

Dear Chief 671

Chapter 671: Give Me A Granddaughter Soon

Old Master Gong nodded in approval. "That's true. The president is also human. It's not a big deal to admit your mistake. I think Jue'er is right. Sheng'er is just too much of a perfectionist. It's good to occasionally let him make a mistake. It's not very popular now but this is called educating him using a setback."

Gong Qing nearly fainted from anger!

How could this be called educating him using a setback? Was his Xinhua Dictionary not updated at all? Are you guys kidding me?

Wasn't it embarrassing for the president of a country to bow down and apologize to the citizens of the country on television?!

Wasn't it too much for his second son to catch his eldest son and force him to admit his mistake?

The eldest and second sons were both his. Seeing the eldest son suffer a setback and the second son being so arrogant and unrepentant, Gong Qing could not take it lying down.

"Old Master, do you know this woman's true origin? Do you think Gong Sheng would arrest this woman for no reason and put her in prison? If she wasn't suspicious, would Gong Sheng have arrested her? Although that brat, Gong Jue, tried to clear her name, I'm not a fool. I wouldn't believe his nonsense! If there wasn't really something wrong with this woman and there was really poison in her body, would Gong Jue be so nervous that he would clear her name overnight and create a commotion to clear her name? Old Master, think carefully. Don't be fooled by this brat!"

"I don't have Alzheimer's yet. You don't have to teach me how to differentiate right from wrong." Old Master Gong snorted. "I just think that this young lady is very compatible with Jue'er! More importantly, my second grandson loves her very much! I'm looking forward to her entering the family quickly and giving birth to a little granddaughter for me before I die..."

Gu Qiqi was huddled in Gong Jue's arms. She wasn't surprised to hear that Gong Qing objected to her and Gong Jue. However, when she heard that the old man was looking forward to her marriage and giving birth to a granddaughter, her mind nearly went blank.

Grandpa, this is my first time visiting you. Aren't you accepting me too quickly?

She secretly glared at Gong Jue. It was all his fault. Why did this stupid man pull her over to meet his family without a word?

This was too embarrassing...

She should have known that Gong Jue was simple and rough. He did not follow common sense. She should not have gotten out of the car with him just now!

Gu Qiqi looked embarrassed, but Gong Qing looked angry. He never expected that the greatest resistance tonight would actually come from the Old Master.

If he had known earlier, he would not have let the Old Master out!

"It's late. Send the Old Master back to his room to rest!" His face sank.

Old Master Gong knocked on his walking stick. "I'm still very energetic! Come, Jue'er. Bring your wife over and ask her to sit down. It's so tiring to talk while standing! Tell me more about your wife's name and job..."

Gong Qing gritted his teeth. "Enough! Sit down?! I already said that I'm opposed! As a son, you don't even listen to my words. What's the use of having such a son? Get lost quickly! You guys can do whatever you want outside. Don't come back to the Gong family. Don't even think about being the daughter-in-law of the Gong family. Out of sight, out of mind!"

Old Master Gong raised his eyebrows lightly and glanced at him. "You seem to have forgotten that I was also against you marrying your wife back then. What happened in the end? Did you listen to me?"

Gong Qing was speechless. Dad, why didn't you mention that?! Was this the time to talk about that kind of thing?

Gong Jue curved his lips and laughed coldly. "It turns out that a father can only set fire to a state but not the common people. You pursue freedom in love yourself, but you're interfering in my marriage. I want to ask if Gong Sheng's shamelessness was inherited from you?"

Chapter 672: Woman, Why Are You Shy?

Gong Qing felt that his birth characters must not be compatible with today's date!

Damn it! The father and son were going against him and he was furious.

"Little brat, are you not my biological son? How can what happened back then be the same as what is happening now? There was a misunderstanding between your mother and I and everyone thought that we were biological siblings, so your grandfather objected to us! What about you? Can your lousy matter be compared to mine?" Gong Qing had always been proud of his love for Songsong. Back then, how they broke through secular biases and finally got married and grew old together was his greatest pride in life.

His stupid son actually dared to question this sacred love.

It was simply unbearable!

Gong Jue retorted. "Qiqi and I also have a misunderstanding. The people of the world are stupid. They listened to Bai Mori's false testimony and thought that Qiqi was a poisonous person. In fact, she's very healthy. If she was poisonous, why didn't she poison me to death when we were together 24 hours a day? Please use your IQ!"

