

Dear Chief 601

Chapter 601: Caught By A Killer

Thinking that Gu Qiqi might have died an unnatural death and been killed by a foreign killer, Fengyang Chu felt terrible.

A medical genius like Gu Qiqi might not appear even in a hundred years. How could she die in front of him?

He wasn't going to let this happen!

His old hand trembled as he dug out his phone. He only dialed the correct number after several tries.

Once he opened his mouth, he went straight to the point. "Chu Junmo, hurry up and bring people to the back door of the Empire Medical University! Don't ask why! That girl Gu Qiqi is going to be killed! You have to rush over in five minutes! Otherwise, don't come and see me in the future..."

Before he could finish speaking, the other party hung up faster than him.

"I'll be there in a minute."

Chu Junmo only left behind a cold promise.

He turned around and instructed Secretary Jiao, "All the secret guards are to be mobilized. Bring my poisonous crossbow over!"

Secretary Jiao quickly went to carry out his instructions, but he was extremely shocked in his heart.

The Chu family's secret guards had never been used lightly. This time, the chairman actually made such a big exception for Young Lady Qiqi.

Furthermore, he wanted to use the Chu clan's secret poisonous crossbow...

==

The killing orders spread throughout the dense forest.

Of course, the walkie-talkie beside Gu Qiqi also made a sound.

D*mn it!

They forgot to turn off the walkie-talkie!

The moment his voice traveled out from the thorny bushes.

Gu Qiqi realized that something was wrong.

She directly pulled Qiu Qiu along and cut open the thorny bushes before retreating to the back mountain.

Bei Mingtian was stunned for a moment. He didn't hesitate and quickly caught up.

The male lotus was left in the brambles. As he was injured and unconscious, the killer was probably not interested in dealing with him either. Bei Mingtian naturally wouldn't bring him along to increase Gu Qiqi's burden.

Upon hearing the rustling sounds of retreating, the killer laughed. "Your idea wasn't bad! They really revealed themselves!"

Han Bingyue asked carefully. "They're retreating towards the back mountain. Do you want to chase after them? I... I'll stay here and wait for you to return?"

Fu Mao laughed coldly. "Didn't you say that if I kill a person, she might come out? Then, I'll try you first!"

"No! I can't! She hates me! She won't come out... Ah!"

There was a scream and a gunshot.

Han Bingyue's leg was shot and she was in so much pain that she bent over like a shrimp and rolled on the ground.

She would never have thought that she would be the first to suffer from her vicious ideas.

Fu Mao blew at the muzzle. "Oh, it seems that you're right. You're already worthless."

Like a gust of wind, that killer disappeared without a trace!

The forest was sinister and a cold wind blew!

Gu Qiqi brought Qiu Qiu along with Bei Mingtian behind her. The three of them circled around desperately and hid from the assassins.

Originally, with Gu Qiqi's agility and the cooperation of Qiu Qiu and Bei Mingtian, the three of them nearly circled out of the dense forest and entered the safe campus.

However, a stupid teammate suddenly appeared!

Every time they approached the edge of the dense forest, one or two students who had discovered them would shout, "Gu Qiqi is here! Here! Don't kill us!"

"D*mn it!" Qiu Qiu was so angry that he couldn't wait to chop off those selfish fellows' smelly mouths.

The three of them were helpless. They could only walk in circles in the depths of the forest and couldn't leave.

Until they had no choice but to face the killer head-on!

The three of them didn't have weapons in their hands. Gu Qiqi scattered the snake powder and insect powder. She could only resist them for a while.

The gun in Fu Mao's hand seemed to have countless bullets in it. One after another, he patiently killed the bugs and snakes. In the end, his black gun was aimed at them.

Qiu Qiu was grabbed because he was the slowest.

“Master, don’t worry about me. Hurry up and leave!” The usually weak Qiu Qiu was actually very loyal at the critical moment. He actually cared about Gu Qiqi.

Although it was just a short relationship between master and disciple, he had long treated Gu Qiqi as the only person he admired from the bottom of his heart.

Chapter 602: Not Anyone Could Act As A Domineering CEO

She watched as Qiu Qiu was grabbed.

Gu Qiqi hesitated for a moment.

“Hurry up and leave. I’ll deal with them with Qiu Qiu for a while here!” Beiming Tian gnashed his teeth.

A huge purple fir tree blocked her and enabled her to hide from the other party’s attacks for a while.

She could completely take advantage of the time that the killer was held back by Qiu Qiu and Bei Mingtian to escape further.

But she still stopped.

How were Bei Mingtian and Qiu Qiu going to block attacks for her? Were they going to use their lives to block them?

