

Dear Chief 891

Chapter 891 The Arrogant Mommy of Gong Ting!

If the boy was pushed onto that sharp stone by Mu Xiaohai, his buttocks would probably be pierced through!

He exclaimed and the little robot in his hand was accidentally snatched away by Mu Xiaohai.

His entire body leaned back and was about to be pierced through by the stone.

Suddenly!

A fragrant breeze suddenly arrived!

Her gentle and powerful arm supported his small arm.

In the very next second, he fell into a warm and fragrant embrace!

“Gu Qiqi!” Although the boy called her name, his tone was filled with pleasant surprise.

At this moment, the vixen that he usually hated was actually like a handsome big sister descending from the sky to save his little butt.

Gu Qiqi put him down and examined his entire body carefully. Seeing that his wrist was a little bruised, she immediately frowned. “Did he pinch you? Does it hurt? Where else did he hit you?”

That undisguised concern and unconcealable worry made even the usually picky boy’s nose sting

He pursed his lips and shook his head. “I’m fine...”

Fighting with others, especially losing to others, was always not a glorious thing for a little man.

Thus, the boy refused to say anything.

Gu Qiqi refused to let go of the guy who bullied him. She turned to Mu Xiaohai and her eyes became colder. “You’re fine? If you’re fine, why is your little robot with him? Mu Xiaohai, return my son’s things to him!”

Her tone was especially stern!

Even the boy couldn’t help but take a few more looks at Gu Qiqi. He had really never seen the vixen so fierce.

That “my son” was even more shocking!

Mu Xiaohai was shocked.

But then, he hugged that little robot that he had snatched over tightly and refused to let go even if he died. “Hmph! It’s in my hands now! I took it because I think highly of you. You poor people, what do you dare to do?”

He had usually seen his mother’s arrogance and those words “poor people” sounded especially smooth.

Gu Qiqi squinted and her voice turned cold. “What would I dare to do... Of course... I’ll snatch it back!”

As she spoke, her slender and fair hand was as fast as lightning. In an instant, she snatched the little robot that Mu Xiaohai had hidden tightly in his arms!

Honestly speaking, although Mu Xiaohai was only five years old, he was especially fat and strong. Those who didn't know might think that he was already in primary school.

Usually, girls would have to use some effort to fight with him.

In addition, his parents were unreasonable people. Usually, in kindergarten, even the class teacher would give in to him and not dare to have a conflict with him.

But now, not only was Gu Qiqi facing him head-on, but she was also able to snatch the robot that he had just snatched away.

Mu Xiaohai was stunned for a moment and looked at Gu Qiqi in disbelief.

Then, he rushed towards Gu Qiqi like a small cannonball. "I'll beat you to death!"

Gu Qiqi initially did not want to bicker with a brat, but when she saw Mu Xiaohai attacking her like a lunatic, she knew that he would definitely hurt the boy.

She frowned and stretched out her hand to block him!

Although her slender arms looked weak, they contained strong martial strength.

Mu Xiaohai bumped into her like this and immediately bounced back. His entire small body was like a fat kite with a broken string. He fell backward abruptly and squatted down!

Of course, Gu Qiqi wasn't as evil as him. The direction she hit him towards didn't have any broken stones behind it.

Furthermore, Gu Qiqi had also controlled her strength a little. Otherwise, his bones would have long shattered and broken.

Thus, he only fell to the ground at this moment. Actually, he wasn't seriously injured.

But he cried harder than anyone. "The adult is bullying a child! Roar! The arrogant Gong Ting's mother hit a child!"

Chapter 892 Gong Ting Is My Biological Son

Gu Qiqi looked at Mu Xiaohai speechlessly.

Damn it! This little brat hit her little boy first and snatched her little boy's things. She hadn't dealt with him ruthlessly yet. She had only blocked his crazy attack once, but he was already howling like this?

What a shameless father and mother, and even a shameless son!

Gu Qiqi's face sank. "I'll bully whoever bullies my son. I don't care about your size! If your parents don't educate you, then don't blame society for educating you!"

Mu Xiaohai said, "I... I'll get my father to beat you to death!"

Gu Qiqi snorted coldly. "Sure. Let's see who dies in the end!"

That tone was so domineering!

The boy was stunned when he heard this.

He had always thought that Gu Qiqi was that kind of woman who was especially good at pretending

She pretended to be good to him in front of Gong Jue on purpose, but in fact, she didn't like him at all.

But at this moment, he was a little shaken.

