

Dear Chief 911

Chapter 911: Gong Jue Faced A Hard Choice!

Mrs. Mu's gaze was ruthless.

She couldn't target a child in public today, but she definitely wouldn't let him off either!

Mu Xiaohai shivered. He, who had always been domineering in school, had never expected that one day, he would implicate himself because of the shameful and dirty things that his mother had done. In a day, he went from a rich child that everyone envied to a bastard!

In fact, he wasn't even as good as Gong Ting's child!

Mrs. Mu punished the mistress. As her methods were ruthless, the parents quickly pulled their children away after watching for a while.

Gu Qiqi pulled Gong Jue and the boy along as well. "Let's go!"

The little boy was a little curious. "Daddy, what is a matter of life and death? Are they going to let Little Hai's mother live or die?"

Gong Jue and Gu Qiqi looked at each other.

They were so embarrassed that they didn't know how to explain it!

Could it be that they had to tell the child that those servants were prepared to... cough, cough, cough!

Sigh, society was too complicated. It wasn't easy to educate a child.

Gu Qiqi sped up and hurriedly brought the boy away from this troublesome place.

Another parent shouted from behind, "Mrs. Gong, you won the Best Parents Award. There's a prize here!"

Gu Qiqi facepalmed. How could she care about the prize now? It was more important to protect the little boy's pure and young heart, right?

Gong Jue stopped in his tracks and thought for a while. He turned around and took the prize before returning. "This is the first reward from the kindergarten our family has received. It's meaningful. We have to have it."

Gu Qiqi was speechless. She never knew that the Chief would be so emotional!

Gong Jue placed the prize in the boy's hands. "You're in charge of safekeeping it."

That gift wasn't expensive at all. It was just a ball that children often played with. It was sky-blue, exquisite and beautiful. There was also a sentence carved on it: Best Parents of the Kindergarten.

However, for a child from a big family like Gong Ting, he had never played with it before.

Gong Ting said, "Who wants to safeguard your memorabilia? Hmph!"

As he spoke, he gripped the ball tightly with his small hand and refused to let go.

Gu Qiqi was already used to the little boy's insincere arrogance. She smiled casually, "Then, let's continue to play at the rest of the activities. What else do you want to play?"

The boy asked, "Can we take the roller coaster again?"

Five minutes later.

The family of three lined up and sat on the 18 round roller coaster once more.

The exciting roller coaster quickly threw the farce of Mu Xiaohai's family to the back of their minds.

As the wind whistled past, the roller coaster turned 360 degrees and all their worries seemed to have been thrown to the back of their minds!

When they reached the highest round, Gong Jue suddenly passed the boy and kissed Gu Qiqi's lips rapidly. He said three words in a daze.

Gu Qiqi blushed.

Before she could hear him clearly, the roller coaster drove back to the tunnel.

The entire car breathed a sigh of relief.

Gu Qiqi was about to ask Gong Jue, "What did you say to me just now?"

Suddenly!

A woman's scream came from the seat at the back of the car!

"Ah!!!"

That scream was frightening and miserable. Everyone felt their blood run cold when they heard it.

Everyone stood up and looked behind.

They saw a young blonde girl who looked to be only 16 or 17 years old. Her chest had been ruthlessly stabbed and the knife was still in her heart.

A pair of powerless hands held on to the seat and she looked very miserable.

She shouted in fluent English in despair, "Is there a police officer?! Is there anyone who can help me?! That bandit snatched my bag, my passport, and all my personal belongings were snatched away!"

She spoke too quickly. The people on the roller coaster were all parents and children. They didn't understand at all.

No one noticed that a sneaky man was escaping through the railing on the side of the tunnel.

Only Gong Jue and Gu Qiqi heard it clearly.

The two of them exchanged looks.

Gong Jue hesitated for a second.

He was a soldier and it was his duty to protect civilians. If it were in the past, he would have rushed out to chase after that thief without hesitation!

But now...

Chapter 912: Don't Be Afraid, Little Boy! I'm Here!

In the Empire's territory, there was actually a thief who dared to steal and even tried to kill someone under Gong Jue's watch... In the past, he would definitely chase after that person and kill them!

But now, Gong Jue also had two people who needed protection.

Gu Qiqi and the boy.

For the first time in his life, he hesitated about whether he should take action to punish the culprit.

