

**Dear Chief 951**

**Chapter 951: This Face Slap Hurts!**

Gu Xuexue hurriedly stopped her and whispered, “Mommy, bear with it. This kind of genius is more arrogant. If we listen to him, he might agree when he’s happy. Let me try again!”

Gu Meifeng gnashed her teeth and nodded.

If she wasn’t at her wits’ end, she wouldn’t be suffering like this!

Gu Xuexue supported her small face with her hands and followed Gu Qiqi’s words with care. “Yes, yes, yes. Young Master Ye is right. We were rude. It’s a blessing of a few lifetimes to be Young Master’s friend. We don’t have this ability. We only hope that Young Master won’t mind and is willing to give our Shen Corporation some pointers in terms of medical expertise. We’re already endlessly grateful!”

Gu Xuexue’s tone was as flattering as it could be.

In Gu Qiqi’s ears, it was really ironic.

In the past, Gu Xuexue had always been pampered in front of Gu Qiqi. Even after being punished by Gu Qiqi a few times in this lifetime, Gu Xuexue still didn’t remember. Gu Xuexue couldn’t hide that domineering aura. Even if Gu Xuexue didn’t have a chance, she had to create an opportunity. Even if Gu Xuexue wanted others to stand out, she had to step on Gu Qiqi a few times.

If she didn’t have a deep understanding of Gu Xuexue’s nature, she would have suspected that this gentle and virtuous woman who tolerated humiliation wasn’t Gu Xuexue at all!

How ironic!

In Gu Qiqi’s lifetime, she would still be able to see Gu Xuexue grovel in front of her and seek guidance. She really wanted to laugh.

Gu Qiqi’s lips curved up and she wanted to tease Gu Xuexue.

She was prepared to see why Gu Xuexue was so shameless as to curry favor with herself.

Was it that simple to guide the Shen Corporation?

Gu Qiqi said lightly, “Shen Corporation? I’ve never heard of it! What’s there to guide for such a small company?”

The rich young ladies watching chimed in. “That’s right. In the Imperial Capital’s famous and wealthy circle, who doesn’t know that the Shen family is about to go bankrupt? With such a company, you still have the cheek to dirty our Young Master Ye’s eyes? Hurry up and get lost!”

Gu Xuexue became anxious. “Young Master, listen to me. The Shen family is facing a crisis now. But as the saying goes, a skinny camel is still bigger than a horse. Our Shen family also has some assets. Our factory and production line equipment are top-notch. As long as we have the appropriate prescriptions and packaging, we will definitely be able to make a comeback!”

Gu Qiqi squinted. “Make a comeback?”

Heh heh, do you think that I'll give you a chance to make a comeback?

How naive!

Gu Xuexue still didn't know that she had worshiped the wrong immortal. She had a pleading look on her face. "Young Master, this World Medical Competition is a good opportunity for us to make a comeback! I won't hide it from you. My uncle, Director Shen Ping, has already gotten an admission ticket that can let our Shen family team participate in the competition. Do you know how rare this admission ticket is? In the Empire, only the Bai Clan's Medical Hall and the Chu Clan's pharmacy have this opportunity to participate..."

Gu Qiqi asked coldly, "Really?"

The surrounding rich ladies immediately sensed the displeasure in Gu Qiqi's tone.

Without needing Gu Qiqi to say it herself, someone immediately stepped out to expose Gu Xuexue's lie. "Who said that? Why did I hear that there's also a top student from the Empire Military Medical University... That's right, Gu Qiqi also obtained the qualification to participate? Oh my, Gu Qiqi seems to be the real eldest daughter of the Gu family, right?"

"That's right. Gu Xuexue, you're so shameless. Is that admission ticket of yours very rare? You even need your uncle to beg your grandfather and grandmother to ask for one? Why did we hear that Gu Qiqi obtained first place in the school tournament and was publicly given a ticket by Master Jue? She didn't even have to beg and the ticket was directly delivered to her door? That's what's called 'awesome', okay?"

### **Chapter 952: Continue, Slap Her Face Thoroughly (1)**

In order to mock Gu Xuexue, these rich young ladies were also ruthless.

They used Gu Qiqi as an example and slapped Gu Xuexue's face without holding back.

Gu Xuexue's face stiffened.

Immediately, she felt a burning pain...!

She hated it when others compared her to Gu Qiqi.

In the first 18 years, Gu Xuexue had always won when the two were compared. But now, she lost every time. Gu Qiqi won in a domineering manner.

At this moment, in front of Young Master Ye, these insensible rich young ladies actually revealed her ugliness and even mentioned Gu Qiqi?