Actually, Gu Qiqi could completely pretend that she didn't know that Mu Xiaohai was bullying him. She didn't have to interfere in his business. Anyway, Gong Jue wasn't around.

On the other hand, if she interfered in this matter and offended Mu Xiaohai's parents, there would be unclear trouble in the future.

Furthermore, if things went wrong, Gong Jue might criticize her for being too impulsive.

But she still rushed out to save him and helped him without hesitation.

In fact, she was completely on his side and didn't hesitate to "bully" a child and fight with a child.

She didn't care about her gentle, virtuous, and generous image at all. She simply exposed her savage nature without a trace of politeness!

How was this a vixen?

Wasn't this too honest?

The little boy blinked his big black grape-like eyes. He stared intently at Gu Qiqi, who was like two meters tall and had an explosive aura around her.

His heart sank inch by inch.

He said softly, "Gu Qiqi... Don't offend the other parents for me. Forget it."

When Mu Xiaohai heard the little boy say "forget it", he thought that the little boy had heard that his father would come to hit them and chickened out.

Immediately, he crawled up from the ground and became even more arrogant. "Gong Ting, let me tell you. If you hand over the robot obediently now, I'll let you off! Hmph, she isn't your biological mother, right?"

The boy was stunned.

Mu Xiaohai said smugly, "I knew that she was your stepmother! Who calls their biological mother by her name directly? Also, I've long heard that your mother is a test tube! You don't have a mother at all! You're a poor little b*stard without a biological mother. Why are you so arrogant?"

The boy's face darkened.

He was still insensible when he first entered kindergarten.

The teacher got everyone to introduce themselves and their parents.

After thinking for a long time, he said, "My mother is a test tube. There's nothing to introduce."

Back then, everyone laughed and thought that he was just joking.

Who would have thought that Mu Xiaohai would actually remember this matter so clearly!

Mu Xiaohai's ridicules made the boy gnash his teeth tightly. His small shoulders trembled.

His mother was a test tube. This was the greatest resentment and sadness in his heart.

At this moment, after being bullied by the most hated child, he really wanted to kill someone.

In the very next second, a gentle palm supported his trembling shoulders.

As Gu Qiqi comforted him, she bent down and whispered into his ear, "Don't be serious with such a brat. If you're serious, you'll lose!"

After speaking, she straightened her back and squinted her beautiful eyes dangerously. "Mu Xiaohai, my Gong Ting is my biological son. I'm his biological mother. Are you blind? Can't you tell that our big eyes are identical? If I hear such words in the future, I'll give you two a big slap!"

Chapter 893 Conquered By A Vixen

Mu Xiaohai was forced to take a few steps back by Gu Qiqi's cold aura.

This terrifying woman's arm hurt so much when she blocked him just now.

If she slapped him, his face would be swollen, right?

But he wasn't willing to admit defeat like this.

His small eyes rolled around and he came up with another plan. "You, what's the use of an adult hitting a child?! Otherwise, let Gong Ting compete with me. If he has the ability to slap me, I won't ask him for a robot anymore! If he doesn't have the ability, then don't blame me for snatching it. If you can help him block me today, can you block me for the rest of your life? Hmph, unless he never comes to kindergarten!"

Gu Qiqi thought for a while. What this brat said made sense.

Yes, she had to establish her dominance today.

Otherwise, if the boy returned to school one day, wouldn't he be bullied to death by this brat?

She couldn't possibly accompany him to study every day, right?

She said lightly, "The two of you want to compete? If my family's boy beats you until your face is swollen and you cry out, you'll say that we're bullying you again. This kind of fighting method is too socially unacceptable. We can't afford to offend you! We don't want to compete, let's go!"

She deliberately said this to agitate this arrogant Mu Xiaohai.

Indeed, Mu Xiaohai took the bait immediately. "You're not allowed to leave! Then, how do you think we should compete?"

Gu Qiqi's big eyes rolled around slyly. "Let our family's robot compare to your Transformer. The robot represents my boy. The Transformer represents you. Whoever wins will represent their master. Then, the loser's toy will belong to the winner! The loser has to bow to the winner three times and say sorry!"

Upon hearing this, Mu Xiaohai quickly calculated in his heart. His Transformer was imported. His father had spent tens of thousands of dollars to buy it for him. It was very expensive and could be remotely controlled

More importantly, it was especially big and heavy. It was half the height of a person./ please keep reading on MYBOXNOVEL(dot)COM.

son

It could flatten Gong Ting's mini robot with a single kick!

He would definitely win.

