

**Dear Chief 531**

**Chapter 531: Letting The Dog Bite**

Gu Yuanyuan clenched her fists and said to Gu Xuexue, "You socialize here. I'll go and keep an eye on that b\*tch and see what she's up to!"

Gu Xuexue rolled her eyes and suggested a plan. "Sister Yuan Yuan, didn't that 'General' that your father raised just obtained first place in the championship competition? I think I saw your servant bring that 'General' to the pet beauty shop next door for a cosmetic surgery just now. Why don't you bring her over? A dog's nose is the most sensitive. It will definitely be able to follow her smell and find that b\*tch..."

General was Gu Enlong's competition dog.

It wasn't big, but it was extremely fierce!

Just now, in the Asian Fighting Dog Finals, it had bitten a Chow Chow that was three times its size and won the championship.

Thus, Gu Xuexue's rotten idea wasn't to let Gu Yuanyuan find someone at all.

She was clearly hinting to Gu Yuanyuan to let the dog bite her!

It would be best for it to bite Gu Qiqi until she was beyond recognition! Blood would splatter on the spot! That would be satisfying.

Indeed, Gu Yuanyuan understood and smiled. "This suggestion is good."

==

The second floor of the flagship store was a rest area. There were no customers and the lights were dim.

Gu Qiqi fumbled forward and suddenly tripped.

A little boy was squatting in the corner. He buried his head in his knees in loneliness and his shoulders were still twitching.

He seemed to be crying.

Yet, he seemed to be holding it in.

Gu Qiqi's heart softened.

Unfortunately, she was still in a hurry to find Xiao Ning and didn't have much time. She only rubbed that boy's thick black hair lightly. "I'm sorry. I didn't bump into you, right?"

The boy didn't look up and hummed gloomily. "Men aren't that afraid of pain."

Gu Qiqi smiled.

What a brat!

"Where's your family?"

"I don't have a family." The boy was unhappy.

"Why not? Didn't your parents bring you here?"

The boy was silent for a moment. "Dad is going to marry my stepmother."

These words expressed all his sadness.

He had come up to look for Bai Lang just now, but he heard Bai Lang calling someone outside the washroom.

In order to be polite, he didn't enter to disturb him and only waited quietly outside.

But as he listened, he realized that something was wrong!

"Gong Jue, are you really going to marry her? Can you not tease me? What? You sent the marriage token to the Gu family?! You're crazy! You're really overwhelmed by this little vixen! Where's your son? Aren't you going to consider your son's feelings? Aren't you going to ask him if he accepts this stepmother? Gong Jue, you're too selfish... What? You're saying that this isn't selfish? You're the one who's going to marry a wife, not them? Damn it. Do you still dare to say something more infuriating?... Hey, hey, hey, why are you hanging up on me..."

Bai Lang's every word pierced the boy's heart.

He initially thought that his father was just dating her first. He didn't expect that he was already talking about marriage.

But Dad didn't care about his opinion at all.

How infuriating.

When he married Little Sister in the future, he definitely shouldn't inform that d\*mned dung!

When Bai Lang came out, the boy didn't approach him. Instead, he squatted alone in a dark corner and silently licked his wounds.

For some reason, Gu Qiqi felt a little sympathetic when she saw how sad this boy was. His small face was completely buried in his knees and he refused to look up no matter what. She actually felt terrible!

"I don't know how to comfort you, but I know that people will encounter many difficult things in their lives. The only thing we can do is to change what can be changed and accept what can't be changed. Do you understand?"

She thought that this logic was too difficult and profound.

Unexpectedly, the boy actually moved and slowly looked up...

"Yes, I understand."

Just as those big black grape-like eyes were about to meet Gu Qiqi's eyes...

Suddenly, a dog bark came from the corner of the staircase!

A short and valiant crowned hound rushed over.

Its sharp fangs were bared. It was obvious that someone had stimulated its fighting spirit and made Gu Qiqi and the boy its target!

### **Chapter 532: The Scene Was Savage, and Not Suitable for Adorable Children**

The corridor outside the washroom was very dark.

In the darkness, only bright dog eyes could be seen flashing as they approached them in a split second!

Gu Qiqi instinctively stood in front of the boy to protect him.

Who would bring a mad dog to cause trouble at such a high-end cocktail party? The person didn't even chain the dog. Was he retarded?

As the Chinese crested dog pounced over, Gu Qiqi remembered everything in a flash.

She recognized this dog!

This was a dog that Gu Enlong had bought. It was ugly and fierce. It specialized in various competitions and won by biting and strangling other dogs. Gu Yuanyuan often brought this dog out to strut around. No one dared to provoke her and her dog.

