

## Death Guns 1071

### 1071 Chapter 1071

"Ah! Ah! What the hell was that?" A woman with a plain face wondered, this person was none other than Lilith, the reincarnated demon's goddess and the current ruler of the demon's race, she was currently disguised as Eleanora, one of her personas.

"A dream?" She wondered unable to get back to sleep.

She undid her disguise and reverted to her original appearance, the empress sighed wondering what this weird dream was about.

"Maybe it's a premonition because I don't recall having experienced something like this in the past." She was sure not to have experienced something like this in the past after going through her memories, so there was only a few explanation left, the first one being she was had a premonition, this option was the most plausible one, she believed this option more than the next one.

Finally, the second explanation, is to say the option would be he had access to someone's else memories which she believed to be unlikely.

"Hah! I will see Alex tomorrow and have a chat with him, maybe he might be able to give me some kind of useful explanation, after all, he is that resourceful." Lilith declared with her eyes gleaming with a strange light, unknowingly she was such high faith in Alex.

Meanwhile, in another location, one of Alex's women was also having a weird dream.

It begins in front of a house.

From the outside, this house looks luxurious. It has been built with poplar wood and has poplar wooden decorations. Tall, wide windows brighten up the house and have been added to the house in a very asymmetric way.

The house is equipped with an old-fashioned kitchen and one average bathroom, it also has a small living room, two bedrooms, a roomy dining area, and a grand garage.

The building is shaped like a squared S. The two extensions extend into wooden sunscreens structures to each side.

The second floor is bigger than the first, which creates a stylish overhang around half the house. This floor follows the same style as the floor below.

The roof is high and triangular, but one side is longer than the other and is covered with dark ceramic tiles. Two large chimneys poke out the center of the roof. A few large windows let in just enough light to the rooms below the roof.

The house itself is surrounded by paved ground, with a pool at the backside of the house.

Right, when she was feeling that this house held some meaning, the scenery around the golden-haired girl changed and she appeared elsewhere.

.....

In the maternity ward, Alex slid his fingers into a woman's face she couldn't see her hand as she started undergoing labor.

"Apply more pressure!"

The head doctor urged.

"You can do it!"

The woman nodded and did her best as the doctor began pulling down the beautiful, nascent soul. She felt twisting, squeezing pain that made her scream, and dug her nails into the bed and Alex's hand.

He looked pained.

Not from her nails but from the understanding of the intense agony she was undergoing. And yet despite everything, she didn't stop. Her persistence, courage, and determination astonished him.

"Everything would be alright!" Alex said to this mother, not knowing if he was assuring her or himself.

The woman forced a smile in the moment of intense pain. She could feel he was far more nervous than her.

"He might not know it, but he would become a great dad!"

The woman thought before concentrating her strength to push down.

.....

After what seemed an eternity, the new life stirred into existence. She has an adorable face and golden hair just like her father.

"She is here!"

The doctor said as she showed the newborn to the exhausted mother. "And trust me, she is the most beautiful child I have ever seen!"

Upon hearing this, the woman smiled in elation.

As the child's body came into her hands, the pain faded as if it never existed. Vigor spread through her body as if she was getting a new source of energy, making her exhaustion disappear.

She knew the source of energy wasn't inside her body but in her hands.

"My child!"

The one for whom she could do anything was now in her embrace.

A few minutes later, she lifted her head and noticed Kiba looking at her and their child. There was a deep longing in his eyes.

"She is yours just as mine," She said with a warm smile.

"Take her."

He nodded. He carefully stretched his hands out to take her, afraid he might make some mistake.

"Don't be so nervous," The woman said while placing their child in his open hands.

"She won't break." She said, reassuring him.

The instant the child touched his hands, everything in the world disappeared. It was as if for him, the whole world was engulfed in the darkness.

And in this darkened world, heterochromia eyes, green and golden eyes opened, peering at him.

They radiated sunshine that cut through the darkness, bringing him warmth that instantly melted his heart.

She was the extension of his life.

"You are my Hope."

Alex looked back at those heterochromia eyes. He didn't know if he was mistaken, but for a moment, he noticed them glowing with happiness.

Tears erupted in his eyes and his lips spread to form a smile. He was the happiest he has ever been... something that bewildered him greatly.

How could someone he has just met give him such happiness?

How could she make him so weak that he would cry?

He didn't need to think of the answers. He already knew... perhaps he has always known.

He kissed her on the forehead and made her asleep. He then gently placed her next to the woman with a blurred figure.

"!!!!!!!"

"Yes?"

"I think I know what it feels to fall in love at first sight."

"I know."

The woman replied with a content smile. She was feeling what he was feeling.

Love.

A feeling that was far more than parental instinct.

.....

Alex's eyes remained on the child. He observed her soft breathing, the faint stir of her closed eyes, and the eternal bond she shared with him.

"Hope."

He slipped his index finger into her open hand and watched as her hand unconsciously wrapped around it.

"Thank you for coming into my life."

.....

Luna woke up in real life and with a smile on her face she mumbled.

"I will become a mother soon."

She firmly believed so, this dream was some kind of premonition about her pregnancy.

1072 Chapter 1072

Back Alex.

He stood before his status's window, wondering if he what all of this about.

"The only way to know this new skill is to go test it," Alex mumbled too eager to test this new skill he got after the weird dream he had. He left his room heading to one of the training rooms.

As soon he arrived, he summoned the silver gun and shouted a bullet at the mithril dummy not far from him.

"Destruction Bullet."

A dark crimson bullet was shot out from the silver gun and soon pierced the mithril dummy and it was instantaneously reduced into a cloud of dust.

"Wow!" Alex exclaimed, clearly impressed and overwhelmed by this new skill, the destruction bullet.

Meanwhile, Silveria and Nyx were having a chat and the final result, their final decision was.

"It is time to let him experience what happened, to learn about it."

