

Dear Chief 971

Chapter 971: Scheming Wolf

The next day.

Gu Qiqi felt that something was wrong.

Firstly, for some reason, her palm was slightly numb. She even felt like her skin was peeling.

She didn't use her hands yesterday. Did she do any heavy work?

Facing the sunlight, she kept feeling that the skin between her thumb and index finger was slightly red. It was as if it had undergone too much friction.

She wasn't a woodworker who had been carrying an axe all day.

However, she quickly threw this question to the back of her mind.

Because she quickly discovered that there was something else that was wrong.

What did she wear at home last night?

Why was she clean and wearing a bathrobe now?

Gong Jue pushed open the door and entered. He brought her breakfast. "What are you thinking about? Eat first!"

Gu Qiqi tilted her small head and thought for a long time. Finally, she remembered. "Did I come back in an evening gown yesterday?"

A trace of displeasure flashed across Gong Jue's eyes, but he still replied honestly, "Yes."

"Ah, I borrowed that from someone else. I have to return it to them after cleaning it. There are so many diamonds on it."

Gong Jue remained calm. "I've already instructed someone to help you wash it and return it to its original owner."

"How do you know who to return it to?" Gu Qiqi was surprised at Gong Jue's efficiency.

Gong Jue was still as calm as water. "Chu Junmo. Aren't you guys partners?"

Gu Qiqi looked at Gong Jue suspiciously.

Why did she feel that Gong Jue was so magnanimous this morning? He didn't act jealous at all.

This was simply a different person from his usual jealous image.

Could it be that... she had misunderstood him in the past?

Actually, Gong Jue could also be very generous?

She couldn't help but be a little touched. She took the initiative to hold his arm. "Thank you for understanding. Actually, I'm so worried that you won't let me participate in the competition and won't

let me form a team with Chu Junmo to torture and defeat some scumbags. But do you know, Gong Jue? I really need some strong support for this competition. The Chu Clan's pharmacy is very suitable in this aspect."

Gong Jue tolerated it and said briefly, "Okay. Continue to cooperate with him then."

His arrogant look didn't seem like he knew that Chu Junmo had been scammed out of the country by him at all!

He was like a scheming wolf!

==

The World Medical Competition officially began with the attention from the whole world.

The media world gathered and broadcasted this grand event live.

In order to be a good host, the Empire chose the competition venue to be the Empire's most awesome medical organization—the Imperial Medical University's VIP laboratory.

Gu Qiqi was familiar with this place. During the summer vacation, she interned in the laboratory with Professor Zhou Qing. The doctors and professors inside knew her too. As she was especially hardworking when she interned, everyone had a good impression of her.

Once the competition started, many old acquaintances came to greet her.

"Qiqi, I heard that you're in the same group as the people from S Nation. You can do it. The people from S Nation aren't easy to deal with. You have to protect yourself."

"Qiqi, tell us if you need us to prepare any special surgical equipment!"

"Qiqi, this is all the information from the previous years' competitions. I have saved it here. If you need it, take a look!"

The good relationships that had been unintentionally created played an important role at this unexpected moment.

From being an unknown country girl to now being cared for by so many seniors, Gu Qiqi's heart undoubtedly warmed.

However...

To some people, it was heartbreaking!

Gu Xuexue and Gu Meifeng followed the Shen family's team to the competition venue. When they saw how popular Gu Qiqi was, they felt like they had a fishbone stuck in their throats. They had to spit it out.

Chapter 972: A Girl's Heart!

"Mommy, look at how she's attracting bees and butterflies... Today is clearly the first round of the competition. She has nothing to do at all, but she still insists on coming here to show off and find some sense of belonging. I think she's here to deliberately disgust us, right?"

“Hmph, baby, let her jump around. When the second group starts their competition, Country S’s Luseff will teach her a strong lesson!”

“That’s true. Mommy, when I was drinking with Luseff yesterday, Luseff said that a woman like Gu Qiqi can only be suppressed by him! I can’t wait to see Gu Qiqi suffer a crushing defeat!”

“Alright, let’s not worry about her for now. Let’s study how to fight against Young Master Ye today first... Young Master Ye is a formidable enemy. We’re also unlucky to be in the same group as him. Honestly speaking, the probability of us winning isn’t big, but we have to win! If there’s really no other way, you have to use some special methods to win today...”

Gu Meifeng started to whisper to Gu Xuexue and tell her the “special method”.

