

Dear Chief 561

Chapter 561: Buying A Treasure For His Wife

Chu Junmo's eyes darkened. He remained calm and collected. "Then, I thank Chief Gong."

The image of Gong Jue deliberately smashing the precious gift that Qiqi had given him kept flashing across his mind. He even messed up his house. He couldn't wait to tear this b*stard in front of him into two halves.

However, Chu Junmo had cultivated the ability to remain calm and amiable on the surface for many years.

He knew that when experts competed, it wasn't obvious.

A pot of good medicine needed to be slowly cooked and fire had to be controlled when fuel was added.

He was determined to get Gu Qiqi, but he had his own way...

Seeing that Chu Junmo was very sensible and didn't go against him publicly at such an occasion, Gong Jue naturally socialized casually and said, "We're all working for the country. There's no need to thank me."

Bai Lang, who was outside the window, went crazy and rolled his eyes.

Oh my! Master Jue, you were clearly saved by me, a genius doctor!! Why did you protect the little vixen and even put in a good word for the Chu Clan?! I ate dog food and still had to withstand ten thousand critical blows. How unreasonable!

Seeing that the two male idols of the Empire—one domineering and the other elegant—were chatting happily, the atmosphere between the reporters and the noblewomen became much more relaxed and cheerful.

Someone even took the initiative to ask, "I heard that Master Jue is a filial son. I wonder if he will choose a gift for his parents today?"

Gu Qiqi noticed that when that person said the words "filial son", Gong Jue's expression turned colder.

That coldness only flashed past for a moment. She almost suspected that she had seen something wrong.

Was there a problem between Gong Jue and his parents?

But in the very next second, Gong Jue's answer gave her no time to think about this question. "I can't say that I'm filial. A crude person like Gong Qing isn't suitable to accept someone else's gift. However, I have an intention of choosing a gift for Ms. Songsong."

Everyone knew that the great painter, Ms. Songsong, was Gong Jue's mother. For a moment, everyone gave him an idea.

"This necklace is made of mutton fat jade. She would probably like it."

“Master Jue, look at this ring. It’s called tourmaline. It’s said that mothers love it when their sons give them rings. It’s even more beautiful than when their husbands give it to them.”

Amidst the solicitous suggestions, Chu Junmo said lightly, “The gift that Master Jue should choose is naturally the most expensive. It’s one in a million. Young Lady Xiaolan, just take out the best highlight piece.”

Gong Jue glared at him.

He knew that this sinister guy was deliberately trying to cheat him of his money. He was probably still holding a grudge against the time when his jade inkstone was smashed.

But so what?

He would take the most expensive one! It wasn’t like he couldn’t afford it.

Furthermore, spending money for Lan Ting was also supporting his wife! Money wasn’t a big deal.

Yang Xiaolan was delighted to hear this. She carefully took out a slender brocade box from the counter.

Everyone looked over curiously and saw that it was actually a paintbrush.

It looked noble.

“Master Jue, this paintbrush is made from Qinghai Soft Jade. It’s also our treasure.”

“I’ll buy it!”

Gong Jue decided without even looking.

The noblewomen couldn’t help but click their tongues. The diplomat’s wife had only bought a pair of Qinghai soft jade earrings just now. They were already very expensive.

At this moment, seeing such a carefully carved paintbrush was simply a sky-high price.

Just as Yang Xiaolan was so happy that she carefully wrapped the paintbrush again, Gong Jue frowned.

“Master Jue, do you have other instructions...” Yang Xiaolan said nervously.

Could it be that Master Jue regretted it?

Wuwuwu, this was the biggest order of the day.

God bless that Master Jue wouldn’t go back on his word.

Chapter 562: Supporting His Wife

Fortunately, Gong Jue’s eyebrows relaxed very quickly. “No. Continue to pack it.”

He had only inadvertently seen the material of that jade pen just now and found it familiar.

Wasn’t this the jade that his wife had won from the auction used to fill the flower pots at home?

Why were they all used in Lan Ting?

Yes, that was good too. It was good to use trash.

Gong Jue didn't mind it.

At this moment, if those noblewomen knew the origins of these expensive jade stones, they would probably vomit more than three liters of blood...

If they knew that Gong Jue knew that these jade pieces were used to fill his home's flower pots, they would probably shed blood and tears after spending a lot of money to buy them willingly to increase the revenue of his wife's small shop that he invested in...

Gong Jue enthusiastically provided capital to support his wife.

Mu Liuchuan and his mother had long been squeezed to the edge.

Mu Liuchuan's eyes reddened. He couldn't express the messy emotions in his heart.

Gu Xuexue took the opportunity to urge him. "Brother Liuchuan, I don't know when my older sister became like this. As long as it's a man with power and influence, she wants to curry favor with him. Look, she's like this to CEO Chu and Master Jue..."

