

Dear Chief 511

Chapter 511: Running Into A Man's Embrace

"Beautiful Millettia Root is a mountain lotus root. It specializes in treating illnesses that men have in the act. Rumex Patientia is also called Alpine dock. It is used to clear heat and disinfect wounds to reduce swelling and sores." Gu Qiqi smiled. "Han Bingyue, it can't be that you don't even know the Beautiful Millettia Root and Alpine dock, right?"

Everyone was speechless. We had already knelt down completely and stabbed ourselves to death.

Han Bingyue was mocked and ridiculed in public.

That arrogant top student face turned green, white, and red.

She never expected that her original intention to stand out and let Gu Qiqi suffer a loss and lose face failed. In the end, she slapped her own face.

She was so ashamed!

With great difficulty, she gathered up the last bit of her self-esteem and gnashed her teeth. "I don't care about these two medicines. If you have the ability, say those with four or five syllabuses!"

Everyone was speechless. Han Bingyue, you're just going against Qiqi!

They had heard of those with four Chinese syllabuses but five? No one had heard of these names before!

Gu Qiqi still curved her lips lightly.

He said in a pleasant and domineering voice, "Vaccaria segetalis, Spreading sneezeweed, Rodgersia aesculifolia..."

As unfamiliar names rang in their eardrums, everyone decided to pull out the knife that had pierced their hearts just now. They would stab themselves again and die again!

Why was the difference between people so big?

What else didn't Gu Qiqi understand or know?

Han Bingyue sat down completely on her chair.

She actually didn't know any of the Chinese medicine names that Gu Qiqi mentioned.

This slap to her face was too painful and loud!

She was the one who took the initiative to slap herself.

Seeing that Gu Qiqi had personally extinguished the arrogance of the person who came to cause trouble, the principal couldn't help but look at Chu Junmo gratefully.

Fortunately, Chu Junmo reminded him.

Otherwise, if he intervened verbally, it wouldn't have such a good effect.

Tsk tsk. That scene just now had been recorded and sent to Master Jue. Master Jue must be satisfied with such an exciting scene!

He would definitely be happy that his woman could do whatever she wanted in his school.

With Gu Qiqi's domineering suppression, she scored full marks for the second question!

Just as everyone was waiting for the third question to be completed so that they could cry silently and cover their heads in pain...

Fengyang Chu suddenly stood up and announced, "Examination is suspended! I'll set the third question a week later!"

Everyone looked at each other. Why didn't they finish the exam together today?

Could it be...

Chu Junmo naturally thought of the reason at the first moment. He frowned and dissuaded Feng Yangchu in a low voice. "It's not good to go back on your word. Why do you have to split the test in such a troublesome manner? Can't you set the questions on the spot?"

"No." Feng Yangchu was very stubborn.

"Are you biased against Qiqi?" Chu Junmo frowned even more tightly.

"That's right. I'm going to make things difficult for her!"

"But your actions don't match the integrity of a scholar."

"Who said that? Real gold isn't afraid of fire. Hmph! If she's afraid, she's not real gold!"

Fengyang Chu snorted coldly and strode away.

The old principal tried to smooth things over. "Classmates, you've worked hard! Go back and rest for a few days. Let's fight another day! Everyone's performance today wasn't bad. Not bad!"

After the crowd dispersed.

Gu Qiqi had just stepped out when Bai Yingzhu walked over.

She raised her chin and still looked like she was a supreme princess as she stuffed an invitation into Gu Qiqi's hands. "Country bumpkin, I'll give you a chance to see the world!"

Gu Qiqi scanned the words "Qingyu Xuan VIP cocktail party" on the cover of the invitation.

It would be fine if it was another cocktail party, but Qing Yuxuan's? As the mastermind behind Lan Ting, how could she not participate in the event?

However, she said lightly without batting an eyelid, "On what basis should I go?"

Bai Yingzhu's eyes widened. "Do you know that this invitation is very valuable?"

"Thank you. What I lack is not money."

"You! Are you going or not?!"

“It depends on my mood.”

Gu Qiqi left with a smile.

She didn't expect that she would almost run into a man's embrace after taking two steps!

Chapter 512: I Want to Marry You

“Are you okay?”

The man's steady and charming voice rang in her ears.

A pair of big palms that carried the fragrance of medicine helped Gu Qiqi up forcefully. However, he was very gentlemanly and immediately withdrew his hand to avoid touching her skin too much to avoid causing her embarrassment.

Gu Qiqi's heart skipped a beat!

After avoiding him for a few days, they finally met face-to-face!

Gu Qiqi licked her lips and was embarrassed to look Chu Junmo in the eye. She tilted her small head slightly. “Yes, yes. It's... okay.”

He should be referring to the exam just now, right? She had two perfect scores. Of course, it was better.