However, in order to obtain that exquisite mini robot, he had to let the Transformer control his strength well and not really crush

it...

How about this? It would step on the robot and not let go. It would humiliate them a few times!

Yes... Another few slaps would tilt the robot's head, haha!

Would Gong Ting and his fierce mother still dare to be arrogant?

He immediately agreed. "Okay!"

Gu Qiqi leaned over to seek the boy's opinion. "Baby, what do you think? Do you want to compete?"

The boy was still in a daze from the shock just now.

Faced with such a rude and unreasonable classmate like Mu Xiaohai, Gu Qiqi was actually so unyielding and violent. She actually said directly that she would slap him if he spoke nonsense again!

How... handsome!

What shocked him even more was that Gu Qiqi actually admitted directly that he was her son!

Her biological son!

Just so that his classmates wouldn't laugh at his mother for being a test tube anymore!

He was touched. Strands of emotions gathered into a surging tide that almost drowned the boy.

Wuwuwu, at this rate, he was about to be conquered by the vixen.

Gu Qiqi's gentle voice could be heard.

He nodded in a daze, not knowing what he had agreed to.

When he came back to his senses, he realized that Gu Qiqi had gave him a mini robot and whispered, "Brother Yun knows how to listen to voice commands. You just have to be agile and instruct him to do things. All the best! You will definitely be able to kill that Transformer! From now on, you will be invincible in the middle class!"

The boy nodded with mixed emotions.

Not only was Gu Qiqi standing up for him, but she had also prepared a cheating device for him!

This... was something that only his biological mother would do, right?

What happened to her seductive and hateful vixen image?!

Chapter 894 This Wave Of Powerful Slaps Was Not Over

Brother Yun!

Gu Qiqi actually brought Uncle Xiaobei's Brother Yun over and even lent it to him!

The boy's heart was filled with complicated emotions. He placed Brother Yun on the ground and faced Mu Xiaohai's huge Transformer head-on.

Mu Xiaohai dug out the remote control and struck first. Relying on the size of the Transformer and its fast speed, he suddenly made the Transformer raise one leg and step on the little boy's robot, Brother Yun!

Seeing that the little Brother Yun wasn't a match for that Transformer at all, the Transformer's big feet were about to crush Brother Yun flat.

Suddenly, the boy ordered. "Brother Yun, kill it!"

Brother Yun replied with two syllables.

Mu Xiaohai was stunned. "Your robot can talk? What did he say? Did he admit defeat?"

His gaze immediately became more fervent and determined.

Even that overweight body swayed left and right as if Gong Ting was bound to lose.

But in the next second...

The situation suddenly turned around!

Brother Yun's thin mechanical arm wasn't as thick as a thumb. He gently raised it-

Boom!

There was a loud sound. Before the Transformer's feet could touch Brother Yun's head, he fell back clumsily.

Mu Xiaohai was so frightened that he threw away the remote control and ran like a rat. His head was nearly broken by the Transformer.

Even the boy did not expect Brother Yun to be so powerful.

Victory in one move!

Mu Xiaohai escaped a few meters away and saw Brother Yun standing on the spot without any further actions.

Feeling indignant, he returned and carefully picked up the remote control.

He quickly pressed it a few times. "Get up and hit it! Step on it ruthlessly!"

Mu Xiaohai was ruthless.

He didn't care if Brother Yun would be trampled to pieces. He used all his strength to press the remote control with his small fingers. Every button was pressed to the end so that the Transformer could unleash rapid attacks.

The Transformer lay on the ground motionless.

He checked it angrily.

Only then did he realize that the soles of its feet where the Transformer had tried to step on the robot previously had actually been pierced!

A big hole was pierced through by Brother Yun's inconspicuous thumb-sized arm.

What was more terrifying was that...

Slowly, spider web-like cracks appeared on the metal body of the Transformer.

Boom!

Another loud sound.

The half-person height Transformer actually shattered into powder in an instant!

It was simply like the shocking scene in a movie.

How terrifying!

Mu Xiaohai was so frightened that he couldn't speak. His fat legs couldn't escape even if he wanted to.

How terrifying. Gong Ting's robot was so terrifying. Not only could it speak, but it could also kill other robots!

At this moment, Brother Yun uttered two syllables again, "Bi-Bi-!" Then, he turned to the little boy and said, "Master, I've already finished off one idiot. Should I finish off the second idiot now?"

Mu Xiaohai broke down and cried!

It turned out that that robot wasn't admitting defeat at all just now. It was mocking him and the Transformer. They were a pair of idiots!

