

## Dear Chief 731

### Chapter 731: I Should Poison You To Death First

“Bastard, you still know how to come back!”

Gong Qing did not care that there were outsiders present.

The wooden stick in his hand hit Gong Jue.

Gong Jue did not dodge and snorted. “I came back to see Grandpa. Get lost!”

Gong Qing said angrily, “You still know how to care about your grandfather? He’s about to be killed by that gold digger! She used poison in the medicine to kill your grandfather!”

Gong Jue frowned. “Impossible! The medicine that Qiqi brought is expensive Chinese medicine. I saw her brewing it overnight.”

With that, she glanced at Gong Qing from the corner of her eye. “Besides, if she wants to poison you to death, she should poison you first.”

Among the entire family, Gong Qing was the only one who objected to Gu Qiqi entering the house.

The old man welcomed Gu Qiqi the most. He even gave her an expensive blood diamond as a greeting gift.

Logically speaking, Gu Qiqi had no reason to harm Old Master Gong.

There were many reasons to poison Gong Qing to death.

Gong Jue’s retort was really... heartbreaking!

Gong Qing’s face turned green and white. He raised his wooden stick again. “Stop quibbling. You won’t be able to quibble over her crimes! Poisoning is one thing, but seducing Gong Sheng is another!”

“It’s not her.”

“The photo is here. Do you think I’m blind?”

“Yes, you’re a little blind.”

“Bastard!”

The wooden stick swung over again.

Gong Jue’s left calf was hit. His body trembled slightly and he knelt on one knee!

Gong Qing roared, “I told you that woman would destroy our Gong family, but you didn’t believe me?! Now your grandfather is asleep after taking her medicine and your brother’s reputation is ruined! The evil deed is right in front of you, but you’re still defending her!”

Gong Jue gritted his teeth. “I said it wasn’t her! Why don’t you suspect Gong Sheng’s taste in women? The woman in the photo might be Gong Sheng’s mistress. Why haven’t you suspected him before?”

Gong Qing hit him again. "Your brother knows his limits. He would never make such a mistake when it comes to men and women! Unless he was framed by someone! Unlike you, you're wild! You're reckless and arrogant. You're the number one in the world. You never know your limits!"

Gong Jue suddenly raised his head. "Yes, I was raised up to be a wild child. I didn't receive your careful guidance since I was young, so I grew up crooked. Oh, maybe... I'm not your biological son, so I'm not soft-hearted when I fight, right?"

"You! Have you been mesmerized by a gold-digging vixen?" Gong Qing almost fainted from anger.

"Hubby, stop it! How can you say that about your child... You're really..."

On the side, Songsong had to take care of Old Master Gong again. She was angry that Gong Qing's careless words had hurt her child's heart, and she was also worried that Gong Jue would rebel. She was extremely anxious.

A few doctors were already scared silly. They trembled and wished they could be invisible.

At this moment.

The door was pushed open.

"The gold-digger is here. If you have anything against me, come at me. What's so great about threatening my man?"

At this moment, Gu Qiqi put away her gentle, generous, and sensible mask. There was only a cold light in her eyes as she looked straight at Gong Qing without fear!

How was she like a vixen? She was clearly a proud phoenix who hid her shortcomings!

Gong Qing was stunned before he said angrily, "You still dare to come?"

As he spoke, he swung his staff!

He actually wanted to beat Gu Qiqi out.

Gong Jue had been hit three times before, but he did not fight Gong Qing. However, this time, when he saw that his father was about to hit his woman, his eyes turned cold and his palm suddenly blocked him.

His other arm was unbelievably fast as it protected Gu Qiqi behind him!

"Dumb woman, I said that I'll hold up the sky if it collapses. Why are you here?!"

His tone was angry.

His gaze was gentle!

His stupid woman had the guts to protect him now. That way she said "my man" had melted his heart.

He felt that it was worth it even if Gong Qing hit him a hundred times.

Chapter 732: If You Flirt, You Have to Take Responsibility

Gu Qiqi's "my man" instantly gave Gong Jue endless courage.

He chose to protect her and face his family's questions alone.

She also chose to stand side by side with him!

How could he not be touched by this brave woman?!

He protected Gu Qiqi with one hand.

His other hand blocked Gong Qing's wooden stick.

He snatched it away. He raised his leather boots and kicked the stick in half.

He actually broke the wooden stick that was as thick as a child's arm!!

