

Dear Chief 53

Chapter 53: It Only Hurts When Uncle Teaches You How to Slap Yourself! (4)

Gong Jue ate the golden mushroom that Gu Qiqi had given him without a change in his expression.

This time, everyone was stunned.

The chairman, his wife, and Special Assistant Lu all knew that Gong Jue would never allow anyone to take food for him!

It was even more impossible to use someone else's eaten chopsticks to pick up food!

On the other hand, Gu Meifeng and Gu Xuexue treated Gong Jue differently —

He found Xue Xue's food dirty. That bookworm and that little b*tch wanted to eat, but he didn't find it dirty?

This was a slap to the face.

Wasn't that too ruthless and direct!

Gu Xuexue even felt that her face was burning—it was about to peel off of her face.

Gu Meifeng grew anxious as she watched this. She tried every means possible to save her daughter's face. She thought to herself, This man is mysophobic. He definitely won't take the food. Why don't...

As smooth as she was, she immediately smiled and said, "Master, my Xue Xue isn't sensible. Why don't you let her toast you and apologize? Xue Xue, go quick!"

Holding her wine glass, Gu Xuexue put on a shy smile once more. She walked past Gu Qiqi and stopped behind Gong Jue.

Ever since the escalator had rolled down the escalator, the injuries on her hands had yet to recover and were wrapped in gauze.

When she raised the glass, the tendons on her wrist ached. She then forced a weak and fragile look on her face as if she needed protection. With shaking hands, she handed the glass to Gong Jue...

Gu Qiqi was speechless.

Why didn't she kill this little white lotus that day?

A miscalculation!

On the other side, when the chairman's wife saw that Gu Meifeng and her daughter were so capable in their actions, her complexion improved a little. She couldn't help but poke her husband. "Hubby, Gu Qiushan isn't a bad person. A medical malpractice can be big or small. You just have to compensate some money when the time comes. Why do you have to arrest him? Why don't you call and bail him out?"

Before she could finish speaking, an icy aura suddenly enveloped her, shocking her so much that her teeth started chattering.

She couldn't continue pleading with him.

Only to hear Gong Jue's cold tone and heavy voice. "Special Assistant Lu, shouldn't Qing Cheng's commercial bribes be checked? Who gave this dog the courage to let these businessmen go around helping those dishonorable people clear up relationships?"

Special Assistant Lu immediately said, "Yes, Master Jue. A businessman shouldn't interfere in a case that has nothing to do with him. If he does, there must be an inside story! A company like this that is involved in commercial bribes everywhere isn't fit to use our technology. We have to ban them!"

After hearing these words, the chairman and his wife broke out in cold sweat!

Gong Jue was the spiritual figure of the Gong clan and their God of Fortune. If they really investigated him, there was no way they could survive.

Gong Jue never cared about these details in the past. What happened to him today?

Gu Xuexue was still inexperienced in the ways of the world and had yet to react. She raised her wine glass and said coquettishly, "Master, please calm down. It's all my fault..."

She initially thought that Gong Jue would take the opportunity to clink glasses with her and forgive her.

Didn't all those men in the business world fall for Gu Qiushan's tricks when he brought her out to socialize in the past?

At most, he would pinch her buttocks and laugh like a trumpet flower.

But she never expected that Gong Jue's reaction would be different from those men!

"Since you know your mistake, get lost!"

Gong Jue reprimanded her coldly.

Get lost...

Her idol actually told her to get lost!

Gu Xuexue's eyes brimmed with tears. How could she be willing to "scram" so shamelessly? She said with a sobbing tone, "Master I beg you to forgive me. Please save my Uncle. That operation was anesthesia performed by Gu Qiqi. She was the one who committed the crime and she should be arrested..."

As she spoke, she leaned towards Gong Jue and tried to use her soft body to awaken this cold man's trace of pity.

Gu Qiqi frowned. Was this her business again?

This little white lotus really knew how to drag people down with her. She wanted to frame her for her mistake in anesthesia but there was no end to it.

At this moment, she didn't know why she was not most concerned about Gu Xuexue framing her, but Gu Xuexue leaning towards Gong Jue's body.

That white and greasy meat was about to touch Gong Jue!

Gu Qiqi felt extremely uncomfortable!

For some reason, she felt as if her territory had been violated.

This was too strange!
