### 1091 Chapter 1091

As the first ray of sunlight cracked through the night sky, Alex was still sleeping. He was intoxicated after last and now sleeping without any care in the world.

A minute later, the chirping of the birds entered his ears. The brilliant beams of sunlight passed through the open windows and fell on his face.

"Ah! To think I would drink so much, the hangover is terrible but I can stop it if I want." Alex said before immediately cleansing all the alcohol inside his system using the mana inside his body and he felt refreshed.

"Status!" He called and his status window appeared before his eyes. He didn't hesitate to spend his accumulated bonus skill on his Agility stats.

"Not bad, maybe I should stop hunting monsters and hunt powerful humans instead because they gave more exp, I should go on a manhunt, hunting the chaos forces?" Alex was really considering this option.

『You better not seriously do that because once embarked on this role you won't be able to easily come back, it's why Snatch ability is dangerous.』 Silveria warned him for fear that he would seriously do what he was thinking and upon noticing Silveria's apparent fear, Alex couldn't help but feel a little amused as the corners of his mouth perked up. Not that he was making light of her concern just that he was surprised and happy as well.

"Don't worry Silveria, I promise you to be prudent and never get swallowed by greed." He promised and finally, she could heave a sigh of relief.

『That is good.』

The two happily chatted after this but were soon interrupted by Kuina's arrival. Silveria shut down her senses as she believed that something would happen.

"You are already up, that's good come eat your breakfast but first, go freshen up." Kuina who entered with the breakfast said and Alex happily nodded before disappearing into the bathroom, a few minutes later he was already out. Ready to taste his lover's breakfast.

He quickly ate it and Kuina was happy seeing this just as she was about to say something Alex acted faster and declared.

"Breakfast was soft pancakes and berries, as warm as they would be in the sun, maple syrup threaded upon the top. It remains my favorite breakfast, yet it has nothing at all to do with the food. I loved it because you were there that day. After all, you and I were in the same room. It's odd how we transfer emotions that way as if we can't quite accept how quickly we fell in love."

This declaration made Kuina extremely happy and she genuinely smiled, a smile coming from the bottom of her heart, she never knew that happiness and love could be this sweet and she was truly grateful for this.

"Thank you, I appreciate your declaration and because of your honest opinion you deserve a reward." She declared with a mysterious and Alex was surprised.

"Oh? I'm curious about what kind of reward my Holy Maiden has for me. I'm filled with anticipation."  
Alex was really looking forward to whatever reward this fox had as it would be fun and fun he needs at the moment.

Kuina smiled while secretly checking her status. The fox maiden, the Holy Maiden had acquired a new ability recently during her fight, it was her first unique ability, she was truly happy to have acquired one and was thinking about how to tell him about but after his unexpected declaration, she had an epiphany, would not use this ability? Like this, she would show him directly rather than explain it.

The maiden in love didn't consider how she was going to use this ability to be inappropriate, the only thing that mattered was to please her man, women are such unreasonable creatures that one would wonder what the being which created them was thinking while doing it.

Chapter 1093: New Ability 2\*

The Holy maiden in love didn't consider how she was going to use this ability to be inappropriate, the only thing that mattered was to please her man, women are such unreasonable creatures that one would wonder what the being which created them was thinking while doing it.

"You can check my status I will give you an idea of what I'm about to do," Kuina suggested with a mysterious smile and upon seeing this smile Alex became curious so he did what she said.

"Sure!"

Unique Ability: [Body Double!]

Alex was secretly shocked by the fox princess's progress as this meant she hadn't been slacking off which left him pleased, although the gap between them was quite large it was by no means unapproachable. HHiseyes moved down until stopping on her unique ability and he immediately thought of something lewd this didn't go unnoticed by Kuina who flicked her finger and smoke appeared from this smoke another Kuina identical to her appeared, and they both decided to take on a purely human's form with no fox ears and tails.

Gently pushing Alex into the couch the main Kuina said.

"Relax and enjoy the show."

Alex could only nod while sitting comfortably, his blood was boiling he was grateful for this as God knows he needs to relax after killing a fellow human with whom he grew up on Earth and even reincarnated together after their death, Kuina must be praised to have noticed and decided to cheer him up her way.

Meanwhile, Kuina signaled to her body double that it was time to begin. She got undressed and sat on the bed with her legs stretched apart. Her enticing, breasts were fascinating and hard to resist. This was especially true given her pink nipples were hard and erect at the moment.

But the truly spellbinding sight was far down. It was not her flat belly or her neatly trimmed bush but something delicious and remedying for a dry mouth.

Kuina's body double's eyes were savoring the same.