He no longer dared to look down on Gong Ting and Gu Qiqi. "I admit defeat! I admit defeat! Don't let him finish me off!"

He really thought that Gong Ting would let Brother Yun turn him into powder too.

That fear was already bone-deep!

For the first time, the boy won beautifully against Mu Xiaohai. He raised his small chin like a noble king forgiving a criminal. “Then, I’ll let you off this time. Next time, I won’t let you off so easily!”

“Yes, yes, yes. I won’t dare to touch your things anymore!”

Mu Xiaohai looked pitifully at the powder that was once the Transformer.

Feeling reluctant and helpless, he prepared to leave this terrifying place.

Suddenly...

Gu Qiqi stopped him. “Wait!”

Why should he leave? This wave of powerful slaps wasn’t over yet!

Chapter 895: Someone Wanted to Beat Gu Qiqi to Death

Gu Qiqi stopped Mu Xiaohai. “Hey, little guy. Don’t forget our agreement just now. The loser has to bow to the winner three times and apologize thrice! You haven’t apologized to my little boy yet!”

Mu Xiaohai’s fat face nearly collapsed as he muttered, “I... I...”

“You want to go back on your word?” Gu Qiqi started to arm-wrestle.

Crack!

Brother Yun also automatically made a “Bi—Bi” sound.

Mu Xiaohai shivered. He really had no choice but to bend down deeply. He bowed obediently, bowed, and bowed again to Gong Ting, whom he usually looked down on...

“Gong Ting, I’m sorry!”

“Gong Ting, I’m sorry!”

“Gong Ting, I’m sorry!”

Gu Qiqi wasn’t soft-hearted at all.

She watched as he apologized to the boy thrice before she prepared to let him off.

There had to be a way to establish her authority!

Otherwise, what if that brat forgot and wanted to bully her boy again?

“Enough. Since you know your mistake, my little boy isn’t someone to bicker with. In the future, you have to be more obedient. Of course, my little boy won’t let Brother Yun teach you a lesson again! If you behave well in the future and understand the principles of being a person, we can’t rule out the possibility that my little boy will give you a robot model when he’s in a good mood.”

After Gu Qiqi slapped him, she didn’t forget to give him some benefits.

Mu Xiaohai had really been taught a lesson this time. Even if he was given ten thousand guts, he wouldn't dare to provoke Gong Ting again.

Just as everyone was happy, a kindergarten bullying incident was perfectly handled by Gu Qiqi...

Suddenly!

A scream came from behind her. "Xiao Hai, what are you doing?! Why did you have to bow and apologize to those two poor people?!"

Gu Qiqi facepalmed. That red-lipped woman was here again!

Indeed, the sound of high heels could be heard. Behind the flower bed, the woman with red lips turned around and hugged Mu Xiaohai desperately. "What happened to you? Baby son, tell Mom. How did they bully you just now? Where's your Transformer? Gosh, is this pile of powder the corpse of a Transformer? How could they be so ruthless? Did those two poor people hit you too? Where did they hit? Does it hurt?"

Once Little Hai's mother arrived, she started mumbling to herself.

Gu Qiqi was speechless.

Hey, can you figure it out?

Who's bullying who?! My little boy's wrist has even been bruised by your son, okay? If I wanted to hit your son, would your son still be alive until you come?

Furthermore, your Transformer was courting death. You want to step on my Brother Yun? Could it be that my Brother Yun won't move and wait for you to step on him?

She wasn't stupid!

Gu Qiqi looked at this pretentious woman in disdain.

Fortunately, Mu Xiaohai had received a deep lesson from Gu Qiqi and Gong Ting. He didn't dare to lie and only said, "Mommy, they didn't bully me. They're just teaching me... the principles of being a person..."

But the red-lipped woman acted as if she didn't hear him. Her face distorted as she scolded angrily, "Those two shameless poor people, don't speak for them! I knew that they don't act like humans! Hmph, I'll let your father beat them to death! Hubby—come quickly. Someone's bullying your son! Hurry up and beat them to death!"

As the red-lipped woman shouted.

A middle-aged man with a big stomach, greasy scalp, and pimple-covered skin walked out from behind the flower bed with a frown on his face.

"Who bullied my son?"

Once that man appeared, Gu Qiqi was slightly stunned.

It was actually... him?

Chapter 896: Roll Up Her Sleeves and Do It!

Gu Qiqi never expected that she would actually meet Mu Liuchuan and Mu Tianyu's father in kindergarten—Mu Zhentian!

