

Dear Chief 471

Chapter 471: Gong Jue Bought That Set Personally

“Mommy, you have a solution?!” Gu Xuexue’s eyes lit up.

Gu Meifeng was pleased with herself. “Of course, it’s your mommy’s specialty to mess with people, okay? Tell me, who’s number two... What? Other than her, everyone else scored zero points? Haha, that’s even better. The greediest and darkest thing in this world is the human heart...”

==

They finished their meal happily.

Gu Qiqi was about to pay.

Gong Jue held her hand. “I’ll do it.”

Gu Qiqi said, “Huh? Isn’t it my treat?”

Gong Jue: “You have the cheek to treat me to something so cheap? We’ll talk about it next time.”

Gu Qiqi was speechless.

Gong Jue paid the bill.

Only then did she realize that something was wrong. There were abalone and sea prawns in the skewer. It was not cheap!

She felt that she was tricked by Gong Jue again.

In the end, she still owed him a meal.

On the way back.

Gong Jue asked Special Assistant Lu to get off work early and he drove personally.

When they ran into a red light, he even made an excuse to check if Gu Qiqi’s seat belt had loosened. He bent down and brushed his lips across her cheek...

However, the dumb woman did not move at all. She merely stared at him with her innocent eyes, showing no intention of kissing him!

Gong Jue’s gaze darkened.

Since the “benefits” were gone...

It seemed like he would have to take the initiative in the future.

This dumb woman’s period... After being there for so long, shouldn’t it be over now?

On the way.

They passed by a pharmacy.

Gu Qiqi stopped him.

“Can you wait for me by the roadside? I’ll be back soon.” Gu Qiqi asked Gong Jue.

“Yes.” Gong Jue looked at the pharmacy on the street. There were many pedestrians around. The lights were bright and the view was wide. The safety index was still quite high.

After Gu Qiqi got out of the car and walked into the pharmacy, he started to feel that something was wrong.

Why was there a large “Chu” on the signboard of the pharmacy? It looked so annoying!

That was Chu Junmo’s most profitable pharmacy!

Gong Jue frowned.

What was this dumb woman doing in that brat’s territory?

Could it be that there was some secret signal between them that they had agreed to hook up at the pharmacy?

Gong Jue could no longer sit still.

A man’s sensitivity to his love rival might be innate.

Without any hesitation, he pushed open the door and got out of the car.

After Gu Qiqi left, he entered the pharmacy.

At this moment.

Gu Qiqi walked to the counter and took out a small object. She handed it to the manager of the pharmacy. “Can you pass this to your CEO Chu?”

The manager carefully took it. “May I know your name? Do you have any messages for us to pass on?”

“My surname is Gu. I don’t have any message... Just give it to him. Wait! Just say that I’m sorry for rejecting him for dinner. I apologize.”

She thought about how she owed Chu Junmo so many favors, especially the jade and longevity peach that was broken at her grandfather’s birthday banquet. It was rather precious, so she felt uneasy if she didn’t return it.

The manager carefully put the small item away. “Don’t worry, Miss Gu. I’ll definitely pass it on.”

Gu Qiqi nodded and turned to leave.

Gong Jue happened to enter the door and saw the small object clearly—it was a natural jade inkstone!

It was made from the mutton-fat jade that Gu Qiqi obtained at the stone gambling den. The raw material she cut out was the shape of an inkstone!

This kind of small jade item that was formed without polishing was quite expensive. It was worth several million.

This dumb woman actually gave another man such a thoughtful gift.

But he had never received any outstanding gifts!

Bullwhip! Was that even considered a gift?

Ambergris sachet!—Little Bei also had the same one.

What the hell was this?

Even Xiao Bei had more stones than him. Now, this man outside also had a unique stone. But what about him?

Where was the special present she gave him?

Although he had plenty of stones at home that could fill flower pots and use them as decorations, how could they be compared to the ones she had personally given him?

Gong Jue was extremely displeased!

Gu Qiqi turned around and saw his face.

“Why are you here?” The woman clearly did not realize that the storm was about to burst.

Gong Jue’s eyes darkened. “I’m here to... buy condoms!!!”

Chapter 472: I Want the Biggest Set

“Buy... condoms?”

Gu Qiqi was stunned.

But soon.

When the pharmacy manager smiled meaningfully, she suddenly understood.

Gong Jue wanted to buy... condoms!

He was referring to condoms!

She blushed. “This is a Chinese medicine shop!”

However, the pharmacy manager quickly added, “It’s alright, Miss, Sir, our Chinese medicine shop also has condoms for sale... Wait a moment!”

