Chapter 1101: Dinner With The Fox Mother And Daughter

Three days later at a certain house.

From the outside, this house looks nice and traditional. It has been built with sandstone and has oak wooden decorations. Large, octagon windows add to the overall style of the house and have been added to the house in a mostly symmetric way.

The house is equipped with a small kitchen and one average bathroom, it also has a generous living room, three bedrooms, a large dining area, a lounge area, and a small storage room.

The building is shaped like an L. The extension extends into glass overhanging panels reaching the end of that side of the house.

The second floor is bigger than the first, which creates a stylish overhang on two sides of the house. This floor has a different style than the floor below.

The roof is low and v-shaped and is covered with stone slabs. Two small chimneys sit on either side of the house. Many smaller windows let in plenty of light to the rooms below the roof.

The house itself is surrounded by a gorgeous garden with many hidden lights that make the garden come to life at night.

Alex and Kuina arrived at this house owned by the empress, Kuina's mother, one of the many houses she owned all over the empire. They were invited inside but Kuina was busy showing her affection for him so much that it irritated the empress.

"I say, can you two stop flaunting your relationship in front of me? The food will taste bitter for me." The poutingly complained as she watched Kuina and Alex flirt with each other even at the dinner table. Because she was sitting across from them, everything was captured in her eyes and she was quite annoyed, their display of affection remained her of her single and lonely status which was infuriating.

Alex chuckled not daring to look his mother-in-law in the eyes, he would be a fool for not understanding that his lover was doing this intentionally, she was being affectionate. This girl was acting more affectionately today. Ever since they arrived, she hadn't left his side. As for Alex, he also didn't pass up on the chance to dote on his lovely fox girl. Like a gentleman he was, he must assist his woman in whatever she was accomplishing, only this way she would feel loved, important, and cared for. He had to support her no matter what the circumstances would be because he was sure she would also do the same.

"I say, Eriel can you stop provoking me?" The empress said with her arms crossed.

Kuina first chuckled and then turned to her mother for a moment and responded to her complaint, "Mom, he won't stay for long. Can't I act spoiled while he's here?"

'Yeah, I could believe that. However, it's undoubtedly not her complete reason.' He thought but still decided to play along, at least for now.

He immediately also tipped in, following Kuina's answer. "I apologize for this, mother-in-law. I also can't help but spoil your daughter. She is so cute I can't help myself."

He paused for a while there as he alternately looked at both mother and daughter. Then, he continued, "But you're right. We should stop, Kuina. It's disrespectful to the food. Your mother prepared this for me, I think it's best if we enjoy this together."

"I'm glad that you get it, Alex. Now, Eriel. What say you?" Kuina's mother beamed a smile as she approvingly nodded. However, she smirked as she delivered that question to her daughter.

'Mother-in-law, are you aware that you're trying to spark a rivalry between you and your daughter? Stop teasing her and let's eat for my stomach's sake.' Alex almost shouted but managed to stop himself as he didn't want to give Kuina's mother another target to tease, letting her daughter suffer was enough.

Because Kuina failed to anticipate that Alex would say that and her mother would use it to put her up there, she pursed her lips as she disgruntledly let go of his arm. She would have been more infuriated if she knew what her man previously thought, just a few seconds ago.

"Ah! This is great. To think that my man will side with my busy mom... Okay, I admit defeat."

Alex thought of saying something there to clear it up. But Kuina's movements were swift.

She picked up a fork and stabbed a rather large slice of meat. While sporting a menacing smile towards him as if saying 'I dare you to embarrass me again.' the girl pushed the meat close to his mouth. "Here, Alex, let me feed you instead. Say aah for me~"

'Hum! There's no doubt. She's already upset with him for siding with her mother.' Alex thought.

Understanding that gesture. He unhesitatingly opened his mouth wide and let her stuff that meat inside, hoping that it would ease the girl's dismay.

Fortunately, that's effective. Kuina immediately appeared satisfied. She even picked up a table napkin to carefully wipe the sauce that stained the corners of my lips. And right after that, her beautiful smile resurfaced.

"Delicious?" She asked. And with his mouth full, Alex could only respond with a nod.

He mean, with how large that was, he spent fifteen seconds chewing it to bits.

Watching all that from the side, Kuina's mother seemingly became amused at the sight as she burst into a peal of laughter.

"Fufufu! You two seemed cute together, it's to the extent that I will make one jealous." She said and Kuina rolled her eyes at her mother before provoking her.

"You can try if you want only if you're that confident that is."

"Oh! Little girl doesn't provoke me. There won't even be a bone left after I devour him. Don't provoke the fox." Kuina's mother responded to her daughter's provocation with a mysterious smile but to Alex, this smile was truly dangerous because it gave him goosebumps all over his body, he didn't want to be part of a game between foxes. They are dangerous as succubus in the story.

The two kept competing for a moment before finally deciding to enjoy the dinner, Alex was amused because he finally understood Kuina's behavior, her mother had rarely timed her and for her to propose this dinner touched her, and too happy she decided to make use of this rare opportunity to tease and enjoy her time with her mother and because of her love for him, she didn't mind showing him this childish side of her.

'You are cute when you act pampered.' He thought watching the mother-daughter pair playing together.

Chapter 1102: Invitation

After the harmonious dinner, Alex was invited by his mother-in-law to the garden while Kuina decided to clean the dishes in their absence.

A luxurious plot of grass is enclosed by numerous hedges and shrubs. A fountain stands to the right of the garden, offering a calming element to an already calm garden. The rows of flowers are growing without boundaries, there's not even a single weed in sight; they're like a cloud of color. The hedges and shrubs reach 1.2m/4ft high, but this happens only when well cared for.

Various stepping stones mark the best spots, guiding visitors around the garden, and showing them all it has to offer. Grass and plants have already begun to crawl their way over and around the garden, eager to claim all pieces of land.

The fountain eternally beckons all visitors, drawing all attention toward it. The rows of flowers try to claim their share of the glory, and the hedges and shrubs are surely a sight to behold, but the eye will just be naturally drawn to the fountain.