.....

The following morning Alex had a talk with the girls about a schedule change, he wanted to deal with Leonardo's problem asap and they nodded, however, for some unknown reason Luna seemed extremely happy and she kept stealing glances in his direction, so much that Alex wondered what happened but she refused to tell him, she just smiled and Alex could only think that whatever happened it must have been something good for her to behave like that.

Finally, teams were formed to search for them, not everyone was going off course as some would need to stay behind. Alex and Kuina were selected as the primary group, the second group was formed by Sera, Sakuya, and Alice, she would join them later and lastly, the third group was formed by Pandora and Incursio.

Gracier, Maria, Luna, and Artemia would stay behind.

.....

Sunset Kingdom, the Sun City. A small kingdom located between the human and Human continents.

The sunset glow in the sky was soft and beautiful, showing the world its appearance today.

A man and a woman were walking hand in hand on the street of Sun City intimately. The man and woman were very ordinary in appearance and temperament, and they seemed inconspicuous in the

crowd. No one could have imagined that the unremarkable man was the Drexia Empire's son-in-law, the Black Prince 'Alexander Kael Touch', who was now famous all over the world.

Alex's Camouflage thanks to God's mask could turn him into anyone's appearance, and even a strong Demigod couldn't see the clue, meanwhile, Kuina's transformation technique was equally brilliant. Even if an assassin walked by face to face at this time, they would not know that the 2 were assassination targets.

The two were here for a mission, but still, this would not stop them from having fun, he would always try to please his loved ones, only this way he would survive in the harem.

"Do you like this earring?" Alex asked the Fox lady, the only one who would surely become an original fox.

"Yes! I do like it." Kuina nodded, her eyes filled with happiness. Alex nodded and next introduced a new thing.

"This necklace suits you very well." He said.

"Ah! It's true my love." She nodded happily again.

Then arrived the next thing.

"This skirt..."

"En."

"Kuina?" Alex softly called out.

"Hum?"

"What's wrong?" Alex could not help but ask this.

"I like them all." (I like them very much) Although the answer was very simple, the Holy Maiden's heart was as sweet as honey. As long as Alex chose it, it would be affirmed without exception.

Alex looked at Kuina's grinning expression. All of a sudden, he felt a connection. She liked not only these gifts, but also this kind of life and this kind of feeling.

He liked it too.

Love couldn't be stormy seas and life-and-death excitement all the time, but it consisted of more ordinary and mutual warmth.

1073 Chapter 1073

"I like them all." (I like them very much) Although the answer was very simple, the Holy Maiden's heart was as sweet as honey. As long as Alex chose it, it would be affirmed without exception.

Alex looked at Kuina's grinning expression. All of a sudden, he felt a connection. She liked not only these gifts, but also this kind of life and this kind of feeling.

He liked it too.

Love couldn't be stormy seas and life-and-death excitement all the time, but it consisted of more ordinary and mutual warmth.

Alex had gone through life-and-death situations several times, and he came to value his life, and his happiness more. While it's true that he desired to sit at the top was not for any great ambition, but just to protect his cherished people and happiness. He had finally understood this simple truth after many trials. Everyone whether it's unconsciously or not they are searching for something to protect themselves, some can finally find it while some never would because they did not know what they truly wanted, their eyes aren't opened yet. Alex previously wanted to stand at the summit for personal reasons, it was what he believed but now he just wanted to do that to be able to protect what he had, his happiness, their happiness.

To this reach this goal he had set, he would look directly at the unknown dangers ahead and continue to move forward.

"Boss."

Kuina's eyes lit up and picked up an item.

"I want this."

"Wrap it together." Alex spoke up.

The Holy Maiden shook her head, "I'll pay for this one. I bought it for Gracier."

Upon hearing this, Alex looked at the delicate little toy. His heart was warm when he thought of the cute little sister. He should spend time with her and buy her a lot of toys, the last time he bought one was when he bought that bear to act as a substitute when she was sleeping beside him. Alex secretly vowed to buy a lot of toys for Gracier later on but currently, he was happy with Kuina's gesture. He couldn't help holding Kuina's hand tightly.

"Thinking of Gracier?" Her tacit understanding of Alex was getting deeper and deeper, and so is her love, simple interest and rivalry had turned into this. Even Kuina herself wouldn't have believed it if she was told that she fall this hard for a man like the saying goes 'When a woman was curious about a man, it was only a matter of time before she fell in love with that man.'

'I guess it's true.' She thought before shaking her head and asking.

"And Maria and the others?"

Alex nodded, and Kuina leaned lightly on his shoulder, "Bring Maria and the others out next time."

He nodded, it would be good to bring everyone out on a date once in a while, he thought.

Meanwhile, the vendor said.

"Guests, these are the items you picked." The owner of the boutique was a smiling old man, looking at the couple with a smile.

"Sir, yours is 4 silver coins and 15 copper coins. The little toy that Madam bought is 3 silver coins and 7 copper coins. I'll give you a discount so let's say everything will be 7 silver coins and twenty copper coins."

Alex paid the money, and the boss kindly added, "You two should be from out of town. It's getting dark now, so hurry up and find a hotel to check-in. Don't go out at night. I'll also close the shop soon."

Alex acted as if he was taken aback and asked, "Is there a curfew at night? Even if it is a curfew, it's still early."

"It's not a curfew... There's a bit of a situation during this time, even the guards don't dare to come out easily at night."

Kuina carefully discovered the abnormality of the street outside. It was quite lively when entering Sun City before. After visiting a few stores, the pedestrians had become very few. Most of them seemed to be in a hurry as if they wanted to hurry back. Two out of three of the shops were also closed.

Alex asked curiously, "What's going on here?"

"Since you've come to Sun City, you haven't even heard of this? This is a famous ghost town!" The boss looked around as if afraid of something and said carefully after noticing that everything was alright.