Gu Qiqi’s face turned red.

Gong Jue acted as if nothing had happened. He even coldly ordered, “The biggest set.”

Gu Qiqi was speechless.

Damn!

Was there such a confident and shameless man?

He bought the condoms he asked for. Gong Jue did not give up and took a look at the jade inkstone that the manager was carefully carrying in his arms.

He really wanted to snatch it over!

Shatter it!

Finally, he managed to resist the urge and brought Gu Qiqi back to the car.

The moment he entered this enclosed space, the beast in his heart started to stir again!

He really wanted to punish this stupid woman right here in this car!

On the bustling streets, the noise of people and traffic happened to be the most exciting background music for them.

He wanted her to belong to him completely, so that she could never be seduced by some bastard man again.

Gong Jue's Adam's apple bobbed as he approached Gu Qiqi dangerously.

He was about to kiss those pink lips...

At this moment.

A silvery-white light flashed past!

It jumped onto Gu Qiqi's shoulder through the gap in the car window!

Snake!

A many-banded krait!

Before Gong Jue could kiss her, he grabbed it with his bare hands.

The many-banded krait was very agile. It turned around and bit Gong Jue's finger.

Gong Jue's expression did not change. He did not let go of the snake no matter how it bit him. He did not allow the snake to get close to Gu Qiqi.

It grabbed the snake tightly with force!

Gu Qiqi's blushing face gradually turned pale. She exclaimed. "Don't crush it! It's too poisonous!"

Ordinary snakes would die if they were crushed in the middle.

However, even the flesh of this many-banded krait was poisonous. If it was tainted by the poison, Gong Jue would definitely be poisoned.

Without thinking, Gu Qiqi reached out her fair hand and instinctively placed it on Gong Jue's fingertip!

Gong Jue's gaze darkened.

Stupid woman. He was protecting her, but she was still restless and gave him trouble!

He was a man, why would he need a woman to protect him?

Without any hesitation, he flipped his hand and pressed her hand down.

The two of them were fighting to protect each other, which confused the many-banded krait.

The snake head stuck out its tongue and froze in midair for a moment. Then, it seemed to launch an even more furious and ferocious attack!

Stupid humans, they actually ignored its might!!!

It stretched its red tongue, baring its snake fangs and emitted a poisonous glow!

It went straight for their wrist arteries and bit down.

This time.

Gu Qiqi stopped fighting with Gong Jue.

With a flip of her wrist, she was as fast as a bird and grabbed the poisonous snake's jaw!

Crack.

Through the snake's skin, the snake's teeth were all shattered...!

Little Filthy Turtle praised inwardly, "Master Silver, your martial strength has improved again! You can directly crush the snake's tooth and leave the snake skin intact. This move is even more powerful than crushing a barrel!"

She complained again. "Gong Jue's Little Gray isn't good. There was actually a snake hidden and it didn't even notice it!"

Little Gray felt wronged. "You were the one who brought him in from the pharmacy..."

The many-banded krait lost its offensive power and collapsed into a ball.

Gong Jue's eyes turned cold.

He threw the snake away and grabbed Gu Qiqi's wrist. "Is it bleeding? Go to the hospital now!"

D*mn it!

The dumb woman's wrist was actually scratched by a snake's tooth!

He did not even protect her well under his watch!

Chapter 473: What Secret Was Hidden In Her Blood?

However, Gu Qiqi smirked as if nothing had happened. "It's fine. It's not a snake tooth wound. I accidentally touched the school badge just now and scratched it."

The snake venom could not reach her, but the snake itself...

Gong Jue followed her gaze.

The Silver Ring Snake, which only had its teeth broken and looked like it was still breathing, was actually... dead!

Upon closer inspection, there was still a drop of blood on the silver snake's lips. It was the blood from Gu Qiqi's wrist!

Gong Jue frowned and said nothing.

She started the car and drove towards the nearest hospital.

He wanted her to "bleed" properly today, but it was not this part that he wanted to bleed!

On the streets.

Bai Mori stepped out from around a dark corner, her eyes glowing with a venom that was even more poisonous than the many-banded krait.

Even such a venomous snake couldn't kill that wild girl!

Initially, she had planned to poison Gu Qiqi and save Gong Jue when he was injured. It was killing two birds with one stone.

But why were they fine and could even drive away?

Why? Why did Gong Jue treat her so nicely these few days? He even met her alone twice and patiently listened to her report on the progress of the medicine.

And now, he was hanging out with this country bumpkin again?

This wild girl must have seduced Gong Jue.