Later on, this dog became old and retired. In order to buy the company's shares and curry favor with Gu Enlong and Gu Yuanyuan, Gu Xuexue specially adopted this dog home and waited on him well in his later years.

Before she died in her previous life, Gu Xuexue said that she was going to dig out Xiaobei's organs and feed them to her pet dog. She meant this dog!

So, was it Gu Yuanyuan or Gu Xuexue who released the dog to bite her now?

No matter who it was, she would definitely make that person pay the price!

Beasts didn't know how to differentiate right from wrong, but humans did.

A vicious dog hurt people. The one who was evil wasn't a dog, but its retarded master!

Gu Qiqi's pupils shrank.

She picked up the boy's small arm first and gently carried him into the washroom. Then, she closed the door tightly and said, "Be good, don't look! Come out later!"

Yes, the scene would be a little savage later. It wasn't suitable for the adorable child.

She turned around.

Her sharp gaze landed on the long dark corridor!

The crown-hair hound bared its teeth and rushed up. It growled and was about to bite the only fair ankle under her long skirt.

That translucent skin was about to be pierced through by sharp dog teeth...

In the very next second.

“Roar...”

The crowned hound stopped abruptly an inch away from Gu Qiqi.

As if it had seen something terrifying, it rolled around on the ground and screamed.

The little dirty turtle curled its lips in disdain. “A bald and ugly dog dares to behave atrociously in front of me? Hurry up and kowtow to my master for mercy!”

That crown-hair hound immediately knelt on the ground with its two front paws obediently. It stuck out its dog butt and wagged its tail as it desperately banged its head on the ground, emitting thumping sounds.

Gu Qiqi stood there lightly. She didn’t even move her fingers and allowed the little dirty turtle to lecture the dog.

Oh, although the little dirty turtle was only the size of a fingernail, its aura was really... decent.

Looking down, she didn’t know when it had turned from red to a faint orange.

Red, orange, yellow, green, blue, indigo, and purple... Was the little dirty turtle’s level secretly raised to orange?

Yes, there have been a lot of color points recently. It wasn’t strange that the little dirty turtle could level up.

Good promotion! It was even more domineering when it disciplined dogs.

Seeing the vicious dog turn into a pug, Gu Qiqi felt really bored.

What about the evil master?

Why wasn’t she showing her face yet?

Indeed, very soon, Gu Yuanyuan, who was hiding at the staircase landing, couldn’t hold it in anymore. She walked out of the darkness. “Bullfighter, you moron! Hurry up and bite her! Show your competitive posture! If you bite the other party to death, you’ll be the champion! Hurry up!”

The dog ignored Gu Yuanyuan’s instructions.

It wagged its tail at Gu Qiqi obsequiously.

Gu Yuanyuan was stunned and in disbelief. “You... What did you feed my dog to make it curry favor with you?”

What happened to letting Gu Qiqi be bitten by a dog and become a laughing stock at the gala?

Gu Qiqi laughed sarcastically. “I fed it something to eat... If you didn’t say it, I wouldn’t have remembered... Oh, I fed it with...”

She smiled lightly and a small pill appeared in her palm. But the smile in her eyes made Gu Yuanyuan’s blood run cold!

What was that country bumpkin holding in her hand? What was she doing?!

## Chapter 533: An Eyesore Scene!

An ominous premonition struck her!

Gu Yuanyuan cut off all means of retreat. She drew the metal soft whip in her hand and whipped Bullfighter forcefully.

Bloodthirsty pleasure appeared in her fierce eyes. "Stupid dog, bite her!"

When a dog was afraid of an enemy or was too lazy to bite in a dogfight, such a whip would definitely stimulate the dog's fighting spirit.

Just now, Bullfighter had pounced over to bite her because of Gu Yuanyuan's whip at the staircase.

Gu Yuanyuan firmly believed that if this whip struck again, it would definitely make Bullfighter bite Gu Qiqi's throat!

Unfortunately, she had calculated the start correctly but not the end.

Bullfighter was stunned for a moment. His emotions had clearly started to flare up, but he still widened his dog eyes and looked at Gu Qiqi obsequiously.

Although it was actually looking at the little dirty turtle, there wasn't much difference.

Gu Yuanyuan couldn't believe that the dog was still disobedient despite being whipped!

She was about to raise her hand and whip it again.

Suddenly, Gu Qiqi flicked her fair hand.

The small black pill in her palm threw out a beautiful curve in the air.

Then, it landed on Gu Yuanyuan's collar!

It followed Gu Yuanyuan's red evening gown and rolled into her chest. It was scalded by the heat of her skin and gradually melted away in a daze, emitting a faint sour smell!

Gu Yuanyuan was dumbfounded for a moment. Wasn't this country bumpkin's medicine meant for dogs? It was meant to coax dogs, right? Why did she throw it to her?

