

Dear Chief 721

Chapter 721: You Can't Find A Girlfriend Like This

However, Gong Jue did not look down on the strange dish that Gu Qiqi had ordered according to the little boy's expectations.

On the contrary, he lowered his head and picked up a string of lungs or sea cucumber slices. Without changing his expression, he dipped it in the oil and ate it.

"This is called skewers. It's a traditional food for the people of the Empire. What non-human? Brat, you've seen too little." As Gong Jue ate, he even criticized him.

Gu Qiqi smiled and pushed a plate of dried chili powder and peanut fragments to Gong Jue.

Gong Jue took another string and ate it while holding a dry plate.

The little rascal was dumbfounded.

Daddy could actually eat chili!!!

He would never believe it.

But now, he saw it with his own eyes.

Seeing how the little boy was so stunned that he could no longer argue with her, Gu Qiqi almost burst into laughter.

It was not good to bully children like this.

What was he called again?

Yes, Gong Ting.

Little Gong Ting, it seemed like your daddy did not raise you well. You're rude, picky, and even want to use your knowledge to bully girls.

Well, then you won't be able to find a girlfriend in the future.

Auntie doesn't mind straightening you out.

Gu Qiqi picked a bunch of quail eggs and handed them to the little boy.

The little boy turned his head away proudly.

"Who wants to eat such strange food!"

Gu Qiqi said, "Hmm, that's true. Some people might only eat bland French food their entire lives and have never even tasted the native food of the Empire. I'm afraid some people don't even know how to eat it, right? That's not surprising. It's understandable..."

The little packrat gritted its teeth and stretched out his chubby hands to snatch the skewers from Gu Qiqi's hands. "Who said I don't know how to eat them? It's so simple!"

He gritted his teeth and hesitated when he brought it to his mouth

The chili was ruthless.

Besides, he had to dip the skewer in a layer of chili powder like Daddy... Wuwu, but he really did not want to admit defeat.

If he did not even dare to eat skewers, he would lose face in front of that fox girl.

Would he be mocked for an entire year?

Closing his eyes, he quickly dipped it in a layer of powder and took a bite.

A painful expression appeared on her face.

Eh?

The next second, he tried to chew it.

It didn't seem that scary.

This chilli was actually fragrant. His lips were a little numb, but it was not painful. Moreover, the taste of peanuts wrapped in a quail egg was simply magical—delicious!

He had never eaten such delicious spicy food.

When he ate sushi, he always refused to dip it in wasabi!

No wonder Daddy ate so well.

The little packrat took another bite and did not reject the skewers that Gu Qiqi handed to him.

Gu Qiqi watched as the little guy ate the food that he had never eaten before and could not help but smile.

Little bastard, do you think I'm really going to torture you?

I specially instructed the chef to lower the spiciness so that the child would not feel uncomfortable. Besides, the little bit of chili powder in the dry plate looked scary, but in fact, the taste of the peanuts was stronger than the chili.

The little packrat had unknowingly eaten a lot.

Gong Jue could not help but be surprised.

This brat had used "not eating" to threaten him at home. It could be said that coaxing the brat to eat had always been a rather difficult thing.

Moreover, this fellow never accepted provocation and had his own ideas.

Who would have thought that Gu Qiqi would make the brat eat obediently with just a few words?

She did not use any special tricks.

Wasn't it just a provocation?

He knew how to do it too, but it was useless.

Gong Jue felt a little upset.

Chapter 722: The Little Brat Challenges Gu Qiqi

However, not long after, Gong Jue started to have a headache again.

After eating its fill, the little packrat rubbed his round tummy and regained his fighting power. He curled his lips at Gu Qiqi, "Are you illiterate? You don't even recognize a single French word, so you're deliberately using this commoner food to fool around?"

Gong Jue frowned. "Gong Ting! Control yourself!"

Every time he called the little brat by his full name, it meant that he was truly a little angry.

However, the little packrat still twisted his head awkwardly. He did not look at Gu Qiqi, nor did he intend to take back his provocative words.

Hmph, this was the first time he had eaten spicy food after being tricked by a female fox. If he didn't retort, he wouldn't be called Gong Ting.

Although the taste of this chili was completely beyond his imagination...

Gu Qiqi was not angry.