Seeing that Mu Liuchuan's expression was getting uglier, she hurriedly said, "Brother Liuchuan, she was like this to you in the past..."

Mu Liuchuan's expression became even uglier.

In the past, Gu Qiqi treated him well because she saw that he was young and promising with a bright future, right?

Now that an even more outstanding man was in front of her, she looked down on him and wanted to end the engagement to climb up the ranks, right?!

Seeing that she had successfully provoked Mu Liuchuan's hatred, a trace of smugness flashed across Gu Xuexue's eyes.

She added fuel to the fire. "Actually, my family probably doesn't know that she broke off the engagement today. Brother Liuchuan, if you're willing to give me another chance and return the keepsake to our Gu family, perhaps..."

Indeed, Mu Liuchuan's eyes lit up.

That's right! It was the words of a matchmaker and the orders of an elder.

He didn't believe that Old Master Gu would allow Gu Qiqi to mess around like this.

As long as he didn't agree to withdraw from this marriage and the elders of the Mu and Gu families didn't agree to withdraw it, Gu Qiqi had to abide by it and marry him!

His low mood dispersed in an instant. He even felt a little smug.

Looking at the box of jade rings in his hand, the smugness in his heart grew.

At this moment, Mrs. Mu received a call and leaned over in a panic. "Liuchuan, hurry up and settle it. Your secretary said that something big happened in the company!"

Mu Liuchuan frowned and picked up the call. "What happened? Didn't I say that I have something important to do and you shouldn't disturb me?"

After the humiliation he had received, he could finally put on the airs of a boss in front of a lowly secretary and finally receive some comfort.

The secretary's subsequent report shocked him!

"What? Repeat it for me again? You said that the few orders that we had agreed on were suddenly withdrawn? Why?! Did you bring a lawyer to find them?! They have to compensate for the withdrawal! What? They would rather compensate than continue doing business with us? Are they crazy?"

As Mu Liuchuan spoke, his expression was distorted. These bastards! They actually hit him when he was down. They must be trying to lower the price. Did they think that he would be afraid?

He roared into the phone in anger.

"Tell them that they'll regret it! I, Mu Liuchuan, no longer care about this small order in the country.. Our Mu Group has already signed a cooperation memorandum with a foreign pharmaceutical company. Soon, we'll move the production line overseas and introduce exclusive western medicine... What? The foreign partners want to terminate our cooperation with us and even sue us for loopholes in the contract?!"

Chapter 563: The Cold Master Jue

Mu Liuchuan was shocked by this last piece of news.

What he had always been most proud of was expanding the Mu Group's business overseas. It nearly monopolized the domestic sales of the latest new pharmaceutical production lines from the large foreign pharmaceutical factories.

Just based on this point, his company was doing well in the Imperial Capital's shopping mall and was praised by everyone.

But now, his secretary was telling him that this overseas partnership that he relied on to maintain his business had actually failed!

How could he accept this?

"Clang!"

The brocade box with the engagement token in his hand slipped to the ground in shock.

The jade shattered.

Mrs. Mu pounced over with tears in her eyes. She threw herself onto the ground and watched with heartache as the ancestral keepsakes fell to pieces. Even Gu Qiqi's tenfold apology gift was reduced to nothing.

Her heart was bleeding!

“Liuchuan, Liuchuan, quickly find a jade master to see if it can be repaired. Wuwuwu, it’s already turned into scraps...” The reservedness of wealth had disappeared with the passage of real money. As Mrs. Mu looked at the jade corpse, she only wanted to bang her head against the wall!

Mu Liuchuan couldn’t hear her at all.

He was dumbfounded. As his business suffered a major blow, a despairing thought flashed across his mind.

The engagement token was broken and ruined. From then on, he no longer had a reasonable reason to persuade Qiqi to marry him...

His career and his happiness were ruined...

He staggered outwards, his eyes empty and confused...

Gu Xuexue looked at Gu Qiqi, who was surrounded by a crowd, standing beside Gong Jue. Then, she looked at the defeated Mu Liuchuan. She gnashed her teeth and chased after Mu Liuchuan. “Brother Liuchuan, don’t be like this. There’s still hope...”

No, she couldn’t let Mu Liuchuan give up. If Mu Liuchuan gave up on Gu Qiqi, then Gu Qiqi would have the time to seduce Gong Jue!

She still wanted Gong Jue!

Gu Xuexue chased after him with all her might!

In the Chu clan’s pharmacy.

Gong Jue casually raised his eyes and glanced outside coldly. He saw Mu Liuchuan’s dejected look as he escaped.

His lips curved into a cold arc. Mu Liuchuan, is someone like you fit to talk about marriage with my woman?!