They only cared about being jealous of Gu Qiqi and thought that Gu Qiqi was here to find her sense of belonging and deliberately show off. How would they know that Gu Qiqi was actually supposed to participate in the first group’s competition!

After Gu Qiqi greeted the doctor who was familiar with the laboratory, she took the opportunity to hide in the washroom when no one was paying attention.

She quickly changed her clothes and came out.

Faced with a female doctor who had just “lovingly” cared for her, Gu Qiqi couldn’t help but smile and say, “Hey, we meet again...”

After speaking, she realized that she had said something wrong, but it was already too late.

When that female doctor saw such a big and handsome boy in a black suit and bow tie, with his thin lips curved up and smiling so charmingly at her, she was stunned for a moment before her cheeks flushed red!

“You... You are...”

Gu Qiqi realized in frustration that she had accidentally seduced a girl again.

She could only quickly remedy the situation. “Hello, my surname is Ye. Please guide me patiently.”

The female doctor replied shyly, “Hello, my name is Xiao Fangfang...”

Gu Qiqi nearly choked!

A few minutes ago, Big Sister Fang—who had patted her shoulder sincerely and affectionately while instructing Gu Qiqi to take the information—had become Little Fangfang!

Alright, Gu Qiqi had to admit that everyone had a girl’s heart!

After passing by Doctor Xiao Fang, Gu Qiqi clearly felt that more and more people were paying attention to her along the way.

Especially the young girls!

Although the seniors in the laboratory treated her very well when she was Gu Qiqi, it was not worse than when she was Young Master Ye. After becoming Young Master Ye, she realized that the seniors had instantly become her fans.

That degree of enthusiasm was much more passionate than the welcome that Gu Qiqi received just now.

“Doctor, which team are you from? Are you going to the competition venue? Come, I’ll lead the way for you. I’m familiar with this place!”

“Handsome boy, have you eaten breakfast? I have buns here. Do you want them?”

“I still have freshly ground Italian coffee here. I’ll bring you a cup now!”

“Hey, handsome, please hold on. I’ll bring you to an exclusive lounge. There’s no one else. It’s so quiet...”

Gu Qiqi simply escaped.

Why didn’t she realize that her female seniors were usually so valiant!

Just as Gu Qiqi was surrounded by the doctors and seniors and couldn’t escape, an arm stretched over and pulled her back.

Bai Lang stood in front of her with a smiling face and helped her out. “Sisters, Young Master Ye is from my team. I’ll be in charge of talking to everyone. Everyone, don’t be too passionate and scare my Young Master Ye. Can I treat you all to a meal after the competition ends?”

Chapter 973: Teasing A Scumbag Woman

However, after the female doctors left, only then did Gu Qiqi realize that the most difficult person to deal with was—Bai Lang!

Bai Lang pulled her to the front of the emblem of the World Medical Competition and dug out his phone. He touched her head with his own and said, “Smile—eggplant!”

He actually started taking selfies!

Gu Qiqi was speechless!

However, Bai Lang was still excitedly showing her those few photos. “Young Master Ye, how are the pictures? Are my teeth white when smiling? Oh no, my tie is crooked. Come, come, come. Let’s take another photo. I want to post a photo to commemorate this!”

Gu Qiqi looked at the rabbit ears that Bai Lang had raised above her head and felt hopeless.

Although everyone had a girl’s heart, what the hell was this childish girl’s heart, Bai Lang?!

While Bai Lang was adjusting his phone’s photo mode, Gu Qiqi turned and continued to slip away!

Sigh, she didn’t know if Chu Junmo was here yet. She felt that it was better to be by the side of a steady person!

After walking around, she didn't see Chu Junmo's figure. Although today wasn't the day of the second group's competition, many teams in the second group had come to observe. Qiu Qiu and Beiming Tian were also in the audience seats.

Chu Junmo took this competition so seriously, but he actually didn't come?

How strange!

Her current identity was Young Master Ye, and it wasn't appropriate to ask Chu Junmo's team about this.

Just as she was about to think of some method to figure out the situation, a sweet female voice sounded leisurely from beside her. "Young Master Ye..."

Gu Qiqi had goosebumps.

Was there an end to this? Why was it that this pair of mother and daughter was unable to be shaken off?

Gu Xuexue actually appeared behind Gu Qiqi in a nurse's uniform.

Gu Qiqi didn't know if Gu Xuexue had changed her clothes or what part of her body. The originally pure and clean nurse uniform looked a little coquettish on her. It was really unbearable to look at.