Gong Jue was also determined and powerful!

His desire to protect Gu Qiqi couldn't be more obvious.

Unfortunately, Gong Qing had preconceived notions and didn't believe a word he said at all. "Just because you're fine doesn't mean that others are fine. Putting everything else aside, if a dangerous

woman like her enters the Gong family one day, we won't be able to guard against her if she wants to play tricks on us. It's fine since your mother and grandfather are old, but what about your older brother? If the Empire's president is poisoned to death by his younger brother's wife at home, the Gong family will really become the Empire's biggest joke in a hundred years!"

Gong Jue was also unhappy. "I can't even bear to let her shed a drop of blood. Who do you think you are? Who is Gong Sheng? Is he worth using a drop of my woman's precious blood? Don't think so highly of yourself!"

Gong Qing was speechless. He was so angry! Such an arrogant son was definitely not his biological son.

Gong Jue's words were vicious and direct, causing Gong Qing to roll his eyes.

But Old Master Gong still wanted to fan the flames by the side. "Jue'er is right. He and this young lady are focused on leading their own lives and giving me a granddaughter. How would he have the time to care about you? Don't flatter yourself. Gong Qing, have you forgotten that you were also so stubborn when you wanted to marry your wife back then? Why can't you understand the thoughts of young people?"

Gong Qing was speechless. Can you not keep mentioning the past and keep exposing my shortcomings? You're opposing me!

What happened to the authority and dignity of a parent?

Just as Gong Jue, Gong Qing, and Old Master Gong were arguing endlessly...

Songsong, who had been in a daze and didn't speak, finally pursed her lips and waved the servants away.

Only then did she speak softly. Her voice trembled slightly. "You guys... stop for a while. Didn't anyone notice that our Jue'er can finally touch a woman? He... has been hugging this girl all this while, but he hasn't been allergic. Jue'er's illness... has it healed?"

As Songsong spoke, tears welled up in her eyes.

Due to Gong Jue's illness, she couldn't even touch him and hug him as his mother for so many years!

If Gong Jue really recovered from his illness, then she... She really wanted to hug her good son! As for other things, such as whether this woman's background was innocent or whether this woman's body was poisonous, it was really not that important anymore.

Upon hearing Songsong's words, the three men indeed stopped.

Everyone's gazes locked onto Gu Qiqi.

Gu Qiqi was already embarrassed. This time, her small face flushed red and she couldn't help but bury herself in Gong Jue's arms.

Gong Jue laughed lightly. His long and slender fingers supported her small chin and showed her exquisite and adorable small face in front of her family.. "Stupid woman, why are you shy? A wife has to meet her in-laws eventually!"

Chapter 673: Subduing Her Future Mother-In-Law!

As Gu Qiqi turned around, the eyes of the elders of the Gong family could not help but light up.

Even the pickiest Gong Qing could not help but raise his eyebrows and sigh.

This girl was really beautiful!

Her big black grape-like eyes were incomparably clear as if they were sprinkled with faint starlight. Her two delicate lips were like newly brewed drunk cherries. They were sweet and pleasant.

What was most shocking was that stunning and exquisite skin. It was as white as snow and looked like it could be broken with a breeze. However, there was also a pair of heroic eyebrows that carried a few traces of delicate coldness. She had a layer of an unrestrained aura on this exquisite face that wasn't inferior to a man.

Whether it was a man or a woman looking at this face, they had no choice but to accept the Creator's favoritism and meticulousness.

Even if she was wearing the most simple clothes, the aura that this girl exuded couldn't be underestimated.

She was really handsome and beautiful!

Gong Jue hugged Gu Qiqi tighter proudly. "Who still dares to say that my taste is poor?"

His proud and smug look was simply about to say that his woman was the most beautiful in the world!

Upon hearing this, the corners of Gong Qing's lips twitched and he snorted coldly. "Who knows what poison she used on you? Even the medical professor, Bai Mori, who specializes in genetic medicine couldn't treat his illness. Can a little girl like her treat it? This is just an act, right?"

Gong Jue frowned.

He didn't care if his father objected to him being with Gu Qiqi but he had despised repeatedly. This made him very angry! He couldn't tolerate it!

Previously, he had always vaguely wanted to slowly pave the way for his family to accept her because he thought that he still had time and could take it slow.

