

Dear Chief 551

Chapter 551: Gu Qiqi Was Really Blind

After Bai Lang sent a message to Gong Jue to inform him, he decided to stand outside the pavilion and watch with folded arms.

Anyway, even if he rushed up, he couldn't beat the little demon!

That's right. He was that timid.

In Lan Ting.

Mrs. Liu put on the newly bought golden jade bracelet happily. It looked beautiful no matter how she looked at it.

The other noblewomen watched enviously. Half of them rushed to foot the bill and were very curious about the extraordinary effect of the jade that they had their eyes on.

Gu Qiqi explained everything to them one by one. The noblewomen were convinced.

In particular, when they heard that some jade were rich in micronutrients and that wearing them for a long time could allow the human body to absorb beneficial substances, promote blood circulation, and clear their face, they were even more interested.

This was safer than a beauty salon.

Gu Xuexue stood in the middle of the crowd in embarrassment. She watched as Gu Qiqi promoted Lan Ting and actually succeeded. She really became famous overnight. She couldn't help but hate and envy her.

She said sourly, "Sister, you're not a shareholder of this shop, right? Why are you so familiar with these stones? It's not good to brag about yourself, right?"

These words stung.

Sharing a good shop for a friend was completely different from pulling a friend into her own shop to spend.

Gu Xuexue's words made it seem like Gu Qiqi was deliberately exaggerating to cheat the rich women of their money.

Immediately, she looked over in confusion.

In particular, Mrs. Mu said sourly, "I think that you speak better than the counter lady at Lan Ting! It would be weird if there's nothing fishy here!"

She was referring to Yang Xiaolan.

Yang Xiaolan was more gentle and reserved. Naturally, she wasn't as domineering and carefree as Qiqi.

But she was also working hard to entertain the customers without stopping. She didn't slack off for a second. At this moment, she was being criticized. Her face was a little red and she didn't know how to refute it.

Gu Qiqi glanced at Mrs. Mu lightly. "I'm originally a student at the Empire Medical University. It's too normal to know about pharmaceuticals. But perhaps you don't know that this' counter lady 'you're talking about isn't an ordinary person. She's a top student from the pharmaceutical school. If you have anything you don't understand, you can naturally ask her for guidance."

Guidance?!

Mrs. Mu's nostrils flared.

She was just the counter lady!

What right did she have to ask her, the wife of a rich family, to consult her? Shouldn't she roll over and take the initiative to introduce herself?

Mrs. Mu was very disdainful, but she deliberately made Gu Qiqi and Yang Xiaolan feel embarrassed. She deliberately pointed at a pair of earrings and said, "I didn't buy an earring at Qingyu Xuan just now and was even angry. I want to ask you, Lan Ting. If your jade is so magical in medicine, what benefits can this pair of earrings bring me?! Can it help me extinguish my anger on the spot? If not, then you're cheating customers!"

Mrs. Mu's explosive voice made it clear that she was deliberately stirring up trouble and making things difficult for her.

Upon hearing this, Gu Xuexue couldn't help but secretly applaud. She thought to herself, Hmph! Do you think it's easy to do business with rich madams? Gu Qiqi, as long as you can't settle one, you'll have endless trouble!

Furthermore...

Gu Xuexue glanced at Yang Xiaolan in disdain. Wasn't she a useless student from the pharmaceutical school? She was such an unpresentable student. She was timid and had always been treated like a servant by the clinical medicine school. What big success could she achieve?

Gu Qiqi was really blind to find such an ally!

Gu Xuexue laughed and waited to watch the commotion.

Chapter 552: The Jade Used by Noble Consort Yang

This was the first time that Yang Xiaolan had been surrounded by so many people.

Their burning gazes and unfriendly questions made her sweat.

Gu Qiqi pushed through the crowd and walked to her.

She rubbed her long hair lightly and said in a low but powerful voice, "Xiaolan, believe in yourself. You can do it."

It was a simple encouragement without any nonsense.

But it was like a dose of a strengthening agent that entered Yang Xiaolan's heart!

That's right. Why was she afraid?

Qiqi had already helped her stand up for her to this extent. If she still failed to live up to expectations and couldn't take charge alone, then she would be too ashamed to face Qiqi.

In order to hold her head high today and crush that plagiarist Yang Xiaoqing, she had already endured countless nights studying and memorizing the pharmaceutical uses of various jade stones.

She had read the important points that Qiqi had marked on the pharmaceutical book more than a hundred times. She wasn't afraid even if Feng Yangchu came to test her.

Wasn't she just an arrogant and conceited rich wife in front of her?

She wasn't afraid either.

After calming down, Yang Xiaolan's eyes flashed with certainty.

She smiled lightly and held that pair of earrings in her hand. Her first words didn't conflict with the customer first. "Mrs. Mu, you have good taste. This earring is the most expensive new product in our Lan Ting. This is the only one."