However, Gu Xuexue still thought that she looked good in it and that she was very attractive. She curved her lips and smiled. She puffed up her chest. "Young Master Ye, I'm here specially to cheer for you..."

Gu Qiqi was speechless.

Damn it! You're such a jinx! My luck has been ruined by you!

Gu Xuexue didn't notice Young Master Ye's impatience towards her at all. On the contrary, she felt that this man's cold and noble look was too attractive.

She couldn't close her legs!

Thus, her voice became even sweeter. She dragged out the last word of each sentence and said coquettishly, "Young Master Ye, I rented a VIP room in the competition venue and want to invite you over to rest. There's still some time before the competition starts. Can I accompany you? It's too noisy here. I know that you hate that kind of noisy environment. Don't worry, there's only you and me in the private room... I'm very obedient. I definitely won't disturb you. I'll do whatever you want me to do..."

Gu Qiqi was extremely disgusted.

She really wanted to say, "I want you to die. Will you do it?"

The little dirty turtle whispered into her ear, "Master Silver, why do I feel that she never has any good intentions when she offers something to you? She keeps throwing coquettish looks at you in such a disgusting manner. Could it be that she has taken a fancy to you and wants to sleep with you?"

"She won't have a good heart no matter who she talks to!" Gu Qiqi squinted. "Since she wants to play, I'll accompany her to the end! This time, I'll teach her a deep and unforgettable lesson!"

Gu Qiqi glanced at Gu Xuexue lightly and said, “Miss, if I remember correctly, you’re from the Shen family’s team, right? We’re rivals. Isn’t it bad to be in the same room?”

Chapter 974: Young Master Ye Left

Gu Xuexue hurriedly blinked and was just short of flirting explicitly. “No, Young Master Ye! The Shen family is just a company belonging to my grandmother’s family. It has nothing to do with me personally. I purely admire you...”

Gu Qiqi squinted and nodded. “Okay.”

Oh my!

She didn’t expect Young Master Ye to agree so readily!

Gu Xuexue couldn’t help but be more confident in her own charm.

She knew it! Even Mu Liuchuan knelt under her. Young Master Ye wasn’t a god. How could he not be moved by a girl as charming as her?

It had to be known that her nurse uniform had been altered quite cleverly. The collar had been lowered down by a lot and three buttons had been removed. The hem was cut ten centimeters shorter and her underwear was about to be revealed.

This kind of dress had a special name—Qi-B short dress!

It was also called—Straight Man Killer!

As long as the person was a man, he would definitely kneel under her dress and couldn’t wait to tear her into pieces.

Furthermore, she had even prepared top-notch sleeping pills in the VIP room for this abstinent Young Master Ye to enjoy...

Heh heh, victory was already waving at her. If she was finished with Young Master Ye, no team would be able to beat the Shen family in this round.

As long as the Shen family got into the top three and entered the finals, even if they didn’t get first place in the end, it would still be a great victory.

Putting aside the fact that the prizes were generous, the pharmaceutical companies from various countries would also flock to cooperate with them...

Then, the money that Mommy invested would return hundreds of times faster.

She could buy whatever luxury goods she wanted. She could live the life of a rich young lady again.

The Mu family wouldn’t be able to wait to curry favor with her and marry her with a sedan, right?

All of these were closely related. They were like snakes and gray strings that were interconnected.

As long as she took the right step, everything would go smoothly in the future...

Gu Xuexue couldn’t help but curve her lips and laugh lightly.

“Young Master Ye, this way please...”

Gu Qiqi walked calmly and didn't seem to notice anything. She followed Gu Xuexue into the VIP lounge that had been carefully prepared for her, with an expressionless face.

Gu Xuexue turned around and smiled sinisterly. She bit her lips and closed the door to the VIP lounge.

There was still fifteen minutes to go before the competition started.

Bai Lang kept jumping around like an ant on a hot pan.

He asked everyone he met, “Where's Young Master Ye? Did any of you see Young Master Ye?”

D*mn it. The competition was about to start, but Young Master Ye disappeared.

Clearly, a few minutes ago, he was still taking a selfie with Young Master Ye. Could it be that his happiness was too obvious and that made Young Master Ye unhappy?

Bai Lang should have been more mature.

The Empire's VIP laboratory had all their security cameras under the military's control and the footage wasn't made available to the public.

It was even more difficult for Bai Lang to find someone through the CCTV.

