

Dear Chief 961

Chapter 961: The Shocking Nanny Van

This waiter was punished so severely just because he offended a young guest.

The other waiters standing nearby were all frightened like birds. They were panic-stricken and secretly rejoiced that they didn't participate in humiliating Gu Qiqi just now.

Indeed, one could not judge a book by its cover in society!

They should be more honest and not suffer a loss.

Chu Junmo helped Gu Qiqi and Qiu Qiu. He turned around and said happily, "You're already here. Don't let those scumbags affect your mood. Let's go in and have a drink to chat."

In the eyes of someone of his status, an international gathering with famous doctors was nothing.

What he was more concerned about was getting close to Gu Qiqi and chatting with her.

His suggestion sounded really comforting.

Qiu Qiu couldn't help but squint and agree immediately. "Okay, okay, okay! Master, let's go? CEO Chu is too approachable! I've never drunk with a big shot like CEO Chu before!"

Beside him, the corners of Chu Junmo's secretary's lips twitched slightly. The words "approachable" really didn't suit my chairman. You don't know him too well. You didn't see the chairman's decisiveness in killing others... Perhaps, only in front of Young Lady Qiqi would the chairman reveal such a gentle and gentlemanly side, right?

Gu Qiqi hesitated slightly. "Brother Chu, I..."

She was no longer interested in attending the cocktail party today.

Chu Junmo suddenly stretched out his hand and gently lifted a stray strand of hair by her temples to help her tuck it behind her ear.

This kind of gentle action was simply unique to him, who had always been calm!

In the very next second, he said lightly, "Qiqi, come. Let's change our clothes and go in to have fun."

After speaking, he instructed Secretary Jiao. "Drive the nanny van over."

Gu Qiqi was puzzled. She was invited into a very big nine-seater car by Chu Junmo!

In the past, she had only seen celebrities' nanny cars on television. It turned out that sitting in it was so comfortable.

It was completely different from Gong Jue's Number 1 and its domineering aura. This kind of celebrity nanny van had a warm and gorgeous homely style.

There was actually a comfortable velvet sofa, a bar counter, and a massage chair inside... What was most shocking was the row of shiny clothes hangers in the backseat!

There were exquisite evening gowns hanging on it!

Gu Qiqi was speechless.

Who could tell her why Chu Junmo, who usually wore a long high-quality sky-blue suit, had such an exaggerated, luxurious, and... feminine nanny van?!

Seeing Gu Qiqi's suspicious gaze, Chu Junmo knew that she had misunderstood.

He curled his lips slightly and said slowly, "This was prepared for you, Qiqi."

Ever since he heard that Gu Qiqi had attended Old Master Gu's birthday banquet in a simple white shirt, he had instructed his subordinates to buy this most luxurious nanny van.

In the Empire, this car was usually reserved for top female superstars.

Usually, it was used to touch up their makeup, change their clothes, and rest when they were on an assignment or filming a movie.

He bought a car and even got the most top-notch designer to customize a batch of evening gowns, shoes, and even matching jewelry according to Qiqi's body size. Everything was prepared and stored in this nanny van.

It was all so that one day, she would be able to use it at a last minute banquet.

But he didn't expect that this day would come so quickly.

He was very pleased to have the chance to help her!

Chapter 962: Shocking the Crowd

"Wow!"

Qiu Qiu was stunned by this set of evening gowns.

"Master, this is the treatment deserving of a heavenly queen! CEO Chu treats you too well, right? He's so thoughtful. If I were you, I would want to marry him!" Qiu Qiu was a straightforward person. He said whatever he thought.

Gu Qiqi felt very embarrassed.

Chu Junmo was in a very good mood. He glanced at Qiu Qiu lightly and thought to himself that this little fatty was quite eloquent.

Just as Qiu Qiu spoke, he suddenly felt that something was wrong. "Hey, you can't. CEO Chu, no matter how good you are, you can't do it. My Master can't let down Mistress..."

Gu Qiqi was even more embarrassed.

Chu Junmo's smile disappeared and his tone became colder. "Classmate Qiu Qiu, she needs to change her clothes, you can leave. Go further away."

This brat who didn't know how to talk! He had to chase him out!

But... who was the "Mistress" that the brat was talking about?

Could it be that violent man Gong Jue?

At the same time, "Mistress" Gong Jue, who was in the hospital, sneezed. "Who's slandering me?!"

At Chu Junmo's insistence, Gu Qiqi closed the car door and selected an evening gown.