She had secretly gone to the pharmacy to ask around and found out that Gu Qiqi and Gong Jue went in to buy condoms.

That bitch!

She actually needed a condom when she was with Gong Jue.

If Gong Jue was with her, he definitely wouldn't need any. She would definitely let Gong Jue be comfortable and do whatever he wanted...

Why didn't Gong Jue understand how amazing she was?

Bai Moli clenched her fists tightly as she stared resentfully at the spot where the car had disappeared. She gritted her teeth and said in a low voice, "It doesn't matter if I don't poison you to death today. There will always be a chance!"

After some thought, she made a call to Bai Yinglu. "Ying Su, I heard that your friend Gu Yuanyuan runs Qing Yuxuan in the Bai Family Medical Hall. Business has been good recently. Help her organize a VIP cocktail party for some reputable people in the circle... Remember, the Gu Family also wants to invite..."

==

In the hospital.

Gong Jue's face was ashen as he listened to Deputy Lu's report.

"Chief, the origin of this many-banded krait is suspicious. It would definitely not appear on the streets."

"Just tell me where it came from."

"From what I've found, other than the Imperial City Wild Zoo, the Imperial Medical University's VIP laboratory has..."

"The laboratory of the Empire Medical University?" Gong Jue snorted and his gaze darkened. "Continue to investigate!"

"Yes."

Gu Qiqi was bored lying on the bed.

The two of them were finally done talking.

She coughed lightly. "Well... if there's nothing else, can I be discharged?"

She had to go through so much trouble every time she had a small needle-sized wound and visit the hospital. She really felt that he was being paranoid.

It was just two drops of blood.

Gong Jue glanced at her coldly. "Wait for the report!"

Gu Qiqi yawned. Alright, let's... wait...

After a long time, the results of Gu Qiqi's blood test were finally out.

Everything was normal.

The dead snake's test results were out too.

The cause of death was unknown.

Gong Jue scanned the two results and didn't say anything.

He looked down at Gu Qiqi who had fallen asleep on the bed.

The girl's exquisite and beautiful face was like that of a sleeping fairy, pure and beautiful. However, she was still frowning slightly in her sleep, as if there was something hidden in her heart that no one could understand.

Gong Jue picked her up silently.

What secrets did her blood... have?

Recalling how the assassins of S Nation had been looking for women to draw blood from everywhere recently... he could not help but become more vigilant!

Chapter 474: Peaceful Happiness

Because of a many-banded krait.

The things that Gong Jue had bought that night could no longer be used!

After settling Gu Qiqi down, he could not bear to wake her up. He fixed his clothes and laid down beside her.

It was common knowledge what the most direct and biggest thought in a man's heart was when he faced his beloved woman.

But sometimes, sleeping in each other's arms was also a kind of happiness.

Gong Jue closed his eyes and thought about it.

A minute passed.

Two minutes passed.

Three minutes...

Beads of sweat appeared on his forehead.

His breathing gradually became unstable.

The girl's fragrance was right beside him. He had personally helped her change into the clean and soft pajamas.

Those slender arms and legs...

Gong Jue swallowed.

To hell with the peaceful times and the quiet embrace!

Damn it, if he did not have the most direct and biggest thought, he would not be a man!!!

He opened her eyes and turned his head slightly.

Under the faint moonlight, he looked at the girl's sleeping face.

His Adam's apple bobbed again.

He extended his hand toward Gu Qiqi in the air. However, he sighed and retracted his hand as if he was scalded.

In the end, the sound of deep and long breathing could be heard.

His palm trembled slightly!

For the first time in his life, he did not even want to take a cold shower for a woman. He did not want to leave her for even a second. He just looked at her sleeping face and settled his needs!

==

The next morning.

Gu Qiqi did not notice anything strange during breakfast.

It was just that when they were going out,

Special Assistant Lu could not help but remind her. "Miss Qiqi, can you... show some concern for Master Jue?"

"What happened to him?" Gu Qiqi was confused.

She cared about him a lot.

She was afraid that he would be bitten by a poisonous snake last night, so she was the first one to act bravely.

The President should have given her a medal for protecting our Empire's technology overlord.

Assistant Lu was a little embarrassed, but he couldn't bear to say it. He lowered his voice and said, "Didn't you notice his hand?"

"Hands? What happened to your hands?" Gu Qiqi recalled the dining table just now.

Gong Jue seemed... not right! He had been eating with his left hand.

Gong Jue was not left-handed.

Then what was his right hand doing?

Hmm... He seemed to have been clenching his fists slightly and was a little stiff.

