

## Dear Chief 871

Chapter 871 An Invulnerable Love Rival

Gu Qiqi stuck out her tongue. "I'm sorry, Headmaster. I was bitten by a dog just now and was arguing..."

As she spoke, she curled her lips smugly at Gong Jue as if she was mocking him. Look, I already said that it was immoral to offend an elder!

Gong Jue rolled his eyes in annoyance. I can even offend my biological father. Why would I care about that smelly old man?

If it weren't for the fact that the smelly old man was Gu Qiqi's teacher and that he didn't want to destroy Gu Qiqi's teacher-student relationship, because he hoped that she could learn something she was interested in from Feng Yangchu, he would have retorted that crazy old man long ago.

Fengyang Chu didn't care too much about her excuse and cut to the chase. "Junmo called me just now and said that he would participate in the World Medical Competition too. Remember to maintain contact with him when the time comes..."

Gong Jue was furious when he heard this.

Damn it! That brat Chu Junmo was really pervasive!

Even Fengyang Chu was helping that brat over the phone and lobbying Gu Qiqi to meet Chu Junmo in the World Medical Competition.

Gong Jue suddenly regretted it.

Damn it! Could he withdraw that order now?

He was simply stupid to let Gu Qiqi go to that competition. He took the initiative to make himself a cuckold.

Fengyang Chu continued, "... There are many experts in the World Medical Competition. It looks very glorious and you can indeed see the world. Your standard will definitely improve a lot with this trip. However, the inside story isn't simple. You're a young girl who doesn't know anything. It's not possible to not have someone to take care of you..."

Although Fengyang Chu's words were unpleasant, the concern in his words still touched Gu Qiqi. "Thank you, Master, for your concern and guidance!"

Fengyang Chu snorted coldly and arrogantly. "Who cares about you? I don't want you to embarrass me when something happens!"

Gu Qiqi couldn't help but laugh. "Okay, okay, I understand!"

"Wait, there's something else." Feng Yangchu paused and said.

Gu Qiqi said, "Master, go ahead."

"Since you won the school tournament this time, I'll fulfill my promise and take you to see the Medicine Manual."

“Really? Master! You’re too good!” Gu Qiqi’s tone became excited.

She had worked hard for so long to nurture a team to participate in the school tournament. Her greatest motivation was to win the championship and see the Medicine Manual to treat her younger brother, Xiaobei!

Ignoring Gong Jue’s desire to smash her phone, she asked in a low voice, “Master, can we go and take a look now?”

Fengyang Chu said, “Not now. Tomorrow at the earliest. If you have time...”

“I do! Tomorrow!” Gu Qiqi agreed without hesitation.

Gong Jue’s face turned green. He still wanted to occupy her for the entire day tomorrow! Stupid woman, you agreed to someone else just like that!

Gu Qiqi and Feng Yangchu agreed to meet in school early in the morning.

When she put down the phone, she met Gong Jue’s unhappy face.

Her heart skipped a beat.

Oh no. She was so excited just now to see the Medicine Manual that she forgot that Gong Jue had finally returned from a mission. Furthermore, he might only stay for a day or two.

If she went to read the Medicine Manual, wouldn’t that leave Gong Jue alone?

Gu Qiqi pursed her lips guiltily and put on an uneasy smile. “That... I study very quickly and have a photographic memory. I guarantee that I’ll finish reading it quickly and go home! Can I? Can I?”

That misty and expectant gaze made it impossible for Gong Jue to reject her at all.

The man took a deep breath and resigned himself to fate. “Okay.”

Gu Qiqi cheered lightly and suggested, “Then, let’s go home to eat now, okay?”

Gong Jue replied. “Okay.”

Chapter 872 Eating A Dinner Made Her Heart Race!

Gong Jue calculated in his heart. If she could compensate him with the delicious food that this stupid woman personally cooked and then eat her after dinner... Hmm...

The charming and gentle scene that surfaced in Gong Jue’s mind finally made him feel a little better.

Unexpectedly...

As soon as they reached home, Xiaobei welcomed them happily. “Sister, Brother-in-law! You’re back! I heard Brother-in-law’s voice on the television! You haven’t eaten yet, right? I’ve already prepared dinner for you!”

Gu Qiqi scratched Xiaobei’s nose in relief. “Not bad. You’re becoming more and more capable!”

Then, she turned to Gong Jue. "Xiaobei's culinary skills are getting more and more awesome, especially his spicy beef. It's so strong. Let's try it together, okay?"

Gong Jue forced a smile.