He had no choice but to call Gong Jue. “Master Jue, can I trouble you with something?”

“Speak.” The man sat on the sofa in the VIP room and stared at the screen without blinking. He watched as Gu Qiqi and Gu Xuexue entered the room next door.

Bai Lang said, “My business partner, Young Master Ye, is missing. Can you authorize me to monitor the CCTV and see where he went?”

Gong Jue saw Gu Xuexue's vulgar expression on the monitoring screen clearly.

He thought to himself, my wife is really capable of harming people. Didn't she just change into a man's outfit? Why is everyone so infatuated with her?

Gong Jue's tone was cold. “Young Master Ye? The one that you just posted a selfie with on your WeChat Moments?”

Chapter 975: Scandal!

Bai Lang didn't notice the hostility in Gong Jue's tone at all and said smugly, “That's right. How's my new friend? He's especially handsome, right? I, a person with incomparable looks, love such a righteous friend with good looks. Oh my, I'll introduce him to you later... That's not right. Why did I hear rumors that you like Young Master Ye too? Master Jue, let me tell you. You already have a little vixen. Don't keep both of them for yourself. Don't snatch him from me, okay? Just leave this handsome boy for me... Hey, hey, why did you hang up on me?”

Bai Lang still didn't know that a certain man's face had already turned ashen. Gong Jue was considering sending him back to Africa!

He actually dared to take a photo with my woman and show off his affection on WeChat!

This was simply courting death!

How would Bai Lang know that Gong Jue's jealousy would explode again? He muttered to himself, "Seriously, Little Jue, you like your little vixen. I'm pursuing my Young Master Ye. Let's not interfere with each other. Isn't that good?"

Gong Jue hung up the call and stared at the screen sinisterly.

Special Assistant Lu suggested carefully, "Master Jue, isn't that Young Master Ye in the room next door? Should we tell Young Master Bai Lang?"

Gong Jue glared at him coldly. "Are you very free?"

Special Assistant Lu shut up.

Could it be that Master Jue had really fallen in love with a man like the rumors said?

He even went to snatch Bai Lang's boyfriend. How embarrassing.

Sigh, what about poor Young Lady Qiqi?

Bai Lang was also feeling sorry for himself.

There were only three minutes left.

The host had already gone on stage to announce the rules of the competition. The representatives from the various countries were already in position. Only their Bai Clan Medical Hall's team was left empty!

Young Master Ye still wasn't here!

"Little Ye Zi, you can't be so heartless to stand me up and make my life so miserable, right?" He wailed as he scrolled through his Moments.

Something puzzling happened.

That picture he posted on his Moments ten minutes ago, which was of him and Young Master Ye, actually disappeared into thin air.

Deleted!

It was deleted!

"What the hell! I didn't delete it myself. Could it be that the system deleted it? The system must be jealous of us showing off our affection! This unforgiving world is filled with malice towards my unique feelings!" Bai Lang wailed.

There was a minute left until the start of the competition.

Young Master Ye still didn't appear.

On the stage, the host's lengthy introduction was already approaching the end. "...In short, for tonight's competition, everyone can show off your abilities and show the judges and audience your best research

project. It can be a new type of medicine or the latest surgical skills. In the end, we will let the expert panel evaluate the technical scores. Coupled with the live audience's voting, the total scores of the two will determine the results of tonight's competition! Next, please look at the big screen. Our expert panel and audience will appear!"

On the big electronic screen, a beautiful scene flashed across. The competition logo stood out dazzlingly in the middle.

In the very next second, close-up shots of experts should have appeared one after another.

However, the screen suddenly darkened!

Why would the screen malfunction at this world-class conference?

Just as everyone was discussing and feeling puzzled, Gu Meifeng, who was in the crowd, curved her lips.

It seemed that her daughter had already succeeded and charmed Young Master Ye.

The next scene should be Young Master Ye lying in the VIP lounge with a naked body and doing unspeakable actions...

Chapter 976: Discrediting Young Master Ye

In such a competition, skills were important, but medical ethics were more important.

If the judges and audience saw that Young Master Ye was still so obscene and greedy for sex a second before the competition... Heh heh, it could be determined that no matter how good Young Master Ye's performance was in the competition later, he would be given an ultra-low score, right?

In fact, he might even be eliminated directly.

The more Gu Meifeng thought about it, the more pleased she became.

What bullsh*t Young Master Ye? What's so awesome about him? Isn't he just a gigolo? Her own daughter could settle him in minutes and force him to get lost.