“Since I’ve recognized you as a disciple, I won’t abandon you and ignore you!” Gu Qiqi turned around arrogantly and walked out from behind the purple cloud fir tree. Her tone was firm without a trace of fear.

Bei Mingtian’s face turned purple from anger.

This woman actually didn’t believe him and questioned his ability.

She didn’t believe that he could withstand it at all, right?

Fu Mao squinted. “You’re Gu Qiqi, Gong Jue’s woman? You’re so small? I can crush you with one hand. How did Gong Jue take a fancy to such a small thing?”

His eyes were filled with disdain.

That’s right. He was a foreigner. He was tall and sturdy. In front of him, Gu Qiqi, Bei Mingtian, and Qiu Qiu were simply bean sprouts.

Bei Mingtian glared. “How can the beauty of our Empire’s women be appreciated by you uncultured foreigners?! Barbarians!”

Gu Qiqi was speechless. Cough, cough, cough. Beiming Tian actually admitted that she was beautiful? Why did she suddenly feel like laughing?

Fu Mao’s lips twitched. “Hmph, I’m a barbarian? I’ll send you to see the barbarians in hell now!”

Bei Mingtian gnashed his teeth and dug out a dark jade from his pocket.

There was a complicated “north” word carved on it.

Without a word, he stretched out that token in front of Fu Mao.

Indeed, Fu Mao was shocked and said with a trembling voice, "You're... from the Bei... family?"

Clearly, he was very afraid of this token!

Gu Qiqi looked at this piece of jade curiously from behind.

Oh, why did it look a little familiar?

The texture was quite good. If she could steal it to make jewelry for Xiaolan's father, she reckoned that the rich madams in high society would definitely fight over it.

After all, dark jade was very rare!

She didn't expect that Bei Mingtian still had a secret weapon. What family's token was so powerful that it actually made cold-blooded assassins fear it a little.

Seeing Fu Mao's expression change, Bei Mingtian nodded confidently. "Since you know this thing, you know what will happen to me if you touch me today, right? If you're smart, get lost quickly! Release Qiu Qiu and you're not allowed to follow Gu Qiqi anymore. I'll let bygones be bygones... Oh..."

He looked like a domineering CEO protecting a woman and man.

However, before he could finish speaking...

With a muffled groan, the acupoint on Beiming Tian's forehead was struck by a small stone that was ejected from the other party. He fell heavily to the ground and fainted.

Not everyone was qualified to play the role of a domineering chairman.

Fu Mao flicked his finger. "Yes, yes. It's true that I don't dare to touch you. So, noble young master, it's better for you to sleep first. When you wake up, Gu Qiqi's blood will be drained by me. I would have escaped to the end of the earth too, haha!"

Qiu Qiu became even more anxious. "Master, he, he, he's a vampire! Leave quickly!"

Gu Qiqi smiled at him. "Don't be afraid. Master is here to save you."

As she spoke, she raised her charming face and said to Fu Mao, "Let go of him. I'll go with you."

Fu Mao said warily, "Put down your weapon!"

"I don't have a weapon."

"Scalpel!"

"Uh... Okay." Gu Qiqi curled her lips and threw the scalpel away. She walked to Fu Mao empty-handed.

"Master!" Qiu Qiu was about to cry from anxiety.

Chapter 603: Do You Think Gong Jue Will Let You Off?

Gu Qiqi smiled and said, "It's fine. He wants my blood, not my life."

Qiu Qiu shook his head. "Who said that? He... He's definitely a vampire. He'll suck your blood dry..."

"Oh, so you have to go even more. Remember to help me see if the millettia root has grown taller. Help me quickly hand in the herb to Old Feng! I made a bet with him that I would definitely win. I definitely can't let him find an excuse to give me low scores again." Gu Qiqi blinked.

Seeing Gu Qiqi's carefree look, Qiu Qiu nearly cried.

At this moment, her master was still thinking about her millettia root.

The killer Fu Mao became even more impatient. "Get lost quickly! Otherwise, I'll shoot you!"

As he spoke, he picked up Gu Qiqi and kicked Qiu Qiu to the side.

Seeing Gu Qiqi being kidnapped with his own eyes, Qiu Qiu cried, "Master! I'll find someone to save you! I'll find... I'll find Gong Jue! That's right! The chief definitely has a way to save you!"

Only then did his fighting spirit reignite and he ran out desperately.

Fu Mao carried Gu Qiqi and ran towards the border of the dense forest and the lake.

He realized that not only was Gu Qiqi not afraid at all, but she was also smiling faintly all the way.

"Aren't you afraid of death?"

"Oh, if I'm afraid of death, will you not kill me?"

"No."

"Then why should I waste time and be afraid?"

Fu Mao was speechless. It actually made sense! This bold woman! Not only was she bold, but she was also smart and logical.

