

**Dear Chief 821**

**Chapter 821: Why Are You Still Arrogant?**

Gu Qiqi rubbed her nose inexplicably.

She was very busy, okay?

Furthermore, she wasn't arrogant either. Didn't she just get full marks in the preliminary round? Wasn't she just breaking the pharmaceutical school's record of never entering the finals? Wasn't she just crushing the clinical medicine school by sending them to the last place in the top eight and kicking the Forensic Medical School out of the competition, making the entire school's teachers and students' eyes drop?

What was there to be proud of about such a small matter?

Gu Qiqi looked at Beiming Tian's cold back and curled her lips. "Seriously, we've even hugged. What's there to be arrogant about? Why are you still pretending to be a cold school hunk..."

Beiming Tian's slender legs staggered!

'What did she mean by saying that they've hugged!

If she was saying that when he saw her stunning medical skills at the competition venue that day and led everyone to win the first place together, he could not help but hug her.

That was a pure hug, okay!

'Why was she talking so vulgarly? He could hear a group of juniors snickering behind him.

Beiming Tian's face flushed red. He strode away as if he was escaping.

Although Gu Qiqi teased Beiming Tian, she knew that what he said made sense.

She heard that the questions for the finals in the previous years were very difficult.

If she wanted to completely wipe out the clinical medicine school in the finals, she couldn't lower her guard.

After all, she wasn't fighting for herself!

She was fighting for Xiaobei and the entire pharmaceutical school. She couldn't let anything happen to her.

At night.

Number 0 Mo Yuan.

Gu Qiqi was flipping through medical books in the study room.

Knock, knock, knock—

The door knocked lightly.

“Come in.”

“Sister, it’s already so late. Why aren’t you resting? Eat something and go to sleep.” Xiaobei fumbled his way in.

He was actually holding a tray.

On the tray was a bowl of steaming hot conch shell noodles.

“Xiaobei! You actually dare to cook! Quick, let me see if your hand is scalded or cut open?” Gu Qiqi was quite nervous like every parent who discovered their child secretly cooking in the kitchen.

Xiaobei pursed his lips and smiled. “Sister, I didn’t do it.”

He pointed at the little things that were wandering around the floor.

Gu Qiqi was in disbelief. “Brother Yun did it? You developed a cooking skill for the robot? Xiaobei, can you be any more awesome?”

Xiaobei had only been in contact with robots for more than a month. Apart from controlling robots, he actually knew how to modify the procedures.

After being praised by Gu Qiqi, Xiaobei scratched his head shyly. “Sister, is there anything else that I can help you with? If I can’t do it, I can let Brother Yun do it. Really, it’s not that I’m awesome. Brother Yun is awesome. He can develop limitless potential! He can help you fill the bathtub, help you wash your clothes, and dry them. He can also be a learning console, a record player, and a heat machine...”

Gu Qiqi was about to faint. “No wonder Gong Ting doesn’t care about anyone but you.”

“Who’s Gong Ting?” Xiaobei was curious.

“Oh... He’s a difficult to deal with, cocky, and adorable little child!” Gu Qiqi thought of the boy and a gentle smile appeared on her face.

It was strange to talk about it.

The little boy was clearly always targeting her and opposing her. He tried every means to drive her away from Gong Jue and didn’t want her to be his stepmother even if he died.

But she couldn’t hate him.

She even felt that his pride and arrogance were extremely cute.

She couldn’t help but want to tease him, and smooth over his crooked temper..

## **Chapter 822: Flirting With Master Jue On A Late Phone Call**

“Then, what’s the relationship between Gong Ting and Brother-in-law?”

Gu Qiqi was speechless. If she said that they were father and son directly, would Xiaobei have a bad opinion of Gong Jue?

Forget it. Let’s not talk about it first.

Gu Qiqi simply picked up the conch shell noodles and tasted it. She changed the topic. "Oh, it's so delicious! Xiaobei, I admire you a little now. Why do you develop robots so well?"

Xiaobei blushed and became even more embarrassed.

After hesitating for a long time, he whispered, "I... I just wanted to take good care of you when my Brother-in-law isn't by your side! Unfortunately, I can't see. I'm useless trash, so I want to nurture Brother Yun with more skills..."

Gu Qiqi was stunned.

Allalong, she had thought that she was taking care of Xiao Bei and running around for him.

Not long ago, this big boy who needed her protection had secretly grown into an adult.

He even started to know how to protect her!

A trace of warmth flashed across her heart.

This was her dear brother, such a cute and warm man!