He, who was initially filled with anticipation for his wife's cooking, had actually unexpectedly changed to his brother-in-law's cooking. That was fine.

Why was it spicy beef? This was clearly the dish he used to punish Bei Mingtian and the rest!

I only want to be smug now!

Xiaobei couldn't see Gong Jue's expression and went to serve the food happily. He even personally scooped food for his older sister and brother-in-law.

It was difficult for a blind person like him to do so much. No matter how much misery Gong Jue had in his heart, he couldn't vent it out at this moment.

On the contrary, he felt a little sorry for Xiaobei.

He took the initiative to pick up a piece of beef for Xiaobei. "The food is not bad. You're growing. Eat more."

"Okay, thank you, Brother-in-law!"

Gu Qiqi looked at Gong Jue in astonishment!

Honestly speaking, she had attended so many banquets with him and eaten so many meals. She had never seen him take the initiative to scoop food for others!

Of course, other than giving her food.

Even Old Master Gong, General Gong, and the boy did not have this special treatment.

Now, Gong Jue was actually capable of holding back his temper and picking up food for Xiaobei. Although it seemed to be a simple and homely action, only she understood how unusual this was for Gong Jue.

A trace of warmth flashed across her heart.

Gu Qiqi also picked up a piece of beef for Gong Jue.

In the end...

Before Gu Qiqi could place the beef in Gong Jue's bowl, a certain man's long and slender fingers had already gripped her wrist. He turned her chopsticks and sent the meat into his mouth.

"Yes, it tastes good!" After Gong Jue finished eating, he licked his lips meaningfully. The tip of his tongue brushed past Gu Qiqi's chopsticks. It was as evil as it could be!

Gu Qiqi was dumbfounded.

In the very next second, she reacted and couldn't help but close her legs!

This stupid man was deliberately eating the saliva on her chopsticks!

Damn!

Her small face flushed red. Fortunately, Xiaobei couldn't see. Otherwise, it would be really embarrassing.

Her heart beat rapidly during the meal.

After cleaning the dishes with great difficulty, Gu Qiqi pulled Xiaobei to the sofa to discuss his illness.

She asked him about his recent physical condition and his reaction to taking the medicine in detail. She recorded everything and prepared to use it when she flipped through the Medicine Manual tomorrow.

The two of them chatted until midnight.

At first, Gong Jue was still sitting next to Gu Qiqi. His big palm rested on her thigh and rubbed it from time to time.

After Gu Qiqi and Xiaobei finished chatting, she turned around and saw that a certain man was already supporting his head with one hand and closing his eyes.

"Sister, did I disturb you?" Xiaobei felt a little guilty.

"No. He's just too tired!" Gu Qiqi looked at the man's sleeping face and a trace of heartache surged in her heart.

Gong Jue was overseas. He shouldn't have slept much, right? On the way back, it was a long flight and he didn't lose his jet lag either. Then, he went straight to school to support her.

Even people made of steel would be tired.

Chapter 873 Getting More Cute When Waking Up

Afraid that moving would wake him up, Gu Qiqi simply helped Gong Jue lie on the sofa lightly and covered him with a blanket.

She gestured for Xiaobei to return to his room to sleep while she lay on the sofa opposite him.

Gong Jue knew that she liked to nestle on the sofa and read books, so he personally selected the sofa for her.

It was moderate in hardness and softness. It was very comfortable to lie down and sink slightly

Lying on the sofa that the man had personally selected and looking at the man sleeping soundly like a big child opposite her, Gu Qiqi suddenly felt that time had slowed down.

It was like a little wife resting on the sofa with a drunk husband. There was a different kind of warmth.

Everything seemed to be developing in an abnormally smooth and beautiful direction.

She stretched out her fair fingers and pursed them lightly on her lips. She stretched them out and traced the shape of Gong Jue's lips...

It was as if they were kissing through the air.

The more she played, the more addicted she became.

Unexpectedly, Gong Jue suddenly grabbed her arm and pulled her over!

Gu Qiqi's heart skipped a beat!

Damn it. Had she been discovered?

However, Gong Jue only hugged her before he started to snore lightly.

Gu Qiqi laughed. It turned out that this stupid man was also so possessive in his dreams!

She found a comfortable position and nestled in his arms peacefully. Her cheek pressed against the stubble on his chin. As he breathed heavily, she closed her eyelashes...

==

Gong Jue, who had been up late for a few days, finally slept for a long time.

In fact, he even had a beautiful dream for the first time.