"Every night, the area around Sun City is shrouded in a mysterious power that is terrifying and can absorb the soul as well as the vitality of human beings. Even if you walk outside, your power will be devoured. It is said that some kind of terrifying spirit is at work. People who go out will be sucked out of their flesh and soul. There are also legends that it is a curse. The darkness behind the light of the curse... This situation has existed for many years now, but I don't know exactly what happened recently but things had worsened. There have been many daring adventurers who deliberately went out at night to check it out even after the recent change. They had turned into a pool of dead bones when they were discovered the next day. After such incidents happened in a row, no one dared to try again. Even the knights advised everyone not to go out at night. The Knights of Light have come to investigate several times, but they found nothing. You're here at the wrong time. Every year, this week is the time when the strange curse is the strongest. You should find a hotel to stay in or it will be dangerous if you are late. Previously, we thought it was maybe a dungeon's doing but unfortunately, nothing had been confirmed, what had been used for attraction had changed into something extremely dangerous nobody can predict.'

"A curse that has plagued the city for many years?" After leaving the store.

The Holy Maiden's eyes flickered a bit. Alex could see that the boss' kind reminder not only did not make her vigilant but sparked her interest. Well, it must be expected as they chose this kingdom, this city for a reason. Thank to his mother-in-law and his intelligence network, this city was one among many Leonardo and his party's members might be in.

"Let's go. I want to see how powerful they have become since I've heard they became all demigods." Alex said with a dangerous smile on his face, it would be fun if those three had switched sides, he would kill them without remorse and he still have the perfect justification afterward for what he did.

1075 Chapter 1075

"Let's find a place to rest first and have a drink."

Alex suggested and his words made Kuina stunned for a while, then the guy kissed the back of her hand.

"Then when it gets dark, let's go have fun, Ms. Holy Maiden."

Kuina's eyes were gentle, and she made a soft "oh", leaning her body closer to him.

Late at night.

Not a single pedestrian could be seen in Sun City, and even the guards guarding the city gate were nestled in the castle and dared not come out. No one dared to enter or leave the city or make trouble in the whole 'ghost town' at night, well except for the two new 'tourists' who came to the city.

"There is a strong resentment breath which was similar to undead around. No wonder the boss of that shop said that." Kuina carefully sensed the strong dark element power in the city. She added.

"However, it doesn't feel like it is natural which is strange."

"It is probably a man-made, may be done by the Chaos Organization," Alex suggested.

Kuina nodded and closed her eyes as she activated her sensing power with all her strength, "There is a very strong and strange power, and it also interferes a lot with sensing power, but the dazzling direction of the dark elements tells me that the source should be outside the city."

"Then let's solve the mystery." Alex proposed and the two immediately moved forward. With Kuina's senses, they approached the source of the different power step by step. There were ruins scattered in the woods.

The location of this ruin was obviously the outskirts of Sun City, which was quite far away, but the strange force it emitted actually enveloped the entire city.

"I can't sense any living thing here and this ruin is too odd, there is -"

Before he could finish his sentence, Kuina cut him off and announced.

"It is a dungeon unlike what we previously thought, a special one."

It was exactly what he thought and was going to say. If this place was indeed special then there was a chance that either of the four might there and upon thinking this Alex smiled however first they would have to solve the puzzle in order to have access to the special dungeon.

Kuina stepped forward and Alex could feel her desire to be left in the lead, so he acted like an observer.

A huge broken column buried in the rock slowly stood up under her movement. Kuina's movements were very careful. Under the moonlight, Alex faintly saw a special circular symbol on the broken column.

After the broken column stood up, Alex's divine sense clearly sensed the surrounding changed as if a certain switch was turned on. Of course, not everyone had a sensing power like Kuina and him, only those with powerful senses could hope to achieve anything here but only if they have a certain comprehension of special dungeons. It was even more impossible to immediately find this hub in the rubble.

"This is a game of finding patterns in arrangements," Kuina informed him while her eyes were shining, those eyes he was familiar with them. It was as if a child had found some interesting toy.

"I know. It's just like the Sudoku game we played amongst us girls last time. We have to calculate the appropriate numbers and open them one by one. Let me see..."

This kind of problem-solving thinking was a kind of enjoyment for Kuina. Alex had come to learn this as he spent more time with her, therefore he did not disturb her.

'Let just looked at the surrounding situation.' He decided to do this to occupy his mind.

The forest was very large, but it could not completely cover the scope of this special dungeon. Although he was checking his surroundings his eyes never left her, so he was able to enjoy a concentrated Kuina, she was beautiful whenever she was in deep thoughts mode, she was like a stern teacher thinking about what kind of punishment for her rebellious student.

"Too damn cute." He mumbled but she was too focused to be able to hear this, she would have been over the moon if she knew.

She quickly calculated the order and location of the pivots. While waving her hands, objects were erected.

These 'hubs' had strict sequence requirements and appeared to be very complicated, but Alex and Kuina were both proficient in handling puzzles. With their level and intelligence, this level of difficulty was not difficult for them.

Alex noticed that there were traces of movement around these hubs. As expected it seems that she is not the first person to turn on the hub. The circular symbol can be seen in several places around, like...the Sun City?

The sound of rumbling sounded, interrupting Alex's thoughts. It turned out that Kuina had successfully activated all the hubs, and the erected objects began to glow. They connected to each other, interweaving into a bizarre figure, and the light disappeared in an instant. The landscape below began to change rapidly.

A surge of intense spirit power surged out, mixed with resentment that eroded the soul. It was vast, just like the batch of resentful souls that he encountered at the bottom of the demon's Sea. Back then when facing the vampire duchess and almost died.

The scene below gradually became clear. It was originally a shielding power of space, but now she had deactivated it. They could see an avenue leading to a place similar to a plaza in front. The plaza faintly glowed.

