

Dear Chief 831

Chapter 831 She Isn't From The Gu Family!

“Thank you, Jun Mo, for your preparations. Thank you, everyone, for coming to my birthday banquet. I’m already old. It doesn’t matter if I can’t live past my birthday. On the other hand, it’s a rare blessing for you and your senior brothers to be together! Today, I’ll use this opportunity to officially introduce you to everyone. Our Gu family’s eldest daughter—Gu Qiqi! Qiqi, come, introduce yourself to everyone.” Old Master Gu handed the microphone to Gu Qidi.

Everyone’s gazes landed on Gu Qiqi!

It turned out that this absolutely beautiful girl was Old Master Gu’s biological granddaughter! How wonderful Old Master Gu valued her so much.

She was the eldest daughter of the Gu family!

If anyone could woo her, wouldn’t they become Old Master Gu’s grandson-in-law?

Based on Old Master Gu’s reputation in the academic circle, this grandson-in-law would definitely be very respected!

What’s more, the eldest daughter of the Gu family was such a beautiful woman!

For a moment, the young talents in the venue were restless. Those who were older were secretly examining their sons and were filled with interest in Gu Qidi.

They really wanted to know how old this eldest daughter of the Gu family was. Was she studying music, chess, books, and painting at home? Or...

They couldn’t wait to hear her introduce herself!

Gu Qiqi cleared her throat and was about to speak.

However, there was a sudden noise of electric interference coming from the receiver!

Buzz...

Gu Qiqi could not introduce herself smoothly.

She stood elegantly and waited quietly for the electric current to pass and return to normal.

But in the very next second, the big screen on the stage lit up first!

Eh? There didn’t seem to be such a process tonight.

Everyone glanced at the screen curiously.

In her heart, they were still guessing if there were some photos of Gu Qiqi when she was young on the screen, her current photos and so on.

After all, some noble young ladies did this during their coming-of-age ceremony.

What surprised everyone was that...

What appeared on the screen wasn’t a photo of a beauty at all.

Instead, it was an incredible document!

“The Confirmation of Father and Daughter Relationship!”

As the camera zoomed in...!

The words on it became clearer.

“I’m Gu Qiqi. From today onwards, I’ll sever ties with Gu Qiushan. We don’t owe each other anything! Gu Qiushan is never to disturb Gu Qiqi’s life again...”

The terms of this document listed a few things that Gu Qiushan wasn’t allowed to do.

The core rule was to sever ties!

Furthermore, judging from her tone, Gu Qiqi was the one who initiated the severing of ties!

Everyone was stunned!

Gu Qiqi actually refused to acknowledge her father!

Just as everyone thought that this matter was ridiculous and it was a prank, the screen flashed a few more times!

Then, a video was played!

In Qing Cheng Prison.

In the dirty and old cell, Gu Qiushan was like a beggar. He was as skinny as a stick. In fact, he was even dirtier than a beggar. His hair was greasy and his body was so black that it could be rubbed with mud. He had probably not showered for a month or two. His eyes were even more lifeless and empty.

At this moment, he looked at the camera and every word he said was filled with complaint and hatred.

“Gu Qiqi, you unfilial daughter. You watched your father go to prison and didn’t care about him. You didn’t bail him out even though you had money. You even deliberately cut ties with him. People like you will be struck by lightning! Our Gu family doesn’t have scum like you...!”

Gu Qiushan cursed non-stop.

That scene was simply unbearable to watch!.

Chapter 832 You Actually Lied!

Gu Meifeng was watching with relish.

Oh, not bad. Brother Qiushan, as expected, even if I gave you a hundred dollars, you could still work so hard to perform and properly defame your lowly daughter!

If you do well, I’ll give you an extra 150 dollars next time!

Old Master Gu was also staring intently at this scene.

The loving smile on his face gradually disappeared and the veins on his forehead bulged.

This was Gu Qiushan, his biological son. But why was this bastard talking bad about Qiqi?

“Qiqi, he’s lying, right? That bastard is already in jail. Why is he still here for no reason?”

He simply didn’t know his limits.

However, Gu Qiqi’s answer was somewhat depressing.

“No. He’s telling the truth.”

She and Gu Qiushan had indeed signed a document to confirm their relationship.

If she didn’t break free, Gu Qiushan was going to sell her!

Or borrow a loan shark and make her repay.

Or... he could continue to use this father-daughter relationship to control and exploit her. In short, he wouldn’t do anything good!

She never regretted breaking away from this scumbag father!

Furthermore, this was something that the entire Qing Cheng knew. There was nothing to hide.

Gu Qiqi’s calm admission made Old Master Gu calm down.

This girl was very steady. She wouldn’t sign such an agreement randomly. There must be some inside story.