When he was beaten up by Gong Qing, he did not make a sound. Now that his woman was here, he protected her more fiercely than anyone else.

Gong Qing was even angrier. "You've turned the world upside down, right, brat? You don't even care about family law!"

Gong Jue glanced at him coldly and could not even be bothered to answer. He turned to Gu Qiqi and said in a deep and hoarse voice, "Stupid woman, say what you said to me again."

He really did as his father said and did not take him seriously!

There was only one person in his mind, and that was Gu Qiqi!

There was only one sentence in his mind, and that was Gu Qiqi's domineering words about a beauty saving a hero!

Gu Qiqi was glared at by him in public. She said angrily, "I say, you idiot, why didn't you hide when you were hit? Don't you feel pain?"

As she spoke, she glared at Gong Qing unhappily. She had always been more tolerant of his bad temper because she respected him as Gong Jue's father. However, if he was ruthless to Gong Jue, then she had nothing to respect him for.

Gong Jue could no longer be bothered with the old man behind him. He narrowed his eyes in a good mood and replied Gu Qiqi, "If you can call me your man again, I can take another 100 hits!"

Gu Qiqi was speechless. She wanted to knock him out.

Gong Jue looked at her angry and amused expression. He loved her so much that he could not help but hug her small waist in public. A deep kiss landed on her forehead without warning.

His parents, family, and doctors behind him had all become the background, and they were not within his considerations.

"So... you're planning to acknowledge me?" Gong Jue's wet lips brushed past her perky nose as he murmured.

Gu Qiqi's face turned red. Why did this stupid man... do that to her?

“Who said I was going to acknowledge you!”

“But you just publicly announced your sovereignty. Dumb woman, you have to be responsible for flirting. You’re a university student, you can’t do something irresponsible...”

After hearing Gong Jue’s righteous words, Gu Qiqi instantly felt that she had become an irresponsible jerk.

Gu Qiqi struggled. “These are two different things, okay? The most important thing now is to resolve the scandal. It’s not about admitting it. Gong Jue, don’t get the main point wrong!”

She tried to bring the conversation back on track.

Gong Jue curled his lips. “Who said that gossip is the most important? You’re the most important...”

His eyes darkened as his lips explored downwards.

If not for the fact that the damn Gong Sheng was also involved in this rumor, he would definitely be eager to make their relationship public.

He wanted to be official with her.

He wanted to let the entire world know that she was his. Then, she would never escape from his arms.

The two of them were extremely close to each other and were whispering into each other’s ears.

Gong Qing, who was behind them, was furious and irritable.

He picked up the broken wooden stick on the ground and slashed at Gong Jue’s back again. “That’s enough! Do you still respect me as your parent?!”

He was about to die of anger, but these two little bastards were still flirting with each other in front of him!

Chapter 733: She’s Not a Little White Rabbit

Gong Qing’s wooden stick was too fast, and it came for Gong Jue’s back.

Despite this, the man who was immersed in kissing Gu Qiqi did not react at all.

However, Gu Qiqi was facing Gong Qing!

She watched as the wooden stick hit Gong Jue’s back.

Her heart ached as if it was going to smash into her heart.

It was even more painful than hitting herself.

His brows furrowed slightly, and without thinking, he stretched out both hands to hit them.

“Hubby! No!” Songsong, who was taking care of Master Gong by the bed, was shocked to see this. It was not enough that her single brain celled man had hit his son. Was he going to hit the girl?

This was outrageous.

She ran over, but how could she be faster than Gong Qing's wooden stick?

The wooden stick was about to break Gu Qiqi's hand and land on Gong Jue's back...

Suddenly.

Crack.

Gu Qiqi's slender fingers pinched the two ends of the wooden stick.

With a slight movement, the wooden stick shattered!

The originally hard wooden stick was now broken into pieces like the worst kind of chaff, rolling on the ground and losing its offensive power.

Gong Qing was stunned for a moment.

There was only one thing he knew about cultivation techniques that could instantly shatter wood.

Five Animal Mimicry! Eagle Claw!

When he was young, he had also practiced the Five Animals Form to strengthen his body, but that was only for strengthening his body. They were all useless moves.

Although the aged martial arts coach unintentionally revealed that the eagle's claws in the ancient Five Animals Show could shatter stones and wood, it was quite awesome!

However, everyone treated it as a legend. It was fine to listen and laugh.