Gu Qiqi could predict his worries and pushed him away. "Hurry up! There's no security guard here. If you delay any longer, you won't be able to catch up. Don't you believe in my ability to protect myself? I'll bring the boy along with me to treat the girl's wounds! I'll wait for you!"

Gong Jue's gaze darkened.

Gu Qiqi's reaction was fast and her skills weren't bad either. If he returned quickly, there indeed wouldn't be a problem.

But his tone was still stern. "You're not allowed to leave here. Wait for me!"

"Yes, I understand!" Gu Qiqi nodded.

Gong Jue instructed the boy solemnly, "Listen to your Auntie Qiqi. You definitely can't leave her!"

The boy was about to say, "Daddy, I know. I won't run around. It's not safe for a child like me to run around."

But in the next second...

Gong Jue's words stopped him. "Gong Ting, you have to understand that you're a man. You can't think about playing around everywhere. You have to stay by her side and protect her! When she gives the injured an emergency treatment, you're in charge of keeping an eye on her. Watch carefully if there's anyone suspicious next to her. Do you understand?"

The boy's heart collapsed.

It turned out that Daddy still cared about the vixen more! Wuwuwu!

The baby now believed that he was born from a test tube.

Furthermore, he was made from a male sperm in a test tube and a random female egg in a test tube!

After Gong Jue repeated his instructions, he strode over the railing with his long legs and jumped handsomely to track that stupid thief who had left clumsily!

Gu Qiqi held the boy's hand tightly and walked towards the back of the car.

At the back of the car, that woman who had called for help had already fallen onto her seat because of her blood loss.

The woman was quite beautiful. She was a classic American woman with fair skin and long legs. There were many freckles near the tip of her nose, but she was very cute. She looked like a high school student.

Unfortunately, such a beautiful girl had already fainted at this moment. Furthermore, the entire seat was covered in blood.

The passengers surrounded her. No one dared to go forward.

Gu Qiqi asked the boy, "Are you afraid? If you're afraid, turn around and stick to me."

The boy forced himself to remain calm. "No!"

Gu Qiqi smiled spuriously. "If you're not afraid, watch me perform the operation then. I'll draw out the knife later. That knife is stabbed into her heart. When it's pulled out, her blood will probably spray thirty feet high..."

The boy immediately changed his words, "I'm standing behind you! Call me when you're done!"

As she spoke, one small hand gripped the blue ball tightly, and the other hand was already nervously gripping the hem of Gu Qiqi's hoodie.

Gu Qiqi smiled.

No matter how old he was, he was still a child.

How could he not be afraid when faced with blood?

She stretched out her slender and fair hand and patted the boy's nervous hand lightly. "I'm here. Don't be afraid!"

"I'm not afraid..." The boy muttered indignantly. However, a trace of warmth was felt from her palm.

Oh... The vixen's hand was fragrant and soft. It was really comfortable.

Be it holding him, caressing him, or patting him, they actually felt exactly the same as the test tube mother and the big sister in his dream...

Chapter 913: Breathtaking Medical Skills, God's Hand

The boy leaned against Gu Qiqi's back and waited patiently.

Gu Qiqi turned around. The gentleness on her face was immediately gone and a slightly cold professional expression appeared on her face instead.

She pulled out the scalpel blade that she had brought with her and cut open that girl's clothes.

After finding the incision, she first covered a few big acupuncture points around it and prepared medicine to stop the bleeding.

Only then did she pinch the handle of the knife. Then... she jerked abruptly!

Before everyone could react, that dagger had already been thrown to the side. At the same time, the hemostatic powder had already covered the girl's wound.

Only then did everyone realize what was going on and they secretly clicked their tongues in astonishment.

"What a godly operation..."

"Not even a single drop of blood was spilled!"

"What a handsome big sister!"

Gu Qiqi pulled out the knife and stopped the blood. Only then did the doctor from the infirmary in the children's park rush over.

Gu Qiqi took the emergency box from him, found the surgical needle and thread, and started to stitch.

Soon, the wound was stitched and bandaged perfectly.

The injured girl's heartbeat, breathing, blood pressure, and other indicators gradually returned to normal. She even slightly opened her eyes and nodded gratefully at Gu Qiqi.

The entire process was smooth and unbelievably perfect.

The doctor was stunned when he saw this. He couldn't help but ask, "You actually can draw a knife and stitch the wound up without anesthesia or an assistant. You're too awesome. May I know if you're the Head of Surgery and of which hospital..."