But soon, she knew why.

The bulldog was originally looking at Gu Qiqi obediently. In the very next second, the dog sniffed the air.

Then, it became even more frantic.

The dog turned around. Its eyes shone with abnormal excitement as it pounced on Gu Yuanyuan.

Gu Yuanyuan was frightened badly.

She had always been the one to show off and scare others. When had she been frightened by a vicious dog like this before?

The usually obedient hound actually bared its teeth and bit her at this moment. Her soul almost left her body.

She was quick to react and hurriedly ran away!

Bullfighter followed closely behind and chased after her while barking.

“Help!”

As Gu Yuanyuan ran and shouted, her heart beat rapidly. This dog was crazy. Why didn't it want that country bumpkin and instead wanted to bite its master?

She finally ran to the staircase and saw that she would be able to get the servants downstairs to beat the dog to save her.

However, her long dress was bitten by the dog.

It tore open a long hole.

Gu Yuanyuan staggered and knelt on the stairs after being pulled so forcefully.

She gripped the steps tightly until her fingernails broke.

Just as she was feeling extremely unlucky...

Bullfighter loosened her skirt and leaped towards her heart.

It was as if there was something in her heart that was extremely attractive and it was determined to get it.

Its red tongue hissed and its sharp fangs widened. The stench from its saliva assaulted her senses.

Gu Yuanyuan was so frightened that her face turned pale. Her hand trembled and she rolled down uncontrollably.

Bullfighter refused to let go either. His claws gripped Gu Yuanyuan's gown tightly. He refused to separate from her even if he died.

Thus, the guests downstairs saw such an eye-catching scene.

The person and dog clung onto each other tightly as they rolled down the tall spiral staircase...

That woman was wearing a red evening gown, but it had been torn open. Large patches of skin were exposed. There were bloody marks caused by dog claws.

That dog was especially fierce and ugly. There was a tuft of fur on its head and its body was bald. There were many scars on its body. They didn't know if they were abscesses or wounds from fighting.

It persevered and bit the evening gown on the woman's chest. After biting it into pieces, it continued to bite the sponge chest pad inside...

Pieces of sponge flew everywhere.. She didn't know what that dog was trying to do. It even stuck out its tongue and bit everything...

## Chapter 534: Was That His Little Sister?!

The rich madams, who were used to seeing beautiful clothes, had never seen such a strange thing. They couldn't help but exclaim,

"Why is there a dog at the gala?!"

"What an ugly dog!"

"Oh my god! Why did it bite that woman's chest?! Is it crazy?"

"That's not right. Mad dogs bite people randomly. But why did that dog only grab that woman and bite her? Furthermore, the part of the dog that bit was so... unsightly!"

"Gasp, why does that woman's dress look a little familiar?"

"Isn't that Qing Yuxuan's executive director, the eldest daughter of the Gu family, Gu Yuanyuan? She was even toasting and chatting with me just now!"

As more and more guests recognized Gu Yuanyuan, Bai Yingzhu, who was busy socializing in the crowd, also squeezed over. She frowned and pushed Gu Xuexue. "What happened?! Hurry up and settle it!"

Gu Xuexue nodded obediently.

Actually, she had recognized her long ago.

How could she not recognize Gu Yuanyuan's clothes and the dog's look?

Although she didn't know what went wrong because she should have let the dog bite Gu Qiqi, why was Gu Yuanyuan bitten by her own dog in the end?

But she knew that it was also beneficial for Gu Yuanyuan to embarrass herself!

Originally, she could only do odd jobs, but now she could replace Gu Yuanyuan to entertain the guests well.

Originally, Gu Yuanyuan was going to take away half of her glory so that she could enjoy the glory of being the eldest daughter of the Gu family alone.

Thus, she was afraid that others wouldn't know that that woman was Gu Yuanyuan. She exclaimed, "Sister Yuanyuan, what happened to you? Servants, quickly separate her from the dog. Don't let the dog get close to my older sister! If something happens... It won't be good!"

With such a loud announcement, all the guests in the entire Medical Hall knew who the woman who was with the dog was now.

The dog was very fierce and didn't allow them to approach it. In the end, the servants covered it with a linen sheet before they carried the person and the dog out together and brought them to the pet beauty salon next door to handle them.

Unfortunately, although her life was saved, Gu Yuanyuan's reputation was completely ruined among the noblewomen of high society.

Gu Qiqi stood at the staircase. Seeing Gu Yuanyuan suffer the consequences of her own actions and Gu Xuexue taking Gu Yuanyuan's place to entertain Qing Yuxuan's guests, her lips couldn't help but curve into a cold smile.