Gong Qing would never have thought that he would be able to see the eagle claw move as easily as blowing air with his own eyes in his life!

Furthermore, the person who used this move was actually that useless gold digger!

The woman's slender fingers looked like they had no strength at all. Her figure was too thin and she did not have any muscles at all. However, the decisiveness, ruthlessness, explosiveness, and strength when she attacked just now seemed to have instantly changed into a different person.

It was a perfect score!

This gold digger really could not be underestimated.

It was really an unexpected performance that made people's jaws drop.

Gong Qing was stunned by Gu Qiqi's attack and froze on the spot.

The man who was kissing Gu Qiqi finally pulled his lips away unwillingly and turned around angrily.

When he saw everything clearly, he glared angrily and disdainfully at Gong Qing. "You even hit a woman. You really make me look at you in a different light. You're so disrespectful!"

Gong Qing turned red.

He did not want to hit Gu Qiqi. His intention was to teach Gong Jue a lesson.

However, Gu Qiqi had attacked too quickly. Even if he wanted to stop, he could not.

He felt guilty towards Gu Qiqi.

As the former head of the Gong family, he admired, liked, and loved such a young person to the core!

She wished she could immediately recruit him and nurture him well.

Unfortunately... This woman was a gold digger who seduced his son.

It was really contradictory!

He covered the guilt and conflict in his eyes and pretended to not care. "She's not a little white rabbit. Her claws are even more ruthless than a wolf's. What are you worried about!"

Gong Jue sneered. "That doesn't mean you can hit her! Gong Qing, remember this. She's fine today. If she loses a single strand of hair, I won't show any mercy even if you're my father!"

Gong Qing choked.

Chapter 734: Pardon Me, You're Very Dumb

Songsong quickly walked over and stopped him. "Hubby, Jue'er, stop talking. With the enemy in front of us, let's not make things difficult for our own people, okay?"

"Hmph, as long as he doesn't provoke my woman, I can't be bothered with him!"

"You...! Gong Jue, do you even think of me as your elder!"

Songsong smacked her forehead.

How did she marry such a hot headed husband? How did she give birth to such a hot headed son! If not for her grandson being obedient and cute, and her prospective wife being talented and smart, she would really doubt life.

In the chaos.

Gu Qiqi suddenly said calmly, "Auntie is right. There's no need for us to fight amongst ourselves in the presence of external enemies. The important thing is to solve that untrue news."

Gong Qing said unhappily, "Settle? That's easy to say! I have a solution here."

"Please say it."

"If you have the guts to stand up and say that you seduced the two brothers with your own wishful thinking, apologize to the people, and bear the responsibility that you should bear, this matter will be resolved!"

"Uncle, forgive me for saying this, but your method is very stupid."

Gong Qing was speechless. This was the second time in his life he had been called stupid by a junior! The last time was when his son despised him for being stupid!

Gong Jue curled his lips. "You have good taste. You can tell."

Gu Qiqi raised her eyebrows and said, "As the person involved, no matter what we say, no one will believe us. The public will only believe what they want to see. Normal relationships are too smooth and unattractive. Only such strange rumors and the topic of the two brothers fighting for a woman will be spread by word of mouth. So it's useless even if I say it. Besides, how can I say something I never did."

Gong Qing could not refute Gu Qiqi's words.

But...

"Are we going to let the public opinion spread and wait for Sheng'er and Jue'er to be impeached and fired?!"

"Of course not. Uncle, aren't you a little naive? There's no such thing as black or white in this world. Have you forgotten that there's gray?"

"What the heck!"

"To put it simply, we need a third party to speak for us. Someone who doesn't stand for the two brothers, or me, or the media. That's convincing."

"Hmph, childish! Who would get involved in such a situation? This is not an ordinary rumor at all. This is a power struggle, do you understand! As a student who is inexperienced in the world, what do you know!" Gong Qing disagreed.

Gu Qiqi's gaze was firm. "I don't know, but I've already done it."

"What?! What did you do?!" Gong Qing was shocked.

Even Gong Jue looked at her differently and could not help but ask, "Stupid woman, what did you do?"

Gu Qiqi pointed at the television in the room. "It should be effective now, right?"

The servant quickly turned on the television and tuned to the news channel.

Indeed, they were all gossiping about the two brothers fighting over a woman.

However, one of the television stations took the lead to broadcast an extraordinary interview.