Everyone's gazes landed on the earring.

The material used to make this earring was indeed very special. It wasn't ordinary monochrome jade, but two colors. The smoke-purple jade was integrated with exquisite white jade to form a small calabash shape.

"The calabash is called 'Hu Lu' in Chinese. Its name and 'Fu Lu,' are homonyms. The phrase 'Fu Lu Shuang Quan' in Chinese means enjoying fortune and blessings. Wearing a pair of small calabashes means that you will have both fortune and happiness. Your career and family will be very successful and happy. This is our designer's beautiful wish for our guests."

Yang Xiaolan's explanation made everyone nod repeatedly.

Not bad, not bad. The meaning was very good.

Mrs. Mu snorted coldly. "What about the effect?! Where's the magical effect that you're bragging about?"

Yang Xiaolan spoke neither fast nor slow. "The effect of pharmaceuticals isn't something to brag about, but it is a natural side effect. These calabash earrings are made from Qinghai Soft Jade. Its effect is to nourish the body and quench thirst. It can eliminate the heat of the lungs and relieve frustration. It nourishes the heart, lungs, throat, and hair."

"Heh heh, you couldn't have said that on purpose because I wanted to cool down just now, right?!" Mrs. Mu refused to give in.

Yang Xiaolan smiled lightly. "Of course not. It's long been recorded in the pharmaceutical records that Noble Consort Yang in the Tang Dynasty used jade to nourish the lungs and relieve heartburn. She used this Qinghai Soft Jade."

The soft jade that Noble Consort Yang used?!

The noblewomen pricked up their ears and looked at the earrings differently.

Mrs. Mu was skeptical. "Can this jade really relieve heartburn?"

Yang Xiaolan soaked the soft jade in the boiling water and washed it clean. Then, she brewed the most ordinary jasmine tea in the shop and threw the small calabash into the water to soak for more than ten seconds.

Then, she offered the tea to everyone.

A bold person took a sip. "Eh, it doesn't taste like jasmine. It actually tastes a little bitter like Buddha's hand... But it's surprisingly moisturizing to the throat."

Even Mrs. Mu couldn't help but take a sip.

After tasting it, she didn't say anything when others asked her how it was. She only pointed at the pair of calabash earrings. "I want it! Give me the bill! Hurry!"

Although she didn't comment on it, her exclamation had already overturned her questioning just now.

It was obvious that she wanted to snatch this pair of beautiful and unique earrings that only Noble Consort Yang was worthy of using.

Gu Qiqi smiled and nodded slightly at Yang Xiaolan as if she was praising her for doing well! Yang Xiaolan blushed and smiled shyly.

Gu Xuexue's expression turned ugly.

Initially, she was very confident that a useless student like Yang Xiaolan would definitely stammer and be unable to say anything.

She didn't expect Yang Xiaolan to learn so much from a bookworm and talk about sales strategies.

She couldn't help but pull on Mrs. Mu's elbow and whispered, "Mrs. Mu, don't fall for it. I know that you want to buy it as evidence and then use it for an appraisal agency to test, right?"

Unexpectedly, Mrs. Mu pushed her away.

Chapter 553: Slap After Slap

Mrs. Mu didn't give Gu Xuexue face at all. "Who said that?! I like this pair of earrings. Of course, I have to buy them!"

Gu Xuexue went out for wool but came back shorn. After being pushed away by Mrs. Mu, she looked embarrassed.

But she didn't expect that what came next would be even more embarrassing.

Yang Xiaolan didn't give Mrs. Mu the bill like she asked for.

Instead, she put the earrings into an exquisite jewelry box and handed it to the interested diplomat's wife next to her. "Madam, only you have the right to enjoy the beautiful jade that a noble consort uses. Also, you're especially fated with it. After drinking the tea just now, your face is the most rosy. This means that it's most suitable for your aura."

"Really? That's good."

The diplomat's wife was very surprised. She had wanted to buy them, but these earrings were a limited edition. There was only one pair. She also held her status and couldn't bring herself to snatch them from that vulgar Mrs. Mu.

Yang Xiaolan taking the initiative to ask her to buy it was simply too much to her liking.

Wasn't this the same as handing over a pillow when one was sleepy? This young lady was very perceptive. Not bad, not bad.

The noblewomen around her nodded. They were convinced that the earrings belonged to the diplomat's wife. After all, this person's status was the most valuable.

Mrs. Mu was about to explode from anger. She couldn't flare up at the Madam Diplomat and could only scold Yang Xiaolan. "Stupid girl, on what basis can you sell it to whoever you want?"

Yang Xiaolan said neither servile nor overbearing, "Mrs. Mu, you don't understand jade. Jade stones emphasize a lot on fate. You're not fated with this Qinghai Soft Jade. You can't force it."