Halfway through the other party's words, Gu Qiqi raised her small face and said lightly, "I'm not a Head of anything..."

When this exquisite and young face appeared in front of the doctor, that confident and determined look immediately reminded him.

"Gu Qiqi, you're Gu Qiqi!"

How was this girl an experienced Head of Surgery?

Wasn't this girl the girl who won the final victory at the famous school tournament finals at Imperial Medical University yesterday?!

That champion medical student!

A super top student qualified to participate in the World Medical Competition!

Back then, when he was watching the live-stream, he even made a bet with his colleagues that the Empire Military Medical University definitely hired a skill. That surgery definitely couldn't be done by an ordinary female student. Even a genius top student couldn't do it.

That school tournament was fake!

At this moment, after seeing Gu Qiqi's operation with his own eyes, he was convinced and finally believed it.

The school tournament was real. Gu Qiqi's stunning medical expertise was also real.

He immediately became excited and couldn't help but lower himself while consulting Gu Qiqi on her professional skills. "May I ask how you managed to treat the wound just now without leaking a single drop of blood? Logically speaking, blood will splatter all over your body if you remove the weapon, but I saw that your injuries and clothes were clean. This is really too magical..."

The surrounding people were flabbergasted as they looked at the old doctor. He was so respectful and used the formal "you" with every sentence. The contrast was too great when he asked a young girl like Gu Qiqi a question!

However, Gu Qiqi was not polite at all. It was as if she had long gotten used to such reverence and replied very calmly, "The main thing is speed. You have to be fast. If you control it within half a second of removing the weapon, the blood won't splatter. The principle behind other operations is the same..."

As everyone listened, they finally understood why Gu Qiqi was so respected and valued by the old doctor.

Talents who could reach the pinnacle of their profession were people who didn't care about gender, age, or experience...

What was decisive was your professional standard!

Gu Qiqi was an existence that people looked up to in the medical field!

Chapter 914: Gu Qiqi Was Second

Gu Qiqi discussed her medical knowledge with the old doctor.

The boy leaned against her back in relief. He could feel the warmth from her tall and straight back. For a moment, he actually became a little dependent on her.

If only the vixen was his real mother...

This thought flashed across his mind!

It shocked him!

Unknowingly, he had actually completely accepted the vixen. He was already used to her existence. Even when he did things with his father and the two of them, he didn't feel awkward anymore.

In fact, Gu Qiqi's status in his heart was already faintly first in addition to his family...

No!

With his sister around, she could at most be second!

The boy's emotions were complicated. He turned around and looked at Gu Qiqi, who was discussing medical expertise seriously.

The setting sun dyed her hair with a faint golden glow, making her exquisite profile look even more holy and beautiful. She was especially pleasing to the eye.

The boy was stunned.

An indescribable feeling was about to break out of his memories.

Ring... His phone rang.

The boy returned to his senses and looked down. It was a call from his grandfather, Gong Qing.

Afraid that Gu Qiqi would know that he was talking to Gong Qing, he hurriedly got up and walked away quietly to answer the call. "Hello, Grandpa?"

Gong Qing said, "Grandpa's biological grandson, big darling. Why didn't you call Grandpa after going out for an entire day?"

The boy coughed guiltily, "Grandpa, the activities are done collectively. I can't come out to call you alone when I'm playing games or something!"

In fact, he had completely forgotten Gong Qing's instructions to report on the situation every hour before he left!

Gong Qing accepted this reason and continued to ask, "Yes, you're playing collectively. This is very good. How was Gu Qiqi's performance? Did she reveal her vixen tail?"

The boy thought for a while, "Does spending Daddy's money count?"

Gong Qing replied seriously, "Of course! Squandering is very bad behavior! Did she take this opportunity to ask your father for a bank card or a check, or get your father to buy expensive clothes for her?"

The boy hesitated and said honestly, "She didn't ask Daddy for a bank card or check. Furthermore, the hoodie that we're wearing, and the gift that I gave the children, were bought with her own money. That's right, she even personally made a lot of snacks for the children..."

Gong Qing was speechless. "The vixen is fishing for a big fish. Don't fall for it!"

The boy thought about it again, "However, when someone bullied me and said that I was a poor child, she stood up for me and insulted that person. She also said that our family would cover the expenses for today's games and activities! Then, Daddy seemed to have spent a lot of money to buy some VIP tickets from the children's park for all the children..."