But today, Gu Qiqi was suddenly arrested and thrown into jail by Gong Sheng's people. This immediately made him feel a sense of urgency.

Who was Gong Sheng?

He was definitely not a gentle and refined brother or a kind and forgiving President. He was well aware of Gong Sheng's quiet and dark temperament.

Gong Sheng swallowed his bitterness and apologized immediately. It was definitely not over.

In other words, ordinary people might believe that Gu Qiqi wasn't a poisonous person, but Gong Sheng definitely wouldn't believe it.

In other words, Gong Sheng would continue to investigate this matter until the end.

If he didn't bring Gu Qiqi home tonight and confirm her identity, Gong Sheng would probably retaliate quickly. Gu Qiqi would be in danger at all times.

Thus, he couldn't wait.

He wanted to announce their relationship immediately.

As for Gong Qing's objection... he was going to have her no matter what. He didn't care about his opinion, okay?!

Gu Qiqi's heart skipped a beat when she felt Gong Jue's rashness.

She sighed lightly.

Although Gong Jue suddenly bringing her to see her parents today caught her off guard, there were some things that she still had to do...

She pushed Gong Jue lightly with her small hand. "Let me go."

Gong Jue hugged her tightly around the waist as if he was afraid that if he let her go, she would be eaten up by her family. He shook his head stubbornly. "No."

She blew into his ear helplessly and said softly, "Stupid man, you can hug me anytime. You can hug me as much as you want when you return tonight... But now, let me talk to them."

She successfully pacified Gong Jue by saying that he could hug her anytime!

The stubborn man took a step back.

He let her go obediently but still protected her tightly by his side.

Gu Qiqi glanced at him helplessly. In a voice that only the two of them could hear, she said to him in a low voice, "Don't be so nervous. Relax.. Otherwise, how am I going to subdue your mother?"

Chapter 674: Damn it. My wife is selling me like a pillow!

Gong Jue's anger was extinguished by Gu Qiqi's words. His Adam's apple moved and he only said one word. "Okay."

No matter what, his wife was beautiful and she was right!

Gong Qing was furious when he saw his son's timid look that seemed to say that he would curse at him whenever he wanted but was easily appeased by Gu Qiqi.

D*mn it! Do you think that you're the only one with a woman to show off your affection in front of us?!

He couldn't help but move closer to Songsong. He wanted to hug his wife and show off his affection.

Helpless, Songsong's eyes and thoughts were on her son at this moment. She didn't have the time to care about him at all. Instead, she took two steps in the opposite direction.

Gong Qing was speechless. Was he destined to be fed dog food when he was old? His heart felt stifled...

After Gu Qiqi regained her composure, she picked up Gong Jue with her small hand and walked towards Songsong. She said generously, "Auntie, you can try touching him. It's fine. Or, you can just hug him. I guarantee that he won't be allergic."

Songsong was surprised. "Really?"

Gong Jue looked indescribable. Damn it. My wife is selling me like a pillow! She sold me!

Although he was being sold to his biological mother, Gong Jue still glared at Gu Qiqi resentfully.

Gu Qiqi pretended not to notice and continued to push him towards Songsong with a smile.

Songsong stepped forward and Gu Qiqi pushed him forward.

Gong Jue's hand approached Songsong's arm.

Songsong's breathing stopped!

This was the son she had given birth to, but it seemed that he was destined to suffer a lot in his life. Not to mention the heart-wrenching accident when he was young. When Gong Jue returned home and regained what he had lost, he had a strange disease that prevented him from touching women.

She couldn't even hug her own son!

At this moment, this girl promised that she could.

Tears welled up in her eyes. She looked at Gu Qiqi's firm and sincere face. The convincing power in Gu Qiqi's eyes moved her.

She decided to believe this girl and give it a try!

She opened her arms and hugged her tall son lightly.

Initially, she only hugged him loosely as she was afraid that Gong Jue would show signs of his allergies. It was too risky to call for emergency treatment. However, after seconds passed, Gong Jue didn't react in discomfort. Her breathing immediately became long and she hugged him tightly!

This was the Gong Corporation's Chief, but he was also her son!

Like all the mothers in the world, she could finally hug her son openly and without any worries! She would usually see him appear far away at various important occasions on the news and television. He was unreachable and untouchable to her.

Songsong hugged Gong Jue. The tears that were suppressed in her eyes finally couldn't help but burst out and wet Gong Jue's shirt.