"Who said that there's no fate? I was clearly the first to take a fancy to it! This jade is also suitable for my symptoms of getting angry!"

"Oh, Mrs. Mu, this jade is to extinguish the heatiness in your lungs, not anger"

"I have heatiness too..."

"The fire you have came from your own brain. It can't be extinguished by jade."

Yang Xiaolan's voice was gentle and her tone was calm.

But she had a determined strength that made Mrs. Mu speechless.

The noblewomen beside her covered their mouths and laughed. The fire in her brain?

Hahahaha, Miss Xiaolan, are you mocking Mrs. Mu for being a moron?

Mrs. Mu was completely furious. The things that she couldn't get were already making her anxious. Coupled with Gu Xuexue's strange words, she fanned the flames. "Ah, the people at the counter are already so awesome now. They actually dare to contradict the customers. Mrs. Mu, your temper is too good, right? You're already being bullied."

Mrs. Mu lost face and roared at Yang Xiaolan, "Who do you think you are? Call your boss out!"

Although Yang Xiaolan was confident, she couldn't withstand Mrs. Mu's fierce "tigress" attitude.

After being spat at by Mrs. Mu, she couldn't help but take a step back. She staggered and nearly fell.

At this moment, her waist warmed. Gu Qiqi quickly supported her. "Be careful."

Then, she raised her chin and said to Mrs. Mu in disdain, "You're looking for the boss of Lan Ting, right?"

The way Gu Qiqi helped Yang Xiaolan up handsomely and stood up for her made Mrs. Mu nearly forget that the person in front of her—who was as beautiful as a painting—was a woman.

She paused for a while and then straightened her back. "That's right! Get the boss to come out and apologize to me! I want to let the boss of Lanting fire this b*tch who contradicts her customers!"

Although the noblewomen around her hated Mrs. Mu, they were also a little curious.

That's right. Who was the owner of Lan Ting?

Which big chairman invested in it? It could actually cooperate with the Chu family?

A sly smile suddenly appeared on Gu Qiqi's exquisite face. "Come, Xiaolan, tell her who your boss is."

Yang Xiaolan pursed her lips.

That trace of timidity disappeared completely because Gu Qiqi supported her waist.

She gathered some courage and stared intently into Mrs. Mu's eyes as she said word by word.

Chapter 554: Come After Gong Jue If You're Capable

"I'm the boss of Lan Ting!"

Yang Xiaolan's words struck Mrs. Mu like lightning.

How was that possible? Could this poor and timid girl be the boss? Don't joke around!

"You're the boss, and I'm the First Lady!" Mrs. Mu raised her nose to the sky and laughed sarcastically.

"Lan Ting's Lan is my surname. If Mrs. Mu calls herself the First Lady, could it be that the current President's surname is Mu and not Gong?" Yang Xiaolan's retort successfully made Mrs. Mu suffer!

Before Mrs. Mu could retaliate...

Yang Xiaolan continued unhurriedly, "Since Mrs. Mu doesn't like our Lan Ting so much, it's better not to come here in the future to be an eyesore."

She actually issued a ban on Mrs. Mu without being servile or overbearing.

Gu Qiqi nodded in approval.

Well done!

She should ban such a b*tch. Why should she give her face?

Mrs. Mu panted and felt indignant. She refused to accept reality. "You're talking nonsense! I don't believe it! I refuse to believe it!"

“Then, I’ll prove that Madam Xiaolan is the founder of Lan Ting. You should believe me, right?” Chu Junmo’s cold voice pierced through the crowd and struck Mrs. Mu’s mind!

What?

The great CEO Chu personally testified?

That definitely couldn’t be fake.

The noblewomen no longer had any doubts. They looked at Yang Xiaolan with more admiration.

That’s right. This girl was the founder herself, but she could lower herself to serve everyone as a counter employee. One look and it was obvious that she was sincere in doing business and emphasized on customer experience.

Furthermore, she wasn’t polite to unreasonable customers and directly banned them. This made them feel even more comfortable. Those who could receive respectful treatment were people with good taste. It drew the line with the vulgar Mrs. Mu!

Seeing that even the great CEO Chu came out to speak up for Lan Ting, Mrs. Mu was simply ashamed and resentful.

Gu Xuexue, who had been trying to fan the flames, had also failed step by step. In the end, she only received loud slaps one after another!

Gu Qiqi had ruined their Qing Yuxuan!

The competitor, Lan Ting, was actually founded by Yang Xiaolan!

Those esteemed guests who originally belonged to Qing Yuxuan had become loyal customers of Lan Ting!

One blow after another came, making Gu Xuexue falter.

She saw that she had no chance of winning tonight. All her meticulous preparations had turned to nothing in front of Gu Qiqi. All her previous efforts had been wasted.

Gu Xuexue gnashed her teeth and used her last trump card. She turned around and secretly made a call. “Brother Liuchuan, Auntie Mu is a little unwell. Can you come and fetch her? Yes, okay. I’ll wait in the shop with Auntie first. The address is...”