Chu Junmo's gaze became even deeper. He really wanted to address the elephant in the room and ask her something like, “After you went back with Gong Jue that day, were you okay? Did he make things difficult for you? Did he force you to do something that you weren't willing to do...?”

However, he couldn't bear to make things difficult for her in the end.

Chu Junmo smiled slowly and said, “Your performance today wasn't bad. Next time, when Fengyang Chu sets the questions, I believe that you will be able to do it with ease. Your professional ability and talent are obvious.”

Upon mentioning her abilities in the pharmaceutical profession, the nervousness in Gu Qiqi's heart eased a lot. “That's not necessarily true. Director Feng's questions are indeed tricky. Honestly speaking, I'm not confident.”

“Have you seen him before? Have you offended him before?” Chu Junmo couldn't help but ask. Even he could tell that Feng Yangchu loved and hated Gu Qiqi so much.

Gu Qiqi laughed bitterly. “We only met once. I don't know how I offended him...”

Could it be that she had pointed out his wrong fighting style in the Five Animal Mimicry by the lake that day and made him angry? Or was it because she didn't wait there for more than an hour?

The old man's temper was so unpredictable!

“Don't worry too much either. He still loves talent more than anything else in the end.” As Chu Junmo spoke, he took advantage of the relaxed atmosphere in the chat and handed Gu Qiqi a gilded invitation.

“I know that you’re very hardworking. Be it preparing for the entrance exam in the pharmaceutical school or preparing for the Lan Ting, it’s very exhausting. However, you have to relax for a while after studying and working. I organized this banquet. Remember to come and relax, okay?”

Although it was a question, that gentle persistence almost made people unable to refuse.

She even felt that it was a crime to reject him.

After all, who would reject such a handsome man if he asked her a question softly?

Gu Qiqi opened her mouth in astonishment.

What day was it today?

Why did Bai Yingzhu invite her to Qing Yuxuan’s cocktail party and Chu Junmo also invited her to a private banquet?

She was holding two big red envelopes in her hand. Those who didn’t know might think that she was married.

She opened it and saw that the date didn’t conflict with Bai Yingzhu’s, but...

“This is a teacher-student banquet? Would it be inappropriate for me to go?”

Chu Junmo curved his lips slightly. “Young Lady Qiqi, you’ve forgotten that my teacher isn’t anyone else but Old Master Gu. Back then, at Old Master Gu’s birthday banquet, I was overseas and heard that there was a problem with the birthday gift. I haven’t had the chance to make up for it with my teacher. For one, the students want to celebrate his birthday for him. Secondly, it’s also a rare gathering for everyone. It’s very suitable for you to participate.”

But he didn’t say anything.

Qiqi, I want to hold your hand personally and introduce you to everyone in the high society in the Imperial Capital.

In fact, he even wanted to beg his teacher to let him marry her...

Afraid of scaring this sensitive girl, he held back his real motive and deliberately spoke casually.

It was fine as long as she could participate.

Gu Qiqi thought for a while. Her grandfather would also be there. Since she wasn’t willing to return to that troublesome place in the Gu family, she could use this opportunity to meet her grandfather outside and chat with him. It wasn’t bad either.

“Okay, I’ll go.” She agreed.

The two of them chatted.

Little did she know that Bai Yingzhu hadn’t left yet.

She stood in a corner of the corridor and looked at the elegant and steady Chu Junmo.. Her eyes were bloodshot when she saw that he was chatting so gently with Gu Qiqi .

Chapter 513: No Woman Dares To Call My Name

When Bai Ying's gaze landed on Chu Junmo, it was a little entangled and shy.

She watched from afar and didn't dare to walk forward for a long time because she was afraid that this noble man would be unhappy.

But Gu Qiqi could actually chat happily with him!

She was really angry.

Bai Yingzhu's eyes reddened. She bit her peach lips in anger and roared silently in her heart.

Gu Qiqi!

You're too cheap! Too cheap! Too cheap!

She wanted to suppress me in school and in the stone gambling den. But now, she actually wanted to suppress me in front of the man I fancy!

Hmph! Initially, Gu Yuanyuan said that she had already instructed Han Bingyue to tamper with the experimental apparatus for the reexamination today. Once the experimental question was set, the test tube in front of Gu Qiqi would explode from heat.

It was considered light to blast Gu Qiqi's hateful face into pieces! If it was a heavier punishment, perhaps that country bumpkin's eyes would be blinded and she would become her younger brother's companion.

Who would have thought that in the end, Fengyang Chu actually didn't set an experimental question and changed his mind at the last minute by changing the examination time!

The trap that Han Bingyue had painstakingly created would be in vain.