Gu Qiqi put down the conch noodles and hugged Xiao Bei gently. "Xiao Bei, who said you're useless! You're my little angel. I have the motivation to live because of you..."

Gu Qiqi's voice was a little choked.

She remembered Xiao Bei, who had died tragically in her previous life. His entire hand had been trampled on by Gu Xuexue. She didn't know if his heart and lungs had been dug out after he died to be that bitch's dog food.

In this life, she would never allow a scumbag or a bitch to lay a finger on Xiao Bei!

She had to cure Xiao Bei's eyes quickly and let him see the light again. Otherwise, she would be reborn in vain!

"Sister..." Xiao Bei was also infected by her emotions. He sniffed. "Sister, I'll work hard. Brother-in-law has arranged a very good school for me. I'm very happy to go to school every day now. If there's really a day when I can see this world, I must take good care of you. I'll personally cook noodles for you every day. I also have to thank Brother-in-law properly!"

Gu Qiqi giggled. "Okay."

To the innocent Xiao Bei, cooking conch shell noodles every day was the most sincere and intense love.

She would accept this promise!

Late at night.

Gu Qiqi closed the medical book and drank all the noodles and soup that were about to turn cold. Then, she stretched and left the study room.

'When she was washing her teeth in the bathroom, she saw that her and Gong Jue's toothbrush were placed side by side on the toothpaste rack.

One was white and the other was dark blue.

Hers was milky white, and his was dark blue.

Her heart suddenly skipped a beat and her entire body went soft. She had no choice but to support herself and lean against the sink.

She felt sour and started trembling. Her strength was drained in an instant. She couldn't describe what it felt like.

Was it... the taste of longing?

In her two lifetimes, other than worrying about her younger brother's illness, she had never tried to miss a person.

Let alone missing a man.

It turned out that the taste of longing was so sour.

Alarm bells rang in her heart. Was she falling deeper and deeper in love with this man?

She hurriedly patted her forehead with cold water.

It was said that the most blissful part of a relationship was when they knew nothing about each other.

If he found out about her unbearable past one day... She really didn't dare to imagine his attitude!

He didn't have to express any opinion at all. He didn't even have to chase her away or break up with her. As long as he revealed that trace of disappointment and disdain in his eyes, she would probably be badly injured and her world would collapse.

Gu Qiqi scooped up a handful of cold water and washed her face again. "Stop! Don't think about it anymore. Anyway... you have to confess to him sooner or later. Could it be that you're not mentally prepared to accept this outcome? You have to have the courage to leave anytime..."

Just as she was encouraging herself, her phone suddenly rang.

Ring.

Gu Qiqi was shocked.

Gong Jue called her!

### **Chapter 823: He Had to Make Her Beg For Mercy!**

Damn it!

What a coincidence!

Gu Qiqi's heart beat like a drum. She grabbed her phone and hid under her blanket to answer the call. "Hello?"

"What hello? Why did you take so long to answer the call? Is there someone over there?" Gong Jue's low and cold voice traveled over the phone.

It was clearly asking for a beating, but the moment Gu Qiqi heard that familiar tone, her heart skipped a beat.

It turned out that the feeling of missing someone was so comfortable!

Separated by the entire Pacific Ocean, she felt as if her heart couldn't help but fly over.

"Yes, there's someone."

Her throat was sour and bitter. She deliberately made him angry.

Indeed.

A certain man exploded. "I've only been away for one night, and you're already trying to cheat on me! Special Assistant Lu, prepare the plane. I'll rush back to China overnight!"

How outrageous! He had to make her beg for mercy!

Gu Qiqi's lips twitched. "Ahem, Xiao Bei isn't a human? Seriously!"

This time, Gong Jue was speechless.

What kind of joke was this? Why did she have to lie to him and say that she had someone by her side?!

Did she know that he nearly believed her?

Hmph! This stupid woman actually learned to fool him. Let's see how he would kill her when he returned!

Gu Qiqi couldn't help but laugh secretly over the phone.

Oh, it didn't feel bad to tease this stupid man.

She was addicted to teasing him. She thought to herself that it was impossible for Gong Jue to really return anyway.

Licking her lips, she suddenly smiled wickedly. "Master Jue, you're calling so late at night. Do you need any special service? It's a pity that you called the wrong number. You should have called the front desk. That's where I can introduce you to special services!"

Special service?

Upon hearing this, Gong Jue's face turned green.

Damn it. What kind of man did this stupid woman think he was?

Was he that stupid?

"I think it's dirty!" Gong Jue frowned. Suddenly, his eyebrows relaxed a little. "However, if you provide it, that's another matter."