She didn't like clothes that were too cumbersome. She casually picked up a simple white evening gown. The hem of the dress was decorated with blue diamonds. They were speckled and were just right.

After changing into her gown, she gently tied up her long hair in the mirror and used a few pearl hair clips.

Gu Qiqi pushed open the car door and stepped out lightly in a pair of pearl-white high heels.

Then, she supported herself with her small hand against the car door and bent down to get out of the car slowly.

In an instant, Chu Junmo felt that the entire night sky had been lit up by her.

He was stunned for a while before he stretched out his hand. He held Gu Qiqi's arm and guided her towards the hall. "Qiqi, you're very beautiful."

Gu Qiqi pursed her lips playfully. "It seems that I have to perform well in the competition in order to return the money from sponsorship."

Chu Junmo curved his lips. "You're the one who accentuated this normal outfit. With your beauty, these luxurious clothes aren't worth a single cent."

Behind her, Qiu Qiu held a small book and remembered Chu Junmo's words seriously.

Damn it. It turned out that CEO Chu was so good at flirting. He spoke as if he was reciting a poem and praised people as if he was writing an article. I must remember these lines well. Perhaps, I can use them in the future.

In the presidential palace's international banquet hall, the welcome cocktail party had long begun. Famous doctors from all over the world gathered. Gu Qiqi would meet a big shot every three steps.

There were also many people from the Empire's high society who attended.

Those big companies and families in the pharmaceutical world even squeezed to show their faces at this banquet.

For a moment, everyone was dressed beautifully and there was a commotion. It was very lively.

Suddenly, the crystal carved door in the hall opened slowly.

Everyone thought that the president had arrived late.

They didn't expect to see CEO Chu slowly walk through the door with a beautiful girl.

Immediately, the hall fell silent.

Everyone stared at that girl who was walking leisurely!

Under the contrast of the white dress, the girl's beautiful and cold face looked especially beautiful.

With every step she took, the small diamonds on her dress were like the starry sky on the ground. The wind surged and the stars shone.

Such a low-profile and simple long dress actually gave off a handsome and gentle aura when worn by the girl. It made everyone unable to take their eyes off her. They couldn't help but watch her take the next step, the next step, and the next step... Every step was so beautiful and smooth. It was extremely comfortable to watch!

Chapter 963: A Scumbag Was Getting Rid of Her!

The girl gradually approached.

Amidst the silence, exclamations gradually erupted.

Beautiful!

How beautiful!

Under the contrast of her long, low-key dress, the girl's small face became even more dazzling.

Her long and deep eyes were smiling without saying a word. It was intoxicating.

Her small cherry lips parted slightly, making people want to hear her. What was she going to say?

In front of her, even the most rich and luxurious noblewomen felt inferior. Those big shots who boasted that they had seen the world secretly exclaimed that there was a beauty in this world that they had never seen before.

Everyone couldn't help but ask secretly, "Who is this girl? Which family is she from? Why haven't we seen her before?"

In the crowd, Bai Yingzhu, Gu Xuexue, and the rest were gloating over Gu Qiqi's humiliation by the waiter. They didn't even give her an invitation letter. At this moment, everyone's exclamations made them glance at the entrance of the hall. They were immediately stunned!

That woman was Gu Qiqi?

That elegant and noble woman was Gu Qiqi?

How was that possible?

A few minutes ago, Gu Qiqi was still wearing a shabby shirt and jeans. She was rejected by the waiter as a poor student.

Could it be that this expensive evening gown fell from the sky?

"It's CEO Chu!" Bai Yingzhu gnashed her teeth. "Hmph! Do you think that by currying favor with CEO Chu, you can fly up and become a phoenix?"

Gu Xuexue also said sourly, "Sigh, Sister really doesn't love herself. First, she seduced Master Jue, then she seduced CEO Chu. She's really embarrassing our Gu family..."

Although she said that, she was already going crazy with jealousy.

If there was a chance to be so outstanding and flashy, she would rather use the Gu family to be so glorious for once.

Unfortunately, no man in this world was willing to support her in such a glorious manner.

Unless Mu Liuchuan was willing to marry her in a grand manner... Unfortunately, the Mu family hadn't given her a definite answer yet...

Gu Xuexue spoke sourly. Her eyes reddened and she secretly clenched her fists.

Gu Xuexue thought that no one would expose her for slandering Gu Qiqi like this. Unexpectedly, someone behind her heard her and retorted indignantly—

"Gu Xuexue, why are you always lying through your teeth at such a young age? When did Gu Qiqi seduce Master Jue and Chu Junmo? She's participating in the World Medical Competition this time and was invited by Chu Junmo to form a team together. What's so strange about partners appearing together?" Bai Lang raised his wine glass and squinted his pair of amorous eyes as he looked at Gu Xuexue in disdain.