"But I'll really extract all your blood!"

"You won't."

"On what basis do you think that I don't know how to?!"

Fu Mao felt that his authority had been challenged once more. His deterrence as a killer wasn't worth a damn in front of Gu Qiqi.

How was it as satisfying as taking care of Han Bingyue and Beiming Tian just now?

Gu Qiqi said calmly, "You fired your gun too much just now and caused too much of a commotion. The Imperial Capital is heavily protected. Do you think that the guards in the Imperial Capital are useless? Do you think that Gong Jue will let you off?"

Fu Mao went crazy. "It's useless even if he comes! Hmph, you're my best shield. I bet ten thousand dollars that he'll definitely hold back and let me go!"

Gu Qiqi laughed. "You think too highly of me. Gong Jue won't let you off not because of me, but because you challenged his bottom line. You should have heard that his nickname is the King of Hell, right? Do

you know the meaning of these few words? I'll explain it to you. What I mean is that no matter what, no one can stop his footsteps. In his career, he's a cold and heartless man. Do you think that you can leave by using me as a shield? You're too naive!"

Fu Mao was swayed by her words.

But then, he thought of something and immediately became determined again. "Hmph! Don't think about fooling me! I know that Gong Jue is so nervous about you!"

"Oh? You know again?" Gu Qiqi smiled spuriously.

Fu Mao said confidently, "In order to protect you, he has been diverting our attention during this period of time. He deliberately made us misunderstand that the other female doctor was his lover. He pretended to call and meet her. Hmph, we nearly fell for it!"

The smile on Gu Qiqi's face froze.

A simple and crude guy like Gong Jue actually did such a thing for her?

It was simply incredible, okay?

In an instant, she nearly forgot that she was still being held hostage by the enemy. Her eyes reddened.

Gong Jue actually did so much for her in a place that she couldn't see!

Stupid man!

Chapter 604: The Hostage Was More Awesome Than Kidnappers

At this moment, Gu Qiqi really felt that she was a little b*stard. She resembled that kind of b*stard in novels.

Gong Jue lied to his enemies for her, but she kept lying to Gong Jue.

She lied about her non-existent period and that embarrassing matter four years ago... She had hidden too much from Gong Jue.

She had promised him to think about their relationship, but she had been busy with her own things recently and didn't have the time to calm down and think about it at all.

If she really died under the gun this time, would there be something that she would never be able to say to Gong Jue?

Thinking of this possibility, Gu Qiqi actually realized that this was more terrifying than death.

She bit her lips lightly and silently made a decision in her heart. If she could get out alive this time, she had to tell that stupid man... her answer.

Raising her small face, her smile covered her fair and bright face again. "How did you know that I was that person he wanted to protect? As the saying goes, all is fair in war. Perhaps... I'm the cover and that woman is the person you're looking for!"

This time, it was Fu Mao's turn to stiffen.

No way!

After all this trouble, was Bai Mori the person Gong Jue wanted to protect?

So, Bai Mori was lying to them in the medical laboratory just now?

D*mn it. They should have tested Bai Mori's blood first before talking about it.

But it was useless to feel regretful. After all, they didn't have the time just now because they were suddenly surrounded.

If he hadn't crawled out of the sewers and jumped into the lake, he would probably be beaten into a pulp by Gong Jue's people now.

But...

Bai Mori didn't seem to be lying.

He stopped suspiciously and glanced at Gu Qiqi.

Gu Qiqi didn't seem to be lying either.

These two women had one thing in common—they were especially calm.

He really couldn't tell who had a flaw.

Fu Mao couldn't come to a conclusion

He stopped by the lake and used his communication device to discuss with another killer, Ring A.

After a while, he turned around and his gaze became more sinister. "Hmph! Soon, I'll be able to find out who's the fake between you and that woman! Hurry up and come with me obediently. I want to make a deal with Gong Jue's people. Let's see who among you will leave in their stead!"

Gu Qiqi remained calm.

Alright. As long as the other party started to waver, she would increase her survival rate by 50%!

"Hurry up!" Fu Mao urged Gu Qiqi to jump into the water and swim to the other end of the lake. He prepared to crawl back to the eighth floor through the sewers!

Gu Qiqi raised her eyebrows. "The water is too cold. I don't want to go down. Forget it. You better kill me!"

Fu Mao was speechless.

This was the first time in his life that he had seen a hostage being more awesome than a kidnapper!

Gu Qiqi probed. "Why don't you carry me into the water?"

Fu Mao was speechless.

Damn it! He hadn't managed to get a wife yet. He didn't want to carry a woman! Furthermore, the back was the weakest part of a killer. He definitely wouldn't expose his back to the enemy, let alone a cunning woman.