A new talent in the business world? A capable investor?

Heh heh!

I’ll beat you back to your original form overnight!

He retracted his gaze in disdain and stared intently at the little woman beside him.

Seeing Gu Qiqi chatting casually among the noblewomen, his eyes softened.

That’s right. This stupid woman was giving him face. She was the absolute focus of the crowd no matter where she went. Today, this light purple long dress with diamonds accentuated the highlights of her figure. It made his Adam’s apple tighten and dry up...

He felt like carrying this little woman home!

But just now, he had promised her not to expose their relationship...

Gong Jue really wanted to go back on his word!

As if sensing Gong Jue's intentions, although Gu Qiqi's back was facing him and she was talking to the Madam Diplomat, her back inexplicably tightened.

She was so worried that Gong Jue would go back on his word!

However...

In the very next second, Gong Jue said coldly, "What else hasn't been sold out?"

Yang Xiaolan was so frightened that she carefully pointed at the few ornaments on the counter.

As the noblewomen had already snatched up all the jewelry, they weren't interested in the ornaments. They were all making an appointment for the next batch of jewelry that will be delivered to Lan Ting.

"Wrap it up for me. I'll donate it to the charity organizations!"

Gong Jue suddenly gave an order.

The entire venue fell silent.

Oh my god, Chief was so savage! He actually swept Lan Ting clean!

What to do? She felt that Chief was so handsome again. The expensive ornaments that he had bought weren't for him to play with but for a donation! He was so charitable.

No one expected that Gong Jue's actions were to end this gathering as soon as possible so that he could bring his wife home and roll in bed with her.

Chapter 564: A Shocking Historical Reenactment

Thus, the launch of Lan Ting's new product tonight ended with sighs.

Lan Ting sold out unexpectedly and obtained extraordinary results!

It formed a stark contrast to Qing Yuxuan's defeat tonight.

The noblewomen were satisfied. They carried exquisite gift boxes home and were no longer afraid that their insensible husbands would despise them for buying things.

This time, they could confidently say that they bought tonics and medicine instead of vulgar jewelry.

The gossip reporters tonight were even more excited.

They received a few pieces of shocking news.

Qing Yuxuan was suspected of selling poisonous jade!

The Chu clan worked with the unknown low-key Lan Ting to shine and use jade as medicine!

The Empire's Chief Gong Jue cared about his citizens. He was domineering and handsome. He spent a lot of money for charity!

The mysterious heiress was dressed in Beigong Xiaojiu's royal design and attended the opening ceremony of Lan Ting!

Tsk.

These headlines were clearly explosive. It was enough for them to dominate the news for a week.

As for that "mysterious heiress", the reporters were moved by Gu Qiqi's personal charm. In order to not let her fall into the heart of the gossipy public, they tacitly didn't take a photo of her face and only gave her a close-up of her back.

This was the first time in the history of gossip news that reporters had shown mercy to their interviewers.

Gu Qiqi lifted her dress and deliberately left through the back door of the long golden corridor. She parted ways with Gong Jue.

However, just as she walked to the street, a black low-key car stopped silently beside her.

"Get in the car!"

The man's cold voice carried a trace of impatience.

The black car door of No. 1 was automatically opened.

The corners of Gu Qiqi's lips twitched. She could only hurriedly bend down and get into the car. Her actions were very agile. If she was any slower, she would have been captured by the reporters. She couldn't guarantee that the reporters would show mercy on such big news of seducing the Empire's Chief.

Once she entered the backseat.

Gong Jue wrapped his long arm around her and pulled her into his embrace.

"Stupid woman, don't forget to fulfill your promise just now."

"Ah? What promise?" Gu Qiqi played dumb.

Gong Jue squinted dangerously. "You want me to repeat myself here? How did you beg me with your lips just now?"

Gu Qiqi swallowed a mouthful of saliva. Her small face flushed red. "There's no need. I remember now."

Damn it! He was threatening her!

Alright, she had to accept the threat because Special Assistant Lu was still driving in the front row.

She didn't want Gong Jue's d*mned mouth to repeat her soft pleading in front of Special Assistant Lu.

She just owed him a kiss.

She would just go home and compensate him. What a petty person!

Ding!

A text message came in.

Gu Qiqi took the opportunity to pretend to look at her phone to hide her blushing face.

She thought that the absent Xiao Ning was looking for her to ask about the situation, or that Xiaolan was sharing the good news about the turnover, or that Chu Junmo was asking her if she had arrived home safely...

But she didn't expect that this message would come from Gu Xuexue.