Gu Qiqi was suddenly enlightened. "So, he was annotating the documents last night, right? He's so pitiful. His hand is sore from holding the pen. It's stiff. Alright! I'll remind him to read fewer documents at night and sleep early, even though he might not listen to me."

Special Assistant Lu was speechless. He was on the brink of tears.

How could a pen cause Master Jue to be like that?

Clearly...

Sigh, isn't it too difficult for Master Jue to pursue his wife?

When would the pure Miss Qiqi realize Master Jue's pain?

Sigh... Only men understood the pain of men.

==

Gu Qiqi was in a good mood. She hopped out of the door.

It was the weekend.

Yang Xiaolan asked her and Xiao Ning to visit her house in the morning.

At the same time, her father had finished carving Gu Qiqi's jade. It was exactly the same as the Mu family's engagement token.

She met Xiao Ning first.

The two bought some fruits and turned into a remote alley according to the address Xiao Ning gave them.

From afar, they heard an unusual commotion coming from the depths of the alley...

Chapter 475: Deep Bond Between Father And Daughter

The alley where Yang Xiaolan's house was located was in the slums of the Imperial Capital.

It was remote and the security was bad.

Although they knew that Yang Xiaolan's family might have some difficulties, they didn't know that the situation was so bad.

In the distance, they could see the dilapidated little yard deep in the alley. The fence was made of some broken, rotten wood that had been casually surrounded.

Even the thing known as the "gate" was nothing more than a broken plank that had been split in half by an axe. It lay crookedly to one side.

It was a bungalow but the tiles on the roof were all broken.

The windows were also broken in several places.

There was originally a small stove in the courtyard. The fire inside had not been extinguished, and it was obvious that it was stewing soup. However, the clay pot that was stewing soup was kicked to the ground, and the pork rib kelp soup inside spilled all over the ground.

Upon seeing this, Gu Qiqi and Xiao Ning looked at each other.

They felt that this situation could no longer be explained by family difficulties.

Indeed.

A few more steps.

An unusual sound was heard.

It was extremely violent!

"Mr. Yang, how dare you say you don't have money to pay me back? What is this?"

"Hand over the thing in your hand and I'll waive your interest today!"

"Hmph, you're so straightforward when you're borrowing money. So when will you return the money? Let me tell you, there's no free lunch in this world! If you can't return the money after eating, then spit it out for us!"

"No money? I'll beat you until you vomit!"

The threatening voice came from afar and soon reached the door.

Bang!

The door was kicked over and shattered into two like the courtyard gate.

In a cloud of dust.

A few burly men pushed and shoved an old man into the middle of the courtyard.

“Dad! Don’t hit my dad! That’s not his stuff. It belongs to a guest, so I can’t give it to you. Can you be more reasonable... We owe money, but your interest is too high...”

Yang Xiaolan rushed out and looked at Father Yang worriedly.

The latter was holding onto a small package tightly, refusing to let go.

No matter how the burly men’s fists landed on his back, he remained stubbornly silent.

“Xiaolan, hurry up and leave! Don’t bother about me! I borrowed the money, it has nothing to do with you.”

Yang Xiaolan’s face was covered in tears. “Dad, this money... how could it be borrowed by you? It was clearly borrowed by Yang Xiaoqing! Yang Xiaoqing, that ungrateful bastard! Why didn’t you ask him for money? He stole Qingyu Xuan’s most valuable assets and sold them to outsiders. Now that he’s rich, why didn’t you ask for it!?”

The leader snorted. “Your father’s signature is on the IOU. Of course we’re looking for him!”

As he spoke, he suddenly smiled wretchedly. “Little sister, since you’re so concerned about your father, why don’t you use your body to repay the money?”

The moment he said this.

A few burly men immediately laughed sinisterly as they sized up Yang Xiaolan’s figure.

Yang Xiaolan was petite and thin.

It gave them the urge to bully her.

“I think it’s fine! Why don’t we just play with her once to offset the interest for a day!”

“How can it be so valuable? The chickens outside are only worth 200 yuan each time. Can she be worth the interest of 20,000 yuan a day?”

“Tsk tsk, that’s 100 times to pay back the interest for a day... Ah, wouldn’t you have to work hard to earn enough money to save your father?”

“Tsk tsk, this father-daughter relationship is so deep. How about we fulfill it?”

Chapter 476: She Screamed and Resisted!

These ugly and wretched men.

As they spoke, they surrounded Yang Xiaolan.

Some started to lift Yang Xiaolan’s skirt.

Some started to pinch her chin wantonly.