However, before Old Master Gu could ask about the inside story...

Below the stage, Gu Xuexue acted innocent and asked. “Sister, why did you sign such an agreement with Uncle? Do you hate our Gu family and don’t want your surname to be Gu anymore?”

Although every word was gentle, it was actually heartbreaking!

Gu Meifeng fanned the flames and urged someone below the stage to ask more questions.

“The eldest daughter of the Gu family? Her surname is not Cru. She doesn’t want her biological father anymore. Why is she still the eldest daughter!”

“That’s right. This kind of boorish woman isn’t fit to be Old Master Gu’s granddaughter at all!” “She doesn’t even care that her biological father is in jail. Such a woman is evil and ruthless!” “Old Master, don’t introduce such a woman anymore. It will defame your reputation...”

Different voices sounded.

They were all unfriendly to Gu Qiqi.

Only Chu Junmo sat upright below the stage. He didn’t mind her identity and family background.

As long as she was willing, he was prepared to open his protective arms to her at all times...

He looked towards the center of the banquet hall.

Gu Qiqi did not show any signs of asking for help, nor did she panic.

She stood there quietly and elegantly. Her beautiful eyes were as calm as water.

It was as if these rumors couldn't hurt her at all.

His cold voice said lightly, "Not every parent in this world is fit to be called a parent. Gu Qiushan is a greedy gambler. He operated the hospital for his own benefit and nearly caused the patients to lose their lives without treatment. As a result, he went to jail. Not only did he not repent, but he even wanted to sell his daughter for glory and sell me to a director of a mental hospital in his fifties and his stupid son. Let me ask you, if it were you, do you want such a so-called father? If you do, please raise your hand. I'll send him to you for free"

Gu Meifeng stood up from her seat.

She had calculated everything. She never expected Gu Qiqi to dare to tell the truth directly!

She actually dared to say that Gu Qiqi was nearly gang-raped by a father and son pair?

Wasn't she afraid of losing face?!

Gosh, she had really underestimated Gu Qiqi's shamelessness.

How could she say such a thing!

She definitely couldn't allow this to happen.

"Qiqi, how can you slander your father like this?! I'm too disappointed in you. You actually lied..."

However, in the very next second.

A steady and powerful male voice suddenly sounded. "She's not lying. I can testify because the patient who was almost sentenced to death was me."

Chapter 833 Scandal

Chu Junmo stood up from his seat.

He stood tall and straight. His entire body wasn't stained with the dust of the mortal world.

If someone else said these words, they might think that they were exonerating Gu Qidqi.

But everyone believed Chu Junmo.

Firstly, he was the chairman of the Chu clan. His words carried weight. There was no need to lie.

Secondly, he had a noble status and couldn't easily reveal his illness. Otherwise, the stock market would tremble.

But he was willing to admit that he had nearly died from illness for Gu Qidi...

Apart from believing it, everyone's gazes couldn't help but be mixed.

In particular, Gu Xuexue's eyes burned with desire...!

She secretly took out her phone and quickly took a photo of Gu Qiqi and Chu Junmo. She especially cleverly took a photo of Chu Junmo's gaze that was staring deeply at Gu Qiqi!
She forwarded it to Gong Qing!

Hmph! She had to grasp every opportunity to cause trouble!

Previously, she had sent a bunch of intimate photos of Gu Qiqi and the boy. Presumably, Gong Qing was already furious. Now that Gu Qiqi had started to seduce another financier... She didn't believe that Gong Qing would allow it!

That Daddy Gong had a bad temper. He would definitely use thunderous methods to kill Gu Qiqi! At this thought, she felt that her methods might be even better than her mother's move. It was simply the ultimate killing move and she almost laughed secretly.

Seeing that Chu Junmo stood up to testify for Gu Qiqi, Old Master Gu's eyes softened. "Since Junmo was present at that time, it means that Qiqi didn't lie. That greedy guy Gu Qiushan actually had the leisure to record a video to defame his own daughter instead of reforming himself in jail! I think that someone has other intentions in this matter, right?"

After speaking, his gaze swept across Gu Meifeng, who was the most proactive. Gu Meifeng's heart skipped a beat. Damn it. Why was the old man so difficult to fool today? However, they could not find any evidence and could not do anything to her!

Gu Meifeng straightened her back. "Dad, no matter what ulterior motives the person in the video had, no matter what uncle did, Gu Qiqi is really not a member of our Gu family anymore... That document that severed ties has a legal effect. It's a huge scandal, okay?!"

His last sentence made everyone's eyes spin.

The men who had tried to curry favor with Gu Qiqi and wanted to date her, and families that wanted her as their daughter-in-law all retreated.