After this commotion, the remaining half of the noblewomen who hadn’t footed the bill also handed over their money happily and carried back the jade jewelry that they liked.

Everyone liked the gentle and brave Yang Xiaolan very much. They liked the handsome and domineering Gu Qiqi even more. In addition, the two of them were very proficient in jade medicine. It was especially satisfying to chat with them.

Even if the Chu clan didn’t prepare an especially luxurious banquet, everyone just stood and chatted. They were all laughing happily.

Bai Lang was so angry that he glared at Chu Junmo from outside. You're openly snatching customers! You're trying to poach them from me!

Chu Junmo replied with a cold and disdainful look. Guests have their own legs. They can decide where to go on their own. I don't have to snatch them.

Bai Lang snorted. "Hmph! If you have the ability to compete and be arrogant with me, I want to see what capabilities you have to compete with Gong Jue and be arrogant with him!"

Bai Yingzhu hid behind Bai Lang and secretly looked at Chu Junmo.

She bit her lips and thought to herself. After this robbery of customers, the Bai and Chu families would definitely be even more irreconcilable. She was getting further and further away from Brother Junmo. Wuwuwu...!

In the blink of an eye, she saw Gu Qiqi and Chu Junmo standing so close to each other. She felt even more hurt.

Just as everyone had different thoughts—excitement, joy, depression, and sadness—a figure ran towards the Chu clan's door in a hurry!

Chapter 555: Did You Forget That It Hurt? Then, I'll Slap You Again

Through the window, Gu Xuexue saw the figure of that man running over and couldn't help but be delighted.

She was originally supporting Mrs. Mu as she sat by the side.

At this moment, she suddenly pretended to be angry and raised her voice. "Gu Qiqi, you still have an engagement with Brother Liuchuan. You're going to marry into the Mu family in the future to be a daughter-in-law. Weren't you too much to contradict your own mother-in-law in public just now? Even if you don't look at Mrs. Mu's face, you have to be polite to Mrs. Mu on account of Brother Liuchuan, right? I advise you to come and apologize to Mrs. Mu!"

Gu Qiqi was chatting with the diplomat's wife about the tense relationship and historical grudges between the Empire and S Nation. She was engrossed in her conversation when she was suddenly interrupted by Gu Xuexue. She frowned and looked unhappy.

Gu Xuexue was still here?

Had she forgotten the pain from the consecutive slaps just now?

What was her motive for coming out to cause trouble now?

She asked coolly, "Apologize? Are you sure?"

Thinking that Mu Liuchuan was about to come, Gu Xuexue became more confident. "That's right. Otherwise, people will laugh at our Gu family's daughter for not having any upbringing! How fierce is she outside? No one wants to marry an arrogant and rude wife, right?"

As he spoke, he swept his gaze across the room.

Gu Qiqi immediately understood.

It turned out that Gu Xuexue was waiting for her here.

The noblewomen present were all old. They had already become mother-in-laws or were about to become one.

Gu Xuexue deliberately raised the sensitive topic of the in-laws' relationship. Her motive was to reduce her reputation to that of a hateful wife in front of all the noblewomen.

Heh heh, how interesting.

Gu Qiqi remained calm and watched her performance.

It seemed that Gu Xuexue had forgotten about the pain from the slap just now. It's fine. I'll give you another slap later. Take it as a free gift.

Indeed, after Gu Xuexue finished speaking, Mrs. Mu seemed to have suddenly remembered this. Her dispirited spirit became active again. She patted the tea table. "Gu Qiqi, you're already so arrogant and rude before you even entered the house. If you don't apologize in public today and draw a clear line with that b*tch Yang Xiaolan, then don't even think about entering my Mu family! Liuchuan's wife has to be educated, polite, gentle, and respectful to her elders!"

Gu Qiqi smiled spuriously. "The ideal wife you're talking about can't be like Gu Xuexue, right?"

Mrs. Mu frowned. "Gu Xuexue isn't from the Gu family! My son isn't crazy. Why would he marry a fake daughter?"

These words directly reduced Gu Xuexue to nothing..

Gu Xuexue secretly vomited blood. She cursed this pig-like teammate of hers countless times in her heart.

Seriously, she had worked so hard to seek revenge for the Mu family and suppress Gu Qiqi. This pig-like teammate actually ruined her reputation.

Gu Qiqi couldn't help but laugh. "Yes. Fortunately, you're not blind yet. You can still see the truth."

Mrs. Mu thought that Gu Qiqi's praise was a gesture of goodwill. Her heart became more lively.

After all, Gu Qiqi was Old Master Gu's biological granddaughter. Coupled with the fact that she seemed to have a good relationship with the great chairman Chu and had obtained the love of so many noblewomen today, she also had an extraordinary business mindset, pharmaceutical knowledge, and social skills.

