

Death Guns 1161

Chapter 1161 Characters Sheet Updated

Alexander Kael Touch: The Main character of the story. Born on Earth and from a rich family, he lost his family at the age of ten and started living under his grandmother's tutelage. Gifted when it comes to programming, he quickly became rich by creating a lot of apps using his heritage. Quickly he became a billionaire thanks to good management. Because of something which happened, he had trouble making friends and just hung out with other men just to play. Afraid of experiencing another painful betrayal, he never dates another woman after the betrayal of the last one, at least not seriously, he only had one-night stands or relationships with benefits.

Unfortunately, Alex lost his life with his classmates in a car accident. Together with seven other classmates, they reincarnated into the world of swords and magic. In this world, there is something called a Gift and only the exceptional one has it. Gifts are the embodiment of one soul, the strongest weapon, and what makes them unique is that, unlike regular weapons, they could never break, and some have special abilities.

Alex contracted two weapons as a Gift, two guns called Death guns, but sadly he was unable to use them, in the beginning, letting him fall behind others. However, this soon changed.

Alex's personality could be warm at a time and smart sometimes. He would do anything for his loved ones, and his ultimate goal is to sit at the top of the pyramid.

The one nicknamed The Black Prince.

...

Luna Heart: Alex's childhood friend. Cheerful personality. She had been in love with him since she was a child, but they got separated until they met a few years later, when he didn't even recognize her. This pained her, and when she thought everything was lost, she got another chance. They reincarnated into another world, and in this new world, she did everything to be together with the one she loved and her sisters. She appeared to like the reincarnation of the Saintess, but she can be ruthless when needed. She later got engaged to the man she loved.

Luna's Gift made her into a healer.

...

Maria Alexia Rosares: Born in a mafia family, she was taught to govern at a younger age, which shaped her personality; she was cold and smart. While born in a pretty dangerous environment, she was rather blessed with two good friends who were like sisters. Together they would go through everything. They were so united that they decided to share the same man.

Like her cold personality, she got into the Ice empress class and was exceptional when it came to the Ice element. Alex's first love, even in the new world.

...

Sakuya Mio Hishimiya: Friend with the other two. She is Maria's right-hand man, like her father to Maria's father. Playful and sadistic personality. Her Gift is a katana.

ooo

Leonardo Dixor: A young man from a rich family. He was jealous of Alexander. He thought he was the chosen one, especially after contracting with Excalibur and getting the Hero class. An idiot that thinks he was smart. He was an unfortunate hero.

ooo

Camilla Asmar: A woman that fell in love with the wrong man. Like her fiery character, she got Fire magician class.

ooo

Kevin Asmar: Camilla's big brother. Leonardo's lackey. He was only good at one thing, which was following orders.

ooo

Dodolus Asmar: The big brother of the family. While usually quiet, he is quite smart. Like his original job, he got a special class that could let him protect his master. The one that saved their family from starving. If it weren't for the Dixor family head, his father would have gone to jail while the rest of the family would have suffered.

ooo

Goddess Mea: One of the higher-level beings from the Higher world. She was in charge of reincarnating Alex's group. There is a possibility of them meeting in the Higher World.

ooo

Priscilla: The head priestess of the Temple of Gods, the same temple that welcomed Alex and the others. A former princess, she became a priestess under Goddess Mea's wish.

ooo

Katherina Von Havens: The second Princess of the Drexia Empire, Priscilla's little sister. She was quick to judge, which made her have a rocky start with Alex. Fortunately, she changed later.

ooo

Artemia Eretria Von Havens: The 3rd princess and the reincarnation of the goddess of the human. A powerful lightning user. Because of her origin, she wanted to go to the Higher world to find out who is her birth parents. Typhania's best friend in the past.

ooo

Typhania (Leena/Elseria): The Goddess of the Elves. After the final battle, she created the Adventurers guild and used many aliases. One of them was serving as a receptionist until she met Alex, the one in the prophecy. The one said to be the only one capable of stopping the incoming calamity. Smart, cold. She was one of the strongest existences.