Bai Yingzhu glared at the two people not far away. Her heart was filled with hatred and unwillingness. When she thought of Auntie Bai Mori's advice to her to be careful of Gu Qiqi, she felt that her aunt was right. Look, Gu Qiqi was seducing the man she liked again.

The only thing she could be proud of now was her family background and her school's awesomeness. These two were enough to kill Gu Qiqi instantly, okay?

But why didn't Chu Junmo even look at her?

Gu Qiqi must have drugged Chu Junmo and bewitched him!

It was all Gu Qiqi's fault!

After Gu Qiqi left, only Chu Junmo remained on the spot.

Bai Yingzhu finally mustered her courage and walkd forward.

"Brother Junmo... Why are you free to come to our school? Can I treat you to tea?"

She put away the hatred on her face and smiled sweetly at Chu Junmo like a pure doll.

After a long time, Chu Junmo didn't even look back.

The man's gaze followed Gu Qiqi's departing figure and locked onto it tightly, as if he couldn't bear to let go of a second.

Only when Gu Qiqi's small figure had already disappeared at the end of the small road did he slowly retract his gaze.

Bai Yingzhu carefully took a step forward again.

The proud little princess was as humble as a speck of dust in front of the man she loved. She said timidly again, "Brother Junmo..."

The man was even stingy with giving her one look. He didn't even turn around and said coldly, "There's no woman in this world who can call me by my name."

"Jun..." Bai Yingzhu swallowed the last half of her words and forced a smile. "Brother Chu, I just want to treat you to a cup of coffee. I haven't seen you in a long time. I miss you a little..."

Chu Junmo's eyes turned colder!

Brother Chu?

That was Gu Qiqi's exclusive term for him. How could he allow another woman to sully it?!

"Miss Bai, please have some self-respect. Our Chu clan and your Bai clan are eternal enemies. We won't talk to each other until we're old and we're dead. You better abide by your duty and not belittle yourself!"

This tone was quite heavy, cold, and heartless.

Bai Yingzhu had been blinded by a young girl's heart just now. For a moment, she actually forgot that Chu Junmo had always been a cold and heartless man!

At this moment, Bai Yingzhu felt as if ten thousand arrows had pierced her heart. She clearly heard Gu Qiqi call Chu Junmo Brother Chu.

Why could that country bumpkin do it but she couldn't?

Chapter 514: Gong Jue Woke Up Staring At Bai Mori

It was fine if he didn't let her call her name, but he even mocked her for looking down on herself.

This man was really vicious.

But she liked him very much. Even his cold look made her feel that he was incomparably charming and intoxicating.

Bai Yingzhu looked at Chu Junmo's departing back view in a daze and clenched her fists.

"One day, you'll be mine. You'll know that I'm ten thousand times better than that country bumpkin..."

"Yingzhu, have you sent out the invitation?" Gu Yuanyuan and Gu Xuexue rushed over from behind.

Bai Yingzhu put away the infatuated look on her face and snorted coldly. "Yes. Of course, that country bumpkin can't wait for such an opportunity to come into contact with high society!"

But in fact, Gu Qiqi's disdain for that invitation and the fact that she said she would go depending on her mood really made her feel a little uneasy.

If Gu Qiqi didn't go...

She had painstakingly planned to embarrass Gu Qiqi in high society circles, but she couldn't achieve that goal anymore!

Gritting her teeth, she instructed Gu Yuanyuan. "You guys hurry her too so that she won't dare to go because of her inferiority complex!"

Gu Xuexue suddenly thought of something. "Yingzhu, where's your aunt? I've been helping out at Qingyu Xuan these few days to prepare for the gala. I wanted to ask her for some professional knowledge, but I couldn't find her anywhere..."

Bai Yingzhu made a call.

Indeed, her phone was switched off.

"Ignore her. I'm the main character of the gala! All of you, make the gala beautiful for me. When the time comes, I'm going to let Qing Yuxuan's sales exceed the nine digits!"

Bai Yingzhu raised her chin proudly.

Gu Yuanyuan and Gu Xuexue quickly calculated what the nine-digit sales meant to them.

In terms of sales, the Bai clan and Qing Yuxuan split the revenue equally.

Apart from the costs, they could earn a net profit of tens of millions.

If she brought this news back to the Gu family to show off, they would be the eldest young mistress that the Gu family valued. In the future, who would still dare to punish them and shout about killing them?

That's great. If they couldn't crush Gu Qiqi with their talents, they could also crush that country bumpkin Gu Qiqi with money. It was simply too satisfying, okay?

The two of them exchanged looks and were filled with enthusiasm.

==

At the commander's residence.

Gong Jue sat in front of the cold marble conference table and stared intently at the monitoring screen that Special Assistant Lu was playing.

On the screen was the ward of the Imperial Medical University's VIP laboratory.

