

Death Guns 1031

1031 Chapter 1031

"Oh? I think it's time for round two."

Typhania broke out of her reverie and stated to Alex's despair; he who thought that he had adapted to the pain and would soon overcome it flinched at Typhania's words, and the Elven goddess smiled seeing this.

Even if he was scared, Alex knew that enduring more was in his best interest because, subtle as the change his body underwent by suffering the first wave, that change was still there, and it doesn't take a genius to guess that the more pain endured, the more benefits he would get. Alex reaffirmed this hypothesis again and nodded his head.

And taking this action as an acknowledgment, Typhania sent another special vine to pierce Alex's heart, but this time from the back.

"Ugh!" Alex's mouth fell open and hot blood splashed out, followed by intense pain.

Half his body felt numb while the other half screamed in agony. The sharp, burning sensation spreading from his heart to the rest of his body was all he could focus on. He wanted to give up; there was no way he could keep going feeling like this. It was all too much to handle, and for a moment, he considered giving in to the pain and giving up. However, all would be for naught if he were to do that; therefore, Alex let out a moaning yelp, part desperation and part determination. He had two options: fight or give up. But there was no way he could give in to the pain; there was no way he would ever give up. He pressed forward, kept enduring, and every breath added to the barrage of pain, but he kept going no matter what.

Alex endured the burning sensation spreading through his entire body, and he adapted. When this happened, he could detect the minute detail his cells and body were undergoing; this made with a smile, a bloody smile, but a smile nonetheless, everything was worth it.

Looking at him, Typhania sighed, praising his determination; she immediately sent the third vine piercing his heart, then the fourth after seeing Alex enduring pretty well. He fought against the inhuman pain he was bleeding from his seven orifices but kept enduring. Finally, a fifth vine pierced his heart, and even though he tried to kill the pain, to dominate it as he did for the two precedent waves, he was unable to achieve the same result.

Compared to the past pain, this one was tripled, forcing him to clutch his chest tightly. Ferocious cramps completely crippled him, and he didn't seem to stop. Desperate for some form of relief, he sought out every solution. He was ignoring it, working through it, using it to fuel strength. But nothing seemed to work. The pain shouldn't be more than a minor nuisance to him after the many waves he experienced, but right now, it was far more than that.

Alex's head felt eerily light, everything seemed to spin around him in a blur of motion, and his legs could barely carry him forward. But there was no way he could give in to the pain; there was no way he would ever give up. He pressed forward, every movement adding to the barrage of pain, but he kept going no matter what. This continued until he fell on his knees again, and his consciousness started to slip away

but held on until the pain subsided, and his body experienced a complete change; a wave of refreshing feeling washed over his body, making him forget all the pain he had ever experienced until now. Everything felt like a dream, but as the one that experienced everything, Alex knew it was not a dream. Before his consciousness could be overpowered by fatigue, he heard a new notification ring.

[Ding! New skill acquired, All Poisons Resistance Skill acquired.]

He left himself to sink into the embrace of mother sleep with a satisfied smile adorning his handsome face. Typhania silently watched over him while he had a pleasant dream.

In the dream, the sky was blue, the birds sang, and there was a bee on clover nearby. The streams ran clear, and there was fish in the river. Next to Alex was a small boy, and he told him how he saw the world. His answers to his questions are so precious. He could not help but play more with him, Alex asked him if they should care for the world, and he said "Yes," like he was surprised Alex should even have to ask.

Alex continued with his questions; he asked him if they should be nice to animals, and his response was the same. Next, he asked if they should kill or harm animals, and his eyes filled with tears. He asked him if humans should kill one another, and he ran, running like he just saw a monster. Alex called after him, but he won't return. He's a child, and like all children, he's still able to see through the creator's light - he was never taught the answers; he feels them within. Alex felt like he should learn something from this but could not do so before being forced awake.

"Huh?" He massaged his forehead, trying to remember his dream, but unfortunately, he couldn't, to his dismay.

"Oh? Already up? Have you slept well?" Typhania asked as she closed the distance between them; Alex nodded his head before calling out his status. He postponed the matter about his forgotten dream for later.

"Status!"

Alex was delighted; not only he gained a new and extraordinary skill, but he also saw his Def stat increasing as well, which was a good thing overall. His joy could not be contained, but he reigned in and checked the description of his newly acquired skill.

[All Poisons Resistance: Unique constitution that enables its owner to be immune to all poisons that have existed since the creation of life. The more higher the skill level is, the more poisons the owner will be immune to.

Current level: 5

No MP consumed; it's a passive skill.]

"Wow! It's indeed a nice skill." Alex exclaimed, he could not hide his admiration for the new skill he acquired, and upon hearing his words, Typhania was pleased with her action because, from this action, she had achieved her goal; not only had she helped Alex solve one of his most urgent problems, she had shown her sincerity, and he would own her something knowing Alex's character.

"Thank you, I owe you one; I will make sure to pay you in the future." Alex declared, much to Typhania's anticipation; she nodded before proposing.

"Shall we continue with your training?"

Alex flinched upon hearing those words; however, he still accepted.