The two sat around this fountain while Kuina's mother served them tea and while he was enjoying his tea waiting for her to tell him why she did all those things, she finally spoke, she began with a question.

"You know that soon we will be taking part in a fight that will decide our fate right?"

"Of course, I do." Alex nodded, he understood that she must be referring to the incoming clash against the force of the chaos realm, the fight against Bahamut, and to tell the truth, he was pretty scared even with his terrific pace of leveling up he was still scared, there were many reasons for this, the first one being that he knew he was not stronger as the enemy, the second reason is the enemy unknown strength, even after what he did to them there showed no sign of retaliation, either because they didn't care as the death of two powerful pawns doesn't affect them or simply because they're busy preparing something big. Either way, he must prepare, they must prepare and to do this he must use some extreme methods, it was why he chose to go on a mission with Incursio, a manhunting mission. He had to think about many methods of helping him and others to quickly increase their level.

While Alex was lost in thought Kuina's mother observed him for a moment before saying.

"I see, you plan on ascending after the final battle right?"

Breaking free from his formulating thoughts, Alex stared at Kuina's mother, this question was a question he had expected, and while sipping his tea he answered.

"Yes! We will immediately depart after the final battle. Will you be following us?" He fired this question back.

She stayed silent but only for a split second before shaking her head.

"No thanks, my place it's here I just want you to forever look after my baby darling. Never let any harm befall her."

"Don't worry, I promise you that I won't let anything happen to her. She is my precious gem after all." He promised.

"Fufufu! No wonder you managed to get so many girls to fall for you. You're quite good, I'm also falling for your tricks."

Alex felt goosebumps all over his body upon hearing his mother-in-law joke, he imagined having an oyakodon with the mother and daughter pairs (A/N: A threesome of sorts.) and should have been the dream of most males turned into a nightmare because he was sure he couldn't handle them, his harem might not survive so he had better not entertain any thought.

Watching Alex's face going through a myriad of changes due to her joke brought immense joy to her. However, she was half joking, if not because she was tied down by many obligations and because her daughter was going to the Higher World, she would mind trying her chance with a good seedling like Alex. Beastmen culture is more liberal than any other race culture, a mother and daughter sharing the same man would never be considered taboo if the man in question was worthy.

Shaking her head, Kuina's mother threw those nonsensical thoughts to the back of her head and said the following sentence.

"At least I want a child before you leave."

Puff!

This sudden declaration like the last time caught him completely off guard and it took him some time to come up with an excuse.

"I understand your point but it should be something both your daughter and I will need to discuss to achieve consensus before having one. Don't worry, you will be a grandmother before you're even aware of it."

Kuina's mother nodded after hearing Alex's answer not because she was a fool but because she had a certain feeling Alex was unaware of.

After a few minutes of idle chatting, Alex decided to leave but before he could leave he was stopped by her mother-in-law who warned him of something.

"That white-haired girl you have been keeping." She said.

"Yes, Incursio? What is it?" Alex questioned her and his mother-in-law added.

"A dog is better with a leash without one. Go on reflect on my words."

Alex nodded before joining Kuina who had finished with her task, the two lovebirds were left alone and he could see that his lover wished to remain behind with her mother which he didn't mind.

"Okay-" He was about to say something but before he could, Kuina stopped him by taking full control of his lips after sealing them with her lips. She sent her tongue inside his mouth before entwining their tongues together and sucked Alex's tongue as hard as she could. It's not wrong to say that the girl found it delicious. Delicious enough to not let it end right away.

Not like he wanted it to end anyway, he reciprocated, and soon they were in the middle of a heated battle where his arms keep wandering all over her body.

Kuina also didn't stay idle. Not minding Alex's busy hands, she squeezed his cheeks in between her palms before capturing his lips for the third time, resuming the long, intimate kiss that got interrupted many when they needed to catch their breath.

With both their minds and bodies focused on each other, the thought that her mother was at home soon flew off their heads as they shamelessly caressed each other bodies without any regard for Kuina's mother who was still inside, fortunately, the thrill of having sex under the same rooftop as his mother in law didn't get over to his head thus he successfully stopped before things could escalate, after calming a Kuina in heat by making her reach a quick orgasm under his skillful fingers, Alex departed.

Alex walked back towards their house alone with his hands in his pockets, leisurely looking at the dark sky that was showering the first snow of the winter in the capital. He was trying not to think about what his mother-in-law had said during their chat in the garden.

On the road back to their house he suddenly received a call from someone unexpected.

[Yes! What is Incursio?] He asked after responding to her unexpected call.

[Nothing, serious I just want to have a chat with you. Where are you at the moment?] Incursio's voice rang out from the other side of the communication device.

[Going back alone. We can meet up in front of the avenue just before the house.] Alex proposed after a moment of consideration. Although he was unaware of what this little white devil wanted by saying she desired to have a chat with him, he could use this opportunity to finally think about how should he deal with her. She had been left alone, it was time to think of some proper measure to handle this ticking bomb.

[Good, let's meet up there and go eat as I'm hungry.] Incursio said before cutting off the conversation.

'Sigh! So, troublesome.' Alex said before going to the meeting place. mm

A few minutes later after meeting up with her, they moved in search of a restaurant to eat at and finally found one.

The restaurant Alex was an open lounge, and the place was nearly at full capacity for the evening.

Luckily, they managed to get themselves a prime table, which was in the corner above a short platform, providing them the full view of the hall, as well as the best view of the stage, where a grand piano was placed.

It was not an expensive place, but it was not cheap either, which meant that most people present inside the lounge either belonged to working Middle-Class people. Of course, there were some rich too, as well as some Civil Servants, who were enjoying a meal with their guests and colleagues.

Surprisingly, there was a good number of youngsters in the lounge, most likely the students of the Foxia magic academy, which was not far from this place.

Their group caught the attention of nearly everyone, and the reason was simply the devilish looks of Alex that hooked them all. Some youngsters were sneaking glances at the girl by his side too. The two didn't bother disguising themselves.

Chapter 1103: Weird Request And The Deal

Surprisingly, there was a good number of youngsters in the lounge, most likely the students of the Foxia magic academy, which was not far from this place.