Alexander vowed to one day make her his woman, it was some kind of between them.

ooo

Gracier Alexandra Touch: An orphan Alex rescued. She later became his sister. He helped her get contracted to Ignia, goddess of the Dragon. Gracier is exceptional, especially when it comes to the Fire element. Her contract with Ignia made her one of the strongest Fire users ever. She is nicknamed the Little Devil, she is the princess of the Touch family.

ooo

Sera Olivia Wexon: She met Alex while helping in her father's store. She had a hidden identity. An assassin working under Elseria, the guild master of the Adventurer guild. The strongest and more deadly assassin under Elseria (Typhania), codename Zero.

ooo

Lilith E Astaroth: The second Princess of the demon's race. She escaped after her brother massacred their entire family. She was the reincarnation of the Goddess of the demon. At first, she meets Alex under an alias, Eleonora. Because of her past as a child, she had a cold personality, but it started to change after meeting Alex and others slowly.

ooo

Leon Lionheart: Crown prince of the Lionheart. From the Lion clan, the strongest beastman clan, and specie. The one that made Alex lower his guard and make a friend again. He loved to fight and was quite smart as well.

oooo

Kuina Eria Foxia: Crown princess of the Foxia kingdom. Playful character. Maria didn't like her during their first meeting. From the powerful nine tails fox family, she is a powerful fire user and owner of a special element: Illusion magic.

oooo

Ferris Wolfgang: Former crown prince of Wolfgang's Empire, the second strongest empire on the beastman continent. Friend with Leon and Kuina.

ooo

Eris Wolfgang: Twin's sister of Ferris Wolfgang. Naïve personality, but it later changed after meeting Alex and experiencing a loss.

ooo

Althea Astaroth: Purple, perfectly groomed hair double braided to reveal a sculpted, worried face. Glinting violet eyes, set far within their sockets,

Something is captivating about her, perhaps it's her humility, or perhaps it's simply her warmth. Nonetheless, people tend to brag about knowing her, while making up bigger stories about her. She is Lilith's elder sister. She was stabbed in the heart and left for dead by Lucifer but fortunately, her heart wasn't on the left side like everyone, thus she somehow survived with her injuries but the trauma born

from witnessing her brother kill everyone made her lose memories, she was saved by Elseria and trained into a deadly assassin, one of the strongest and more feared assassin, her codename is Alpha, she is just beneath one assassin, Zero (Sera).

Althea is ready to do anything for her sister Lilith after regaining her memory and after uniting with her. She is bright but can also be deadly if poked wrongly.

...

Noire: Alex's contracted pet from Exodus. Black, short hair neatly coiffured to reveal a long, wild face. Hooded black eyes, set seductively within their sockets. She is an ancient beast, a World wolf, rumors have it that a complete World wolf could swallow a world.

...

Alice: An Homonculus, Alex made his while rescuing his kidnapped sister. White hair and red eyes, she is emotionless but slowly with Gracier and others' help she has started learning human emotions. She is older than she looks, her real age (inside the tube plus in the outside world) should be around twenty.

...

Incursio: Alex's former enemy, the most successful creation of Maddog and Lord Thanos. She later betrayed the organization, seeking freedom beside Alex and the meaning of being a human. Pristine white paired with ruby eyes, she is a true beauty. She was the second strongest existence among the Chaos Organization's Numbers.

...

Saeko S Ren: Princess of the Far East empire, Michael Itsuki Ren's daughter. She has a similar circumstance as Alex. She learned from his story and become his fan and later his fiancée.

1162 Chapter 1162

After giving the orders to the maid, Brycen chuckled upon seeing this, he said with a mysterious smile.

"I am sure you two won't forget the taste of this restaurant's delicious food after eating them. This is my favorite place."

Incursio nodded and couldn't wait to taste the food here, meanwhile Alex was curious as to why this man in his thirties invited them here.