Yang Xiaolan felt like vomiting from the foul-smelling breath.

Some of them even shamelessly reached out to touch her chest...

However, how could his skinny little arms withstand so many burly men?

Seeing how these bastards had evil intentions with Yang Xiaolan.

Father Yang could no longer remain calm.

“If you dare to touch my daughter, I’ll kill you!”

He suddenly turned around and rushed towards those people!

He still had to protect the small package in his hands, so he couldn’t free his hands.

He used his head!

He used his own head to fight against those people!

One of them was knocked away!

Another one!

Without any regard for his life, he crashed through a hole. “Xiaolan! Run! Don’t ever come back!”

How could those burly men give Yang Xiaolan the chance to escape?

One of them picked Yang Xiaolan up like she was a chicken.

Her hands were tied behind her back, making it impossible for her to struggle.

The rest of them held Father Yang down.

The burly man in the lead said fiercely, “Stinky old man, do you think your head is very powerful? Very good! Then I’ll let you have a taste of a bloody head!”

As he spoke, he kicked the pot away.

He directly twisted Father Yang’s hands and pulled them to the small stove that was still burning.

He pressed his head down and was about to stuff it into the stove.

The flame was still burning.

If his flesh was pressed in, it would be burnt.

If this action was maintained for more than ten seconds, he would be cooked!

How could he still be alive?

“No! Don’t do this to my dad... Boohoo... I... I promise you, okay?”

Yang Xiaolan screamed at the top of her lungs.

Her big eyes were filled with tears.

Despair.

Helplessness.

In front of absolute dominance and twisted perverts, she had no room to bargain.

She could only use the most humiliating way to seek a chance for her father.

Seeing Yang Xiaolan crying, the leader laughed even more cruelly. "I can't bear to see this father-daughter relationship be ruined! Since that's the case... I'll be more merciful and not burn your father's head!"

Yang Xiaolan heaved a sigh of relief.

In the very next second.

The other party's voice suddenly turned cold. "Then I'll burn your father's hands! Didn't you say that his hands were specially made to carve beautiful jade? Master-level hands? I want to see what use they can be after being burned into a black pig's trotter!"

Yang Xiaolan's pupils were constricted.

She shook his head in horror. "No, no, no! That's my father's life!"

"Xiaolan, don't bother about me, you... you go! Cough, cough, cough, cough, I'm dead, so be it..." Father Yang coughed violently.

Yang Xiaolan's eyes were streaming with tears. She gritted her teeth and said, "Let my dad go. You can do anything to me...!"

What was her body compared to her father's life?

So what if her body was tainted...

At this moment, Gu Qiqi's face suddenly appeared in his mind.

Handsome and beautiful...

It was a pity that she was destined to become dirty and unclean. She was no longer worthy to walk side by side with Qiqi.

"You're crying so much, it's so annoying!" The leader kicked Father Yang in frustration, as if he had finally gotten tired of this game.

He said fiercely, "Hmph, I'm not afraid to tell you the truth. Someone from the higher-ups has instructed us to destroy your family! Your hands must be burned into black pig trotters and your daughter's body will be destroyed by us!"

What?

How could there be such a cruel person in this world?

Father Yang's hands were about to be forced into the stove and Yang Xiaolan's clothes were torn into pieces...

Suddenly, a cold voice came through the fence!

“Are you tired of living? How dare you touch my girl!”

That arrogant and domineering voice was actually... a woman’s voice!

Chapter 477: Hot Pig Fur! Roasted Pig Feet!

Gu Qiqi’s domineering voice fell.

Yang Xiaolan immediately held her breath! Qiqi, it was Qiqi!

Qi Qi actually said that she was her girl!

Her heart beat uncontrollably faster. She was both surprised and delighted. But then, she became even more worried!

Her tears flowed even harder as she cried, “Qiqi, don’t come over!”

It was too dangerous!

These loan sharks and professional debt collectors roamed the edge of the city every day. What had they not seen before?

They had seen all kinds of begging, and even those who found a group of hooligans to fight back.

However...

They have never seen a woman come to a person’s rescue!

After being stunned for a moment.

The brawny man in the lead laughed heartily. “Oh, there are two little chicks here again! Tsk tsk, an old good-for-nothing and three little good-for-nothings. Together, they are enough for us to play for a while!”

The others were also chattering.

“Boss, which one do you want to play first? The old roast pork trotters first? Then, take turns to play with the smaller ones?”

“Boss, there are three chicks! Aren’t we going to have a good time today?”

“Boss, hurry up! I can’t hold it in anymore. I really want to pull one over and pee on the spot...”