Their group caught the attention of nearly everyone, and the reason was simply the devilish looks of Alex that hooked them all. Some youngsters were sneaking glances at the girl by his side too. The two didn't bother disguising themselves.

The two ordered and ate soon, a few minutes later they have finished eating and were now drinking wine.

"So, mind telling me why you wanted to meet me?" Finally, unable to take it any longer Alex asked but Incursio finished her wine before saying.

"The reason I have called you out is that I have something I want to ask you, a deal if you want."

"Oh? I'm curious what kind of deal do you want to make with me?" Alex became interested as soon as he heard these words.

Incursio didn't immediately answer, talking about the deal but asked for them to switch to somewhere more private which he didn't refuse and now it was done, Incursio started by raising a question.

"You know we are artificially created right?"

To this question Alex nodded even if he didn't know why she was bringing this matter up.

"Yes, I do."

Incursio nodded before continuing. "As artificially created beings we lacked many things, most of them are emotions, except for a few implemented emotions to help us carry the reason for our creation, we don't possess many emotions, for example, Love, empathy, basic human desire."

Alex nodded, sharing the same thought as her.

"So, for me who started experiencing new emotions after meeting you and your group, I have a request. I want to experience many emotions because only like this I will feel human."

Alex calmly waited for her to finish while drinking wine.

"I want you to teach about sex." She declared and of course, Alex who wasn't expecting this kind of weird request spat his drink.

"The deal is to teach me sex. You can teach me a lot of things, and you can also try to make me your thing, I will obediently follow everything you will say and I'm a powerful asset. I don't need anything else, for now, I want to experience sex."

At first, Alex wanted to refuse by evoking many reasons but upon remembering what his mother-in-law had said a few minutes ago, he reconsidered how he should deal with this problem. He would be a fool not to make use of this golden opportunity. It was unknown why Incursio had become so interested in sex but he should make use of this, by accepting he would be putting an invisible shackle around her neck, he could turn her completely obedient to only him using sex, maybe along the way teach her the meaning of love. Many scenarios were racing through Alex's mind at the moment so he was not preoccupied with the outside and sometimes frowns marred his face which worried Incursio to misunderstand, therefore she hurriedly added.

"Hum! From what Sakuya said, having sex doesn't mean marriage or necessarily loving the other. I just want -"

Before he could finish Alex stopped her by putting a finger on her mouth.

"Shh! You don't have to finish your sentence. I'm just lost in thought after hearing your weird request but that is all. I'm thinking of accepting you see."

Incursio who rarely shows emotions became happy upon hearing that Alex was planning on accepting her request.

"Good, it's a deal then." She said just to be sure.

"Sure, it's a deal. Let's use each other well."

Incursio nodded spotting a beautiful smile and Alex was forced to admit that while he wasn't paying attention this girl had grown up, she became more beautiful, more mature, she was not tall as Maria or Sakuya but she was now taller than Gracier and her breasts grew as well. Maybe, Homonculus growth is different from the other races, either way, this deal wouldn't be bad. He just has to talk with the other women and began the teaching, hopefully, they wouldn't show too much resistance Alex hoped.

However, unexpectedly that evening after going back and having a chat with his lovers, they accepted right away and urged him to quickly began, Incursio was a such valuable asset, they had to quickly brainwash her, cough! teach her a lot of things, emotions, and how to become human, so much so that she would never think of leaving.

A few days later, Alex and Incursio departed to accomplish their goal while the others stayed behind to increase their levels, they promised to meet up two months later.

Five days after leaving the others, Alex and Incursio boarded a ship heading to one of the principalities. The night had just about ended, to go and let the sun take its place.

From the rooftop of the room there rented after reaching a small kingdom not far from their next destination, Alex was observing everything with interest until he found Incursio's presence getting nearer. In the past few days, he taught her many things and unknowingly they became closer, she seemed now attached to him. They would often kiss but just that, it was his way of slowly getting her addicted to his touch and she seemed to like kissing as much as Alex loved sex.

Silently, she sat on the chair next to his. She didn't speak, as was her personality.

Her eyes followed his line of vision, straight to the sky.

Slowly, a ray of light scattered through the sky, ending the reign of night. More rays followed, basking the entire city with its glow, bringing the domain of light.

Slowly Incursio closed her eyes immersing in something she read somewhere in one of the many books she read.

"A ray of light is enough to shatter the dome of the eternal night... And when the time comes, a spark of enlightenment is enough to burn away years of ignorance."

After looking at this scene, she finally understood what those lines meant when she read and didn't understand.

The dome of the eternal night was her controlled past... and the ray of light was her meeting with Alex's group, from fighting against them to now being together with them, from enemy to ally?

As for the one that made all of this possible it was none other than this man beside her, he even accepted her ridiculous request, although she was not a fool for not seeing that he had some hidden agenda, so did she have one. She was grateful that he was willing to accept her request, to teach her how to be alive, to be human. Unknowingly, Alex was teaching the meaning of life and sincerely she was quite enjoying all these new things she wouldn't have been able to enjoy if she hadn't quit her organization, in some sense Alex could be considered the spark which enlightened her to feel alive.

With a smile coming from the bottom of her artificial heart, Incursio rested her head on the one who was her spark - Alex.

She has seen couples doing such a thing and felt this suited her now.

Minutes passed, and his shoulder continued to act as a cushion until she recalled something that suited her even more.

Her neck lifted, and she kissed him on the cheek as his lips weren't within her reach.

Surprised, Alex turned his face towards her.

This gave her the opportunity she was seeking, and her mouth locked with his, kissing him clumsily with raw passion.

Although surprised at first, there was no denying that he did enjoy kissing this cold and clumsy beauty that he could mold to his liking, so he more than welcomed her kiss.

His arm slid to the small of her back so that he can pull her on top of him.

As she sat on his lap, she placed her hands on either side of his face and kissed him further.

She didn't know if she was doing it right, but the feeling of her heart racing and the hot blush on her face told her to continue.

And she did with everything she got, not letting his lips move away.

He felt her rising excitement, and this only increased his own. His hands slipped to her back, slowly opening her top and pulling her bra straps off her shoulders.