A wealthy lady dressed up and said to the reporter, "Ah, I recognize the third photo. It's a jade jewelry shop, but the Chief was just passing by that day. He doesn't know the girl in the photo!"

Another noblewoman snorted and interrupted, "Someone actually guessed that he bought jewelry for that girl? Tsk, this is even more unbelievable. He clearly bought jewelry and donated it for charity. The shop and the charity organization have records, right? Don't you reporters check it?"

If not for these noble ladies mentioning it, even Gong Jue would have forgotten that he had done such a "charity" thing that day.

## Chapter 735: The More I Look At Gu Qiqi, the More I Like Her!

The lady's words stirred up a thousand waves.

Originally, there were only three photos of the scandal, and there were no more details. Every radio station took turns to broadcast it, and they were already starting to feel tired.

New news would definitely be popular at this time.

As expected, after this television station took the initiative to do an interview, the other companies were unwilling to fall behind.

Soon, the wealthy ladies at the Qingyu Xuan cocktail party were involved. Even the most respected diplomat's wife made an exception and accepted an interview.

Everyone said that Gu Qiqi did not know Gong Jue, and the two of them did not interact much that day. As for the photo... It seemed like it was taken from a strategic angle, okay?

There was something that they silently hid in their hearts. That night, Master Jue was clearly looking over affectionately, okay? That is, when was he looking at that young lady!

Now that Master Jue was in trouble, they had to speak up for him.

The noble ladies rarely accepted public interviews, but their bright surnames and their neutral stance were enough to convince the public!

As for their husbands' reactions when they woke up the next morning and realized that their wives had actually participated in the gossip, cough cough cough cough, that was something to worry about tomorrow morning.

Perhaps they had protected Master Jue and indirectly helped their husbands to express his goodwill to him. They might even help their husbands' career improve in the future!

Gu Qiqi knew what these ladies were thinking, so she hit the nail on the head. From the moment she called Mrs. Ouyang, the news spread like wildfire, causing them to take the initiative to clear the name of the Gong Jue!

However, they all thought that what they said was true, and their expressions could not be faked.

There was even a television station that was especially crazy. The host brought out a lie detector on the spot and let the lady speak as she took the lie detector test.

The results of the lie detector were—Everything was true!

Gong Qing and Songsong watched the change on the television and were shocked.

"Why... would they speak for Jue'er?!" Songsong was shocked and could not help but look at Gu Qiqi.

"Good child, did you do it?"

Gu Qiqi did not take credit for it. She only said calmly, "I just called a few familiar wives and chatted with them."

The Little Filthy Turtle lay on Gu Qiqi's chest obediently and could not help but mutter, "Hmm, Master Silver, why didn't you tell them that in order to entice those old women who love to show their faces and accept interviews, you promised to give them a permanent VIP card from the Orchid Pavilion! In the future, they will have the priority to choose the new designs from the Orchid Pavilion!"

Gu Qiqi said, "Hmm, this is a business secret. It can't be spread."

The Little Filthy Turtle said, "Master Silver, I think if you tell them that even the idea of the television station bringing out the lie detector was also because you anonymously attacked the television station and gave them a rotten idea, I guarantee that the Gong family will prostrate themselves in admiration towards you from now on. Then, our color points will soar again!"

Gu Qiqi said, "Hmm, let's keep a low profile."

Under Gu Qiqi's efforts, the rumors finally turned around. Songsong liked Gu Qiqi more and more.

This child was indeed smart! Magnanimous! She was very compatible with Jue'er!

However, Gong Qing still had a long face. "What's the use of only clarifying Jue'er's scandal? There's still Sheng'er's scandal!"

Gu Qiqi said, "That's not something I can do. Only he knows what kind of woman he has provoked."

Gong Qing said, "Hmph, don't think that I'll change my opinion of you just because you're a little smart! I haven't settled the score with you for poisoning the Old Master!"

"Poisoned? What happened?" Gu Qiqi frowned and looked into the bedroom.

Chapter 736: You're So Low

On the bed, Master Gong's brows were locked tightly. His face was pale and he remained motionless.

Gu Qiqi walked over in confusion.

"From last night until now, did the Old Master eat anything?"

The servant said, "No, he only ate home-cooked food and medicine brought by Miss Qiqi."

Gu Qiqi asked, "Did you meet anyone or encounter anything triggering?"

The servant hesitated and said softly, "No... He just took a look at the newspaper before he fainted..."