A woman was lying on the bed in a white coat. She was weak and pale. Beside her was a group of doctors and nurses who were busy with various tests. They kept reporting various data to the screen.

“Chief, Bai Mori is finally awake. The assassins from S Nation are also ruthless. They gave her such a strong hallucinogen. I thought that she wouldn’t wake up...” Special Assistant Lu reported.

However, Gong Jue wasn’t concerned about whether Bai Mori would wake up.

“Don’t talk nonsense. Tell me the main point! The conclusion!”

He stared intently at the data report and analysis on the screen.

Ever since that night a few days ago, he had received an emergency report that the assassins from S Nation had finally made a move on Bai Mori, and he had been paying attention to this matter personally.

But his focus had always been on the assassins in S Nation. What exactly were they going to extract from Bai Mori?!

Blood!

What exactly was in her blood?!

Those two assassins had been wandering around Bai Mori for so long that they finally seized the opportunity to extract an entire syringe of her blood.

The pretenders that Special Assistant Lu had sent out clashed with those two assassins. During the process of taking back the syringe, they quickly switched it with Gu Qiqi’s blood that had been prepared long ago into it. Then, they deliberately pretended that they couldn’t beat the other party and allowed the other party to snatch the syringe and escape.

Thus, what the assassins took away wasn’t Bai Mori’s blood, but Gu Qiqi’s blood!

Chapter 515: Cold and Heartless To Her

After the assassins took Gu Qiqi’s blood, they didn’t leave the Empire. Instead, they hid it and started to examine it.

Gong Jue’s men had eavesdropped on their report to General Teuton of S Nation. They said that the woman had been found!

General Teuton directly ordered them to bring Bai Mori back to S Nation.

At this point, it could be said that he had more than half of the motive of the S Nation killers figured out.

They were ordered by General Teuton to come to the Empire to find a woman with special blood. This woman was actually Gu Qiqi.

However, Gong Jue had deliberately set up a smokescreen and deliberately induced them to think that the person with the special blood was Bai Mori.

But what exactly was in Gu Qiqi’s blood that was worth a top-notch killer from a country to capture?

This was still a mystery!

Even the most authoritative experts in the Imperial Medical University's VIP laboratory couldn't detect anything special about Gu Qiqi's blood. There was only one phenomenon—poison. Super poison.

It caused imminent death.

Gong Jue waited for a few days, but no expert could explain this terrifying phenomenon.

However, the research wasn't without progress.

Special Assistant Lu reported carefully, "During the process of saving Bai Mori, the doctors discovered that the people from S Nation had mixed a little medicine for mental control in the hallucinogen."

"Although the dosage is small, it can be inferred that if they want to take Bai Mori away next time, they will definitely inject her with a lot of this medicine."

"Although the S Nation isn't as powerful as our Empire, their medical expertise is very formidable, especially regarding heretical research. There's a group of people specially studying them."

"This kind of mind-controlling medicine is very terrifying. It can even make a person completely forget themselves and become another person..."

As he listened to Special Assistant Lu report this news, Gong Jue's gaze became more and more solemn and cold.

Although the people in S Nation were watching Bai Mori closely now...

They had yet to realize the existence of Gu Qiqi.

But paper couldn't hide the fire.

If the secret of Gu Qiqi's blood was really exposed one day, she would be in great danger!

She would be arrested and studied like a test subject. She would be injected with a medicine that controlled her mind and turn into a plaything without a self. She might even be drained of all her blood...

As long as the above possibility flashed across Gong Jue's mind, his heart would already twitch and he would be in so much pain that he wouldn't be able to control himself.

No, he had to completely eliminate this possibility!

He stared at the data on the screen and ordered with a cold gaze, "Prepare to close the net and kill those two spies!"

Special Assistant Lu muttered to himself for a few seconds and reminded him. "The people from S Nation are very cunning. They're lurking in the school compound. If we cause too much of a commotion, we might cause panic among the students..."

Gong Jue glared at him coldly. "Are you all useless? Sooner or later, they will lay their hands on Bai Mori. When they choose to lay their hands on her, they will ambush the students and wipe them out in one fell swoop! Do you still need me to teach you this?"

Special Assistant Lu scratched his head in embarrassment. "Yes!"

Dear Chief, it wasn't that he was stupid. It was simply because Bai Mori was from the Bai family after all. It was already a little unkind of them to cheat Bai Mori so badly.

If they still used Bai Mori when she was surrounded by the bad guys... Doing this was equivalent to using Bai Mori as bait. If he was careless, Bai Mori would die.

Wasn't he too cold and heartless?

However, Special Assistant Lu looked at Gong Jue's heavy and cold face. He knew very well that Chief was completely worried about Young Lady Qiqi's safety at this moment. How could he have the slightest thought or worry for Bai Mori's safety?