"Good, I'm looking forward to how much you'll endure." Typhania declared with a provocative smile, but Alex didn't shy away from this provocation.

Everything would have been for naught if he ever did.

Meanwhile, in another location closer to the Foxia Empire, Alice was fighting against one of the lowest members of the Numbers. The first was pretty intense.

Everything was happening at a speed impossible to describe, with the exploding circle reaching Alice instantaneously. Despite this, she tried to smile while attacking.

Turning around in a flash, she fiercely slashed downward; her sword violently struck the ground like a judgment hammer.

BOOOOM

A world-ending blast occurred, turning into a gigantic mushroom cloud. Simultaneously, black flames swirling with purple lightning rippled outwards as shockwaves.

The Numbers staggered back, his eyes reflecting the incredible sight of Alice coming toward him.

Alice was rushing through the mushroom cloud, splitting the mushroom cloud!

"The Chaos Organization will prevail." The Numbers shouted, but his only answer was complete silence.

"?!"

That Numbers didn't know why, but Alice's silence made him feel as if like some ominous premonition.

While trying to make sense of this, he swiftly raised his hands to protect his chest as Alice's reached there.

But then Alice surprised the corpse by stopping her sword just a hairsbreadth away.

"I will show you what true despair is." Alice, who had recently learned these words from reading an action book given to her by Gracier, decided to use them.

As these words entered the Number's ears, he felt an intense sense of crisis. This crisis reached its peak when he heard the concluding phrase.

"Purgatory."

Swoosh~!

Suddenly, the surrounding areas turned pin-drop silent and turned blinding dark. Every source of light lost its function.

RIP!!!!

In such an environment, just a mile behind the injured Numbers, a giant slit violently ripped open.

The slit was not even as thick as a hair. Still, it was too bright, radiating the glow of countless colors swirling as if it was the insides of a kaleidoscope tube.

The injured Numbers hurriedly jerked his head at the slit. Memories that were suppressed in his brain awakened, and it realized where the slit led. The fear he kept suppressed rushed forward.

"Purgatory...But this has the vibe... of the... true Purgatory like the one used by the Lord."

The Number's unstable consciousness thought.

Whoosh!

Ghost-like and demon-like figures appeared in the swirling colors, their expressions filled with hunger.

The Numbers looked at them and realized it was right. But there was something even more strange, something it couldn't pinpoint.

"Do you really think now is the time to be distracted?"

Alice's voice rang in the Number's ears, bringing him back to reality.

He quickly tried turning his head.

But it was too late.

BANG!

By then, Alice's sword has brutally slashed onto his chest.

His chest caved in, and his back arched out while his body slammed into the slit. The ghost-like figures smiled and grabbed into his body.

Their ethereal hands turned into chains and tightened around the corpse, dragging him in like starving hyenas.

Number 11 didn't even get the time to resist—all due to a moment of carelessness.

"Relax, this isn't the end for you," Alice said with a friendly smile. She even added.

"In fact, it is a start...the start of your eternal servitude. You will become one my pets I would be offering to my master to get his favor."

"!!!"

The poor man growled angrily, and flames exploded out of it. They burned a few ghost-like figures, but Alice was calm.

She snapped his fingers, and the slit disappeared. Now that Numbers has no choice but to escape, even if it broke his confinement, he would remain eternally her slave.

"I wonder if Master would praise me if he knew everything I've done." Alice declared with a human-like grin. Like Incursio, her meeting and interaction with Alex and his family had changed her; it was slowly changing her for the better, from the fate of a tool to a human with emotions. Both were unaware of this fact.

Ten days later, it was finally the time to join the others, and they would start their group raid.

1034 Chapter 1034

Alex and Sera safely return to the Foxia empire capital. That evening, after partying with the girls, Maria and Luna borrowed Alex; they forced him to swim with them, he accepted, and the three swam until they were satisfied, and while they were resting, Alex said.

"So what's next?"

Both girls stopped as if they were waiting for something, but in the end, they opened their mouths simultaneously and declared.

"It is a night of passion."

"Cool," Alex said, and it was how it began.

He stole his first fiancée's lips, and they kissed. Kissing with her was like melting in her embrace, a union of their souls, whereas kissing with Maria was yet addictive; soon, he had made them have their first orgasms, and the main dish would begin.

With Luna underneath him, Alex began to love her in missionary. The standard position every person has used once. While he started with a slow pace, going in and out.

Maria could not stay idling; therefore, she went behind them and swirled her slippery tongue on Alex's moving balls, tickling them with pleasure as his penis broke through her best friend and sister's cunt.

Luna's cunt was still tight, and after the first few thrusts, it squeezed him tight, her pussy rippling around him with vibrations.

Luna seemed to love his gentle and slow pace so much that she leaned her lips to kiss him while wrapping her hands around his neck.

He kissed her back and captured her tongue in his mouth, making her get connected to him; only like this would they experience the absolute pleasure of lovemaking between two souls that loved each other.

She loved him and the pleasure invading her was just its manifestation.

"Lex... I love you!"

And slowly, she expressed her love by opening up her extreme depths for his needs, giving him the space to fill her.