In his dream, the island wedding that he had prepared invited countless esteemed guests. Under the envious eyes of everyone, he and Gu Qiqi walked onto the red carpet hand in hand.

When the priest said, "Are you willing?" He said, "I'm willing!" He couldn't wait to remove her veil!

His woman could finally appear in front of the world with him righteously and announce that they were one!

The surrounding fireworks rang out. Countless fresh flowers fell like rain and the cheers were thunderous...

He lifted her veil.

Gu Qiqi was like a crystal statue that turned to ashes in an instant!

"Jue, you know too little about me... You still don't know..." The soft murmur disappeared in the next second.

Gong Jue's heart shrank.

The immense pain engulfed him like a tide. He ran wildly and desperately tried to catch that bit of crystal powder that had yet to turn into smoke, with his hands in the air.

"Qiqi! Stupid woman! Don't go! I won't allow you to go! Come back!"

He shouted.

"I'm here. I haven't left yet. Gong Jue, wake up?" A clear and gentle voice shook Gong Jue awake.

Gong Jue opened his eyes and stared at Gu Qiqi.

After a long time, he recovered from his dream.

Her fair face, big black grape-like eyes, bright eyes, white teeth, light smile with dimples... Gong Jue suddenly pulled her into his arms!

“You’re not allowed to leave!”

“I... I haven’t left yet. The agreed time with Director Feng hasn’t arrived yet. I’ll leave after eating breakfast.” Gu Qiqi comforted him good-naturedly.

This man’s cuteness when he woke up was getting stronger.

She was actually so clingy!

However, this feeling of being needed was actually quite good.

Gong Jue sobered up for a moment. “You... Crystal...”

In his dream, Gu Qiqi turned into crystal and disappeared like smoke. Just thinking about it made his heart ache to death.

Gu Qiqi smiled. “You still know what you did?”

Her slender and fair hand pointed to the coffee table. “Here.”

Gong Jue followed her finger and looked over. He saw a crystal ashtray broken and crystal powder scattered on the ground...

Chapter 874 A Special Date

“I don’t know what dream you had. I came to wake you up, but you actually flailed around. Your legs are too long, right? You even hooked onto the coffee table and broke the crystal...”

Gu Qiqi spoke in detail. Her exquisite and fair face was so gentle and beautiful.

Gong Jue’s Adam’s apple tightened.

Yes, it was just a dream.

He scooped the little woman into his arms. “You’re never allowed to leave me!”

After speaking, a lingering kiss suddenly pressed down!

However, the very next second, Xiaobei’s footsteps sounded. “Sister, Brother-in-law, I’ve prepared breakfast for you!”

Gong Jue stood up abruptly and felt that his desire was about to be shattered.

Only heaven knew that having a brother-in-law who was too good at housework might not be a happy thing!

After breakfast,

Gu Qiqi went to school for the appointment.

Gong Jue was thinking about how to arrange their date when Gu Qiqi returned in the afternoon, when a call from the Gong family’s old residence came.

“Little brat, you didn’t even return home once! You only know how to fool around outside all day long! Have you gone crazy from lust after having a demoness? You actually gave your mother’s famous painting to the little demon as a betrothal gift. Who agreed to this? Do you know that the demoness cheated on you outside and...” Gong Qing’s angry roar traveled from the receiver.

Gong Jue stretched out his long and slender arm and withdrew the phone half a meter away.

After waiting for more than ten seconds and guessing that Gong Qing was done cursing, he replied lazily, “The person who dares to make me a cuckold hasn’t been born yet! Tell me the truth. Don’t talk nonsense.”

Gong Qing choked.

He scolded this arrogant brat ten thousand times in his heart.

“Hurry up and come home!” He could only get to the point. “I’m busy! I’m not free!” Gong Jue was also concise.

**S**

Gong Qing was speechless. For the first time, he deeply felt that Gong Jue was definitely not his biological son. When he had the time to award the little demoness, he didn’t even have the time to go home to see him.

Left with no choice, he could only reveal the reason for his visit. “Do you think that I want to see you? Hmph! Your son has a gathering in the kindergarten and he wants his parents to attend. He clearly forbade his grandparents from coming! Otherwise, I can’t be bothered to call you, you brat!”

The little son’s kindergarten gathering?

Gong Jue raised his eyebrows. “Didn’t he stop attending kindergarten long ago?”