Who was Bai Mori even to him?!

Chapter 516: Doting On Her

Special Assistant Lu understood this and could only sigh. Compared to Young Lady Qiqi, Bai Mori's life was too worthless in Master Jue's eyes...

Fortunately, the Bai family's bodyguards weren't bad. At the same time, the Gong family also had bodyguards disguised as bodyguards to secretly protect Bai Mori.

As long as Bai Mori didn't court death herself and did some dangerous things or disobediently leave their sight, she should still be safe.

They would kill those two assassins at the critical moment and do their best to ensure that Bai Mori wasn't taken away.

Special Assistant Lu was about to go out and execute his orders.

Gong Jue suddenly stopped him and said, "Bring me the veterinary school curriculum form to take a look!"

What?

Special Assistant Lu was about to be dumbfounded.

Chief, is it appropriate for you to look at a class schedule of a small school with your noble eyes? Is it appropriate?

However, he still obediently hacked into the Imperial Medical University's teaching system in ten seconds. With tears in his eyes, he retrieved the class schedule from his phone. "Master Jue, for you..."

"Check her class."

Her?

Who was he talking about?

Forget it. Who else could it be? It must be Young Lady Qiqi.

"I've found it! Young Lady Qiqi has lessons for the remaining half of the month..."

Gong Jue said coldly, "One request. Prevent her class time with your actions!"

Upon hearing this, Special Assistant Lu finally understood.

D*mn it. Master Jue was worried that their encirclement operation would affect Young Lady Qiqi's class! Or, he was worried that an accident would happen during the operation and Young Lady Qiqi would be implicated in school...

This careful protection was too overwhelming!

Master Jue, are you going to spoil Young Lady Qiqi to the skies?!

However, he could only swallow this choking news with tears in his eyes. He nodded fiercely. "I understand! I'll definitely do something about it! By the way, Master Jue, I remember that Young Lady Qiqi still has one more test to take in the pharmaceutical school exam. It will be postponed for a few days. It's said that Feng Yangchu will pull everyone into the wilderness to test their ability to identify medicine. Why don't we wait for Young Lady Qiqi to finish the school entrance exam before we make a move?"

Gong Jue nodded in satisfaction. "Sure."

Special Assistant Lu felt as if he had been granted amnesty and hurriedly walked out the door.

He would rather die from exhaustion than be fed dog food by the Chief.

However, just as he reached the door.

Gong Jue suddenly said coolly, "Wait a minute."

Special Assistant Lu's back turned cold. What new tricks did the Chief have in mind?

Gong Jue said, "No one is allowed to leak any information regarding her blood. Otherwise... kill the person without mercy!"

The word "kill" was bone-chilling!

Special Assistant Lu shivered. "Yes!"

Chief, other than you and me, no one knew that that was Young Lady Qiqi's blood. Those doctors were only doing the test step by step and didn't know the origin of the blood.

Special Assistant Lu rubbed his neck worriedly. Yes, he wouldn't say it. He wouldn't say it even if he was beaten to death.

He walked to the door and closed the door with trembling hands.

Just as the door was about to close, he was once again caught off guard and stuffed with a mouthful of vicious and sweet dog food!

Gong Jue turned off the monitoring screen and viewed the video on his phone.

Someone sent the Chief the video of Young Lady Qiqi taking the entrance exam of the pharmaceutical school.

Gong Jue was watching with relish.

In fact, when he saw the part where Young Lady Qiqi used Chinese medicine to torture scumbags, he even curved his lips and laughed out loud...

The Chief—who had always been as cold as a snow lotus on an ice mountain—actually laughed foolishly at Young Lady Qiqi’s video... This world was definitely a fantasy.

Special Assistant Lu shivered.. He felt that he was only one step away from choking to death.

Chapter 517: If Only She Could Marry Them

Qing Yuxuan’s VIP guest reception was scheduled for one night.

After school, Gu Yuanyuan passed by the veterinary school and even walked into the classroom specially to knock on Gu Qiqi’s desk.

“Hey, country bumpkin. Don’t forget to attend Qing Yuxuan’s cocktail party at 8 PM tonight. You don’t have to be afraid to come because you feel inferior. You have to know that in front of such an awesome jade jewelry brand like Qing Yuxuan, it’s normal to feel inferior!”

Gu Yuanyuan said proudly and left arrogantly.

Hmph! She had suffered so much in front of Gu Qiqi recently, but she had never defeated this country bumpkin once.

Now, she finally had a job that this country bumpkin couldn’t catch up to and was rendered speechless by her.

It was simply refreshing!

Gu Qiqi looked at Gu Yuanyuan’s smug back and said coldly and disdainfully, “Childish.”