She hated Gu Qiqi to death in her heart. But in order to fight for face in front of Young Master Ye, she couldn't say bad things about Gu Qiqi directly. This would make her seem petty and jealous.

Thus, Gu Xuexue rolled her eyes and squeezed out a smile. "Yes, yes. I was negligent. We're all family and just forgot for a while. Young Master Ye, this cousin of mine is also lucky. Yes... Actually, she has someone supporting her. Naturally, everything will go smoothly. But don't worry. She's still a student.

She's just a guest star for fun. Compared to you, she's worlds apart. She won't affect our competition results. If you take action, you'll definitely lead our Shen family and crush her until nothing is left."

Gu Xuexue's words were quite ingenious.

It seemed that she didn't say a single bad word about Gu Qiqi, but she was hinting that Gu Qiqi only had the chance to participate if the person supporting her made a move. She didn't have the strength, nor could she be compared to Young Master Ye.

Gu Xuexue was only short of saying that Gu Qiqi had the chance to participate because she was a sugar baby!

Apart from stepping on Gu Qiqi a few times without a trace, she even ruthlessly praised Young Master Ye.

Just as Gu Xuexue was feeling smug about her clever answer...

Gu Qiqi spoke.

"Really? I think that being a student and having the chance to participate in the World Medical Competition is a form of strength in itself! In my opinion, a medical student like Gu Qiqi can't be compared to the Shen Corporation's company at all..."

Gu Xuexue's heart skipped a beat at first. She thought that Young Master Ye was praising Gu Qiqi, but after hearing it, she gradually smiled.

That's right. How could Young Master Ye admire that little b\*tch...

However, Gu Qiqi's tone changed and she suddenly said, "Oh, I forgot to say that Gu Qiqi is the sky and the Shen family is the ground. The Shen family isn't fit to comment about her at all."

It was a little embarrassing to praise herself like this.

Gu Xuexue paled!

What?

Young Master Ye said that the Shen family wasn't fit to be compared to Gu Qiqi.

This...

It was too heartbreaking.

Young Master Ye had never seen Gu Qiqi before. Why did he have such a high opinion of her?

Gu Xuexue glared at those rich young ladies with hatred. It was all those gossipy women's fault. If it weren't for them, Young Master Ye wouldn't have known about Gu Qiqi at all.

Gu Xuexue held back the hatred in her heart and squeezed out a smile. "Yes, yes. Young Master Ye, whatever you say is right. Since you admire her so much, you have to cooperate with our Shen family even more. I have a very good relationship with my cousin. When the time comes, I'll introduce her to you. She'll do whatever you want her to do..."

Gu Xuexue followed the conversation and actually sounded a little sincere in offering Gu Qiqi.

Gu Qiqi was simply disgusted!

Damn it, Gu Xuexue. You sold me in front of myself. How much face do you have?

Before Gu Qiqi could flare up, those rich young ladies couldn't take it anymore. All of them glared at Gu Xuexue and fired—

### **Chapter 953: Continue, Slap Her Face Through (2)**

“Gu Xuexue, what do you mean? Our Young Master Ye purely admires Gu Qiqi. Why are you making it sound so disgusting?! Do you think that everyone is that kind of shameless woman like you? Only a b\*tch like you would mess around in a hotel with your older sister's ex-fiance, Mu Liuchuan!”

Caught off guard, Gu Xuexue's secret was exposed.

To put it bluntly, everyone knew about this kind of scandalous matter.

If she behaved herself, no one would say anything.

But you always come out and go around. You even shamelessly harass everyone's male idol. Then, don't blame everyone for exposing your ugly deeds in front of your male idol!

Everyone chimed in and recounted how Gu Xuexue had an affair with Mu Liuchuan at the hotel that day. In the end, she was caught red-handed by the reporters.

Even some people who were unaware leaned over curiously and listened to the gossip with relish.

Gu Xuexue's face was about to be ruined. She was so ashamed that she couldn't show her face.

Gu Meifeng tried her best to suppress these rumors, but those rich young ladies weren't easy to deal with. How could she stop them?

Just as everyone was heatedly discussing this scandal, Gu Qiqi said lightly, “So, Gu Xuexue, you snatched your older sister's fiancé and climbed into the bed of a man who doesn't belong to you. You started such a scandal and even shamelessly told me that you have an especially good relationship with your older sister, and you want to introduce us to each other? I just want to know where you got the confidence to do this?”

Gu Xuexue staggered a few steps and couldn't answer!

D\*mn it! She lost face in front of Young Master Ye!

Young Master Ye knew all her scandalous matters!

How was she going to act coquettishly and adorably to muddle through this crisis so that Young Master Ye wouldn't have a terrible impression of her?