"Love you too!" He declared, and his possessiveness was ignited; even though he knew he was already his and it would never change, he still felt like he should make sure that she never left him for eternity; they would live forever if it were possible.

She was always be his.

His alone.

This caused his body to shudder from extreme pleasure, and he coupled her with more passion and warmth.

In response, Luna's inside turned steamy hot and gushed with warm juices.

Each stroke of his caused the juices to spray out and splash on Maria's face behind as she played with Alex's balls with her mouth.

Soon, Luna's gushing flesh began to contract around Alex's dick, and she involuntarily grounded her hips, stopping him from thrusting back and forth.

Her toes began to curl up, and she felt the ends of her nerves on fire.

Maria, who noticed this, decided to let go of Alex's testicles and looked at Luna's cunt. The pussy lips were holding the cock and not letting it go, and she knew what that signified.

"She is about to experience a mind-blowing orgasm!"

And in this situation, there was only one thing she could do, and that was to bring this orgasm one step higher. And Maria expressed it by flicking her tongue on Luna's clit.

"Ahhh!" She was already on the extreme edge, and her sister's actions pushed her beyond.

"Oooooohhhhh!"

A moan emerged from the depths of her body and turned into an orgasmic cry as it left her mouth.

She panted, her body tingling from head to toe as the orgasm of epic scale invaded her senses.

Her eyes rolled up in her head, and her juices erupted, washing Alex's cock with her slippery essence of love.

Alex was happy that Luna got such a blind-blowing orgasm that she didn't move and stayed inside her. He captured her mouth again and kissed her deeply, assuring her he was there as she experienced the best moment of her life.

Slowly, her eyes opened, and through the glaze vision, she saw him with love. She didn't say anything as her mouth was occupied, but again, she didn't need to speak. Not after she started moving her hips back and forth, she still wanted more and Alex felt obliged (Obliged) to continue his sacred duty.

He let go of her mouth and slid his hands on her waist to flip her.

"Oh! Yes!!"

Luna gasped as she spun. Now she was on top of him, straddling him. Her hands fell on his chest, and she looked at him, asking for guidance.

"Seriously, don't leave hanging, will you...?" Maria was left fuming with jealousy.

She patiently waited for her turn, but these two seemed to have forgotten about her!

They were making love like she was not even here!

"That's not fair!"

Luna sitting on Alex's cock started moving up and down, but this time more violently; Maria left them but not for long.

Deciding to take matters into her hand, she jumped up and landed her feet on either side of Alex's head. The latter was surprised as he saw a pair of smooth butt cheeks shroud his vision, but he immediately understood her intention and remembered that they weren't alone; he had to take them all.

Luna was surprised but soon chuckled; of course, her excellent sister could not stay idle. She had to participate, and she didn't mind.

Maria lowered her hips, stopping just as the entrance of her pussy nuzzled close to Alex's mouth.

"Let's kiss." Maria suddenly declared to Luna's bewilderment, but then her eyes widened. Her sister and best friend planted her pussy on Alex's face and leaned forward.

Maria's zoomed her lips on her daughter's and her hands on her breasts.

"Mmm!"

She tasted a salty, delicious flavor in her mouth and realized it was the taste of the cock filling her.

She liked how he tasted, and she pushed her tongue into her sister pushed's mouth to taste more.

He grabbed Maria's ass cheeks and slipped his tongue out. It plunged into the wanton fleshly folding above him, directly invading the mature version of the pussy straddling him.

She smelled great, and her sweet scene of arousal seethed his nostrils. This increased his lust, and he decided he wouldn't be gentle with her.

He started tongue-fucking her cunt, moving back and forth, up and down, slurping and licking her juices while Luna was riding on his cock like a stallion.

And the hidden spectator was watching everything; she could not help but gulp, risking getting caught.

1035 Chapter 1035

Luna's danced on his cock like a professional while he sucked on Maria's clit like there was no tomorrow.

"Ohh! Ohh!"

Maria let out some incoherent moans as Alex ate her pussy as he had never done before. It didn't take long before she had an orgasm, and Luna soon followed.

Alex switched their place and was now plowing the still sensitive Maria.

'Wait.. wait, noo...Anhhh!" She felt her mind going blank from sheer pleasure and demanded a break, but Alex refused to give her rest; he continued until he ejaculated deep into her.

"Let's rest for a moment," Alex said, and both girls nodded, and a few minutes later, they were ready to continue their crazy night's passion.

The girls were too far gone to have noticed the little spectator spying on them. Naturally, Alex noticed her, and he enacted a plan for her. He would take care of it next. However, for now, there was something he wanted to try, something he hadn't tried in the new world.

For some unknown reason, Maria shuddered and was about to call it a day, but he acted faster.

After stacking Maria's ass over Luna's ass, Alex alternated between their pussies. He made gentle love with them.

Luna could feel his balls slap on her ass as he slammed into Maria's pussy. The sound of flesh hitting flesh overpowered everything, even the moans of pleasure.

The excited Luna moved her lips on Maria's neck, nibbling on her sweet-tasting skin. Simultaneously, she reached for the latter ample breasts.