Gu Qiqi curled her lips. "Then, there's no other way. This water is dirty and cold. I don't want to go down."

As she spoke, her fingers secretly moved in her sleeves and touched the packet of powder hidden in her sleeves.

She knew that a top-notch killer like Fu Mao was immune to ordinary poison and his mobility was abnormally fast. Even if she activated her martial strength, she couldn't do anything to him.

But her powder...

It wasn't for Fu Mao but for herself!

Corroding her finger to extract her blood was the best weapon!

Fu Mao gnashed his teeth as if he had seen through her thoughts. "Don't think about buying time! Hmph! Do you think that I can't do anything if you dawdle by the lake?"

The gun in his hand was pressed against Gu Qiqi's temple. He turned on Gu Qiqi's walkie-talkie and shouted into it, "Tell those bodyguards that Master Jue's two sweethearts are in our hands. It's up to him to decide which one to keep!"

Chapter 605: A Shocking Bet!

Fu Mao's voice was fierce and high-pitched.

However, an icy cold male voice crushed his voice in an instant. "If my woman loses a strand of hair, I'll make you beg for death!"

Gong Jue!

Gu Qiqi's heart skipped a beat.

He was actually here.

Fu Mao shivered!

Although the man's voice came from the walkie-talkie and hadn't reached the lake yet...

He only felt his eardrums vibrate from his voice. Fu Mao felt bone-chilling.

It was said that Gong Jue disregarded his relatives and never blinked when he crushed his enemies.

It was said that all the assassins sent by S Nation previously were destroyed. One of them was ranked second only to them on the killer list, but he still died tragically.

Also, it was said that Gong Jue was very protective...

His heart beat like a drum. He actually had a chance to meet this living King of Hell so closely!

Fortunately, he still had a trump card in his hand—Gu Qiqi.

Thinking that Gu Qiqi was only 50% likely to be Gong Jue's woman, Fu Mao once again felt that the odds were against her!

He couldn't help but look up at the top floor of Building 8 across the lake.

Ring A and Bai Mori could be seen hanging by the window by a sturdy bed sheet.

Would Gong Jue save Bai Mori or Gu Qiqi?!

This was definitely a shocking gamble!

He gripped Gu Qiqi's collar tightly and tightened his grip on the KL156 in his hand. His hand that could pull the trigger became even more vigilant.

But Gu Qiqi suddenly moved. "I've changed my mind. Let's swim over!"

This dense forest was too remote and it wasn't convenient for too many bodyguards to rush in.

If Gong Jue came alone, it would be too dangerous.

Frightened by Gu Qiqi's unexpected words, the KL156 in Fu Mao's hand nearly misfired!

"No! We'll stay right here!" Fu Mao said fiercely.

He had changed his mind too.

The further away he was from Ring A, the better. This way, Gong Jue had to choose a place. He had to either go to Number Eight teaching building to save Bai Mori or come to the lake to save Gu Qiqi. He had to choose one. He didn't want Gong Jue to be lazy!

Hehehe, he couldn't wait to see Gong Jue's choice.

The person Gong Jue was anxious to save must be the woman with the poisonous blood!

It would be best if he had the chance to take her away. If he couldn't, she had to be destroyed!

She definitely couldn't let such a natural weapon stay in the Empire.

At this moment.

Outside the dense forest.

Gong Jue, who had just learned that Gu Qiqi had been accidentally kidnapped because Qiu Qiu fearlessly escaped, rode Number One and rushed to the scene within a minute.

The outskirts of the dense forest had already been tightly surrounded.

More and more injured students were carried out. The tragic state was unbearable to watch.

Gong Jue's heart tightened every time he saw a bloody stretcher. Although he knew that Gu Qiqi was still in Fu Mao's hands, he was really worried that the next person to be carried out would be Gu Qiqi!

Not far away.

The surrounding crowd stirred.

Special Assistant Lu's voice followed. "Reporting to the Chief, an unknown team has been discovered. Their whereabouts are strange and fierce. All of them have good skills and seem to be rushing in your

direction. They don't look like enemies, but they wouldn't accept our dispatch and communication at all... Could they be spies from S Nation? Do you want me to destroy them with my brothers first?"

Gong Jue's eyes sank and he laughed coldly. "That's the Chu clan's secret guards. I didn't expect that he would actually use them today. What wishful thinking!"

Special Assistant Lu was stunned before he understood.

It turned out that someone was fighting with Master Jue for the role of a hero to save a beauty.

How could that be possible?

It was definitely wishful thinking.

"Master Jue, I'll go and stop..."

"There's no need! Send word that the hostage is in the eighth teaching building."

Special Assistant Lu was stunned for three seconds before he understood the meaning behind Gong Jue's words.