The kiss broke to allow the bra and top to fall.

But she didn't allow him to look at her breasts as she resumed her attack again, savoring the intoxicating feel of his lips.

Her wonderfully soft breasts pressed on his body, and even without looking, he could tell they were modest yet beautiful breasts, unique like every other woman's breasts.

Alex couldn't caress her breasts, so he caressed her back, slowly stroking the length of her spine as they continued to kiss.

Incursio's body shuddered as she moaned into his mouth at the succulent warmth his fingers provided. She felt an unknown and foreign sensation creeping up her spine but she did not dislike it, on the contrary, she was curious and wanted to experience more of this feeling.

And for Alex it was the time to teach her the real thing, to finally make her a woman.

Chapter 1104: Finally Making Love With Incursio 1*

Her wonderfully soft breasts pressed on his body, and even without looking, he could tell they were modest yet beautiful breasts, unique like every other woman's breasts.

Alex couldn't caress her breasts, so he caressed her back, slowly stroking the length of her spine as they continued to kiss.

Incursio's body shuddered as she moaned into his mouth at the succulent warmth his fingers provided. She felt an unknown and foreign sensation creeping up her spine but she did not dislike it, on the contrary, she was curious and wanted to experience more of this feeling.

And for Alex it was the time to teach her the real thing, to finally make her a woman.

Therefore, he continued with his assault, it gave Incursio an entirely new sensation.

This new sensation flipped her head backward, freeing Alex's lips.

Upon seeing this Alex acted swiftly, his mouth nibbling on her ear, he had to continue with his assault.

"Ohhhh"

A soft moan escaped Incursio's lips.

She felt assaulted by strange tremors that made her only feel wonderful. It was a feeling she has never felt before, and she couldn't get enough of it.

Meanwhile, Alex continued, his lips moving from Incursio's ear to her face, planting soft kisses on her cheeks, so slowly that you could say he was moving in slow motion.

"Mmmh!"

Incursio bit her lips to suppress the sounds her throat yearned to release.

However, Alex didn't stop. His face arrived on her soft neck, taking her sweet skin between his lips. She was delicious and ripe, and he suckled on her skin, further sending tremors deep within her.

Her head dropped further, and her lips opened up, letting out gasps and moans.

His lips slipped down, arriving on her breasts.

They were more enchanting than he ever thought was possible, shaped perfectly like god's handiwork.

Her pink nipples were another sight to behold, and he couldn't help but kiss them one after another.

The tingling sensation inside her intensified, and subconsciously, Incursio couldn't do anything other than wrap her arms around Alex's neck, pinning his lips to her left nipple.

Alex was amused seeing this, he decided to attack this breast differently, he then opened them and took the nipple in his mouth, slowly sucking on it, rolling his tongue around.

"!!!"

Her hands flew open, and her eyes fluttered upwards inside her head. She didn't know what he was doing, but it made her feel as light as a feather as if she was drifting amidst clouds.

Just as this sensation overpowered her, his face arched up, and he sealed her lips with his, kissing her. Slowly, his free hand moved on her legs, gracefully caressing her inner thighs while he slipped his tongue out, forcing her to open her mouth.

"Umm!"

She was surprised yet again as he started licking in and out of her mouth. The blush on her face turned a deeper shade of red, and her eyes rolled further.

Soon, the tremors inside her exploded, shaking her entire body like she was being electrocuted.

Not even the most dangerous battles have shaken her like this and yet, she only felt ecstatic.

She didn't know this was the first orgasm of her life and the first of many today!

Letting her savor the climax, Alex separated his mouth from hers and hugged her.

Time passed, and neither of them moved till the post-orgasmic glow on her face slowly settled.

He smiled, and he was about to kiss her again when he saw something in her red ruby-like eyes.

Hesitation?

He wondered as what he felt was unclear thus he had to ask. This was the last step before serious things began.

"Do you want us to stop?" He raised this question to check out her state despite knowing what her answer would be.

And as expected Incursio shook her head. She wanted to continue.

"Then? Why the look of hesitation in your eyes?" He enquired further.

"I don't know what to do after kissing. I'm a complete novice as you can see." Incursio answered.

He was making her feel so good and she didn't know how to reciprocate. This made her feel uncomfortable thus a hesitation was born, she thought she could perform better after reading many books, but books are books.

Meanwhile, Alex blankly stared at her before breaking into laughter.

"Pft! Hahahaha!" He had completely forgotten about this in the heat of the moment.

Saying Incursio wasn't shocked by Alex's sudden laugh would be a lie, she was greatly bewildered by his response, but before she could ask, he kissed her on the lips.

"Don't worry!" His voice rang in her mind. "Because one of us knows what to do and as you have requested me, I'll teach you everything I know, I will let you feel the joy of sex, the pain of becoming a woman." He declared before jumping to his feet with Incursio in his arms, their lips locked in a deep embrace. He was such a gentleman that he couldn't stop even while using the Void Steps to reach their room.

Darkness enveloped them, and the next moment, they appeared in their bedroom.

Before Incursio was aware of it, she had been dropped on the bed, and Alex's body was already on top of hers, positioned against hers. Without her knowing, the rest of her clothes vanished, just like his. He had made use of his swift fingers, even The Flash would have been shocked by how fast and dexterous Alex's fingers were.

Alex's lips were locked on Incursio's lips in a wild kiss.

The kiss turned more passionate, with him flicking his tongue against her mouth. In the meantime, his hands caressed and stroked her beautiful curves. At the moment he felt grateful to the scientists which created her, they did a good job, of creating something like this for him to enjoy. If those scientists were to heard what Alex thought of their destruction machine they would have vomited blood, dying on the spot but unfortunately they couldn't as most of them were dead already, killed by the two.

Back on the ongoing business, Alex continued to explore Incursio's mouth, playing with her agile tongue.

Meanwhile, the latter was murmuring in his mouth, feeling the onslaught of orgasmic jolts coursing through her body, threatening to turn her crazy with lust.

Suddenly, Alex's mouth parted from hers, but she has no reason to complain as he kissed her chin and then down, tantalizing her warm skin.