Mu Zhentian had a wife. She was Mu Tianyu's biological mother, Mu Liuchuan's adoptive mother—that Mrs. Mu with a super bad temper.

Why was there an additional wife and son here?

Gu Qiqi understood immediately.

It turned out that he was raising a mistress and an illegitimate child.

She really admired Boss Mu. His eldest son was about to get married and even had a child with a woman outside that he could raise as a grandson.

What impressed her even more was that he actually had the same taste in choosing a wife and a mistress.

Unanimously bad!

The women he chose were vulgar, jealous, unreasonable, self-righteous, and materialistic!

Gu Qiqi couldn't help but laugh coldly.

She didn't care what Mu Zhentian's style was like outside or how he played with mistresses or raised women.

She only wanted to know if this adulterous pair was the one who caused Brother Tianyu's untimely death in her previous life!

After all, if Brother Tianyu died, Mu Zhentian's assets would be divided equally between Mu Liuchuan and Mu Xiaohai.

In the past, Gu Qiqi had felt that the possibility of Mu Liuchuan killing someone for money was high. Now, she had personally witnessed Mu Xiaohai's mistress' mother being so greedy and domineering. She would shout and kill people for no reason. She wasn't an easy person to deal with. Gu Qiqi couldn't eliminate the possibility that she also had the motive to kill Brother Tianyu!

Thinking about this, she couldn't help but snort coldly. "Evidence is everything. Which eye of yours saw us bullying children?"

"My wife and child saw it!"

"What if they're lying?"

"Hmph! They don't know how to lie!"

Gu Qiqi shrugged. "Sigh, there's no other way. You're willing to be blind and not listen to the truth... Alright, so what if I bully your son?"

Gu Qiqi raised her eyebrows lightly and looked at Mu Zhentian sarcastically.

The boy couldn't help but cheer for Gu Qiqi in his heart. How arrogant! How handsome!

After praising her, he was belatedly annoyed that he shouldn't have praised the vixen.

Mu Zhentian threw away the cigarette butt in anger and extinguished it with his leather shoes. "What can I do? Believe it or not, I'll get your son out of kindergarten before I beat you to death!"

Clearly, Mu Zhentian didn't recognize Gu Qiqi at all.

The big-bellied man strode towards Gu Qiqi with a fierce gaze!

Little Hai's mother wanted to see the world burn. "Hubby, you can do it! Beat them to death!"

Gu Qiqi stood rooted to the ground and only protected the boy behind her.

They watched as the fat and tall Mu Zhentian walked over sinisterly step by step. He waved his fists and didn't care that they were women and children at all. His fists were about to smash them down!

Suddenly, Gu Qiqi stretched out her slender arm and blocked him lightly!

Just like how she had pushed Mu Xiaohai away just now, she gently pushed Mu Zhentian's fist away.

But she used dozens of times more strength than on Mu Xiaohai!

There was a series of joints cracking... Mu Zhentian's bones actually dislocated in an instant!

"Ah!!!"

With a scream, Mu Zhentian broke out in cold sweat.

He never expected that Gu Qiqi, who looked so soft and weak, would actually roll up her sleeves and do it without a word!

Mu Xiaohai shrank into his mother's arms in fear. Only at this moment did he realize that Gu Qiqi hadn't really "bullied" him just now.

If Gu Qiqi had the slightest thought of bullying him or dealing with him, he would have been beaten to his bones by Gu Qiqi when he attacked Gu Qiqi and Gong Ting just now!

Even his father, who was so strong, had his bones broken by Gu Qiqi lightly, let alone his own small arms and legs!

Chapter 897: Master Jue Was Very Convinced!

"You, you dare to hit me!" Mu Zhentian moaned in pain. He stared at Gu Qiqi with hatred and fear.

Gu Qiqi raised her chin and retorted arrogantly, "I'm sorry, but I haven't started fighting yet. If you're here to ask for a beating, I don't mind letting you have a taste of my fists!"

As she spoke, she clenched her fists in the air!

That force made Mu Zhentian tremble with fear!

Damn it. She was clearly a weak woman. Why was she so difficult to bully?

Mu Zhentian's fat and strong body actually took a step back under Gu Qiqi's aura.

Seeing that her man had been defeated in front of Gu Qiqi, Little Hai's mother was both afraid and indignant. She said in a high-pitched voice, "Don't think that I can't do anything to you! I'm the chairman of the family committee. My husband is a shareholder of the prestigious kindergarten. I'll let all the mothers boycott you together and drive your son out of the kindergarten completely! Hmph! If this kindergarten doesn't take you in, let's see which kindergarten in the Imperial Capital will dare to take you in!"