"Sister! I'm in Room 318 at the Empire State Building Hotel. I think I drank something that I shouldn't have at the cocktail party just now. I'm dizzy now. Sister, please come and bring me home, okay? I was wrong in the past. I'll apologize to you. Sister, I'll definitely become a better human again in the future. Please save me. It's so dark here, but I can't walk anymore. I don't even have the strength to get up and close the door. I'm afraid that bad people will come in..."

Gu Xuexue's message was filled with loopholes, but she thought that her words were sincere and touching!

If it was that naive and stupid Gu Qiqi from her previous life, she might really believe it!

In fact, when Gu Qiqi saw this text message at this moment, she was still incomparably shocked.

That was because a shocking similar event in the past had actually happened again!

Chapter 565: Woman, You Owe Me A Kiss

In her previous life, Gu Xuexue had also sent her such a message!

The content was nearly identical.

However, in the content that Gu Xuexue sent back then, she asked Gu Qiqi to call Mu Liuchuan and let this "brother-in-law" save her personally.

Back then, Gu Qiqi was so kind and innocent. Of course, she didn't hesitate at all.

She had always thought that Mu Liuchuan had only gone to "save" the drunk Gu Xuexue that night.

But she never expected that at the moment of her death, she would find out the extremely disgusting truth from Gu Xuexue. "Gu Qiqi, did you know? Ten years ago, I had already gotten intimate with your Brother Liuchuan! You gave him to me personally at the Empire State Building. Ever since that time, he couldn't extricate himself from me! Hahaha!"

Gu Xuexue's smile was really despicable.

This look of secretly cheating on her for ten years was really despicable!

At this moment, Gu Qiqi looked at that familiar text message. Her knuckles turned white from the force.

Of course, she no longer cared about that scumbag Mu Liuchuan. But Gu Xuexue's despicable message still made her very uncomfortable. It wasn't because of that scumbag, but because Gu Xuexue still treated her as a fool!

Did she think that she was still so naive to believe everything she said?

What was in that room? Anyway, it definitely wouldn't be anything good!

"I want to go to the Empire State Building for ten minutes." Gu Qiqi raised her small face and said to Gong Jue.

Gong Jue's eyes tightened and he nodded in agreement.

But he had a condition. "Don't think of escaping. Don't forget what you owe me..." That kiss!

Gu Qiqi was speechless. What a petty person! He kept bringing it up!

She curled her lips and jumped out of the car agilely.

At the Empire State Building.

On the 31st floor.

Gu Xuexue hid around the corner and watched the elevator closely.

After waiting for a long time, Gu Qiqi still hadn't arrived.

Could it be that... she wasn't coming anymore?

Gu Xuexue couldn't help but make a call. Once the call connected, she immediately pinched her nose and pretended to be extremely weak. "Sister... I really can't take it anymore... It's so hot... Oh... I'm so afraid that someone will come in... Are you here?"

Gu Qiqi laughed coldly and said, "Soon."

"But why haven't I seen you yet?"

"Behind you."

Gu Xuexue felt her blood run cold. She suddenly realized that the voice in the receiver was indeed too clear. It seemed to be behind her!

Before she could turn around...

Gu Qiqi suddenly knocked the back of her head.

Gu Xuexue didn't even have the chance to scream before she collapsed to the ground.

The door to Room 318 was indeed ajar.

However, when Gu Qiqi threw Gu Xuexue in...

In the depths of the room, a man's muffled groan could be heard. "Qiqi..."

Gu Qiqi frowned in disdain. So, Mu Liuchuan was really in the room?

Heh heh, then let the scumbag pair up with the b*ch and let history continue along the path that should have been taken!

Clang!

Gu Qiqi closed the door tightly.

At that moment, she seemed to have heard the sound of a man tearing his clothes frantically in the room...

Back in Gong Jue's car.

Gu Qiqi looked relaxed. She even smiled at Gong Jue.

Gong Jue looked at her coldly as if she had succeeded in doing something bad. He didn't expose her but instructed Special Assistant Lu. "Drive faster!"

No matter what, it was better to go home so she could fulfill her "promise"!

Special Assistant Lu drove for his life and finally rushed back to Mo Yuan Mansion Number 0 before his heart stopped beating rapidly.

As if he had guessed why Master Jue was so eager to return home, his old face flushed red. After the two of them alighted, he hurriedly drove the car away...

Gu Qiqi and Gong Jue returned to their rooms side by side.

They looked like any couple who returned home late.

They had just walked to the door of Gu Qiqi's bedroom.

Before Gong Jue could open the door...

Gu Qiqi was caught off guard. She pushed Gong Jue against the door forcefully.

The man's sturdy back knocked against the door frame and made a low and pleasant sound.

Gong Jue raised his eyebrows. Why? It had been a long time since this stupid woman took the initiative. Was she going to take the initiative tonight? Yes, he didn't object.

Gu Qiqi tip-toed and kissed him lightly. "Stupid man, you have to close your eyes when kissing..."