They were soft and pliable and yet also firm! She couldn't help but squeeze them together.

Maria, who was getting assaulted, moaned, and her tits swelled further. Luna caught the nipples between her fingers and tweaked them, causing her to bite her lips.

"Alexia, You have such wonderful breasts; there are big yet still defy gravity."

Luna praised, but the Ice empress was in no state to respond. She was far too gone to give a reply because Alex was sending jolts of intense one after another into her soul

Facing this heavenly feeling, Maria could only cry and whimper.

While barging his cock into her wanton pussy, Alex observed her smooth ass.

He felt like it was about time to initiate his plan, to try what he had planned a few minutes ago.

After lubricating his fingers with juices inside Luna's dripping cunt, he thrust one of them into Maria's ass, much to the latter surprise.

"!!"

Feeling him in her forbidden hole, Maria's eyes again widened in fear.

Her anal muscles were tight but offered no natural resistance to him. Pleased, he felt as if this show of no resistance was Maria's acknowledgment that he should continue, and this couldn't be greater; therefore, our Black Prince thrust another finger and soon started moving inside her gaping hole, stretching her tight ass to fit what was about to come next.

'What? He must be planning to take my ass! I'm a fan of a new thing; however, I felt like I might lose it if I let him have it.'

Afraid Alex might take advantage of this position and really penetrate her virgin ass with his mighty cock; she decided to change position.

When he pulled out of her to fuck Luna next, Maria's body flashed with lightning speed, and she changed both positions. Her speed was so fast that if Artemia had been here, her jaws would have dropped onto the floor.

She made her Luna lie below, and she lay above her, their breasts squeezed together.

"Now my ass is safe!" Maria heaved a sigh of relief. Unfortunately, she seemed to have forgotten something, maybe because she was muddleheaded from orgasms and didn't realize this position would instead make it easier for Alex to invade her ass if he wanted to. Because she thought he was probably trying to mess up with her and that such heavy-duty should be left to his first fiancée Luna, Maria completely let her guard down, and Luna's following action did not help much.

Luna, utterly unaware of what transpired a few seconds earlier, pulled Maria, her best friend and sister's mother's face, for a wet kiss. While doing so, she fondled her big breasts, squeezing them roughly.

Soon, she slipped down and grabbed one of the titties to suck. She suckled on it like a child, making Maria moan louder.

Alex, as if playing along, entered Maria's pussy instead of taking on her virgin ass; Maria heaved another sigh of relief.

However, soon her mouth flew open, and she screamed in pure bliss.

Her sister and Alex continued, and soon, their collective actions led her to a chain of orgasms.

"No more...please...." She pleaded.

Luna nodded before letting go of her Maria's nipples and moved up, bringing her mouth back up. She kissed Maria's gasping mouth. He continued to fuck Maria, and when he felt she was closer, he stopped and pierced Luna instead.

"Ohhhhh!" Luna moaned in joy as Alex plowed her harder; it didn't help when Maria joined in and bullied her.

Maria, who now believed that her ass was safe, was shocked by what happened next.

Her eyes squinted, but before she could protest, Alex moved his cock from Luna's labia and put it where his fingers were!

He was inside her ass!

Oh no!

Not there!

He played me, and I felt for it.

It was only the head, but her eyes erupted with tears. Raw pain hit, and she realized she was right.

She forgot to breathe.

She wasn't ready for this cock in her ass! Perhaps never could! She would instead leave this opportunity to another one.

Alex chuckled and pushed more of his cock in her, stretching her anal opening further. To distract her from pain, he rubbed her pussy, and the pain subsidized.

She felt a soothing pleasure, but the burning sensation remained.

He pushed deeper and slid into her unexplored channel and only stopped when he was more than halfway inside her.

"Ohhhhh! Stop!"

Maria cried. As tears slid down and she remembered to breathe, he pulled back. She sighed in relief, but then, he thrust upwards.

"Stop, Lex."

She begged in her heart.

"You are going to kill me!"

The burning sensation had disappeared, and now she felt a flood of pleasure she couldn't handle.

He caressed her clit while slowly sending his dick further into her tight ass hole, and when this happened, the dam of pleasure broke.

Her eyes became unfocused, and her tongue lolled out—the typical Japanese Ahoge.

Unfortunately, Alex was too focused on the heavenly feeling his cock was undergoing to take notice of this, he continued. The resulting sensation took over Maria's senses, causing her lolling tongue to drool.

Finally, Luna who noticed that something wasn't right.

'What happened?!'

She tried to find the cause. And was stunned to find Maria's gaping asshole being penetrated; only three words came to her shocked mind.

"Eh? Ass breaker."

She cried; Alex was dumbstruck; without any reaction, he had expected, being called the Ass breaker had never been part of this.

"You are in the wrong hole!!!"

'What happened?!'

She tried to find the cause. And was stunned to find Maria's gaping asshole being penetrated; only three words came to her shocked mind.

"Eh? Ass breaker."

She cried; Alex was dumbstruck; without any reaction, he had expected, being called the Ass breaker had never been part of this.