Except for one region, no part of her escaped his lips, neither her breasts nor the inside of her thighs.

And slowly, he settled between her thighs, to bring his eyes to the one region he has missed.

Her vaginal foldings were closed, hiding her inner flesh. It was like a beautiful flower waiting to bloom, covering itself with petals ready for the perfect time to bloom and Alex might have the time they had been waiting for.

His mouth moved closer, and feeling his breath grazing her, Incursio could not help but feel goosebumps. Her legs involuntarily started closing, but Alex couldn't have them closing now he was closer therefore he stopped her, assuring her there was nothing wrong. She just have to relax, leaving everything in his hands and she nodded, Alex lowered his head toward the secret garden created by the Supreme beings.

And the closer he approached, the heavier her scent got. It was far more fragrant than any flower he knew.

Slowly, he kissed them.

A shiver ran through her spine like a surge of electricity, but she let him continue. She trusted the man she would spend her entire life with.

Moisture glistened out of her fleshly foldings, and looking at the wetness, Alex's dick throbbed. He wanted to take her right now, but he didn't, he could not do it right away as he had to slowly teach her about sex, and how good it is. He would be going this objective by only thinking about his lower body, he must not give her a bad first experience, he had to give her something to be remembered.

Because after all today was about her pleasure and her alone. He had to make her reach heaven and even beyond that, he had to show her, to make her feel special, so special she would always come back to him no matter what.

Taking a deep breath to inhale her aroma, Alex pushed his tongue out. It slipped into the crimson opening, splitting her foldings and tasting the glistening wetness.

"Ahhh!" Incursio let out a moan.

She was more delicious than what her aroma exploded, and Alex started feasting on her; eating her pussy with slow and gentle movements of his tongue

Her moans turned louder, and the flush on her body spread further.

As Alex's tongue moved further into her flesh, slurping on her juices of arousal, her legs on their own squeezed around his head.

Without her control, she started rubbing herself, and to seek a distraction, she ran her hands into his black hair which had gotten longer recently.

Chapter 1105: Finally Making Love With Incursio 2*

"Ahhh!" Incursio let out a moan.

She was more delicious than what her aroma exploded, and Alex started feasting on her; eating her pussy with slow and gentle movements of his tongue

Her moans turned louder, and the flush on her body spread further.

As Alex's tongue moved further into her flesh, slurping on her juices of arousal, her legs on their own squeezed around his head.

Without her control, she started rubbing herself, and to seek a distraction, she ran her hands into his black hair which had gotten longer recently.

"Ohhhhhh!"

She gasped as he pressed his full mouth to her glistening pussy, swirling his tongue around.

Incursio's head swayed, and the tremors that had long settled returned, this time with fury. They ran like a tsunami, spreading waves of pleasure from her thighs to her entire body.

Her eyes shut and back arched, locking Alex's head between her thighs.

"Ah! Something is coming!" She shouted before letting everything out.

She climaxed!

Her legs dropped, and her back returned to the bed. Her thighs moved away from his head, giving him the chance to move, slowly kissing her from bottom to top.

He paid lavish attention to her breasts, cupping them as she enjoyed the climax. As his tongue rolled on her nipple, it sent a jolt into her, making her eyes open.

She wrapped her hands around his head and pulled him up to welcome his mouth with hers. This kiss was nothing like before, as it only contained wildness he never thought she carried.

She felt an aromatic taste on his lips and tongue, and knowing where it came from, the wildness surged, and she shoved her tongue into his mouth.

She wanted him to feel good just as she had, so she pulled his chest closer, making her breasts squeeze.

Lost in the delightful sensation, Alex positioned himself properly, bringing his cock toward her wet entrance, ready to conquer this new pussy land.

Incursio felt something hard and throbbing touching her, and despite not knowing much, she knew they were about to take the final step and her artificial heart throbbed violently with a mix of fear and most importantly anticipation.

Alex didn't let go of her lips as he slowly penetrated her to relieve her pain as best as he could but she still felt it.

Pain coursed through her body, and she couldn't help but dug his fingers into his rugged back. Even if everything she went through she couldn't endure it and she understood how other women feel on their first time.

Meanwhile, Alex continued with his action and Incursio soon forgot the pain as he powered the kiss with a care she has never known. The pain vanished completely, and without her knowing, her hymen broke, and blood trailed off his cock, a testament to her finally losing her virginity.

Her pussy welcomed him fully inside her like she was created for him, and now her goal was complete.

Buried deep within her, Alex separated his lips from hers and looked at her face. Her usual impassiveness has melted, replaced with genuine happiness, she felt like she had finally taken her first

step towards being human and happy therefore she smiled at him, the one she choose to help her on this unknown road.

No words were spoken, but Alex knew she was ready therefore his waist moved up and down and attacked her pussy repeatedly. He could feel her soft flesh wrapping around his cock, engulfing it each time he penetrated her. Her moist walls pressed against his cock as if wanting to swallow him, this caused him a great amount of pleasure.

"Ahn!!" Incursio moaned delightfully. Alex looked into her eyes and kissed her neck, she twisted her body to escape from his grasp, but in the end, she submitted under his incessant attacks.

The bed shook under the movements of their bodies.

Soon, Alex's mouth began to savor each part of Incursio's body. He licked her neck, and descended to her armpit, before teasing her breasts with his tongue.

Her nipples stiffened under his constant teasing. He smiled devilishly and bit them softly, causing her to moan.

"This feeling is so goooood!!!" Incursio shouted in ecstasy and Alex was incredibly excited seeing the contrast between her cold personality and her current lustful expression. The contrast was too shocking and he could feel himself getting addicted to this, he wanted to break her, to make her show a different expression, he would completely melt her.

Alex continued with his attack and he could feel her body quivering and shaking with each thrust. Incursio's inexperienced movements had their charm. Seeing her twist helplessly under his body while he dominated her satisfied his sadistic side.

His cock continued entering and exiting continually while he sucked her breast and pounded her fiercely. Incursio's sparkling body had turned red due to her constant movements, and her breathing had turned heavy.