Swoosh!

Swoosh!

Swoosh!!

Countless cold lights flew toward Kuina in the air, and the speed was extremely fast.

Black figures flashed below! People had appeared.

Although the cold lights were coming fast, Alex was even faster. He appeared in the air like lightning as he drew his knife, then he swung it in a lightning-fast fashion, the cold lights were dispersed immediately.

Meanwhile, Kuina glanced at the ground, and the flickering black figures felt that their weight suddenly doubled, and their speed suddenly slowed down. In an instant, they lost their mobility in a powerful gravity.

The strength of those black figures was all at the least closer to the Saint realm, some of them were already Saints, and in their small circle they were considered the top, but unfortunately, they had no resistance in front of Kuina, a demigod. The difference was huge. She didn't kill them as she would be questioning them later, they must know something.

They were people below. The people in the plaza in the distance were obviously also alarmed, and several people rushed toward this side. Before they even saw the opponents' figure, they were suppressed by a powerful force and couldn't move. Alex and Kuina had already shifted to the sky above the plaza.

In the center of the plaza was a circular structure similar to an altar, and it was also the source of countless resentment. A figure who looked like a leader was wearing a large black robe, standing in the center of the structure and performing a sacrifice-like ritual.

There were no other people around; no more than 10 people in this place.

The black-robed leader suddenly looked up and saw the two people suspended in the air. Alex and Kuina also saw the plain white mask on the black-robed person's face which only faintly exposed the eyes.

A horrified expression flashed across the black-robed leader's eyes. He had noticed that someone had broken in before, but he still did not stop the ritual.

Unexpectedly, the enemies broke through here so quickly. When the black-robed leader immediately pointed to the ground, the ground near the altar quickly assembled like bumpy building blocks, and columnar objects like cannon towers rose rapidly. They quickly formed a trapping field to bind the two.

Kuina who was keeping her identity secret frowned and was about to unleash her true form and use her eight tails but Alex stopped her and winked at her, she immediately understood and played along.

Meanwhile, the leader of this strange group previously vigilant finally heaved a sigh of relief, he almost removed his mask to wipe away his sweat. He was sure that these two were trapped and would soon turn into their puppets.

"They scared the shit out of me, I almost peed myself thinking that I have failed his mission, that man is scary but that person, that White-haired bitch is even scarier as she is the one backing him and as the Lord's current favorite toy she can do whatever she wants and so are her followers. Shit! Better continue with the refining." The man cursed, he mumbled this sentence silently, normally nobody beside him should have been able to hear this but Alex and Kuina heard him clear and loudly.

And upon hearing this, Alex couldn't help but feel a little amused as the corners of his mouth perked up.

'Finally, something useful.' He mumbled to himself while Kuina was thinking that coming here had been the right thing to do. The right choice.

1076 Chapter 706

Meanwhile, the leader of this strange group previously vigilant finally heaved a sigh of relief, he almost removed his mask to wipe away his sweat. He was sure that these two were trapped and would soon turn into their puppets.

"They scared the shit out of me, I almost peed myself thinking that I have failed his mission, that man is scary but that person, that White-haired bitch is even scarier as she is the one backing him and as the Lord's current favorite toy she can do whatever she wants and so are her followers. Shit! Better continue with the refining." The man cursed, he mumbled this sentence silently, normally nobody beside him should have been able to hear this but Alex and Kuina heard him clearly and loudly.

And upon hearing this, Alex couldn't help but feel a little amused as the corners of his mouth perked up.

'Finally, something useful.' He mumbled to himself while Kuina was thinking that coming here had been the right thing to do. The right choice.

Now that they got a solid lead there was any need to pretend so it was time to end this. The Holy Maiden winked at Alex, hinting at him to let her act and he silently nodded, and immediately she moved to break free from what the leader thought had restricted them. He was shocked but it was already too late by the time he understood that he had been played.

Kuina's movements were quick. After finishing off the towers trapping them, she blinked. The temperature beside the black-robed leader suddenly rose, and a flame appeared and tried to burn him.

The black-robed leader's body suddenly became void, actually ignoring her flame. He instantly escaped from the range of flame. Kuina was slightly surprised, and the flame instantly turned into a fire snake that swept toward the black-robed leader.

The black-robed leader shook his robe, and the surrounding space suddenly turned blood red. The fire snake arc seemed to be stuck in the mud, unable to exert its force, and it gradually dimmed.

Seeing this Kuina snorted and flicked a finger, and the dimmed fire snake arc turned bright red and exploded.

The entire blood-red space shattered to pieces under the power of the explosion, but the scattered blood color reassembled into the figure of the black-robed leader. Kuina did not expect that the opponent was still unscathed after the explosion. She snorted again and decided to get serious.

Seven Illusionary fox flame tails condensed, and the surrounding air seemed to be completely locked by a terrific beast, the man couldn't move even with level 141, the surroundings warped and he soon found himself standing in the middle of lava, at first he thought it was nothing but just an illusion but when he felt a searing pain tearing his hand when lava splashed on it, he had to reconsider his position it was then a huge pair of gigantic fox eyes locked into him, his mind went blank.

Meanwhile, outside seeing their leader frozen with his eyes widened in fear they tried to run away but were quickly dispatched by Alex's bullets dying before their body even reach the ground.

There was only the leader left, Alex approached Kuina, he was certain that whatever she had put him into she did it because they could gain information.

"What do you get?" He asked her as soon as he got near them but she shook her head before telling him that it seems Leonardo was not here neither were Camilla and the others but someone had ordered to convert the resentment here to create a strong monster that would go on a rampage, sacrificing the life of the people in the Sun City.

"It is all I managed to get before his mind became unstable I sh-"

Kuina didn't finish her sentence before she jumped back because the leader's body seemed to have exploded, she even dragged Alex with her to a safe location, and just as she was about to say something she froze, no she was forced to shut up because Alex's eyes at the moment were really scary, they looked like the eyes of an ancient beast which was about to go on a rampage.