Although he didn't get along with the little demon, he couldn't tolerate someone talking about Gong Jue like this.

Gong Jue was his good brother. If Gu Xuexue's words spread, it would seem like his good brother had been cuckolded by a vixen.

Damn it!

Thus, Bai Lang didn't hesitate to retort Gu Xuexue.

Gu Xuexue had been insulted by Bai Lang in the Dige Stone Gambling Hall just now. At this moment, she was forced to the point of being unable to retort Bai Lang. Her expression was so ugly that she was ashamed.

Why was this annoying playboy everywhere?

This playboy clearly didn't get along with Gu Qiqi previously. Why was he speaking up for Gu Qiqi now? How infuriating!

"Yingzhu, your uncle is so fierce." She could only seek help from Bai Yingzhu.

Bai Yingzhu also didn't dare to cause trouble in front of Bai Lang. "Enough, cut it out! My uncle just invited Young Master Ye to join his team and is very happy. Don't provoke him!"

Gu Xuexue became even more depressed!

Bai Lang snatched Young Master Ye away from her! He snatched him away!

Today was really an unlucky day for her...

Chapter 964: Women Are Lower Than Men

Clearly, the heavens were prepared to let Gu Xuexue suffer more.

Not only was Gu Qiqi's stunning appearance not affected by the rumors that Gu Xuexue was trying to create, but it also attracted the attention of many big shots in the pharmaceutical world.

Such a young girl was actually qualified to participate in the World Medical Competition.

Everyone was very interested in Gu Qiqi!

Chu Junmo brought Gu Qiqi to socialize in the venue and introduced her to a group of seniors.

These were resources and connections that ordinary people couldn't ask for.

It could be said that without a guide, it was simply difficult to get to know these people.

But in the end, she had to have her own strength.

As Gu Qiqi's medical expertise was solid, these people were interested in Gu Qiqi from the beginning. On account of Chu Junmo, they chatted with her. In the end, the conversation couldn't be stopped. This girl was filled with talent!

She was simply capable of the most advanced projects in the medical world.

Initially, everyone was only attracted by her beautiful appearance and socialized with her because of Chu Junmo. Later on, they were completely convinced by Gu Qiqi's talent and charm.

The leading professors from several countries surrounded Gu Qiqi and chatted enthusiastically.

Even if there was a language barrier, he still had to chat with her using translation and gestures.

"Bitch!"

Seeing that Gu Qiqi was so popular, Gu Xuexue gnashed her teeth so hard that they were about to shatter!

She used the Shen family's invitation to attend the cocktail party today simply to seek torture.

Why did this d*mned Gu Qiqi have to deter her from success no matter where she appeared?

Did anyone in the venue hate Gu Qiqi?

As she was thinking about this, she saw that at the other end of the cocktail party, a skinny young man with an exaggerated hooked nose was also surrounded by people. He looked at Gu Qiqi in disdain and said something in a foreign language.

Gu Xuexue didn't understand, but from that person's gaze and expression, she acutely determined that that person's attitude towards Gu Qiqi was very unfriendly!

The enemy of an enemy was a friend.

Gu Xuexue became excited. "Yingzhu, can I borrow your translator?"

"Go ahead!" Bai Yingzhu pointed at the translator beside her indifferently.

Gu Xuexue brought the translator closer to that person.

After chatting for a while, she found out that that person's name was Luseff. He was from the Empire's opposing country, S Nation.

As the World Medical Competition emphasized the concept of peace with no boundaries, the doctors in S Nation had the chance to show their skills in the Empire.

Of course, they definitely wouldn't let them leave the competition venue even by half a step, under the strict monitoring of the Empire's presidential palace.

Gu Xuexue deliberately praised Gu Qiqi in front of Luseff. In the end, Luseff indeed snorted. "What future can a woman have?! I never thought that a woman could be a doctor. A woman's IQ, strength, reaction speed, decisiveness, and operating standards are all low-grade. They can't be compared to a man at all. What famous female doctors, they are all nonsense! Heh heh, other than warming my bed, it's more appropriate for a woman to be a nurse!"

Luseff was clearly a man who looked down on women.

However, Gu Xuexue seemed to have forgotten that she was also a woman and happily chimed in. "That's right, that's right. Actually, I think that everyone's evaluation of Gu Qiqi is a little untrue. Sigh, it's a pity that no one likes to tell the truth like you, Mr. Luseff."