She calmly took the dessert plate from the waiter's hand and placed it in front of the little packrat, "I ordered Tiramisu for you. If you think that your spicy tolerance level is not good enough, you can try using dessert to remove the spiciness."

"Who said that I can't eat spicy food!" The little packrat raised his chin.

The man could not accept a woman's comment! It was too embarrassing.

He really did not expect Gu Qiqi to read the menu!

She had ordered French dessert for him very early on.

What surprised him even more was that Gu Qiqi actually spoke the French pronunciation of Tiramisu so accurately and perfectly.

It was perfect!

Could this female fox really be hiding something? What abilities did she not know?

Didn't Uncle Bai Lang say that she was a high school student from the countryside who knew nothing about money?

The little packrat's reaction was completely within Gu Qiqi's expectations.

She curled her lips and said, “Yes. Since you’re okay with spicy food, I’ll tell your father to make more spicy dishes in the future. Children have to eat some chili appropriately. Don’t be picky. Chili is a good pharmaceutical, especially since it can increase your IQ.”

She emphasized the word IQ.

The expressions of the two men, one big and one small, darkened at the same time.

Was this woman mocking them for their low IQ?

The little packrat was indignant after being scolded. However, he did not understand what Gu Qiqi was talking about. He did not dare to continue being stubborn lest he made a bigger joke out of himself.

However, as the publicly acknowledged young genius of the Gong family, he was not someone to be trifled with!

He had superb skills too, okay?

“You know how to eat and French. If you know so much, have you memorized the numbers of pi after the 1,000th digit?”

Gu Qiqi was speechless. Was she being challenged by a three-year-old?

The little packrat thought that she had chickened out, “Haha, looks like you haven’t graduated from primary school yet.”

Gu Qiqi said, “I don’t know, but I know how to recite three thousand Chinese medicine names.”

The little packrat’s lips twitched!

Medicine again!!!

He decided to go home tonight to supplement his pharmaceutical knowledge. He would definitely crush this female fox next time!

“Hmph, do you know how to assemble robots? The kind that can communicate and fight.”

Gu Qiqi pondered for a moment. “I don’t know how to do that, but my brother just won the first place in the Empire’s Youth Robot Competition.”

The little packrat was so surprised that it almost jumped out of its seat, “Your brother is called Xiaobei? His robot is called Brother Yun? It’s very cool!”

“Oh, I don’t think Brother Yun is very cool. Sometimes, when he’s about to run out of battery, he’ll be in a daze. When he comes home in the middle of the night, he’s blocking the staircase and not moving at all. He really deserves a beating. Usually, I kick him away... However, if you like a stupid nerdy robot like Brother Yun, I can let you acknowledge my brother as your master and you can learn how to build this kind of robot...”

The little boy was speechless.

The robot he liked was actually kicked around by the fox girl in the middle of the night.

Boohoo, he sympathized with Brother Yun for a second!

Chapter 723: Two Men Vying For A Girl!

Gong Jue sat at the dining table and listened to Gu Qiqi and his son bicker.

His mood was extremely complicated!

At first, he was angry that the little packrat had provoked Gu Qiqi and made her feel embarrassed.

Then, he was relieved that Gu Qiqi could always handle the little packrat in one second.

Then...

He felt inexplicably sad and uneasy. Why did he feel like Gu Qiqi and the little boy were like a couple who had just met and were arguing with each other?

Now, although the two of them were fighting and refusing to give in...

Why did he have a bad feeling that the two of them would be like a loving couple that became more and more emotional as they bickered?

He had originally hoped that the two of them would like each other. After all, these two could be considered the most important people in his life.

But if these two were so good that they were going to abandon him, he would not agree.

Gu Qiqi was his! Not his son's!

At that moment, he realized that he was actually jealous of his son, and it was a jealousy about something that had yet to appear. Gong Jue's expression turned even worse.

He refused to chat with these two people and wanted them to stop!!

==

Just as Gong Jue, Gu Qiqi, and the little packrat were fooling around and eating dinner...

The entire news circle in the capital was about to explode.

A heavyweight message lay in the mailbox of almost every famous reporter that evening.

There were only a few words in it. "Two brothers vying for a daughter, putting on a shameless show!"

To the reporters, it was too common for the two brothers to fall in love with a woman. It was not worth reporting at all.

There were still poor hunters in the remote countryside where seven men could marry one wife.