Kuina's fingers parted her delicate foldings below to allow her body to feast on the wet, pink flesh. The heat from her warm flesh seared the body double's cheeks.

The latter brushed her lips on the vaginal foldings and breathe in the intoxicating, musky scent of her arousal. She then shoved her tongue out and slithered on the vaginal foldings as per the original order.

Kuina's body doubled then gave a long lick from up to down before arriving on the flesh between the pussy lips. Her slippery tongue slowly moved along the wet slit before tickling the clit.

Every movement of her tongue made Kuina tremble in ecstasy. She was slowly building to an orgasm.

"Only a woman knows what a woman truly wants!" Alex enjoying the show could only think like this, his eyes were locked on the ongoing show as they couldn't do otherwise.

At the same time, the body raised her hands and brought them to Kuina's breasts. She started to maul the firm tits to the obvious delight of Kuina.

She cupped and kneaded them gently while continuing to lick.

Kuina wrapped her thighs around her body double's ears as desire devoured her senses.

The latter showed her proficiency to carry two tasks at one time. She pressed Kuina's nipples between her fingertips, making the latter groan in pleasure.

The wetness in her pussy became more vibrant and she licked with more intensity. She freed her hands from her breasts and brought them down.

She took the clit between her lips and gave it a gentle squeeze. After which, she pressed a finger into the wet entrance. Her finger slowly eased inside the slippery passage. She pressed deeper and deeper while twisting the fingertip.

"Ohhh Yes"

Kuina could moan in delight and signaled her other half to continue.

She nodded before slipping another finger inside and she started fingering her pussy with great intensity. She didn't stop with two fingers and added another finger into the slippery nest.

This caused Kuina's body to tremble violently gasping as the flush of sexual excitement spread across her body like ripples.

The body double's mouth and fingers worked in unison. Fingering followed by licking and vice-versa, sometimes both together with no clear patterns.

Meanwhile, Kuina's fingers ran wildly in the body double's hair as the latter continued to lick her. She treated the wetness in her other half's slit as chocolate icing on a delicious cake. She licked slowly from top to bottom and then suddenly increased the pace as she moved upwards again.

Her tongue moved to the clit after which she flicked it. She then gave a deep lick to the swollen foldings which were now glistening from the inner moisture.

Her movements were filled with eagerness and excitement as she tried to make her twin reach a climax. She wanted to retrieve her sweet juices and extinguish the dryness of her mouth.

Kuina lifted her hips and pushed her pussy on her sister's tongue. Her staccato gasps and violent spasms made the attacker realize her the other party was close to release.

So she took Kuina's clit between glossy lips and tugged on it. Kuina's breathing turned heavy and she lifted her hips further.

Her back arched and spasmed as blasts of orgasmic delight exploded all over her body. Her senses were engulfed by the intense sensation assaulting her body.

Her glistening flesh quivered and a gush of juice flooded out in the waiting mouth of the body's double.

"Clean me up!" Kuina requested while she still shuddered and squeaked. It was one hell of an orgasm, even she was shocked by her ingenuity, maybe the being granting her ability knew that it must be used this way.

Meanwhile, while Kuina was lost in her delusion, the other Kuina did as requested and continue to lick and suck. Her entire mouth was glistening in juices.

And the Black Prince who was previously sitting on the couch had left the couch and was standing some steps away from it. His eyes were staring at the two women.

The incredibly erotic scene playing before his eyes was too seductive and arousing. The heavy breathing, intense moaning, and the sounds of licking made Alex's boner hard to control.

At the moment Alex truly wanted He wanted to open his pants and shove his hard-on down the wet entrance of Kuina but he didn't. He resisted the impulse and restricted his actions to only feasting on their bodies from a distance like a good spectator would.

The two have not forgotten him. They rose from their positions and looked at him.

"It seems like master likes his little girls being naughty," Kuina said, grinning, as she noticed Alex adjusting his pants.

Little girls?!

Alex gulped down. He realized they were more deviant than he gave them credit for.

He didn't mind though.

A dirty mind was a wonderful thing, especially in a woman. And there's nothing sexier than a woman who knows how to misbehave as this would add spice to your sexual relationship, sex has to improve, full of creativity to never be boring as it would cause friction between a couple because one might go out in search of something new if this were to happen.

"Master, you are thirsty, right?" Eriel asked with a wink. Glistening juices were dripping from her chin as she continued.

"Want me to wet your dry mouth?"

Even before Alex could answer, Eriel jumped on him and wrapped her legs around his hips. Her breasts squished against his chest through the thin fabric of her dress. She closed her arms around his neck and closed her mouth onto him.