Their Shen family's biggest opponent would leave the competition. Was it a step closer to victory?

Gu Meifeng smiled and waited for the moment the screen lit up again.

Soon, as she had hoped, the black screen gradually lit up under everyone's attention.

A scene gradually appeared in the middle of the screen.

The scene was a little blurry.

However, the sound that came from the surround sound system was especially clear!

A nauseating sound traveled from the speakers.

But that familiar voice stunned Gu Meifeng.

Then, she calmed down.

Heh heh, for the sake of success, Xuexue had sacrificed a lot. She even revealed her own voice. But it didn't matter. It was fine as long as her face didn't appear on screen.

Everyone's attention would only be on the naked Young Master Ye!

However, the very next second, Gu Meifeng was dumbfounded!

As the scene became clearer, the person lying on the sofa in the VIP lounge was clearly shown in front of everyone!

That was a woman!

A woman not wearing any clothes!

Even the last bit of fabric on her body was being torn away desperately. It was as if she found them uncomfortable and was tearing them off one by one.

What was more embarrassing was that that woman was actually holding a medical syringe in her hand.

Remembering that there was no man in front of the camera and that the only person in this VIP lounge was this woman, and that the camera was clearly the CCTV camera in the VIP room, faithfully recording everything...

Everyone immediately understood what this woman was doing with that syringe!

Gosh, wasn't this woman too terrifying?

Everyone despised her and said,

"Is the organizing committee releasing a health education film?"

"What health education film? I think the content is very obscene! It's too shameless! Why is she using a syringe?"

"Who knows? Which hospital is this woman from? She's simply embarrassing us!"

"Her clothes have been modified. Our hospital won't take the blame! She definitely isn't one of us!"

As the scene became clearer, the woman's face was gradually revealed in front of everyone.

Finally.

Someone recognized her!

"This... Isn't this the younger daughter of the Gu family who had some big scandal in a hotel room, with the eldest son of the Mu family last time? What's her name again?"

"Gu Xuexue! Yes, Gu Xuexue! It seems that her grandmother is from the Shen family, and they are participating in the competition today as well. She entered as a member of the participating team. I remember seeing her name on the list!"

"Gosh, a contestant is going to the VIP room to play... Why is she doing such a boring thing? Is she sick?"

“Isn’t she with the eldest Young Master of the Mu family? Since she’s with the eldest Young Master of the Mu family, why is she still doing such a thing? Is the eldest Young Master of the Mu family incapable, or is she too...”

“Needless to say? Perhaps it’s both!”

“Tsk tsk. I really didn’t expect these young people to be so lousy nowadays...”

Chapter 977: Fight Back Ruthlessly

Everyone was discussing.

Gu Xuexue’s moan sounded from the speakers again. “Young... Young Master Ye, come on... Come on... I’ll wait for you... Why don’t you want me...”

The audience immediately understood!

Young Master Ye?

Was it that mysterious but famous doctor who had recently become well-known in the Imperial Capital, that rich and handsome man?

Did Gu Xuexue do this to seduce that handsome man?

So that was the case!

This was easy to understand.

“She wants to take a shortcut and seduce Young Master Ye. Then, he will dote on her in the competition and open a back door for her so that their Shen family won’t lose too badly, right?”

“Tsk. Tsk. How shameless. Using her body to exchange for results? She’s really slandering us women by doing this!”

“With that ugly look of hers, would Young Master Ye take a fancy to her? Why not she take a look at her character in the mirror first!”

“Heh heh, she wants to open a back door? I reckon that even dogs despise her back door—coquettish!”

Thick disdain was directed towards the screen ruthlessly.

Everyone present were medical enthusiasts or medical staff with some status.

Faced with Gu Xuexue’s actions, they definitely looked down on her.

Seeing that her daughter didn’t succeed in plotting against Young Master Ye and instead threw herself into the lava, becoming the target of everyone, Gu Meifeng panicked.

Xuexue wasn’t married yet!

What about the Mu family’s marriage?!

Her reputation was related to money. Xuexue’s reputation couldn’t be ruined.

She hurriedly stood up and tried to salvage the situation. With a thought, she simply stepped on the chair. She didn't want to act reserved anymore and used her unreasonable and suicidal strength.