Alex's eyes were focused somewhere and upon following his line of sight she was shocked to see a black shadow fleeing at a fast speed and had almost left the boundary of this place.

"What?" She blurted out, unable to believe that the man had just played her.

It was then it happened.

"Asura's Evil Eye!"

BOOM!

Countless pairs of crimson eyes appeared above the fleeing man and instantly his body froze, he experienced fear like never before, those eyes sent him somewhere where darkness was everywhere until there was a clamor in the darkness, a clamor of metal, and suddenly he was stared at by a little creation of sin and hatred. Two ravenous eyes stare at him with dazing violence, and another clamor rushes from its drooling mouth in an attempt to intimidate him.

He was scared by something he had never seen.

Magma-like skin adorns its oval head, which itself is almost bark-like. An infernal light escapes the creature's convex nostrils set within a hanging nose.

Its oval head sits atop a giant, inflated body. Scars cover nearly every inch of it, seems like a reminder of some event in the past.

The creature steps closer to him, its six legs lumberingly carrying its reptilian body with chaotic energy. A vine-like tail crawls behind it, and tendril-like veins protrude from it in several places.

Four skeletal wings extend themselves fully. Cracked bones and feathers of bone stretch upward before coming down again with force. The creature comes closer and closer, its eyes never leaving his eyes, the leader who had used the ultimate ability to escape kept shivering and saw his death, he preferred to be eaten alive than go back and face those eyes, they were too scary.

Outside Kuina closed her body and didn't dare to open them because she was afraid of Alex's third eye, the Asura's Devil's Eye, she was not even the one he cast this ability on but she experienced fear, an innate fear just by staring at them for a second.

Swoosh!

Alex teleported before the man and aimed Silveria at him.

"It has been a long time since I've used this ability. I like your ability much so I'll be taking it. Sorry but not sorry."

"Snatch!"

BANG!

The dark red bullet left the gun's chamber, knocking the man's head back, brain's juice splashed around but Alex had already left the place, the man died eyes filled with fear but at the same time, he got robbed of his most prized possession, his ability, the one he used after faking an explosion, the ability capable of letting escape most attack.

"Let's leave there is nothing here," Alex said before taking Kuina's hand, he felt it tremble for a moment prompting a sigh out of him.

"Sorry, I can't control that ability perfectly yet. The Asura's Devil's Eye is scary I know but don't worry I learn to better use for myself and protect you all." He promised and Kuina nodded, she felt ashamed to have reacted like that but it would have been weird if she showed no reaction.

The two didn't say a word until their return, she went to sleep while Alex called out his status window.

"Wow! I should use this ability often I think." Alex said upon seeing how much he gained after using snatch, he unconsciously licked his lips. The desire to go on a rampage slaughtering humans, demons, and elves passed through his mind for a moment but he quickly shook his head to regain control of himself.

"That would have been dangerous if I give in. I would be branded a demon to be hunted down by the whole world. It is a good thing that only I have this skill or else the world, no the universe would be set ablaze because this skill is too dangerous.

Just by killing and using snatch on the leader, he managed not only to snatch his ability but also snatched all of his exp, more than half of the latter's mana pool. This gave the Black Prince an exhilarating feeling, a sensation spreading through his soul if not careful enough he could become addicted to this.

Fortunately, Alex rarely does use this ability if not he could not say if he could resist the temptation, giving in to his inner demon and killing other living things like him to gain exp, he would progress faster this way but the pay he would need to pay would be great as he would have become addicted to this ability and go on a rampage.

"Sigh! Let's see the new skill I've got, well, snatched." Alex said before reading the description of the new skill he acquired (Snatched).

[Illusionary Escape Level 1

Ability to bypass any attack, to turn into an Illusionary figure immune to almost all attacks.

Condition: Usable per day at the current level.

Mana cost: 1000]

"A simple yet useful skill. Let's spend some skill points on it to increase it to the max level." He decided and immediately spend 14 skill points on the Illusionary Escape's skill, maxing it.

[Illusionary Escape Level 10 Max Lev

Ability to bypass any attack, to turn into an Illusionary figure immune to almost all attacks.

Condition: Usable thrice a day at the current level.

Mana cost: 500]

"Not bad this skill can come in handy soon. Let's sleep." Alex stretched before going to bed. He was not really tired but he was not in the mood to stay idling after Kuina went to sleep.

As soon Alex closed his eyes he drifted into dreamland but this did not last his consciousness got dragged somewhere, into a throne hall.

Narrow braziers enclosing each of the ten sandstone columns light up every part of the throne hall and their light wraps the hall in a warm radiance. The countless gems on the bowed ceiling dance in the flickering light while gargoyles look down upon the wooden floor of this magnificent hall.

A lilac rug runs from the throne down the center and loops back from both left and right while rounded banners with gilded embroideries on the walls. Between each banner hangs a torch, none but a few have been lit and in turn illuminate the portraits of folk heroes and legends below them.

Extensive windows are shrouded by veils colored the same lilac as the banners. The curtains have been adorned with decorating tips and embellished borders.

A noble throne of onyx sits behind a lavish gate of gilded wood and is adjoined by two rather plain-looking seats for visiting dignitaries.

The throne is covered in byzantine carvings and fixed on each of the elegant armrests is a chiseled sun. The fluffy pillows are a light lilac and these too have been adorned with golden tufts.

Those awaiting to be heard by their royal highness can do so on the countless gilded and otherwise extravagant oak benches, all of which are facing the throne in a wide V-shape. Those of higher standing can instead take seats in the humble-looking balconies overlooking the hall.

Alex appeared in the middle of this throne hall and a blond-haired man was looking down on him, the first sentence this man said was.