Gong Qing said, "Well done! Damn it. They actually dare to say that my biological grandson is a poor child. Kill them! Kill them with money!"

The little boy was speechless.

So, the vixen did the right thing?

Grandpa, aren't you a little schizophrenic?

Gong Qing also belatedly realized that he had praised her wrongly in his excitement just now.

He hurriedly coughed a few times. "Well, my dear grandson, have you made a move this afternoon? Didn't you say that you would test her and expose her?"

The boy bit his lips guiltily and pinched the blue ball in his hand. "Grandpa, I haven't found a chance yet..."

In fact, he still remembered to test Gu Qiqi in the beginning. However, ever since Gu Qiqi helped him take care of Mu Xiaohai ruthlessly and sat on the roller coaster with him all the way, as well as bringing him to win the award for Best Parents, he had nearly forgotten about the test.

Gu Qiqi gave him too many surprises!

How would he be in the mood to test her?

Chapter 915: Testing The Vixen!

Gong Qing said earnestly, "Dear precious eldest grandson, you can't let go of such a great opportunity! Just follow the method that we discussed previously and hide for a while to see if she's sincere in looking for you! By the way, you have to send your father away first. The vixen will definitely continue to pretend to look for you if he's there!"

The boy said, "Daddy isn't here now."

Gong Qing said, "That's even better! Only when he's not around will she easily reveal her fox tail! What if she looks for you when you hide? It'll prove that she still wants to continue pretending and let your father think that she treats you very well! If she doesn't even look for you, it means that she can't wait to expose her nature! She wants to get rid of you! Do you know that all stepmothers in the world want to have their own children? No one is willing to raise someone else's child!"

The boy nodded.

He knew this.

Wasn't that what happened to Mu Xiaohai just now? His mother seemed like she was going to die from being tortured by someone. Then, his father's originally powerful wife definitely wouldn't want Mu Xiaohai and be willing to be his stepmother.

Mu Xiaohai would be an orphan in the future, right?

He didn't want to be an orphan!

At the thought that his father and the vixen would abandon him, he shivered. For a moment, he actually didn't understand what was wrong with Gong Qing's words. Regardless of whether Gu Qiqi looked for him or not, she had evil intentions!

"Grandpa, I understand. I'll go and test her now!" The boy said seriously.

Gong Qing thought for a while and added, "Don't run too far either. Although your father must have arranged for someone to protect you outside the park, you still have to pay attention to your safety. It's best to hide within ten meters of her and observe her reaction. When you see that your father is back, come out! Do you understand? Safety first!"

The boy nodded. "I understand, Grandpa!"

He hung up the call.

He gripped the blue ball tightly in his hand and pulled on the pink hoodie that Gu Qiqi had bought for him. His gaze landed on Gu Qiqi's back.

That old doctor was still pestering Gu Qiqi to talk. Although Gu Qiqi replied patiently, she seemed to be concerned about the boy's safety.

She stretched out a slender and fair hand to hold him from behind.

Her fair hand waved in the air twice but she didn't manage to catch his small hand.

Gu Qiqi felt that something was wrong.

She couldn't be bothered to reply to the old doctor anymore. She turned around abruptly. "Boy?!"

Where was Gong Ting?

Gu Qiqi broke out in cold sweat. This child had left, but she definitely couldn't underestimate him.

She had clearly asked the boy to grab her clothes just now and stick close to her.

She could feel his hand during the operation for a minute or two. But after she started discussing the problem with the old doctor, he was distracted for a while and disappeared?!

The little dirty turtle reminded her. "I think I heard him answer a call just now."

Gu Qiqi hurriedly asked the passers-by. She couldn't hide the anxiety in her tone. "Have you seen my child? Which direction did he go?"

This obvious nervousness formed a stark contrast with the calmness that she showed during the operation just now!

No one took it seriously and said casually, "He's just a child. How can he not play around in the park? He might have gone to play, right? There's no need to be so nervous!"

Gu Qiqi's expression turned cold and her tone became stern. "Not nervous? You don't have to be nervous about my child! It's enough for me to be nervous myself!"

The anxiety on her face was the instinct of a mother protecting her child!

Everyone couldn't help but blush and start reminiscing about that quiet boy just now.

Chapter 916: Vixen, It Hurts When You're Injured, Right?

Some pointed east, while others pointed west.