Gu Xuexue, you're always that dark villain who hides behind to take advantage of others! When Gu Yuanyuan makes a fool of herself, you even took the opportunity to show your face.

Very good. She had really calculated everything!

However, you might not know it yet, but the more you fight to be Qing Yuxuan's master now, the more you'll lose face later...

Gu Qiqi retracted her gaze coldly and walked towards the room on the other end of the second floor.

The dog made a lot of noise just now. She vaguely heard movement in one of the rooms... Perhaps, Xiao Ning and her uncle were there!

In the washroom.

The boy waited obediently by the door.

The dog outside was barking fiercely, but it seemed to be biting another person and not that big sister from just now.

That young lady's words just now were so gentle and wise. She was so brave and handsome when she faced that vicious dog.

That pair of big black grape-like eyes flashing in the darkness was so... familiar!

Thinking about this, the boy's heart beat rapidly.

Gu Qiqi's eyes flashed across her mind once more.

As the corridor was too dark and he had been looking down in sadness previously, he only took a look when Gu Qiqi pushed him into the washroom at the end.

In a flash, he actually couldn't see Gu Qiqi's face at all. Only those bright eyes vaguely lit up his memories!

Gu Qiqi's gaze finally overlapped with that big sister from Qing Cheng Hospital in his memories and became one!

### **Chapter 535: Wash Up By Herself**

The boy breathed deeply and clenched his fists excitedly.

Her childish voice trembled. "Is this little sister the little sister that I'm looking for? It must be! It must be! No, I can't wait foolishly. A man has to take the initiative to attack! I'm going to find her..."

He didn't care that there was a dog outside. He exerted all his strength and finally pulled open the heavy door of the washroom. He staggered and ran with his short legs. "Little Sister..."

In the darkness, Gu Qiqi's back view as she stood at the staircase became even more familiar.

Actually, his memories of that meeting at Qing Cheng Hospital had already become a little fuzzy after so many days.

Furthermore, when he met Gu Qiqi in the corridor of Qing Cheng Hospital back then, she was wearing a white coat and a white mask...

In other words, the only thing he remembered was Gu Qiqi's eyes and a blurry back.

At this moment, he looked at that familiar back view at the staircase.

The boy's big eyes couldn't help but tear up.

He had waited for so many days. He had been longing for her, but he couldn't find her. But when he found out that his father was going to marry his stepmother, and he was disappointed, he finally saw the back of a familiar older sister.

Was it really her?

"Little sister..."

His childish voice was a little choked.

He only hated that her legs were too small and too short. He couldn't run over in a second.

Seeing that Gu Qiqi was at the staircase and he was about to run over, Gu Qiqi suddenly moved in the very next second.

She left in the other direction quickly!

The boy panicked and stretched out his small hand to call out to her.

But the more anxious he was, the more chaotic his footsteps became.

He lost her balance and his small body hit the ground with a muffled sound.

He was about to cry.

But he endured the pain and crawled up. He continued to chase after her while limping.

But he was still too small in the end. In the blink of an eye, Gu Qiqi's figure had already disappeared into the back door at the end of the corridor.

The boy dragged his injured leg and stood at the back door in a daze. He looked at the luxurious shopping mall that was bustling with customers outside. Where was his little sister?

He couldn't hold back his tears anymore.

"Waaa—"

==

At this moment, in a lounge on the second floor.

Gu Qiqi pried open the door and entered. She walked to the end and leaned against the thin wall to listen.

As it was the office lounge, the walls were not soundproof.

She vaguely heard rustling sounds from the room next door.

It looked like they had taken off their clothes!

Could it be that Bai Yeyuan was such a b\*stard who wanted to sleep with Xiao Ning here...

Her heart tightened and she was about to break through the wall.

Suddenly, Bai Yeyuan's cold voice traveled faintly. "Change into this! You're not allowed to reveal your back, your neck, and your legs!"

Gu Qiqi was speechless.

If her uncle only forbade his niece from wearing revealing evening gowns, it didn't sound wrong.

Then, Xiao Ning's sobbing voice traveled over. "But Little Uncle... It's dirty..."

What was dirty? Was it a skirt?

Bai Yeyuan's voice was slightly cold and emotionless. "Wash yourself first."

After speaking, Gu Qiqi heard the sound of the door opening. Then, her leather shoes rang in the corridor, and the sound of running water could be heard in the room next door...

Gu Qiqi frowned.

Could she have guessed wrongly?

Bai Yeyuan wasn't that Little Uncle?

Otherwise, why would he let Xiao Ning off so easily?

With an unresolved question in her heart, she could only ask Xiao Ning face-to-face to find out.

She thought for a while and didn't leave through the door. Instead, she pried open the window and quietly went out...

What Gu Qiqi didn't know was that...

Xiao Ning turned on the showerhead.