That wife would be on duty seven days a week, arranging a day for every man to have sex with her.

Damn it, it was really fitting to say that she was on duty!

Compared to a wife that was always on duty, the woman who was loved by the two brothers was weak news.

Hence, at the beginning, the reporters did not take this report seriously.

However, when someone clicked on the photo sent by the informant, they were instantly shocked and speechless.

There were three photos.

The first photo was at the entrance of the hotel's presidential suite.

A woman was pulled into the room by a man in a bathrobe.

The woman's back was facing the camera.

The man's face was clearly shown!

That person was actually the high and mighty leader of the empire, the current president, Gong Sheng!

The second picture was at the entrance of the hotel. Gong Sheng was getting into the car, and the woman was following closely behind. She seemed to be getting into the car as well.

Both of them were surrounded by bodyguards...

The woman's back was still facing the camera as Gong Sheng's face appeared on screen!

The third one was in the Chu family's pharmacy in the golden diamond corridor.

Gong Jue was signing a cheque to buy jade when the woman stood opposite him with a gentle gaze...

This time, the woman's side profile was finally revealed!

With the logic behind the three photos, it instantly made someone come up with a melodramatic drama about family ethics.

The two brothers, Gong Sheng and Gong Jue, were actually involved with the same woman!

One of them slept with that woman; the other actually spent money to buy that woman expensive rings...

Could the President's stamina conquer that woman, or could the Commander-in-chief, Master Jue, use his wealth to gain the hearts of beauties?

And who was this woman?

Was the relationship between the three of them? Did the Little Brother seduce Big Sister-In-Law? Or did Big Brother forcefully take Little Sister-In-Law?

The reporters felt that this plot was exciting and wished they could write a piece of news immediately.

After regaining their senses, the reporters quickly called the chief editor and the president to ask if this explosive news could be released first.

After all, the two men in the photo were figures who could shake the empire with just a stomp of their feet.

Release it? Or not?!

Chapter 724: Scandal!

The heavyweight rumors between the Gong Brothers, Gong Sheng and Gong Jue, piqued the curiosity of the people in the Empire!

If it was released, it would definitely attract attention and increase sales by a hundred times.

However... no one dared to take such a huge risk and offend the President's Office and the Chief!

Especially that fierce Chief. The Empire could tremble with just a stomp of his feet. Thanks to the high-tech system he controlled, he only needed to lift a finger to take someone's head from thousands of miles away... It was said that after the reporter accidentally took pictures of him and the woman eating last time, his entire newspaper company closed overnight and disappeared from the Empire.

Soon, the news officer at the President's Office received the news and contacted all the newspapers overnight, requesting to suppress this news!

The reporters could only unwillingly replay the three explosive photos in their minds. Their gossipy hearts were about to explode.

However, the truth could not be hidden.

No one in the Empire's news media dared to report heavyweight news. When the news agency in S Nation received the news, they were overjoyed.

General Teuton, Gong Jue's mortal enemy, waved his hand. "Release! Release the headlines on the front page!"

The media in S Nation stirred when they heard the news. They could not wait to see the news the next day and immediately printed a special edition overnight! The entire edition was filled with scandals about Gong Sheng, Gong Jue, and an unknown woman!

The S Nation's media was overseas, and the Empire could not reach it.

The international news circle blew up and started reporting about it.

ABC, BBC, United Nations Morning News... As Europe and the Empire were in different timezones, the Empire's night was their morning, just in time to print this gossip on the front page!

At that moment, other than the Empire, almost all the reputable countries in the world published this news!

As Gong Sheng was reviewing the documents, Head Secretary Zhong barged in anxiously and couldn't care less about his manners. "President, something bad has happened. The news can't be stopped..."

The domestic media was about to explode. They were really unwilling to see those dishonest people beat them to it. They clearly had the best resources but did not dare to release them.

All the major newspapers spread the news and conspired to release it together. They directly cited foreign media reports. This way, it could not be considered that they had leaked the news, right? In the future, when the President's Office pursued the matter, they could say that they had only reposted it.

Besides, as long as they posted it at the same time, all the newspapers would publish it. As the saying goes, the law does not punish the masses. Could it be that the President's Office and the Chief could destroy all the newspapers overnight?

After the discussion, the rumor of two men snatching a woman finally erupted!

The entire country was in an uproar!!!