No matter how famous Old Master Gu was, and even if Gu Qiqi was indeed from the Gu family, it was not glorious for her to cut ties with her biological father!
They did not want to find a girl who was scandalized at such a young age as their wife.

Moreover, Gu Meifeng was right. The document that severed ties had a legal effect.

Unless Gu Qiushan and Gu Qiqi agreed unanimously to restore their relationship, no one could let Gu Qiqi officially become a member of the Gu family again.
Not even Old Master Gu.

Because according to the Empire's laws, parents would always have more authority over their children than their grandparents.

"What a pity. What a beautiful woman..." Someone couldn't help but feel regretful.

There were also people who sneered. "So what? She's not from the Gu family. Even if the Old Master thinks highly of her, what's the use? She has already cut ties with her father and can't even inherit the Gu family in the future! Such a woman is equivalent to a poor person without a family background. She has no value..."

Chapter 834: This Counterattack Was Awesome!

Discussions surged like waves in the dark.

Chu Junmo turned around lightly and swept a cold glance at those rude people.

Chu Junmo had always been elegant and steady. Everyone rarely saw him so sharp and cold. For a moment, they were so frightened that they didn't dare to gossip anymore and shut their mouths.

Retracting his gaze, Chu Junmo walked towards Gu Qiqi, who was in the middle of the banquet hall. His voice immediately became much gentler. "Qiqi, you don't have to fear the eyes of the world. There are still endless possibilities in your life. Now that your edge has been revealed, you will definitely shine brightly in the future. You don't need the Gu family's reputation to add any glory to you. On the contrary, the Gu family will definitely be proud of you in the future."

He said these words with such confidence.

It sounded like he was saying this to Gu Qiqi, but he was actually criticizing everyone. No one could look down on this woman!

It was as if Gu Qiqi was the most dazzling treasure he had seen in his life.

How arrogant!

Gu Qiqi didn't have to rely on the Gu family. Instead, the Gu family would be proud of her in the future?

How was that possible!

Everyone curled their lips secretly.

She was just an 18-year-old girl who had yet to graduate from university.

Without the support of the Gu family, she probably wouldn't be able to marry anyone good, right?

There was no lack of beautiful women in this world. It was useless to just look good if she wanted to marry into high society.

Unexpectedly, when Old Master Gu heard this, he actually nodded repeatedly in praise!

"Jun MO is right! Qiqi is the hope of the Gu family's next generation. Our Gu family has fewer men. My granddaughter has Hua Mulan's spirit. It's not that the Gu family gives her a halo, but that she will give our Gu family a halo in the future! That heartless Gu Qiushan doesn't acknowledge his daughter, but I recognize this granddaughter!"

Everyone was dumbfounded.

Gu Qiqi looked at her grandfather and Chu Junmo with mixed emotions.

It could be said that her grandfather's love for her was deep. Although she was surprised, she could understand it. But Chu Junmo was actually so protective of her!

This made them feel touched.

Speaking of which, she had always owed him!

Seeing that her plan to completely erase Gu Qiqi's identity from the Gu family was about to fail, Gu Meifeng came up with another plan. "Since Dad has already said so, then you're welcome to let Qiqi stay in our Gu family for the time being... However, Qiqi, it's not that I'm criticizing you, but shouldn't you pay attention to your etiquette and reservedness? As a girl, it doesn't seem too good to always make all kinds of men surround you, right? Look, the Mu family has already broken off the engagement with you..."

Gu Meifeng spoke ambiguously. Her gaze occasionally drifted to Chu Junmo. Her tone seemed to be hinting that Gu Qiqi was despised by the Mu family because she was unclear about her relationship with a man like Chu Junmo and was forced to end the engagement by the Mu family.

Gu Qiqi looked at her with a cold smile. She couldn't be bothered to explain to the outside world that the Mu family's engagement was canceled by her. "Oh, I'm not reserved? Could it be that your daughter is reserved after she and the Mu family's eldest young master had sex in the hotel and made the headlines? Is that what being reserved means? Did you misunderstand the meaning of being reserved?"

Pfft—

Everyone nearly burst out laughing!

No wonder CEO Chu admired this girl so much. She was smart!

Gu Xuexue hid behind Gu Meifeng and didn't dare to show her face. She hated Gu Qiqi to the core.

The matter of her rolling in bed with Mu Liuchuan was simply her humiliation.

But the Mu family didn't take her seriously!

Originally, she was going to announce the engagement between her and Mu Liuchuan at her grandfather's birthday banquet today. However, Mu Liuchuan was unwilling to make time to participate at all.

If Mu Liuchuan could support her today, Gu Qiqi would definitely lose all her face!