The warm water landed on her skin. Fresh kisses were everywhere.

She rubbed her small hands forcefully. Her hands were sticky... They were very dirty...

**Chapter 536: Ride On Your Head**

Seeing those white and dirty substances that were like toothpaste, Xiao Ning's small face deflated and she couldn't help but cry.

Wasn't she just wearing an evening gown that he didn't buy? It wasn't that revealing either. Why was he so angry?

He tore the beautiful dress that Beigong Xiaojiu had personally designed into pieces and insisted that she change into a super conservative middle-aged auntie style dress...

That dress was very expensive!

Furthermore, Qiqi had lent it to her!

But he didn't care at all. Tearing her skirt wasn't enough to vent his anger, but he actually wanted her to give it to him in the lounge...

She didn't know if it was because it was especially exciting in the dark or because there were guests downstairs, but he let her off especially quickly this time.

Xiao Ning sobbed for a while. Thinking that she still had many things to do later, she forced her tears back.

Rubbing her hands and washing her body, she clenched her small fists tightly. "Little Uncle, just you wait! One day, I'll ride on your head too! Yes, one day!"

She mumbled unconvincingly and rubbed her small hands until they were red.

==

When Gu Qiqi walked downstairs again, she bumped into Bai Yeyuan in the hall.

The man was dressed strictly in a black suit. His face was slightly cold. Even when he was socializing and exchanging pleasantries with others, his smile didn't reach his eyes.

Gu Qiqi could tell that his gaze had always been slightly raised with a trace of indifference.

Bai Lang ran over anxiously and growled at Bai Yeyuan frantically, "Brother, he's gone! He's gone!"

"Who's missing? Speak slowly." Bai Yeyuan was cold and stern.

He wasn't affected by Bai Lang's emotions at all. He even took a sip of his cocktail.

"It... It was just that when I was in the washroom, Baby Gong disappeared! Brother, quickly lend me some people. I want to comb through the long golden corridor quickly and dig out that treasure too! Otherwise, I won't be able to keep my head..."

"Are you sure that you only went to the washroom?"

"Oh, Brother, you really have sharp eyes. Nothing can escape your discerning eyes. Actually, I even chatted with a little model with a good figure that I've never seen over there..."

Bai Yeyuan straightened his back and his expression turned cold. He made a call. "Call everyone and listen to Second Young Master's instructions."

Bai Lang left as fast as lightning.

Bai Yeyuan muttered to himself for a while before he strode over and assigned them the task swiftly. "Bring someone to seal the main door first. Sweep the floors one by one. I'll check the CCTV myself."

Gu Qiqi didn't know what "treasure" they were talking about.

She only knew that Bai Yeyuan was so calm when he encountered trouble. He was fierce and decisive. Furthermore, he was focused on his career. No matter how he looked at him, he didn't look like a b\*stard who was so bored that he had the time to lay his hands on his niece.

On the other hand, Bai Lang was always doing nothing but fooling around with random people. He could seduce anyone and it was really suspicious!

But... the truth and appearance of this world were often the opposite!

He just had to ask Xiao Ning the truth tonight!

Retracting her gaze, Gu Qiqi looked at the guests in the hall.

At 8 PM sharp.

The banquet officially started.

Bai Yeyuan and Bai Lang weren't around.

Bai Yingzhu and Gu Xuexue became the hosts of the cocktail party.

Bai Yingzhu was used to such high society occasions and acted with ease. However, this was Gu Xuexue's first time entertaining so many people. Apart from being excited, she was also a little nervous.

Soon, it was time for the organizer's speech.

Bai Yingzhu generously used a few simple opening lines in French to attract the praise of the rich madams.

Gu Xuexue secretly gnashed her teeth.

### **Chapter 537: Deliberately Making Things Difficult**

Gu Xuexue thought to herself, I finally hired a private tutor recently and corrected my English accent. I'm just waiting to show off.

Who knew that this little princess who loved to show off would actually already be practising French!

The high society loved to compete on which family's young mistress knew more languages. How boring! It was as if there was no translation at home! Who would still speak a foreign language when doing business now?

But her complaints only lasted for a moment. Soon, she put on a gentle smile and raised the microphone. "On behalf of Qing Yuxuan, I welcome everyone. Qing Yuxuan is an outstanding talent in old jade jewelry, but our new designer, Yang Xiaoqing, has restored it and gave it a more magnificent life..."

Although it was inferior to Bai Yingzhu's French, her fluent and perfect pronunciation still received applause.

There were even many rich madams who were inquiring about Gu Xuexue's background. They all praised her for being able to participate in Qing Yuxuan's business operations at a young age. She could be considered to be very capable. They all thought about which nephews of the appropriate age at home could be betrothed to her.