If she could subdue Gu Qiqi, she would be able to have a sidekick to help her when she went out to socialize in the future...

Although Gu Qiqi being with Liuchuan would make Liuchuan feel aggrieved, it didn't matter. Liuchuan could find another woman if he liked her. He could just take care of her outside. It was fine to let Gu Qiqi return home as a decoration.

Gu Yuanyuan had already been bitten by a dog and her reputation was ruined. Gu Xuexue was a fake daughter and out of the three Gu family daughters, only Gu Qiqi was left!

With the engagement contract, she had no choice.

Mrs. Mu thought about it carefully and made up her mind. She became more arrogant and ordered Gu Qiqi in a seemingly understanding tone.

Chapter 556: Chu Junmo Wanted to Announce His to Proposal to Marry Qiqi in Public

“Gu Qiqi, if you apologize to me in public today, I’ll reluctantly accept you as my useless daughter-in-law and let my Liuchuan try to accept you!”

The superiority in Mrs. Mu’s eyes couldn’t be concealed. It was as if her son was golden and Gu Qiqi was just a dispensable side dish.

After speaking, she felt comfortable all over.

It was as if the anger she had suffered just now had finally subsided when she trampled on Gu Qiqi.

Yes, so what if Gu Qiqi was arrogant and awesome?

Isn’t she the Mu family’s most lowly wife?

Won’t she have to kneel down and lick the feet of the Empress Dowager?

Hmph! If you don’t let me feel good today, don’t even think about entering my Mu family if you don’t apologize in public.

Yang Xiaolan gripped Gu Qiqi’s sleeves tightly. She was extremely annoyed and regretted that because of her family’s lousy matter, Qiqi had caused a fight with her future in-laws and her reputation was affected.

If she had known earlier, she would have tolerated Mrs. Mu’s humiliation just now and not let Qiqi suffer.

Upon hearing that this was the Mu family’s private matter with their prospective wife, the other noblewomen couldn’t comment rashly for a while. Although they wanted to speak up for Gu Qiqi, they couldn’t interfere recklessly in order to avoid making a fool of themselves.

Chu Junmo frowned and wanted to step forward to speak for Gu Qiqi, but he was stopped by Gu Qiqi. “Brother Chu, I’ll settle my own matter.”

Chu Junmo nodded solemnly and whispered, “Don’t be afraid... I’ll be there to help.”

He didn’t dare to say it too clearly.

But he had already made up his mind in his heart. If Mrs. Mu really threw a tantrum in public and insisted on making things difficult for Qiqi like this, and ruined the engagement in front of all the noblewomen, then he would publicly announce that he would marry Qiqi!

Qiqi wasn’t a girl that no one wanted, okay?

He wanted her so much!

Gu Qiqi looked at Chu Junmo gratefully. Oh, Brother Chu is so considerate!

But...

She had nothing to be afraid of because...

"Mrs. Mu, I think you're mistaken. Your son isn't RMB and not everyone loves him. Even if he's RMB, I, Gu Qiqi, won't be interested at all!"

Gu Qiqi's tone was clear and powerful. It stunned Mrs. Mu.

"You're not interested? Then why are you pestering my son?!"

Mrs. Mu was like a middle-aged woman who knew how to throw a tantrum. She couldn't tolerate others despising her son the most.

Immediately, she felt resentful. The jade bracelets, jade necklaces, and jade rings all over her body swayed with her fat body and clattered.

Gu Qiqi glanced at Mrs. Mu in disdain.

He said to Yang Xiaolan, "Xiaolan, help me bring over the thing that I stored with you."

Just as Gu Qiqi turned around to speak...

Mu Liuchuan pushed open the door and entered. He was just about to hear that incomparably heartbreaking sentence. Even if he was RMB, Gu Qiqi wasn't interested at all!

His heart skipped a beat. Qiqi?

When he saw his mother shouting fiercely at Gu Qiqi, he immediately understood. He rushed forward and pulled his mother back. "Mom, stop talking!"

"What's wrong? Did Mommy say something wrong? This kind of woman is so arrogant and domineering even before she's married. If you marry her, won't she flip the roof of our Mu family upside down?"

Mu Liuchuan was simply speechless towards his mother.

It wasn't easy for him to talk nonsense and play some tricks before he could beg Qiqi to take back that engagement token. After that, he wanted to steal an opportunity to win Qiqi's heart back.

But now, his shrewish mother had caused such a scene in public. How could Qiqi give him a chance?

Mu Liuchuan simply wanted to fall out with his mother.

Chapter 557: Divorce! Master Jue Tortures Scumbag (1)

Mu Liuchuan pulled a long face. "Mom, you're interfering too much. You don't have to interfere in my business."