"Alexander, I thought we had a deal? Why are you trying on going back on this? I'm a joke to you?"

Alex said nothing, it seemed that his goal had been exposed.

1078 Chapter 1078

Alex appeared in the middle of this throne hall and a blond-haired man was looking down on him, the first sentence this man said was.

"Alexander, I thought we had a deal? Why are you trying on going back on this? I'm a joke to you?"

Alex said nothing, it seemed that his goal had been exposed still he had anticipated this, so he was not shocked. He was waiting for this so naturally upon hearing Arthur's cold words Alex couldn't help but feel a little amused as the corners of his mouth perked up.

"Not at all but I ought to protect myself and those closest to me. To do this I must get rid of any threat to us, so forgive me there is no hard feeling."

Upon hearing this Arthur stayed silent for a moment before bursting into laughter.

"Puhahahaha! I see, you think you're someone important just because you're contracted to them? Just because I accepted your deal you think you're something?" He declared after laughing.

Silveria immediately understood that things were about to blow up but still decided to observe for a moment before intervening as he believed in Alex's judgment, he would make the best out of this, and he would not completely fall out with this powerful ally, so she believed.

"Well, I'm important for my loved ones and myself, not that I need your acknowledgment." Alex's responded and Arthur's eyes shone dangerously. He stood up from his throne and turned and a dazzling light blinded Alex.

A rainbow beam and a calming of emotions all around mark the coming of an angel. After gently gliding down, a luminous being with eyes hidden behind his hair stands in front of him. They stare at Alex intently, and he froze in both awe and terror.

Four elegant, fluffy wings curve around the angel. Their slim body moves with smooth, floating moves and was clad in dangling, golden cloth. They hold a golden spear, he could only guess the meaning of this.

They look at him in the eyes once more; no emotion was visible whatsoever. The halo above their head suddenly disappears, before departing with incredible speed.

Alex calmed his emotions and with cold eyes, he asked.

"Are you trying to intimidate me?"

Arthur didn't answer but he felt uncomfortable upon hearing this question and more importantly, he couldn't acknowledge that it happened because he felt afraid under Alex's pressure, there was no way he would acknowledge that he was scared by Alex.

"What if I did?" He asked, trying to act tough and Alex immediately retaliated.

Arthur would have never believed that he would be put under an illusion judging by his original but because Alex's ability was more ancient and powerful he suffered from this.

Under Asura's Devil's Eye, Arthur suffered an illusion, he was sent somewhere. In a nebula, he didn't have the time to check his surrounding before there was a change.

A shriek in the nebula, a ringing of ears, and suddenly Arthur was blocked by a fearsome beast of blood and heat. Two bitter eyes stare at him with overwhelming power, and another shriek explodes from its cramped mouth as if to summon others.

Two broken horns adorn its massive head, which itself is scarred all over. A constant plume of smoke escapes the creature's large nostrils set within a sinewy nose.

Its massive head sits atop a lofty, inflated body. Shadowy curls coil around its torso, perhaps the remnants of an encounter in a different world.

The creature strode toward him, its two legs gracefully carrying its draconic body with collected energy. A vine-like tail slides behind it, and scars and bite marks are all over its leathery surface.

The creature, disappointed or bored, breaks its gaze upon him for now and because it was his first time facing something so dreadful, he was completely caught off guard but he was not to be underestimated

because he was experienced, he easily broke through this illusion and reappeared in the real life where Alex was waiting for him with his Silveria aimed at his forehead.

Arthur got scared and while controlling his voice he said to Alex.

"Calm down let's talk about this, don't do anything you'll regret it."

"Don't worry I don't want to feel any regret it's why I'm doing this," Alex responded and Arthur who finally understood that he was serious paled, the young boy who proposed to him a deal at the beginning was no more, he had grown up beyond anything he ever expected. To the extent that he was now capable of threatening him, Arthur felt threatened right now and this feeling was real as the word real would get.

After noticing that Alex was not giving a damn about his warning, Arthur panicked more and decided to seek Silveria's help.

"Nemesis have a talk with your owner, don't let him make a mistake he would regret."

"Master, please wait let's talk about this." Unexpectedly Silveria decided to intervene but something shocking happened.

"Shut up Sil, I don't need your opinion, I would have asked for your if I had ever needed it. I'm an adult I can decide on my own." Alex rebuked Silveria and she was forced to shut up, Arthur became restless upon noticing this as he understood that nobody could stop Alex in whatever he had decided to do.

Alex's aim was pretty simple, he would take care of what he didn't previously do, and he would take some countermeasures, getting rid of Arthur, Leonardo's contracted gift would be one of them. He dragged ok this for too long, he should have taken care of this problem a long time ago.

Arthur who finally understood what Alex wished to stop was unable to stop him, he couldn't stop him even if he wanted.

Alex activated his silver domain while using the silver bullet to break the contract between Arthur and Leonardo for good.

"I hope your next contractor would be more smart and sensible." Alex declared before sending Arthur to his next contractor, he didn't forget to steal a bit during this process to increase his level.

Although he could not acquire any skill he got plenty of exp and managed to sever the link between Leonardo and his Gift, the latter felt it where he was.

1079 Chapter 1079

Alex activated his silver domain while using the silver bullet to break the contract between Arthur and Leonardo for good.

"I hope your next contractor would be more smart and sensible." Alex declared before sending Arthur to his next contractor, he didn't forget to steal a bit during this process to increase his level.

Although he could not acquire any skill he got plenty of exp and managed to sever the link between Leonardo and his Gift, the latter felt it where he was.

"Cough!"

Leonardo coughed blood and almost fell from his chair, it was thanks to his subordinate that he didn't, his face was pale, so pale that he looked like a vampire.

"Boss, what happened?" The man asked him and after sitting he pushed him away and said in a voice full of hatred.