"You are in the wrong hole!!!" Luna cried out, and Alex stopped before slowly removing his cock from Maria's ass; she had fallen unconscious from sheer pleasure. Alex suggested that Luna help her back as he had something to do.

"Have fun." Luna left those words behind before dragging the unconscious Maria with her.

"Hahaha! She must have noticed." He mumbled before disappearing and reappearing behind Saeko, who was about to slip away.

"Do you enjoy the show?"

"I"

She froze, unable to reply, and to use this opportunity, Alex teleported them to her chamber.

"It's time for your punishment, Sweetheart." He whispered in her ear while biting it.

Saeko's body trembled. Her eyes turned moist, and her cheeks turned completely red. Her breathing quickened.

"I-I understand. What should I do? " She asked with a flushed face.

Alex grinned in response and pulled Emia towards the bed; he sat down and looked at her.

"W-What?" She asked.

"Let's see? Why don't you start by taking care of my son down there? He seems angry. You need to calm him down." He said while looking straight into her eyes.

"Eh? O-Okay, I'll do it." Saeko nodded shyly.

Although she knew nothing about what it's about to happen, she had heard it from the other girls.

Then, she kneeled between my legs and unbuttoned his pants.

Instantly, Alex's dick rose in all its splendor to greet her.

Saeko made a startled expression and said.

"So big!"

"Why are you so surprised? It's not the first time you saw it." Alex declared.

Saeko blushed and used her hands to rub his hardened cock. She moved her hand up and down slowly.

Her soft hands wandered on his dick, caressing it softly. She looked at his cock as though she was enraptured, unable to move her gaze away.

Alex kept looking at her with a sadistic smile. He did not bother to move or help her; after all, it was her punishment, and she had to find a way to accomplish it. To please him.

Saeko's breath turned heavier. She moved her hands slowly, up and down, trying to please him to the best of her abilities.

Although she had used her hands for more than seven minutes, he showed no sign of cumming.

So, Saeko couldn't help but become nervous.

"You can try using your mouth. I know the other have taught you how, right?"

She blushed and nodded.

Then, she stuck her tongue out and started licking his cock.

Her tongue licked his dick carefully. She used her soft tongue to envelope his dick, licking it as though it was candy.

Quickly, the movements of her tongue became quicker and more experienced.

However, she quickly realized that her small tongue was insufficient to bring Alex to the peak, so she opened her lips.

The next instant, Alex's dick was engulfed by an incredible pleasure.

"Ugh!" He grunted and held her head. Saeko looked at him with his rod inside her mouth and began to move her head up and down.

Slippery noises started to be heard. Her mouth swallowed his cock, using her tongue to play with it. She caressed his balls below.

Seeing her face while she gave him a blowjob brought his excitement to a new height. Alex caressed her smooth, lustrous black hair while she tried her best to please him.

Suddenly, Saeko accelerated her movements.

Her tongue was like a small playful animal, moving around his rebellious cock repeatedly, teasing and licking it. Alex was pleased with how hard Saeko was trying her best.

At the same time, she continued sucking his dick as though it was candy. Her expression seemed as though she was tasting something incredibly delicious.

With her increasingly faster movements, it became harder and harder for Alex to endure; therefore, he grabbed her hair and tensed up his body.

For more than five minutes, Saeko licked and sucked his cock without stopping. She focused on making him feel as much pleasure as possible without caring about anything else.

Finally, he felt that he was about to cum.

So, he grabbed Saeko's head with two hands and pushed his waist forward.

"Mmm!!!" She opened her eyes wide out of surprise. She felt his cock going beyond her mouth, invading and piercing her throat.

"Ugh!" Alex could not help but let out a groan of pleasure, feeling her throat widening to accept his cock. The incredible feeling of dominance brought by the deepthroat was too good to be described in words.

Therefore, before Saeko could get used to having her throat invaded, he started piston her mouth. He pistoned inside her throat repeatedly, without giving her a chance to breathe.

"Mgh!! ugh.." She tried to say something, but he kept pistoning her. Powerless, she could only grab his legs to try to support herself.

"I'm coming!" Alex shouted after a few seconds. He then held Saeko's head and thrust deeply inside her throat one more time.

The next instant, hot and thick semen was shot inside her mouth.

She gaged. She felt bullied, but she remembered that he was punishing her. This was her punishment. She could only suffer.

He did not take his dick out. He looked at her and ordered in a sadistic tone.

"Swallow it!"

Having no other choice, she obeyed his orders and tried to swallow the hot semen.

She could feel her consciousness turning hazy. She needed to breathe, but his cock, which was in her throat, made it very hard.

Finally, after struggling for a few seconds, she swallowed everything.

Alex smiled and took his penis out. Saeko instantly coughed fiercely and looked at him with an unhappy expression.

"Cough!! Cough. I thought I was going to die. You bullied me."

He caressed her head and said.

"I'm punishing you, remember? Punishments need to be hard. Now, let's start the next part of your punishment."

Rip!

Suddenly, he tore Saeko's clothes. He left her only in her underwear.

"Eh?Kya?!" She yelped in surprise.

Then, Alex carried her and tossed her in the bed.

Let's start.