There were rumors about Gong Jue, Gong Sheng, and Gu Qiqi in the newspaper.

Gu Qiqi frowned.

Could a rumor make an old man faint from anger?

Although novels often described people fainting from anger, in fact, the possibility of this was extremely small. It was just an exaggerated writing method.

In medicine, unless that person had a primary lesion, he would not faint from anger.

She was 100% certain that there was nothing wrong with the medicine she prescribed for Old Master Gong, and there were no symptoms without a reason in this world. All illnesses had causes, but as a doctor, she could not casually express her opinion before she heard and asked about the situation thoroughly.

Hence, she was not in a hurry to explain herself. Instead, she reached out to take Old Master Gong's pulse.

Gong Qing stretched out his arm to stop her. "You vicious woman, you still want to continue harming the Old Master? Get lost!"

Gu Qiqi moved slightly, but Gong Qing did not even touch the corner of her shirt.

Her movements were nimble and natural like a deer sprite in the forest and didn't leave a trace!

Gong Qing was slightly stunned and muttered, "Five Animal Play! Deer Movement...!"

It was already rare for her to be able to practice the Five Animals Mimicry Technique to the point of having offensive power, but she had not only mastered one skill!

Eagle claw, deer movement... What else?

This girl really had too many surprising talents!

However, Gu Qiqi was calm and composed. She did not have any arrogant expression on her face. She only focused on Master Gong's expression and calmed down to listen to his pulse.

She was especially professional and focused!

Gong Jue stood tall and straight. He stood behind Gu Qiqi and protected her. He blocked his hot-tempered father in case this troublesome old fellow caused any trouble again.

The row of experts and professors at the back were squeezed into the corner with awkward expressions!

Master Jue actually let a girl who looked like a student treat their patient. He was really shameless.

However, what could such a female student do?

They did not believe it!

After Gu Qiqi took his pulse, she said calmly, "You have to use the needles and let blood flow through the acupuncture points."

What? Let blood flow?

Or bloodletting from the acupuncture point...

The specialists looked at each other. It was not that they did not know about Chinese medicine as they had heard about it after school. However, they only knew about bloodletting from the blood vessels at the externalities, such as the fingertips.

Blood from acupuncture points... Would that kill someone?

Everyone shook their heads.

Gong Qing was even angrier. "This old man is not your test subject. Don't even think about touching a single finger of this old man."

Gu Qiqi shrugged. "I've already moved."

With a flip of her slender hand, a silver needle appeared in her hand and pierced accurately into Old Master Gong's vital acupuncture point!

Gong Qing's eyes were about to pop out as he waved his hand to beat someone up.

Gong Jue was agile and stood firmly.

He was even taller and stronger than Gong Qing. He could directly isolate his father, who was as fast as thunder, from the outside world. There was nothing he could do!

Gong Qing was so angry that he almost spat out a mouthful of blood.

It was Songsong who comforted him. "It's okay, Hubby. Qiqi won't do anything she's not confident in. We have to trust the child. Look, Jue'er trusts her."

Gong Qing glared at her. "Believe my ass! He's just blindly arrogant! If the old man was stabbed to death by that poisonous woman, those two bastards wouldn't even be able to pay with ten lives!"

Songsong was speechless.

A gold digger, a poisonous girl, a hooligan... Hubby, can you give our daughter-in-law a nice nickname? This will make you look very lowly.

Chapter 737: Ruthless and unreasonable

Late at night.

At the Imperial Capital prison.

Bai Mori was transferred to a special cell and was about to face a long imprisonment.

The prison conditions were not good. Men and women lived together. The cell next door was a male prisoner. There was a smell of urine coming from the steel railing.

This was a very painful life for a pampered young lady.

However, Bai Mori did not seem to have any deep hatred or despair.

In fact, there was even a hint of mockery on her sallow face. "Hehe, it's been two days. I believe that email has already been automatically sent out. The world outside should have been turned upside down, right? Gong Jue, you should be able to remember my benefits, right? I'm by your side. I can only protect you and help you. And if that bumpkin is by your side, she will only bring endless trouble and eternal damnation to you..."

She had long planned it meticulously. After taking the photo of Gu Qiqi and Gong Sheng at the entrance of the hotel, she found a hidden bar and set a timed email with the photo of Qing Yuxuan's cocktail party and the surveillance photo of Gong Sheng's room.