Alex felt her soft lips brushing on his for a wet kiss.

"Taste her, master!" Kuina stood behind his back. "Please!"

He didn't have the time or opportunity to nod or reply.

Even without her encouragement, he was eagerly kissing Kuina's body double back with passion. He decided to call her Eriel. He couldn't believe how deliciously sweet Eriel's lips felt as they kissed. parted his lips and brushed her lips with his tongue.

Eriel parted her lips and rolled her wet tongue out. As she brushed his lips with her tongue, she felt his throbbing boner twitching against her ass.

"Master is really excited!" Eriel declared and Alex didn't deny it, he was really excited, and how he couldn't be? There is no man capable of not resisting, it could only be an eunuch. Things were about to become really interesting.

Chapter 1094: Enjoying Their Services\*

Eriel parted her lips and rolled her wet tongue out. As she brushed his lips with her tongue, she felt his throbbing boner twitching against her ass.

"Master is excited!" Eriel declared and Alex didn't deny it, he was excited, and how he couldn't be? There is no man capable of not resisting, it could only be a eunuch. Things were about to become interesting.

Eriel could feel Alex's desire to devour them whole and Kuina's body double she was really happy and eager to continue this fun game. She would enjoy everything until the end.

She closed her eyes and pushed her tongue into his lips with more force. His mouth opened for her tongue and allowed it to probe. Their tongues curled in the erotic dance of ecstasy and both felt shivers through their bodies.

Because she was previously tasting her body's double pussy the juices were coated on Eriel's tongue and Alex who was kissing her tasted it and found them exotic and addicting.

The kissing turned frantic and ecstatic with every passing moment. Alex didn't want to get outdone so he moved skillfully while greedily sucking Eriel's tongue in his mouth and enjoyed the succulent taste. She retracted her tongue and he pushed his tongue into her delicious mouth.

Their tongues continuously sparred in each other's mouths.

From behind, Kuina's hands wandered over his body and she let out a surprised gasp as she felt the bulge in the pants.

She slowly traced his raging hard-on with each hand through the fibers of his pants. She smiled as she confirmed the length and hardness.

"Oh my! Such a healthy big little man, a violent dragon is trying to break out of its confines! It is enormous and fat! I can believe I was able to take on such a dangerous beast, Oh! Poor me." She remarked aloud.

She rested her head on his right collarbone and muttered in his ear, "Does it wants to barge in our sweet, little caves? Master!"

Her warm breath on his ear was soothing and intensifying like a bolt of current. A tremor ran through Alex's body as her words registered in his mind.

It was the first time he was meeting such a sleazy woman, everything she was doing was igniting his lust. He had to show her, he had to show them that he was enjoying this play.

He continued to kiss Eriel with more lust than ever before.

And Kuina smiled at his response. She was happy because anything Eriel feel she was feeling as well like a double pleasure, she was truly glad to have acquired this unique ability.

Kuina flicked her tongue out and rolled it over Alex's earlobe. She opened her lips a little bit and took the earlobe between her teeth.

He was overwhelmed with sensuous kisses and touches.

He parted his mouth from Eriel's sweet mouth and gasped for breath. Both their faces were flushed with warm blood.

"You haven't answered her question yet, Master~!" Eriel requested with a seductive smile. "Does this little mighty beast want to violate our sweet holes?"

"Of course, I want to pound your brains out," Alex answered honestly. He responded with his dirty version.

Upon finally getting the answer they wanted Eriel jumped back on her feet and turned Alex's head towards Kuina.

"Does it also want to use those bouncy and juicy tits like the last time?" Kuina cupped her breasts and brushed them against each other. She was reminded of that unforgettable night for both and Alex did remember.

Alex's mouth watered at this sight. He lowered his head and kissed the swells of her soft tits. Her skin was a pure delight from the post-orgasmic glow. She was sensitive and respondent to his tender butterfly kisses.

He then moved downwards and buried his face between her breasts. His fingers, in the meantime, traced the flatness of her belly. She has nice and smooth skin, and he made sure he showed enough appreciation.

"Mmm..."

He kissed and licked her breasts. She placed her hands on the back of his head and shoved him further into her breasts.

His mouth moved from one breast to another while his hands moved up on her breasts. He kneaded them in his palms for a gentle squeeze. and slowly, he started fondling the soft flesh between his fingertips.

She gasped in delight and obvious excitement. His fingers made circular movements on the areola before pinching the nipples between his fingers. He continued to pinch and caress in a cyclic movement for thirty seconds, building up Kuina's excitement, she was closer to reaching the top again, the same goes for Eriel who was sharing senses with her original.