Alex's hands were still caressing her body all over. Incursio moaned and groaned repeatedly, accepting his attacks and staring at him with a befuddled gaze. Her pussy had turned completely moist, making his movements easier, so he began to move deeper and faster.

"Ahn... n-no... s-something is coming again...~" She looked at Alex with a panicked expression. She could feel something coming from inside her, and this time, it was much stronger than before.

For an instant, a feeling of fear filled her. She feared getting drunk in this feeling of pleasure, she might become a slave to it.

However, her body was not in her control anymore. It began to move instinctively, searching for greater pleasure and comfort. Her waist twisted and trembled quickly, and finally, her entire body shook.

"Anhhhhh!" Incursio screamed in joy. Her mind turned entirely blank.

But Alex did not stop. Once he saw that she had climaxed, Alex lifted her body and turned her around. She was staring away in a daze, leaving her body completely in Alex's control.

Alex then resumed his movements. His pelvis slammed furiously against Incursio's round buttocks, and slapping sounds filled the room.

The new round of pleasure woke her up. She twitched under his body and let out a long groan. Then, her sweet voice escaped from her lips repeatedly.

Her eyes had turned blank due to the unprecedented pleasure, and her short white hair was sticking to her back. Alex sighed in delight seeing that image and pierced her as deeply as possible.

"Ugh...!"

The tip of the dick reached Incursio's womb and a brief bout of pain attacked her, but it was soon replaced by incredible pleasure. Alex then retracted his cock and attacked again, making Incursio moan intermittently.

Her cave had been completely explored by him. With each thrust, he could feel it tightening around his cock, wrapping it in multiple layers of pleasure that seemed to suck it.

Finally, Alex grabbed her legs and lifted her, carrying her with her back against his chest. He admired her naked body in this new position and began a new round of pitoning. Her body shook each time Alex attacked her, and her mouth opened in a long whimper. He could see a small thread of saliva escaping her lips.

At this moment, Incursio was completely lost in the pleasure of sex. She could only respond instinctively to each one of his attacks, unable to think about anything else than the joyful feeling coming from our entwined bodies.

Before long, he accelerated more and more, attacking her mercilessly, shaping her cave in the shape of his dick. Her groans and screams were like music that increased his excitement.

Soon, Alex began to feel something building inside of him. He then suppressed the desire to ejaculate to enjoy Incursio's body to the fullest. His cock grew inside her and her walls tightened even more.

"Alex...I'm... feeling it~" Incursio panted and moaned lustfully. He understood that she was coming soon, so he stopped suppressing the built-up pleasure and began the last sprint.

His cock thrust until her womb once, then twice. Incursio screamed and cummed again. Her vagina squeezed his cock strongly, giving him an incredible feeling of bliss.

Finally, he was unable to endure anymore and the thick hot liquid was shot into Incursio's womb.

Their bodies twitched a pair of times before falling on the bed. He hugged Incursio from behind and thrust inside once more to squeeze the last bit of semen and finally stopped.

Their bodies remained intertwined like that for a while, feeling the heat of each other's bodies. Alex sighed in satisfaction and looked at the beautiful girl pressed below him.

Alex could have continued, but he knew she was at her limit. So, he didn't hold back and released a thick load inside her.

Holding her to the side, he pulled her for a cuddle. Their breathing returned to normal as they fell asleep in each other's arms.

This experience was something Incursio could never forget and this marked the beginning of her evolution, slowly she had begun to change.

Chapter 1106: Sex Addict

The gentle rays of the rising sun peered their way through the light curtains and provided a serene light in the room.

Alex woke up after the sunlight caressed his face, he was about to get up when he heard Incursio's voice.

"Morning stallion, I see someone is eager to go to war." She said those words while gripping his hard-on, she was slowly caressing it with a ravenous expression.

"Do you want it?" Alex asked with a mysterious smile and Incursio as expected answered truthfully without any shame.

"Yes, I want it, give it to me." She declared and like a starving hyena she drooled.

Almost without a warning, Alex flipped Incursio's body and pierced her pussy in one thrust.

She gasped in surprise. Her body shivered fiercely.

Alex grinned and started to thrust, moving his waist up and down and slamming his balls on her hole.

Because Incursio was horny she was already completely wet, so Alex's cock slid inside easily. It pierced her lower lips and hit her womb with each thrust.

"Ugh..." Incursio let out a soft groan of pain and pleasure. She tried to twist her body again, but because Alex was holding her hands so she could not move.

For some reason, seeing her helpless state filled him with even more lust. Alex felt an incredible urge to bully her just to see her teary eyes.

"A-Alex can you please s-slow down." She tried to have him reduce his rhythm and Alex nodded with a smile.

"Sure."

However, his actions did not honor his words. Instead of slowing down, his thrusts became faster. Incursio gasped deeply and groaned in pleasure.

To stimulate her even more, Alex licked her neck and armpit and bit her nipples. One of his hands was holding her hands above her head firmly, while his other hand caressed and pinched her abdomen and legs.

Finally, his hands moved to her vulva. He used his fingers to rub the small plains of short hair between her legs, making Incursio's body shiver violently while simultaneously moaning loudly.

Then, when she was getting used to the pleasure, Alex grabbed her hair and pulled the hair up.

"Ughn...~" She moaned in pain. A shiver ran through her body and her walls tightened around his cock trying to crush it but he wouldn't let them do so.

Alex took a deep breath and continued bullying her. His teeth left small marks around her breast and neck, biting and licking mercilessly.

He made sure of using mana to make the process as pleasurable as possible, but even so, it was painful for her. However, the mix of pain and pleasure combined to bring her orgasm to greater heights.

"!!!!!!..." With a loud cry, Alex felt Incursio's first orgasm of the day rushing forward.

"Ohhhhhh...!"

After the flood of love juices drenched Alex's waist, she gasped. She opened her eyes and panted heavily while looking at him with a pitiful expression.

She was like a small animal being bullied by its owner, without a place to vent its grievances.

However, Alex was still not satisfied.

"This is just the beginning, I will color you in my color, so much that the world will know that I've tainted you. I will rewrite you entirely to my liking." He declared, it was a bold declaration, a provocation and she knew it because Incursio's eyes opened wide. She looked at Alex as though looking at a ghost and her face turned pale. She was just pretending because her face soon morphed into that of a smile, a provocative smile as she declared.