With mucus and tears streaming down her face, she said, "Xuexue is not like what you all think! My poor Xuexue, how badly have you been bullied by Young Master Ye? It was clearly Young Master Ye who asked you to go to the VIP room to discuss something. How did it end up like this? Wuwuwu, it turns out that Young Master Ye is a pervert! He actually treated you like this! What drugs did he use on you? I want to call the police! Yes, I want to call the police! I request the organizing committee to revoke Young Master Ye's opportunity to participate in the competition! He harmed my daughter like this and caused my daughter's reputation to be ruined. He's not fit to be a doctor!"

Gu Meifeng was an old and cunning person. With a few words, she pushed all the blame that originally belonged to Gu Xuexue onto Young Master Ye.

She would bite back ruthlessly!

She had to let everyone think that Young Master Ye was fooling around with her daughter!

In particular, she asked the police and the organizing committee so confidently to revoke Young Master Ye's participation for the competition. When the ignorant spectators heard this, they more or less thought that she made sense.

Oh, it was indeed rare for a girl to be so slutty.

If a man forced her to do this... it would be understandable!

Immediately, their gaze towards the screen became more sympathetic.

This was the effect that Gu Meifeng wanted.

Seeing that everyone's opinions were gradually changing, she hurriedly struck while the iron was hot and prepared to continue to clear Gu Xuexue's name.

However, before she could speak, a charming and exquisite figure slowly stood up from their seat on the competition stage!

His every move was noble and calm!

"Isn't that Young Master Ye?"

"That's right, that's right. The legendary Young Master Ye with amazing medical expertise and righteous looks. It turns out that the real person's looks are ten thousand times better than the rumors!"

"Oh my god, he's too handsome. He's so handsome. I can forgive him no matter what he does, okay?"

"Please let go of Gu Xuexue. Let me do it, Young Master Ye! Don't pity me. Please treat me ruthlessly!"

Chapter 978: The Arrogant Young Master Ye

Below the stage, a large number of mothers, older sisters, and younger female fans screamed.

Gu Qiqi stood up lightly and raised her eyebrows in Gu Meifeng's direction in disdain. "Who are you? Why don't I know you?"

She didn't explain nor retort.

Her lazy and cold question immediately silenced Gu Meifeng's accusation.

The fans immediately questioned sternly.

"That's right. Our Young Master Ye doesn't know your Gu family's women at all, okay? On what basis are you slandering us?"

"Open your eyes and take a look. Does our Young Master Ye still need to knock that woman out in the VIP room? If our Young Master Ye casually looks at you on the road, you would faint, okay?"

"Young Master Ye is already here. Your daughter is acting by herself in the VIP room. Why didn't she say that Professor Brown drugged her? Why didn't she say that our Master Jue or the President drugged her? She's so shameless!"

Ridicule rose and fell in volume.

Bai Lang glanced at Young Master Ye, who had finally appeared, and felt mixed emotions.

He had also been attracted by this commotion just now and actually didn't notice when Young Master Ye had returned to his seat.

However, no matter what, it was fine as long as Young Master Ye didn't abandon him.

Bai Lang was so excited that he wanted to hug Young Master Ye.

Unexpectedly, the other party avoided him coldly.

Bai Lang felt aggrieved. Then, his gaze became even more addicted to Young Master Ye. Young Master Ye's arrogant yet delicate look was really captivating!

He knew that Young Master Ye was attacking Gu Meifeng and her daughter. He simply picked up the microphone and stood up for Young Master Ye. "Ahem, hey, hey. Let me be fair. I'm Bai Lang. You know me. Young Master Ye is my partner. I know him best. He was clearly with me just now. How would he have the time to care about that ugly girl Gu Xuexue..."

Although Bai Lang explained it for Gu Qiqi kindly, the problem was that Bai Lang's carefree look wasn't convincing. Instead, it attracted boos from the crowd.

The female audience below the stage was very sensitive. They could tell at once that Bai Lang was their love rival!

Bai Lang definitely had ulterior motives towards Young Master Ye. There was something wrong with his gaze!

Thus, everyone started kicking up a fuss to shut him up.

Bai Lang felt aggrieved.

He had lost face in front of Young Master Ye.

Gu Meifeng even took the opportunity to fan the flames. “It turns out that Young Master Ye is two-timing. Aren’t you letting down my daughter and Young Master Bai Lang by doing this?”

This was serious.

She directly made Gu Qiqi a pervert who liked both men and women!

In the chaos, suddenly, the screen flashed again.

Soon after, the screen actually changed to a static image.

It was a piece of writing for room bookings.

More precisely, it was an agreement for rental of the VIP lounge.