Gu Qiqi stood at the edge of the crowd. She held a glass of Hennessy in her fair hand and shook it slowly. She watched Gu Xuexue's performance coldly.

Seeing that Gu Xuexue deliberately brushed past the crowd and deliberately revealed a provocative and smug smile to her when no one was paying attention, Gu Qiqi glared back in disdain.

The little dirty turtle said indignantly, "Master Silver, do you want me to summon a few ugly dogs from the pet beauty salon next door and make Gu Xuexue cry on the spot? Or let her make a strange moaning sound from her microphone? Or let the ceiling lightbulb smash her head? Hmph, let's see if she still has the cheek to stick her tail so high in front of you. She doesn't know the immensity of heaven and earth!"

Gu Qiqi curved her lips. "There's no need."

"Ah? Then, will we let her succeed? How infuriating!"

"Of course not. I won't use these petty tricks. I'll use my strength to slap her face. That would be more satisfying."

The little dirty turtle was speechless. Master, I don't understand!

I still prefer to kill the other party simply and roughly like Master Jue!

After Gu Xuexue finished her speech, there was thunderous applause.

The reporters took close-up photos.

The rich ladies couldn't help but ask.

"Miss Gu, did the Gu family ask you to participate in Qing Yuxuan's operations because you know jade very well?"

"Miss Gu, you should be the youngest female chairman in the business world, right? You're even one year younger than Gu Yuanyuan!"

"Miss Gu, I think your etiquette and posture are much better than Gu Yuanyuan's. Just now, Gu Yuanyuan and the dog... After that kind of thing happened, could it be that Qing Yuxuan's executive director might be changed to you in the future?"

How was Gu Xuexue a director of Qing Yuxuan? It was just that Gu Yuanyuan was unlucky tonight and she picked up a ready-made bargain.

Since there was a bargain, she didn't mind picking it up to the end.

Looking at Gu Qiqi who was at the edge of the crowd, she deliberately raised her voice and said, “Qiqi! Sister! Did you raise your hand just now too? Do you have a question to ask me too? Everyone, please make way. It’s rare for my cousin to come to such a high-end cocktail party. Let me give her a chance to ask a question, okay?”

Gu Xuexue seemed to be taking care of Gu Qiqi, but in fact, every word she said was mocking Gu Qiqi for being a country bumpkin who had never attended a high-end cocktail party!

Furthermore, Gu Qiqi would definitely not be prepared if she asked Gu Qiqi to speak by name. When the time came, it would be so embarrassing to stammer. If Gu Qiqi deliberately said something polite to praise her, that would be hypocritical. If Gu Qiqi’s temper flared up and she scolded her in public, that would be even better... She could just pretend to be a bullied white lotus. This was what she was best at.

Anyway, no matter what Gu Qiqi did or said, she would embarrass herself tonight.

If Gu Qiqi was smarter, she would pretend not to hear him. It would be safest to be a coward.

What she didn’t expect was...

Gu Qiqi’s next move!

A faint and cold voice drifted over.

### **Chapter 538: Falling into Gu Qiqi’s Pit**

Gu Qiqi spoke elegantly. After a simple sentence, she looked at Gu Xuexue deeply with a spurious smile.

Gu Xuexue’s eyes widened and she was speechless.

It wasn’t that she didn’t answer, but she didn’t understand these words at all!

What language was Gu Qiqi speaking? It wasn’t English or French. What was she doing?!

Gu Xuexue was going crazy.

She didn’t know the content of Gu Qiqi’s question. How was she going to answer?

She was the one who was embarrassed now.

Holding back her smile, Gu Xuexue helped herself out and said, “Sister, you sure know how to joke. Which country is this language of yours? Are you joking with everyone? Perhaps such jokes are popular in the countryside, but it’s not suitable here...”

She tried to fool her with the fact that Gu Qiqi was a country bumpkin.

How could those shrewd rich madams be easy to deceive?

Immediately, a diplomat’s wife stood out. “This Young Lady Qiqi speaks Hebrew. It’s a very ancient noble language. It’s not a joke from the countryside!”

Immediately, someone chimed in. “Wow, Hebrew? My son found a professional language professor and studied it for three years but didn’t manage to be accepted by him! It’s said that those who can learn it have super high IQ!”

“Isn’t this Young Lady Qiqi too knowledgeable and low-key?”

“Eh, from the looks of it, if Young Lady Yuanyuan isn’t qualified to be the executive director of Qing Yuxuan, will Young Lady Qiqi be the one to take up the role?”

The rich madams’ unintentional discussions were simply equivalent to ten thousand critical blows. Gu Xuexue couldn’t hold her face anymore.

She picked up the microphone and tried to change the topic. “Please ask the next question...”