"Try me."

In the next moment, she felt Alex's cock moving again inside her sensitive cave.

She moaned involuntarily, but she instantly remembered his provocation and glared at him trying to say, 'I dare you to try to accomplish what you've said' words just now.

Naturally, Alex could read her meaning like an open therefore he put strength on his waist and thrust it forward. Suddenly, his cock pierced her deepest part.

Incursio gasped and her body shivered. She bit her lips until leaking a bit of blood, but even like that, her mouth let out a soft grunt.

"Mm..."

Meanwhile, the rest of Alex's body continued doing his work. He brought his mouth to her shoulders and bit her, drawing a bit of blood. The bite provoked her walls to tighten even more around his cock, and his dick found it a bit hard to move.

So, Alex thrust hard while enjoying her tight cave. Susan shuddered and quivered as her body spasmed due to the pleasure.

"Ahnn...!" Finally, she let out another loud moan.

"How lewd..." He laughed and whispered in her ear. Incursio's body trembled and paled briefly as this would mean she was slowly surrendering to the pleasure he was providing, something she didn't want

to acknowledge yet however the pleasure she was feeling overwhelmed her thoughts and made her moan again.

After she moaned for the first time, she was unable to continue suppressing her moans. She moaned and screamed. Her body twisted below him, and her legs wrapped around his waist.

Alex released Incursio's hands, and she instantly wrapped them around his neck.

At the same time, she brought her mouth to his shoulder and bit hard.

Alex grunted and turned around her body. Then, he sent his dick inside her doggy style. Incursio's moans became even louder and louder the more he moved his hips.

Her cave had long become filled with love juices. The amount of love juice she produced was enough to drench the bed completely.

The slippery sounds of his cock piercing her resounded in the room. It was mixed with the sound of her moans and created a choir of perverted sounds that overwhelmed her senses.

Finally, when he felt she was about to orgasm again, Alex decided to bring this session to an end.

Grabbing her waist, Alex moved in and out quickly. He slammed his waist on her ass while he used his teeth and tongue to bite and lick her back. Incursio's body shivered repeatedly and her eyes turned blank.

"Ohhhhh! Alex, you are going so deep... T-This is the feeling I have wanted... I-I'm dying..."

Then suddenly, Incursio's body spasmed.

Once, twice, and thrice.

Meanwhile, Alex grunted. The movements of his waist turned faster and finally, he felt his first orgasm of the day coming.

Therefore, he thrust one last time and deposited his white-hot stuff inside her womb.

"Cumming...~" Incursio who knows how to express herself when an orgasm was close screamed while arching her back. Immediately after that, her body lost strength and she collapsed into the bed.

Alex took a deep breath and lay over her.

But a few minutes later he proposed.

"Let's take a bath."

"Hmmm!" She nodded and with his help, they departed. They had a quick round in the bathroom.

After the shower, Incursio returned to the bedroom. She dropped to the bed and shut her eyes, once again exhausted.

When she awoke, it was late afternoon, and she found herself in a familiar situation.

Alex was cuddling her, this time their limbs entwined, her breasts pressing his chest as they slept face to face.

Unlike before, she wasn't wary. His eyes were closed, but she didn't mind waking him by moving her hips forward, directly trusting his cock into her.

"Oohh!"

Soon, the familiar moans and the sound of flesh hitting flesh followed.

•••••

She was always a fast learner, and even in sex, it was the same. Under her teacher Alex's guidance, she learned the wonders of many unique, beautiful positions, her favorite being the classic cowgirl.

And she made sure to get enough practice.

Every downward thrust of her hips rippled her ass cheeks and intensified the ecstatic vibrations with her. But she continued to ride him, her fingers lingering on his muscular chest.

"I'm proud to have such an enthusiastic student!"

Alex genuinely praised her, impressed by her dedication to squeezing his cock with her pussy.

She nodded, her head snapping back as she climaxed with violent tremors.

Alex smiled under his violent thrusts, his plan to slowly corrupt this girl as time goes by.

•••••

For the rest of the day, she only stopped to either sleep or to eat something. Then she would follow Kiba, learning more tricks and positions.

The next few days and nights followed a similar pattern.

Every time she fell asleep, she thought Alex was indeed the best teacher in the world.

He taught her many things and she was glad to have met him and above everything else to have taken that decision she was sure to never regret.

•••••

Two days later.

Incursio woke late in the morning, and she was startled.

Alex was not cuddling her!

She looked around and discovered he wasn't in the room.

She jumped to her feet and entered the washroom to freshen up. After that, she will find him and continue with her lessons. She had become a sex addict.

She was ready to evolve, she felt like she was getting the meaning to be human and her emotions were evolving as well.

Unknowingly, something hidden inside her when they were in Exodus was starting to show its effect. It was because of this thing she was so eager to act as she did, without it she would still have taken the same decision but not so quickly, it could be said this thing influenced her choice, pushing them forward faster.

Chapter 1108: Infinity Maze 1

The next morning, Incursio awoke with a smile on her face. Her eyes no longer glinted with the usual coldness. Something about her seemed to have changed, she grew two centimeters taller and her skin was glowing, and her eyes appeared to be alive.

After freshening up, she donned a black skirt and joined Alex for a lavish breakfast.

"Morning Alex." Incursio greeted Alex as soon as she appeared and he noticed the change in her as well as the change inside him but choose not to bring this matter up for now.

"Morning Incursio, sit and let's eat." He proposed and she nodded.

Breakfast was scrambled eggs piled high on a bread bun, all served with apple juice. Food fit for a king or queen.

After breakfast, it was time to decide what they would do next.

"It is time to go to the Infinity Maze." He said and Incursio nodded.

"They should have sent a group of high-level rankers to get something in the depth of this dungeon and we just have to target them." She said and Alex nodded.

"To think they would target something in this special dungeon that only open twice every two years. They have been silent after everything I did and I was getting anxious but to think there was a reason for this."

Alex who had decided to target hidden installations of the chaos organization sought Incursio's help, it was then she told him this news and they decided to come here.