It was 88888 dollars an hour. It was a considerable cost. The writing showed that it was Gu Xuexue who rented the room!

Bai Lang was the first to jump out and applaud. “Did you see that? Everyone with eyes saw that, right? This room was rented by that ugly girl Gu Xuexue. She spent money. She was clearly the one who directed and acted out this whole scene. What has it got to do with our Young Master Ye? How laughable!”

Everyone came back to their senses.

They were still wavering previously, but now, they completely believed it.

They couldn’t fake the credit card and room rental record, right?

Gu Xuexue swiped her card and rented the room. How could Young Master Ye have invited her to the room?

This woman was here to cheat, right? How shameless!

Everyone felt that they had been fooled by Gu Meifeng and her daughter.

Immediately, someone repeated Gu Meifeng’s words just now. “Gu Xuexue, this kind of dishonorable contestant should be taken away by the police! To avoid teaching children bad things! Also, to the organizing committee, shouldn’t you quickly clear out this kind of scum? Why is such a person still coming to the competition? This is humiliating our Empire’s pharmaceutical sector. Is there no talent left? Can any Tom, Dick or Harry come to the competition?”

Chapter 979: The Man Supporting Her

The host of the organizing committee broke out in cold sweat.

Soon, his superior’s instructions sounded from his earpiece. “Idiot, quickly follow the public’s opinion and announce that Gu Xuexue will withdraw from the competition and will never participate in the World Medical Competition again!”

The host immediately complied.

However, his heart was beating like a drum. The World Medical Competition had never been affected by public opinion, nor was it easily influenced by the contestants. If one were to say that Gu Xuexue's character was poor, then the character of that Luseff from S Nation was also terrible. He was not being chased away as well.

Could it be that Gu Xuexue had offended some big shot and was now being trampled to death?

Following the public's opinion was probably just an excuse, right?

No matter the reason, his superior had said that Gu Xuexue couldn't participate in the competition today.

Looking at her state, she was still having fun and touching herself non-stop. Even if she didn't withdraw from the competition, she would still be useless when she went on stage.

Sigh, why did she have to play with drugs at such a young age? She was also a medical student. She was really courting death insensibly.

As the host sighed secretly, he announced the decision of the organizing committee.

Gu Xuexue was chased out of the competition venue and sent to the hospital to pump her stomach clean.

This farce of seducing Young Master Ye had finally come to an end.

From the start to the end, Gu Qiqi only said a cold "Do I know you?" without saying or doing anything else, and she retreated unscathed and withdrew from the whirlpool.

She was glad that she had seen through Gu Xuexue early. As a result, when Gu Xuexue led her into the VIP room, she counterattacked immediately, snatched the drugs, and poured it into Gu Xuexue's mouth!

If Gu Xuexue wasn't that shameless to even secretly connect the CCTV to the big screen, then she would at most be drugged and hold the syringe while in a coma for a while.

But Gu Xuexue was vicious and wanted to broadcast the scene of Young Master Ye being drugged live.

Then, Gu Xuexue couldn't be let off.

This scene naturally spread widely.

Everyone could only say that this was what she deserved!

Of course, Gu Qiqi was more glad that someone was helping her secretly.

It was true that the CCTV footage that appeared on the big screen was caused by Gu Xuexue, but who broadcasted the evidence of Gu Xuexue renting the VIP room later on?

It couldn't be that Gu Xuexue was so stupid that even the evidence against her was deliberately leaked out by herself.

Also, this Imperial Medical University's VIP laboratory belonged to the Gong Clan Corporation.

Only the Gong Clan should have the authority to access all the surveillance cameras here, right?

No matter how much Gu Xuexue was willing to spend, and no matter how capable she was, she couldn't buy off someone from the Gong Clan.

Unless...

Someone deliberately leaked this scene of Gu Xuexue without any censorship... Yes, this person must be especially dissatisfied with Gu Xuexue to take special care of her, right?

Gu Qiqi couldn't help but look at the nearest surveillance camera.

She looked at it deeply and the corners of her lips curved up slightly. So, stupid man, you said that you weren't coming to see my competition this morning and that I was too ugly in a male outfit. You wouldn't be able to eat after looking at me for the entire day, but actually, you came secretly, right?

Seriously, he was too coquettish!

Gu Qiqi laughed lightly and blinked.

On the other side of the screen!

In the VIP room!

Gong Jue stared at the live surveillance footage of Gu Qiqi. His eyes met Gu Qiqi's and accurately captured the deep smile in her eyes.