Damn it! Chief was trying to mislead Chu Junmo!

How evil!

After Gong Jue finished instructing him coldly, he didn't want to delay a second longer. He twisted his head and stepped into the dense forest by the lake with an imposing aura!

Chapter 606: The Unusual Gong Jue

In the dense forest!

Fu Mao was on guard and holding onto Gu Qiqi.

The surroundings were silent. Even the frogs in the lake shut their mouths tactfully and didn't dare to make a sound.

Gu Qiqi gently smeared the medicine powder on her fingertips, but her face didn't show any signs of it. She was still happily controlled by Fu Mao.

In the depths of the forest, a cold wind swept through the leaves and stopped abruptly.

In the very next second.

"Boom!"

There was a loud sound.

A metallic black object flew out from the forest and stopped in front of the two of them.

Number One!

An undetectable trace of pleasant surprise flashed across Gu Qiqi's eyes.

Gong Jue actually came to her side. Then, would Bai Mori... be killed?

The black steel car door opened.

The man's long legs stepped out. Every step was powerful as if there was wind.

That firm face that was carved by God was cold and heavy. It was as if there was a snowstorm on it. Gu Qiqi and Fu Mao couldn't help but shiver.

"Gong Jue, it turns out that Gu Qiqi is indeed your woman! You hid it so well!" Fu Mao gnashed his teeth. Damn it! He had been tricked by Gu Qiqi, this cunning woman!

After Gong Jue stared deeply at Gu Qiqi, he looked away expressionlessly.

The black silenced K12 in his hand was aimed at her!

Gu Qiqi's breathing stopped!

Fu Mao's eyes widened!

"You! What are you doing?" Fu Mao pulled Gu Qiqi back into the lake nervously.

Was Gong Jue crazy? Was he going to kill his own woman?

"Who said that she's my woman?" Gong Jue's voice was cold and emotionless.

"Then, then why did you still come here to save her? Why didn't you save that female doctor?"

"Who said that I was going to save her?" Gong Jue approached her step by step. His voice became colder and colder like a robot without emotions.

Fu Mao staggered and nearly fell into the cold lake.

"Then why are you here?!"

"I'll kill you."

These simple and powerful words made Fu Mao's pupils shrink abruptly.

"No, that's impossible. You even said just now that if someone touched a single strand of your woman's hair, you would make him beg for death..."

"That's right. I said it before. So, I sent an ace to save her." Gong Jue raised his chin in disdain. "They've already taken action."

Fu Mao didn't dare to be careless. He quickly glanced at Building Number Eight and hurriedly retracted his gaze.

However, this glance was enough to let him see clearly that a group of well-trained and dressed men in black were climbing up the top floor like spidermen!

That speed and that fearless drive were so terrifying!

They were definitely not ordinary bodyguards from the Empire.

That must be Gong Jue's private strength.

"They're your private secret guards? The legendary Iron Blood Thirteen Cavalry?" Fu Mao's voice trembled more and more. "You actually sent them to save someone and you came to deal with me yourself? You're luring the tiger away from the mountain! Gong Jue, you're so cunning!"

Gong Jue curved his lips coldly. "So what?"

Without a change in expression or heart, he admitted shamelessly despite the fact that it was Chu Junmo who mobilized his secret guards to save Gu Qiqi.

Even Number One couldn't help but criticize him. Master Jue, you're really a wicked weasel...

Fu Mao was going to explode!

Damn it.

He knew that his martial strength was higher than Ring A's. Gong Jue would definitely get rid of him first before it was too late. He had been tricked!

What was worse was that he didn't know if he should let go or kill Gu Qiqi at this moment.

If he made a move on Gu Qiqi, Gong Jue would take advantage of the moment that he made a move and explode his head!

Gong Jue didn't care about Gu Qiqi's life or death. Gong Jue only wanted to kill him!

This terrifying realization made him realize that Gu Qiqi was a burden in his hands.

Not only could she not be used to threaten Gong Jue, but she would also slow down his escape.

Chapter 607: What A Savage Public Display of Love

The assassin Fu Mao was in a dilemma!

However, there was no time to hesitate.

He moved the muzzle away from Gu Qiqi's temple and aimed it at Gong Jue. He simply treated Gu Qiqi as a shield and not a hostage and quickly retreated towards the center of the lake.

He saw that on the other end of the lake, there was no one guarding the school's back door. Perhaps, it was the only chance of survival.

There were even a few weak students who didn't look like they had any combat strength at all. He will grab someone to shield him from Gong Jue's gun when he escapes in that direction later.

A scheming look flashed across his eyes. Fu Mao made up his mind and swam towards the back door.

However, when he was less than a meter away...

Gong Jue pulled the trigger.

Gong Jue was holding a silenced K12. There was no sound.