However, the other students from the veterinary school didn’t think so.

They discussed enthusiastically.

“I heard that Qing Yuxuan is an old brand. It was originally bankrupt, but Gu Yuanyuan personally rescued it.”

“I heard that Gu Yuanyuan is Qing Yuxuan’s executive director. She’s so awesome!”

“Sigh, they’re about the same age. Others are already rich and flourishing in the business world. We’re still poor people in the classroom who are daydreaming...”

“I really want to go to that kind of high society banquet... There must be a lot of beautiful women. The scene must be very luxurious, right?”

“Can’t you tell just from that dress Gu Yuanyuan wore just now? That’s the latest style for this year’s autumn and winter collection. It’s extremely dazzling.”

“How beautiful! I’m so envious! Do you think that a rich young master will attend?”

"I heard that the eldest young master of the Bai family, Bai Yeyuan, is a cold and cool young master from a noble family... Also, the second young master of the Bai family is elegant, gentle, humorous, and especially popular with women. If I could marry them and become the wife of a pharmaceutical family, I wouldn't have to study so hard..."

Gu Qiqi wasn't interested in gossip at all. Furthermore, the gossip wasn't reliable at all.

Would a b*stard like Bai Lang be popular with women? Or be gentle and humorous?

Don't joke around.

However, the evening gown that they spoke of reminded her of something.

She had to return to her residence quickly to change into a dress.

It was too ridiculous to wear a school uniform to such a formal occasion.

She quickly packed her bag and rushed out.

Little Master Xiao Ning and Yang Xiaolan were waiting at the school gate.

Little Master Xiao Ning gestured at Gu Qiqi. "Qiqi, let's go to the Lan Ting to take care of things first. It's all up to you tonight. You must infiltrate the enemy and beat them to a pulp..."

Yang Xiaolan sized Qiqi up. "Qiqi, aren't you going to change into a gown?"

Gu Qiqi smiled. "I'm about to go back and change."

Only then did the boisterous Xiao Ning notice that Gu Qiqi was still wearing her school uniform. She shouted, "Damn it! If you didn't say so earlier, I would have prepared it for you. Your Gu family is so petty towards you. How could they possibly give you a gown? Come, let's go to my house to take one!"

Little Master Xiao Ning was very loyal. She belonged to the type of person who would have nothing to say if she wore the same pants as her best friend.

Yang Xiaolan also said shyly and timidly, "I also have one or two gowns at home. When I moved, I couldn't bear to sell them and secretly hid them. My family hasn't gone bankrupt yet. Dad gave me the gowns for my coming-of-age ceremony dance. Why don't you try them too, Qiqi?"

If she could watch Qiqi wear her own clothes, she would definitely be very happy, right?

It was close to her body with Qiqi's temperature and herbal fragrance...

Faced with the enthusiasm of her two good friends, Gu Qiqi was touched. She laughed and held her forehead.

Chapter 518: Blinding My Titanium Eyes

"One of you is much fatter than me..." Gu Qiqi pointed at Xiao Ning.

"One is much thinner than me..." Gu Qiqi pointed at Yang Xiaolan.

"Your clothes don't fit me. I better go home and choose a random dress."

Xiao Ning was speechless. How heartbreaking! Hey, hey, hey! Can't we enjoy ourselves happily? I've been fed by my uncle every day recently. That's why I'm a little fat, okay?

Yang Xiaolan was speechless. Qiqi was so handsome. Whatever Qiqi said was right!

Xiao Ning and Yang Xiaolan didn't have any hope that the clothes that Gu Qiqi brought home would have the resemblance of an evening gown.

They were even worried that Gu Qiqi would like a white shirt and jeans like what she said last time... Could it be that she was really going to wear such a simple outfit this time?

Thus, under their persistence.

Gu Qiqi finally agreed to bring the two of them back to Mansion Number 0 and help her choose her clothes.

When Xiao Ning pulled open the door to Gu Qiqi's closet, she finally understood why Gu Qiqi had always been simple.

Actually, when she entered the Mansion's Garden previously, she vaguely felt that something was wrong. This Mansion's Garden was the most luxurious and low-key high-end residential area in the Imperial Capital.

If she couldn't stay here just because she was rich, she had to have power!

How exactly could Gu Qiqi stay here?!

Along the way, they followed Gu Qiqi into her room. They saw that the advanced robot, Brother Yun, welcomed them politely. They saw Xiaobei speaking English. Then, they saw the king's bed in the bedroom and the opened closet door.

They all understood.

How could Gu Qiqi be simple?

Her closet full of clothes occupied an entire wall!

It had to be explained that that wall was more than ten meters long.

Gu Qiqi must be tired of looking at so many luxurious clothes. Who would want to wear them every day?