Alex knew this therefore he continued with what he had been doing for a while before moving toward her nipples. He then started giving her nipples the attention of his tongue. His tongue licked first one nipple then the other; giving equal love and caring to each breast, he couldn't have them complaining later after all.

Under his relentless attacks, Kuina's back arched as he started sucking her hard nipples between his lips. She felt the remaining hot pulses of earlier orgasms reviving in her most intimate places.

"Oh! Yes! Suck them like a big baby you're." Kuina shouted to Alex's shock, still, he continued and didn't stop.

Meanwhile, from behind, Eriel who hasn't been idling began to move, she ran her hands up and down on Alex's back before moving towards his pants. Along with the enormous bulge, she felt an intense heat.

She caressed his hardon from top to bottom through the soft fabric that was on verge of breaking. She opened the hook of his pants and lowered the zip a little.

"Does this evil dragon wants to fire its seed in our fertile wombs?" Kuina asked another question. She joined her hands with her body double above his raging erection.

Alex in trance gave another affirmative.

"The little beast has such wicked intentions and yet, you are in its support!" Eriel complained in a cute tone.

"Fufufu! Our master is such a wicked being." Kuina declared while zooming her lips on Alex's chin.

"But we like it, we love everything about him." She added and Eriel nodded in acknowledgment.

"Why not help me down there I'm feeling uncomfortable and need some love Eriel." Alex declared and she immediately understood his intention, she went down and took his cock into her mouth, and because she was different from a human, her mouth was as well, she took everything into the base of his shaft and started sucking it.

Meanwhile, Kuina attacked him from above, she took the soft skin of his neck between her lips and sucked on it. A chill of pure ecstasy ran through his skin. He knew she was done and she proved it by moving next to his nipples, the way she rolled that snake tongue around them was enough to send multiple waves of pleasure throughout his body, meanwhile, Eriel was giving him a deepthroat, both attacking simultaneously, she even put one finger into his scrotum touching an erogenous zone, stimulating it and it didn't take enough for Alex to blow his load deep into her throat and she swallowed half of his seed while sharing the other half with her original.

Alex watched in silence while waiting for the beast to go up again as the two women were making up, kissing as if he was not present, the way they kissed while exploring each other bodies only a woman could do that and because of this exceptional scene Alex was quickly up again, less than five minutes, his mighty dragon was up powerful than ever, ready to tear apart everything, ready to conquer some fleshly folds and conquering he did.

Firstly by plowing Kuina until she reached orgasm then she put Eriel above her and pierced from behind, he held her hair which was black by the way, unlike Kuina's golden hair.

He explored Eriel's tight cave to its fullest meanwhile tasked her to keep kissing Kuina while he fingered down.

Alex would have loved taking them both using his other self but because of the latter troublesome personality he dismissed this idea, although he could control Ego he didn't like him as he felt like he was up to no good, as the main body Ego didn't have an ounce of respect for him and he didn't bother hiding this, he was the rebellious him, the black-hearted one and because of this Alex had decided not to rely too heavily on Ego because who knows what he could do if given too much liberty, maybe usurping his identity, pretending to be. Just this idea of him being able to one do this scared the shit out of Alex. It was why he must remain vigilant in dealing with Ego, and summon him less to minimize potential future troubles.

'Let's forget about that troublemaker and enjoy what I'm doing. It's more important than that fucker.'  
Alex who was back to his senses continued to enjoy sex with the two Kings.

#### Chapter 1095: The Incoming Calamity

The following morning, Alex woke up with Kuina nestled in his chest like a little kitten, while the smell of their love nectar still lingered in the air. It had been one crazy night, where they both surrendered themselves to carnal pleasure and vented their lust on each other. Eriel was long gone probably due to Kuina canceling her ability.

A shade of redness was still noticeably seen on Kuina's rosy cheeks.

However, it was not the result of physically exerting and exhausting herself from last night's battle. There was not even a speck of fatigue on her blissfully sleeping face. Whatever fatigue there had been, it was all swept away and only the vibrant glow of a blossomed flower was left behind. She had been truly satisfied, completely and even her soul felt it, she advanced one step closer to him, achieving the perfect harmony with him thus enabling him to have access to her strength.

As he watches Kuina sleeping contentedly with eyes filled with affection, he couldn't help but move away the few strands of hair overlapping her face behind her ears and give her a soft peck on the forehead.

Everybody needs somebody to remind them that they aren't alone and Alex got his somebody, not far from that he was blessed beyond what normal people are capable of doing as he has many women sharing his life, women for whom he would do anything, he would protect them using his full strength, going to hell if possible. He would be there, he would be the shoulder they cried on, and he would anything for them.