Her plan was quite meticulous and flawless—

If Gu Qiqi was convicted in the first prison that night, she would go back and cancel the email.

After all, she also wanted to marry a Gong Jue without any blemishes.

Gossip was always unpleasant.

However, Gu Qiqi was safe and sound that night. Instead, she was mercilessly thrown into prison by Gong Jue. Even her biological brother, Bai Yueyuan, did not come to save her.

No wonder she was so heartless and unreasonable!

Even if she had to pull Gong Jue down from his position and let him be surrounded by scandals, get impeached and lose his right to be the head of the Gong Corporation, she had to destroy Gu Qiqi first!

She wanted to see if the Gong family could tolerate a woman who seduced his brother and shamelessly climbed into his bed!

Hehe, not to mention the Gong family, the entire empire could not tolerate it.

Kicked out of school, abandoned an engagement, and expelled from the city. She was hated by everyone wherever she went. This kind of woman deserved such an outcome!

The only pity was that the photo only showed her blurry side profile, so they could not see Gu Qiqi's face clearly.

However, it did not matter. She believed that the gossip reporters were born with sharp senses. They would definitely be able to dig out Gu Qiqi's identity immediately.

Her perfect plan surfaced in her mind. Bai Mori even laughed in this simple and dirty prison.

Just as she laughed evilly.

Suddenly...

The iron shackles of the male inmate next door moved.

"Bai Mori!!!" The male prisoner spoke in an unconventional imperial accent. "Are you really Gong Jue's woman?! Why were you thrown into the cell too?"

Bai Mori looked over.

Hehe, what a coincidence. Wasn't the killer Ring A in S Nation locked up next door?

"Gong Jue's woman... Hahaha, of course it's me. Other than me, who else is qualified to be Gong Jue's woman!" Bai Moli narrowed her peach blossom eyes and laughed at the sky.

"Prisoners 305 and 306, pay attention! No talking!" Outside the cell, the prison guard scolded sternly. He also sealed the ventilated iron fence between the two of them with steel plates.

In a flash, Ring A quickly stuffed a rag into the gap that was about to be sealed.

"If Gong Jue abandons you, you can look for our people!" Ring A lowered his voice.

Bai Mori looked at the rag the size of a fingernail in disdain. There was an exquisite symbol embroidered on it.

"Gong Jue won't abandon me. The smartest thing to do is to choose me! I'll wait for him here to personally pick a sedan to marry me!"

Bai Mori's eyes shone with determination as she looked down on the rag.

Chapter 738: She's An Escort At the Nightclub

Bai Mori firmly believed that Gong Jue would receive a deep lesson through this scandal. Just as she thought that she could wait for Gong Jue to come to ask for her hand in marriage and that she would soon see Gu Qiqi being condemned by everyone and become a loose woman who was hated by everyone, Gong Sheng was anxiously waiting for a report in the presidential palace.

The report he had been waiting for made him, who had always been calm, slap the table and stand up.

"President, Miss Yun Qiao has been found..."

"Then why haven't you brought her back yet!"

"But she's..."

"Where is she? Secretary Zhong, why are you stuttering!"

"She's an escort at the Di Ge nightclub..."

There was a commotion on the phone that sounded charming and seductive.

"Sir, don't just talk on the phone. Come and drink. I'll drink one cup and you'll drink three cups, okay? Don't spill you drink on my clothes. This is against the rules... Hey, hey, hey, Sir, we're not escorts. We're sales representatives, understand! We're also dignified..."

The mess on the phone made Gong Sheng's head hurt and the veins on his forehead bulged.

That shameless woman actually went to become an escort after sleeping with him?

Gong Sheng's cold voice squeezed out through gritted teeth. "Since you've found her, bring her back!"

"Mr. President, you can't do that... This is Di Ge. The bodyguards are all smart, especially when they're looking out for the ladies here. They're determined not to let the guests bring them out..."

"Didn't you bring anyone with you?!"

"I did, Mr. President, but I didn't dare to let anyone in to snatch her away with a big fanfare. You know that the President's Office is at the tip of the wave of public opinion and is being stared at by so many pairs of eyes. This Di Ge is filled with all sorts of shady people. If someone finds out that our President's Office is looking for the cough cough escort, your reputation will be ruined..."

That wouldn't do either.

Gong Sheng was about to smash his phone and kill someone!

In the end, his anger turned into a sentence, "Wait! Don't let her escape. I'll go personally!"