"You... You actually used such a tone to talk to your Mommy? You've always been an obedient child. Have you been bewitched by that little b*tch Gu Qiqi? You're actually so rebellious? I'm definitely going

to interfere in this matter! If she doesn't apologize to me today, I won't agree to your marriage." Mrs. Mu became even more domineering.

Mu Liuchuan was so depressed that he wanted to jump off a building.

Mrs. Mu even said that he was an obedient child. How... ridiculous.

Unable to persuade his mother, he could only try to persuade Gu Qiqi. "Qiqi, don't quarrel with my mommy. She's old and sometimes, her words aren't sincere. She'll forget her words after speaking. You... Why don't you apologize to her a little? On account that she's an elder, can you just placate her emotions?"

Mu Liuchuan looked at Gu Qiqi earnestly.

Although his business had grown big now, he still had to rely on Old Master Mu and Mrs. Mu's support after all. He had to take into account Mrs. Mu's face.

Qiqi had always been obedient and sensible. She should... understand his painstaking effort, right?

However, when he looked over, he only saw coldness!

Apologize?

Who gave that scumbag such courage to actually make her apologize?

Gu Qiqi said coldly, "I'm sorry, but I have nothing to do with you. There's no need to take care of your emotions!"

"But we're engaged..." Mu Liuchuan still wanted to say something.

Unexpectedly, Gu Qiqi took a box from Yang Xiaolan and threw the box at him.

"Mu Liuchuan, listen carefully. Today, in front of everyone, I'll end this marriage! I, Gu Qiqi, have nothing to do with you anymore. Take back your lousy things! Please remember that it's not your Mu family's turn to point fingers at me. Now, it's me, Gu Qiqi, who doesn't want your Mu family!"

Mu Liuchuan felt as if he had been struck by lightning.

He had thought about discussing the engagement with Gu Qiqi countless times, but he never expected that Gu Qiqi would end the engagement in public again!

He thought that he had recently negotiated a few big deals abroad and the news had spread throughout the high society in the Imperial Capital. He had a little fame and became a capable new star in the pharmaceutical world.

Gu Qiqi herself studied medicine. It was impossible for her to not know the wealth and future potential that he held in his hands now.

But she actually broke off the engagement with him at his peak!

Mu Liuchuan's hands trembled slightly and he nearly couldn't hold on to that big box. "Qiqi, isn't this engagement token broken?"

“What? This little b*tch shattered our family’s ancestral token?!” Mrs. Mu couldn’t take it anymore. She looked like she was going to eat Gu Qiqi.

Mu Liuchuan hurriedly pulled her back. “Mommy, it’s fine if the keepsake is broken. As long as Qiqi is still with me...”

Gu Qiqi laughed coldly. “Who said that it was broken? Open it yourself and take a look. Don’t go back on your word!”

Mu Liuchuan opened the box skeptically.

His family’s ancestral treasure was broken. How could she find the exact same one?

There was no second stone with red jade in this world.

When the lid was lifted and the contents were revealed in front of everyone, Mu Liuchuan was completely dumbfounded.

Impossible...

Impossible...

Not only was the original engagement token intact, but there were also ten jade rings!

They were of the same texture, shape, and carving!

Chapter 558: Divorce! Master Jue Tortures Scumbags (2)

Holding these ten additional jade rings, not only was Mu Liuchuan not happy, but he also frowned tightly.

“Qiqi, what do you mean?”

“There’s no meaning to it. I really feel bad for delaying your youth for a few years. Take it as a loss for youth. Don’t be so wishy-washy and cause trouble for me!”

Gu Qiqi said domineeringly.

Gu Xuexue couldn’t even say the mocking words that she wanted to say like she was an abandoned wife that the Mu family didn’t want anymore.

Such a domineering end to the engagement. Mu Liuchuan was clearly the one who was abandoned, okay?

It was as if those ten jade rings were worthless candy. If she said that she was giving alms, then she was giving alms.

Not only Mu Liuchuan, but everyone else was also stunned.

Anyone who knew a little about jade could tell that the keepsake was expensive.

What keepsakes were the Mu family so nervous about? Young Lady Qiqi could actually throw out a bunch of them casually.

Young Lady Qiqi was very powerful herself, okay? Why would she need to marry into the Mu family?

Honestly speaking, Mu Liuchuan was just a new upstart. His mother was also vulgar. Their family wasn't worthy of Young Lady Qiqi at all, okay?

Mu Liuchuan's face turned pale from everyone's disdainful gazes.

He had really lost all her face and reputation after being rejected by Gu Qiqi in such a manner.

He refused to accept it. With an urgent expression, he wanted to walk towards Gu Qiqi and pull her hand. "Qiqi..."

"Don't call me by my name. Who are you? Why don't I know you?" Gu Qiqi said coldly. That disdainful expression was so infuriating.

Chu Junmo stepped forward and blocked Mu Liuchuan. "Young Master Mu, please respect yourself."