Gu Qiqi was shocked. Then, she found a sense of security. "... I'm worlds apart from you in the Empire! I'm sorry, Chief, but I can't provide it!"

Gong Jue suddenly laughed wickedly. His voice was hoarse. "Who said that you can't provide it? Do as I say!"

"L.. Oh, no, no, no, no..." Upon hearing his instructions, Gu Qiqi shook her head desperately.

He actually wanted her to make that kind of sound for him over the phone.

How evil!

Of course, Gong Jue knew that she refused to do it.

Thus, his real motive was—

“Hmph, you can’t do it? I’ll punish you by making you stand in the corner!”

“Then, we’ll stand in the corner.” Gu Qiqi got off the bed happily and stood close to the wall.

She raised her head and puffed out her chest. Her posture was quite standard.

Gong Jue continued to command without batting an eyelid. “Raise your arm. Raise it at a 45-degree angle!”

“Why... Why?”

“Cut the crap. This is the new way of standing!”

“Alright...” Gu Qiqi raised her hands and realized that Gong Jue had started a video conversation.

It wasn’t strange to look at him like this.

Gong Jue said in all seriousness, “I’m supervising you!”

Okay.

After standing for a while, her calves felt a little sore.

“How long do I have to stand as punishment...” She pouted.

Gong Jue didn’t move. He only heard deep breathing.

Gu Qiqi felt that something was wrong. “Hey, what are you doing?”

“Yes. I’m doing it.”

Gu Qiqi was speechless.

What?

She suddenly realized what Gong Jue was doing.

Gong Jue’s sexy and cold eyes were staring at her heart from above at a 45-degree angle. Due to the angle, her chest was completely visible. He could see her breasts clearly!

Gu Qiqi screamed and hurriedly took off her phone to cover her chest.

However, Gong Jue had already let out a muffled groan as if he had released something extraordinary.

Gu Qiqi said, “Gong Jue! You’re shameless!”

Gong Jue sighed in satisfaction. “Be good. Sleep early.. We’ll talk tomorrow night!”

**Chapter 824: Hiding Her Surpris**

Gong Jue was in a good mood after cheating Gu Qiqi into giving him release.  
'When he zipped up his pants, the corners of his lips curved up.

After hanging up the call, he was in high spirits. He immediately packed up and went out.

"Special Assistant Lu, prepare the car!"

Outside the door, the natural light of the independent island in Northern Europe was vast and charming!

"Master Jue, I've already instructed the construction company on the island to work overtime according to your request and redesign the layout of the buildings on the island. You just have to wait for a while before coming to verify the results." Special Assistant Lu thought that Gong Jue was very tired from taking a long plane. It was better to rest for a while.

Unexpectedly,

Gong Jue raised his eyebrows coldly. "Hmph! What if that group of pigs doesn't understand my design intentions? If I don't supervise them personally, will they mess around?"

Special Assistant Lu had a bitter expression on his face. "Master Jue, they're the representatives of the top construction companies in the world. The people in charge of supervising the construction are all top-notch designers. Furthermore, your motive for rebuilding the island is very clear. You just hope that this island will be more romantic and have a better atmosphere of a wedding, right? They're very experienced in this, right? I heard that they just helped the British royal family design a wedding last year..."

He initially thought that with the example of the royal family, Gong Jue could finally be at ease and hand the professional matters to professionals.

Who knew.

Gong Jue rolled his eyes and said coldly, "The royal family's taste? Can it compare to my finger?"

Special Assistant Lu wiped his sweat and said against his conscience, "No, no!"

Gong Jue said, "I only get married once in my life. Of course, I have to do it myself! Furthermore, this island already belongs to her. Of course, I have to clean it up for her!"

Ashe spoke, he sized Special Assistant Lu up. "This kind of thing indeed doesn't have any use for you. Anyway, you don't even have a marriage partner. I'll give you half a day off!"

Then, for the first time, he patted Special Assistant Lu's shoulder to comfort him.

Special Assistant Lu covered his face. This hurt Chief!

You can't torture single people like this! You're too cruel!

However, when he saw that Gong Jue doted on Young Lady Qiqi so much that he even had to personally instruct the professionals building the venue for the wedding in the future, and that he was even secretly making excuses to go on a business trip when he was actually torturing single people... The more he thought about it, the more tears flowed down his face.

The next day.

Gu Qiqi took advantage of her lunch break to visit Iron Fist Yang in the hospital. Seeing that his body was gradually recovering and that he had already moved out of the intensive care unit, Gu Qiqi was very

pleased to see him chat happily with his ward mates in the ordinary ward.