"Let's talk after eating," Brycen suggested and Alex had nothing to say about this. They waited quietly but they didn't have to wait for long.

The maid soon laid down the dish, and the aroma from it was pleasantly strong that everyone nearby couldn't help but enjoy its smell after taking a sniff.

However, Incursio didn't seem that excited even after taking a bite since she felt that Alex's cooking was far more excellent and delectable.

Alex also took one of the meat slices in his hand but paused for a second before putting it in his mouth.

Brycen seemed to be enjoying his dish as his smile seemed to reach his eyes, and he couldn't help but compliment, "Wow, this is so good. You guys love it, right?"

Incursio said, taking the pose of a critic, "Well, I guess it's fine compared to the other restaurants. But of course, nothing could beat Alex's cooking."

Upon hearing her words, Brycen laughed slightly, it could not be helped.

"Haha, of course, you're right. And since you are his girlfriend I am sure you won't have eyes for food made by somebody else. Alex, one day you should also let me have a taste of your cooking skills. If the opportunity should come."

Alex simply nodded as he continued to enjoy the meal. Soon they finished.

"So, what does want to talk about?" Alex asked as soon as they finished eating their meal.

"Well, I want your assistance to kill someone and believe I have a mean to pay you." Brycen declared while making sure that nobody except them could hear what he had just said.

Alex's eyes narrowed and he exchanged a look with Incursio who seemed to be saying, 'You deal with it.'

He smiled before asking Brycen who was the person he wanted to kill.

"Who do you want to kill?"

"My father." Brycen's answer was quick and his eyes were filled with killing intent when he said those words.

"As expected." Alex finished his glass of wine. He had expected something like this the moment Brycen said he needed their assistance, it is a classic.

Brycen was curious about Alex's response but before he could ask, Alex asked.

"So what do wants to pay me with?"

"I must see the payment before deciding whether I'll take this contract or not."

Brycen smiled because he had expected this demand thus he suggested.

"Please follow me to my house."

Alex exchanged a look with Incursio who nodded, so he answered.

"Okay, let go."

.....

From the outside, this house looks old but wonderful. It has been built with grey bricks and has poplar wooden decorations. Tall, half-rounded windows let in plenty of light and have been added to the house in a very symmetric way.

The house is equipped with an old-fashioned kitchen and two bathrooms, it also has a small living room, five bedrooms, a grand dining room, and a small storage room.

The building is shaped like an L. The extension extends into stylish gardens reaching the end of that side of the house.

The second floor is the same size as the first, which has been built exactly on top of the floor below it. This floor follows the same style as the floor below.

The roof is high and triangular and is covered with black roof tiles. Two small chimneys sit on either side of the house. Several long, thin windows let in plenty of light to the rooms below the roof.

The house itself is surrounded by a gorgeous garden with many hidden lights that make the garden come to life at night.

In the main hall, Brycen who disappeared reappeared with a black box, he put the box on the table and explained.

"What is inside, you will like it. This is the first down payment, there is more."

He then opened the box and the couple's eyes widened because inside the black box was a key, a black key. Both instantly recognized this key as part of the keys used to seal Bahamut, this key was the reason they stop in this city.

"Where did you find it?" Alex asked while looking at the black key.

Brycen scratched his head and with an embarrassed smile, he explained.

"I noticed your arrival and the man accompanying you. I bribed him, and he told me what you are here for, so I want to retrieve it after eliminating him."

"I see, no wonder we don't see him in the past few days, it was because you killed him," Alex said with an expressionless face, and Brycen's face sank as he feared that because of this Alex would not accept the deal.

"I'm sorry, I did that because I don't want my father to learn this news and use it. He is planning-"

Before he could finish Alex cut him off with an annoyed expression, wondering what he was blabbering.

"What are you talking about? Did I ask you your reason?"

Brycen flinched under Alex's intense stare, he could feel his palms sweating, there is no doubt this man is strong, maybe stronger than his father, and this will be easy.