Xiao Ning swallowed her saliva and said something that deserved a beating with difficulty. "Qiqi, are you being booked by someone?"

Yang Xiaolan looked sad. "Qiqi..." Oh! She couldn't say it.

Gu Qiqi's face darkened. She knocked on their foreheads. "Why do you have the same morals as Gu Xuexue? Must you be booked by someone if you stay in a good house?"

Xiao Ning swallowed her saliva again and nodded fiercely. "Yes, yes! Please provide for me! Hurry, hurry, I want to be provided for too! Why don't you provide for me, Master Qi? I'm especially easy to provide for..."

Gu Qiqi was speechless. She knew that this person was joking.

Yang Xiaolan also gathered her courage. "I believe in Qiqi. She must have her reasons for living here."

Gu Qiqi curved her lips and smiled. She couldn't help but rub Yang Xiaolan's long hair. "My girl is still the cutest!"

Yang Xiaolan's heart skipped a beat. After so many days, she finally heard "my girl" again.

She also killed her silently by touching her head!

Her small face couldn't help but blush again. She didn't even dare to look up at Gu Qiqi.

Xiao Ning curled her lips. "Hey, Qiqi, you're releasing electricity again. Don't flirt with our innocent Xiaolan!"

Gu Qiqi had already retracted her hand and her expression became more serious. "Actually, I'm as surprised as you guys. These clothes... I didn't see them when I left in the morning."

She vaguely remembered that before she ate breakfast and prepared to go to school, Gong Jue specially asked, "Do you have clothes to wear recently?"

She nodded vaguely and left.

School uniforms were clothes too. She felt that wearing school uniforms was the easiest.

But Gong Jue filled her entire closet just after this sentence.

This stupid man was really a prodigal!

As she was thinking about this, Xiao Ning looked at the labels and shouted, "You're lying to me! Qiqi, the date of delivery on this label is clearly written two weeks ago! Also, this is the work of the great designer, Beigong Xiaojiu. Ordinary people can't order it! It blinded my titanium dog eyes, okay?"

Gu Qiqi was speechless.

So, Gong Jue had customized so many clothes for her half a month ago?

Chapter 519: The Most Beautiful Woman At The Venue

Gong Jue actually silently customized a wall of clothes for her. It was too shocking!

Did Gong Jue give instructions when they were in Qing Cheng?

When he found out that she was going to the cocktail party this time, he hired someone to ship all her clothes back in advance.

To think that she was a little angry that Gong Jue was so busy these few days and she couldn't see him.

It turned out that this man would remember what she ate and wore even when he was busy and take good care of her.

Why was she a little touched?

In order to prevent Xiao Ning from getting to the bottom of the matter, Gu Qiqi casually chose an outfit and walked towards the bathroom. "You guys choose one too!"

Xiao Ning curled her lips. "We're all women. You still have to go to the bathroom to change your clothes? We have everything that you have!"

Xiaolan was speechless. Her face flushed red again!

When Gu Qiqi came out of the bathroom, Xiao Ning and Yang Xiaolan each chose a gown. The slightly inappropriate parts couldn't be seen after the delicate Xiaolan made some slight modifications.

The two of them were busy. When they looked up, they saw Gu Qiqi.

They took a deep breath.

What a vixen!

A seemingly ordinary pearl light purple evening gown actually fit Gu Qiqi perfectly. It was exquisite like a painting. It was as if she was born with skin that was natural and elegant. Her entire person exuded a dazzling aura of nobility and charm.

Upon closer inspection, one would be able to discover the profoundness of this light.

It turned out that countless fine diamonds were embedded in that lustrous purple dress. It was as if the sky was filled with stars!

This was awesome.

No wonder the purple color that was originally a little old looked so young, energetic, and didn't lose its style which was suitable for a noble young lady.

Yang Xiaolan's eyes burned. "Qiqi will definitely be dazzling and become the most beautiful woman in the entire venue."

Xiao Ning said, "Qiqi, we're best friends. There's no distinction between us. So, I just want to ask if you can let me dig out a few diamonds..."

Gu Qiqi was speechless.

==

At the same time.

At the Gong family's old residence.

Mr. Gong slammed the table and stood up. "I heard that you have a woman outside, right?!"

Gong Qing glared at Gong Jue.

Beside him, a boy sat close to Gong Qing and stared at Gong Jue with an abnormally serious expression.

It was as if he was here to interrogate his father like his grandfather.

Faced with the old and young questioning faces, Gong Jue said lightly, "No!"

Of course, he wasn't a sugar daddy.

He was living legally with his fiancée.

"You're still quibbling?"

"If I say it's not, it's not. Do you have evidence?"

"Hmph! There were even tabloids that took a photo of you and that woman eating dinner in the revolving restaurant in the Empire State Building. You still refuse to admit it?" Gong Qing became even more furious.