Hearing these filthy words, Young Master Xiao Ning was about to explode. “You scumbags, I, Young Master Xiao Ning, am going to roast you all into fat pig trotters!”

“Heh heh heh, do you think you’re a young master? If you have the ability, let us do it for eight hours without you begging for mercy. We will call you Grandma!!!

“Heu, I like this kind of fiery girl! Give this one to me, and I’ll leave the weaker ones for you guys to play with. Hahahaha!”

The men laughed obscenely.

This unrestrained laughter only lasted for less than three seconds.

In the next moment.

It suddenly stopped!!!

The seemingly weak and harmless girl next to Xiao Ning suddenly moved.

It was impossible to see how she moved. In just a second, she moved to the side of the brawny man in the lead. Her delicate palm struck the back of his neck.

The girl did not seem to have much strength, but the consequences of this slap were horrifying.

The brawny man's body went limp, and he stumbled as he smashed his head against the furnace.

Father Yang was quickly pulled out.

"Ah!!!"

The burly man screamed.

His face was covered in ashes.

His entire face was covered in ash, and he was in so much pain that he felt as if his hair had been burnt!!!

However, his entire body seemed to have been bewitched. He had no strength and couldn't get up even if he wanted to.

Sizzle...

A burning sound was heard along with a burnt smell.

"Hurry... save me... kill... this b*tch..." A muffled voice came out of his throat.

One of his three trusted aides immediately pulled him back while the other two attacked Gu Qiqi.

Boss fell into this b*tch's trap because he was caught off guard.

They didn't believe that the two of them wouldn't be able to take down this little girl at the same time.

In the very next second.

They finally witnessed what was unbelievable.

The two men who were charging toward Gu Qiqi did not even get close to her.

Thump! Thump!

Their knees were kicked down forcefully.

Is this for real?!

They both knelt down in front of Gu Qiqi.

Meanwhile, the person who was trying to save the boss knelt down in front of the furnace and his hands fell into the flames. He was instantly scalded and screamed!

It was as if a pig's trotter had been burnt.

"Why are you kneeling? Are you begging me to spare your lives?" Gu Qiqi's clear voice sounded cold.

The three of them were terrified!

They did not see how Gu Qiqi did it, but in an instant, their knees were hit by the pain and they fell to the ground uncontrollably!

What did this woman do to them?!

Did she know how to use witchcraft to control others?

Chapter 478: Spare Me, Great-grandmother!

The little dirty turtle giggled non-stop.

"You little bugs aren't worthy of my family head, okay? She can just throw a small stone at your acupuncture points and you will be crippled! Master silver, your martial strength has improved again. Congratulations!"

Gu Qiqi looked indifferent as she glared at the other burly men.

The men felt their blood run cold from her stare!

They were afraid that they would be the next unlucky one.

After all, it was definitely not a good feeling to be thrown into the fire to be burnt like pig's trotters.

Before Gu Qiqi could continue, the men quickly let go of Yang Xiaolan.

They bowed to Gu Qiqi and said, "Grandma, please spare us!"

Their boss had the best skills, and his three confidants had trained at the martial arts center before. That was why they came to the loan shark business.

Now, the most powerful person had been killed by Gu Qiqi.

How would they dare to go against Gu Qiqi?

One by one, they called out "Grandma" non-stop.

Xiao Ning clicked her tongue. "Qiqi, you are awesome! I didn't get a chance to do anything."

She helped Father Yang up and said to those people, "What? Grandma? Didn't you want to play with Grandma for eight hours just now? Eh? Do you think it's appropriate to call me Grandma?"

"Madam, we were wrong!"

"No, no, no. It's Great-grandma. Great-grandma, please let us off!"

Those people immediately changed their words.

Gu Qiqi ignored them. She walked to Yang Xiaolan first.

She took off his coat and draped it over her. "Are you alright?" she asked gently.

Yang Xiaolan finally managed to hold back her sobs, but they broke out once again!

"Qiqi, I thought I would never see you again..."

Just as she cried, she suddenly realized something.

"Qiqi, I'm too dirty..."

Gu Qiqi shook her head and reached out to touch her long hair. "Who said so? They're the dirty ones!"

As she spoke, she turned around and swept a cold glance around.

The burly men fell to their knees in fear. "Great-grandmother, please spare us! We're dirty! We're dirty!"

"Since you know that you're dirty, do you know what you should do now?" Gu Qiqi's gaze turned cold.

The big-sized men cried. "Please tell us!"

How would they know what this devil-like arrogant girl wanted them to do?