However, Gu Qiqi had already ruthlessly given her a verdict. “Gu Xuexue, since you can climb into the bed of your cousin's ex-fiancé, a character like yours is also likely to betray their business partner. Unless my brain is damaged, I won't work with you, don't come and disturb me in the future!”

This powerful verdict completely blocked Gu Xuexue's path to cooperation.

Gu Xuexue's face turned ashen, but the surrounding rich young ladies applauded.

Hmph! She wanted to snatch their male idol, Young Master Ye, but she didn't even ask if they agreed first!

Gu Qiqi scolded Gu Xuexue and felt refreshed. Just as she was about to leave, a series of hurried footsteps suddenly sounded outside the crowd. "Young Master Ye, please wait!"

That familiar voice gave Gu Qiqi a headache.

Gosh, why was that guy here?

"Young Master Bai, long time no see." Gu Qiqi stopped in her tracks helplessly and greeted Bai Lang, who had rushed over, reservedly.

Bai Lang was dressed in a flashy white suit. It was obvious that his tie had been carefully selected. There were actually all kinds of Chinese herbs printed on it. It was playful and interesting.

No one knew that before he left, he found out that Young Master Ye had appeared in Dige Auction House and picked the tie out from thousands more in the tie cabinet at the last minute.

He definitely wouldn't admit that this was specially selected to please Young Master Ye, a genius who loved jade and had strong medical expertise!

Yes, he was just as charming as always. He always dressed up well when he went out.

At this moment, Bai Lang looked at Young Master Ye, who he hadn't seen for a few days, and actually became a little embarrassed for a moment. He even stammered as he spoke. "That... Young Master Ye... Ahem, ahem, ahem, ahem... I..."

He was so nervous that after mumbling for a long time, he still couldn't say anything.

How worrying!

#### **Chapter 954: The Flirtatious Bai Lang Tortures Scumbags (1)**

Gu Qiqi saw that it was about time to go to the cocktail party and waved at Bai Lang. "Bye ~ See you next time!"

Bai Lang became anxious. "Don't! Wait a minute! Young Master Ye, I have something important to discuss with you!"

Gu Qiqi said, "Oh? Something important?"

Apart from flirting all day long (he seemed to have started flirting with men recently), what other serious things could this Young Master have to discuss?

Bai Lang looked righteous. "That's right! It's very important. I want to ask you if you're willing to cooperate with our Bai Clan's Medical Hall to participate in the World Medical Competition together! Cooperate and kill all those old fellows from the Chinese and foreign medical world. Make them raise their hands and surrender!"

Tsk! Not the World Medical Competition again!

Everyone shushed him.

How powerful was Young Master Ye that these pharmaceutical companies were so concerned about him and wanted to cooperate with him?

For a moment, many of those rich young ladies started to busy themselves with making calls. They begged their fathers delicately to quickly invest in a pharmaceutical company!

It seemed that working in a pharmaceutical company was the fastest way to talk to Young Master Ye.

While everyone was busy making calls, Gu Qiqi was sizing up Bai Lang.

Oh, she didn't expect Young Master Bai to be so motivated. He actually came out to recruit talent and compete seriously.

However... she didn't want to have anything to do with Bai Lang, this unreliable guy.

Although she felt a little guilty towards Bai Lang, because she had treated him as Bai Yeyuan previously and thought that he had bullied Little Lemon, and she had always been insulting the wrong person,

she could use other methods to compensate him to make up for her mistake. For example, selling some rare herbs to him to make him rich...

Cooperation?

Forget it!

Gu Qiqi raised her eyebrows. "I'm not interested..."

However, before Gu Qiqi could finish rejecting him...

From the corner of her eye, she saw Gu Xuexue, who was still squeezed into the crowd and refused to leave.

She suddenly changed her mind.

Oh, Gu Xuexue looked like she was gloating. She couldn't let Gu Xuexue get what she wanted.

"Although I'm not too interested, I can consider it." Gu Qiqi changed her words.

Bai Lang was extremely excited. "Young Master Ye, you must consider it carefully. I know that secretly, you're a medical expert. I've invited you to come out of seclusion and made things difficult for you, but our Bai family has too many enemies this time. The strong contender from the Chu clan, Chu Junmo? Dr. Brown from M Nation? Oh, that's right. Also, General Teuton from S Nation actually had the cheek to send a doctor to participate in the competition. That b\*stard old man also had the cheek to send people to assassinate our people every day. He actually came and even said that he was first in medicine and second in war. Pfft, I must definitely defeat such a person in the competition! Also, Chu Junmo is my archenemy. I have to defeat him to death too! As for Dr. Brown... Of course, it's best if I can defeat him. Then, we'll be the best in the world! Young Master Ye, please consider this as a favor. On account of being friends, participate in this with me, okay?"