The Gong family's phone was exploding with calls!!!

Only Gong Jue, Gu Qiqi, and the little boy turned off their phones because they were having dinner. They had also instructed Special Assistant Lu not to come in and disturb them even if the sky collapsed. They did not know what had happened outside.

At the Gong Residence.

Gong Qing's face was ashen, and the newspaper in his hand was about to be crushed into mud.

Songsong lowered her eyes and persuaded gently, "Hubby, this is just a reporter's one-sided story. Let's wait for our children to come back and ask what happened first."

Gong Qing said coldly, "The photo has been taken and is written in black and white. How can this brat argue with that woman!"

Initially, when he saw Gu Qiqi's stunning medical skills at the Empire Medical University in the afternoon, Gong Qing's attitude towards her improved a lot. He also planned to give this girl some time to observe the situation.

But who would have thought that after only one evening, things would take a drastic turn?

That gold-digger actually made such big news!

It turned out that she had not only harmed Gong Jue, but also Gong Sheng!!

Chapter 725: Dazed On the Ground

Songsong sighed. "Hubby, I know you're worried about the two children, but she is also someone's child. Look at Sheng'er's photo. It's obvious that Sheng'er took the initiative to pull her into the hotel room. If there's anything wrong, isn't our son's fault even bigger?"

Gong Qing said, "It's the biggest mistake not to love herself! She actually stepped on two boats. Why doesn't she go to heaven?"

Songsong's lips twitched. She could not come to a conclusion until the truth was out.

Could it be that her two sons had fallen for the same woman?

However, Jue'er had already brought Qiqi back to meet her parents. She had never seen Sheng'er mention any women he dated.

However, if it was true, Qi Qi would not be able to enter the Gong family.

No matter who she married, the other would be awkward for the rest of his life.

At the thought of Gu Qiqi's cold, calm, and confident look, Songsong really could not bear to let her go.

Gong Qing was already roaring. "Where are those two bastards? Why aren't they coming back!"

Songsong comforted him. "I've already sent someone to look for them. We have to get the children back eventually. Let's ask about the situation and come up with a countermeasure together. Hubby, don't tell Dad about this first. I'm afraid he won't be able to take it anymore as he gets older. Why don't you accompany the old man upstairs to rest first, in case he sees the news on the television..."

The reporters were really a group of people who took the risk. All the media outlets seemed to have made an agreement as aggressive reports flooded in.

There were even people with ulterior motives who clamored for the President to come out and apologize again!

Who asked him to be unethical and bring harm to society? He should be impeached!

If this continued, not only would Gong Sheng lose his position as president, but even Gong Jue's most stable position as commander would be difficult to maintain.

Gong Qing nodded. "Alright, I'll go comfort the Old Master."

He could not be blamed for being so angry, because he knew better than anyone else how serious the consequences were.

Back then, he and Songsong were about to get married, but the media exposed their relationship as siblings. He was stripped of his position and expelled from the Empire. He was surrounded by enemies and almost died with Songsong.

Sometimes, the God of Death's hand crept over from an inconspicuous piece of news...

He definitely did not think that tonight's news could be easily forgotten.

It was all because of that gold digger!

It was not enough that she came to harm his Gong family, but she actually wanted to destroy his two sons!

Gong Qing was furious and walked towards the Old Master's room.

However, just as he reached the door.

He heard a thud from the old master's room.

Immediately after, the servant shouted in panic, "Master Gong! Master Gong, wake up, wake up!"

Gong Qing quickly opened the door and saw that Old Master Gong had fallen to the ground. He had completely fainted and his head had knocked against the corner of the table. There were faint traces of blood, and he was holding a newly published newspaper in his hand...

He was furious. "Who asked you to give the newspaper to Old Master? You're all a bunch of ignorant fools!"

The servant was so frightened that she was about to cry. "It's all my fault. It's my fault. I turned around to pour water just now and didn't notice the Old Master..."

Gong Qing looked at the mess on the ground and took a deep breath to help Old Master Gong up. "Get the doctor here! Don't apologize anymore. I know it's not your fault. This matter was all caused by that gold digger!"

His temper faded, but the anger in his eyes deepened.

Gu Qiqi, this gold digger, had caused chaos in the Gong family.. She really could not stay anymore.