At this moment, Gong Jue wasn't the only one who was shocked.

It turned out that this was how it felt to be hugged by a mother...

He couldn't describe what it felt like. It was strange, but it finally filled up the missing part of his life.

The two of them hugged. After a long while, Gong Qing coughed and Songsong let go.

Gong Qing's unhappy gaze seemed to be reprimanding his son. Little brat, you hugged my woman for so long!

Songsong was so happy that she sobbed slightly. She choked. "Jue'er, I'm really happy... Very happy..."

Gong Jue didn't answer. He turned sideways and held Gu Qiqi's small hand even more tightly.

If Gu Qiqi hadn't been behind him and kept pressing against his body and caressing his wrist, it would have been impossible for him to have hugged his mother just now without an accident.

A trace of speechless gratitude flashed across the usually cold and arrogant man's eyes..

Chapter 675: A Scary Gift!

Songsong understood her son's thoughts.

His son didn't need gratitude. He needed his woman to be recognized.

Even though Gu Qiqi was strongly opposed by the male parent, she could still ignore it and help the mother and son improve their relationship.

This kind of girl was very magnanimous and kind.

It already made her fondness for her increase at the speed of light.

If she didn't do anything, not only would her son be disappointed, but she would also look down on herself.

Songsong said gently, "Qiqi, thank you. I can tell that Jue is very happy with you. If you're willing, come home often with Jue."

Although she didn't admit Gu Qiqi's identity directly, she had already tacitly agreed to their relationship!

After all, she had to give some face to her husband. If her husband denied it, she could not be too direct.

Yes, she should persuade that arrogant and stubborn man at home tonight. However, she should save him some face in front of others.

However, Gong Qing didn't think that this was giving him face.

He was about to explode from anger.

His wife and father kept opposing him. He couldn't live like this anymore!

Wasn't it just a hug? Could they subdue his wife like this? He wasn't convinced!

Gong Qing was a man. He couldn't understand the feeling of a mother hugging her son at all.

Gong Qing pulled a long face. "Any Tom, Dick, and Harry can come to the Gong family as guests now. Hmph! Don't think that you'll win just because you pulled off an alliance. I have the final say in the Gong

family's genealogy. If you can't enter the genealogy, even if you register your marriage, you're still an outsider!"

Hmph! He had his trump card. Little brat and vixen, it's useless to curry favor with Songsong!

In the very next second.

Old Master Gong coughed and said faintly, "It seems that back then, there was an unfilial son who went to register his marriage behind my back. He didn't care if he could enter the genealogy..."

Gong Qing was speechless. He was exposing his secret again! This was definitely not his biological father!

Back then, he and Songsong had gotten married thrice unsuccessfully!

But no matter which time it was, he didn't care about Old Master Gong's opinion at all!

Back then, Old Master Gong was so against his marriage. Why was he so reasonable when it came to his grandson? It was simply too unfair.

But what he didn't expect was...

Soon, Old Master Gong extended his unfair limit!!!

Old Master Gong turned to Gu Qiqi and immediately had an amiable and incomparably benevolent elder's expression. "Qiqi, you're really not bad. You actually treated Jue'er's illness of not being able to come into contact with women..."

"Grandpa Gong, I've not cured him. I can only relieve his allergies temporarily." Gu Qiqi replied honestly.

She could only let Mother Gong feel a little comforted as a mother for the time being with her around.

Old Master Gong didn't mind and continued to praise her. "I admire girls like you who are straightforward, honest, and not pretentious. Come, good child. Grandpa didn't know that you would come today and didn't prepare any valuable greeting gift for you. Here's a token of my appreciation."

As he spoke, he moved his wheelchair to an ancient rack and retrieved a small box before handing it to Gu Qiqi.

Gu Qiqi declined. "Grandpa Gong, I can't accept your gift..."

"If you don't accept my gift, it means that you think that I'm too old and ugly!"

Gu Qiqi was speechless. She finally understood that it wasn't just one person in the Gong family who was three years old! Childish and unreasonable traits could be inherited!

Gong Jue curved his lips. He snatched the box over and stuffed it into her hand. "Take it! It's a waste not to take it! We can't let them scold us for nothing!"

Gu Qiqi's lips twitched.

Chapter 676: Hurry Up and Go Home to Make A Child!

Gu Qiqi was convinced by Gong Jue's godly logic.