"He did, that mother-fucker stole my thing, I will kill him." As soon as he finished his sentence Leonardo tried to leave but Lilith Ex appeared and stopped him.

"Stop you fool, it's exactly what he is aiming for. You will be jumping into the tiger's jaws if you go there like this. Be smart and calm down and soon you will be stronger and have your revenge. I'll be leaving, wanna join me and go meet your lover and lackeys?" She asked with a smile but Leonardo snorted before disappearing.

"Hahaha! He is too shy to admit it. Well, let's go play I'm bored, who should I mess up with this time?" Lilith said before heading in a certain direction.

.....

"Why did that?" Silveria asked Alex after appearing before him and as he had expected this he sighed before explaining.

"I did what I had to do. I will not regret it later if I did nothing. Although he was sealed I'm sure that weapon spirit strong as him must have countermeasures and I don't want him to fall back into Leonardo's hand, he doesn't deserve it, he would be dangerous with a such weapon, it was a risk I couldn't take so I did that. Hopefully, Arthur's next master would benefit the class of heroes."

"And what if the next master did not?" Silveria asked and Alex shrugged his shoulders.

"That would be a shame then. He won't be that unlucky I think."

"Let's hope. I'm not against you deciding on your own but you should have shared your thought with us. What would happen if you failed to break their contract and he escaped?" She said concerned and Alex felt warm inside, he smiled while explaining his reasons.

"Sorry to have worried you but I knew you got my back. I trust you, you're the best, there was no way you'll fail and even if it were to happen, Nyx was there to help us. I'm grateful to have you two."

Silveria smiled, she understood this even before he said it, just that she wanted to hear him say those words, women are indeed mysterious creatures, sometimes simple yet other times really complicated, hard to please.

"So, how much did you harvest when sending him away?" She asked because she knew he used snatch when sending Arthur away.

Upon hearing this question, Alex chuckled, and the corners of his mouth perked up.

"Let's check together how much I have stolen."

"Wow! I got 4 levels. Tch! I should have stolen more." Alex said biting his thumb, he regretted not having siphoned more than he did but what he did not know was that it was a series of coincidences that made what he did possible if he hadn't been sealed, if Alex had not combined the silver domain and

used erase he couldn't have succeeded, he wouldn't have stolen bit of Arthur's soul power while he was being sent away. One should know that before becoming a weapon spirit they were once powerful warriors, so their strength still existed, it was what Alex snatched and only he could do that but this feat could not be reproduced, probably.

Silveria rolled her eyes at Alex before leaving but she left a sentence behind.

"My sister and I decided to have you experience something, you'll understand upon experiencing it."

Alex was confused but as Silveria had said he would soon understand upon experiencing whatever they planned so better stop thinking about it. He immediately spent the bonus points (BP) he had been accumulating on his attack's stat.

A smile appeared at the corner of his mouth as he saw his current level, he was slowly progressing and soon he step into the next rank where he could hope to at least compete with the likes of Lord Thanos and the final boss Bahamut. Speaking of him, Alex wondered what he was cooking up for them? Well, they just to get stronger to smash everything in their path.

After taking care of the most urgent things Alex decided to close his eyes, however, as soon as he closed them he was brought somewhere.

After the dizzy feeling, he opened his eyes and saw that he appeared somewhere.

There was a new environment in front of him. He was on a cliff. To be precise, it should be the edge of an island. There were also several similar islands in the distance, which were suspended in the air with white mist floating in between.

It was also a vast space with almost no gravity. On the contrary, the buoyancy in the air was still very large, but the surrounding light appeared dim, and the sky was gloomy. There was a feeling that the 'sun' was completely covered by dark clouds.

He didn't have the time to question where he was before a huge ancient-looking door appeared before him and he was drawn toward it, the huge door opened and Alex got dragged inside. He appeared in a dark realm, darkness was everywhere.

In an instant, all kinds of thoughts, such as eternity, immortality, imperishable, future, past, and so on emerged from Alex's mind. Soon a destructive breath tried to steal something from him. He was taken aback. He tried to use his domain with all his strength to fight against it, but he couldn't resist. Loki, which was known as the strongest armor, was useless in front of this strange devour power.

Knowing that he was brought here for a reason that probably he wouldn't die, Alex stopped resisting, and immediately when he did that, the scenery around him changed.

The Dark realm finally disappeared. Alex was greeted by a brand new scene.

This was an endless universe. From a distance, one could see the faint planet, just like the planets of the solar system on Earth, but it was countless times larger as if it was a real universe. A unique and beautiful world.

The previous feeling of eternity, immortality, imperishable, past, and future... reappeared and intensified countless times.

"Where the hell is this? Where am I?" Alex couldn't help but voice this out.

The Dark realm finally disappeared. Alex was greeted by a brand new scene.

This was an endless universe. From a distance, one could see the faint planet, just like the planets of the solar system on Earth, but it was countless times larger as if it was a real universe. A unique and beautiful world.

The previous feeling of eternity, immortality, imperishable, past, and future... reappeared and intensified countless times.

"Where the hell is this? Where am I?" Alex couldn't help but voice this out. However, there was no one present to answer this question, he could only proceed forward, whatever place this was it must be somewhere important he had this feeling.

Alex kept wandering but did not find anything until a few minutes later. Upon seeing that thing he showed an astonished expression. It couldn't be helped.

A mysterious thing appeared far away.

It appeared to be a human body.

Alex's first impression of this human body was 'gigantic'.

Huge, vast, even...boundless.

In fact, he was far away from the 'human body, but even looking at it from a distance, he could feel the unimaginable size.

The strange thing was that this human body had no life at all. It seemed to be dead or it had fallen into a deep sleep.

At the moment of seeing the human form, he simultaneously had a trembling deep in their souls as if he had to look up at this corpse whenever and wherever it was.