Chapter 726: The First Time I Feel Happy Being a Man

When Gong Jue received the news, Gu Qiqi and the little boy were holding a phone each and fighting.

Gong Jue asked. "What are you guys doing?"

"We're fighting. Whoever loses will take off their pants." Gu Qiqi did not even look up.

"Hmph, we're fighting based on IQ. Hurry up, you're going to lose! Your hand speed is not good enough!" The little packrat's chubby hands were abnormally nimble. His actions were very fast, forcing Gu Qiqi to not dare to be distracted.

However, Gu Qiqi did not relax at all. "Don't say it too early. I think you should loosen your pants quickly, in case you lose and can't take it off."

Gong Jue frowned. "Nonsense! Take off... your pants? Are you playing King of Glory?"

He seemed to have heard Gu Qiqi mention it to Special Assistant Lu once. In order to show that she was not so backward, she even specially checked what game it was.

In the end...

Gu Qiqi said, "King of Glory? I'm sick of it. We're playing XXXX..."

The little boy said, "Daddy, are you an ancient person? I stopped playing when I was in kindergarten."

Gong Jue was speechless. Why did he feel a wave of deep disdain?

Also, were the two of them, who had been arguing just now, suitable to team up and PK like good friends?

Did they take him for a nobody?

"Daddy, feed me a mouthful of fruit juice!"

“Gong Jue, help me pour some water! Hurry up!”

The two guys who were engrossed in the game started instructing him.

Gong Jue glared at the two of them a few times. When he realized that no one was paying attention to him, he could only pour water and serve the fruit juice resentfully...

However, after personally feeding the two of them and watching them focus on the PK...

In an instant, two words flashed across his mind: Peaceful times.

He was responsible for earning money to support his family, while Gu Qiqi and the little boy were responsible for quarreling and teasing each other. If this family could live happily together, perhaps it would be very heartwarming!

He had been wandering outside for too long. He had seen many instances of mutual deception and bloodshed in business, but he had never enjoyed such a family life.

He knew that the little packrat would not be able to accept Qiqi marrying him just yet. However, if he could live like this for a few days, even if it was just a few days, would he have no regrets in this life?

An indescribable, sour, and strange feeling surged up his throat, making him feel for the first time in his life that being a man had such a blissful hope.

However, in the very next second.

A voice interrupted his fantasy of a warm life.

“Chief, something happened...”

Assistant Lu walked into the dining room with a serious expression and said in a low voice.

Gong Jue frowned. “Didn’t I tell you not to come in no matter what?”

It was not easy for him to get Gu Qiqi and the little packrat together. He did not want anyone to disturb them.

Special Assistant Lu had a bitter expression on his face. He did not want to be a third wheel!

“Chief, someone took a photo of you and Miss Qiqi together. Moreover... there’s also a photo of the President and Miss Qiqi... It’s already chaos outside...”

Special Assistant Lu said with difficulty. He took out his mini tablet and showed Gong Jue the photo.

Gong Jue’s anger exploded, but because of the woman and child, he suppressed it.

The veins on his forehead twitched, and his voice was bone-chilling. “Check the location of the photo and the first bastard who sent it, as well as all the media outlets that published the photo.”

Deputy Assistant Lu asked in pain, “Chief, I’ve already checked the source of the photo. It’s an anonymous email. I’ve already cracked the location of the email. It’s from a fixed email address sent from a public computer in a public internet cafe in the Imperial Capital sent two days ago. The internet cafe is too old and there are no surveillance cameras...”

“Are you looking for an excuse for stupidity? Are you telling me that I can’t find out who’s behind this?”
Gong Jue’s tone was even colder.

Chapter 727: Unchanged Machismo

Assistant Lu shuddered and continued, “This is not the worst. Firstly, the worst thing is... There are countless media outlets publishing photos, and almost all of them are involved... Are we going to wipe all of them out?”

This was almost impossible!

Those reporters were too evil. They clearly joined forces to mess with the Chief. They guessed that the Chief could not do anything to them this time, so they tried their best to defame the Chief!

Miss Qiqi was not related to the president at all!!!

However, the problem was that this matter was not easy to clarify. Miss Qiqi’s relationship with the Chief had just eased up a little, and she had yet to agree to the Chief’s proposal. The Gong family and the little chief had not accepted Miss Qiqi yet, so it was not the time to publicize their relationship.