Gong Qing’s roar traveled over the phone. “Little brat, are you concerned about your son? He dropped out of school halfway through and said that kindergarten is too childish. But the problem is that all the students have been promoted to middle school. He’s the only one at home who’s still idle and is still in kindergarten. This isn’t very healthy to begin with! Now, the teacher called and said that the middle school class is holding a full gathering. It’s rare for him to have a chance to come into contact with children his age. As a father, shouldn’t you quickly bring him along? Do you want your son to leave society?”

Gong Qing told him fiercely.

Gong Jue frowned.

The little son was different from other children. Perhaps because he was a test tube baby, they had carefully selected the best eggs and combined them with Gong Jue’s sperm. He had been excessively smart since he was young. At the same time, it was indeed difficult for him to communicate with his peers.

It wasn’t a problem to let him bring the boy out.

The problem now was why was Gong Qing so proactive in persuading him to go out?

According to Gong Qing's character, he was the type to dote on his grandson. He never felt that the little boy was different from others. There was nothing unhealthy about him.

Back when the little son withdrew from school, Gong Qing was more supportive than anyone else.

What did he say? That's right. His grandson was a genius. A genius couldn't be associated with fools.

But now, he was here to scold Gong Jue for delaying his son's contact with ordinary idiots? For him to leave this stupid society?

Don't joke around!

Why did he keep feeling that this was Gong Qing's scheme?

Could it be that he was using some so-called gathering to make him go on a blind date?

Chapter 875 The Little Fairy Revealed Her True Form!

There had been such a precedent before. Gong Jue was tricked into that kind of blind date occasion. The atmosphere was extremely awkward.

A group of hateful women wanted to go forward but didn't dare to. Just looking at them made him want to vomit.

Every time he went, he would leave with a cold expression on his face.

It had been a long time since the old man had organized such an awkward blind date banquet. Could it be that he had been stirring up trouble recently?

It seemed that the island wedding had to be held faster and the proposal had to be accelerated.

He had to get the certificate so that he could shut the old man's mouth completely!

Gong Jue's tone turned cold. "When is the kindergarten gathering?"

Gong Qing replied, "This afternoon!"

"I'll fetch him now. You don't have to worry anymore!" After speaking, Gong Jue prepared to hang up the call.

However, Gong Qing stopped him unexpectedly. "Tsk, you're so rude! I'm not done talking to you yet! Remember to bring that little demoness along when you go to the kindergarten!"

Gong Jue, who was about to hang up the call, felt his hand tremble.

What?

Did he hear wrongly?

If Gong Qing was going to prepare the blind date banquet, why would he take the initiative to ask him to bring Gu Qiqi along?

For the first time in his life, Gong Jue felt that he couldn't understand this straightforward old father of his.

Gong Jue's gaze was deep as he agreed.

Gong Qing seemed to be a little uncomfortable and had to explain. "It's just that the kindergarten notified that his parents had to be present and we couldn't find anyone at the last minute. That little vixen benefits from it. Hmph!"

At the Gong Residence,

Songsong was also suspicious. "Hubby, haven't you been stopping them from dating? Are you trying to matchmake them today..."

Gong Qing pursed his lips arrogantly. "Who is playing matchmaker? This is my test!"

"Test? How?"

"Hmph! No matter how good a woman she is at pretending, she will definitely expose herself when she takes care of a child! Our little boy is such a naughty child and knows how to cause trouble. In a place like the kindergarten... he will definitely be able to let that little demon reveal her true colors! When the time comes, let that brat Gong Jue see what kind of little demon he has chosen!"

Songsong was speechless.

The little boy, on the other hand, gathered his attention and raised his hand in praise, "Okay, grandfather! I definitely won't fail you."

He was best at causing trouble in kindergarten. When the time came, the female vixen probably wouldn't be able to maintain that gentle and pleasant look in front of his father, right?

Then, his father would see clearly that she couldn't be his stepmother!

Gu Qiqi still didn't know that a special "date" was waiting for her.

She came to the director's office early in the morning to find Feng Yangchu.

She initially thought that Feng Yangchu would take out an ancient key and lead her into some secret library to study that Medicine Manual.

Who would have thought?

Fengyang Chu brought her out with empty hands.

"Master, where are we going?" "To see the Medicine Manual."

"Oh... But Master, why are you walking towards the dense forest?"

"Cut the crap. Just follow me."

"Okay..."

The two of them passed through the primitive and dense forest at the edge of the school. They passed by the lake where Gu Qiqi and the S Nation killer competed in wits and courage back then and walked deeper into the dense forest.

Gu Qiqi realized that Feng Yangchu was quite familiar with this dense forest!

After walking around, they actually walked on a path that she and Qiu Qiu didn't come across previously.