Wow, she was even threatening Gu Qiqi!

Gu Qiqi laughed instead of getting angry. "I'm sorry, but let's not talk about whether you and your man have this ability first. My baby came to the kindergarten just to play. If he's unhappy, he'll go to primary school directly. Could it be that you want to buy all the elementary schools in the Empire too? You're so awesome!"

How could the other party not hear Gu Qiqi's sarcasm?

She immediately became red with anger.

She couldn't beat him or out-talk Gu Qiqi...

Little Hai's mother was so angry that she wiped her tears. "Hubby, look. She's bullying us like this... Hurry up and call the director to drive them out! On what basis should such a b*stard raised by a poor b*tch go to school with our darling? They're not fit!"

Before she could finish speaking, a cold male voice exploded in her ears.

"Who is that poor b*tch referring to?!"

Gong Jue stood beside Gu Qiqi with a cup of hot cocoa.

His tall and imposing aura carried an oppressive coldness that made Mu Zhentian, his mistress, and his stupid son shiver!

The sharp gaze that came from behind the man's sunglasses made them want to crawl into a crack in the ground and escape his stare!

Mu Zhentian endured the pressure with great difficulty and stammered as he complained, "You... Your wife was too arrogant. She brought your son and hit my entire family. She ruined my son's toy and hurt my hand. She's the b*tch..."

Before he could finish speaking...

Gu Qiqi cried out and pounced into Gong Jue's arms like a delicate little oriole. "Hubby, he's talking nonsense! I'm so gentle and our boy is so cute. How could we have hit him? They were clearly the ones who bullied me unreasonably!"

Mu Zhentian's entire family was petrified.

A minute ago, Gu Qiqi was still an arrogant little gangster. She used her fists and scolded them. She was unbelievably valiant.

How... How did she become a soft little sheep in a second?

Even the boy was flabbergasted. The vixen's acting skills were too good! She could simply control and release herself as she pleased! He had to reevaluate her!

Clearly, Gong Jue was very convinced by this!

The few mothers who led the way for Gong Jue and the parents who rushed over after hearing the news also fell for this trick!

Everyone started chattering.

"That's right. Little Ting's Mommy is very gentle. How could she do anything?"

"To be able to make such delicious sushi snacks and even prepare a robot gift for everyone, I believe that Xiao Ting's mother definitely won't let Xiao Ting snatch someone else's toy. How can other people's toys be as interesting as his robot?"

"That's right. Although I haven't known Little Ting's mother for long, her every move has the aura of a noble young lady. I think some people find trouble for no reason and distort the truth, right?"

"Also, Little Ting's family is low-key, okay? How is he poor? His family is very generous, okay?!"

The gift that Gu Qiqi had given out previously was effective. Gong Jue's generous spending to foot the bill for all the activities was also effective. Everyone stood on her side to speak up for her.

Chapter 898: Master Jue Was Handsome When He Slapped His Face!

Seeing that no one in the entire kindergarten supported him at all and that everyone was protecting that cunning woman who changed between a lion and a sheep in a second, not to mention that there was a man who looked like a living King of Hell staring at him intently, as if he would break his neck and feed him to the dogs in the very next second... Mu Zhentian felt that he was going to collapse!

He suddenly remembered that he still had a trump card!

Mu Zhentian's face flushed red. He hurriedly dug out his phone and pretended to be calm. "Hey, Director?... As a shareholder, I order you to expel... What's he called again? That's right, Gong Ting! Expel that child from the school!"

Mu Xiaohai was still a little reluctant. He gripped Mu Zhentian's sleeves tightly. "Dad, don't expel Gong Ting anymore. I still want to work hard to curry favor with him in the future and work hard to be friends with him. Perhaps, I can have a chance to play with his robot..."

Clearly, his bad temper had already subsided after being taught a lesson by Gu Qiqi.

"You useless thing! Good my ass! A robot is nothing!" Mu Zhentian waved his hand and slapped his son ruthlessly. He felt that his son had betrayed him at the last minute and actually spoke up for the other party. He had lost face.

Gu Qiqi sighed.

What kind of dog parents are these?!

Just now, he kept saying that he was supporting his son and taking revenge for him. He didn't hesitate to fight with other people's children and parents.

In fact?

It wasn't to stand up for his son at all. It was to save his face, right?