Iron Fist Yang was naturally endlessly grateful when he saw her. "Qiqi, that friend of yours, Young Master Ye, is really a genius doctor! His prescription is awesome."

Gu Qiqi smiled modestly. "Although the medicine is good, it still depends on the patient's degree of cooperation. You're optimistic and tenacious by nature. You have an especially good character to begin with. If you cooperate with the medicine, naturally, it will be twice the results with half the effort. If you sigh all day long and sit down to eat and wait for death, even if I give you the most expensive medicine and the best prescription, it will still be impossible to recover."

80% of her words were true.

The other two points were too humble. Their original intention was to hope that Iron Fist Yang and the rest didn't treat Young Master Ye as a saint.

Fame can be a double-edged sword. If he was too impressive, it would be difficult for her to act in the future using Young Master Ye's identity.

Bai Lang had already bumped into her once last time. She kept appearing in front of familiar people. She was really worried that she would expose herself one day.

As she spoke to Iron Fist Yang, she suddenly realized that Xiaolan, who usually spoke a lot to her, was standing silently to the side. No one knew what she was thinking.

"Xiaolan?"

She waved her hand in front of Xiaolan.

Xiaolan came to her senses. "Ah?"

She was a little stunned.

Gu Qiqi laughed.. "Are you thinking about handsome men? You're so serious!"

## **Chapter 825: The Female Fox Is About to Conquer My Family**

Although Gu Qiqi was joking

Yang Xiaolan blushed when she heard this!

'That was because she was indeed... thinking about men just now.

Gu Qiqi and Iron Fist Yang had been talking about Young Master Ye's medical expertise. As she listened, she thought of that gentle, handsome, and talented man.

She thought about how he held her hand and nearly got married to her in front of her father's hospital bed.

Her small face flushed red. "No, I... I was thinking about the school tournament... Qiqi, I didn't participate in the preliminary round. Did I disqualify myself?"

Gu Qiqi smiled. "No, I've reserved a spot for you. You must come to the finals! Stay in the hospital more these two days to accompany Dad. I'll get Qiu Qiu to pass you the revision materials for the competition.

You just have to be my support during the competition. What's important isn't the competition. It's to train your own courage, understand?"

Xiaolan nodded deeply. "I understand!"

She knew that Qiqi was fighting for her chance to see the world for her.

But she was so insensible and was still thinking about men.

She closed her eyes and shook her head. She tried to shake that man away from her mind, but the man's outline became clearer and clearer.

Young Master Ye, I wonder what kind of opportunity will I have to see you next time?

At this moment, the innocent her still didn't know that the next time she saw Young Master Ye, she would pay with her life... 1

Gu Qiqi left the hospital and went to the Gong residence on the way.

Seeing that Old Master Gong's left leg was becoming more and more agile and his right leg was also showing signs of slowly recovering its slight movements, she also felt a sense of accomplishment.

"Grandpa Gong, after I get first in this school tournament, I'll have a chance to see the legendary Medicine

Manual. There should be a prescription from the Orthopedics Department on it. I'll look for it again and perfect the current prescription. The effect of the treatment should be faster and better."

"Okay, okay. Our Little Qiqi will definitely be first!" The more Old Master Gong looked at Gu Qiqi, the more he cherished her. She was really pleasing to the eye no matter how he looked at her.

Gu Qiqi blinked deliberately. "Don't say that. Won't I be too ashamed to come back to see you if I'm not first?"

"If you're not in the first place, then the judges are blind. I have to protest even in a wheelchair!"

"Haha, Grandpa Gong, you're so amazing!"

"That's because Jue'er isn't around. I want to stand up for our Little Qiqi. I want to do it myself!"

The two of them chatted happily in the study room. From time to time, laughter would sound.

The boy squatted in the corridor. He felt terrible as he listened.

More and more people in this family fell for her charm.

'What should he do?

He thought for a while and called Bai Lang. "Uncle Bai Lang, when are we going to carry out the next operation? Recently, the fox girl has been visiting my house more and more often. Even when my father isn't home, she can chat so happily with my great-grandfather...."

It was simply a strong sense of crisis.

He initially thought that after Bai Lang heard this latest intelligence, he would jump up excitedly and start giving him rotten ideas as usual.

Bai Lang hummed twice and instructed someone on the other end of the call. "Hurry up! Hurry up and find out the person for me! What? How can a place like Dige not have surveillance cameras? What? Who erased the surveillance cameras from that day? Gong Jue's people? Why did Gong Jue's people erase the surveillance cameras related to Young Master Ye for no reason? I don't care! I want you to investigate the ins and outs of Young Master Ye today..."