He was arrogant just now, but now, he was lowering himself.

In order to persuade Young Master Ye to participate, Bai Lang racked his brains and used all kinds of tactics.

Gu Qiqi hadn't expressed her opinion yet.

On the other hand, Gu Xuexue's face distorted slightly and she snorted.

"Being friends? Heh heh, moron, you still don't know, right? Young Master Ye doesn't acknowledge anyone else as his friend at all. His temper is very bad and strange! If you want to build a relationship with Young Master Ye, the outcome will be similar to what happened to me just now!" Gu Xuexue muttered in a low voice. She completely looked down on Bai Lang.

She didn't believe at all that Young Master Ye wouldn't even choose to cooperate with her and would instead cooperate with a licentious young master like Bai Lang.

Gu Qiqi witnessed this scene.

### **Chapter 955: The Flirtatious Bai Lang Tortures Scumbags (2)**

Gu Qiqi remained calm and listened to Bai Lang's persuasion patiently.

From introducing the Bai Medical Hall to analyzing the rules of the World Medical Competition as well as the strengths and weaknesses of the representatives from the various countries... Bai Lang spoke non-stop.

It could be seen that he had indeed put in some effort to show off in this competition.

For some reason, Gu Qiqi was actually a little comforted to see Bai Lang suddenly so motivated and serious.

Oh... It was the kind of relief when she saw that the landlord's stupid son had finally grown up...

She initially didn't want to have anything to do with Bai Lang, nor did she want to frequently come into contact with him, to avoid her identity as a woman being exposed. But when she thought of Gu Xuexue's gloating expression...

What the enemy was unhappy about was what she had to do.

When Bai Lang finally finished presenting a long list of persuasion techniques,

Gu Qiqi nodded concisely. "Yes, okay."

"Good?" Bai Lang was stunned before he became ecstatic. "Young Master Ye, are you agreeing to join our Bai Clan's Medical Hall team? Ah, ah, ah, ah... That's great! I, I, I..."

Bai Lang was so happy that he had the urge to open his arms and hug Gu Qiqi.

Gu Qiqi's lips twitched a few times. She really couldn't accept such enthusiasm.

Yes, Bai Lang was Gong Jue's brother after all. Then, she was Bai Lang's sister-in-law.

Sister-in-law and brother...

It was better to avoid suspicion and not be so intimate.

She took a step back and avoided Bai Lang's passionate hug.

However, Bai Lang was already so excited that he forgot himself. He didn't hug her but simply held Gu Qiqi's hand and shook it desperately. "Young Master Ye, quickly tell me that I'm not dreaming! You really promised me this, right?"

Gu Qiqi was helpless. "Yes, I agree."

Without a trace, she withdrew her hand.

This childish guy. She took back her words just now. He hadn't grown up at all.

He was like a child when he encountered happy things.

Bai Lang suddenly thought of something. "Then, you and I will attend the cocktail party held by the organizing committee tonight, okay? You don't have to change your clothes. You look very handsome in this. Oh... If you want to change, I have an entire dressing room at home with more than a thousand suits for you to choose from... It's fine if the sizes aren't suitable. I have a tailor at home who can alter them for you anytime..."

Bai Lang was incoherent. At the thought that he could appear at the cocktail party with Young Master Ye, he couldn't help but feel excited.

Just thinking about it made him feel especially good.

Gu Qiqi facepalmed.

Oh no. She forgot that her real identity had to participate in the banquet too.

What should she do now?

She couldn't possibly appear at the cocktail party and the competition venue as two different people.

She was worrying about this difficult problem.

Suddenly, among the crowd, Gu Xuexue couldn't hold it back anymore. She pouted and said, "Young Master Ye, why did you agree to cooperate with the Bai family and not with our Shen family? Do you believe Bai Lang, that playboy, with just a few words?"

Bai Lang was unhappy and protested. "Hey, you're a mistress who snatched someone's fiancé. Watch your mouth. I'm not a playboy. I'm clean and honest!"

Hmph! You want to defame Bai Lang in front of Young Master Ye? His combat strength is very strong. He will torture you to death!

Gu Xuexue rolled her eyes. "Heh heh, Bai Lang, who in the entire Imperial Capital doesn't know that you attract bees and butterflies? You're very flirtatious and never do anything serious. Young Master Ye, our Shen family is so sincere that we even gave you the family heirloom jade as a keepsake. The Bai family didn't do anything. Honestly speaking, between him and me, who's more suitable for you?"

**Chapter 956: She's So Small, What's the Point?**

Gu Xuexue's fierce interjection infuriated Bai Lang.

