

**Dear Chief 83**

**Chapter 83: Master Jue Was Enraged From Embarrassment**

Gu Qiqi felt so ashamed.

She... She actually fell for it! She was tricked by that stupid man!

It was too embarrassing.

However, Gong Jue laughed lightly as if he had gotten his way.

He was bursting with confidence and his dignity as a man was greatly comforted.

He loosened his arm and let her breathe. "You don't have to thank me so passionately. I'm just doing you a small favor."

These words really deserved a beating.

Gu Qiqi clenched her fists tightly.

If she had the strength right now, she wanted to punch his nose bridge so badly that this man's d\*mned pride would collapse.

"Thank your head! You're so lame, yet you still have the cheek to say that?! It can't be that you haven't interacted with a woman before, right? Domineering man!"

She retorted angrily.

She couldn't hit him, but she could at least mock him, right?

At least, she could get her revenge.

Seeing Gong Jue's face turn dark in an instant, Gu Qiqi knew that she had successfully infuriated this man.

No way! Could she have guessed correctly? Was he really inexperienced?

Otherwise, why was he so angry from embarrassment?

That's impossible! Didn't he have another girlfriend?

Also, he seemed to be unclear with women in the hospital...

This b\*stard! He obviously had a sickness and couldn't touch women, but he didn't have any self-respect or self-love!

"I'm lacking? Hmm? It seems that I didn't let you comprehend it thoroughly enough just now. There's a need to let you comprehend it deeply once more!"

His dignity received an absolutely unbearable challenge.

Gong Jue lowered his face once more!

Gu Qiqi was shocked.

She pushed it away forcefully.

However, the man's body was immovable like a boulder.

Her fists landed on his body and it hurt her instead.

An idea came to her mind. She pointed outside the window and said, "Someone's coming over! Let go of me quickly!"

Gu Qiqi wasn't lying.

Outside the French window, a group of young engineers who had just gotten off their night shift were talking and laughing as they walked over.

Gong Jue snorted coldly.

He was disdainful.

"If you behave yourself, they won't come over."

After speaking.

Once it was mentioned!

He lifted her up onto the table and off her feet!

The warm red wood and cool marble table top made Gu Qiqi shiver.

The air was filled with Gong Jue's unique scent.

How domineering!

It seemed like this was the only way to let her understand that his absolute control was unquestionable.

"Stupid woman. If you don't want to be seen, then stop it!"

Gu Qiqi watched as more than ten men walked past the window that was very close to them.

As long as one person was distracted by the sound, they would be able to see the two of them clearly at this moment.

The sound of footsteps outside the window finally faded away.

A thin layer of sweat had already formed on Gu Qiqi's forehead.

"...Let... me... go..."

Gong Jue looked at her deeply.

She didn't expect that she would cause him to lose his mind!