Incursio was glaring at Brycen, the latter was unaware of this as he was busy planning inside his head.

"I'm sorry." Brycen apologized.

"Whatever, I'll accept this gift but tell me about the second payment," Alex said before pocketing the black box.

Brycen was overjoyed upon seeing this, and he quickly explained.

"There is a place, I will tell you, it is the place where I found this key floating, there is something in the depth but I couldn't go but I'm sure you will like it because some men with strange black robes roamed around this area.

Alex's eyes turned sharp and Incursio licked her lips. Without a doubt, those men are from the Chaos Organization.

"Good, let's hear your plan." Alex finally accepted Brycen's offer, the latter was happily unaware that Alex also have plans.

Alex's eyes turned sharp and Incursio licked her lips. Without a doubt, those men are from the Chaos Organization.

"Good, let's hear your plan." Alex finally accepted Brycen's offer, the latter was happily unaware that Alex also have plans.

"Cough! Cough!" Brycen coughed twice to clear up his throat before he started to explain his plan.

"My father will soon invite you to go on hunting but this is a plot used to get rid of you as he was working with those men in black. We will use this opportunity to kill him, I'll have my most trusted men sneak in and switch places with my father's men, so we will ambush him and you two will finish him. It won't be easy but this is my best plan. My father is a powerful Demigod, already level 155."

"I see, this plan is not bad but there is something I must remind you." Alex declared after hearing Brycen's plan but for some reason, the latter felt a chill run down his spine. His heart tightened and a chill went down his back as cold sweat covered his hands and feet; a feeling of unease clawed at his heart.

"Tell me, what is it?" He asked while secretly activating the armor he was wearing underneath his clothes just in case.

Alex did not say anything right away, he just gestured to Incursio who smiled before disappearing.

"What?" Brycen was shocked but this shock was soon replaced by a terrific impact, slamming into his stomach.

Bang! Crack!

He was sent flying to the other end of the room.

Waves of throbbing, nauseating pain pulsed within Brycen's abdomen and he felt like his dinner would return to him in an instant. His eyes darted all over, desperately searching for a way to relieve his body from this miserable feeling. It took him a minute or two to gather their composure, but conflicting thoughts still plagued his mind.

Soft moans and grunts escaped his mouth. Tired and frustrated he wanted it all to be over and done with. However, determined not to let the pain ruin things he struggled onward. Perhaps not the best solution, but he had made up their mind.

"Cough! Cough!" He coughed a mouthful of blood and with his eyes betraying his confusion he asked albeit with difficulty.

"....Why?"

However, all he received in response was Alex's cold eyes, an illusion that a third eye appeared on Alex's forehead before he saw.

A crushed and mangled body at the death's door.

"Crushed, everything is broken. My body is one big mess, I can feel it. There's a puddle of my blood and I'm lying in it. I guess this is the end of the line for me.

I'm on the floor, dying and in pain and to make matters worse something is poking me in the back. It seems I can't even die comfortably.

How long have I been here? How much longer will this take? There must be something I can do, right? There must be a way I can still live, I just need to find it. Think, think. There must be a way.

My mind is going blank, I can barely think. I'm so exhausted, I just want to close my eyes and sleep. No! No, if I sleep it means the end. I mustn't sleep. I must get out of here, but how? I can't think. Tired, oh so tired. Somebody find me please, find me and carry me home. Save me so I can sleep.

I can't be saved anymore, I know that now. I can feel it, my body is too broken to be saved. But please, somebody, find me anyway. I don't want to die alone. I need somebody by my side until my very end.

I'm exhausted, my eyes are heavy and my body is numb. I'm going to take a quick nap, I hope it's just a quick nap. But I need to close my eyes and rest for a while.

Remember me." Brycen declared before dying but unexpectedly he woke up in the outside world, sweating and sitting in his piss.

"Hah! Hah!... An illusion." He was scared beyond words, a powerful Saint, he couldn't stop shivering.