She still wanted to reject it, but Gong Jue's long fingers moved and he opened the small box directly. She wasn't prepared. Her pupils immediately shrank and her eyes were pierced by the gorgeous light. When she opened her eyes again and saw what was in the small box, she was speechless.

How could this be a casual gift?

Grandpa Gong, are you sure you're not teasing me?

A luxurious blood diamond was quietly lying in the box. It was estimated to be an 18-carat pigeon egg. The cutting was perfect. Countless exquisite cuts reflected light, making this blood diamond as dazzling as a small sun.

Diamonds were common, but red blood diamonds were rare.

Grandpa Gong even said that he was just fooling around with such an expensive greeting gift!

Gu Qiqi's lips moved, but before she could reject him...

The little dirty turtle was already pleading excitedly. "Master, Master, I beg you. Please accept it. The red and orange gems are most suitable for us to upgrade. Furthermore, it's such a big one. Keep it. I know that you don't like to wear jewelry. If we don't wear it, we'll use it to absorb spiritual energy, okay? If there's no other way, you can throw it back to them when you kick Master Jue to the curb..."

Gu Qiqi was speechless.

Would Grandpa Gong vomit blood if he knew the truth?

At this moment, Gong Qing was even more excited than the little dirty turtle.

When he saw this blood diamond clearly, he felt terrible. He glared at Old Master Gong angrily. "Isn't this our Gong family's heirloom? Why didn't you take it out when I got married back then?!"

Old Master Gong's expression didn't change. He looked elsewhere. "Now that I've given it to Jue'er's wife, we have the same goal..."

What?! They were clearly irreconcilable!

Gong Qing was going to explode! He was really going to explode!

Songsong stabilized her husband and hurriedly tried to smooth things over. "Today, I'm glad Jue'er could bring Young Lady Qiqi home. We're very happy to meet such a simple and kind girl. As it's too late and we didn't receive her well in the middle of the night, can we arrange a time to officially meet next time? I hope that Young Lady Qiqi won't mind."

As she spoke, she suddenly gave Gong Jue a look and told him to stop while he was ahead and not agitate Gong Qing anymore.

It would be counterproductive if the medicine was too strong.

Gong Jue squinted. Anyway, he was only here to announce his wife tonight. He didn't expect his family to agree immediately.

It was already a very unexpected gain to have her grandfather take out his family heirloom and change her mother's mind.

As for that stubborn tsundere... Hmph, let's leave him hanging first!

"Stupid woman, let's go." Gong Jue naturally wrapped his arm around Gu Qiqi's small waist and prepared to take his leave.

Old Master Gong was still waiting anxiously. "That's right, that's right. Go back early. Hurry up and sleep together so that you can make a child. Come back carrying a fat granddaughter for me as soon as possible."

Gu Qiqi's lips twitched.

Grandpa Gong was really old at heart. He actually said such shameless words and told them to take advantage of the time to sleep together and make a baby without batting an eyelid!

These words really made Gu Qiqi feel a little embarrassed, and she didn't think too deeply about his words. She also didn't specially think about why he had to have a little granddaughter and not a little grandson.

Seeing that Gong Jue was pretending to be obedient after gaining an advantage, he wanted to pull Gu Qiqi away.

Gong Qing finally couldn't tolerate it anymore and exploded.. With a cold face, he said meaningfully, "What innocent and kind? Which innocent and kind girl would be so thick-skinned to take away someone else's family heirloom on her first visit without being recognized?"

Chapter 677: Slap His Face Ruthlessly and Anger Her Future Father-in-law!

Once Gong Qing's words fell, Songsong had already begun to cover her face.

Oh my god. Marrying a chauvinistic husband was the most miserable thing in her life.

Hubby, can't you think before you speak? Don't you know that these words will anger your daughter-in-law and make her run away?!

You don't want a daughter-in-law, but your son still wants a wife.

Sigh, but she was already unable to stop her husband's resentment towards his son and daughter-in-law!

She initially thought that Gong Qing was so hard to listen to that he deserved a beating. He would cause a girl of Gu Qiqi's age to be in an embarrassing position. If she was less thick-skinned, she might cry on the spot. Even if she was thicker-skinned, she would leave in embarrassment.

Gu Qiqi's reaction exceeded everyone's expectations.

She gently pushed Gong Jue, who was furious and wanted to stand up for her, away. She opened the small gift box in her hand lightly and held it casually.