Gong Jue breathed a sigh of relief after successfully obtaining the information that Gong Qing had.

It turned out that his father had only found this out and didn't know about Gu Qiqi yet.

It seemed that he had to speed up and let Gu Qiqi accept him completely as soon as possible so that she could lead a proper life with him.

Also, which blind tabloid was that? When he returned, he would let Special Assistant Lu destroy it completely! He actually dared to take a photo of me!

Yes, he had to get the high-definition photo of him kissing that stupid woman back before he destroyed it.

As he thought about this, a smile appeared on his lips.

Seeing that Gong Jue didn't take his questioning seriously at all, Gong Qing became even angrier.

But there was nothing he could do.

On the other hand, Baby Gong held it in for a long time and muttered with a terrible expression, "Papa, a man should protect his country. He can't immerse himself in women and only know how to love."

Gong Jue swept a cold glance at the boy. "Without women, how could you be born?"

The boy thought about it seriously. "You can try the test tube."

Gong Jue was speechless.

The old ones were easy to get rid of, but the young ones were the most difficult to deal with.

Gong Jue suddenly stood up. "I still have something to do! In the future, read fewer gossip tabloids."

Yes, anyway, in a few days, he will arrange for that stupid woman to meet you.

Just to shut your gossipy mouths up.

Gong Qing was about to explode from anger.

"Grandson, how do you think we're going to teach that disobedient father of yours a lesson?"

"Destroy his chance to see that woman."

The boy seemed to be in deep thought.

Chapter 520: The Little Boy Caused Trouble

The boy wasn't joking.

He had completely inherited Gong Jue's character of talking less and doing more. He meant what he said.

His big and bright eyes seemed to hold the stars in the sky. His short legs supported him as he jumped down from the sofa and said clearly, "Grandpa, the first step we have to figure out is where else they will date. The second step is to ruin their date. The third step..."

Gong Qing's eyes lit up. "Son of a b*tch! As expected of my biological grandson! You're all orderly when it comes to doing things. Oh, not bad! The third step is naturally to use a stack of money to deter that ungrateful and delusional woman who wants to be a gold digger! Let her get lost!"

The boy shook his finger in disapproval, "Grandpa, this trick of yours is too old. It's no longer popular now, and no stupid woman will fall for it. They will say, is your son only worth tens of thousands of dollars?"

Gong Qing rubbed his forehead with a headache. "That's true. Then, what do you think we should do, my good grandson?"

The boy muttered to himself for a moment and said, "The third step should be to find a man who has more charisma and handsomeness than Dad. He also has money and charm to pursue her. He will lure her into a relationship and make her abandon Dad ruthlessly. Only then can Dad see her true colors and give her up. When Dad wakes up, we will make that man ditch her. This can also punish her for being disloyal."

Gong Qing slammed the table and stood up. "Good grandson, you're awesome! Your IQ is simply countless times higher than that brat Gong Jue's. Oh, you're about to catch up to Grandpa. Sure, let's do it this way. But... where can we find such a man?"

Although that stupid son of his was much worse than him, he had never seen anyone else who was better than him.

He couldn't possibly do it himself, right?

He didn't want his wife to misunderstand. He still had to save his evenings.

The boy blinked his big eyes. "I'm afraid that only I can do it. But I'm afraid that Little Sister will misunderstand me if she finds out... Sigh, after thinking about it, perhaps Uncle Bai Lang can try."

"Bai Lang? No, which woman would be blind to choose him over Gong Jue?"

"Grandpa, don't forget that Uncle Bai Lang has been in a relationship more than I've eaten salt. His looks are a little lacking, but his skills are better."

"Skill? Technique?! Wh-what technique is good? Good grandson, don't you know too much?!" Gong Qing was flabbergasted.

But the boy said calmly, "His skills in wooing girls! My father doesn't even know how to choose a gift. I heard that he bought some red ice cream paperweight to give to girls last time. It's very childish, okay? If it were Uncle Bai Lang, he would definitely customize a heart-shaped diamond ring..."

Gong Qing was speechless. Why did his boy know so much?!

Did children without mothers mature so early?

Wuwuwu, his poor grandson.

"Grandson, you must do this well. You have to know that we're not choosing a wife for Gong Jue. We're choosing a stepmother for you. That kind of indecent woman definitely can't be let in."

"I understand, Grandpa. Sigh, who asked Dad to be so worrisome? If his taste was half as good as mine, he wouldn't have made us worry so much today."

"Sigh, that's true..."

The two of them were conspiring seriously.

Suddenly...

The living room door was pushed open.

Songsong pushed open the door with a drawing board and asked in confusion. "What diamond ring are you talking about? What stepmother? Is Jue going to woo a girl?"