Relying on his powerful will Alex succeeded in gradually suppressing the abnormality in his soul, but another feeling surged- This 'corpse' contained a might that could not be described in words. A gaze or even a thought could completely annihilate him.

At this realization, Alex couldn't help shivering, and he subconsciously used his heterochromia eyes, upon doing this the corpse's shape suddenly changed. It was not a corpse, but countless stars. To be precise, a solar system resembles that of Earth.

A complete solar system, or rather, a small universe!

The 'small universe' was surrounded by a magnificent might like the enormous energy in the real universe, but there was no trace of life or faith as if it was completely dormant.

With a slight distraction, the 'small universe' in his eyes changed back to 'corpse'.

He couldn't see the face nor the gender, but he could clearly sense the existence of the 'human shape'.

Even the Eye of Truth still existing in his left eye couldn't keep peeping at the power of the 'small universe'. If this 'corpse' is really a complete life entity, it must be some kind of supreme existence, then his (her) current state is an eternal sleep. Or is he (she) truly dead?

The 'corpse' was not stationary; it slowly flew toward his side.

Alex didn't dare to get close to peep. Not only because of the trembling due to looking up at it, but also because the huge 'corpse' gave him a strong sense of danger. He instinctively realized that although the 'corpse' had no life breath, the terrifying might contained in it was a real existence. With his current strength, let alone attacking or exploring the 'small universe', as long as he got close to a certain extent, he would be completely turned into the dust of the universe under the terrifying strength.

All of a sudden, he only felt a shake, and he seemed to be in a new boundless space. Faint clouds surged on the ground, exuding powerful energy everywhere as if every grass and tree was an extremely terrifying presence.

In the sky, there seemed to be a pair of eyes slowly opening. Those eyes with indescribable power looked down at everything on the ground.

In an instant, the previous trembling of the soul reappeared, and it was a hundred times stronger. A strong feeling of awe appeared in Alex's heart, it was mixed with a bit of fear as well. While resisting, an ancient voice sounded in his ears. It was a prophetic line, Alex had this feeling upon hearing them.

'When kingdoms collide, the young one shall bring a rise in immortality and a reunion of enemies.'

Although he had no idea what this prophetic line meant as the moment he was more concerned about something, he had to get rid of the trembling over his soul, he must stop whatever was trying to erode his consciousness.

At a critical moment, he regained his consciousness began to operate and devoured those invading his soul with snatch and Eterna's special devour power. At the same time, Loki's armor on his body emitted a faint brilliance. He abruptly woke up and secretly breathed a sigh of relief.

'If I lost consciousness just now, my soul would be completely controlled. My everything will be taken over and devoured by this space. How scary!' He was scared by this realization.

'I must break through the space as soon as possible and escape from this place but wait can I try to endure for a while to snatch, I meant to gain some profit?' Alex's brain worked faster and he began thinking about how to make use of this opportunity to earn big and soon he got a perfect idea.

And the perfect idea Alex got was to summon Ego and blow him.

"Suicide bombing!"

BOOOOOOOOM!

Alex's body suffered as well but he braced himself to steal as much as he could, disregarding everything else.

The terrifying power of the explosion spread and a bright light lit up in the space. It was even more dazzling than the sun as if the sun had exploded. It was his first time using this but Alex was more than

satisfied as this suicide bombing move enabled him to steal as much as fast he could, he would have loved to continue but something happened.

That supernova explosion should have done huge damage as the explosion was akin to a small sun exploding.

However, under such a huge impact, there was not even a single crack in the ground. Even those faint clouds were not changed at all, as if Alex's self-sacrifice, the self-bombing was just a light sigh.

What exactly is this place? Alex was shocked as he didn't expect such a result.

The mocking intent in the eyes in the sky increased and Alex felt the trembling of his soul more violently. When his mind moved, there was a mask on his face. It was the God Mask that suddenly appeared on his face. That kind of weird feeling was immediately isolated.

Although the outside interference was isolated, some kind of strength that had entered the soul still could not be eliminated.

Alex began struggling but he did not stop stealing combining Silveria's snatch and Eterna's special devour power, he remembered the resentful gaze Ego sent him before the suicide bombing. He would be shaming himself if he didn't benefit a little from this.

Suddenly, as if enraged by Alex's action, the eyes in the sky shone dangerously and Alex was forced onto his knees. His soul trembled as sweat poured down like rain. He wanted to shout but the pressure was too much, it was then the ancient voice ranged out in his ears again.

"So, you're the one she has chosen, you're nothing much, you're too weak and -"

The voice owner had not finished before another terrific force broke through, tearing this small apart.

"...The one that grants eternal death." The ancient voice trembled visibly afraid of this newcomer.

A giant projection of Nyx ignored that voice, she first checked Alex's state and chuckled upon seeing the daring move he was making, stealing from a being from the past, only Alexander Kael Touch and that lunatic could do that.

"Let's go." She said taking Alex with her, she stopped and gave a warning to the ancient being.

"You should stick to your guardian role. He will come back later."

Leaving those words behind she disappeared with Alex inside her hand and immediately the scenery changed to the giant corpse and the latter sighed thinking, 'He was her contractor, no wonder he was this daring. In our next meeting, I will teach him a lesson. He is too lucky to have those women favor, to think he got her bloodline as well.'

Although he was a being from the past that neither existed nor was completely dead unless he carried his final mission, he was not afraid of many things, he had faced the first war where they lost to the chaotic heir, and the survivors decided of countermeasures, he was one of them, she was one of them but she was far more than anything they would have anticipated, they became afraid, still, they couldn't do anything as she represented their final hope and the truth is that they could not do anything even if they wanted. She is the one capable of granting eternal death to any living thing or anything that ever

existed, the final destination, the true Goddess of Death, the divine race princess, the one that would turn into the death gun, the one feared by all and desired by the Chaos. Nyx The End.