It didn't look like she was holding a blood diamond worth tens of millions at all. Instead, it really looked like a casual gift according to Old Master Gong.

With a spurious smile, she said lightly, "Mr. Gong, I know that you don't like me. But this gift wasn't given to me by you, so I don't have to explain anything to you. Even if you don't say anything, I'll tell Grandpa Gong my thoughts."

"Good child, speak." Old Master Gong said kindly.

"Grandpa Gong, I really can't accept this blood diamond."

Old Master Gong's expression changed immediately and he said anxiously, "Why can't you accept it? Don't listen to that b*stard. His mind isn't clear! I'm not dead yet. I have the final say on who to give this family heirloom to."

Gu Qiqi shook her head slightly. "It's not because of him."

Gong Qing laughed coldly. "Excuses! I already know the lines that you're going to say next clearly. Aren't you just trying to say something hypocritically? You love Gong Jue as a person and not his money, so you won't accept a gift. Heh heh, why are you pretending not to love money?! You can use this kind of melodramatic scene in other noble families. We won't fall for this in the Gong family! The Gong family won't pay this IQ tax!"

After being interrupted by Gong Qing, Gu Qiqi raised her eyebrows and looked at him. There seemed to be a trace of disdain in her eyes.

Beside her, Gong Jue suddenly had a premonition and pulled on her slender wrist abruptly. "Stupid woman, stop talking! Come back with me!"

Gu Qiqi's seemingly weak and delicate small body was as firm as a rock at this moment. She wasn't moved and continued, "Mr. Gong, you're wrong. I can't accept this blood diamond because I haven't agreed to Gong Jue's request to officially date him. I don't want to be your Gong family's daughter-in-law."

Gong Jue's face was as cold as ice as he glared coldly at Gong Qing!

The resentment in his eyes could kill ten thousand elephants. He seemed to say, "It's all your fault! You insisted on making my wife say such words to poke my heart."

The other three people present were stunned.

They never expected that Gu Qiqi wouldn't accept diamonds for this reason!

Actually...

Their son hadn't made her settle down yet!

That girl hadn't agreed to marry into their family at all.

So... Gong Qing's intense objection just now was for nothing?

It's not that that girl can't match up to the Gong family, but that our Gong Jue hasn't managed to woo her yet?!

Oh my god. How embarrassing.

Gong Qing's face changed colors. It was simply too exciting.

A few seconds ago, he was still confidently mocking Gu Qiqi for pretending to love Gong Jue and not money. But what happened to the truth? That girl hadn't fallen in love with his son at all!

That girl's disdainful gaze ruthlessly slapped his face, okay?

Chapter 678: He Didn't Force Me Once

Gong Qing's face turned ugly from Gu Qiqi's words.

He didn't expect this little girl to be so difficult to deal with at such a young age.

His voice sank. "Why are you pretending? I know this kind of strategy. You're playing hard to get, right? It's a pity that your strategy is too childish. You're revealing your flaws everywhere!"

Gu Qiqi raised her small face and said neither servile nor overbearing, "Oh? Playing hard to get? Childish strategy? Please enlighten me."

Gong Qing snorted coldly. "You were the one who booked the entire restaurant with Gong Jue back then, right?"

Gu Qiqi thought for a while and nodded.

Gong Qing asked, "Did Gong Jue give you his black diamond card?"

Well, that was also the truth, although she had hardly used it.

She only swiped her card once or twice before she made up for it. She even doubled the repayment.

But she still nodded.

Gong Qing threw her a "as expected" look. "Since then, you lived with Gong Jue, right?"

Gu Qiqi thought for a while. Oh, she and Xiaobei were living in Mansion Number 0 in Mo Yuan. That was indeed the case. She nodded again.

A trace of thick disdain finally surfaced in Gong Qing's eyes. "At such a young age, you're eating things given by men and spending money made by men. You even moved in with men. You're shameless! Saying that you're playing hard to get is already flattering you. You're clearly selling—"

Before he could finish speaking, Gong Jue's face was already ashen. The veins on his forehead bulged as he shouted, "Enough! Don't be disrespectful just because you're an elder!"

If he didn't stop Gong Qing, he didn't know what kind of unpleasant insults this old man would say to make his woman suffer.

Selling? Selling what?

Was he saying that his woman was out to sell herself?