Otherwise, what would happen if he slapped and scolded his child at the same time?

How infuriating!

Gong Jue quietly tapped on his phone and sent a text message with only a few words.

Then, he put away his phone and handed the hot cocoa that he had just bought to Gu Qiqi.

He ordered affectionately, "It's cold. Drink it while it's hot! You have to finish it!"

Gu Qiqi took it and sipped it sweetly.

How hateful! Why was this stupid man so commanding when he was concerned about others? He was really used to being a chief. He was so arrogant. (The boy stared at that cup of hot cocoa and licked his lips—One cup! Daddy only bought one cup! Be content, vixen!)

However, no girl could reject the taste of chocolate!

With the delicious hot cocoa, Gu Qiqi's mood improved when she faced the Mu family's hateful family of three.

They treated it as a joke and watched as Mu Zhentian kept roaring into the phone and bossing them out of kindergarten.

"I want you to make a decision to expel him now! Immediately inform the class teacher! Immediately get them to scam from our class's activities! Yes, immediately implement it quickly!... What? Wait for what? Wait for a text message? I say, do you want to stop working as a lousy director? Is my call more important or your lousy text message more important?!" Mu Zhentian roared and waved his fists.

But he had no choice. He couldn't punch someone over the phone either.

More than ten seconds later.

On the other end of the call, the director changed his respectful and kind tone and said to Mu Zhentian in a businesslike manner, "I'm sorry, Mr. Mu. We just received an order from our superior. The board of directors has already decided to buy back all of your shares and kick you out of the shareholder meeting! You're no longer our shareholder, so you have no right to instruct me to do anything. As for the unreasonable request that you mentioned just now... Expel the child? Let me tell you, this is impossible! The child is the flower of our kindergarten and the future hope of the Empire. We definitely can't expel him at your will..."

Chapter 899: Definitely Not!

Mu Zhentian was dumbfounded!

The Mu family was considered a well-respected figure in the Imperial Capital. In order to give his illegitimate son a good environment, he specially invested in this prestigious kindergarten.

Who would have thought that he would be kicked out just like that!

He didn't even manage to ask a question before the other party hung up the call ruthlessly.

This was awkward.

He was so aggressive just now and couldn't wait to drive Gong Ting's family away. But at this moment, he could only tuck his tail between his legs and pretend that nothing had happened.

Otherwise, his son might be chased away instead.

The surrounding parents secretly laughed.

Gu Qiqi looked up at Gong Jue.

Eh, she seemed to have seen that stupid man move his phone just now. Could it be that the person who kicked Mu Zhentian out was Gong Jue?

Tsk. Gong Jue was quite handsome when he slapped his face without batting an eyelid.

After being fussed over by the Mu family for so long and delaying everyone's time, the bus that was fetching everyone out at the door was already in a hurry to honk.

Everyone crowded around the little boy's family. They left the Mu family behind and walked towards the car in a lively manner.

Mu Zhentian's face darkened. "I'm not going anymore! What's there to participate in a lousy kindergarten event?!"

Little Hai's mother couldn't bear to leave.

She was usually a third party who couldn't see the light of day. Only when she became the chairman of the family committee among the parents in kindergarten did she have the chance to flaunt herself.

If she let herself leave in despair now, wouldn't that be slapping her own mouth and admitting that she was inferior to Gu Qiqi?

She immediately used all her charming skills to curry favor with Mu Zhentian. "Hubby... Let's go! I heard that that woman isn't Gong Ting's biological mother at all. I'll definitely find an opportunity to expose her in front of everyone later and save your face! Okay?"

An old man and a young wife. Mu Zhentian was still very soft-hearted towards her. He couldn't withstand her coquettish pleading and nodded in agreement.

Gu Qiqi's divine senses moved slightly. Upon hearing the words that came with the wind behind her, her eyes darkened. You want to expose me? Then, let's see whose true colors will be exposed later. It'll be more exciting!

She curved her lips and took out her phone to send a message.

“What bad things are you doing?” Gong Jue carried the boy and sat down beside her.

Gu Qiqi blinked. “Yes, it’s nothing. I’ll... learn from you!”

That’s right. She had just learned a move from Gong Jue. How could she remain calm and borrow someone else’s hand to handsomely slap the enemy’s face?

She was going to put it into practice soon, haha.

“What strengths did you learn from me?”

“Heh heh, that... I’ll learn to be less irritable occasionally! If I don’t need to do anything, I won’t!”

Gong Jue was speechless.