The main point was that the photo of the President was really hard to explain. The girl’s back view was thin and beautiful. She looked like Miss Qiqi.

When did Miss Qiqi meet the President?

If he did not believe in Miss Qiqi’s character, he would have believed the news about a woman and two men!

“Chief, should we ask the President to clarify that you were actually in the room that day? Ahem ahem, for a family meeting?”

Gong Jue’s face darkened. “Family members wear bathrobes when they meet? Why would they meet like that?!”

He stared at Gong Sheng’s photo and said firmly, “That woman is not her.”

Special Assistant Lu was speechless.

Why couldn’t he tell?

Gong Jue pointed at the woman’s earlobe in the photo. “Qiqi doesn’t have a mole here.”

What a joke. The earlobes of a stupid woman were exquisite and cute. Every time he kissed her, he would bite them countless times and wish he could eat them.

Would he not be able to differentiate between his woman and another woman?

Special Assistant Lu looked miserable. “It’s just a mole. It’s not convincing enough. People might say that it’s makeup...”

Gong Jue's face turned ashen. "Get Gong Sheng to hand that woman over! He did it himself! Tell him that if he doesn't resolve it, I have ten thousand ways to kill that woman!"

Special Assistant Lu nodded vigorously. "Yes, yes, yes! But Chief, you might have to go back to the old residence first. Madam called and said that the old man fainted and the family found a doctor to resuscitate him..."

He stole a glance at Gu Qiqi and lowered his voice. "He said that he fainted and fell because of Miss Qiqi's scandal. If he falls down, he might be in trouble. Master is in a fit of anger now. If you don't extinguish the fire quickly, he might use his private power to take revenge on Miss Qiqi..."

Gong Jue's expression turned serious.

How could it be so coincidental? Did all the terrible things happen together?

The scandal was already terrible, and Grandpa fainting was even worse.

His efforts to pave the way for Qiqi to marry into the Gong family these few days had been in vain.

Not only that, but because of the unexpected incident, it attracted even more hatred.

He frowned as if he was thinking about something.

The low conversation between Assistant Lu and Gong Jue finally alarmed Gu Qiqi.

She looked up from her phone game. "Did something happen?"

Gong Jue stared at her. "It's a little... troublesome."

Gu Qiqi knew that Gong Jue never felt that anything could cause him trouble. He was born to step on everything and treated trouble like an ant.

However, Gong Jue actually took the initiative to say that he was in trouble... It must not be a small matter!

Her expression turned serious. "Can I help you with anything?"

Gong Jue immediately waved his hand and said in a deep voice, "I'll settle it! If I can't solve the problem, how can I be considered a man! Women shouldn't worry about this."

Gu Qiqi's lips twitched.. This man would never change his ways.

Chapter 728: Qiqi, Wait for Me!

Gu Qiqi turned around and said to the little packrat, "Let's not fight anymore. Let's go and help your father solve his problem."

The little packrat quickly moved its fingers, "Alright. I've already won—y-y-you, how can you do this! You killed my king!"

Gu Qiqi nodded calmly. "Yes, you lost. However, I don't have time to see you take off your pants today. Next time. Remember, you're not allowed to cheat!"

The little packrat clutched its fingers in frustration as it stared at the game interface in disbelief.

He had been one step ahead before and was about to wipe out Gu Qiqi's team.

In the end, Gu Qiqi made a beautiful move and a beautiful light flashed on her screen. She actually used a hidden move that he had never seen before and KO-ed his team!

If the fox girl had this sure-kill technique, why didn't she kill him early in the morning and play around with him for so long?

When the little packrat thought of this, he felt even worse.

So she treated him like a child and had been coaxing him to play just now?

However, Gu Qiqi still walked over and added, "Hmm, actually, your standard is not bad either. You're only a little worse than me, and that's already surprising. You can do it next time!"

The little boy was speechless.

He wore sunglasses and turned his head away, determined not to look at the fox girl!

There was no next time!

Hmph, he had yet to admit that this fox girl was his stepmother.

Ten minutes later.

At the Gong family's old residence.

Gong Jue brought the little boy out of the car and instructed Assistant Lu, "Send her back to the Mo Garden."

Gu Qiqi was a little worried. "What about you?"

"I'll go and solve the problem." Gong Jue looked at her fixedly. "Don't worry about me. Go back and sleep. I'll be back soon. Wait for me!"