The verdant grass looked as if no one had stepped foot on it before. It was quiet and beautiful.

The dew on the treetops dripped onto her forehead in a sparkling manner. The aura was extremely fresh.

After walking for a long time, Fengyang Chu finally stopped in his tracks.

"Master, is the Medicine Manual buried here?" Gu Qiqi was a little uncertain.

Fengyang Chu squinted his old eyes and pointed ahead. "That's the Medicine Manual."

Gu Qiqi's gaze followed his old finger and she was stunned.

The ancient book, Medicine Manual, that she wanted to study was actually...

Chapter 876 A Strange Sky Book

Gu Qiqi stared at an azure boulder in front of her.

It was as tall as two of her and was as big as a small living room.

The four sides were smooth. Not a trace of moss grew on them. It looked out of place in the surrounding environment.

"This is... the Medicine Manual?" Gu Qiqi couldn't believe what she was seeing.

Fengyang Chu nodded.

Gu Qiqi still couldn't return to her senses. "Didn't you say that... it's an ancient book? Even if it's not paper, it should be bamboo slips."

"Hmph! That's their wild guess! Those ignorant fellows have no chance to see it at all. What can they know?" Feng Yangchu said, "This Medicine Manual was handed down by Hua Tuo's master's master. It's a treasure that even Hua Tuo didn't understand. It's ancient and precious!"

"But... Didn't you say that anyone who got first place in the school tournament would be fated to see it?"

"Hmph! That's because no one from the pharmaceutical school will ever get first place!"

Gu Qiqi was speechless. She held her forehead speechlessly. She finally understood something. Feng Yangchu hadn't planned on giving students a chance to come into contact with this huge rock for more than ten years previously.

However, when she thought of the awesome background of this stone, Gu Qiqi had to admit that she had taken advantage of it.

A small school tournament champion was lucky enough to see the mysterious pharmaceutical book that had been handed down for millions of years...

She had benefited greatly!

“Master, what do you think of this medicine book?” Gu Qiqi asked modestly.

Who would have thought?

Feng Yangchu squinted distantly. “I don’t know either.

Gu Qiqi was speechless.

She felt as if she had been following a lousy master!

He said that he would show her the precious ancient book, but in the end, he showed her a big stone.

She asked him how to learn it, but her master didn’t know either!

Feng Yangchu scratched his head in frustration. “If I knew how to read it, I would have copied the content long ago. Why would I go through so much trouble to bring you here? Ordinary people definitely can’t enter this place and I definitely can’t let outsiders know and steal the treasure!”

Gu Qiqi was speechless.

Master, this broken stone is so big. Even if others want to steal it, they won’t be able to. Don’t worry... Alright, her master was unreliable.

She could only rely on herself.

She walked around the big stone and carefully looked at the patterns on the stone.

Unfortunately, the surface was very smooth. The patterns were all natural dark patterns. There were no traces of artificial carvings at all.

She gently closed her eyelashes and activated her appraisal skill to feel the inside of the stone with her heart.

In the end, even with her valiant superpower, she could only sense the texture and age of this stone. It was indeed an ancient stone that was more than ten thousand years old and was also a Qing Dai stone.

Qing Dai was the ancient royal family’s favorite stone type.

As its color was like the sky, the past emperors liked to use it to decorate the most important buildings. For example, the sky altar in the Imperial Capital was decorated with Qing Dai, while the earth altar could only be decorated with yellow jade, the sun altar used corals, and the moon altar used white jade.

It wasn’t even as precious as the Qing Dai from the Temple of Heaven.

**en.**

It was already somewhat unusual for such a precious big piece of Qing Dai to appear in a dense forest where no one was.

Then, how exactly did the ancients use this Qing Dai to record that Heavenly Book Medicine Manual?

Gu Qiqi even let the little dirty turtle climb to the top of this piece of greenery to check.

The little dirty turtle returned to report but still found nothing.

There were no words carved on it. There wasn't even a trace of a scratch!

Feng Yangchu had definitely dug a big pit for her. Gu Qiqi belatedly turned around and looked at this arrogant old man. "So, you hope that I can help you study it well and figure out how to crack this stone heavenly book open before using it as a reward for the school tournament, right?"

Feng Yangchu's eyes flickered and he pouted. "Hmph, that's not true! It's fine if you're unwilling to study it. There are plenty of people who will fight over it!"

Gu Qiqi was about to answer him when Gong Jue's call came.

Chapter 877 Can A Man Talk About Justice With A Woman?