"Stupid woman, at least I didn't dote on you for nothing. You have no conscience. You still know that I'm helping you?"

Gong Jue said lightly. He couldn't look away at all.

Special Assistant Lu, who was standing nearby, was confused.

Wasn't Chief here to observe Young Master Ye's competition?

Young Lady Qiqi's competition was clearly the second group's, not held today.

Why was Chief shouting Young Lady Qiqi's name at the screen?

Yes, that's right. No matter how charming a man was, it was impossible for him to occupy the Chief's entire heart. The Chief still had Young Lady Qiqi in half of his heart...

Chapter 980: PK with the "Ghost Doctor"

After banishing Gu Xuexue, this troublemaker, the competition officially began.

According to the rules, this competition wasn't limited to a single theme. Instead, it gave the competitors from the various countries a chance to fully utilize their innovative abilities.

Each participating team could display their best medical expertise in front of everyone.

Be it specialized skills or commercial value, they were open for everyone to judge.

There were several independent laboratories set up in the competition venue for the contestants from various countries.

Like all the popular medical competitions nowadays, the nine-panel big screen was used to show the progress of the various teams.

At this moment, the nine teams that were broadcasted on the big screen for the first round were showing off their best skills. They each had their own tricks.

Among them, the Shen family was the most eye-catching.

After Gu Xuexue was chased away, Gu Meifeng went crazy for a while and nearly rolled on the ground to make a scene.

It was still Gu Enlong who called her and woke her up with a blow to the head. "Xuexue is already done for. You still want to harm the entire team during the competition today? Don't you want to get back your money? You spent a lot of money to invite a leading doctor for nothing?"

Gu Meifeng sobered up a little.

Yes, she couldn't give up.

She, Gu Enlong, and Shen Ping borrowed money from loan sharks and hired an underground genius. People called him the "Ghost Doctor". It was said that his medical expertise was very professional and the price to hire him in the underground black market was very high. Unfortunately, he wasn't famous in the normal medical sector.

Initially, she had planned to use the Ghost Doctor's skills to secretly perform well in the competition. After obtaining a good ranking, she would say that it was all because of Gu Xuexue and use this to improve Gu Xuexue's reputation.

In the future, Gu Xuexue would endorse all the products of the Shen family. It would be beneficial to discuss cooperation with other companies.

But who would have thought that such a thing would happen halfway?

Gu Xuexue didn't manage to chase Young Master Ye away. Instead, she caused trouble for herself.

It was impossible for Gu Xuexue's reputation to be improved now. Even if her reputation was spread to the public, it would also be a bad one.

If the Ghost Doctor didn't have the chance to properly unleash his technical expertise, then the Shen family would completely collapse and even owe money to loan sharks.

Gu Meifeng crawled up and pulled herself together.

That's right. She had to pull herself together and watch the Ghost Doctor beat that Young Master Ye!

She heard that the reward for winning the championship in the group competition today was amazing. Among them, the "Seven Leaf Flower" medicinal herb from S Nation had already been pushed to a sky-high price of hundreds of millions of dollars on the black market.

There was a price for it, but it was nowhere to be found!

If she could win today, once she obtained the Seven Leaf Flower and sold it, she would be able to save the entire Shen family.

She couldn't be bothered to watch her daughter pump her stomach anymore. She was focused on winning the championship and snatching the Seven Leaf Flower!

Indeed, the Ghost Doctor that she spent a lot of money to hire wasn't for nothing!

Once he went on stage, he gave everyone a pleasant surprise.

"What our team wants to do is plastic surgery!"

The Ghost Doctor's hunched body was reminiscent of a short old man. His entire bodily structure didn't look "beautiful" at all. But what he wanted to do was actually an operation to make people beautiful!

Everyone's curiosity was piqued.

The Shen family's team fully captured everyone's curiosity. In the very next second, they invited the volunteer who had agreed to undergo the surgery on stage.

How ugly!

They were incomparably ugly!

That volunteer was a middle-aged woman with buck teeth and freckles. When she opened her mouth, she made people want to vomit.

Her entire face was indescribably awkward. In short, she was ugly!

She was so ugly.

Upon hearing the boos from the audience, Gu Meifeng knew that they had won half of the battle.

Because they had already attracted the attention of the audience and made everyone acknowledge that this person was very ugly.

Then, as long as the Ghost Doctor could successfully complete the plastic surgery, it would be a success!