Damn it!

I'm definitely more suitable for Young Master Ye. Is there a need to say this?

His angry gaze landed on Gu Xuexue before he looked at Gu Qiqi pitifully. "Young Master Ye, tell me, who is suitable for you?"

Gu Qiqi's lips twitched from Bai Lang's gaze.

Why did she suddenly feel that she was a heartless person and that Bai Lang was like an abandoned wife?

Wuwuwu, Little Lang, don't be sad. Master Qi will protect you!

Before she could answer...

Bai Lang slapped his forehead. "I nearly forgot! I brought a small gift for you! Didn't Gu Xuexue just give you a piece of black jade? I know. It is so small. What's the use? Look at what I want to give you..."

As he spoke, he snapped his fingers.

A servant immediately walked forward with a heavy box behind him.

"Open it!"

With a command, the exquisite and luxurious gift box slowly opened.

Under everyone's surprised gazes, an extremely large black jade was carved into the shape of a basin and emitted a faint inky glow...

Even Gu Qiqi, who was used to seeing good things, couldn't help but raise her eyebrows.

The surrounding rich ladies exclaimed repeatedly.

"How big! How big!"

In the distance, the men who didn't know the truth looked at each other. Was that playboy Bai Lang and that gigolo Young Master Ye flirting again?

What was so big?

Gosh, could it be that they had revealed that filthy thing that couldn't be seen?

How inhumane!

When they chased girls, they didn't show it as well!

No wonder everyone loved gigolos. Hmph! So, they relied on this!

At this moment, Gu Qiqi looked at the huge black jade basin. Her heart had an indescribable feeling.

She had seen people giving gifts and jade, but she had never seen such a strange and big piece of jade.

Bai Lang was indeed unusual.

Bai Lang proudly introduced it. “Young Master Ye, I know that you famous doctors love to take care of your health, so I specially got someone to carve a basin so that it’s convenient for you to soak in it at night...”

He initially wanted to say that he could soak his feet, but facing such a fair and elegant young master like Young Master Ye, he couldn’t say vulgar words like washing his feet no matter what.

He quickly changed it to “wash your hands”.

The surrounding rich ladies felt dizzy again.

“Gosh, Young Master Bai knows how to flirt better than us! Isn’t this too considerate?”

“That’s right. He is even taking care of Young Master Ye’s slender and fair hands. Why didn’t I think of that? No, I have to go back and knit a pair of gloves for Young Master Ye personally!”

“I’ll get my father’s beauty company to create a hand cream that is specially crafted for Young Master Ye!”

“I... I... I can massage Young Master Ye’s fingers!”

Amidst the passionate commotion, Gu Xuexue was completely ignored!

Yes, she had offered up a precious piece of black jade.

It was also their Gu family’s heirloom.

But who would have thought that once Bai Lang made a move, his gift would be a basin-sized black jade!

The black jade that was bigger than the Gu family’s egg-shaped jade was simply a difference of heaven and earth.

No wonder Young Master Ye was disdainful of that egg-shaped jade from the Gu family.

Gu Xuexue was still clamoring to let Young Master Ye choose one from the two choices for the competition just now. How could she still have the face to let Young Master Ye choose at this moment?

Her face had long been slapped swollen by Bai Lang.

No, it pierced through her face!

She shrank into the crowd. How would she dare to compete with Bai Lang for Young Master Ye again?

Gu Meifeng gnashed her teeth indignantly. “Xuexue, no! We have to snatch the jade back! Otherwise, won’t we be empty-handed?”

### **Chapter 957: Definitely Can’t Scam A Bitch**

Of course, Gu Xuexue’s heart ached for that jade.

Although that piece of egg-shaped jade was small, how many luxury clothes, shoes, and bags could she buy?

It was taken away by Young Master Ye just like that. The key was that Young Master Ye didn't take it seriously and didn't think much of it at all.

How aggrieving!

Gu Xuexue rolled her eyes and whispered into Gu Meifeng's ear in a low voice, "Mommy, don't worry. I'll definitely be able to snatch that jade back. What's the use of Bai Lang currying favor with Young Master Ye? Young Master Ye is a man after all. Could it be that Young Master Ye will take a fancy to this playboy Bai Lang? Young Master Ye will definitely need a woman one day. And this day can completely be predicted within our calculations..."

She had already kept a lot of sleeping drugs in her hands.

She would wait for the appropriate opportunity to feed Young Master Ye a little. Would she still be afraid that Young Master Ye wouldn't fall for her?

As long as she slept with a man, everything would be fine!

Let alone talk about cooperation, even if Young Master Ye slept with her one time and couldn't stop, perhaps he would marry her?