Luseff snorted coldly. "Hmph! When we reach the competition venue, a woman like Gu Qiqi can only be suppressed by me!"

Chapter 965: Lose to a Woman

Luseff's bold words were translated and conveyed just in time to be heard by the passing Qiu Qiu.

Qiu Qiu took two glasses of champagne and prepared to serve them to Gu Qiqi and Chu Junmo.

Halfway through, Qiu Qiu heard that someone actually said that he could suppress Qiu Qiu's Master in the competition?

Damn it! Unacceptable!

Master could only be suppressed by Mistress!

He wanted to sharpen his knives for his Master!

"Hey, foreign dog, why are you barking?" Qiu Qiu didn't stand on ceremony and directly insulted Luseff.

Gu Xuexue hurriedly stopped him. "Qiu Qiu, don't be rude!"

"What bullsh*t foreign guest? They actually have the guts to come to our Empire to preach nonsense about women being inferior to men. I think their country is about to be destroyed, right? Without a woman, who will give birth to your child and who will raise you? He even dares to look down on women?!" Qiu Qiu was furious.

After hearing the translation, Luseff replied arrogantly, "Empire's short and fat man, if you're willing to be suppressed by a woman for the rest of your life, do as you please! The men in S Nation are all kings who enslave women. You're dissatisfied? If you're dissatisfied, come and fight me!"

Qiu Qiu was speechless.

He wanted to fight!

However, that foreigner was skinny and had a hawk nose. He was two heads taller than Qiu Qiu and had a bodyguard behind him.

No matter how impulsive Qiu Qiu was, he knew that he couldn't cause trouble for Gu Qiqi like this.

He stomped his feet and crawled into the crowd. He walked to Gu Qiqi and said, "Wow— Master, I got bullied by some guy from S Nation, he called me a short and fat man! He even said that women were not qualified to be doctors..."

The words that followed were too vulgar. Qiu Qiu couldn't say them out loud.

However, as he spoke, he stole a glance at Chu Junmo.

He was clearly talking to Gu Qiqi, but his voice was directed at Chu Junmo, afraid that Chu Junmo wouldn't be able to hear him.

He had a plan!

He thought that if he complained like this, CEO Chu would definitely stand up for her since he doted on Master so much.

As long as he could instigate CEO Chu to take care of that b*stard... Heh heh, he and his Master wouldn't have to spend any effort to defeat the enemy.

Hahahaha, wasn't Qiu Qiu very smart?

Indeed, Chu Junmo's face turned cold and he said unhappily, "Which country's b*stard actually dares to say such uncultured words? I'll suggest to the organizing committee to remove him immediately!"

Gu Qiqi squinted and held onto Chu Junmo's hand, which was about to dial a number. She said softly, "Wait a minute."

She looked up.

She met Luseff's provocative gaze.

"A doctor from S Nation, right?" Gu Qiqi muttered.

Wasn't S Nation the country that had always been targeting Gong Jue and trying to assassinate him? Could it be that people from the country had hurt the boy?

Indeed, even the doctors from S Nation participating in the competition weren't good people. That country was really terrible.

“Qiqi, let me do it. I’ll handle this kind of scumbag. Although it’s not good to kill him in the Empire, I’ll definitely make him get eliminated without having to participate in the competition!” Chu Junmo said in a low voice.

Gu Qiqi shook her head lightly. “No.”

Chu Junmo looked at her in confusion.

He knew that she was kind and soft-hearted. She hated it when people insulted women.

Furthermore, this person kept bullying her and her disciple. Would Qiqi tolerate such a person?

He didn’t believe it.

Indeed, in the very next second, Gu Qiqi curved her lips. “It’s too easy for him to be eliminated or killed. I want him to have a taste of being ruthlessly crushed by a woman he looks down on. Yes, to be defeated by me, I believe that he would rather die than live, right?”

Chapter 966: An Unexpected Piece of Good News

Chu Junmo raised his eyebrows.

He suddenly remembered that when he met Gu Qiqi for the first time back then, in order to help her tide through the difficulties of having her application changed for the college entrance examinations, he had secretly negotiated with the principal of the Empire Military Medical University to let her enter the school directly.

But he never expected that such a “kind” arrangement would cause rumors to spread.

Everyone thought that she entered the school based on her relationship with a financier and that her own strength and level were not up to standard.

That matter could be considered a classic example of doing something bad out of kindness.