Chapter 566: She Was A Little Serious!

Gong Jue's lips twitched.

This stupid woman was crazy?! She actually dared to order him to close his eyes?!

Why did he feel that there was something wrong with this domineering and proactive woman?

Stopping her from taking another step, Gong Jue asked in a low voice, "What were you doing at the Empire State Building just now?"

Why was she so fierce the moment she returned?

Gu Qiqi pouted and said self-righteously, "Catching people in the act!"

"Catching who?" Gong Jue's eyes turned cold.

“A scumbag and a b*tch! You’ll know tomorrow morning.”

“So what do you take me for now?!” Gong Jue’s gaze became colder.

He felt that something was wrong. What had provoked this stupid woman to use him as cannon fodder?

Gu Qiqi was still smiling. The corners of her lips had been curved slightly like this since she got into the car. “No. I just feel that I finally don’t have to cheat on you in this lifetime. I’m especially happy!”

As she laughed, she suddenly pouted and became serious. “Gong Jue, you’re not allowed to cheat on me in the future!”

Gong Jue was speechless.

Damn it! He had always been the one being cuckolded, okay?

After settling Mu Liuchuan, there was still Chu Junmo eyeing her covetously.

Gu Qiqi stretched out her hand and caressed Gong Jue’s cold eyebrows. She gently traced the shape of his eyebrows. “I couldn’t do it in the past, but I guarantee that... I’ll try my best not to let you down in the future...”

Gong Jue was speechless.

What did this d*mned stupid woman mean? She didn’t have a choice in the past? Did she cheat on him in the past? Hey, tell me clearly!

Seeing that Gu Qiqi was bold enough to force him against the door, touch him and say ridiculous things, he frowned tightly. “Have you been drinking?”

Gu Qiqi smelled faintly of alcohol and medicine. It was unknown if she had secretly drunk it at the cocktail party or if it was caused by someone else.

Gu Qiqi refused to admit it. “No! If you don’t believe me, smell me!”

As she spoke, she pouted and inched closer to him.

Gong Jue’s eyes sank!

This stupid woman was getting better at seducing people.

He was about to snatch the initiative back and press her against the door.

Suddenly, Gu Qiqi blew gently at him. “Wait a minute. I haven’t repaid what I owe you... You should close your eyes first!”

Another order!

However...

Gong Jue was willing this time.

Gong Jue held his breath.

His heart skipped a beat.

If he wanted to enjoy it, he had to give in first. He took a deep breath and slowly closed his eyes.

In fact, to match her height, he even bent down slightly so that she could “repay her debt.”

The woman’s sweet and fragrant aura slowly approached him...

Suddenly.

His forehead turned cold.

Her lips parted upon contact.

Gong Jue’s heart became even more complicated!

He was waiting for Gu Qiqi to kiss him from his forehead to his nose, then back to his lips, and then move lower... until he was satisfied...

Unexpectedly!

In the very next second, Gu Qiqi’s small body rose from his body like a slippery little fish and opened a crack in the door...

She slipped into the bedroom!

“Ka cha—”

The door was locked.

Gong Jue gnashed his teeth and pounded on the door. “Come out! You haven’t paid your debts yet!”

Gu Qiqi covered her stomach and rolled around on the bed laughing. “I’ve paid you back!”

Gong Jue retorted. “...There’s something wrong with it! It’s not the right version!”

How was this considered repayment? Did she think he was a fool?

This was completely perfunctory!

Gu Qiqi laughed until she was about to cry. She muttered slyly, “That’s right. There wasn’t a rule about where I had to kiss...”

Chapter 567: Master Jue Is Very Powerful!

Gu Qiqi rolled around on the big bed.

Haha, she actually succeeded in cheating Gong Jue once. Just thinking about it made her happy.

Tonight, she scammed Qing Yuxuan for Xiao Lan and the Bai Medical Hall for Xiao Ning. Just now, she set up a scumbag and a b*tch... Oh, she had never been so happy in her previous life.

However, there was always a tinge of bitterness in her heart. It reminded her of her own stupidity in the past. She remembered that she was kept in the dark for 18 years and lived a meaningless and stupid life like a fool. In the end, she lost all her value and was stepped on like trash...

So on the way back, she was smiling, but her heart was so sour that she felt like crying.

But when she was teasing Gong Jue just now, she saw that the usually cold and domineering Gong Jue was actually waiting for her to kiss him so obediently with his eyes closed. She was really cured in an instant.

There were really people in this world who trusted you without any conditions.

Even if you teased him, he would believe you without a doubt.

Oh, when a big dog was being teased, it was actually a little adorable. Suddenly, she felt so relaxed...

Gu Qiqi stretched lazily on the bed. The corners of her lips continued to curve up...