Believe it or not, I won't recognize you as my b*stard father anymore!

Apart from glaring at Gong Qing in anger, he couldn't help but glance at Gu Qiqi in annoyance. Stupid woman. Why did she have to stay behind to explain? She should have listened to him long ago and left with the diamond! Why did she have to stay behind to be humiliated by this vicious old man?! Was she bored?

However, after Gu Qiqi gave him a "calm down" look, she continued to oppose Gong Qing. "Are you done asking? Is it my turn to speak now?"

"Hmph! What else can a woman like you quibble about?!"

Gu Qiqi said, "You said that I ate his food and spent his money. I won't give an explanation for this but you said that I'm shameless. Then, you don't know your son well. He's a real gentleman. We did live under the same roof for a period of time, but he never forced me to do something that I wasn't willing to do once. Perhaps, you've lived in the adult world for too long and have different opinions of everything. But I want to tell you that your son is different from you. He seems to be simple and crude, but he actually respects women very much and respects my freedom, my choices, and my ideals. He has never restricted me, and he has always supported me in doing what I want to do. Before I decided to date him, he has always been waiting patiently. What about you? You might not have realized that you're an especially arrogant and simple man, right?"

Gong Qing was speechless. Was he being looked down upon by a young lady?!

Gu Qiqi glanced at the hand he was holding Songsong with just now to show off their affection.

"Although you're holding Auntie's hand intimately, you might never know that it's very uncomfortable for a woman's hand to be forcefully pulled by a man. This should be the correct way..."

She demonstrated it on the spot. She pulled Gong Jue's big hand over, clasped it, and placed it in her jacket pocket..

Chapter 679: Love Men and Money!

Gong Jue was very cooperative.

Although he was much taller than Gu Qiqi, he was willing to bend his knees slightly so that it wouldn't be as difficult to raise her elbows when she held his hand.

The correct way to hold hands was for a man to take the initiative to place his long and slender arm on the woman's side. This way, the woman's arm would naturally lean over and she wouldn't be tired at all.

Gong Qing stared blankly at his son and Gu Qiqi holding hands to demonstrate their love.

His son's actions were so natural.

This usually simple and crude guy actually had a rare trace of thoughtfulness and gentleness when he held this woman's hand. He was almost completely accommodating to this woman!

Was this really his fierce son?

That technology overlord who only knew how to develop high-tech robots?

For the first time in his life, Gong Qing realized that he had actually been wrong for life about holding hands.

Yes, he had been especially strong since he was young. Songsong was gentle and virtuous. She followed him everywhere and he was used to pulling her small hand over and protecting it in his palm.

He had always thought that he had given Songsong protection and comfort.

It wasn't until this moment that Gu Qiqi unreservedly revealed the truth and the most intuitive feeling of a woman that he realized that Songsong had been tolerating him for the past few decades!

Even if it wasn't comfortable to be held so forcefully, she was still willing to smile gently at him and satisfy his persistent desire to protect her.

His face froze and he was even a little embarrassed to look at Songsong.

He initially thought that he had given her all his love, but when faced with his son's way of doting on women, he was instantly turned into trash.

However, Gu Qiqi still wanted to poke him. "Mr. Gong, there's another thing. I have to say that your concept is really too outdated. Who said that you can't love a man and his money at the same time? Who said that people have to choose between two? Wealth is a part of a person's charm. Is it noble to love a poor person? I don't think so. To be honest, if I think it through one day and decide to be with your son, I will definitely take this diamond. Why don't I want such a beautiful diamond? It's just that my mind is not set yet and I don't want it."

She placed the diamond on the table politely.

When she was playing with this stone in her palm just now, she sincerely admired it. But now that she put it down, she didn't hesitate nor did she have a trace of reluctance.

Then, she handsomely held Gong Jue's arm. "I'm done talking. We can leave now!"

Gong Qing was stunned on the spot and couldn't say a word.

This girl had completely exceeded his understanding and shocked his accustomed perception.

Perhaps the younger generation really couldn't be judged based on his old opinions.

Just as Gu Qiqi and Gong Jue were about to cross the threshold...

Old Master Gong shook his wheelchair and chased after her. "Child, wait! Hold on!"

Gong Jue turned around.

Old Master Gong wasn't calling him. "Qiqi, take the diamond."

His gaze was persistent and serious.