They pointed for a long time but couldn't come to a conclusion.

Gu Qiqi gnashed her teeth and stood up. She observed the terrain.

There was a railing in the west, and there was an empty space. There was no need for the boy to play there.

The east led outside. He could play other games.

Clearly, the possibility was higher that he went towards the east!

She quickly strode towards the east!

Behind her, she turned a deaf ear to the old doctor's calls!

There was only one voice in her heart: I can't lose the boy! I definitely can't!

Not to mention that she would let down Gong Jue's trust for her, even though she did not want to see anything happen to the boy.

That would shatter her heart.

She couldn't bear to part with such a cute, clever, and arrogant little guy!

She had never thought that there was any luck in this world. Accidents only happened in an instant. She definitely could not let the little boy suffer any accidents. She had to find him quickly!

The boy hid behind a large rubbish bin by the railing in the west. As he looked at Gu Qiqi's back, his emotions were extremely complicated!

When Gu Qiqi realized that he had disappeared, the anxiety and nervousness that she revealed immediately definitely didn't seem to be fake.

One second ago, she was still happily discussing medical expertise with others. In the next second, for him, she could even quarrel with others and abandon the old doctor.

What's more, she blurted out, "He's my child!"

The boy's heart warmed.

Tears welled up in his eyes!

He was so stupid. Why was he testing Gu Qiqi with his grandfather?

Gu Qiqi, that big fool. She was so nervous just because she couldn't find him. This bit of shrewdness could be seen through by anyone with a glance. What else could he do?

He choked and slowly stood up from behind the rubbish bin.

Gu Qiqi ran all the way to the east and quickly ran on the steep steps. As she was too anxious and too fast, she tripped on the steps and staggered. She fell down and landed firmly!

The boy's heart ached!

It turned out that this was how it felt to feel sorry for someone.

Gu Qiqi must be in a lot of pain from the fall, right?

That vixen would hurt too, right?

He couldn't help but extend his chubby hand into the air. Even though they were so far away, he instinctively wanted to extend his hand to support her...

But in the next second...

Gu Qiqi only supported herself on the ground for a while before she quickly crawled up. It was obvious that she had a sprained ankle, but she still gnashed her teeth and continued to run forward.

In fact, she was even faster than just now!

Due to a sprained ankle, her running posture wasn't as beautiful anymore. She was limping.

The boy burst into tears!

He never knew that he was actually so important in Gu Qiqi's heart.

She had already fallen to such a state and was injured, but she still refused to give up and was bent on looking for him!

How was she a vixen?

She was a big fool! A big fool!

He was only testing her. Why was she so anxious?

At this moment, the boy felt that this idea to test Gu Qiqi was terrible. He was extremely regretful.

His fair and round face was already stained with tears.

He ran down the steps with his short legs and shouted at Gu Qiqi, who was about to disappear. "Stu—"

He wanted to say—

Stupid vixen, I'm here!

Stupid vixen, don't run anymore!

Stupid vixen, if you continue running like this, your legs will break!

Stupid vixen, I promise to let you be my stepmother, okay?!

Stupid vixen, I won't test you or go against you anymore, okay?

His voice was stuck in his throat and he couldn't speak at all.

A sinister and withered hand stretched out from outside the iron railing behind him!

Chapter 917: Kidnapping My Boy? Kill Him!

That iron railing was the one that Gong Jue had jumped over just now. It was also the iron railing that the criminal who escaped previously had jumped over.

The gap in the railing was wide. An adult couldn't crawl through it and could only climb over it from above.

However, it was just enough to squeeze a child.

That sinister and withered hand covered the little boy's mouth!

The other hand stretched out to his waist at lightning speed and pulled!

The boy was immediately pulled through the railing.

In the very next second, that man grabbed the boy and jumped down!

Gu Qiqi dragged her sprained ankle and was running rapidly when she suddenly heard a familiar voice behind her.

It seemed to have floated over from the sky but disappeared in an instant.

She stopped in her tracks sensitively.

It seemed like the boy was calling her?

But when she stopped and looked back, the boy was nowhere to be seen.

Gu Qiqi wanted to continue running towards the east. However, for some reason, a soft voice seemed to be calling out to her from the western railing!

Instinctively, she looked towards the western railing and stared again.

This glance made her shiver!

Under the setting sun, there was a shiny toy by the railing that shone brightly.