Gong Jue stood outside the door and even had the thought of cutting the door down!

He clenched his fists. "Stupid woman, do you think that I can't do anything after you lock the door behind me? This is my territory!"

His rough thumb pressed against the door lock!

This was an invisible fingerprint password lock. Even if it was locked, it could still be opened.

Gong Jue was feeling smug.

In the very next second, he realized that the door didn't move at all!

What happened?

He changed his left hand and his right hand. He tried the last ten fingers but couldn't open them. Only then did he remember that two days ago, Special Assistant Lu suggested that Young Lady Qiqi lived in this room and asked if he should change the fingerprint password.

Back then, he was in a good mood and casually waved his hand to instruct Special Assistant Lu to do it.

That idiot!

He agreed to change it and add Gu Qiqi's fingerprints. He didn't say that he would remove his own fingerprints!

Was that idiot paying an IQ tax?!

He had to be demoted! His bonuses would be deducted! All his vacations would be canceled!

Gong Jue was so angry that smoke was about to rise from his forehead.

Actually, he could have kicked open the door. But when he thought about how Xiaobei was still sound asleep downstairs, such a big commotion was really not good.

He shouldn't lead a child astray.

Thus, he gnashed her teeth and went downstairs. After a while, he came up with a bunch of spare keys and tried them one by one.

At this moment, a certain man started to regret not caring about the details of his life usually. He didn't know which key to open the door at all. Damn it, all the keys were like biological brothers. Why did they look so the same?!

Gong Jue was really unlucky that night. There were dozens of keys, but the correct one was actually the last one.

Damn it! There was no one in the world who was as unlucky as him right now!

When the door finally opened, he felt that he was already worn out...

But when she saw Gu Qiqi's long legs hanging by the bed... It was as if all the cells in his body had woken up in an instant. Her breathing became chaotic.

Gong Jue was very proud. He immediately walked in Gu Qiqi's direction and stood ramrod straight!

Gong Jue took a deep breath and pulled off his tie. Two buttons on his shirt were loosened as he strode towards the bed.

"Stupid woman... It's time to fulfill your promise..." He curved his lips and pulled the little demon over who was pretending to be dead on the bed!

Chapter 568: The Consequence Of Drinking Wildly Was Being Ruthlessly Killed

A charming herbal scent that carried a faint alcohol fragrance emitted from Gu Qiqi's small body.

With Gong Jue's pull, a fragrance filled his arms!

However...

Under the faint moonlight outside the window, Gong Jue realized that Gu Qiqi's eyes were actually closed. Her long and curly eyelashes cast a small shadow on her face.

Her red lips were pouted and her breathing was long.

Gu Qiqi had fallen asleep!

And she slept very well!

She actually didn't wake up even when he pulled her into his arms with such force.

Gong Jue gnashed his teeth in anger. He couldn't wait to bite her awake.

"Stupid woman! Didn't you have a good alcohol tolerance? Why are you drunk with just a little alcohol?"

"Could you be any more stupid? When you're drunk, you can hug anyone. You don't have any defense mechanism at all. You even have this seductive sleeping posture. Who are you trying to seduce?!"

"F*ck!"

Gong Jue could only express his emotions at this moment with an indignant curse.

Gong Jue closed his eyes. At this moment, he hated himself for being a man with principles.

Why did he have to promise that stupid woman back then to wait for her period to end before doing anything?

Otherwise, he would open her legs even if she was drunk today!

He should let her know that the consequences of drinking recklessly was being ruthlessly killed.

Ten minutes later.

Gu Qiqi was changed into soft and comfortable pajamas and placed neatly under a warm blanket.

Gong Jue buttoned his shirt again and tied his tie. He grabbed his jacket and made a call as he walked out. "Gather everyone and start the Robot System Architecture Research Conference! All night!"

Special Assistant Lu, who had just returned home to take a shower and was prepared to watch a small movie comfortably, was stunned. "Master Jue, aren't you with Young Lady Qiqi..."

Why was he such a workaholic when he had a woman? This didn't seem right.

It was fine if Special Assistant Lu didn't mention it, but once he did, Gong Jue became even more furious. "And you, I'll cancel all your leave and deduct your salary for the next half of the year!"

Special Assistant Lu was dumbfounded.

Gong Jue said, "When are we going to catch those two bastards from S Nation?! I don't want to see them dangling in front of my eyes anymore!"

Special Assistant Lu was speechless. Master, you were the one who instructed to take action when Young Lady Qiqi wasn't in school on the day of the entrance exam.

Gong Jue said, "What are you waiting for? I want everyone to appear at the venue in five minutes. Otherwise, don't ever come again!"

Special Assistant Lu was speechless.