"How fast?"

"Half an hour."

"Okay..." Gu Qiqi agreed and watched the two men enter the Gong family home.

Looking at the two backs, her nose actually felt a little sour.

Gong Jue did not tell her what had happened, but her intuition told her that the matter might be related to her!

Otherwise, his gaze wouldn't be so deep, so complicated, and so determined.

He wanted her to wait!

Special Assistant Lu started the engine and comforted her. "Miss Qiqi, the chief has always been a man of his words. If he says that he'll be done in half an hour, he'll definitely be done in half an hour."

"I know." Gu Qiqi turned on her phone and looked at the time. It was 9:30 pm.

However, she did not want to wait foolishly.

If something really happened, she wanted to do her best. She did not like the feeling of being helpless and could only wait foolishly.

Her fingertips brushed across the phone screen and a news page popped up.

However, the signal was not good, and she could not see the content.

Gu Qiqi did not care.

However, Special Assistant Lu, who was in the front row, saw her lowering her head to look at the news on her phone through the rearview mirror. She suddenly looked very nervous. His hands trembled, and even the steering wheel tilted...

Fortunately, Number 1 would automatically change direction. Otherwise, he would have almost hit the guardrail beside him.

Gu Qiqi frowned slightly and her voice became colder. "Assistant Lu, can you lend me your phone to take a look?"

Special Assistant Lu stammered, "Miss Qiqi, the signal in the car is not good. I can't read the news on my phone. Why don't you look at the scenery? The moonlight is also very beautiful..."

Gu Qiqi said calmly, "I didn't say that I wanted to see the news. How did you know that I wanted to see it? Or... is there something in the news that you don't want me to see?"

Chapter 729: Miss Qiqi's Capability

Special Assistant Lu had a bitter expression on his face.

Oh, Miss Qiqi, can you not be so smart!

I just didn't want you to worry about this scandal. The Chief specially instructed me to cut off the internet signal for the phone within a kilometer of you!

He even blocked all the phone numbers outside of Miss Qiqi's phone book. Even harassment calls could not get through.

Gu Qiqi's eyes darkened slightly. Her cold and exquisite face immediately exuded an imposing aura.

"Don't think that I don't know your methods. A hacker like you can cut off my network, right? But you have to know that you can't keep me locked up in the car. I have to get out of the car. I have to walk into the crowd. I have to know the truth that you don't want me to see... So, do you plan to let me discover it myself, or tell me honestly!"

Special Assistant Lu was speechless.

Chief, save me!

Miss Qiqi's interrogation skills were top-notch!

I can't help but confess...

Special Assistant Lu could not take it anymore. In the end, he obediently took out a newspaper hidden under his seat and handed it to Gu Qiqi. "Miss Qiqi, the Chief will definitely solve it. Can you... take a look?"

He did not know Gu Qiqi's personality well enough.

Was Gu Qiqi the kind of person who would just bear with it and watch?

Gu Qiqi picked up the newspaper calmly and seemed to have calmly finished reading all the scandals and photos. She read all kinds of guesses the media reporters had.

What one woman picking two men and brothers sharing a wife... No matter how vicious the guess was, she did not even raise her eyebrows or blink.

After reading the newspaper, she returned it to Assistant Lu. There was no anger, depression, or accidental rebuke or opinion.

Just when Special Assistant Lu thought that Gu Qiqi was really good at maintaining her cool and thought she would really let it go after reading it...

Gu Qiqi suddenly pursed her lips and said, "Turn around!"

The assistant trembled. "Miss Qiqi, what are you..."

"Return to the Gong family. Immediately!" She ordered in a deep voice. Her tone was exactly the same as Gong Jue's.

Could this be the relationship between husband and wife?

Special Assistant Lu could not help but jerk. He stepped on the brakes and the steering wheel slipped. He did not know why, but he really turned around!

Even Number One was especially cooperative and began to accelerate and cruise automatically.

It was really magical!

Seeing that Assistant Lu was indeed driving back obediently, Gu Qiqi retracted her cold gaze.

She opened her contact list and found a familiar number. She dialed it. "Mrs. Ouyang, I'm sorry to disturb you late at night..."

After Gong Jue and Gu Qiqi separated.

At the entrance, he met Gong Sheng, who was also rushing over.

"Hello, President uncle!" The little packrat greeted politely.