1037 Chapter 1037

While Alex was punishing Saeko, who had spied on him and the girls when they were having sex, Kuina was called, and her mother wanted to talk with her.

"I wonder what mother wanted to talk about; I'm busy thinking of how to be the next; I'm tired of waiting and seeing them enjoying themselves," Kuina complained as she went toward one of her mother's normal houses located near the commercial district.

From the outside, this house looks lavish. It had been built with walnut wood and had white brick decorations. Small, half-rounded windows allow enough light to enter the home and have been added to the house in a very symmetric way.

The house has a huge kitchen and one small bathroom; it has a relatively small living room, five bedrooms, a cozy dining area, and a grand storage room.

The building is shaped like an L. The extension extends into wooden sunscreens structures, reaching the end of that side of the house.

The second floor is the same size as the first, which has been built exactly on top of the floor below it. This floor has a very different style than the floor below.

The roof is low and rounded and is covered with red roof tiles. One large chimney sits at the side of the house. Several small windows let in just enough light to the rooms below the roof.

The house itself is surrounded by paved ground, with a small pond at one side and various potted plants all around the house.

This house has a garden; Kuina entered the house, and the maids welcomed her.

"Welcome, Holy maiden; your mother is waiting for you in the garden." One of the maids stepped forward and said those words, and Kuina nodded.

It was only when coming here that she was reminded that she was the Holy maiden of this empire; this status is like the Saintess status in the former Holy Crux empire.

'Since how many years have I got this title? Like my mother, I've inherited it. They said I'm more talented and could achieve our ancestors' long cherished wish.'

While immersed in her thoughts, thinking about the past, Kuina headed to the garden and soon arrived at her destination.

Tall hedges and bushes surrounded a luscious plot of grass. A pagoda stands in the back right of the garden, complete with an outdoor kitchen. The flower beds are a pride and joy within this garden, as they're very well cared for; they're a pit stop for bees. The hedges and bushes reach 1.5m/5ft high, but they tend to grow far bigger in the wild. A path of stone twists around the garden, beckoning people to explore the garden, and showing them the best sights simultaneously. Grass and roots playfully creep and crawl their way through the gardens, eager to expand their foothold beyond the locations given to them.

The pagoda claimed this land first, as the garden was designed around it. The flower beds make sure they're paid attention to as well, and the hedges and bushes are eye-catching in their own right, but nothing can challenge the pagoda.

And sitting in the middle of this garden, leisurely sipping coffee, was a woman of otherworldly beauty; she was the mature version of Kuina with nine golden tails, and the tip of her tail was white as snow.

Kuina stood frozen for a second in front of her mother's beauty; no matter how many times she had seen it, she would always be in awe facing her mother's true form; she was one hell of a beauty. She felt

proud to be her daughter, to have inherited this beautiful gene, and proud that one day she would become more beautiful than her.

"Come join me, my sweet daughter." The empress beckoned her daughter to join her.

Kuina nodded before joining her; she went and sat on her mother's tight, nuzzling her nose into her hair, taking in some of her scents.

"I miss you, mother," Kuina said, acting like a spoiled kid.

Her mother smiled and gently caressed her golden hair; she let her indulge in whatever she wanted, like feeding her, combing her hair, and when she felt she had spoiled her daughter enough. She began to speak with her.

"You know, as the Holy Maiden, as the one stated, to achieve our ancestor's long cherished dream, you must not stay passive, right?"

Kuina's body flinched upon hearing her mother's question; she understood well what she was hinting at. She could only sigh.

"Don't worry, the rice will be cooked soon. I will stop hesitating; I'll stay no more passive; tomorrow it is." She declared confidently, and her mother nodded with a smile in acknowledgment.

"As expected of my daughter, the future ten-tailed fox. My pride, my joy, go for it; you have my support. I would have competed with you girls if I was a bit younger." Kuina's mother declared, making Kuina jump on her feet, ready to defend what was hers.

"You won't dare, right?"

"Ufufu! Maybe I shall join the fray." Her mother declared while taking a fighting posture, she released her strength, and Kuina was shocked to see she had progressed once again.

The two started playing around, until late in the night.

.....

The city of Silent Hill was built atop quiet and serene hills and is truly a historic trade center. Its beauty is matched by the backdrop of several waterfalls, which have helped shape the city into what it is today.

The resources these waterfalls brought were of great importance. Still, they were also influential when it came to architectural designs as the vast majority of buildings not only use water from those waterfalls, they often incorporate some form of falling water as part of their architecture.

The skyline is littered with soaring skyscrapers, and their beauty is only matched by each other. Culture is rising in Silent Hill, and it has attracted a lot of attention. A few new cultures have left their mark not just on business but also on the city's identity. What historically was a city of few differences has grown into an amalgamation of differences, which unites half a million people today.

It's this multicultural identity that has truly left its mark. Hundreds of cafés, ethnic restaurants, and sandwich bars offer many culinary choices. Those who feel hungry for something else can enjoy adventure sports, photography, aerobics, or one of the many other recreational venues.

After observing everything from the sky, Alex holding Kuina's hand, said.