Gu Qiqi picked up the call. She thought that Gong Jue was impatient and was going to urge her to return. She didn't expect Gong Jue to inform her to participate in the activity. "Accompany me to the kindergarten in the afternoon to attend Gong Ting's class gathering."

Gu Qiqi was stunned for a moment before she realized that Gong Ting was the little boy.

Tsk. What a brat. There was actually a class gathering!

Alright, it had been a few days since she last saw the boy. She actually missed him a little. So be it.

"Do you need me to prepare anything?" Gu Qiqi asked.

"There's no need. It's fine as long as you're here."

"Okay, I'll be done soon."

Gu Qiqi hung up the call and said to Feng Yangchu, who was eavesdropping on the gossip, "Master, I have a date. I'll make a move first!"

The corners of Fengyang Chu's lips twitched a few times. "Hey, shouldn't you be studying the Medicine Manual properly here today? Why are young people so impatient?!"

Gu Qiqi held back her smile. "Yes, yes. Anyway, Master, you said just now that there are many people fighting to come and study it. It's not a lot if I'm not here. Then, Master, bye bye ~"

Fengyang Chu was so angry that his beard curled up. Stupid girl, couldn't you tell that he was angry just now? Was she deliberately provoking him?

If other people had talent and trust, he wouldn't have waited bitterly for more than ten years before finally locking onto her and letting them study this Heavenly Book together.

There were many people who wanted to come, but he couldn't trust them!

That b\*tch actually let him down so easily just because she received a call from that b\*stard.

If he knew which smelly man was disturbing his disciple's studies, he would definitely curse that man to death!

Gong Jue, who was sitting at home, inexplicably sneezed loudly!

Gu Qiqi smiled and returned the way she came.

What Fengyang Chu didn't know was that Gu Qiqi had long taken a photo of that huge stone

-Qing Dai—from 360 degrees without any blind spots. She was prepared to return home and slowly study it.

Of course, she had to study it. This concerned Xiaobei's eyes and whether he could see the light again!

However, this Qing Dai's background was too mysterious. She had to check the ancient books carefully.

After exiting the dense forest, Gu Qiqi wasn't in a hurry to meet Gong Jue at the Gong Residence.

Instead, she returned to the Mo Garden first.

After fiddling around in the Mo Garden for a few hours and hurriedly eating a few mouthfuls of lunch, she carried her big and small bags and rushed straight to the kindergarten that Gong Jue mentioned.

At the entrance of the kindergarten, the boy was wearing an exquisite blue suit that accentuated Gong Jue's dark blue suit. It was obvious that they were wearing a father-son outfit.

-Son

The two of them stood at the door. Even their expressions were identical and cold. They were also wearing identical sunglasses. One was big and the other was small. They simply looked like replicas of cold and arrogant male idols.

They attracted the attention of passers-by.

The boy curled his lips and said, "Daddy, look. I wasn't wrong, right? She's not interested in my gathering at all. She doesn't want to come at all. She doesn't keep her word. It's almost time. We're going to be late!"

Gong Jue glanced at his wristwatch and said expressionlessly, "There are still three minutes."

"But Daddy, didn't you tell me previously that no matter what meeting, the participant has to arrive five minutes early to respect the other party?"

"She's an exception. I can wait for her."

The boy was so aggrieved that he nearly cried, "Then why didn't you wait for me last time? You didn't let me get into the car when I was late. This isn't fair..."

"Because you're a man. Do you have the cheek to talk about fairness with a woman?"

The boy pouted and fell silent.

Daddy's words made sense. He actually couldn't refute them!

Chapter 878 Modifying the Boy and the Father!

Just as the boy was feeling aggrieved and was rendered speechless by Gong Jue...

Screech!

A taxi flew towards Gong Jue and his son and braked urgently.

Once the car door opened, Gu Qiqi carried big and small bags and stuffed one for each of Gong Jue and the boy. "Hurry, hurry, hurry. Where's the washroom?!"

Gong Jue looked at Gu Qiqi deeply and raised his eyebrows. Without a word, he led the way. "Follow me."

The boy picked up Gu Qiqi's small white backpack aggrievedly. He felt that it was very feminine, but he was also embarrassed to not carry it. After all, Uncle Bai Lang had once said that boys were born to carry bags for girls!

If he didn't help the girls carry their bags, he would be even more of a sissy!

In the kindergarten washroom, the boy and Gong Jue were dumbfounded as they held the clothes that Gu Qiqi had prepared for them.

Gong Jue's Adam's apple bobbed. "Can I choose not to wear it?"