At this moment, he and Gu Qiqi were facing a similar situation once more!

If he still interfered like that and expelled Country S’s Luseff, then Luseff would definitely spread the news that the Empire was bullying him and that they did not give him a chance to compete fairly.

When the time came, even if Gu Qiqi won the award, it wouldn’t be glorious.

There might even be rumors that she was afraid of Luseff and that a woman’s medical expertise couldn’t beat a man’s. Thus, she secretly caused trouble and eliminated him.

Since that was the case, why don’t they do as Gu Qiqi said? Let them fight with real weapons. The winner will be honored and the loser will be the bandit!

However...

Chu Junmo’s gaze became more complicated. That Luseff was said to be the young doctor that General Teuton doted on the most in S Nation. He was famous in S Nation and was at his peak.

Could Gu Qiqi really beat the other party?

Gu Qiqi pursed her lips. "We'll know if we can win once the competition starts!"

Halfway through the banquet,

the organizing committee came out to announce that while everyone was here, they would draw the order of the competition on the spot.

As there were too many teams in this world, there were a total of three competition groups.

Each of the three groups would have a group champion to participate in the final showdown. Therefore, there would be many champions for the World Medical Competition.

Tonight's drawing of lots was to choose which competition group each team was in.

Everyone prayed that they wouldn't draw Professor Brown's group.

Because Professor Brown from M Nation was recognized by almost everyone as a world-class pharmacist.

He was superb at using traditional and modern Western medicine. He was even very familiar with Chinese medicine.

In the previous World Medical Competitions, as long as he joined it, he would basically be in first place.

Secondly, everyone prayed that they wouldn't be in the same group as Luseff from S Nation.

Luseff was dark and cunning. They didn't know if he would cause trouble for his opponent during the competition. He always made people uncomfortable.

But Gu Qiqi did not have the same thoughts as everyone else.

She wanted to be in the same group as Professor Brown, but she also wanted to be in the same group as Luseff.

Because the former could let her spar with an even more outstanding and great pharmacist.

The latter could let her feel the pleasure of crushing a scumbag!

The lottery box was handed to everyone.

Gu Qiqi drew out a Number Two, which meant that she was in the second group.

Not far away, she heard Bai Lang shout excitedly, "Young Master Ye and I are Number One, Number One!"

Three black lines appeared on Gu Qiqi's forehead. When would this licentious young master get to the main point?

He was afraid that no one in the world knew that he and Young Master Ye belonged to the same team.

However, it was fortunate that Bai Lang drew Number One. Otherwise, it would be troublesome if he drew Number Two too.

She would have to join both sides. Could it be that she had to fight with herself in the competition?

Soon, S Nation pulled out their number as well. "Number 2!"

Gu Qiqi raised her eyebrows. Okay, I'll wait to fight with you!

She would fight Luseff head-on as Gu Qiqi.

Professor Brown didn't appear tonight. A staff member helped draw lots. The final outcome was Number 3, which was the third group. Gu Qiqi wasn't fated to meet him in the preliminary round.

It seemed that she could only strive for a spar with him in the finals.

Just as she was thinking about it...

The organizing committee announced another piece of good news!

Chapter 967: A Chance to Awaken The Little Boy!

"In this year's competition, according to the usual practice, every participating country will provide a national treasure as a prize. We have divided the national treasure into three parts too. They will be won by the champions of the three different groups!"

Gu Qiqi didn't care much about these treasures and didn't listen very carefully.

However, she never expected that there would be good news among these treasures!

An important phrase suddenly popped up from a long list!

"Seven Leaf Flower!"

Gu Qiqi's expression turned cold. She grabbed Qiu Qiu and asked, "Did you hear what the organizing committee said about the reward just now?"

Qiu Qiu nodded fiercely. "Master, I've written it down in my small book. These prizes are too attractive. Look, there's the thousand-year-old wild ganoderma provided by our own presidential palace, the five-hundred-year-old wild flower ginseng provided by M Nation, and..."

Gu Qiqi didn't have the patience to listen to him read them out one by one and asked directly, "Which country provided the Seven Leaf Flower?"

"Yes, S Nation! Tsk, they're so petty to provide just a blade of grass! I represent everyone to look down on them!"

"Which group did the Seven Leaf Flower get allocated to?"

"I think it's the first group. Master, the first group has nothing to do with us. We're the second group. Do you want to hear the reward for the second group...?"

Gu Qiqi was already in deep thought.

Who said that it had nothing to do with her!

The first group included Bai Lang and Young Master Ye.