She thought angrily and couldn't help but feel puzzled. She had spread Gu Qiqi's intimate photo out. Why was Gong Qing still not responding? Could it be that he didn't even bother to call to reprimand her?.

Chapter 835 Selling Eggs Back Then!

Gu Meifeng's plan failed one after another. She was so angry that she vomited blood.

She nearly blurted out that secret matter from back then. “Qiqi, it’s not right for you to say this about Xuexue. Xuexue and Liuchuan are in love. That’s called trying it out before marriage. Don’t think that they don’t love themselves like you. Back then, you sold—”.

Before she could say the words “selling eggs” ...

The banquet hall door was kicked open.

A loud male voice traveled into her ears. “Who said that Qiqi doesn’t love herself?! Are you looking for a beating?”

Everyone turned to look.

She couldn’t help but be stunned.

Gong Qing!

It was actually Old Master Gong who had retired for many years!

The father of the Empire’s president and the Chief was the Gong family’s head who once struck fear in people’s hearts.

Indeed, his style of appearance was the same as Master Jue’s.

How domineering!

How arrogant!

This powerful aura made Gu Meifeng shut her mouth in a daze. She couldn’t say that terrifying past anymore...

What shocked Gu Meifeng and Gu Xuexue even more was Gong Qing’s words “Qiqi.”

Had Gu Qiqi already met his parents and entered the family?

How intimate!

At this moment, Gu Qiqi’s astonishment wasn’t inferior to everyone’s. She was stunned for a few seconds before she reacted. “Mr. Gong...”

Why was Gong Qing here?!

No, no, no. More importantly, how could Gong Qing speak up for her in public?!

A few hours ago, he was still rolling his eyes at her at the Gong Residence.

“Why are you calling me Mr. Gong? Call me Uncle! You didn’t even inform me about your grandfather’s birthday banquet? Are you afraid that I can’t afford a birthday gift?” Gong Qing said in annoyance.

Gu Qiqi was speechless. She really couldn’t have a good chat with Mr. Gong.

Old Master Gu was in a good mood.

He had always wanted to ask why Gong Jue wasn’t here just now, but he was afraid that his granddaughter would be shy.

Seeing that the other party's parents had come directly, they actually gave Gong Jue face and took this matter seriously.

Immediately, a trace of satisfaction flashed across his face. He stroked his beard and said, "Old Master Gong is here for the banquet. Why are you still bringing a birthday gift? That's too polite!"

As he spoke, his voice deepened. "We're family. There's no need to be polite. There's no need for gifts." Family?

Gong Qing didn't react and thought to himself, I'm just here because of this messy woman. Who cares about your family?

He didn't have the time to think carefully. He strode forward immediately and stood between Gu Qiqi and Chu Junmo, separating the two of them.

Then, he simply pulled Old Master Gu's hand through Gu Qiqi and made small talk. "I'm a boorish person who only knows how to fight and kill. Usually, I admire scholars like you the most. Today is rare. I want to toast you properly! I won't stop until I'm drunk!"

The old master laughed heartily at this straightforward man's words. "Okay, I won't stop until I'm drunk!" In the future, they would be in-laws. Of course, he had to have a good drink.

Naturally, the two of them walked towards the table.

Gu Qiqi followed the two seniors back to the table.

In the middle of the banquet hall, only Chu Junmo was left alone. He watched as his good chance to protect his flower was actually snatched away by Gong Jue's father...

Chu Junmo curved his lips and smiled bitterly.

He couldn't bicker with an arrogant old man, right?

He walked back to his seat in silence and drained his glass.

Gong Qing stole a glance at Chu Junmo and was extremely pleased.

Heh heh, he was still young. With a casual move, he crushed a big rival for his son.

In the corner nearby, Gu Xuexue rebuked Gu Meifeng. "Mommy, why didn't you tell them about Gu Qiqi selling her eggs just now?! I want to see who else will take a look at her after everyone knows about her ugly incident back then!"

Gu Meifeng sighed.

Chapter 836: Brother Chu, You're So Warm!

"Now is not the best time!" Gu Meifeng muttered to herself. "There's no thorough preparation today. When the time comes, she will bite back and say that we slandered her. The Old Master will think that we're making trouble out of nothing! Didn't you see that the document about the breakup between the father and daughter and the video of your uncle were released? The Old Master is still defending her! If

we want her to completely lose her reputation, the evidence we prepare next time will make him speechless!”

Gu Xuexue pouted indignantly. “Are we going to let her be glorious today?”

Gu Meifeng rolled her eyes and landed on Chu Junmo, who was drinking by the side. She put on a provocative smile. “Of course, I can’t let her have an easy time! Don’t you know Old Master Gong? Out of courtesy, you should at least make small talk, right?”