Gu Qiqi shouted exaggeratedly, "What? You're not wearing it? Then, are you going to appear naked? If you're so confident in yourself, that's fine too."

Gong Jue's face darkened and the veins on his forehead throbbed. "Watch your actions in front of children!"

He was confident in his gun. The problem was that he could only show it to his woman!

Hmph! I'll let her see enough tonight!

The boy also picked up his own clothes and said with disdain, "I don't want to wear such childish clothes!"

The so-called childish clothes was a cherry blossom pink hoodie. There was also a line of light blue words printed on it— "My Daddy is adorable."

Gong Jue looked at the big cherry pink hoodie in his hand and looked at the words "My wife is so handsome!" His face darkened!

He had never worn something as casual as a hoodie in his life!

Let alone wear these silly declarations.

Seeing that the two of them were rejecting the clothes that she had prepared, Gu Qiqi squinted. Hmph! Do you think that I can't do anything to you arrogant men?

Gu Qiqi said leisurely, "Yes. The parents who attend the class gathering wear casual clothes. If you wear a suit to attend it, you will enjoy the attention the entire time and be treated like a monster. It doesn't matter if that's what you like."

The boy was fine. Anyway, he did not care what the other children thought of him.

Gong Jue hesitated.

He could ignore others treating him as a monster, but he didn't want others to treat his son as a monster.

This child had no mother since he was young. Actually, he was very sensitive.

Sometimes, he pretended not to care on the surface, but if he was really looked at by everyone as a monster, perhaps his heart would still be injured.

After thinking for a while, Gong Jue said, "Okay. Let's change then."

The boy's grape-like eyes widened.

What?

Daddy was so lacking in principles?

In just a few seconds, he had surrendered to the vixen.

No! He wasn't going to give in so easily.

He walked the path of a cold and handsome boy. He didn't want to be a weak second male lead who was fooling around in a hoodie!

Gu Qiqi squinted again.

Oh, the little guy was quite stubborn. He was exactly the same as his grandfather.

This little sapling had gone crooked again after not being by her side for a day. She had to straighten him out!

"Yes. It's fine if you don't want to wear a hoodie. Then, wear a sports outfit. I heard that a set of uniforms was issued when you were in kindergarten. Many parents came here wearing this too." She looked like she was giving in.

Chapter 879 Watching a Boy Change

But who knew that the little boy would explode when he heard the words "class uniform"?

"No, that shirt is the ugliest in the world!"

He had yet to forget his nightmare of starting kindergarten class. That earthy green school uniform was simply like a cluster of caterpillars.

He didn't want to eat anything for the entire day.

Who exactly designed the uniform? Did they ask him how he felt?

Gu Qiqi nodded in understanding and suggested straightforwardly, "Yes, yes. Then, let's not go for the gathering. Let's go home."

The boy quickly said, "No! We have to go!"

He said that he was going to test the vixen.

How could he give up halfway?

Gu Qiqi deliberately curled her lips. "You're not wearing this or that. If you wear a suit to participate in the school's activities, you're simply causing trouble for others. You might as well not go!"

She had long seen through the little boy's determination to win this gathering from his expression.

Otherwise, she wouldn't have used this trump card of provocation. If she didn't use it well, wouldn't it be embarrassing if the boy directly said that he wasn't going?

Haha, he must have been tricked, little scoundrel.

The little boy hesitated for two seconds with difficulty before he finally nodded his head solemnly, "Alright then..."

Compared to wearing the caterpillar uniform, the cherry blossom pink hoodie that Gu Qiqi brought didn't seem to be that unacceptable anymore.

He pouted and picked up the small hoodie aggrievedly, gesturing with it. Gu Qiqi suddenly felt a little guilty. Oh, it seemed immoral to deceive a child... Please believe her. This was the first time in her life that she had done this!

Gong Jue had been watching silently from the sidelines and indulging Gu Qiqi in disciplining the boy.

For some reason, when he saw Gu Qiqi coaxing the little guy, not only was he not angry, but he also felt a very familiar warm feeling of a family of three.

It seemed that Gu Qiqi was originally the little boy's mother. It was only right for her to discipline her own child.

This thought struck his hard heart and made his heart soften.

It turned out that having a child and a woman in a family felt so good... He seemed to have lived for nothing for the past 28 years.

Only when this woman appeared did his boring and cold life light up.

In an instant, his nose actually stung.

If not for the boy's words interrupting his thoughts, he would still be standing there in a daze.