Young Master Ye was her. She was Young Master Ye.

It seemed that Young Master Ye had to work hard. He had to win the group championship.

In order to awaken the little boy as early as possible, she had to obtain the Seven Leaf Flower as soon as possible.

S Nation was the only country that Seven Leaf Flower had appeared in. If she missed this opportunity, she would have to go far away to S Nation to find it. Not only was S Nation filled with dangers, it was difficult to find the Seven Leaf Flower as well.

Oh, Young Master Ye initially wanted to only be a bystander. Gu Qiqi didn't expect that he would have to do his best this time.

It was really letting that Bai Lang off so easily. He allowed the Bai Clan Medical Hall to follow Young Master Ye to the championship stage.

Upon learning that there was actually a Seven Leaf Flower among the competition prizes, Gu Qiqi couldn't help but feel a little lucky.

Fortunately, she didn't agree to Chu Junmo chasing away the doctor from S Nation just now.

Otherwise, if Luseff took Seven Blossom Leaves away, she would miss her chance to save the little boy again!

This time, not only was she going to defeat Luseff, this arrogant and disdainful b*stard in the second group, she also had to personally win the Seven Leaf Flower that Luseff brought over in the first group.

She would make him empty-handed and suffer a crushing defeat!

Gu Qiqi's mood improved. She even drank two more mouthfuls of champagne and clinked glasses with Chu Junmo to celebrate.

Amidst his flashy clothes, Bai Lang also raised his wine glass and toasted with everyone everywhere. He was delighted.

The two of them accidentally brushed past each other.

When Bai Lang saw that it was Gu Qiqi, he couldn't help but pout smugly. "Little vixen, I'm in a good mood today, so I won't go against you! I won't bicker with you either!"

He had obtained Young Master Ye's cooperation. At this moment, he felt that the entire world was especially lovely.

Of course, he didn't despise Gu Qiqi as much as he usually did.

Gu Qiqi curved her lips meaningfully. "I'm in a good mood today too, so I won't bicker with a childish person like you."

Otherwise, I'll let Young Master Ye ignore you, not form a team with you, and not win the championship for you in the future. I'll let you cry to death!

Bai Lang was speechless.

Why did he feel that there was something he couldn't understand in that little demon's evil smile?!

It was as if the little demon had something on him. Why was she laughing so wickedly?!

Bai Lang couldn't help but shiver. He felt that he must have drunk too much.

In fact, when he stared into Gu Qiqi's eyes, he actually saw Young Master Ye's pair of beautiful eyes...

He was really in too deep...

Chapter 968: Gong Jue's Jealousy Level Was About to Explode

She didn't expect to obtain the whereabouts of the Seven Leaf Flower that she had been looking for at this cocktail party.

When Gu Qiqi returned to the hospital, the corners of her lips curved up.

She opened the door. Only a bedside lamp was lit in the dark ward. She saw Gong Jue wearing a shirt and lying halfway on her hospital bed. He was holding a pocket watch in his hand as if he was looking at the time. But when she walked closer to take a look, he was actually asleep?

"Could it be that he fell asleep waiting for me?" She chuckled and squatted down to touch his long eyelashes.

Gong Jue's eyebrows twitched and he woke up immediately.

His gaze shot over dangerously. "Why are you so late?"

Gu Qiqi licked her lips. "I found the Seven Leaf Flower. I'm so happy. The boy can be saved..."

Gong Jue frowned even more. "Have you been drinking?"

A faint smell of champagne escaped from her lips and teeth. There was a trace of an alcoholic fragrance.

Gu Qiqi laughed foolishly. "No, I just... drank a little..."

She was already a little drunk.

Gong Jue stood up coldly and hugged her by the waist. "You came back late and even drank alcohol. Also... What are you wearing?"

Gong Jue regretted giving her too much freedom. He had been hesitating the entire night about whether to call her and ask her to return quickly.

Until he unknowingly fell asleep on her bed, ultimately, he didn't call her. He wanted her to have fun outside and knew that she would know her limits.

But... what did that stupid woman do?

She actually changed her clothes outside?

The hem of this expensive white evening gown was laced with diamonds. One could only imagine the value of these real diamonds.

This stupid woman had always been simple and frugal. She definitely wouldn't take the initiative to buy such a gown.

Then, who gave her this dress?

He didn't think that her fat disciple would have such taste and spending power.

Gu Qiqi had yet to realize the impending danger.

She was dizzy and cute. She smiled as she spoke. "Oh, my clothes. I changed them at the cocktail party..."