Upon seeing the shivering Brycen, Alex was satisfied and couldn't help but feel a little amused as the corners of his mouth perked up.

"Next time don't try to act smart. You aren't, I just came because I was bored and I have accepted your deal not because of how eloquent you were but because it's convenient. I can do whatever I want and nobody here can stop me."

Leaving those words behind Alex and Incursio departed, the latter tossed the two corpses holding crushed memory stones. Often used for recording and sharing a video. One could imagine what those memory stones were for.

Thud! Thud!

Brycen's body shuddered upon hearing the two dead bodies fall to the ground, he didn't dare to look at them, while not Saints, those two were specialized in camouflage, so much that his father must not even be able to detect them.

"Sigh! Maybe I made the wrong choice." Brycen felt regret but it was too late to go back, all he could do was to pray for this mission to succeed with him keeping his life, he could accept becoming Alex's loyal dog forever.

Outside Incursio holding Alex's hand stared at the moon.

In monochrome musings the moon is a deep silver ballerina, turning pirouettes with perfect form.

"Beautiful," She commented and Alex nodded before announcing.

"I will let you handle this man. Do as you see fit."

"Understood. To think that he would do exactly what you said. How predictable."

"Well, it was to be expected. We wanted to play us. I'm leaving. I'll come back shortly later." Alex said before vanishing and Incursio didn't ask where he was going nor what he was going to do, she simply nodded before looking at a certain house with a playful smile.

Brycen had not finished suffering, he would learn the true meaning of hell tonight.

.....

A few hours later, in a deserted house, Alex emerged from.

"Status." He chanted.

「Wow! After consuming this key, instead of gaining another skill, you received plenty of experience points instead. You must be happy that your level increased seven times in hours. Just a little bit and you'll step into the next realm, Bahamut must be furious over there.」 Silveria remarked but Alex only shrugged his shoulders, already busy thinking how to fill his exp bar to reach the next realm.

"Let's go, I have a contract to fulfill," Alex announced before using the Void Steps.

In another location, Bahamut wasn't furious as Silveria and Alex thought but on the contrary, he was happy because this finally confirmed his guess.

"So, it was you Alexander Kael Touch." A chained human said, his jet black hair so long reached the ground and because his bang covered his eyes, they were not visible but one could feel eeriness from them.

Soon, someone entered the room entered and kneeled.

"Thanos pays respect to the Lord. Congratulations Lord Bahamut."

Chapter 1165 SS: Gracier Vs The Mutated Kevin

The gentle road that led to Sudbury was now a network of vines, grasses, and roots that had taken hold of every bit they could get. The wind gently sways the tall grasses in the abandoned gardens while wild bushes make their claim on every acre not taken by the grass.

Most doors still stood sturdy in their frames. They were a little dirty, but if you only focused on the doors you'd expect people to come out as if nothing had changed. There were signs of fires, in some cases, it was merely a trail of soot and smoke above a window pane, in others, it was a pile of ash where once a building stood.

Sudbury, once a bustling city with life and brimming with light at this hour was now partially reclaimed by nature. An eerie silence had taken over and was only interrupted by the cracking of wood in the wind and the occasional bird that had made its home in one of the many collapsed roofs.

The train station had collapsed and the tracks were covered in shrubs and fallen branches. Nobody was waiting for the next train anymore, no longer eagerly going to the next destination or waiting for those coming home.

Despite the decay of the buildings, there was a certain charm about the town. Everything was greener as nature grew wild and the quiet during the day was almost peaceful. But even though everything may seem like it was lost forever there was still a silver lining. While this town was no longer home to the families that lived here, it was now home to families of wild animals.

Currently, this ghost town is a place of a battle between Alex's sister and his former classmate Kevin who was unrecognizable at the moment.

.....

Inside the cocoon that wrapped an area of seventy meters, people were fighting.

Gracier released a wave of flame that slammed on a web column. A fire explosion boomed out, resulting in heat waves that rippled through the air. The web column made of liquid substance melted into oblivion under the intense flames.