However, someone translated Gu Qiqi’s words excitedly and asked sharply, “What Young Lady Qiqi said just now was whether your Qingyu Xuan’s jade jewelry can really improve luck and prevent disasters like you said?”

Gu Xuexue’s face stiffened.

Of course not. These superstitious words were just a publicity gimmick. Who would take it seriously?

But she couldn’t expose this trick to coax people in front of everyone. Wouldn’t that be slapping these customers and herself in the face?

Thus, it wasn’t easy for her to find some confidence in everyone’s gazes. At this moment, everything collapsed.

“This... This... You have to ask...” Gu Xuexue stammered and couldn’t answer.

Bai Yingzhu walked over unhappily and glared fiercely at her. “Useless!”

Then, she clapped her hands and greeted everyone. “Designer Yang Xiaoqing brought us the latest design just now. Let’s go and take a look together, okay?”

Gu Xuexue bit her lips and followed quickly. She couldn’t bear to let go of the next opportunity to be in the limelight.

She had done a lot of homework in advance and knew this batch of latest designs like the back of her hand. She was planning to promote it well tonight so that the rich madams could sign a big order with her and make a big contribution!

Gu Qiqi followed the crowd to the exhibition hall unhurriedly.

In the beautifully decorated exhibition hall, a batch of expensive jewelry that had been freshly made was placed on the long golden velvet table for more than ten meters. There were necklaces, bracelets, jade crowns, tassel earrings, and even an antique golden silk gaiter and jade hairpin.

What was surprising was that all the jewelry was made of the same material, but the carving technique was different.

The most luxurious thing was the decorations beside it.

In order to highlight the inseparable cooperation between the Medical Hall and Qing Yuxuan, there were actually many natural ginseng and ganoderma placed around the exhibition table as decorations to accentuate the expensive and extraordinary jade jewelry.

The rich madams felt their hearts itch. "It's so beautiful. What material is it made of? Is it for an exhibition or for sale?"

Gu Xuexue forced a smile and hurriedly rushed to the front row to introduce the items to everyone.

This was the highlight of tonight. She definitely couldn't let Gu Qiqi ruin it again!

However, her peripheral vision swept across Gu Qiqi's faint smile.

Gu Xuexue was shocked.

She kept feeling that there was a deeper pit behind her and something more terrifying was waiting for her!

### **Chapter 539: Bookworm, Stand By The Side!**

For the first time tonight, Gu Xuexue started to regret inviting Gu Qiqi to the cocktail party!

Initially, she only wanted this b\*tch to lose face and be humiliated in the high society circles so that this b\*tch would understand her destined lowly fate. But why didn't everything go according to the script?

The b\*tch appeared stunningly in a customized gown. Not only did she cause Gu Yuanyuan to leave halfway, but she also secretly learned a cold Hebrew noble foreign language. She was simply a bad omen!

Gu Xuexue swept her gaze across Gu Qiqi's calm and indifferent face with lingering fear.

That little b\*tch shouldn't have any other tricks, right?

After all, Gu Qiqi had never been involved in this business!

Back then, when Gu Qiushan was discussing business and going out to socialize, he always brought her, Gu Xuexue, along. Gu Qiqi, this bookworm, had always been despised by Gu Qiushan for being clumsy in her speech, not knowing how to socialize, and not having the talent for business...

Unless Gu Qiqi was reborn, she didn't believe that Gu Qiqi would suddenly be enlightened!

A bookworm was a bookworm. It was fine if she learned foreign language and showed off in the exam, but she had to rely on her brain to do business!

Gu Xuexue finally regained some confidence and took out the slickness that she had inherited from Gu Meifeng. "Honorable VIPs, you may have already seen that the materials used for our series of jewelry are all especially expensive Hetian Jade. It suits everyone's identities well. All of them were handmade by our chief designer, Yang Xiaoqing. They were carefully carved inch by inch. They're the limited edition for VIPs tonight. The customers outside definitely can't buy them. Also, I'll secretly tell you that everything that you see has been blessed. They were personally opened by Master Xuan Yun from Fa Yun Temple..."

Indeed, once her words fell, the venue was speechless!

"Master Xuan Yun! Oh my god, Qing Yuxuan is awesome!"

“They say that blessed jewelry can be lucky when worn. It seems that the legend that Qingyu Xuan’s jewelry can eliminate disasters and change luck is true! I want a set!”

“Save one for me too. My family lacks white jade.”

This was Qing Yuxuan’s marketing strategy. First, it emphasized that the raw materials were rare, and then they were hand-carved. Finally, it mysteriously revealed something like a Master’s Blessing... It made the jade mysterious and limited edition, creating huge demand.

Gu Qiqi looked on coldly and saw through Qing Yuxuan’s sales strategy.