It was faintly blue and round.

Her heart skipped a beat!

Then, she ran back the way she came!

Breathing heavily, she finally ran to the railing in the west and squatted down to pick up that little thing.

It was a blue ball!

There were also a few familiar words carved on it: Best Parents of the Kindergarten!

It was the reward that their family of three had won. It was something that the little boy had been holding in his hands all this while!

Gu Qiqi's heart beat rapidly!

The boy was actually in the east!

He liked this ball very much and had been clenching it tightly in his palm. If he walked away alone to play, he definitely wouldn't leave it behind.

He also wouldn't go to the bare iron railing in the east. What was fun there? Nothing!

Unless...

Unless someone forcefully took him away.

And he was using this method to show her the place where he disappeared!

Gu Qiqi's nose stung and her eyes turned red.

Whoever dared to snatch her boy, she would not let them see the sun tomorrow!

A trace of ruthlessness was seen from Gu Qiqi's seemingly delicate eyes!

In the very next second, she supported herself with one hand against the railing and jumped over it!

Everyone exclaimed behind her.

They were surprised and puzzled.

"Children are just playful. He went to play some games, right? Do you have to make such a fuss? It's not like he can go missing! This mother is too nervous!"

"Didn't the old doctor say just now that this girl was just in university? How can she be a mother?"

"So she's a sister?"

"That's not right. That kindergarten was choosing some Best Parents Award just now. She seemed to have won an award!"

"Oh my god! Is she a mother or an older sister?! His family's relationship is so messy!"

Everyone immediately imagined a scene of Daddy and Sister fooling around! They were really good at acting.

Gu Qiqi jumped down from the railing and landed on the ground.

Her injured ankle hurt.

She took a deep breath and slashed with the scalpel. She tore open her jacket forcefully, tore out a piece of cloth, and tied it tightly around her ankles.

This way, although the pain doubled, it no longer affected her jumping and running.

Gritting her teeth, she ran towards the only path!

Behind the railing, the road that led to the top of the park was a roller coaster ride.

They could fly down the mountain quickly on a roller coaster as well.

This was probably the route that the criminals took.

Gu Qiqi was about to reach the ticket office of the roller coaster.

Suddenly, a roller coaster roared past her!

Through the glass window of the roller coaster, Gu Qiqi could clearly see that the boy's mouth was covered by a man dressed in black. He was pressing down on the glass window and his face was nearly distorted from the pressure!

She was going up and the other was going down. When the two of them exchanged glances, the boy's big black grape-like eyes immediately lit up. Vixen!

Gu Qiqi's heart skipped a beat. Little boy!

Large teardrops went down their faces at the same time!

Chapter 918: Handsome Female Bandit

The moment Gu Qiqi and the boy's gazes met, both of them cried!

"Vixen, save me!"

"Little boy, wait!"

In that short second, the two of them seemed to have understood each other's tears!

The speed of the roller coaster wasn't like an ordinary cable car. It was quite fast and was actually much faster than the 18-round roller coaster.

There was only enough time for the two of them to exchange glances. In the very next moment, they quickly went down the mountain.

Gu Qiqi only had time to see that the person who had kidnapped the boy seemed to be showing off or deliberately angering her. When the boy struggled to continue facing Gu Qiqi through the back window...

That criminal actually pressed down on the little boy's limbs and bent him cruelly. He was like a rabbit that was about to be slaughtered in a slaughterhouse. He was tied tightly without any dignity.

Gu Qiqi's tears surged.

"Boy!"

Her heart hurt inexplicably!

Every move that the criminal made when he bullied the boy hurt her!

It really hurt!

What was even more outrageous was that while the little boy was still stubbornly struggling with his short legs and arms, the criminal had finally done something and the boy... stopped moving... His small arms and legs finally drooped down...

In the very next second, the roller coaster disappeared from her sight.

She could no longer see the boy's hazy figure.

Gu Qiqi was burning with anxiety!

What shameless thing did that b*stard do to that boy?

How could he lay a hand on a three-year-old child?!

Gu Qiqi closed her eyes. When she opened them again, her anger had reached its peak!

She took a deep breath and barged into the last cabin of the roller coaster. She pulled away two men who were kissing intimately in the next private cabin.

Before the two men could protest...

She pulled out two checks from her pocket and threw them coolly in their faces. “You can fill in the numbers. This roller coaster belongs to me!”

