket money in our sisters’ hands is all trash in her eyes. Mommy, can you tell Uncle to let me try joining the company too?”

Gu Xuexue was so jealous!

She had little pocket money and could not dress up beautifully to attract Gong Jue’s attention.

What if they met again someday? How could she dress so ordinarily?

Gu Meifeng said absent-mindedly, “Mommy knows about that company. It’s called Qing Yuxuan, right? Mommy has shares in it too. Mommy will let your uncle know when the time comes.”

“Thank you, Mommy! Mommy treats me the best!” Gu Xuexue was elated. “Mommy, let’s go to the revolving restaurant for dinner tonight, okay? I was chosen to participate in the school tournament in medical school and was given an allowance. Can I be filial to you?”

Eating was a small sum of money. Joining Qingyu Xuan to earn money was big money!

You must lose a fly to catch a trout.

Gu Meifeng was pleased. “Xuexue is still the filial one.”

However, they were stopped before they reached the revolving restaurant.

“I’m sorry, ladies. Our restaurant has been booked today. We aren’t receiving outsiders,” the waiter explained politely.

“Who’s so extravagant?” Gu Xuexue clicked her tongue in envy.

“Hmph, that’s impossible.” Gu Meifeng pouted.

The rotating restaurant of the Empire State Building was known to be expensive and luxurious.

Even a reservation costs tens of thousands.

If someone booked the entire place... how much money would it cost?

She kept looking inside.

She felt like the waiter was lying to her.

The waiter thought to himself, “Madam, poverty has really limited your imagination.”

Why do you think others can’t do it just because you can’t?

The man inside could even enjoy eating skewers with his girlfriend, let alone book the entire place. Can you imagine that?

However, he still gave them a perfunctory reply. “Yes, yes, we’re having VIPs. We can’t reveal their identities due to privacy...”

Before she could finish her sentence, Gu Xuexue screamed in disbelief. “Mommy, look, it’s that little bitch Gu Qiqi!”

Through the half-closed door, one could vaguely see that the girl sitting by the window with a smile on her face and chatting with the man opposite her was Gu Qiqi!

The bright chandelier shone brightly on Gu Qiqi’s forehead, making her smile even more adorable.

It was a smile that only a woman who was loved by others would have.

However, the man’s back was blocked and she could not see him clearly!

Gu Xuexue was extremely jealous.

Why couldn’t she go to such a high-class place to eat while Gu Qiqi had booked the entire restaurant!

Was Gu Qiqi dating another old man?

Anyway, she refused to believe that the man inside was Gong Jue.

“Mommy, Gu Qiqi is so lucky! Recently, she has been doing whatever she wants in school. She even dared to offend the Bai family. Even the director of the Discipline Department can’t do anything to her. I heard that she got first place in the Medicine College’s exam this afternoon... Boohoo... Mommy, why is she so proud of herself when we are having such a hard time?”

Gu Meifeng hugged her daughter as the flames in her eyes flared up. “Hmph, first place? I’ll make sure she doesn’t get first place!”