"Hey, vixen. Get out. You're not allowed to peek at the boy changing his clothes."

"I'm not peeking! I'm guiding you! Let me tell you, if you want to look more handsome, you have to wear a hoodie inside and a small suit outside. Then, don't button it up. You can wear it so casually and handsomely. This is called being fashionable without using any energy!"

“Hmph! What fashion? You’re talking nonsense, right?”

“That’s how all fashion experts dress. If you don’t believe me, look at the fashion magazines!”

“I’m not going to look at such vulgar things!”

“So you’re not fashionable at all. Sigh, it’s so boring to be like an old man like your grandfather all day long.”

“You! I’m not an old man!”

“Then, put on this pink hoodie well and prove yourself.”

“I!”

Every time they bickered, the little boy would go crazy. Gu Qiqi would secretly laugh wickedly. There was no one else.

After Gu Qiqi guided the two of them on how to wear their hoodies and suits, she slipped out and waited for them to change their clothes.

After all, it was the men’s washroom. It was really a little awkward facing that entire row of toiletries.

Three minutes later.

When the two men—one big and one small—had completely changed and walked out of the washroom...

Gu Qiqi’s eyes lit up!

Chapter 880 The Charming Vixen

Two men, who seemed to have been carefully carved by the hands of a god, stood side by side in front of Gu Qiqi.

The boy was dressed in pink that made the baby fat on his face look especially adorable. Let’s not talk about how Gong Jue had always dressed in a cold military uniform or a black suit. At this moment, his dark blue suit jacket matched the young and energetic cherry blossom pink hoodie inside. The dark blue and light pink were simply a perfect match. It was more romantic and alluring than the light blue.

Gu Qiqi had never seen such a romantic Gong Jue before.

She couldn’t help but sigh secretly in her heart. A man was really a clothes rack. He was born with a good figure and a good temperament. He really brought a charming aura with him no matter what he wore!

“Doesn’t it look good?” Gong Jue looked at Gu Qiqi standing there in a daze for a long time and asked her nervously.

Gu Qiqi took a deep breath and said, “It’s so beautiful that it’s almost...”

How did that shameless sentence go?

It was so beautiful that she couldn’t close her legs!

Wuwuwu, she wouldn't say such unscrupulous words.

She was an upright and innocent girl. "Yes, it's so beautiful that I want to faint."

Gong Jue's Adam's apple tightened. Damn it! I want to drag you into the men's washroom now!

The boy looked up innocently. "What do you mean by faint? Do you want to have a fight with me?"

Gong Jue answered his son's question meaningfully. "Yes. I want to do it."

Gu Qiqi glared at Gong Jue in anger.

Don't lead a child astray, okay?!

The two men—one big and one small—actually had such a good effect under her guidance. Gu Qiqi felt a great sense of accomplishment.

**eS**

She couldn't drag them down either.

As she spoke, she took off the ribbon at her waist and her long silk trench coat.

In an instant, the combination inside was revealed.

The two of them were stunned.

Gu Qiqi was also wearing a cherry pink hoodie and a blue suit. It made her already handsome face look even more valiant!

However, her lower half had been changed into a blue knitted skirt. It was soft and elegant.

She was half handsome and half elegant.

It was simply beautiful.

Even the usually picky boy secretly admired her. He couldn't say that he didn't like her.

Wuwuwu, the vixen was so charming. When they reached the kindergarten gathering later, should he admit that she was his stepmother?

As she was thinking about this, Gu Qiqi had already begun to choose her words. "When we reach class later, you can call me Qiqi directly. This way, when someone asks, you can say that our family is more democratic. We can call each other by our names directly. You can also call your father Gong Jue."

The boy agreed readily this time.

He secretly breathed a sigh of relief.

If he had to call Gu Qiqi stepmother in public, he really couldn't say it out loud.

This method was good.

Gong Jue was still immersed in Gu Qiqi's handsome and beautiful appearance. He only returned to his senses after a while. "Okay. Let's go."

“Wait!” Gu Qiqi stopped them. “There’s also this. It’s a must-have magical weapon for a kindergarten gathering. Take it!”

As she spoke, she handed each of them an exquisite box...

The two of them were stunned.

They didn’t say they needed to bring anything for the kindergarten gathering.

The boy sniffed the air with his adorable little nose, “Is this... sushi roll? There’s flaming sushi and avocado sushi inside!”

Gu Qiqi rubbed his hair. “Not bad! Your nose is so sensitive!”

The boy curled his lips in disdain, “This is a divine tool? I thought it was something rare.”