Head Secretary Zhong was dumbfounded.

What?

Did he hear wrongly?

The President would go to the nightclub personally?

No, no, no, this was even more dangerous, okay?

At this moment, he was filled with hatred for Gu Qiqi.

That Miss Qiqi had caused the president to be scolded by his biological brother last time and had no choice but to apologize publicly.

This time, she actually caused the President to become the focus of the entire empire's public opinion and face the crisis of being stripped of his position!

Also, Miss Yun Qiao was not easy to deal with. She could go anywhere to work, but she had to come to such a messy place...

Let's not talk about it. If he talks too much, he'll be in tears. He had better hurry up and find a driver.

In the nightclub's private room.

Yun Qiao sat calmly in the corner.

The wine bottle in her hand was already empty.

There were five empty crystal wine bottles on the marble table in front of her.

The man beside her was already drunk and sleeping soundly on the sofa.

The escort on the sofa opposite her had wavy golden hair. She had tried her best to persuade the guest to spend on one bottle. At this moment, she looked at her unhappily. "Hmph, newbie, I didn't expect you to have some ability to actually make Young Master Zhao drunk. In the end, you had extra alcohol to wash your hands! Let me tell you, you have to share half of these six bottles with me!"

This alcohol was the expensive Louis XIII.

The original price of a bottle of wine was 18,000 yuan. Di Ge took 10,000 yuan, and Madam San took 5,000 yuan. As professional alcohol sellers, they could draw 3,000 yuan.

On Yun Qiao's first day at work, she sold six bottles of alcohol, which was a revenue of 18,000 yuan.

If she continued to earn at this crazy speed, she would easily earn 500,000 yuan a month.

Anyone would be jealous.

## Chapter 739: The Scary Financier!

Furthermore, the golden-haired woman was once the most capable wine seller under Madam San. It was already not bad if she could sell one or two bottles of Louis XIII a month. Usually, she would only sell ordinary wine that cost a few thousand yuan and earn a few hundred yuan a night.

Yun Qiao actually crushed her monthly income on the first day.

That was not all. Usually, only male guests that had some feelings for you and wanted to take advantage of you would spend a lot of money on you.

If you don't let the male guests touch, hug, kiss... or even pull you into the washroom to do something more drastic, which man would spend so much money to buy alcohol?

There were also some perverts who especially liked to make you drink until you vomited before they were willing to pay the bill. It was all to flaunt the control they had.

This made the men feel like a slave owner.

Only in these situations would the men in the nightclub spend money on you.

But what about Yun Qiao?

She did not let Young Master Zhao touch her at all. She did not know what she said to Young Master Zhao or what bet she made. She only played two rounds of dice before she settled Young Master Zhao. He actually signed such a big deal.

How could people not be envious and jealous of such good luck?

Therefore, she had to let Yun Qiao divide the profits from the three bottles of wine!

She thought that Yun Qiao was new and would be afraid of trouble, so she would definitely agree immediately. She did not expect...

Yun Qiao lazily looked at her clean nails and tapped the table. "Why should I give it to you?"

Was it easy to earn money for some rent and find a place to rest tonight? She did not hesitate to ask the Madam she knew from prison, Madam San, for help to be a bar girl.

Why should she share the money she earned with her ability with irrelevant people?

When the blonde woman saw that Yun Qiao was actually so arrogant and did not give in, she was instantly angry.

She gave a few sisters beside her a glance.

Those few people did not earn a single cent from a man tonight. All of them were extremely jealous of Yun Qiao. They immediately understood and surrounded her.

"You're not giving it to us? Then don't blame us for making a move!"

As they spoke, each of them stretched out a hand. Some came to snatch the wine bottle, some came to grab Yun Qiao's hair, and some pulled her clothes.

They swore that they would make her lose her face tonight!

There were male guests in the room.

However, those men were happy to see Yun Qiao being bullied by a group of women. Maybe they would strip her naked later. They could still take advantage of her!

Hence, not a single male guest stopped them. Instead, they applauded.

The little boss who was the host took the lead to tease, "Take it off! Take it off for her. I'll help you buy a 5,000 yuan bottle of Lafite!"

This time, the bar girls worked even harder.

The blonde woman's long nails even brushed across Yun Qiao's face, wanting to take the opportunity to destroy Yun Qiao's appearance!

Amidst the chaos.

Suddenly, there was a scream.