He had to get up and find a pair of boxers to wear!

==

In Room 318 of the Empire State Building.

What was completely different from Gong Jue's hysterical laughter was the fiery reversal in the hotel room!

The man bullied the woman in the evening gown on the floor crazily.

Although that evening gown was already tattered beyond recognition a long time ago...

At first, the woman was a little uncooperative. But later on, she became even crazier than the man and took the initiative with him.

Gu Xuexue panted and screamed, "Brother Liuchuan, slow down... a little, okay? This is my first time..."

She didn't expect Mu Liuchuan to taste so much better than the men she had experienced before.

Clean, young, and powerful.

It was ten thousand times better than being bullied by those despicable men in Liu Dazhuang's father's territory back then.

If she had known that Mu Liuchuan was so good in bed, she would have slept with him back in Qing Cheng.

Although the lover in her dream was like Gong Jue, Mu Liuchuan could also be a spare tire.

After all, she couldn't have her male idol now. It was also good to occasionally use Mu Liuchuan to satisfy her hunger.

Hmph! Gu Qiqi actually wanted to frame her just now. She didn't expect that she actually threw a piece of fresh meat into her mouth, right?

She couldn't help but ask coquettishly, "Brother Liuchuan, am I a hundred times better than Sister? You've never liked her with that kind of bookworm personality of hers, right? Anyway, the engagement between the two of you was only set by the elders. You don't care at all, right?"

Chapter 569: Uninterrupted Torture

Mu Liuchuan didn't answer her.

He had lost all his face after being publicly humiliated. He had also suffered a serious blow from his business setback and had drunk too much alcohol in the room to drown his sorrows. At this moment, his vision had long become blurry and his mind was in a mess. He only cared about venting his emotions. How could he still be in the mood to listen to Gu Xuexue?

Since he didn't answer, Gu Xuexue took it as consent.

She felt even happier.

However, when she heard Mu Liuchuan's praise for her, her smug face immediately collapsed!

"Qiqi... Qiqi... I've wanted you for a long time... Qiqi, I only want you..."

When Mu Liuchuan was delirious, he was actually still mumbling Gu Qiqi's name!

In Gu Xuexue's ears, it was simply a great mockery.

She was clearly the one who was doing that thing with Mu Liuchuan, but Mu Liuchuan was actually still thinking about that bookworm. He had already been abandoned by that bookworm after the engagement was ended, but he was actually still thinking about that b*tch!

What did he take her for? A substitute?

Gu Xuexue flew into a rage. Unfortunately, she was too weak. Even if she was so angry that she was about to vomit blood, she had no choice but to endure Mu Liuchuan's relentless torture.

Finally...

The sky cleared up.

Exhausted, Mu Liuchuan crawled up from her body and fell to the floor in a daze. His head tilted and he fell asleep.

A second before he fell asleep, the name that escaped from his mouth was still "Qiqi."

Gu Xuexue lay on the cold floor. She was covered in wounds and her fingernails had dug out blood!

After lying for a long time, the hatred in her heart was enough to tear Mu Liuchuan into pieces. Only then did Gu Xuexue sit up.

Her skirt was completely torn. This high-end evening gown was lent to her by Bai Yingzhu. It was said that it was worth more than 100,000 dollars. But it was ruined by Mu Liuchuan just like that. How was she going to return it to that little princess Bai Yingzhu?

Thinking about this, she hated him even more.

She had no choice but to take off Mu Liuchuan's suit and put it on her body. It barely covered a few key areas. She prepared to leave the hotel quickly before the sky lit up.

However, things didn't go according to her wishes.

When she carefully pulled open Room 318...

Click! Click! Click!

The sound of cameras lighting up and the sound of shutters clicking could be heard.

A large group of reporters had unknowingly gathered outside the door. Furthermore, it was obvious that they had been waiting here for a long time after hearing the news.

Gu Xuexue realized that something was wrong and wanted to close the door and retreat. But how could she beat these scheming reporters?

The leader was strong and sturdy. He directly blocked the door and asked sharply, "Miss Xuexue, why aren't you going home late at night? Why are you in a hotel room?"

"I... was doing my homework!" Gu Xuexue pretended to be calm.

"Oh, is this homework for the nightlife?" The reporter said meaningfully. "Also, is it especially effective and creative to do homework in a man's clothes?"

Gu Xuexue was speechless. Damn it! If she had known earlier, she wouldn't have worn anything!

While the two of them were talking, a reporter had already agilely crawled into the room. He turned on the lights and exclaimed, "Isn't this the eldest young master of the Mu family, Mu Liuchuan? Why is he lying here without any clothes on? Miss Xuexue, do you know that this Young Master Mu was once your older sister's engagement partner? What did you and your former future brother-in-law do in a hotel room late at night? May I know what kind of mentality you had when you did it?"