"Let's go, my lady."

Kuina beamed with a smile; this marked the beginning of their date, the prelude to what they would do today. She was excited about what would happen today. She wants this man, and she would have him; she got everyone benediction before coming here, even the reluctant Maria had acknowledged her and gave her ok, so what could go wrong?

Nothing.

1039 Chapter 1039

At the end of their date, Alex immediately teleported them to her room before sealing her lips; clumsy at first, Kuina soon learned the gist of it and started to reciprocate.

Instead of using the bed, she guided him to the floor, on the velvet carpet, and she did something completely unexpected, her eight tails elongated, covering them in a fur-like cocoon.

Their hot, steamy breaths intertwined and merged into one from within the prison of fur and comfort. Who could have imagined that the untouchable tails of the Nine-Tail Celestial Foxia Family would be used for such an act of debauchery?

Yet the forbidden sensation only drove one wilder with lust. It was exactly what was happening; once all inhibitions were lifted, this happened, and even more when the two acknowledged each other, once they vowed to stay together forever, they might not hold the same feeling toward each other. Still, they decided to start this road together, and this union would be the beginning of many things.

Their limbs entangled as Kuina straddled Alex, sitting atop his waist. The foxy maiden seemed unsure of what to do, an enchanting blush smeared across intoxicated features.

Even if the women of her race were known as bewitching vixens, she herself had almost no contact or experience in regards to the relationships between man and woman; her mother didn't teach her about sex but only told her that she would understand when it would be the time, she had to rely on her instinct for the first time.

Alex smiled faintly at her hesitance as he relaxed underneath.

Laying on a bed of luscious fur as a bountiful maiden waited on him from above, what in the realms could be better than this?

However, this particular maiden seemed to need a little bit of a push.

"Oh? Is this Kuina's first time with a man? You seem awfully unsure. . ."

The sensitive Kuina's hair stood on end as Alex noticed the meaning behind her actions.

"Although that is true, Alex, you should not underestimate me."

Clink!

A hairpin clattered on the ground, followed shortly after by her upper clothes and then the lower ones. Kuina was left in her purple underwear as her breathing grew heavier and heavier. The look in her eyes was part love and part animalistic desire.

Her dainty hands fumbled with the hem of Alex's clothes, and she began to undress her man bit by bit, much like how attendants used to undress the Emperor in older times... though this undressing would undoubtedly lead much further than those would.

The foxy maiden's twin peaks heaved up and down as she slid her hands over Alex's chiseled body, tracing the line of his muscles with trailing fingertips, passionately and affectionately kissing below his

neck and jawline as she sensually grinds herself against him. She was trying to take over, trying to make her dear master submit to however small a pleasure she could give.

Unfortunately, Alex was not a man of smaller pleasures.

He caught her hands with one of his own, eliciting a hitched gasp from novice Holy maiden.

"You're quite good, but you're still too slow."

Alex declared; he felt it would take an eternity; although he could have left her to do her thing at her own pace, he decided not to, at least he much show her the lead; therefore, he pulled her towards him, leading the momentum as he took her lips in an instant. Perhaps she was a bit shocked, but he felt a small resistance that gave way just as quickly as her red, budding rose lips did. An urge drove him as he cradled the back of her head and pulled her in deeper, and deeper, into a kiss that seemed never to end.

Their salivas mixed as tongues intertwined. In the end, Kuina was the first to break away, her face flushing a deep crimson color, either from the unexpected action or a lack of oxygen.

"Ohh! Alexander~"

Her already enchanting voice reached greater, more provocative heights as it gained a sense of loss and longing, a shy yet sexual want of a beast in heat. She clung tighter, almost as if she was afraid he would vanish the next moment. The tails surrounding them gently constricted Alex, shackling his hands and feet.

Those tails were more like blankets than mere shackles. Though he could easily break free, Alex stayed, deciding not to, and above everything, he was intrigued at Kuina's little play.

The prince of the Foxia Empire, the future empress, knelt at his feet, staring at the boxer around his crotch area with salacious eyes. She licked her lips in anticipation.

"Let me serve you, my master."

Those words sent a chill down to the Black Prince's spine, and his lips curled up in a smile showing that he was looking forward to whatever Kuina would be doing.

Meanwhile, Kuina kneeling between his legs, slowly tugged away his boxer, unveiling Alex's dragon in all its might and glory. A force of nature raring to go, it landed right on top of her face, covering nearly half of it.

An embarrassing noise somewhere between a moan and a yelp escaped Kuina's lips as she took in the full size of the monster she had just unleashed. It was about the length of her entire forearm!

And the girth.

A slight hint of panic crept into her mind as she slowly processed what exactly she could do to this ferocious dragon as a tsunami of desire swept everything away in a maelstrom of burning lust.

The room floor grew moist with a clear liquid.

Rosebud's lips quivered as fidgety hands closed around Alex's member. Heavens are witness; the majestic pressure his rod gave her was enough to make her feel faint. She breathed in the musk,

showing a drunken look as her lips grazed the head of the dragon, the cock which had impaled many, and she shall soon become its next victim, one of the fallen.