Gu Xuexue immediately understood her meaning.

That’s right!

She had sent so many messages to Father Gong. Could it be that Father Gong’s phone didn’t respond because his secretary was usually looking at it?

This time, she was going to expose Gu Qiqi face-to-face!

It would be strange if Father Gong still protected that b * tch.

Thinking about this, she picked up a glass of wine and walked towards Gong Qing leisurely.

Gong Qing was chatting happily with Old Master Gu. Gu Qiqi was by his side. There was no need to talk at all. The atmosphere was extremely warm. It was simply like an in-laws meeting.

Unexpectedly, Gu Xuexue leaned over and greeted Gong Qing as if they were close. “Old Master Gong, long time no see! You’re still so handsome!”

Old men loved it when people praised them for being handsome. Gu

Xuexue could be said to be quite attentive in flattering them,

Gong Qing wasn’t interested in such flattery and rolled his eyes. “Who are you?”

Gu Xuexue was speechless.

This was awkward!

She was chatting so passionately, but he had long forgotten about her.

In an instant, the gazes of the guests behind her pierced her back!

Gu Xuexue thickened her skin and approached him again. “Old Master Gong, I’m Qiqi’s younger sister. You’ve seen me before. Have you forgotten that back in school, my older sister was pestered by a few boys? You even helped her come up with an idea...”

Gu Qiqi squinted coldly.

It turned out that Gu Xuexue had made connections with Old Man Gong behind her back.

No wonder Old Man Gong always made things difficult for her. Could it be that he had become stupid after hearing this scumbag’s encouragement?

She couldn't help but glance at Gong Qing lightly. "I'm sorry, but I only have one biological younger brother. I don't have a younger sister."

As for being pestered by a few boys... Wasn't Gu Xuexue trying to ruin her reputation in front of Gong Qing?

It was a pity that that idiot still didn't know. Even if she didn't defame her, she would have long been defamed by Gong Qing. Why did she have to do this?!

Thus, she couldn't be bothered to explain this at all.

Gu Xuexue bit her lips. Damn it! This bitch actually dared to undermine her!

Do you think that I can't handle you?

Her smile became even more charming and dazzling. "Sister, you sure know how to joke. Just now, when CEO Chu was around, you even called him Brother Chu. Sister, you're so intimate with outsiders, but you're so cold to me, your younger sister. It's too unfair!"

Gu Xuexue's words were filled with provocation!

Even a fool could tell.

Which father-in-law in the world would be happy that his daughter-in-law would call another man her brother affectionately?

Wasn't this cheating on his son!

Of course, Gong Qing was no exception.

His face immediately sank.

Old Master Gu's expression wasn't good either. He glared at Gu Xuexue unhappily. "Ignorant thing, what nonsense are you talking about here?! Jun MO is my disciple. What's wrong with Qiqi calling him Eldest Senior Brother?!".

Chapter 837 The Scumbag's Face Was Torn Up

Gu Xuexue shivered and pretended to be aggrieved. "Grandpa, that's not what I meant. I... I just... I saw that Qiqi looked quite good in the photo with Brother Chu just now and wanted to let you admire the photo that was taken just now. Grandpa, you're right. Even if Eldest Senior Brother and Little Junior Sister are more intimate than others, that's very normal! Look, Eldest Senior Brother looks at her with so much care..."

The more Gu Xuexue said this, the more obvious the hidden meaning in her words became.

Look, look! A photo of an adulterer!

There was adultery! Eldest Senior Brother and Little Junior Sister were usually synonymous with adultery!

Old Master Gong, Old Master Gong, hurry up and execute this perverted bitch!

Indeed, as soon as her voice fell.

Gong Qing's expression became even uglier.

Old Master Gu still wanted to explain something for Gu Qiqi. This time, it was no longer easy to explain. He could only glare fiercely at Gu Xuexue. This bitch kept defaming Qiqi. Did he think that he couldn't tell? It wasn't good to flare up in front of outsiders. He would deal with her when he returned home later! She had simply thrown away the Gu family's face!

"Old Master Gong, children are insensible and speak nonsense. Don't take it to heart..." Old Master Gu comforted Gong Qing awkwardly. Who knew?

Gong Qing refused to accept it!

His face was filled with anger as he said coldly, "Is this how your Gu family educates your daughter?"

Old Master Gu frowned. "Our Qiqi has a good upbringing. Old Master Gong, you don't have to doubt her. You can't listen to this child's nonsense!"

"I'm not talking about her. I'm talking about her!" Gong Qing unexpectedly pointed coldly.

It was directed at Gu Xuexue!