“Hello, baby.” The noble and cold President looked at the little packrat with a rare gentleness on his face.

Gong Jue’s face was as cold as ice.

He instructed the servants to bring the little packrat upstairs.

He stopped in his tracks and stopped Gong Sheng. “Why did you come back?”

Gong Sheng said, “I came back to give my father and grandfather an explanation.”

Gong Jue snorted and grabbed Gong Sheng’s collar. “Gong Sheng, f*ck you! You should give me an explanation now! You made my woman the main character of the gossip, you bastard!”

Gong Sheng pulled his hand away. “Sorry, I don’t want to see the current situation either.”

“Why would an apology need a president like you!” Gong Jue sneered.. “You shouldn’t be here now. Instead, you should immediately hold a press conference to clarify everything! Do you know that a second of delay will...”

Chapter 730: Gong Jue Was Beaten

“I know.”

Gong Sheng looked straight into his hot-tempered brother’s eyes and said in a deep voice.

“There are too many people coveting the position of president. If I delay for even a second, someone might take the opportunity to impeach me and make me step down. If I step down, the entire Gong family will be humiliated. Therefore, I don’t want to waste time. I only rushed back immediately when I heard that my grandfather had fainted and my father was so angry that he was about to lose his mind.”

Unexpectedly, this explanation only made Gong Jue scoff even more.

“What do you know! Every second you delay, my woman’s reputation will be damaged by you! As for whether you become this cheap president or not, I don’t care at all if the Gong family’s reputation is ruined!”

Gong Sheng was speechless.

So in Gong Jue’s eyes, reputation and family were all bullshit.

Only his woman was the one he needed to care for!

He really... spoke righteously.

He really did not care at all!

“Gong Sheng, I’ll give you one last chance. If you don’t find that woman in the hotel quickly, don’t regret it when I make a move!”

“Must it be now?”

“Yes! Now, immediately, go and clarify!”

Gong Sheng’s lips moved. He wanted to say something but held back. “I’ll leave grandfather and father to you. I’ll deal with this.”

“Get lost!” Gong Jue did not look happy at all.

Gong Sheng turned around and strode away.

After taking more than ten steps, he suddenly stopped.

He turned around and looked at Gong Jue’s back.

Gong Jue kept his temper and silently stepped forward with his leather boots, causing the golden ginkgo leaves to creak.

A crack finally appeared on Gong Sheng’s calm face.

Head Secretary Zhong came up to him and opened the car door for him politely. “President, the commander’s temper is too violent. It’s not your fault. To think that you didn’t make a fuss with him...”

Gong Sheng raised a hand.

He stopped Secretary Zhong from complaining.

“You don’t understand. He chased me out because he wanted to prepare to bear his father’s anger alone. Protect me first and deal with this matter,” Gong Sheng said in a deep voice. “Investigate where that woman is immediately. I want the results in five minutes! I want to see you bring her to me in ten minutes!”

Secretary Zhong was shocked by the President’s swiftness.

“Yes!”

However, was the commander-in-chief as great as the president made him out to be? Why couldn’t he understand?

On the first floor of the Gong family home.

In Old Master Gong’s bedroom.

A few doctors were sweating profusely as they tested Old Master Gong and gave him an IV drip.

Falling was not a small matter for old people. There were often elderly people who would fall in the middle of the night and never wake up. They would leave the world forever.

Old Master Gong’s identity was so important. Both of his grandsons were top figures. If they were careless during the treatment, their heads would be lost.

However, the more anxious they were, the more they could not come to a conclusion.

The old man was clearly seriously dizzy and unconscious, but all his physical tests were normal—in other words, the cause of the illness could not be found!

If they could not find out the cause of the illness, how could they wake Old Master Gong up? They also did not dare to casually give medicine to the elderly.

Just as everyone was feeling extremely anxious.

Gong Jue pushed the door open and entered. "How's grandfather?"

Gong Qing finally found an outlet to vent his anger.

A long staff had appeared in his hand at some point in time. The staff hit Gong Jue's head and face!

If Head Secretary Zhong were standing there, he would have realized why the President said those words so painfully.

It turned out that Gong Jue was really a responsible man.

He had chased Gong Sheng away because he was really prepared to withstand the anger of his elders alone and buy time for Gong Sheng to resolve the rumors!