Then, the blonde woman was kicked out of the crowd. She held her wrist and curled up into a prawn in pain. "It hurts... Boohoo..."

Her wrist drooped weakly. It was broken! Before her long nails could reach Yun Qiao's face, they were cut open forcefully. The nails and flesh were peeled off. It was a heart-wrenching pain!

"Ah—! Ah—!" Screams sounded one after another.

The women surrounding Yun Qiao were kicked to the ground one by one.

Everyone looked over and saw an unfamiliar man in the room.

He was wearing an expensive gray custom-made suit with extraordinary taste. His sharp side profile was chiseled by God, and every corner of his face exuded nobility.

What was even more shocking was that the stranger's eyes were clearly covered by a pair of sunglasses, but everyone could clearly feel the killing intent and coldness from behind the sunglasses.

His actions were calm and decisive. He did not have any pity for the fairer sex. He could not even be bothered to use his hands and kicked the people who surrounded Yun Qiao as if he was afraid that they would dirty his noble hands.

This man's status was definitely extraordinary.

Could it be... Yun Qiao's financier?

Chapter 740: Born So Arrogant

Gong Sheng pulled the disheveled Yun Qiao up from the sofa.

Everyone was stunned by that aura, and no one dared to go forward for a moment.

However, his actions were elegant and filled with anger. It did not seem like a financier's love for a canary.

It seemed like... he was catching criminals?

"Follow me," the man ordered in a deep voice.

He was like a king with his own halo. The luxurious diamond watch on his wrist was suffused with a low-profile luster under the crystal lamp, making it impossible to look away.

However, Yun Qiao could not be bothered to look at him at all. She took a sip of the Louis XIII in her cup and said with disdain and pride, "Why should I leave with you?"

Everyone gasped.

Even the blonde woman who had fallen to the ground stopped crying.

She finally understood that Yun Qiao was not only arrogant because she was targeting her just now.

This woman was born so arrogant!!!

Whether it was towards the poor or the king, she could not be bothered with anyone.

But clearly...

She saw that when Yun Qiao was brought in by Madam San to work, she looked very humble! Even when she accidentally bumped into a guest when she opened the door, she bent down and said softly, "Sorry, sorry..."

Was that humble and careful girl the same person as Yun Qiao?

The only explanation was that... that humility was just an act. Yun Qiao was drunk! She accidentally revealed her true nature!

Hehe, this man in front of her was obviously not someone to be trifled with. She wanted to see how Yun Qiao would clean up this mess!

Gong Sheng held Yun Qiao's hand tightly.

His Adam's apple bobbed as if he was suppressing something with his self-control.

He said in a low voice, "You're drunk. If you stay any longer, you won't even know if you're bullied."

Yun Qiao chuckled subconsciously. "Really? What does that have to do with you? Who are you?"

The usually calm Gong Sheng could no longer hold his temper.

This woman was too infuriating!!!

She was constantly testing his limits.

The situation outside had already turned upside down. She was actually drinking with a man here until she was completely drunk, and even pretended not to know him?

Woman, you have guts!

“You don’t know him? Very good, I’ll let you see me clearly now.”

Gong Sheng grabbed her slender waist and pulled her close to his chest.

He grabbed her chin and pulled her exquisite face closer to his.

Yun Qiao’s gaze swept across his face.

Although the man was wearing sunglasses, the familiar forbidden aura still made her recall who he was in a daze.

“It’s you...” She dragged out her words mockingly. “Didn’t you tell me to scram and not appear in front of you again in this lifetime? Now you want me to leave with you again? You...”

Her tone paused, and her demeanor was extremely suggestive as she sized up Gong Sheng’s stunning face wantonly. Using her close proximity to Gong Sheng, she bluntly traced his tall nose and sexy lips with her gaze.

The bar girls on the ground were all stunned.

The idol in sunglasses was so handsome, but he was actually teased by Yun Qiao, this new little slut. Not only did they not have the chance to get close to this idol, but they were also kicked ruthlessly by him.

There was no fairness in this world!

The little bosses and male guests in the room were even more excited.

They wished that they were the one being teased by Yun Qiao and not Gong Sheng.

What was that little slut Yun Qiao saying?

Did she agree to leave with that man?

The owner of the private room, Little Boss, couldn’t help but stand up. He wanted to snatch Yun Qiao away and make her stay.

However, the next second, Yun Qiao’s words stunned him.