When the time came, she could kick that useless man Mu Liuchuan away and fly away with Young Master Ye. She would be able to hold her head high.

Gu Meifeng listened to Gu Xuexue's plan and it completely suited her intentions.

Only then did her expression improve a little. "Yes, baby, what you said makes sense. As the saying goes, one can't catch a wolf if one can't bear to part with a child. Even if we don't give this jade to Young Master Ye, that d\*mned old man of yours will still give it to that b\*tch Gu Qiqi in the future."

Gu Xuexue nodded fiercely. "That's right, that's right, Mommy. Instead of letting that b\*tch off lightly, why don't we do Young Master Ye a favor? Furthermore, it's not good for us to fall out with Young Master Ye now and get the jade back halfway."

Gu Meifeng muttered to herself, "From the looks of it now, it's good for Bai Lang to cooperate with Young Master Ye. This way, Gu Qiqi won't have a chance of winning the competition! We'll use Young Master Ye to suppress Gu Qiqi first and let her suffer a lot. When she's done making a fool of herself in the World Medical Competition, you can take action to win over Young Master Ye and revive the Shen family so that your grandparents will look at Gu Qiqi in a different light!"

"Yes, Mommy. I'll work hard!" Gu Xuexue puffed out her chest and her confidence recovered bit by bit.

As he spoke, Bai Lang had already extended an invitation to Young Master Ye again. "Young Master Ye, accept the gift. Let's set off for the welcome party now, okay?"

Gu Qiqi muttered to herself silently. Looking at that huge black jade basin, her emotions were also quite complicated.

That black jade basin looked big enough, but in fact, its texture wasn't as good as Grandpa's family heirloom.

It could be said that Grandpa's egg-shaped black jade could completely defeat this black jade basin in seconds.

However, the people present weren't as professional as her in appraising jade stones.

It was just that the material looked similar on the surface. Everyone thought that the big one was the good one. That was why they were amazed by Bai Lang's gift and disdained that small stone from the Gu family.

Gu Qiqi had the intention to take Gu Meifeng and her daughter down a notch and slap their swollen faces. She deliberately didn't expose this layer of reasoning.

The problem now was how was she going to bring home such a big basin?

Faced with Bai Lang's eager gaze, she couldn't accept it or not accept it.

Manager Dige suggested enthusiastically, "Why don't we safeguard it for Young Master Ye?"

Gu Qiqi muttered to herself for a while. "Forget it. Since Young Master Bai is so sincere, why don't you, Dige, help me to auction this black jade basin? In the name of Young Master Bai and me, the proceeds will be donated to the poor children in the Empire who have difficulties in completing their studies. It will help them complete their studies and fulfill their dream of studying."

### **Chapter 958: Getting Ridiculed**

Once Gu Qiqi's decision was out, she immediately received the praise of the entire venue.

Those rich ladies looked at her even more passionately. There was simply a layer of golden mist.

"Ah, ah, ah, ah! Young Master Ye is indeed not a mortal. I knew that he was different from those vulgar men!"

"Young Master Ye is so loving and noble!"

"Young Master Ye is the best man I've seen!"

"Young Master Ye is so handsome that I can't close my legs!"

Gu Qiqi's lips twitched. Ahem, ahem, ahem. Actually, she wasn't that noble. She was just doing Bai Lang a favor conveniently. She wanted to find a suitable place to bury this hot potato quickly!

As for being so handsome that they couldn't close their legs...

Cough, cough, cough, cough. She expressed that if Gong Jue heard this phrase, he would probably be able to press her down and eat her up instantly!

Thinking about Gong Jue and the little boy, she was eager to return.

She didn't want to go to the cocktail party anymore.

"Young Master Bai, go to the cocktail party yourself..."

Bai Lang kept asking nervously, "Aren't you going? Have you not made up your mind about our cooperation yet? Are you going to abandon me, your ally? No, I won't allow it. I won't allow you to leave me..."

Gu Qiqi was speechless. Why didn't she realize that Bai Lang was so clingy in the past?

If Gong Jue was a cold and irritable big dog...

then Bai Lang was simply a clingy little poodle!

"It's not that I don't want to cooperate with you. You have my word. I won't go back on it. Let's meet on time on the day of the official competition." Gu Qiqi said in a low voice.

Bai Lang was a little reluctant. "You'll keep my word then..."

Gu Qiqi was speechless.

It turned out that a clingy small dog was even more difficult to handle than a big dog.

Finally, she sent Bai Lang away.

Gu Qiqi asked Manager Dige about the news from black market.

Manager Dige reported that the news of acquiring Seven Leaf Flower had already been published, but he hadn't received any feedback yet.