Gu Qiqi looked at the broken windows, the roof that was leaking, and the furniture in the room.

His voice suddenly deepened as he asked Yang Xiaolan, "Did they smash all these?"

Yang Xiaolan's eyelashes were still wet with tears. She was still thinking about Gu Qiqi's head-slapping move just now.

She nodded in a daze.

Her family used to have a good life, but because of these people, she sold her house and moved to such a dilapidated and cheap rental house.

However, these people still did not let them off. They even smashed this broken house into pieces.

If Gu Qiqi had not come today, she and her father would have been destroyed just like this house...

Gu Qiqi frowned.

A cold light flashed in his eyes, causing the few burly men to be surprised and bewildered. "Fix it exactly how you smashed it! Otherwise... I don't mind smashing your heads like this too."

The few of them hurriedly kowtowed. "Of course! Of course! We'll go now... to buy furniture first!"

The eyes of several people flickered. They were all calculating in their hearts. Hmph, kowtowing to this little witch was just to fool her!

In a while, they could slip away!

What furniture shopping?

It was not like they had nothing better to do and had time to clean up this old trash's house!

This little demoness was only formidable on the surface, but she was actually a dumb and brainless idiot...

Chapter 479: Little Witch, You're Too Crazy!

Just as the few burly men were planning to use the excuse of buying furniture to escape, Gu Qiqi's cold voice was heard again. "What's the rush? It's enough for two people to buy furniture."

Gu Qiqi's cold voice was heard again. "What's the rush? It's enough for two people to buy furniture."

The big men fought to be first.

"I'll go!"

"I'll go! I'm strong enough to move furniture!"

"I have money with me. I can buy something more expensive!"

All of them had extremely serious expressions on their faces, as if they were really young men who had turned over a new leaf and were willing to work hard.

What kind of joke was this? Going out to buy furniture was the best chance to escape. Of course, they had to fight for it.

In the very next second.

Gu Qiqi smiled faintly.

She opened her palm and there were two black pills lying in the middle.

"Yes, very good. Those who go out will be rewarded with two candies so that you don't get lost and can't come back..."

Seriously!

What candy?

Did they think they were blind?

The thing in that woman's palm was obviously medicine! Medicine! Medicine! It might even be intestinal poison!

Afraid of them getting lost?

It was to prevent them from escaping.

For the first time, they realized that when this little demoness smiled, she was ten thousand times scarier than when she didn't smile.

Oh, she actually wanted to feed them poison to control them.

This was insane.

The brawny men quickly changed their tune and scrambled to say:

“I’m going to the roof to fix the tiles! I’ve been a mudsmith before!”

“I’m going to repair the fence and mend the gate! I used to be a woodworker!”

“Me, I can sweep the floor and wipe the windows! My wife ordered me to do all these chores at home. I guarantee that I’ll do better than the cleaning auntie!”

Those who were quick-witted had already rushed over to work, afraid of being fed poison.

The two remaining men were on the verge of tears as they were slow to react. They could only watch helplessly as others found work to do.

What happened to brotherly love?! What happened to trust and friendship?!

With tears in their eyes, they ate the ‘candy’ Gu Qiqi handed them.

“Isn’t it sweet and delicious?” Gu Qiqi smiled.

The two burly men nodded with tears in their eyes. “Delicious, delicious! Thank you, Great-grandma!”

Damn it.

Would they dare to say that it wasn’t delicious?

If he said that it was not delicious, they would be pressed into the stove by Gu Qiqi in the next second. They would burn their faces! They would roast pig’s trotter not become one, ok?

Compared to being poisoned to death, they would rather die by poison...

However, unexpectedly—

The next second, Gu Qiqi took out a few identical pills!

“Since you think it’s delicious, then share it with your good brothers. Let’s all share it, or it’ll be so unfair.”

When the others heard this, their bodies trembled. The one who was repairing the roof nearly fell down!

F*ck, this little witch was too sinister, and digging too deep!

They would never have thought of this.

The two who had taken the poison finally calmed down. Gritting their teeth, they rushed over quickly and mercilessly stuffed pills into their companions’ mouths.

Hmph, if we’re going to die, we’ll all die together. Why should they be happy while we’re so unlucky?

Gu Qiqi was relaxed. She looked at the men fighting among themselves and said calmly, “As long as you work hard, you will get the antidote.”

With the poison controlling them, there was no need to worry about them having second thoughts.

Xiao Ning watched as Gu Qiqi took care of these strong men. She was full of admiration. “Master Qi, from now on, I will only respect you!”