"Who gave it to you?!"

"Oh, Brother Chu gave it to me. Does it look good? Do you think it looks good?"

Brother Chu?!

Gong Jue's anger surged.

He knew that Chu Junmo was up to no good.

That guy wanted to sponsor Gu Qiqi to participate in the competition. He was definitely taking the opportunity to curry favor with her.

If Gong Jue had known earlier, he would have accompanied that stupid woman to the cocktail party tonight!

He was furious. This stupid woman actually dared to ask if it was nice!

Gong Jue said, "It's so ugly! It's not nice at all!"

Gu Qiqi was unhappy. "How is it not nice? At the cocktail party, everyone came to look at it. They said that this dress is like a starry sky and is extremely beautiful. Brother Chu even said that it looks like a bridal dress..."

The word "bridal" ignited Gong Jue's jealousy!

That shameless Chu Junmo was actually fantasizing that his own woman was Chu Junmo's bride?

Unacceptable!

He couldn't take it anymore!

If he tolerates it further, he's going to be a cuckold!

Gong Jue gnashed his teeth. His eyes burned with anger. His big palm stretched out to Gu Qiqi's back. With a loud sound, the expensive evening gown on Gu Qiqi was immediately torn into two by Gong Jue!

The gauze and satin were torn to pieces on Gu Qiqi's body. She was half-naked and this sight instantly made people's imagination run wild!

Gong Jue's Adam's apple bobbed. He suddenly felt that the fire in his heart seemed to be burning towards his lower abdomen.

Damn it!

He seemed to have ignited his own evil flames.

However, Gu Qiqi didn't have any sense of danger. Her small hand kept tugging at those fragments of clothing and pulling them down. "Oh... I feel so uncomfortable... It's in the way... I'm going to sleep..."

Chapter 969: She Touched Something She Shouldn't Have

Due to the alcohol, sleepiness surged in her. She couldn't wait to strip naked and sleep.

Gong Jue's eyes stared intently at her actions. Blood flowed from his nose unexpectedly...

Stupid woman, you're testing my willpower!

The scene in front of him made Gong Jue unable to control himself. His heart felt like it was being scratched until it was about to explode.

He took a deep breath and kissed Gu Qiqi ruthlessly!

"Ah!"

However, before Gong Jue's kiss could continue...

Gu Qiqi suddenly burped.

Gong Jue realized that the situation wasn't right and quickly moved away!

In the very next second, Gu Qiqi vomited uncomfortably!

"Oh!"

She had drunk too much champagne...

Gong Jue's face darkened. Stupid woman, you deliberately want me to be traumatized when kissing you for the rest of my life, right?

He gnashed his teeth as he stood there. The veins on his forehead bulged.

Gu Qiqi was still in a daze and didn't know what to do.

Oh, her stomach felt so uncomfortable. If only there was some ice cream that she could bite down on and cool her mouth...

Thinking about this, Gu Qiqi stretched out her hand and casually waved it in the air a few times.

She looked like she was fumbling around in the fridge for food like she usually did.

After a while,

"Oh, I'm so happy. There's something delicious to eat..." She muttered.

Eh? Why couldn't she take it?

Could it be that... it was frozen to the inside of the fridge?

Oh, that was possible!

Gu Qiqi's vision was blurry as she thought in a daze.

Thus, she exerted more force and wanted to pull that ice cream from the fridge.

Who would have thought?

It didn't move!

Not only was she unable to move it, but as she kept pulling on the ice cream, the ice cream seemed to freeze even harder!

Forget it...

No more ice cream...

Gu Qiqi complied and didn't force it.

Little did she know that Gong Jue was already in a dilemma!

He watched as Gu Qiqi's small hand actually grabbed his Little Gong Jue and pulled it around.

Originally, he had felt a little good being held by her, but she suddenly stopped.

He moved her small hand to let her continue, but he realized that a certain stupid woman's face had already tilted and she had already fallen asleep!

Gong Jue was about to go crazy!

His Little Gong Jue was in an uncomfortable position in her hands.

But she fell asleep heartlessly?!

Gong Jue went crazy for a long time before he finally sighed. "Did I owe you something in my previous life?!"

He held the stupid woman's small hand helplessly and helped her complete the follow-up actions that should have been done by her...

After a while, Gong Jue snorted and ended it.

He carried the carefree little woman to the bathroom for a shower and changed her clothes to clean and soft pajamas. After covering her with the blanket, he took a cold shower on his own.