"Let's go." He said before standing up.

"We will talk on the way." He added, he was talking about the changes which happened both, physically and in their status as well.

"Okay." Incursio nodded.

Meanwhile, somewhere in the Foxia empire, in one of the high-level dungeons. One of the girls was facing a monster.

Giant Orc.

A Giant Orc over three meters. Naturally, the strength that this huge body could showcase was beyond description.

They could tear a Troll apart with their bare hands, and when they were in a group, they wouldn't even avoid fighting an Ogre.

But the really scary thing about Giant Orcs wasn't their physical ability.

The truly horrific thing about them was their Troll-like vitality and the fact that once they found prey, they would not stop pursuing them until they died.

Some adventurers even said that if you encountered one when on your own, it would be better to just kill yourself on the spot.

Bang!

It was this very Giant Orc that fell to the ground with its eyes rolled back in its head, struggling to breathe.

This creature on the ground in no way resembled the one that drove fear into the heart of most adventurers.

Then a woman with long black hair appeared in front of this Giant Orc.

Sakuya Mio Hishinomiya stared at the Orc before her with a blank expression.

This was a sight that adventurers, who knew what the Giant Orc was capable of, would find hard to believe.

Was there anything to fear from a Giant Orc when it was struggling to breathe?

Nevertheless, Sakuya simply looked down at the Giant Orc with bloody eyes.

That was it.

She didn't stab a sword into its defenseless body, she didn't use a spell or skill, and she didn't appear to be cautious of it either.

She didn't even seem that interested in it.

Instead, after a short while, she lifted her head and looked around.

There wasn't much to see because of the thick poisonous fog and the black rain that was falling from the sky.

There was another Giant orc rushing toward their location, finally, she moved her hand toward the katana on her waist and mumbled.

"Dimensional Slash!"

The way the katana moved was so fast that it was mostly impossible to follow for most people, most low-level Demigods couldn't even follow it.

The approaching giant orc stopped and its upper body fell at the same time the head of the giant orc behind her who previously struggled to breathe was cleanly removed. With just one katana slash she killed two monsters, two levels 130 as if it was nothing.

"I wonder why Kuina seemed different lately." Sakuya voiced out her worries before adding.

"I hope it is nothing big because I don't want the fragile peace inside the harem to be broken by something unexpected." Sakuya truly hoped that the weird feelings she had been having recently were all lies. Hopefully, it was just a fake alarm.

Near one of the principalities was a big forest and inside this forest existed a special dungeon, a high-level dungeon named the Infinity maze because today was the day it opened, many adventurers were Masters, Grandmasters, Saints, and even some Demigod realm experts were gathered here.

A misty haze spread, and from it stepped out a black-haired man and a young lady with white hair.

Their sudden appearance surprised many.

Most experts didn't show any reaction, and they didn't even bother to look at him.

But there were some Saints and Demigods who scanned the two, especially Alex, and were astonished when they realized his presence wasn't of an Alpha.

One of their eyebrows knotted.

He has created the barrier, and yet, one who wasn't a Demigod dared pass through it by some unknown means!

Wasn't he trying to belittle him by doing such a thing?

He was trying to boast his popularity but how dare this man come and act as he did?

The man who had just stepped into the Demigod realm was furious and decided to target Alex, he would set him as an example, everything was for the clout.

"Ah man, what are you trying to show?" The man remarked with disdain. " Because you're a bit handsome you think that gives you the right to barge here?"

The spectators and the crowd trembled. Some thought this man was a fool because no ordinary character would come here and be mysterious like Alex's group, they have never seen nor heard about them. Naturally, Alex and Incursio disguised their faces leaving only their original hair colors because they didn't want other people to identify them.

Alex and Incursio ignored the man's rambling as they walked forward but this did sit well with the man.

"You dare ignore me!?" The man's voice thundered.

His presence as a Demigod's realm expert surged out, bursting through the air and ground. Dust and stones blew up before disintegrating while heavy wind currents whipped in all directions.

Everyone was astonished by the sudden eruption of Demigod's might. The world changed colors, and the feeling of impending doom gripped everyone's heart.

This only lasted for a moment as Alex spoke.

"Get lost."

He only said two words and did nothing else. But for that man, these words were like the decree of an emperor that has to be followed.

He naturally tried to resist the urge to follow, but then, the air blasted into him.

BANG

Like a cannonball, he was knocked flying into a mountain peak with his limbs spread. The mountain couldn't handle the impact, and it exploded into a rain of rocks.

He emerged out of these rocks and stared in the distance, his eyes filled with shock.

"What?!"

Everyone was dumbstruck, especially the ones present here. All they saw was a figure move past them like a bolt of lightning and crash into a mountain.

It happened instantly... not even taking a second!

And the conclusion of what it resulted in left them trembling.

They swallowed and glanced at Alex with looks of pure horror.

How could he knock away an almighty Demigod by words alone!?

Until now, they never felt any outburst of power from him.

So what the hell happened?

Even a few Saints and some of the Demigods realm experts turned towards Alex in surprise.

Unlike others, they knew what knocked the man flying. It wasn't a supreme aura or a strong ability, but rather his will.

Alex's words had turned a will, this will was like a natural law that acted in his stead.

That would mean he was obviously a Demigod's realm expert!

So why didn't they feel his aura like a one!? Does this mean he was the strongest of all? They all shuddered at this thought.

Meanwhile, the man who had been previously sent flying floated into the place where the mountain was.

He saw the look of terror and veneration on the spectators' faces, and his eyes turned bloodshot, for he knew he wasn't the reason. And when he heard the chatter claiming him to be weak, his veins stretched outward like worms. He had been humiliated.

Everything is due to that bastard man's fault. He had to act as if he doesn't want to lose anything dignity.

"So, you were hiding your powers!" The man said as a massive amount of black fog oozed out of him.

"But don't think that gives you the right to be so impudent!" He added.

The fog condensed into a gigantic bloody bat that turned one with his body. The power of a low-level Demigod's realm expert coursed through the resulting transformation.

RUMBLE~!

A good show was about to take place, though most of those were present.