After Bai Lang gave his instructions seriously, he remembered that the boy was still on the phone.

He coughed gently and giggled.. "Baby, what did you say just now?"

### **Chapter 826: A Stepmother Was Cold**

The little boy listened to Bai Lang's absent-minded answer with a lonely expression on his face. He pouted his lips and said lightly, "It's nothing. It's just that my father is away on a business trip these few days. If we want to drive away the female fox, perhaps it's a good opportunity, Before he could finish speaking

Someone on Bai Lang's side seemed to have discovered something and was shouting at him. "Young Master Bai, I have an idea! The next time Young Master Ye goes to the VIP room, remember to leave behind the cup that he drank tea from. The cup that he has imprinted on his lips and handprint can be used to test his DNA. After the test results are out, we can compare it with the database. Then, we can find out his true background..."

Bai Lang immediately interrupted the little packrat's words nervously, "Baby, I'll call you when I'm free later! I'm busy looking for someone now! It's urgent."

After speaking, he hung up the call.

The boy held his phone and pouted.

Wow, why did he not even have an alliance when he woke up?

Uncle Bai Lang didn't seem to care about the fox girl at all!

What happened to being best friends for life? You're too heartless to abandon me!

Creak—

After Gu Qiqi finished chatting with Old Master Gong, she gently closed the study room door and turned to leave.

The boy hurriedly hid in another guest room.

When Gu Qiqi's figure was about to disappear into the staircase, a small head popped out.

A trace of astonishment flashed across the comers of his eyes as he glanced at Gu Qiqi's sky-blue long coat.

Furthermore... it was actually a little familiar.

Is it true that the fox girl has appeared at my house too often? Even I find her familiar... The little packrat muttered to himself.

Then, he curled his lips and said, "You only know how to talk to Great-grandfather when you're here. You don't even cook Christmas tree fried rice anymore... A stepmother is a stepmother. She's cold! She doesn't care about the baby at all! Only when Daddy is around will she act in front of him. Indeed, what's being shown on television isn't just stupid. There are also people who agree with the reality of life. Hmph!"

The boy strode down the stairs gloomily.  
In the living room, Gu Qiqi had already bade farewell and left.

Gong Qing and Songsong were eating at the dining table.

A fragrant and spicy smell assaulted his senses.

"Grandpa, Grandma, what are you eating?" The boy asked curiously.

Grandpa rarely ate snacks after lunch!

Gong Qing was busy eating and waved at him.

Songsong smiled. "It's conch shell rice noodles. Your grandfather likes it a lot. Try it."

The boy looked at it curiously. It was red. He wondered if it would sting his tongue.

He mustered her courage and took a bite. Eh? It was really not bad.

He had always thought that he couldn't eat chili, but ever since he was tricked by Gu Qiqi to eat some chili last time, he realized that he could actually eat it.

He couldn't be stopped when he started!

Especially this bowl of conch shell noodles tonight.

It was a taste that he had never eaten before.

Soon, he finished the big bowl and looked at Gong Qing's bowl again.

Gong Qing moved the bowl away a little. "Children shouldn't eat too much spicy food."

"Old people also have to rest well. It's best if they don't eat spicy food." The boy licked his lips and spoke quickly.

Gong Qing was speechless.

Songsong smiled. "Alright, alright. Stop arguing. Qiqi will come and see your great-grandfather tomorrow. I'll ask her to bring a few more bowls for you."

The boy's eyes widened, "What? It's the fox... Did my stepmother bring it here?"

Songsong held her forehead. "Don't be like this. Saying she's your stepmother is so horrible."

Gong Qing retorted. "Don't call her stepmother!... I haven't agreed for her to be your stepmother yet."

Did she think that anyone could be a stepmother just because they wanted to?

## Chapter 827: Papa Might Not Have Seen A Woman In His Life

The conch shell noodles were very delicious! But it was made by his stepmother!

The little packrat expressed that he had fallen into a difficult dilemma!

In the future, he had to control her appetite and not eat the fragrant food that his stepmother made.

Or should he just eat whatever he wanted? But what if he had to stay awake and insist on cutting ties with his stepmother?

This question was simply a hundred times more difficult than advanced mathematics.

The boy decided not to think about it for the time being.

“Grandma, Daddy isn’t home. Stepmother is so impatient. She didn’t even chat with you before leaving.”