"So what kind of calamity is coming that nine tails fox told me about after I've reached a perfect synchronization with Kuina?" Alex became curious about this the first moment he woke up. No matter how many times he thought about he was unable to see what kind of calamity awaiting him soon except for the final war against the Chaos Organization and Bahamut, if it was this calamity he simply have to become powerful enough and have a powerful team, powerful allies and he might succeed, however, judging by what that Nine tails Fox said it was not this calamity she was talking and not knowing was giving Alex quite the headache.

'Beware of the incoming calamity, if not handled properly your relationship might be torn apart.' She had said before asking him to protect Kuina no matter what, be it in this world or the next world as she was likely to face tough challenges.

"Sigh! Let's forget it for now. I just have to be ready, with enough strength and enough preparation I can face even the toughest challenge. This incoming calamity will not be any different." Alex motivated himself before calling out his status window.

"Status!"

Alex's eyes widened upon seeing he had acquired a new skill however he was unable to use it at the moment. He felt like crying but had no tears.

"Fucking hell! This calamity hasn't arrived yet and is already troubling me? Do I owe someone money?" Alex silently cursed, he was frustrated and Silveria could understand to this but because she was also clueless about what calamity was coming she could only sigh trying to appease Alex to the best she could.

『Master! Please calm down. I believe that the best thing should be left for later. I know no matter what will happen you will overcome them, we are all here for you.』

Silveria's words succeeded in calming down Alex who said.

"Thanks, Sil, I'm now calm, and as you have said I have you all with me and together I believe that we will overcome everything."

『That is the mentality.』

"Indeed! Let's go prepare breakfast for Kuina while she was still sleeping." Alex said before disappearing, going to borrow the kitchen to cook for his lover.

From her throne, Nyx watched all of this with emotionless eyes, unlike Alex and Silveria she had an idea about the incoming calamity but she was not sure, and most importantly warning Alex would not work nor that she would do it because too much pampering would later be proven to be a bad thing, something you better watch your protégé suffer to learn. She didn't want Alex to heavily rely on her because she was there every single time, cleaning up for him.

'Let's see how you will deal with this if it's really what I think it is.' Nyx mumbled inside her mind.

At the same moment, in another location, in another city, there was another group.

The city of Sherman was built amidst the flora of a mighty jungle and is truly a fully modernized sight. Its wonder is matched by the backdrop of a dormant volcano which has helped shape the city into what it is today.

The resources these volcanoes brought were of great importance, but they were also influential when it came to architectural designs as the vast majority of buildings have been built with volcanic rocks and similar-looking materials.

The skyline is littered with elaborate skyscrapers and while modern now, their history still shined through. Business is booming in Sherman and it has attracted a lot of attention. Countless cultures have left their mark not just on education, but also on the city's identity. What historically was a city of monotony has grown into a fusion of everything and it's this that unites the four thousand people to this day.

It's this multicultural identity that has truly left its mark. Hundreds of ethnic restaurants, coffeehouses, and diners offer a plethora of culinary choices and those who feel hungry for something else can enjoy concerts, dance, arcades, or one of the many other recreational venues.

Gracier, Maria, Luna, and Sakuya were grouped in one of the arcades, they had just finished playing to their heart's content and because she noticed Maria being unfocused during the game Gracier asked after the group brought Ice cream.

"You is bothering you, Big sister?" Gracier asked while licking her Ice cream and both Luna and Sakuya perked their ears because they were curious as well, they didn't why their sister's boss's mood seemed to be done lately.

Maria sighed, stopping she stared into the sky before saying.

"I don't know but recently I have been feeling restless as if something bad will happen. My instincts are telling me that soon something will happen but I don't know what it will be and my instincts have never been wrong before, not even once."

Both Sakuya and Luna nodded in acknowledgment while Gracier said.

"Relax, I'm sure that nothing bad will happen."

Chapter 1096: The Auction

Maria sighed, stopping she stared into the sky before saying.

"I don't know but recently I have been feeling restless as if something bad will happen. My instincts are telling me that soon something will happen but I don't know what it will be and my instincts have never been wrong before, not even once."

Both Sakuya and Luna nodded in acknowledgment while Gracier said.

"Relax, I'm sure that nothing bad will happen because we are all together no matter what will happen."

"Yes, she is right to let's go to the auction house and get why we are here," Sakuya said urging them to move on, they arrived in this city because they have a goal in mind.

While it's true that they had all progressed, gaining strength, they have a shortcoming which is their mana capacity, compared to Alex it was too little, and even without that, they needed a larger mana pool to last in the fight, to cast many spells. So, after completing the mission of getting rid of Leonardo's crew, they parted ways with others to arrive in this city where the largest secret auction was held, their goal was to find elixirs to increase their mana pool.

