

Dear Chief 54

Chapter 54: He Really Couldn't Touch Women!

What had that got to do with her?

Gu Qiqi blamed herself in her heart.

Furthermore, according to her understanding, although this man with erectile dysfunction was domineering and occasionally rude, he was well-mannered overall.

She had provoked him time and time again, but he hadn't really done anything to her.

What left a deep impression on her was that it was already midnight that day. When something happened to the boy with erectile dysfunction called "Little Palm", he went to the hospital without a word and tormented himself for the entire night.

Although this man with erectile dysfunction said that he was disdainful towards women, he seemed to be quite sympathetic towards them in his heart. Of course, this excluded her!

Perhaps, Gu Xuexue would pester him like this and that flaccid man would really drink and chat happily with her?

An unknown anger surged in her heart.

Sever ties!

They had to cut ties with each other.

But in the very next moment, Gu Qiqi's eyes widened.

This man—who she thought was "well-mannered"—flew into a rage.

Gu Xuexue—who had thrown herself at Gu Qiqi to plead for leniency and force her to drink—paled and scolded her coldly.

"Get lost!"

Then, he lifted his leather boots.

He kicked Gu Xuexue away without any pity!

"Boom!"

Gu Xuexue's body was like a broken kite.

She was directly kicked to the wall and fell down fiercely again.

Gu Xuexue's wrist was wrapped in bandages. Before the fracture healed, it was broken again!

The wine glass in her hand shattered into countless pieces.

Bright red liquid flowed across her entire face.

The glass shards pierced through her skin in a shocking manner.

Gu Meifeng couldn't be bothered to plead for leniency for Gu Qiushan anymore. She shrieked and went forward to hug Gu Xuexue. "Xuexue, my precious... Master, how can you..."

"I told you to get lost. Hurry up and get lost!" The chairman couldn't tolerate it anymore. He ordered the servants to chase Gu Meifeng and Gu Xuexue out the door. Then, he threw the blood swallow—which was being fed to the dogs—onto them.

A proper banquet had been ruined by the mother and daughter pair.

Gong Jue threw down his cutlery. "Let's go!"

Gu Qiqi followed behind him.

"Master Jue..." The commander was so anxious that his forehead was covered in sweat.

Gong Jue stopped in his tracks and said coolly, "Some scum deserve to die a little harder after committing a crime."

After Gong Jue left.

The chairman pondered over the meaning of "die a little harder".

After thinking about it for a long time, he patted his head and hurriedly called his lawyer!

"How did your law firm handle the Qing Cheng Hospital case? This won't do! My opinion is that we have to play it by ear! Zhu You—who's in charge of the operation—will be sentenced to more than twenty years in jail. Can Gu Qiushan be sentenced? If he can't, then we'll give him a severe fine—a fine where he'll go bankrupt! Don't look for an excuse with me. If you anger that man, don't say that we won't be able to bear the consequences—even Qing Cheng is going to tremble!"

In the car.

Special Assistant Lu couldn't help but sigh. "Master Jue, that Gu mother and daughter are too shameless. They bullied Young Lady Qiqi and even coveted your..."

He wanted to say "beauty", but he held it back and changed his words. "So they deserve it. Master Jue, you never hit women. Today's an exception."

Hey, Master Jue was too fierce just now. He had to explain it to her in case Young Lady Qiqi thought that Master Jue was a violent person.

Special Assistant Ben had been so worried about these two people.

Gong Jue neither agreed nor disagreed. He sat down coolly like an ice sculpture.

But Gu Qiqi muttered in her heart, "Who said that he hasn't hit a woman before? He clearly hit other people's... buttocks!"

They didn't say a word along the way.

When she returned to the research base and alighted from the car, Gu Qiqi felt that something was amiss.

Gong Jue's sitting posture was too standard!

Although he was usually cold as an iceberg, he was especially cold this time. He was especially indifferent and stiff.

She couldn't help but twist her body around to take a closer look at him.

What she saw caused her heart to skip a beat.

"Special Assistant Lu, did your master... eat something wrong?"

Gong Jue's forehead was burning hot, but his thin lips were so cold that there was no color in them. A thin rash appeared on his arm.

His back was ramrod straight and he didn't move an inch. But when she gently touched the corner of his shirt, his sturdy body instantly pressed down on her fiercely!

Gu Qiqi's heart started beating rapidly.

Gong Jue's behavior was clearly a strong stress response. His physiological functions and central nervous system were in disorder. To put it simply, this was a terrifying allergy.

But she had really only given him the golden mushrooms!

She didn't want to cause his death.