Songsong said gently, “It’s not like that. Your Auntie Qiqi has class in the afternoon. Also, it seems to be her grandfather’s birthday banquet tonight. She’s very busy. How can she idle around and chat?”

Gong Qing frowned. “Wasn’t Old Master Gu’s birthday last month? Is she lying? Hmph, she doesn’t dare to face us, right?”

The corners of Songsong’s lips twitched a few times. “People who have gained benefits from others won’t talk bad about them, How can you run your mouth like that? Qiqi said just now that Old Master Gu’s students and juniors arranged the birthday banquet for him. Look at you. You were only smelling the fragrance of the conch shell noodles just now and didn’t listen to Qiqi carefully, right?”

“Students?” Gong Qing’s frown deepened. “Old Master Gu seems to have never accepted a female student before. Then, won’t everyone who will go tonight be men?”

This female fox took advantage of his son’s business trip to attend a banquet with only men?

How outrageous!

“Hubby, aren’t you thinking too much? Those people call Old Master Gu a teacher. That Qiqi is naturally their junior sister. What’s wrong with that? You’re really an antique!” Songsong was a little angry.

Gong Qing curled his lips. “Little Junior Sister that seduced her Senior Brothers many times!”

“But there should be women from the Gu family too. How can they all be men?” Songsong was almost speechless by her stubborn husband.

Gong Qing still looked indignant. “Anyway, she’s a restless woman! I don’t know what illness Jue’er’s eyes have!”

“Sigh, Daddy hasn’t seen women much in his life. That’s why he’s charmed by her, right?” The boy sighed in an old and experienced manner.

Night fell.

At the revolving restaurant on the top floor of the Empire State Building.

Chu Junmo booked the entire venue and held a banquet to congratulate his master, Old Master Gu.

Although it was delayed for nearly a month, Old Master Gu was still very happy.

Birthdays were actually a small matter. It was really good to see his favorite students fly over from all over the world to gather together!

He saw that some of his students had become foreign prime ministers, some had become famous scientists, and some had their own research teams. They did very meaningful field research all year round. There were also some who, like Chu Junmo, had made their family business a little cultured. Old Master Gu couldn't stop smiling the entire night.

However

“Why isn't Qiqi here yet?”

It was almost time for the banquet. Everyone was here except for Gu Qiqi.

Old Master Gu looked at the door worriedly. He wasn't even in the mood to chat anymore.

Seeing this, Gu Meifeng rolled her eyes and pulled Gu Xuexue forward. “Dad, that girl Qiqi is used to being wild in the countryside. She's unruly. How can she remember the time? Unlike our Xuexue, who remembers the etiquette of a noble young lady at all times. She definitely won't embarrass you outside...”

She initially wanted to take the opportunity to step on Gu Qiqi and let the old master pay more attention to Xuexue.

Who would have thought?

Old Master Gu didn't even look at Gu Xuexue as he said indifferently—

### **Chapter 828 Help His Son Eradicate a Cheater!**

“You speak as if your daughter didn't come from the countryside? If I remember correctly, your daughter and Qiqi came to the Imperial Capital this summer vacation, right?”

Gu Meifeng was speechless

“The old master's mouth was so vicious!”

“The words “your daughter” simply kicked Gu Xuexue out of the Gu family.

But she never expected that something even more vicious would happen later.

Gu Meifeng spoke lightly and his tone suddenly became heavy. “Speaking of the etiquette of a noble young lady and whether she has embarrassed me outside... According to what I know, Qiqi has recently stood out in the school tournament at the Empire Medical University and returned with a reputation! In contrast, your daughter seems to be involved with the fiancé of a classmate in the school. She was directly disqualified from the competition and even got slapped in the face by the original girlfriend in public? I don't go out, but do you really think that I'm deaf and blind? Do you think that I don't know who lost all my face?”

Gu Meifeng nearly vomited blood.

Damn it. Why would the old master know these things?

Did that little bitch Gu Qiqi say that?

“Dad, don’t believe the rumors. ‘This isn’t what happened...” She tried her best to salvage the situation.

Unfortunately, the old master couldn’t be bothered with her at all.

Instead, he smiled and chatted with a few outstanding students beside him about his granddaughter, Gu Qiqi. “You’re asking who Qiqi is? Heh heh, I’ll introduce her officially later. I’ll definitely make it unforgettable for you!”

Alarm bells rang in Gu Meifeng’s heart.

She exchanged glances with Gu Xuexue.

Old Master Gu was actually going to introduce Gu Qiqi to everyone at such an important birthday party?