"Is this kind of descendant who stirs up trouble and mixes black and white really born from your Gu family? Are you sure you didn't carry home the wrong child?" Gong Qing's tone was very unhappy!

Before everyone could react, Gong Qing said coldly again, "What Eldest Senior Brother and Little Junior Sister? Are you retarded? How is this seniority ranked?! The brat from the Chu family is your disciple and Gu Qiqi is your granddaughter. This is clearly an uncle-niece relationship! Chu Junmo is Gu Qiqi's uncle! Gu Qiqi is Chu Junmo's niece! This seniority is the right one. I, Gong Qing, have never seen any uncle look at his niece affectionately before in this lifetime!"

Gong Qing's words made Chu Junmo, who was not far away, feel even worse when he heard them.

Uncle?

Niece?

He felt that the distance between him and Qiqi had widened again. What hurt him even more was when he said that he didn't look at her affectionately. Which eye of this Old Man Gong saw his own gaze of love?!

He clearly had deep feelings!

After Gong Qing said that, he specially said to Gu Qiqi, "Treat your uncle better in the future. You must respect the old and love the young!"

Chu Junmo was speechless. He didn't need Qiqi to respect him!

Gu Qiqi was speechless. Old Man Gong, you're interfering too much!

Until this moment.

Only then did everyone realize what was going on!

It turned out that Gong Qing's expression had been gloomy just now not because Gu Qiqi was intimate with another man and her reputation was damaged. It turned out that he was angry that Gu Xuexue fabricated the truth and twisted the opinions of Eldest Senior Brother and Little Junior Sister. She was wretched and brainless!

It turned out that Gong Qing was still protecting Gu Qiqi!

Everyone couldn't help but look at Gu Qiqi enviously a few times. They didn't know what capabilities this girl had to actually make the extremely bad-tempered and famous Old Master Gong—who was difficult to deal with so supportive of her.

Gu Xuexue blushed.

No matter how thick-skinned she was, she did not dare to come over and mess with Gu Qiqi under Gong Qing's nose again.

Gong Qing's protection of Gu Qiqi simply had no bottom line.

He even said that they were uncle and niece. It was simply making people vomit blood!

She had her face torn off in public!

It hurt!

Chapter 838 360 Degrees in Every Position

Gu Xuexue was embarrassed in front of Gong Qing.

She walked away awkwardly. Gong Qing and Old Master Gu continued to drink and chat enthusiastically.

After three rounds of drinking.

Old Master Gu felt sorry for Gu Xuexue's abruptness just now and said slowly, "Old Master Gong, thank you for being magnanimous! Gong Jue's character seems to follow you. Qiqi is lucky to marry him!"

"Heh heh, there's no need to be polite!" Gong Qing initially only heard the words "magnanimous" and was feeling smug when he suddenly heard the words "Qiqi will marry him". He immediately sobered up!

What?

He only agreed to the two of them dating, not getting married!

"Old Master, what did you say about marriage?"

"My Qiqi and your Gong Jue's marriage!"

"Old Master, say it again. I'm a little drunk and can't hear clearly!" "Haha, Old Master Gong, you're so funny. Your wife has already sent the betrothal gift over. Gong Jue also personally came to me and asked to marry Qiqi. Could it be that you forgot after drinking too much?!"

“A betrothal gift from my wife?”

“It’s that painting by your wife called “Fishing On An Ice Lake In The Snow”!”

Gong Qing was speechless. No wonder there seemed to be one less painting at home recently.

Little brat!

In order to chase after a woman, he actually became a thief!

How should he explain this matter to Old Master Gu?

Just now, he had criticized the scumbags and helped his son get rid of the irrelevant people. He was so valiant and energetic. If he denied it now, wouldn’t he be too ashamed?!

Gong Qing decided to... pretend!

“Old Master, your birthday wine is so delicious. Come, come, let me toast you again! Let the juniors worry about us. Why should we care so much?”

Gu Qiqi was speechless. Are you really not going to care about the future? Hehe!

On this night.

Gong Jue called Gu Qiqi again.

Gu Qiqi became smarter.

When he tried to seduce her and asked her to maintain the evil posture of raising her phone at a 45-degree angle...

He suddenly realized that this stupid woman was actually wearing a very conservative and tight pajamas. It was so... that he couldn’t see anything!

Gong Jue, who couldn’t take advantage of the situation, was furious. He simply wanted to fly back immediately and execute her on the spot!

But on second thought, the wedding and honeymoon venue prepared on the independent island in Northern Europe were not completed yet. He had to tolerate it a little longer.

Hmph! On their wedding night, he was going to taste her 360 degrees in every position.

“Stupid woman, you’re suffocating me!”