The small spiders on the ground, in the meantime, rushed at Gracier. Their mouth open to bite her with their poisonous jaws.

She jumped backward while sweeping a hand at the spiders. Hundreds of flame darts flew out which ruthlessly crashed onto the spiders.

A few burned but others survived as they quickly rolled to dissipate the flames.

Dozens of spiders spat out shiny liquid from their abdomens that turned into web threads. Swiftly, the threads shot like silk chains, rushing at Gracier, ready to entangle her, to suffocate her as they spread their poison into her body

Gracier chuckled before her body was wrapped by fire and her reflexes amplified. She jumped up, her knees closed to her chest, and a few threads struck the trees behind her. They instantly corroded like paper by acid; dissolving into a brown substance. Corrosive smog trailed out.

Not all threads landed on the trees. The spiders knew he might dodge so the threads were shot throughout, to not give her any space.

As she jumped high in the air, five threads closed into her. They interweaved together into a net and the air seethed with violent sounds.

In mid-air, she stretched her hands, covered with flames.

SHUA

With strong sound, streams of flames shot out, crashing into the toxic net. The threads forming the net turned ablaze; the heat so intense that they evaporated into gases.

At the same time, as she landed on the ground, Gracier blasted away the spiders with a cluster of fire.

The spiders spew more webs and blocked all her possible exits. Gracier spun her body around, amassed by flames, and the next moment, a whip of flame materialized in her hand. She was having fun.

She whipped the flame on the webs blocking her path. The webs caught fire, and the corrosive particles started burning with a sizzling and crackling sound.

The entire cocoon was filled with a repulsive smell coming from the venomous sticky mouths of the spiders.

Gracier wielded the whip of flame in her left hand while glancing at Kevin with gray pupils. The latter signaled his materialized army to attack again.

As the spider got ready to shoot more, she quickly acted. The whip of fire lashed out at them before they could spew out.

Under rippling flames, the spiders were stomping into pieces. In seconds, they faded into a mist-like substance.

Kevin became furious at Gracier's actions. His face paled a little and his eyes turned bloodshot.

"I was going easy on you but you don't know what's good for you!"

"Pft!" Gracier couldn't help but chuckle upon hearing this because it was too hilarious.

Kevin felt offended and roared ferociously. The surviving spiders crawled back onto him. Quickly, they shrouded his body from head to toe before morphing his body into that of a spider with eight legs.

It was like a savage monster has replaced a human.

The ends of spider legs were as sharp as spears; capable of tearing through anything. The venomous buds further reinforced the might of the spider legs, making it impossible to survive.

Kevin's body blurred and he disappeared from Gracier's sight.

From behind, she heard a sharp sound that was turning strong with every moment. Her eyes flickered and she ducked by stepping forward.

Just then, a bang sound reverberated as a spider leg stabbed a boulder where she was standing a moment ago. The boulder shattered and turned into powder.

As the spider leg retraced from the dust, Gracier retaliated. She pointed a finger and sparks concentrated on her fingertip. The next moment, a strand of flame struck the retracing leg. The strand of flame was compressed with violent fire energy that blasted the moment it crashed.

Instantly, the spider leg ignited into blinding heat waves.

Kacha!

A sound emitted from the leg and cracks appeared on its sharp surface. Ghastly liquid, scorched by heatwaves, splashed through the cracks, and in a few seconds, the entire leg burned to ashes.

Kevin's spider face turned ugly. Sweat formed on his forehead and cheeks before rolling down.

But he didn't stop. He summoned more strength, reinforcing his body with a transparent shield, and a new leg regenerated thanks to the super regeneration this mode granted him.

At the same time, his other leg slammed towards Gracier to stab her, while from his abdomen, Kevin spewed a sticky thread.

"I wonder how the others are doing. I must finish quickly and join them." Kevin was concerned about his other siblings after this ambush.