I’m already very gentle to you. When have I been irritable before?!

The little boy was speechless.

Tsk! Vixen, you clearly have the style of “if you can do it, you definitely will do it”, right?!

The bus drove slowly towards the children’s park.

On the road beside the bus, an inconspicuous taxi was also driving slowly.

The driver inside was wearing a mask, glasses, and a low hat that was tightly covered. Only a pair of shifty eyes were revealed. He kept glancing at Gu Qiqi, the boy, and Gong Jue, who were sitting by the window in the front row.

As he looked, he lowered his voice and made a call. “General Teuton, the intel from the prison said that Gong Jue has a son. I followed him for a few days and finally locked onto my target today. There’s indeed a little boy around four years old who’s with him! Do you still need to confirm if he’s Gong Jue’s son?... Okay, do you want to do it immediately? You’d rather make a mistake than let him off, right? Okay! I understand! I’ll do it immediately! Don’t worry, my identity won’t be exposed. This time, I’ve made thorough preparations. No one will expect my real identity to be...”

Chapter 900: A Physique That Gets Women

At the children’s park, Gong Jue carried the boy in one hand and held Gu Qiqi’s hand in the other. He looked like a good husband.

Once they alighted, a mother couldn’t help but take a photo of this eye-catching scene. “Mr. and Mrs. Gong, you’re too compatible!

The boy was speechless. Yes, yes. They are a couple. So, I’m just an extra, right?

Gong Jue frowned slightly and stared at that woman’s phone.

He didn’t like others to take photos of him casually.

“Hey, Mr. Gong! Be careful! You’re holding Madam’s hand and hugging the child. Be careful of your feet slipping...” The mother made a fuss and supported Gong Jue’s arm!

Gu Qiqi was agile and immediately blocked it lightly!

Gong Jue couldn't be touched by another woman. She had to protect him.

In order to not let the other party be embarrassed, Gu Qiqi seized the mother's wrist and brought the other party's phone over. She handed it to Gong Jue. "Hubby, do you think it looks good?"

Gong Jue took the phone. Just as the mother was dumbfounded, he sent that photo to himself on the phone and deleted it instantly!

"Not bad. It's very beautiful. Thank you!" Gong Jue spat out a few words coldly and returned the phone to the other party.

The mother said in a daze, "No... You're welcome..."

Gosh, this man's every move was so charming. Even if he was always cold, he was still that kind of handsome and cold that made people feel like moths to a flame... Wuwuwu, it was a pity that he was someone else's husband!

Subsequently, Gu Qiqi didn't know if it was intentional or not, but she kept feeling that a group of mothers were surrounding her!

More and more of them.

Damn it. Gong Jue was really attractive.

She had to fend for him!

She was afraid that he would fall ill on the spot if a woman touched him.

Gong Jue was relaxed. He seemed to enjoy Gu Qiqi's meticulous protection.

In the end, he even became a manager who left everything to others. He did not deliberately avoid the crowd. Instead, he pulled Gu Qiqi and the little boy to play whatever game the little boy wanted to play without any hesitation. He did not care if there were already many women there!

Gu Qiqi was extremely busy. She was tired from pushing and blocking.

The little dirty turtle couldn't stand it anymore and reminded her leisurely, "Master Silver, actually, it's fine if you don't help Master Jue fend off the women. Anyway, if he's unlucky and allergic, he'll immediately recover after you kiss his tongue... At most, you can kiss him a few more times."

Gu Qiqi went crazy. "Shut up!"

In the end...

Whatever it said would happen! What a jinx!

Gu Qiqi really suspected that she wasn't raising a little dirty turtle but a little crow.

When they lined up to play with the pirate ship, a mother who was behind Gong Jue and Gong Ting wanted to tease Gong Ting. In the end, Gong Ting avoided her in disdain...!

That mother couldn't hold back and bumped into Gong Jue's wrist.

In an instant, Gong Jue's wrist flushed red!

Oh no!

What she was afraid of really happened!

Gu Qiqi licked her lips. She couldn't be bothered about the many parents from her class behind her. She tip-toed and pulled his neck to pull his lips closer to hers.

She kissed him!

Fast and deep!

The parents in the group were shocked.

After a long silence, intense envy erupted.

"Gosh, Mrs. Gong, so this is how you seal Mr. Gong's heart! You two can kiss anytime and anywhere. Your relationship is so good!"

Gu Qiqi was speechless. She wasn't kissing him anytime and anywhere! She wasn't kissing him for fun. She was trying to save him! Save him!