The two men looked at each other. They were so happy that they were about to faint.

In the very next second, they hugged and cheered!

Only heaven knew that their love wasn’t understood by their families or accepted by the world. They were too poor and didn’t even have the money to elope. Today, they secretly came to the children’s park to date because they were prepared to give up on their romance before their breakup.

How would they know that a female bandit would descend from the sky and steal their romantic roller coaster!

Well stolen!

The check that the female bandit gave was enough for them to elope to a country that allowed them to get married and give them the capital to live happily...

The two men looked at Gu Qiqi’s departing back with burning gazes and sincerely prayed. “God, let this handsome female bandit succeed...”

That “handsome female bandit” stared deeply at a roller coaster in front of her!

Using her divine senses, she could clearly see that the little boy was curled up on the seat of the roller coaster. He had been casually abandoned by that criminal like a dead cat or dog.

She didn’t know if he was still breathing!

She clenched her fists tightly. She only hated herself for not having enough golden fingers and earning enough color points. She couldn’t casually activate awesome skills like teleportation and fly to the little boy’s side to protect him in a second!

Time passed by slowly.

The roller coaster reached the terminal at the bottom of the mountain.

The criminal carried the boy and got out of the roller coaster.

He pulled down the brim of his hat and turned around.

He glanced at Gu Qiqi sarcastically as if to say—

Chapter 919: I Want That Woman Too!

The criminal’s mocking and arrogant gaze seemed to say, “Woman, you’re very capable of chasing me. You’re not stupid either. You actually have the ability to follow me all this way? But so what?”

You’re a step slower than me.

Every step was slow!

Bye!

After the sarcasm, he pulled open the door of the sports car that had been parked by the roadside and jumped into it.

He sped away!

Gu Qiqi clenched her fists and nearly smashed the glass of the roller coaster.

When she arrived at the terminal in her roller coaster, the criminal's car was already gone.

Her eyes were cold. She was like a walking ice block that was cold and heartless.

Her gaze swept across a row of luxury cars parked by the roadside.

Unfortunately, Number One was not at the back door. Otherwise, Number One would definitely be able to catch up to that b*stard.

The cars here were expensive but useless. The engines were unprofessional!

She pried open one of them in disdain. The situation was urgent, so she could only make do with this!

==

The criminal sped all the way and finally shook off Gu Qiqi. He drove towards the most flourishing city center in the Imperial Capital.

The traffic here was rapid. He easily weaved into the traffic. Even if Gu Qiqi had heaven-defying wings, she definitely wouldn't be able to find him.

A trace of smugness appeared on his lips.

He turned around and saw that the boy was still unconscious in the front passenger seat. He couldn't help but frown, "Oh no. Could it be that I stuffed too much anesthetic into his mouth just now and killed this brat?"

He stretched out his hand and checked the little boy's breathing.

It was weak!

He squinted and muttered to himself, "As long as he's alive, I can report to General Teuton. I don't care if he has problems from the overdose of anesthetic, or if he's disabled, or if there's something wrong with him! What's the big deal?! That d*mned Gong Jue deserves a stupid and disabled son!"

As he spoke, his withered fingers gripped the steering wheel tightly. Veins bulged. It was very dark and sinister.

After thinking for a while, he made a call. "General Teuton, the mission is complete. The prey is already in my hands!"

Teuton's face lit up with joy. His pleasant voice couldn't help but sound from the receiver. "Well done! You're indeed my most powerful beloved general! When you return to the country after you succeed, I'll definitely give you a noble title like 'Jue'!"

"Oh, my dear General, please don't mention the word 'Jue' to me!"

“Haha! I understand! Gong Jue, that moron, still thinks that my number one favorite general was defeated by him back then! Little does he know that this is our plan for him to have a taste of his own medicine. If not for that, how could you appear in the Empire with such an unexpected identity today without arousing anyone’s suspicion?”

“Not only did I have to suffer hardships, I’ll also lure the tiger away from the mountain today. I have to say that the Empire’s traditional methods are really useful. Once they’re used, they’re really accurate! General, tonight, I’ll extract this little brat’s blood and compare it with Gong Jue’s DNA to verify if Bai Mori’s information is reliable! Let’s see if this little brat is Gong Jue’s son or not!”

“Very good! Try your best to be as fast as possible!”