That was all?

However, as customers, the rich madams didn’t realize that they had been tricked.

Upon hearing that the jewelry was so rare and matched with their identities, everyone’s eyes lit up. They put down their reservedness and started to snatch them crazily.

“Hey, don’t snatch it. I took a fancy to this Golden Hairpin first! Mrs. Liu, you don’t have long hair. Why are you snatching this from me?”

“What does it matter? I can let my hair grow and wear it in the future!”

“Madam Wang, your wrist is thick. Why don’t you let me have this thin jade bracelet?”

“No! If I can’t wear it, it’s also comfortable to admire it at home. I’m happy to do it!”

“You...”

Upon hearing everyone’s enthusiasm, Gu Xuexue was overjoyed.

The frustration from losing to Gu Qiqi in Hebrew just now was swept away.

How was it?

Bookworm, admit it. I, Gu Xuexue, am still invincible in business!

I’m destined to inherit the Gu family’s business in the future!

Even Gong Jue would prefer a woman who was at ease in the business world to be his wife and share his worries. Men’s marriage choices were extremely realistic, do you understand?

You bookworm! Stand aside!

However, just as Gu Xuexue’s smug neck was about to rise to the sky...

#### **Chapter 540: Poisonous Jade**

Just as Gu Xuexue was about to smugly raise her neck to the sky, a clear sneer suddenly traveled from behind her. “So this is the so-called popular work of Qingyu Xuan? Could it be that the person wearing it feels that he has lived too long?”

Amidst the commotion, this voice seemed especially uncoordinated.

But it also made the rich madams withdraw a little from their fervent emotions.

“Are you tired of living? What do you mean? Are you saying that we’ll become short-lived if we wear these jewelry?”

“Young Lady Qiqi, Qing Yuxuan is your Gu family’s property. Does your family know that you’re saying this?”

“Everyone, listen to Young Lady Qiqi. Perhaps, there’s some inside story behind this?”

“That’s right. What exactly is going on?”

These rich ladies were all smart and quickly smelled something unusual.

Even Mrs. Liu and Mrs. Wang, who were fighting over the golden hairpin and jade bracelets, stopped fighting and looked up at Gu Qiqi.

She watched as Gu Qiqi’s casual words negated all her hard work.

Gu Xuexue couldn’t help but feel angry in her heart. She rushed to say, “Sister, you came from the countryside and don’t know jade and jewelry. Don’t mislead everyone here...”

“If Qing Cheng is considered the countryside, then didn’t you just come to the Imperial Capital from Qing Cheng like me this year?”

Gu Qiqi smiled meaningfully.

She ruthlessly exposed Gu Xuexue’s identity. “Oh, perhaps because you’re Gu Meifeng’s daughter, you came to the Imperial Capital with your biological father’s family when you weren’t living with the Gu family in the past? I wonder if your so-called jade knowledge was learned from your biological father?”

Gu Xuexue paled.

For many years, she had minded her own birth the most.

Her disappointing father, Gu Meifeng’s ex-husband, was simply a huge stain on her noble identity.

Fortunately, Gu Meifeng changed her identity card and surname to Gu later on.

The Gu family and the outsiders had been used to calling her the Little Miss of the Gu family for so many years.

She thought that she had successfully cleared her name and become a member of the Gu family.

But she didn’t expect that Gu Qiqi would actually dare to expose her background so publicly in high society circles!

The rich madams around her all revealed looks of understanding that this Miss Xuexue wasn’t a phoenix but a wild chicken. This made her feel even more attacked! She was extremely ashamed!

Gu Qiqi, you d\*mned b\*tch! You dare to cause trouble like this?!

Her lips trembled and tears of grievance filled her eyes. “Sister, we’re both from the Gu family. Why are you defaming me like this? I was only appointed to serve the ladies because Grandpa felt that I had talent and was suitable for Qing Yuxuan’s business...”

So, Old Master Gu thought highly of Gu Xuexue?

None of the rich madams didn't know Old Master Gu's reputation. How sharp were the eyes of such a great scholar?

Everyone couldn't help but hesitate again. Could it be that Gu Xuexue was somewhat capable? Otherwise, why would Old Master Gu let her participate in such a big business?

Seeing how Gu Xuexue kept flattering herself and even used her grandfather, Gu Qiqi simply wanted to reward her by saying that she had the thickest skin!

However...

There were some things that couldn't be avoided even if one was thick-skinned!

Gu Qiqi's eyes turned colder. She laughed coldly and said, "Are you sure that Grandpa thinks that you have talent? Could it be that your talent is selling poisonous jade stones to everyone?"

Poisonous?!

Everyone was shocked and their pupils shrank. They looked at the jade jewelry in their hands.