"Okay! Let's go." Maria said before leading the group to the place the auction would be taking place. On road she chuckled at how none of them said anything about the fact they murdered their former classmates, she understood that it was a pretty sensible matter that nobody wants to bring forward. They have a tacit agreement to keep quiet about this.

Finally, the group arrived at the auction house and after paying the entrance bills and being given the key to their booth they were guided there.

It was a big auditorium capable of encompassing thousands of people. The auction was about to start.

Maria and the others sat in their booth calmly waiting for the auction to begin and it began soon. All eyes were focused on the stage ahead.

This stage was long and wide enough to be considered grand. The front end of it was wrapped by a transparent force field that didn't restrict people on the stage. The force field was programmed in such a way that the fluctuations from the items in the auction wouldn't be sealed.

The chatter in the auditorium has completely died by the time the man dressed in butler clothes made the introductory speech. The female helper dressed in bunny clothes continued to stand beside him, sporting a seductive smile.

"Everyone knows the rule so let the auction begin," the man said to the audience. "The first item for auction is Heart Spring Flower. Let me describe its classification for those who don't know it by its popular name..."

At the same time, the bunny showcased the flowering plant.

Surprised gasps and audible exclamation rang throughout the auditorium as the flower was introduced.

It has heart-shaped seven white petals that were glistening with radiance. Its leaves were alternate, ovate to lanceolate, with a toothed margin, just like a hibiscus.

The vital essence and the potent strength of Heart Spring Flower formed an important component of the liquid gell used in strengthening variable items such as weapons or accessories.

Most people here were either directly or indirectly affiliated with blacksmiths or organizations directing some of the most powerful blacksmiths. Heart Spring Flower was a valuable component and everyone knew it.

"Please start the bidding," the bunny girl requested the audience. "We don't have a minimum starting price as we trust the wisdom of our guests."

"100 Silver" A young man in ordinary seating rows called out.

"300 silver coins!"

Gracier looked on as people bid excitedly.

Many of them had no interest to buy it as they had reasonable confidence that even if they bid at the start, they wouldn't win. They did it so that they could tell their friends and acquaintances how they participated in a bidding war for a precious item.

"500 silver coins!"

"700!" A middle-aged man working for a medical corporation called out.

The flower was valuable but not valuable enough for bidding to go out of scale. As such, he has enough confidence in acquiring it at this price.

"1000 silver coins."

A nonchalant voice rang in the auditorium, making everyone silent by such a brazen jump in price. Many of them peeked in the direction from where the voice came.

Naturally, it came from Maria's group booth and the one who bid on this item was none other than Gracier. She did know the value of money but since she acquired it from working hard and from her pocket money she didn't mind spending it freely. She has no shortage of money thanks to her generous brother and her work as an adventurer.

As for why she bided so high from the start, well, it was because she didn't want to engage in one bidding after another. Such a high bid would prevent the hassle.

It wasn't like she was losing her money so she decided to be open-hearted and generous. She wanted this item to enhance her equipment, the dress her brother offered her and neither Maria nor the other two stopped her as they knew why she was doing this.

In the auction hall, no one made subsequent bidding. This was to be expected given the bid.

The man in the butler's clothes looked at Gracier as if she was the goddess of wealth. He rubbed his hands excitedly and proclaimed Gracier as the winner of this round.

A female staff walked to Gracier with a smile. She was holding the wooden box inside which the bid item was stored.

She retrieved the money as she arrived in front of her.

"Please check," She said, still smiling, as she handed the box.

"No need," Gracier replied while taking the box. "I can sense what is inside, whether it's the real deal or not without checking."

"Oh my! You must be really strong then." That female girl said but Gracier only smiled to the latter disappointment. She took the money from her and left after the auction and Maria and the others successfully acquired what they came for, everyone without exception.

Chapter 1098: Each Their Progress

While Maria, Luna, Sakuya, and Gracier participated in an auction to acquire elixirs and other items to enhance their mana pool, in other locations as well the remaining girls did the same, they acquired various elixirs and items not only to enhance their mana pool but to increase other stats as well.

It is true that as one would progress one's stats would increase as well but only relying on your natural level-up benefits would not work because others might be blessed to stumble upon elixirs, items to increase their stats, it is why those high-level rankers would buy elixirs and enhancement items as their level and Rank increase. A perfect acknowledgment by your Gift could also increase some random stats after you passed a test handed by your Gift.