After washing up, he looked at the tattered evening gown on the floor and the displeasure in his heart surged again.

Damn Chu Junmo!

The guy who took advantage of the situation!

Chu Junmo took advantage of his absence to curry favor with that stupid woman and buy her clothes. What else did he do?

Just as Gong Jue was feeling angry, Gu Qiqi's phone suddenly rang.

He was about to decline the call to avoid disturbing Gu Qiqi.

Suddenly, he saw the words “Brother Chu” on the screen.

That shameless guy actually dared to call her?!

Gong Jue’s eyes turned cold and he picked up the call.

Chu Junmo’s steady voice traveled from the receiver. It was like a top-notch magnet that had been polished for a thousand years. “Qiqi, are you home? You didn’t let me send you home, I’m a little worried about you...”

Gong Jue exploded when he heard the word ‘Qiqi’.

Upon hearing the word “worried”, he couldn’t help but laugh coldly. “Chu Junmo, you have the time to worry about my woman. Why don’t you worry about whether you can see the sun tomorrow?!”

Chu Junmo was caught off guard as he heard Gong Jue’s voice through the phone.

After being slightly stunned, he reacted. “Where’s Qiqi? Let Qiqi take my call.”

Someone that could be as calm as him then could be considered to be quite capable.

Gong Jue was unhappy. He suddenly said smugly, “She’s too tired! She fell asleep!”

There was a strong hint that she was tired because she had just done something with him.

Indeed.

Chu Junmo was very hurt!

It was simply a critical hit!

There was a full minute of silence.

Chu Junmo took a deep breath and continued to say, “Then, I won’t disturb her rest. I’ll contact her tomorrow.”

Gong Jue was furious.

This Big Face Chu was actually still thinking about contacting Qiqi?

Was Gong Jue’s words not ruthless enough and his hints not clear enough?

Why did Big Face Chu have the cheek to continue pestering Qiqi?

Gong Jue said simply and roughly, “You don’t have to contact her tomorrow. You don’t have to contact her the day after tomorrow. From today onwards, you don’t have to contact her anymore! My woman isn’t someone you can covet!”

Chu Junmo said lightly, “On what basis can’t I contact Qiqi?”

Gong Jue laughed. “On the basis that I’m unhappy!”

Chu Junmo was speechless.

This reason was indeed identical to Gong Jue's style.

After a while of silence, Chu Junmo said slowly, "Gong Jue, don't be so childish. Qiqi can't cut off all her friends. You don't have the right to do this."

Gong Jue said, "I don't object to her making friends. But you're an exception!"

Chu Junmo was speechless.

There was silence again for a while.

Chu Junmo said word by word, "Gong Jue, you can't stop me."

This time.

Gong Jue hung up the call.

He was about to explode from anger.

If he continued to talk to Chu Junmo, he was afraid that he would flip the roof over.

Big Face Chu actually said that Gong Jue couldn't stop him?

Hahaha, what a joke!

Then, he himself would see if Gong Jue really couldn't stop the person that he wanted to stop.

Gong Jue put down the phone, put on his windbreaker, and left the house.

He drove to the pharmaceutical flagship store closest to Chu Junmo.

In the dead of the night, there was no one around. Dressed in a black windbreaker and black sunglasses, Gong Jue stood in front of the door and waved his fists as he started to smash the door!

"Clang! Clang! Clang!"

In a few moments, the metal door started to deform in shape. In the end, it fell to the ground with a bang!

Gong Jue drove to the next Chu Clan pharmacy shop.

He smashed ten pharmacy shop doors in a row.

Gong Jue finally felt much better.

Then, he made a call.

The other party spoke French.

Gong Jue also used fluent French to chat with the other party. "I heard that our Empire's Chu Junmo has stored a lot of goods with you? Yes, transfer them all to me and then suggest revoking the cooperation! Why should you do this? Heh heh, tell him that unless he personally goes to France to solve this problem, he can only wait for the Chu Clan's pharmacy to run out of resources!"

After Gong Jue was done, he returned to his room satisfied and refreshed.

Gu Qiqi was still unaware of what had happened and was sound asleep on the bed.

Gong Jue swept a glance at the evening gown on the floor and threw it into the rubbish bin.

It was as if he was going to throw Chu Junmo into the rubbish bin as well.

Childish?

Yes, he knew that it was very childish!

But it was also very satisfying!

He returned to the bed and could finally hug Gu Qiqi to sleep in peace...

It seemed like he had to look after his woman personally all the time. Otherwise, there would always be some shameless fellows who wanted to get closer to her...