1040 Chapter 1040

Unlike the others fallen, her status would be different; she shall make sure of this. Armed with the unshakable resolve to prevail over others, Kuina moved.

Then the rosebud blossomed, swallowing the tip of the mighty dragon in one fell swoop, as she squirmed about in mild discomfort. Her pussy was almost entirely wet and slick with the same transparent liquid that now coated the ground. And the giant phallus inside her mouth only made it so much more challenging to hold back the waterworks. The monster was like an aphrodisiac.

Kuina slowly crept down the giant, her mouth screaming in pain and pleasure as tears formed in her eyes. The surface of her tongue was softly tending to the underside of his rod, servicing the monster while it pushed against the back of her throat.

The foxy maiden was naturally endowed with the benefit of having no gag reflex, so she managed to shove it in almost to the root before coming back up, gasping desperately for air.

An admirable showing. However, admirable was far from sufficient to satisfy Alex, who had seen and conquered many. A soft smile showed as his arm lifted, free from the restraints. He caressed the cheek of the still-gasping fox maiden as he patted her fluffy hair.

Then—

Whomp!

Once more, her mouth opened wide as Alex's hand forcibly pushed her head down onto his hot dick, bringing more tears to the corner of her eyes. As if some sort of toy or puppet, he treated her like a plaything with almost no regard for her feelings. He was shoving the whole length of his massive dragon into her small throat mercilessly.

"Gah!"

In and out, over and over again. Glistening spit coated the tall dragon. Even as her vision blurred and her surroundings dimmed, he kept at it, not giving a damn about her unfocused eyes or her faint breathing. It should have been a degrading and shameful moment for the Kuina, but instead, the warmth in her belly surged with an even greater force, sending spine-tingling sparks all throughout her body.

As he slid through her throat again, she felt something different. A twitching of flesh. It foretold the arrival of something powerful. Something that would break her. Something that would tear away all her inhibitions and reveal a completely new her.

Something that would destroy her, perhaps.

Alex's dick bulged inside her delicate mouth. A rumbling, like an erupting volcano, shook Kuina to her very core. Her legs squirmed against the floor as her pussy twitched embarrassingly.

Then the floodgates broke, as a blast of white cum shot out from the tip of Alex's penis and entered right into her stomach.

Kuina almost choked on the viscous fluid, but could not escape because of the hand that held her head fixed in place. Her stupid expression was caught in Alex's eyes, who chuckled lightly when he saw her hands go limp at her sides.

He at last pulled out of her throat in a torrent of thick cum, accompanied by a wonderful deluge of noises from the half-conscious Kuina. The cum splattered all over her pearly-white features, coating her and her tails in a slimy, white liquid.

Subconsciously, the foxy maiden leaned in to clean up, her tiny mouth sucking diligently on the tip of his leaking pillar.

Gulp! Gulp! Gulp!

A full minute passed until the steady flow stopped.

"Ahn~"

With an audible 'pop', Kuina separated from his member as she admired it. It was still virile, hard as stone, without any signs of faltering. Mesmerized, the foxy maiden rubbed her cheek against it, feeling the scorching warmth penetrate her skin as an odd gleam flashed in her eyes.

In one fluid motion, Kuina shed her underwear, letting them slip from her body. Twin peaks are revealed in full. The charming contours and breathtaking curves were beautiful, heavenly even. It possessed a different taste compared to his other women's bodies.

She cradled his face in her hands as she positioned herself over him. Her pussy was ready to devour him, and it was placed right above his enraged dick, ripe for the taking. She didn't immediately act upon mounting him; she first took in mouthfuls of air as her voice, clear as the night sky.

"Fuck me~"

Alex's smiling visage carried a hint of satisfaction.

"Gladly."

He grasped her hands roughly in his, the full length of his rod measuring up against her. A wave of sensation moved past her lower body. The thought of being taken by such a large thing left even more cracks in the watergates.

It was as if her body was attempting to accommodate for it by lubing her up to the extreme. Liquids dripped and pooled onto the floor, some droplets falling directly onto Alex's towering pillar; Alex's cock twitched ferociously as if pleased.

"I'll be going in now."

Alex's gentle tone breathed into Kuina's fox ears, making her shiver.

Then a searing pain gripped her, as something rigid forced itself straight into her body. A torturous pain that melted quickly into the utmost pleasure. She started drooling almost instantly as the fierce dragon inserted itself into her immortal cave, plunging deeper and deeper into her insides. Her silly look was on full display as her unbecoming moans lifted high into the murky air tainted with their love.

'To think I would moan like this, how embarrassing.'

These were Kuina's lingering thoughts, which were promptly shattered by the ceaseless pounding that Alex gave her. Each thrust poked at the entrance of her womb, and he hadn't even fit the entire thing in yet.

Kuina screamed in pleasure.

Soon sloppy noises filled the room. Thankfully, the room was soundproofed, or else God knows what would have happened if those living near the mansion were to hear their Holy maiden, their future empress, moaning like a slut in heat.

Meanwhile, Alex began softly sucking on the pink tips of Kuina's breasts. She has pair of beautiful breasts and one of the rarest ones.