It was exactly what happened to Sera, she consumed elixirs but was not satisfied with the results and therefore sought the complete acknowledgment of her Gift and he gave her a mission.

To fight against a version of herself who had double her stats and the result was her defeat as at the moment Sera was in a pretty sorry state.

Bursts of tearing pain pulsed through Sera's head. Her head felt heavy and she could feel dizziness starting to kick in. Panic slowly took over as, for a moment, a way out of this pain began to seem more and more unrealistic. The road ahead was a tough one and right now they weren't sure whether they were willing to walk it, let alone whether they were able.

Fighting through the pain was becoming increasingly difficult, but above all else, it became increasingly annoying to have to deal with. However, she felt like there wasn't much that could be done either way, so the best course of action was to simply deal with it and get on with life until the pain subsided.

Finally, arriving at the small cottage she was using as a resting place since accepting the trial, Sera removed her clothes and entered the small lake behind the cottage to clean herself. She was quite frustrated because today's defeat was her fifteenth, no matter how well she fought she was unable to come out on top of her opponent, although they both have the same eyes the Sera opposite to her was truly emotionless, her eyes were cold and sharp, even when injured she didn't even flinch, the way she used daggers, the way she used sword was beyond anything Sera had ever experienced so she kept losing.

While resting half of her body inside the water Sera thought and thought again, how should she fight to win? What should she try in their next fight? Should she try using Death's hand again even though it had previously failed?

Suddenly, Sera had a thought, she was well aware that this world was inside her consciousness and whatever happened here wouldn't truly happen outside but it was still scary however she was not afraid and she believed this strategy would be the key to winning.

'To understand death I'm experiencing it firsthand.' She thought.

A few minutes later it happened she experienced her first death.

"It hurts! It hurts so much! I can't take this anymore! Somebody make it stop! I can't. I can't move, it's too heavy. My arms are too heavy. Somebody, please make it stop.

I already fell to my knees and I'm getting weaker by the minute. Perhaps I should lie down, I am kind of tired anyway. Move body, move. Fall over, come on.

Is there no way out of this mess? No way for me to live? I'm not ready to die, I'm not ready for it all to end. Somebody, please find me, I need help. Somebody, please save me. I don't want to die.

It's quite peaceful here, I could stay here for hours. Not that I have a choice right now. No, I do have a choice. Give up or fight and I choose to fight. I will get away from here, as far away as possible until I've found it helpful. Help, I need help to get out of here. I can't do it on my own, it's no use.

I'm going to die. Shame it's not like in the books, I have yet to see flashes of my life as I slowly pass away. Maybe they're yet to come. It should be soon though, I know I have little time left. Best get ready for the show.

My mind is numb, I'm feeling drowsy. I can't think straight anymore, I'm too tired. The world looks distorted, I can't make sense of any of it anymore. My mind is numb."

After her death, she seemed to have comprehended something from this death because in their next confrontation things changed.

She transformed into a shadow, she became the shadow itself and successfully managed to kill her other self. She gained a new ability as well on top of finally gaining the full approval of Gift and she achieved her goal.

At the same time in a forest a few kilometers from Sera's current location. The forest was modest, shadowy, and thriving. Its canopy was contested by hemlock, dogwood, and hazel, and abundant dancing lights bounced through their crowns for bright plants to use the insect-riddled soils below.

Curling tree limbs waved from a couple of trees, and a hodgepodge of flowers, which were common to this area only, spruced up the otherwise colorless scenery.

A variation of sounds, belonging mostly to fleeing animals, brightened up the forest and formed a chaotic orchestra with the occasional sounds of large animals in the distance.

At this current moment, at a place that was 5 km away from the waterfall. This place revolved around trees, the sounds of birds chirping rang out, and the fragrance of fragrant flowers drifted around the air. This place was a pretty good secluded paradise, but the precondition was that if there weren't any people here.

Saeko was under this waterfall, sitting in a lotus position letting the water cascade on her body before suddenly opening her eyes and shouting.

"I did it."

Finally, she achieved her goal just like the others.

Chapter 1100: Joyous Family Breakfast

After Alex went back with Kuina he bought a house in the noble district where they moved in.

From the outside, this house looks very elegant. It has been built with burgundy bricks and has brown brick decorations. Tall, half-rounded windows add to the overall look of the house and have been added to the house in a mostly asymmetric way.

The house is equipped with an average kitchen and one modern bathroom, it also has a huge living room, five bedrooms, a grand dining room, a game room, and a modest storage room.

The building is square-shaped. The house is partially surrounded by overgrown wooden overhanging panels on two sides.

The second floor is the same size as the first, which has been built exactly on top of the floor below it. This floor has roughly the same style as the floor below.