But Fu Mao had a killer's sharp intuition and still felt a trace of killing intent that tore through the air!

Damn it! This d*mned woman really wasn't Gong Jue's woman. Otherwise, why was Gong Jue so heartless?

Instinctively, he shrank his head behind Gu Qiqi and tried to get Gu Qiqi's small body to receive this gunshot for him.

But at this moment.

Gu Qiqi's eyes lit up after acting weak and not resisting! up!

Her slender arms and legs that looked as soft as bones were actually filled with tension in the water.

Her slender leg kicked Fu Mao's stomach.

Her slender long fingers swayed in front of Fu Mao's eyes. A trace of blood escaped from her fingertips and landed on Fu Mao's face!

"You actually lied to me. Your blood... Is your blood poisonous?!"

Fu Mao's heart stopped.

At this moment, he seemed to see the arrival of the death god.

Would he die if he was stained with Gu Qiqi's blood?

But if Gu Qiqi was hit by Gong Jue's bullet, she would die too...

In a flash, he suddenly realized something.

Damn it!

This was a conspiracy!

Indeed, Gu Qiqi's small face tilted slightly. The bullet that tore through the air landed between Fu Mao's eyebrows!

Her speed was abnormally fast. It was even faster than a bullet!

What was more deadly was that Gong Jue's shooting angle was actually so tricky. His cooperation with her was flawless.

Fu Mao watched in disbelief as the man stepped into the water like a god. He walked to him in a few steps and unloaded his gun. Then, he scooped Gu Qiqi out of the water and hugged her in his arms.

He reprimanded her. "What happened to the blood on your hand? Who asked you to break your fingers? Don't you believe my methods?"

Gu Qiqi pouted coquettishly. "This is double insurance. If you don't hit him, I can poison him to death too. Why are you being so fierce to me?"

Gong Jue lost his temper. "I'm not being fierce to you. I just don't want you to take the risk. Didn't I exchange secret signals with you previously? When we are met with a kidnapping and I'm making a move, you just have to tilt your head quickly. There's no need for double insurance."

Gu Qiqi pouted. "But he's said to be the second on the S Nation's killer rankings. How would I dare to be careless? You agreed with me about this method before, but we haven't tried it before. How would I know if it's going to work when we actually use it?"

"You can't be so stubborn! Don't you know how worried I was that you wouldn't hide?"

"Okay, okay. It won't happen again. I'll let you perform next time. I'll be a good hostage."

"There will be a next time?"

"Okay, okay. There won't be a next time!"

"That's more like it! Let me see your finger... Stupid woman, do you want to die? What horrible medicine did you apply to your finger? It even corroded your skin!"

"It's just a small wound the size of a needle tip. Don't make a fuss, okay?"

"Needle tip? Tell me. Your needle tip is as big as a rice grain! Hmm?"

Chapter 608: Gong Jue, You're Shameless

At this moment, this famous second killer from S Nation was completely ignored by Gong Jue and Gu Qiqi.

They were actually arguing about the wound on Gu Qiqi's finger. Was it the size of a needle or a grain of rice? But they couldn't be bothered to take a look at this enemy who wasn't dead yet.

Having disarmed himself and been shot in the head, he didn't have more than a few seconds left to live. He watched as these two d*mned people actually started showing off their love next to his broken body.

His heart collapsed!

He even wanted to die quickly!

But before he stopped breathing, he couldn't help but ask, "Gong Jue, didn't you say that she's not your woman? Gong Jue, as the chief of the Empire, you actually opened your eyes and lied. You're all shameless! Do you have any shame?"

Only then did Gong Jue move his gaze away from Gu Qiqi slightly. He glanced sideways at Fu Mao, who was about to die, and replied leisurely, "I wasn't wrong. She's not my woman. She's my wife!"

Damn it. She wasn't his woman but his wife...

This scoundrel among rascals! He was the best at being shameless!

Fu Mao rolled his eyes and was driven to his grave by Gong Jue.

Thump!

His indignant corpse sank into the water.

He was probably the first killer in history to choke to death from the toxic display of affection.

On the other hand, Gong Jue waved his hand calmly.

In an instant, countless subordinates rushed out from the dense forest behind him. They lined up orderly and immediately entered the water to scoop up the corpse.

Gu Qiqi was a little embarrassed to be looked at by so many people. "I'm not injured. Let me down."

Gong Jue ignored her and continued to hug her tightly.

No one realized that his fingers that were tightly gripping Gu Qiqi's small waist were trembling.

At that moment just now, although he had used all his acting skills to convince his enemy that he didn't care about this woman at all, how could his heart not have any fluctuations at all?

What if that stupid woman forgot their previous agreement?