Mrs. Mu's eyes lit up as she pulled Mu Liuchuan back. "Liuchuan, if you don't want that kind of woman, then don't. Hurry up and put away the keepsake!"

Tenfold refund!

She had profited!

Mu Liuchuan felt increasingly embarrassed.

He had been thrown away by a woman with a keepsake and was humiliated like an abandoned husband. His mother was actually still so greedy for these keepsakes. He had really lost all his face today.

Mu Liuchuan shook Mrs. Mu off in annoyance. "Mom, don't cause trouble anymore! Haven't you embarrassed yourself enough? Go away and let me talk to Qiqi alone. If you continue to cause trouble like this, are you forcing Qiqi to be ruthless to me? Are you trying to make me unable to marry Qiqi?"

Unfortunately, he still didn't know that Gu Qiqi was already considered benevolent. An even more ruthless and terrifying person was still behind him.

He wanted to marry Gu Qiqi?

You have to be alive and breathing first.

Just as Mu Liuchuan finished speaking, a series of powerful footsteps suddenly came from outside the door.

The man's leather boots knocked against the marble floor repeatedly with an extremely cold temperature!

Bai Lang's eyes lit up.

Wow, help was finally here!

"Master Jue, quickly help me uphold justice..."

However, Bai Lang's voice wasn't noticed by the man.

The man's target was very clear. His long legs stepped into the Chu clan directly, separated the crowd, and stopped in front of the Lan Ting counter.

His extremely cold gaze was locked onto Gu Qiqi!

The reporters were so shocked that they shut their mouths and obediently put away their cameras. Which blind person would dare to take a photo of Master Jue in person without permission? They heard that a new paparazzi didn't understand last week and secretly took a photo of Master Jue eating at the revolving restaurant in the Empire State Building. They thought it was a rarity and didn't expect that after a few days, he would completely disappear without a trace... Even that newspaper company was unlucky and directly closed down.

He didn't know how Young Lady Qiqi had offended Master Jue to actually make him stare at her with such a fierce gaze!

"I heard that someone wants to marry you? Hmm?"

Gong Jue's voice was low and dangerous!

Chapter 559: Master Qi's Method of Flirting!

Once Gong Jue entered, the originally spacious Chu clan's pharmacy immediately seemed especially cramped.

The man's tall and powerful figure and cold and domineering aura exerted an irresistible pressure on everyone present.

Even a figure like Chu Junmo felt his breathing slow down despite it being on his own territory.

Gong Jue walked straight in and stopped in front of Gu Qiqi.

Under his thick eyelashes, his dark gaze was like a black hole in the universe that ruthlessly sucked Gu Qiqi's big eyes that were filled with stars. He was also like an angry lion that raised its sharp claws and couldn't wait to drag Gu Qiqi into his grasp!

"I heard that someone wants to marry you? Hmm?"

His voice was clearly low and pleasant to the ears, but Gu Qiqi could hear the hidden anger and killing intent in it!

Oh no. Why was that stupid man here?

Her beautiful eyes glanced over and saw Bai Lang gloating outside the window. Gu Qiqi rolled her eyes at Bai Lang in annoyance. It's you again!

I'll take care of you later!

Gong Jue, this living King of Hell, actually came up at this critical moment. It was really difficult to handle.

More than half of the rich madams from the noble families in the Imperial Capital were gathered here. There were also countless gossip reporters. If Gong Jue revealed a little bit of their relationship, Gu Qiqi's name would probably fly everywhere tomorrow morning. Her and Gong Jue's gossip would be known by everyone.

How was she going to have a good life in the future?

She even had to wear sunglasses when she went out!

Furthermore, the Gong family might become a formidable enemy.

Gu Qiqi's small head quickly calculated and came to the conclusion that she had to stop Gong Jue from flipping out on the spot at all costs.

Her small heart beat rapidly as she put on a particularly admiring and polite smile. She said in an exaggerated and especially admiring tone,

"The legendary Master Jue is also here to support Lan Ting. He's really close to the people, haha. Even Master Jue is concerned about the matter of this commoner girl breaking off the engagement. The legendary technological overlord loves the people as his children. It's really not a rumor! Anyway, this commoner girl definitely won't marry that kind of scoundrel. The noblewomen and big reporters present today can act as witnesses for this commoner girl! Master Jue, don't worry. With your tall and powerful presence, I believe that those scoundrels definitely won't dare to not end the engagement for this commoner girl! Don't you think so?"

Gu Qiqi struck first. The words "those scoundrels" made Mu Liuchuan and his mother's expressions turn ugly in an instant.

She kept calling herself a commoner girl and saying that Master Jue loved the people like his son. The noblewomen and reporters couldn't help but laugh. Oh, Young Lady Qiqi, you withdrew your claws quite quickly in front of Master Jue. It turned out that the domineering Young Lady Qiqi also knew how to concede in front of the living King of Hell and seek protection! Oh, it was human nature. It was understandable!