Gu Qiqi was in a difficult position. "Grandpa Gong, I thought that I had already made myself clear. I'm still not Gong Jue's..."

Old Master Gong said firmly, "This diamond isn't for my granddaughter-in-law. It's for my God-granddaughter!"

God-granddaughter!

Once these words were out, the expressions of the few people in the room became serious.

Gong Qing and Songsong didn't expect that Old Master Gong would take this girl so seriously and admire her. He even couldn't wait to acknowledge her as his granddaughter-in-law.

Gong Jue frowned.

No!

If Gu Qiqi was her grandfather's granddaughter, wouldn't they be in a mess?!

This old man was simply fooling around! He was ruining things!

Gong Jue's face darkened. At the thought that Gu Qiqi had become Old Master Gong's god-granddaughter and his own god-sister, he felt terrible.

That cold aura made Gu Qiqi feel that if she accepted this blood diamond, Gong Jue would tear her into pieces!

But...

When she looked up and met Old Master Gong's eager and benevolent gaze, she thought of how Old Master Gong said aggrievedly, "If you don't take it, you'll think that I'm ugly." She was simply in a dilemma.

Rubbing her temples, Gu Qiqi sighed lightly. "Alright, Master Gong. I'll safeguard it for now."

Between an old man who was nearly 80 years old and the rich and powerful three year old Gong, she felt that it was more rational to coax the old man first.

Just like between a girl and a handsome man, she would choose to coax the girl first!

Once Gu Qiqi's words fell, Gong Jue's aura became even colder!

Gong Qing laughed in disdain. "I wasn't wrong, right? This girl really can't hide her greedy ambitions! How many girls in the world can resist such a temptation with a blood diamond? It would be a miracle to believe your nonsense about men and money previously!"

His arrogant and stubborn look returned to his body in a second.

Gu Qiqi didn't oppose him anymore. She didn't even bother with him anymore. Instead, she turned to Master Gong and said softly, "Grandpa Gong, I've accepted your gift. I hope that you can return the favor and accept my gift."

"Oh? Young Lady Qiqi's gift? Sure, sure, sure. I'll definitely accept it." Old Master Gong was so happy that he couldn't close his mouth.

He was more or less a little proud of himself. Such a beautiful and cute girl had come to the door, but he did not give her a gift. Instead, she gave him, this old man, a gift. It was simply too embarrassing.

"Hmph, pretending to be obedient and trying to be clever! After taking the blood diamond, I want to see if she has the cheek to give him a shabby gift!" Gong Qing couldn't help but look at her coldly.

Songsong couldn't stand her husband anymore and said in annoyance, "Cut it out!"

Gong Qing didn't say anything after being reprimanded by his wife, but he still looked down on Gu Qiqi in disdain.

He felt that as a poor student, it was impossible for her to give a valuable gift.

Even if she could take something out, she must have swiped his son's card to buy it. What kind of ability was that?!

Unexpectedly, Gu Qiqi asked a completely unrelated question in the very next second. "Master Gong, when did your leg become paralyzed?"

"Oh, it's been so many years. Twenty years? Or twenty-five years? That was when Jue'er and Sheng'er were young..." Master Gong said in frustration.

He had also made many mistakes when he was young. Perhaps the heavens wanted to collect interest in the end so that he could only spend the rest of his life in a wheelchair.

"How did the doctor diagnose it?"

"Oh, I saw many experts. They all said that it was joint necrosis. If I was younger, I could have undergone an operation to replace an artificial joint. But I'm too old. The risk of failing the operation is too high. I can only make do with my broken body. Qiqi, thank you for caring about this old man. It's fine. I won't have any regrets when I see you get married and have children..."

"Grandpa Gong, what if I can cure you?"

Gu Qiqi's faint question shocked the other four people present. Their hearts skipped a beat.

Old Master Gong's illness had already been diagnosed by many experts.

His joints were necrotic and he was too old to undergo surgery. Even if he underwent surgery, the artificial joints might not be compatible with the bones and muscles in his original body. Once there was a rejection reaction, it would be more dangerous for his life.

No one dared to perform such a surgery!

Thus, none of the experts who had examined Old Master Gong's illness could suggest an effective treatment plan. They could only maintain the current situation and let him move in a wheelchair.

Now, a brat like Gu Qiqi—a student who had just entered medical school—actually said that she could treat Old Master Gong's difficult illness. Wasn't this a joke?