After all, many days had passed since the last attack. He didn't know how much she remembered the dodging actions he taught Gu Qiqi back then.

What if the stupid woman's reaction was slower by half a beat?

Although she was usually as agile as a deer and reacted extremely quickly, humans weren't machines after all. No one could guarantee that she would be 100% calm under such circumstances.

Of course, it was even more impossible for him to let so many bodyguards come over together to threaten the killer. If he was forced into a corner, that killer would definitely kill Gu Qiqi and cause chaos.

He could only pretend and act alone!

Thus, that attack was launched by him standing at the critical moment of life and death.

He played with a K12 at the age of three and had never had his hands tremble in more than twenty years. But at that moment, he trembled!

Although no one could tell, he knew clearly that because he cared too much about her and his only weakness was being pinched, he was trembling.

He took a deep breath and hugged Gu Qiqi tightly. With a snap of his fingers, Number One immediately transformed and glided on the surface of the water.

Gong Jue carried Gu Qiqi and jumped onto Number 1 in the air before speeding towards the opposite shore of the lake!

On the opposite bank was the back door of the Empire Medical University. It was also the route that Fu Mao had wanted to take previously. At this moment, a row of 13 elite bodyguards in black were welcoming him at the shore.

"Master Jue!"

"Withdraw!" Gong Jue ordered.

"The hostage on the other side..."

"Didn't the Chu family go to save her?" Gong Jue curved his lips.

“Yes!”

Only then did Gu Qiqi realize what was going on.

How terrifying was Gong Jue’s strategic planning and meticulous calculations?

Chapter 609: Master Jue Was Shameless

She finally knew why Gong Jue was so angry that she had made his finger bleed.

Because he had really done his best to save her.

In just a few minutes after receiving notice of the dangerous situation, he had already quickly arranged everything. Let alone double insurance, he had personally gone into battle and even set up a few other plans to save her. Even if Fu Mao wasn’t killed in the lake and escaped to the back door, he would still be captured by Gong Jue’s men.

The real thirteen armored horses weren’t saving the female doctor. They were waiting here for a pincer attack!

Gong Jue had placed all his elite forces on the rescue side!

Gu Qiqi’s heart skipped a beat. An indescribable emotion made her nose sting.

She looked up at the Number Eight teaching building.

Those men in black who went to save the female doctor were actually Chu Junmo’s men? How could a big chairman have such powerful secret guards that could walk on walls?

No, that wasn’t the main point.

More importantly, since when did Chu Junmo and Gong Jue have such a good relationship? He actually sent someone to support Gong Jue?

Gu Qiqi looked at Gong Jue in confusion.

Gong Jue seemed to have read her mind. He said in all seriousness shamelessly, “Perhaps he’s more nervous about that woman.”

The thirteen armored horses had been by Gong Jue’s side for many years. They knew very well that Bai Mori had been pestering Gong Jue for many years.

At this moment, when they heard that Gong Jue had cleared his relationship with her and even “framed” his love rival Chu Junmo...

Apart from being struck by lightning, everyone silently understood the situation in their hearts. Only now did they understand why Master Jue deliberately misled the Great CEO Chu to save someone on the other side. It turned out that asking him to save someone was fake and it was true that President Chu had a crush on Young Lady Qiqi!

D*mn it. No one could compare to Master Jue’s flirting technique!

Why could Master Jue say such shameless nonsense as if it was real?!

CEO Chu, it's better not to be Master Jue's love rival. Your future will be bumpy...

Upon hearing these words, Gu Qiqi was skeptical. She looked up at the roof of Number Eight teaching building again.

The well-trained men in black that the Chu clan had sent out had already sneaked an attack at the blind spot of the killer Ring A like spiders.

It seemed that Chu Junmo was really nervous about that female doctor. Otherwise, he wouldn't have been able to move as fast as Gong Jue under such a dangerous situation. He had brought so many elite subordinates to carry out a fire rescue operation.

She put down her doubts and nodded. "He really has a strong emotional attachment."

Gong Jue raised his eyebrows and continued to agree super shamelessly. "Yes. Although their families have a feud, real feelings can overcome hatred."

"It looks so touching."

"Let's go to the wedding banquet when he gets married in the future."

"Yes."

The thirteen armored horses were about to kneel on the spot.

It turned out that Master Jue's hidden attribute was being a good actor! An international Best Actor!

However, a certain man seemed to feel that what he had done wasn't enough.

He added faintly, "So, stupid woman, don't give other men random gifts in the future, understand? It'll cause trouble!"

Gu Qiqi said, "Oh, I know."

The thirteen armored horses lowered their heads and stared at the water surface... They really wanted to jump into the lake!

This shameless Chief was definitely not their family's. They refused to admit it.