It had to be known that Old Master’s students were either rich or noble. If Old Master introduced Gu Qiqi, it meant that Old Master valued this granddaughter the most and hoped that these people would support this granddaughter. Then, these people would very likely become Gu Qiqi’s connections in the future.

“Mommy, I don’t want that bitch Gu Qiqi to be in the limelight!” Gu Xuexue begged in a low voice.

Gu Meifeng gnashed her teeth. “Mommy won’t allow her to stand out either—unless it’s because of her bad reputation! Don’t worry, we came prepared. Old Master’s wishful thinking will probably fall through!”

Gu Xuexue said, “Yes! Mommy, I have a trump card later too. Don’t forget that I have Gong Jue’s father’s number. There are so many senior brothers here. Later, I’ll have to take a few more intimate pictures of the little bitch and then so that the Gong family will explode too! I’ll let Gu Qiqi walk on thin ice in the Gong family and won’t be able to survive.”

‘The two of them were like mice whispering as they left quietly...

Chu Junmo, who had been at the door the entire time and was in charge of helping Old Master Gu organize the guests, walked over slowly in a sky-blue elegant suit. “Master, I just spoke to Qiqi on the phone. She’ll be here soon. I’ll go downstairs to fetch her.”

“Okay, okay. Go quickly.” A trace of affection appeared in Old Master Gu’s eyes.

It had been a long time since he last saw Qiqi.

Downstairs.

Chu Junmo waited for Gu Qiqi at the escalator.

“Brother Chu, you actually came down to fetch me personally. I’m so sorry!”

“It’s nothing.” He naturally took the heavy object in her hand and pressed the escalator for her. “I sent a driver to fetch you, but you’re not in school.”

Gu Qiqi stuck out her tongue slightly. “Oh, I have a small surprise for Grandpa and... you.”  
“Me too?” Chu Junmo was slightly surprised.

‘The two of them chatted.

Not far away.

Gong Qing was panting as he rushed over and bumped into the scene at the escalator.  
Brother Chu?

A small surprise?

Damn it. This female fox was cheating on Gong Jue.

No!

He was going to execute justice on behalf of the heavens and get rid of this cheater for his son!.

### **Chapter 829 Beautiful!**

He watched as Gu Qiqi and Chu Junmo walked into the elevator with a smile.  
Gong Qing strode into the elevator.

Unexpectedly, unintentionally or otherwise, Chu Junmo quickly pressed the button to close the elevator and Gong Qing was blocked outside with a clang!

Damn it!

Gong Qing waved his fists at the elevator that was slowly rising and leaving. “That brat surnamed Chu actually disrespected m

He didn’t want to think about how he looked like an old man with his strong build.

In the elevator.

Chu Junmo looked at Gu Qiqi’s exquisite and agile face. A trace of joy couldn’t help but appear on his calm face.

After not seeing her for a while, she became even more beautiful.

Just looking at her quietly like this gave him a feeling of tranquility.

He really felt sorry for that man who took the elevator just now. Sorry, he only wanted to enjoy the time alone with her—even if it was only for dozens of second:

Ding!

‘The escalator soon reached the top floor.

Chu Junmo invited her to leave first like a gentleman while he protected her behind her.

When the two of them walked into the banquet hall together, everyone couldn’t help but look at them!

How beautiful!

How beautiful!

'The two of them were like a leisurely painting of a peaceful scene. The man was dressed in a sky-blue suit and was calm and refined. The woman was wearing a sky-blue long trench coat that was exquisite and agile. Her every move was filled with valiance and charm.

'The two of them walked over from the golden door frame in such a breathtaking manner. It was as if they were frozen in a scene. Everyone couldn't help but freeze in their actions.

'Then, someone whispered,

"Who's CEO Chu's female companion? She's stunning!"

"I've never heard that Brother Chu married someone. What's the background of this girl?"

"Who wants to gossip? If that girl is from the Chu family, let Jun Mo introduce her to us. I seriously lack a wife!"

"only recognize that the windbreaker was designed by Beigong Xiaojiu. Its value... is probably tens of millions."

Amidst the commotion, Gu Qiqi walked straight to Old Master Gu and smiled. "Grandpa, I wish you a happy birthday once more! Be happy every day and always have a good laugh!"

'The simple blessing made Old Master Gu smile.

"Okay! Okay! Qiqi, sit next to me. Later, I'll give you a proper introduction so that you can get to know these big brothers

Old Master Gu's voice was affectionate and his gaze as he looked at her was filled with affection.

Gu Qiqi was slightly surprised. "Grandpa, you want to... introduce me to everyone?"