Father Yang sighed with emotion. "A hero appears at a young age! Child, you're the Qiqi that Xiaolan keeps talking about, right?"

Yang Xiaolan blushed. "Dad..."

Why did he expose her maiden heart?

Gu Qiqi nodded generously and asked, "Who is it that caused your family to suffer so much? Why did you engage with loan sharks that are so ruthless?"

Chapter 480: The Taste of Returning Money With Tears Of Blood

Father Yang sighed. "It's a long story..."

Xiao Ning moved the stool over immediately.

Yang Xiaolan was about to make tea for Gu Qiqi as well. "Qiqi, I'm sorry. I was supposed to invite you as a guest today and even made kelp pork ribs soup for you, but these people messed it up..."

Gu Qiqi grabbed her wrist gently. She frowned when she saw the bruise on her wrist. "Girls shouldn't do such a rough job like making tea."

Then, she shouted, "Make tea!"

A burly man immediately ran over. "Great-grandmother, what tea do you want?"

"Pre Qing Ming Longjing.."

The burly man was shocked.

Man, it was autumn already. It would be expensive to buy Pre Qing Ming Longjing Tea.

However, who would dare to not work after eating someone else's poison?

The burly man immediately used his own money to buy and brew the tea.

Yang Xiaolan stared at Gu Qiqi in a daze. The warm words she said just now were still echoing in her mind, "Girls shouldn't do such rough things like making tea" Qiqi really doted on her too much!

But Xiao Ning was thinking about something else. "Qiqi, why don't we let these guys cook lunch too? Oh my, no. What if they drug our food and poison us?"

Gu Qiqi raised her eyebrows. "How can I not tell?"

Identifying poison was her first unlocked skill.

Xiao Ning blinked and smiled. "That's true! Your eyes are too sharp. Even the invigilator identified the Honeysuckle wrongly during the entrance exam of the pharmaceutical school. How could they dare to play tricks in front of you? Hmph! Then I'll tell them to wash the fruits too! Oh my, it feels so good to have servants serving us..."

The burly man was speechless.

Father Yang couldn't help but sigh with emotion. "Xiaolan, I didn't expect a classmate you've known for only a few days to be a million times better than the child I've raised for ten years..."

Yang Xiaolan bit her lip. "Daddy, don't compare that ingrate to Qiqi. He's not worthy!"

Gu Qiqi and Xiao Ning looked at each other.

Indeed, this family had a story.

The few of them sat around a simple tea table as Father Yang began to recount the prosperity and decline of the Yang Family. "Qing Yuxuan of our Yang Family used to be an old hand-carving jade jewelry brand. When Xiaolan's mother passed away early, we relied on this shop to survive..."

Gu Qiqi and Xiao Ning were impressed.

It turned out that Father Yang was the legendary number one jade sculptor of the empire, the master craftsman, Iron Fist Yang!

The jade jewelry that he had carved out was unique, and this enabled Qing Yu Xuan's business to be very good. When wealthy people came to reserve private jewelry, they were overwhelmed. Even if he only received one or two orders a year, his income was still quite high.

The life of the Yang Family had always been quite good.

Ten years ago, Iron Fist Yang saved a little beggar on a stormy night. Seeing that he had a pitiful background and was honest, he took him in as an apprentice and taught him all his skills without reservation.

Later on, he even adopted him as an adopted son and changed his name to Yang Xiaoqing.

Xiaolan was still young, so she wasn't interested in jade carving. Thus, Yang Xiaoqing was in charge of handling the customers, purchasing jade stones, and collecting bills.

And in recent years, after Iron Fist Yang's health deteriorated, he had practically given Yang Xiaoqing full authority to take care of him.

Iron Fist Yang remained behind the curtain and was only responsible for making jewelry.

A few months ago, he wanted to make a will and get Xiaoqing and Xiaolan to come together for a family meeting to distribute the assets. If he were to die one day, the two children would have some safety net.

In the end, he found out that Qing Yuxuan was already unable to make ends meet.

What was more frightening was that he had borrowed a lot of loan sharks!

Yang Xiaoqing stammered, and was unable to say anything. He said that he owed money because he purchased jade.

However, there was not a single piece of jade in the warehouse!

Even the few pieces of jewelry that Iron Fist Yang had prepared for his guests had disappeared.

Yang Xiaoqing could not hide any longer. He fled on the spot and disappeared.

The money was borrowed by Yang Xiaoqing and the seal was signed by Iron Fist Yang!

It was clearly not a debt he owed, yet he had to repay it with his blood, sweat and tears. Most people would not be able to understand what it felt like!