On the top floor of the number eight teaching building.

The bodyguards were still facing Ring A.

Having witnessed Fu Mao's death with his own eyes, Ring A was greatly affected!

"Go to hell! All of you go to hell!" The KL156 in his hand started attacking in all directions disorderly.

At this moment, a sharp blade flashed past!

Chu Junmo's men finally approached the roof and threw their flying blades at the bed sheets hanging in front of the two of them!

The cold weapons played a decisive role at this moment.

After the bedsheets were cut off, Bai Mori and Ring A fell into the lake respectively!

Chu Junmo's men obeyed the great chairman's instructions and quickly pulled up the rope net to catch Bai Mori.

Unexpectedly, Bai Mori flipped in the air and fell out from the net.

She actually refused the help and fell directly into the lake!

"Gong Jue, I'll fall into the lake in front of you. I don't believe that you'll remain indifferent and not save me!"

Chapter 610: A Complete Heartbreaking Strike

Bai Mori watched as Gong Jue went to save Gu Qiqi. If he didn't save her, countless knives would stab into her heart.

She risked her life to see if she still had any place in Gong Jue's heart.

Since Gu Qiqi was already safe and fine, would Gong Jue stand up and save her when he saw her fall into the lake?

If he came, it would prove that she still had a trace of hope...

At least, in order to protect Gu Qiqi during this period of time, he had deliberately directed the enemy's gaze towards her. He was so heartless and cruel to her. He should at least feel a little guilty, right?

He could be considered to be guilty.

Bai Mori gnashed her teeth. She endured the huge impact of falling from the sky. Her entire face hurt when she landed head-first into the water.

Thump!

Water splashed everywhere.

She gulped down a few mouthfuls of water and felt that her lungs were about to explode.

However, she still struggled and floated in the water.

As she floated up, she opened her wet eyes and looked at Gong Jue in the distance.

What she saw made her furious.

Gong Jue was carefully supporting Gu Qiqi as they walked out of the school gate.

He didn't even look at her.

The man's strong back was so sexy and cold! So heartless!

Bai Mori's heart was ruthlessly crushed.

This time, it was really shattered.

Gong Jue actually ignored her to this extent!

Great, that was great...

She sank into the water. Her dark and distorted face was like a female ghost in the water. She gnashed her teeth. Gu Qiqi, you b*tch. As long as you're by Gong Jue's side for a day, he will never look at me again. Will Gong Jue only give up when you completely disappear from this world? Will he only see my good side then?!

Amidst her despair and hatred, the conversation between Fu Mao and Ring A flashed across her mind...

"There's poison in your blood..."

What poison?

Was it Gu Qiqi's blood?

These two assassins traveled thousands of miles to catch Gu Qiqi in order to extract the poison in Gu Qiqi's blood?

Her mind spun a few times. Suddenly, she laughed sinisterly underwater.

"Hahaha..."

Although the cold lake water entered her nose and throat, she couldn't help but laugh.

This was great. She had grasped Gu Qiqi's secret.

That was equivalent to controlling Gu Qiqi's life and death!

She didn't lose even though this rescue mission broke her heart. At least, she didn't lose until nothing was left, right?

On the school campus.

At this moment, it was already in a mess.

The most sacred medical school was actually attacked by foreign assassins and many students were injured.

Han Bingyue was the most injured.

Secondly, there was that male lotus flower and a few students who had been accidentally injured.

After Bei Mingtian was awakened, he was silent for a long time. His face was ashen. No one could guess what this noble son with a mysterious background was thinking in his heart.

Qiu Qiu was somewhat responsive. He had been shouting in fear, "Save my master! My master is in trouble!" Even though everyone had shown him the photo of Gu Qiqi being saved, he still couldn't calm down and insisted on believing it only when he saw her in person. There was no other way. The teachers could only send him directly for psychotherapy.

The killer Fu Mao was lucky enough to die. Ring A was captured alive and sent to jail.

As for the kidnapped Bai Mori, it was said that she had a lot of water in her lungs and nearly lost her life. She was unconscious and was hospitalized in the intensive care unit.

When Feng Yangchu found out that Gu Qiqi had been saved, his old face collapsed on the spot. He closed his eyes and signed to agree to Gu Qiqi's admission.

His heart couldn't take the impact of losing his beloved disciple anymore!

Amidst the chaos.

Only Chu Junmo stood quietly by the dense forest and watched as Gong Jue and Gu Qiqi left on the other side of the lake.

He saw Gong Jue holding Gu Qiqi's hand intimately. When they were about to get into the car, he carried Gu Qiqi into that black SUV in an affectionate princess hug...

The curtains were drawn and it was dark. He couldn't see what the people inside were doing anymore...

His heart hurt immensely!