The roof is low, triangular, and layered and is covered with grey ceramic tiles. One small chimney sits at the side of the house. There are no windows on the roof.

The house itself is surrounded by paved ground, with an outdoor eating and relaxing space and various potted plants.

oooooo

Two days after everyone returned.

The soothingly cold wind kissed Alex's skin as he found himself flying through the sky shimmering in myriad lights. He could smell nature, the most pleasant smell possible, and then there were his ringing heart, or hearts to be exact. For some reason, he could feel two different hearts beating inside his chest. And as he concentrated on it, something instinctively flapped behind him, distracting him, and even without looking back, he knew that it was his wings.

Every time his wings flapped, he gained in speed, a speed that one could not simply imagine. But no matter how fast he went, there just seemed to be no end to the world he was in, and he did not want it to end. Rather, he wanted to keep flying forever, overlooking the most enchanting place in existence that made one question his reality.

The excited cries of the wind, greeting him as he pierced through it, was an addictive melody he was falling in love with, and subconsciously, a smile crept on his lips.

His excitement pushed him to go faster, once more flapping his wings, but suddenly, there was another sound, a heavenly magical sound, and he stopped to concentrate on it.

"Fufufu! Look at him!"

A very familiar voice sounded out, and a frown marred his handsome face as he tried to locate the source of it.

As soon as his brows furrowed, he heard a few other voices, and suddenly, his mind gained some clarity.

"Sakuya!" He called out her name as his eyes shot open and he bolted up on his bed.

He seemed to have been dreaming about him flying using one of the girls' abilities to fly. He knew it was possible to use some of his partners' abilities upon reaching a complete the 1st stage of his unique ability the Absolute duo. The first stage was because he believed that there is more than one stage and Nyx seemed to confirm this.

A fond smile crept on his face before he pushed himself to sit up on the bed and checked the clock.

It was still early in the morning, he sighed in relief when he realized he could still cook for them before everyone woke up.

One hour later, he had finished cooking this morning's breakfast.

On the big table were numerous dishes, as the chief responsible for this feast he couldn't help but smile.

The table was laden with delicacies lying in wait.

Mushroom soup, bitter greens with tomatoes the size of peas, rare roast beef slices as thin as paper, noodles in a green sauce, and cheese that melts on your tongue were on the table with sweet blue grapes, avocado, bread, tomatoes, and a decaffeinated coffee.

There was even an omelet and salad of mixed greens and parmesan cheese. White bread, creamy yellow butter, blackberries.

The rich aroma of the dishes wafted down and beckoned you. You could not resist the delightful sensations that whipped up inside your memory at the mere thought of delving your teeth deep and fast into their dishes.

Sakuya who was beside Alex gulped. Also smelling the delicate aromas coming from these dishes she could help but blurt out,

"The smell of cooked foods is sure always addictive and I love when you cook."

"He is a good cook." Maria declared.

"Indeed." The others girls said in unison.

The girls were already out, drawn by the smell of the dishes, their eyes were shining, especially Gracier, she was salivating.

"Nice, I'm hungry," Saeko said before sitting down. The other girls followed her and each sat down.

Soon, everyone begins to eat their breakfast.

Alex spread the avocado over the toast and sprinkled tomato on top as if it were cake decorations. There was a joy in how he did it as if for a moment he was happily absorbed by a feeling of love that played in his subtle smile and soft gaze. Then he brought it over, serving himself and Luna, the breakfast that became a part of the rhythm of their lives together. For the first time she could see every day of her future and she wanted it, she wanted to stay and be a part of it more than anything she ever wanted and she was sure that it was the same for everyone present, she was talking about the other girls.

After breakfast, Alex invited everyone to the meeting hall. Even Incursio was present, she ate his breakfast and like the others truly appreciated it.

"Welcome everyone, I want to tell you something." It was the first thing he said upon their arrival and they nodded winking at him to continue.

"As you know a lot of things happened recently and we have to postpone our original plan but even so we all progressed somehow. I ought to congratulate everyone for this and say that from now I want, Maria, Sera, and Kuina to form a group to explore High-level dungeons to increase their level while I and Incursio would go on a mission outside."

This news shocked them but they soon understood what he was trying to accomplish they didn't disapprove of his plan but Kuina had something to announce.

"I understand and will follow your plan like the others but please I want you to make some time to go see my mother, she invited her to come to see her in a few days. I hope you will make some time for this unexpected demand before leaving." She announced to the other girls displeasures.

Alex took a moment to consider before nodding.

"Okay, I'll go with you."

Incursio sighed thinking that relationship is sure a complicated thing.