“I understand. However, General, even if you don’t verify it, I think it’s not far from the truth. This little b*stard looks the same as his father. His mouth is equally vicious. They’re both so hateful! What’s more, that Gu Qiqi is so nervous about him. If he wasn’t Gong Jue’s biological son, would Gu Qiqi be so afraid that she would lose him and be punished by Gong Jue, to chase after him desperately?”

Teuton squinted. “You said that Gu Qiqi is also here? Oh, I’m also very interested in that woman. Why don’t you take her down and bring her back too!”

The criminal laughed meaningfully. “General, although the flower is beautiful, that Gu Qiqi is a flower with thorns and poison. Are you sure you want to pluck it?”

Chapter 920: Which Woman Is So Good at Driving?

“I like women who are challenging! The more vicious they are, the more flavorful they are! It’s fun to play with them! Also, I want to try Gong Jue’s taste in women. Know yourself and your enemy and you’ll never be defeated. Isn’t that the first rule in the Empire’s military? Hahaha!”

“Hahaha! I understand! I’ve already left her too far behind today. I can’t return to catch her and offer her to you. But General, don’t worry. I’ll stay in the Imperial Capital for a while more. When the time comes...”

After promising him confidently,

just as the criminal put down the phone, he looked up and was shocked!

He... He... He had just promised General Teuton a second ago that he would catch Gu Qiqi.

In this second, Gu Qiqi’s exquisite face was actually just inches away from him. There was only one passenger seat between them!

If he hadn’t pulled down the brim of his hat to block some of his vision, this shock would have been even greater.

At this moment, Gu Qiqi was driving a fancy sports car. One look and one could tell that its performance wasn’t good. It was just the expensive kind.

Amidst the disdain on the criminal’s face, he couldn’t help but be surprised.

How did Gu Qiqi catch up to him in a lousy car in such a short time?

Don't tell me that she relied on love to generate electricity!

Heh heh, but it didn't matter. Gu Qiqi wouldn't dare to do anything in such a place with traffic congestion in the city center, much less do anything to him.

Soon, he would ditch her again.

He stepped on the accelerator and turned around to overtake the car!

Five minutes later.

When he overtook one car after another,

he thought that he had long left Gu Qiqi's lousy car behind.

He smiled wickedly and turned around. His soul was shocked again!

Gu Qiqi followed him casually.

The two cars were almost at the same speed. They were less than a palm's width apart.

What a terrifying woman!

Which woman could drive so well?

This person was definitely not a woman!

However, a woman's extremely beautiful face was staring at him with hatred.

His hand trembled and the steering wheel tilted. He nearly hit the car on the right!

Damn it!

The criminal thought that his skills were the best in the world. Only Gong Jue could barely fight him to a draw. Who was this woman? She actually dared to appear in front of him so arrogantly?

However, what was more arrogant was yet to come.

"Boom!"

Gu Qiqi actually took the initiative to attack.

She slammed into the criminal's car.

"Damned woman, do you not want your life anymore?!" The criminal screamed. "Do you not want your life? Gong Jue's son still wants his life!"

However, Gu Qiqi didn't say a word and continued to attack!

Only then did the criminal react belatedly. Although Gu Qiqi's impact sounded out very loudly, it didn't cause any harm to anyone but only to the car.

Gu Qiqi didn't hit the car to kill him, but to destroy the car and force him to stop.

How sinister!

The criminal gnashed his teeth as he complained about Gu Qiqi. He stepped on the accelerator and drove forward desperately.

Gu Qiqi was like a mysterious ghost. No matter how he escaped, she had a way to appear next to his car in the very next second!

The criminal was about to collapse and go crazy!

Gu Qiqi's eyes were cold as she ruthlessly bumped into him again!

“Boom!”

After a loud sound, the criminal's sports car was completely destroyed!

“Bi—Bi—Bi!” The surrounding cars kept honking to protest against these two luxury cars that kept causing trouble on the road.

Gu Qiqi flew out of the car. Holding the scalpel, she walked to the side of the sports car with an imposing aura.

She suddenly realized that a black figure had escaped from the driver's seat and quickly disappeared into the traffic. The boy had fainted in the front passenger seat. It was unknown if he was dead or alive!

Should she chase after the culprit first? Or save the boy first?

Gu Qiqi glanced coldly at the escaping black shadow. When she looked down at the little boy's pale face, she had already made her decision.

She obeyed the voice in her heart. The safety of the boy was number one at all times!