After all, the Seven Leaf Flower was a precious medicinal herb. It was also on the verge of extinction in the Empire, so the chances of finding it were minimal. It was said that only in S Nation were there some wild grown ones.

But S Nation and the Empire had always been arch-enemies. It was difficult to import the good things in S Nation into the Empire.

Gu Qiqi also knew that this matter was difficult to handle. She didn't blame Manager Dige but emphasized again that he needed to help her find it on the black market as soon as possible.

She was very generous and gave Manager Dige a considerable tip. Manager Dige was grateful and left.

After settling her business, she changed her clothes and left Dige.

At the door, Qiu Qiu was already somewhat anxious from waiting. "Master, the cocktail party has already begun. We're late!"

Gu Qiqi facepalmed. "Can I not go?"

Qiu Qiu blinked. "Master, there are many experts gathered there this time. Aren't you going to find out about the opponent's strengths? Know yourself and know your enemy, and you will win a hundred battles. You can't underestimate the enemy."

Gu Qiqi was speechless.

Her disciple was becoming more and more good at teaching her, the master, a lesson.

Originally, she was anxious to return home and see the little boy. But she had no choice but to get into the car and go to the cocktail party first.

As she didn't take the cocktail party so seriously, she didn't dress up at all. She was wearing the most ordinary white shirt and jeans. She looked like a pure and innocent student.

As a result, when Qiu Qiu and her entered the venue, they were directly stopped outside the door.

The waiter at the door didn't let them in no matter what.

Qiu Qiu showed the invitation card, but the waiter said arrogantly, "Could it be that it was stolen?"

Qiu Qiu was furious. "Watch your mouth! We're contestants. This is my master, a medical expert who's going to lead a team to participate. Do we need to even steal the ticket?"

The waiter sized up Gu Qiqi, who was dressed simply. He was disdainful and said sarcastically—

### **Chapter 959: Blinding Your Eyes**

"Heh heh, I've seen many poor people like you. Don't you just want to take the opportunity to sneak in and fish for some benefits? Let me tell you, this is an international gathering. You poor students, don't embarrass our Empire!" The waiter was clearly looking down on them.

Qiu Qiu was so angry that he stretched out his hand, ready to beat someone up.

Behind them,

Bai Yingzhu brought Liu Guanghui and the rest into the venue. They encountered Gu Xuexue and her daughter, who had rushed over. The few of them chatted and laughed.

After verifying their invitation letter, Bai Yingzhu came over to watch the fun while gloating. "Hey, Qiu Qiu, you guys were stopped? It's just unlucky to be ugly, right?"

Qiu Qiu rushed to seek help. "Bai Yingzhu, you know that Qiqi has the right to enter, right?"

He thought that although Bai Yingzhu had always been at odds with them, they were from the same school after all. It wouldn't be difficult to prove that they were qualified to enter, right?

He wasn't wrong.

Although Bai Yingzhu was a spoiled little princess...

she felt that it was beneath her to interfere with such a matter.

She was about to say, "These country bumpkins are..."

Unexpectedly, Liu Guanghui looked at Bai Yingzhu with a sinister gaze and said something in her ear.

Gu Xuexue also asked knowingly, "Sister, why did you come to such an occasion? Do you have an invitation letter? It's not appropriate for you to wear this at the cocktail party, right?"

Qiu Qiu frowned and ignored the two of them. He only asked Bai Yingzhu, "Bai Yingzhu, according to your conscience, are Gu Qiqi and I participants?"

Bai Yingzhu reacted and immediately rolled her eyes. She snorted. "Who said that? Why don't I know that the few of you are qualified to enter the venue? Who are you? I'm entering the venue with our Bai Clan's Medical Hall team. Who are you poor people following? Don't tell me that you're prepared to enter to apply to be a waiter!"

Liu Guanghui sized them up sarcastically. "If you haven't attended a cocktail party before, then don't come out and make a fool of yourself! You're dressed like a beggar. How pitiful!"

"You! Aren't you afraid of being struck by lightning when you're lying through your teeth?! My master is indifferent to fame and wealth. If she dressed up seriously, she would blind your eyes!" Qiu Qiu was simply about to explode from anger.

What kind of bullsh\*t classmate was this?

These bastards!

He really couldn't hold it back anymore. He raised his fists high and his fat body was about to rush over without saying a word.

Liu Guanghui was even more pleased. "Come on, hit me. It's best if you can beat me until my face is swollen. Then, you'll be in the headlines tonight and you won't have to participate in the competition tomorrow, hahaha!"

That despicable look on his face was really asking for a beating.

Gu Qiqi gently stopped Qiu Qiu. "Don't reason with a dog. If a dog bites you, you can't bite it back either. It's fine if we don't go into a place with such a dog."