Upon hearing Gong Jue hang up the call resentfully, Gu Qiqi covered her stomach and laughed out loud on the bed.

On the same night.

Gu Meifeng and Gu Xuexue weren’t as happy.

The two of them stared at each other with unhappy looks on their faces.

Their plans fell through.

Now, there was only one way left. That was to quickly marry the Mu family and settle the marriage. The engagement ceremony had to be extremely grand! This was the only way to turn the tables and make Gu Qiqi envious!

“Xue Xue, don’t worry too much. Look, if Gong Jue really wants to marry that bitch, why hasn’t he made a move at all after talking for so long? Gong Qing was only sharp-tongued tonight, but he didn’t say a word about the Gong family wanting to accept Gu Qiqi. Hmph, I think there must be something wrong with them for them to drag this on!”

“But Mommy, look at Old Master Gong’s attitude. He’s so protective of that bitch. It’s only a matter of time before they get married!” “That’s not necessarily true! If they dare to announce their marriage, I’ll dare to expose that ugly incident four years ago regarding Gu Qiqi!”

“Mommy... but Gu Qiqi is so cunning. If she is protected like this again, she can find an excuse...”

“Don’t worry, Mommy will prepare. I will learn from this lesson and not let that bitch Gu Qiqi have any excuses!”

Chapter 839 Awesome, Using Medical Skills to Win The Plagiarism Case (1)

Gu Meifeng and Gu Xuexue had just finished discussing when they received a call from the lawyer.

“Qing Yuxuan’s case will be held in court tomorrow. Remember to be on time!”

Before Gu Meifeng could plan how to release the news about Gu Qiqi selling eggs back then, her attention was diverted by this case.

Her liquid funds had been frozen!

She was really unlucky to have invested in that Qing Yuxuan just because she followed Gu Enlong!
dus

“You must win this lawsuit for me! Let that Lan Ting suffer the consequences!”

“Hehe, Madam Gu, there’s no guarantee in this world.”

“If you win, I’ll pay you double the lawyer fees!”

“Yes, we’ll talk about it tomorrow.”

Gu Meifeng and Gu Enlong had hired the number one lawyer in the Imperial Capital, Wang Yongxin. It was said that in the past few decades, he had never lost a case. He had won all of them.

If nothing went wrong, he should be able to win this time, right?

Otherwise, wouldn’t Lawyer Wang Yongxin destroy his reputation?

At the Imperial Capital’s court.

Court opening time!

Gu Meifeng and Gu Xuexue already didn’t have much liquid capital on hand and couldn’t buy new clothes. However, they wanted to puff themselves up at their own cost and suppress the people from

Lan Ting's side in an imposing manner. Thus, they simply went to a second-hand clothing store and rented two latest gowns.

The two of them walked into the court arrogantly in their new gowns. They were arranged to be in the defendant's seat with Gu Enlong and Yang Xiaoqing. She turned around and saw Yang Xiaolan sitting alone at the plaintiff's table! She was dressed very simply! "Poor girl!"

Gu Meifeng snorted coldly.

"Mommy, haven't you heard? A poor person has short ambitions. Seeing that our Qing Yuxuan is popular, she came to slander us for plagiarism. Heh heh!"

Yang Xiaolan was so angry by these two mother and daughter's shameless echoing that her hands were trembling. However, she remembered what Gu Qiqi had said. She had to stay calm. No matter how the other party provoked her, she could not argue with him in court.

Looking at the evidence in court, quarreling would only coax the judge out of court. It would be a bad thing.

However, the two women were so thick-skinned that they could not stop talking.

"Hmph! Those poor people might not know yet, right? If they lose the lawsuit, they have to pay a lot of indictment fees!"

"Look at how poor she is dressed. She shouldn't be able to pay much, right?" On the side, Yang Xiaoqing also coughed as he joined in the discussion. "Don't worry. Lawyer Wang Yongxin said that when they lose the lawsuit, we will directly sue them for false accusation and make them suffer bankruptcy! Let's see if those poor people still dare to cheat us in the future!"

Xiaolan couldn't tolerate it anymore. Her fingernails nearly dug into her palms. Wuwuwu, Qiqi, I can't help but want to get up and beat someone up!

How could they be so shameless?

I really can't hold it back anymore!

Just as Xiaolan risked being chased out of court and was about to get up to argue with Gu Meifeng and the rest...

A cold voice traveled from the entrance of the court.

"You're wearing rented second-hand goods, but you still have the cheek to call others poor? Could it be that you're too short-sighted and inexperienced? Have you never seen the latest shirt dress designed by Beigong Xiaojie?" Gu Qiqi laughed coldly and walked over step by

step.