But Chu Junmo's expression was a little complicated.

Others might not know, but he knew. Gu Qiqi and Gong Jue clearly knew each other long ago, but Qiqi deliberately pretended not to know each other in front of everyone.

Did she not consider being with Gong Jue yet? Or did these two people have some secret chemistry?

Either way, it might be good news for him.

Thus, Chu Junmo remained calm and didn't say anything.

After Gu Qiqi finished speaking, her heart beat rapidly as she observed Gong Jue's expression nervously.

When Gong Jue heard the words "tall and powerful", his eyebrows twitched.

She knew that she had done the right thing!

Tsk. That stupid man liked it when she said that he was powerful, right?

He liked people who praised him!

Chapter 560: Soft Demoness Qi

However, Gu Qiqi didn't dare to lower her guard.

What if Gong Jue said "come home with me after the engagement is ended" again?! She would be dead meat!

Thus, she stared at Gong Jue anxiously. Her big black grape-like eyes blinked and her red lips moved slightly. She seemed to be using her lips to say, "Please, please. Commander-in-chief, let me off. Let's end this here, okay? My marriage has already been canceled! It's not easy for me to cut ties with the Mu family. Please don't cause trouble again, okay?"

Gong Jue stared at her with a dark expression and didn't move.

Gu Qiqi's lips twitched and a trace of anger flashed across her eyes.

Damn it. Stupid man, what are you doing?!

It actually didn't work?

Gu Qiqi pouted. Her lips moved slightly and she continued to mouth words that seemed to say, "Gong Jue! You promised me that you would give me time to think things through. You're going back on your word by coming to cause trouble now. I refuse to talk to you! I also won't agree to consider my engagement with you anymore!"

Gong Jue's eyes immediately turned cold!

"Stupid woman—"

Gu Qiqi's heart skipped a beat. No, if she wasn't soft, she couldn't be rude either.

She nearly forgot that a domineering man like Gong Jue would definitely not accept any threat.

If he really said "stupid woman, come home with me" later, she would be harmed badly by him.

She had to be soft.

Extremely soft.

She had to be soft as cotton...

"Ahem, ahem, ahem. Look, I took the initiative to end the scumbag's marriage. Wasn't I sincerely trying to solve the obstacles between us?! Can you not announce our relationship? Please, I beg you. At most, I'll return home and kiss you as compensation..." Gu Qiqi pouted. Her eyes were soft. Those silent words escaped from her lips one after another. It was simply impossible to reject her.

Gong Jue felt his Adam's apple tighten and he froze.

This stupid woman was so seductive!

He couldn't even tolerate her pleading with her eyes and lips.

What's more, she was using an attractive bargaining chip like a kiss to negotiate.

Damn it! Would he still be a man if he rejected her?

The anger in his heart was gradually appeased by her soft gaze.

The words "Stupid woman, go home with me" that were about to leave his mouth couldn't help but become, "Stupid woman, isn't it just an end to the engagement? With me as a witness, which scoundrel would dare to refuse to admit it? Hmm?"

After speaking, his gaze swept across the Mu family's mother and son coldly.

Mrs. Mu shivered and sat down on the chair. "Chief... Let's retreat! We want to retreat!"

He couldn't help but hate Gu Qiqi ten thousand times more in her heart.

Initially, she felt that it wasn't a bad idea to withdraw the engagement after receiving a tenfold keepsake. But after being stirred up by the commander-in-chief, their Mu family became known as scoundrels. How embarrassing would that be? In the future, if they took a fancy to any girl, it would be difficult to marry her.

Mu Liuchuan still refused to give up. "Master Jue, this is our private matter..."

"The engagement is a private matter. But if you insist on not backing out, that's official business!" Gong Jue's cold tone left no room for doubt.

Of course, the reporters and the noblewomen unanimously supported Gong Jue.

"Master Jue is wise!"

"Master Jue loves the people as his children!"

"Master Jue can actually support civilians when he passes by. I'm so touched..."

No one dared to suspect that he wasn't "passing by."

On the other hand, Gong Jue said proudly, "The Chu clan is an outstanding Chinese medicine practitioner. The Empire is reviving and all industries are responsible for its development. As the scientific support behind the Empire's pharmaceutical world, it's my responsibility to come to the Chu clan to help protect the Empire's Chinese medicine lineage."

Gu Qiqi staggered and nearly choked to death on her saliva.

Apart from Gong Jue, this shameless man, she really couldn't think of anyone else who could link his private affairs to the development of the country and even talk about it so self-righteously.

She had really underestimated the extent of this stupid man's shamelessness just now. She was even blindly worried that this man would expose their relationship.

He was clearly a cunning big bad wolf. He was only deliberately scaring her to achieve his goal. Hmph!