"You, who are you calling a dog?!" Liu Guanghui had lost to Gu Qiqi in the school tournament. He was already holding back his anger in the first place. At this moment, he finally seized the opportunity to see Gu Qiqi fall into a disadvantageous position. She was being bullied by a waiter and he hadn't seen enough of the fun yet. Thus, he refused to give in.

Gu Qiqi said lightly, "I'm sorry, I said something wrong."

Liu Guanghui was pleased. Heh heh, it was really satisfying for Gu Qiqi to admit her mistake!

However, in the very next second, Gu Qiqi raised her eyes coldly. "I was wrong to use such a loyal and adorable creature like a dog to describe a beast like you who's inferior to pigs and dogs! I'm really aggrieved."

Qiu Qiu said, "Hahahaha! Master is wise! Master is formidable! The dog looks so pitiful, hahahaha!"

Liu Guanghui was speechless.

Why was this d\*mned person's mouth so sharp? Her vicious tongue was simply invincible!

### **Chapter 960: Who Is The Real Princess?**

Liu Guanghui racked his brains and was prepared to say something to humiliate Gu Qiqi.

Gu Qiqi didn't plan to continue fighting at all. She turned around and wanted to leave. She couldn't be bothered to talk nonsense with Liu Guanghui and the rest at all.

Qiu Qiu was still a little reluctant and kept making calls. "Oh my, Young Madam or Young Master should answer the call. Xiaolan, I understand that you were taking care of Dad at home today, but Bei Mingtian, you entered first. Why aren't you answering the call? Otherwise, you can come out to fetch us..."

Unfortunately, the call was busy and no one picked up.

Gu Qiqi's footsteps had already gone down the steps. Her voice became more serious. "Qiu Qiu, if you don't leave now, I'll leave first!"

Qiu Qiu had a long face and could only follow.

Oh, what happened to the International Meeting where famous doctors gathered?

He still wanted to get an autograph from Dr. Brown. He heard that Dr. Brown's daughter was especially beautiful. He even wanted to ask for a photo with her...

Everything was ruined!

As he was feeling depressed, suddenly, a warm and steady voice called out from below. "Qiqi, why aren't you going in?"

Qiu Qiu's eyes lit up. "Great CEO Chu!"

Gu Qiqi couldn't help but look back. "Brother Chu?"

Chu Junmo rushed out of the banquet hall in the presidential palace. He strode down the steps with his long legs and walked to Gu Qiqi. "Did you forget to bring an invitation card? I'll bring you in."

Before Gu Qiqi could speak, Qiu Qiu complained indignantly, "CEO Chu, those fellows are looking down on us! We clearly showed our invitation cards but they didn't let us in. They actually said that our invitation cards were stolen. I'm so angry!"

Chu Junmo gradually frowned.

His originally pleasant expression towards Gu Qiqi turned cold and he turned towards the waiter.

He lowered his voice and said authoritatively, "Are you the one who stopped Qiqi from entering?"

Qiu Qiu immediately felt that he had someone supporting him. He straightened his back and added fuel to the fire. "That's right, that's right. They even said that our Qiqi is poor and isn't fit to enter the banquet hall!"

The waiter realized that the situation wasn't right.

Originally, with Bai Yingzhu and the rest as witnesses, especially since Bai Yingzhu was the famous little princess of the Bai family, he still felt that it was quite reasonable for him to stop Gu Qiqi and that he was especially righteous. But now, the famous CEO Chu Junmo actually spoke up for Gu Qiqi.

He finally felt that something was wrong.

He seemed to have made a mistake!

What was Bai Yingzhu? CEO Chu didn't even take a look at her!

This Young Lady Qiqi was the real princess, right?

He was really blind. He actually treated the real princess as Cinderella and nearly drove away the real princess!

The waiter immediately broke out in cold sweat and changed his words. "No, no, no. It's a misunderstanding. I was wrong. I was wrong! I'm sorry!"

He bowed nearly 180 degrees and apologized to Gu Qiqi and Qiu Qiu.

Chu Junmo was already completely angry.

The girl that he had always cherished was actually being discriminated against and bullied by a waiter. He definitely couldn't tolerate it.

He said coldly, "It seems that it's time to teach the person under Gong Sheng a lesson. He actually looks at people with disdainful eyes. Isn't this presidential palace too poorly managed?"

After speaking, he looked at Secretary Jiao lightly.

Secretary Jiao understood and immediately walked to the side to make a call.

In less than ten seconds, someone from the presidential palace in uniform came over sternly and dragged the waiter away.

They reckoned that he must have lost his job. No one knew what other punishments he would face.