Gu Xuexue was thunderstruck!

These definitely weren't ordinary reporters. It was obvious that they wanted to destroy her from their line of questioning...

Mu Liuchuan was a man. It didn't matter how much he slept around, but her reputation would be ruined!

How did these reporters know that she and Mu Liuchuan were here?

Could it be...

Gu Qiqi, that b*tch! B*tch! B*tch!

Chapter 570: Threatening Her

This night in the high society of the Imperial Capital was destined to not be peaceful.

The Bai family's mansion was brightly lit. Xiao Ning was ruthlessly pushed to the ground. Wearing an evening gown, she was caught off guard and her knees immediately scraped against the floor.

"You traitorous b*tch! Tell Grandpa how you seduced the outsiders and teamed up to cheat our Bai clan's Medical Hall!" Bai Yingzhu was so angry that she shivered. She couldn't wait to kick Xiao Ning a few more times.

Xiao Ning lay on the floor in a sorry state. She wiped the blood on her knees and looked up.

"On what basis do you say that I colluded with outsiders? The fact that Qing Yuxuan bought fake goods deserves to be exposed. Shouldn't our Bai family be happy to finally see Qing Yuxuan's true colors?"

The coldness in her eyes shocked Bai Yingzhu.

"Do you think you're justified! How dare you not admit your mistake!"

"Of course I'm justified. I didn't do anything wrong. Why should I admit my mistake?!"

Seeing that Bai Yingzhu couldn't out-talk Xiao Ning, Bai Mori, who was sitting next to the master seat, said casually, "I also don't believe that Xiao Ning will scheme against our Bai family. The daughter that Sister Bai Shaoyao brought up shouldn't be too bad..."

However, she changed the topic. "It's just that the cameras at the scene were destroyed by someone. Xiao Ning, the cocktail party was in chaos back then. Yingzhu and the rest were entertaining guests. Big Brother and Second Brother went to find the Gong family's little prince with bodyguards. Only you left and I don't know where you went. If someone did something to Qing Yuxuan's jade, who could that person be..."

Although Bai Mori didn't name Xiao Ning, her words were sharp and labelled Xiao Ning as the biggest suspect.

"Who else could it be? It's this b*tch! Qing Yuxuan's stones aren't poisonous at all. Xiao Ning must have been hiding in the dark and smeared some poison on the jewelry when we weren't paying attention. This caused those noblewomen to be allergic one after another! The only person who has the chance to come into contact with these jewelry is our insider! It's her!" Bai Yingzhu said decisively.

“Someone from the inside?” Xiao Ning revealed a mocking smile on her face. “Have you treated me as an insider?”

Bai Yingzhu rolled her eyes.

Bai Mori smiled gently and said, “Of course. Xiao Ning, actually, Little Aunt knows that you were also deceived, right? Did that girl named Gu Qiqi use you? As long as you admit it, we won’t make things difficult for you...”

As she spoke, she raised her voice and said to Old Master Bai, who was sitting on the master seat, “Father, is the punishment of betrayal the most serious in our Bai family’s family law?”

The old master of the Bai family was old. His vision was a little blurry and his mind was a little unclear, but he still looked dignified.

He knocked his walking stick heavily on the floor. “You must be severely punished for betraying the family!”

Bai Mori raised her eyebrows and seemed to have gotten her hands on the imperial order. “Did you hear that? Xiao Ning, the meaning of severe punishment isn’t as simple as being beaten up. Perhaps you will be expelled from the family...”

“Then, I’ll leave!” Xiao Ning raised her small face stubbornly.

She knew that these people had long disliked her.

Everything that happened today was just an excuse.

Bai Yingzhu was delighted. “Okay, then let Grandpa cut you out of the family line...”

Bai Mori waved her hand and spoke unhurriedly. Her voice was like a beautiful but poisonous snake. “Xiao Ning, it’s fine if you’re kicked out but you’ll implicate your mother, Bai Shaoyao. She will be the embarrassment of the Bai family. I heard that your father isn’t very stable. I wonder if your mother will be directly divorced by your father and driven out of the Xiao family if she is kicked out of the Bai family...”

Although Bai Mori said this with a smile, her words were so cold that it made one’s heart tremble.

Xiao Ning gnashed her teeth and curled her fists.

D*mn it! They actually used her mother to threaten her!

“Silly child, is it worth it for you to do this in order to protect that outsider Gu Qiqi? Perhaps, she’s eating well now and is splitting the money with Lan Ting behind you back. But you and your mother are going to be expelled from the house. How miserable is that? Xiao Ning, as long as you confess how Gu Qiqi schemed to frame our Bai family tonight, you don’t have to worry that your mother will be driven out of the Bai family...”