In her previous life, her grandfather had also wanted to officially introduce her identity in public and publicly announce that she was the Gu family's flesh and blood and was the legitimate eldest daughter of the Gu family.

But before she could wait for this opportunity, she was tricked by Gu Meifeng and the rest. She smashed her grandfather's precious antique vase and was ruthlessly reprimanded and punished. She suffered a vulgar and embarrassing reputation and even knelt in the ancestral hall to reflect on herself.

However, it was different in this lifetime!

She had long resolved the crisis of that antique vase. 'The pitiful worms kneeling in the ancestral hall were replaced by Gu Yuanyuan and Gu Xuexue.

She had already changed the trajectory of her fate. Thus, she regained her grandfather's trust and love.

No!

She had returned to her original path!

Her grandfather's love was the same.

But she had failed in her previous life!

Old Master Gu smiled affectionately. "Of course! You've been in the Imperial Capital for a while now. How can you not show your face publicly in high society? Our family doesn't have a popular coming-of-age ceremony. Then, I'll vouch for you at the birthday banquet! I want everyone with status in the Imperial Capital to know that you're my most beloved granddaughter!"

### **Chapter 830 Let Her Make A Fool of Herself!**

Gu Qiqi's eyes shone brightly and a faint mist surfaced in her eyes. How was Old Master doting on her? He was simply showering her with love! "Grandpa, thank you!"

"Silly child, what's there to thank me for?! Come, this was your favorite snack when you were young. I specially got Jun Mo to find a chef to make it for you. Hurry up and try it! Also, this tea was also brought back by Jun Mo when he went abroad... Come, Jun Mo, sit here..."

The old master was very happy. Gu Qiqi opened the slightly heavy gift box that she had brought over. "What is this?" The old master raised his eyebrows.

"Grandpa, this is your birthday gift." In order to prevent it from breaking, Gu Qiqi wrapped it in an especially sturdy and thick box this time. Thus, the small inkstone became a big gift box.

"You've given something to me, girl!"

"It's different. I'm compensating you on behalf of Big Brother Chu. The inkstone that Big Brother Chu gave you back then was broken. Although I didn't hit it, it was also because Gu Yuanyuan and the rest wanted to frame me that the kind intentions Big Brother Chu gave you were destroyed. I felt very bad about it, so I searched for many auction houses before I found this jade inkstone of the same quality. Grandpa, do you like it?"

"Silly child! Grandpa likes it! This way, Grandpa can put one piece each in his study room and bedroom!" Old Master Gu sighed and accepted this birthday gift very happily.

But he couldn't help but complain. Did she spend a lot of money? Did she have enough pocket money? Gu Qiqi blinked and secretly showed him the numbers on one of her banknotes.

Old Master Gu couldn't help but give her a thumbs-up.

This granddaughter really surprised him everywhere!

Chu Junmo's gaze stopped on that jade inkstone and he felt a little emotional.

He remembered the inkstone that Gu Qiqi had once compensated him.

Originally, she could accompany him in the study room during the day and in the bedroom at night... Such a good gift had been ruined by Gong Jue!

Why was it that the more he wanted to grab hold of everything related to her, the more it would shatter on the ground like a bolt of lightning?  
A trace of sadness flashed past.

Chu Junmo looked at Gu Qiqi with rapt attention. Fortunately, she was so close to him at this moment.

Gu Qiqi ate the exquisite and delicious snacks and tea that he had prepared while chatting with her grandfather and the rest about the school tournament that she had recently participated in.

The three of them laughed happily from time to time.

Hearing this, Gu Meifeng and her daughter's eyes were about to explode from jealousy!

"Mommy, did you hear that? Grandpa really wants to introduce that little bitch Gu Qiqi publicly!"

"Stay calm! We've already made the arrangements. So what if he introduces her? It'll just make her look even uglier!"

After all, Gu Meifeng was still more experienced. Although she was jealous, she was completely confident in her own arrangements!

Old Master Gu still didn't know about that matter.

She would expose that matter today. Seeing that Old Master Gu was still embarrassed, she would thicken her skin and introduce his bitch granddaughter to everyone!

Everyone at the banquet looked at the girl beside Old Master Gu curiously. They could not wait for Old Master Gu to introduce her.

That girl was really devastatingly beautiful with every frown and smile.

He clearly felt that she was beautiful and charming, but from a different angle, she looked handsome. She was really a rare beauty.

Whose daughter was she?!

After satiating everyone's appetite, Old Master Gu stood up from his seat with Gu Qiqi's help and slowly walked to the middle of the banquet hall the moment the banquet officially started. He announced confidently—.