What? Yang Xiaolan was wearing clothes designed by Beigong Xiaojie? That royal designer? Any piece of clothing from him costs a sky-high price.

Gu Meifeng and Gu Xuexue exchanged looks and didn't believe her. "Gu Qiqi, take back your words. On what basis should you say that our gowns are second-hand?!" Gu Qiqi tugged at the small strip of cloth on their backs in disdain.

The two of them immediately blushed!

Damn it!

This was their first time renting clothes, and they actually didn't know that this small strip of cloth had the phone number of a clothing shop!

After Gu Qiqi finished attacking that disgusting mother and daughter, she sat down on the witness seat behind Xiaolan. "I'm here. Don't panic!"

Xiaolan calmed down. "Qiqi, their lawyer is very powerful. I heard that he's the number one lawyer in the Empire."

Gu Qiqi smiled mysteriously. "Our lawyer is the number one in the Empire's future! Also, I brought something that they wouldn't have thought of even if they died today—!"

Chapter 840 Awesome, Using Medical Skills to Win The Plagiarism Case (2)

Everyone knew that lawyers and evidence were the most important things in a lawsuit.

The difficult thing about this lawsuit of the Xiaolan family was that no big lawyer was willing to take their case, nor was there any awesome evidence to submit.

Although Xiaolan and Iron Fist Yang were extremely certain that Yang Xiaoqing had plagiarized their work and Yang Xiaoqing even knew that it was plagiarized, without incriminating evidence, they were helpless against Yang Xiaoqing. In fact, Yang Xiaoqing even counterattacked and publicly mocked them.

He was certain that the Yang family couldn't do anything to him. Yang Iron Fist was already terminally ill and was about to die. The Yang family definitely wouldn't be able to win this lawsuit either. The Yang family relied on that skinny little girl Yang Xiaolan to hold on for a few days.

Heh heh, women weren't worth being afraid of!

Yang Xiaoqing's disdain made Xiaolan, who had just calmed down a little, feel uneasy again. "Qiqi, do you know that the big lawyer Wang Yongxin that they hired is the lawyer that we went to consult with previously? He immediately determined that we won't win and can't even be bothered with us. Now that he's defending the other party, it will definitely be even more unfavorable for us!"

Gu Qiqi remained calm. "What's there to be afraid of? Our lawyer is Mu Tianyu, a new talent in the lawyer world."

"I... haven't heard of him before..." Xiaolan said weakly. "That's right. His reputation lies in the future." Gu Qiqi smiled confidently.

She heard a cold laugh. "If a poor person can't afford a big lawyer, then don't flatter yourself!"

Gu Qiqi looked up. An old man in a lawyer's gown was walking over slowly. He looked very arrogant and unscrupulous. Furthermore, Gu Meifeng and the rest were quite passionate towards him.

son wa

This person was probably the legendary number one lawyer in the Empire, Great Lawyer Wang Yongxin. However, this arrogant and unscrupulous look of looking down on the poor made Gu Qiqi's first impression of him terrible!

"Really? But I just feel that our great lawyer Mu Tianyu is better than you!" Gu Qiqi retorted without a trace of politeness.

"Hmph! What's there to talk about a nameless junior! How is he powerful?"

Not only did Wang Yongxin look down on the poor, but he also looked down on a new lawyer like Mu Tianyu.

Gu Qiqi squinted and sized up Wang Yongxin. Suddenly, she curved her lips and smiled. "At least, he's more handsome than you. Furthermore, his hair is thick and black. He's not bald."

Wang Yongxin was speechless. His face was about to turn purple from anger.

If Gu Qiqi said that Mu Tianyu was more professional than him and won more lawsuits than him, or that his reputation in the industry was better than his and he earned more money than him... Then, he could naturally retort forcefully.

He was the number one lawyer in the Empire, okay?

Who would dare to say that someone was stronger than him?

However, that cunning Gu Qiqi didn't mention these things. Instead, she openly mocked him for being bald and ugly!

He was so angry that his organs burned.

"Nonsense! You don't even care about your face when fighting a lawsuit! Just wait until you lose until you don't even have your pants left. Today, I'll definitely let you have an unforgettable lesson!" Wang Yongxin said ruthlessly.

Gu Qiqi pouted. "I don't know who will lose all their pants until the last second."

Wang Yongxin dug out the "witness" sign on her table fiercely. "You're a witness? Hmph, be careful. I'll make you fall to the crime of perjury today and lock you up for eight to ten years!" "Yes, yes.

Daydreaming is beneficial for the mental health of old people. If you like to dream like this, then do it."

Gu Qiqi wasn't angry at all and replied with a smile. Gu Meifeng and Gu Xuexue gloated as they watched Gu Qiqi rebuke Wang Yongxin.