Chapter 1166 SS: 'Goodbye World'

At the same time, his other leg slammed towards Gracier to stab her, while from his abdomen, Kevin spewed a sticky thread.

"I wonder how the others are doing. I must finish quickly and join them." Kevin was concerned about his other siblings after this ambush. He did not forget to lay countless traps ahead.

In the meantime Gracier dodged one of the incoming attacks and retaliated, as she attacked to face the spider leg, a silky thread swiftly wrapped her shoes, thus binding them to the ground. The speed was such that she got no time to react.

Upon seeing this Kevin was startled. The sticky thread he shot was corrosive and yet his opponent's shoes were intact, with no damage. He had no idea that Gracier coated her shoes with invisible flame in the form of heat.

In the meantime, the spider leg was blocked by a wall of fire. Gracier lowered a hand toward her shoes and released a circle of flame that burned the sticky thread binding her to the ground.

Just as she freed her shoes, her pupils constricted as her instinct warned her of danger. Without wasting a moment, she squatted down.

Had Gracier been a moment late, another spider leg would have cleaved through her beautiful slender neck, beheading her. All she felt was a gust of wind as the venomous spider leg passed above her head at extreme speed.

Kevin was shocked by his enemy's reflexes. He has created so many distractions to launch this secret attack, and yet Gracier was able to dodge it, even though narrowly.

Had Gracier tried to avoid the attack by moving back, she would have been ensnared by very thin webs that Kevin has created when she was busy facing the spider leg and the sticky thread on her shoes. If she had come in forward, then she would have been pierced by other spider legs. Kevin had planned for many scenarios but hadn't foreseen this one which made him click his tongue thinking Gracier was just lucky.

On the ground, Gracier who has crouched slammed her fists. A whirlwind of flames surged out which fiercely crashed into the spider's legs.

Kevin's spider legs buckled and he lost his sense of movement for a second.

A second was more than enough for Gracier. As Kevin buckled and almost fell, she pounced forward, her palms slamming on Kevin's hard carapace.

Spiraling flames swept out that scorched the tough layer of the carapace. At a rate visible to the naked eye, the carapace startled melting, exposing the insides.

The spiraling flames moved further in, dealing severe damage inside.

Kevin cried out miserably as flames charred his organs.

"You are still too naive, full of yourself with many unnecessary moves and waste of energy in unneeded attacks... Yet you expect to win when I haven't even gone all out?" Gracier asked coldly.

Kevin was in no position to answer. He collapsed on the ground and let out a tragic shriek in pain. His transformation vanished and he was once again back to his human form, but the agony from the flame burn turned stronger. The flames turned violently, charring his skin black.

"Truly disappointing." Gracier declared without holding back.

Kevin was engulfed in flame, rolling on the ground. As flames moved up his head, a protective locket he took out was activated, extinguishing the flames. Not only that, but even the wounds started filling up. His face was pale from injuries but still, he was back in good health. The pain subsidized and he sighed in relief. He was glad he carried the protective item handed to him by the mysterious backer. Had it not activated, he knew what would be his fate.

"Oh?" Gracier tilted her head to the side.

She shook her head and aimed a hand at Kevin's head. Rays of flame concentrated on her palm like a small sun.

"You wouldn't dare kill me!" Kevin shouted, he believes so, as Alex would not murder his former classmate, no matter what the difference between them was, he firmly believed so

"Eh? Are you daring me to? I love dares, you know!" Upon hearing this Gracier said with a smirk.

Kevin shuddered and he lost all confidence. Not daring to take a chance, he retraced the cocoon that covered the battle area, trying to escape but it was already too late.

Ssss

"Blossom Fire Lotus."

The next moment, the cocoon was ripped apart by a gigantic fire lotus.

BOOM!

Swallowed by a terrific flame, Kevin couldn't mutter a single word before being devoured by Gracier's flame. He saw his dying soul wriggling in flame, experiencing terrible agonies, and to fight this Kevin mustered the last bit of strength he had to create an illusion of himself dying differently.

"It's warm, it's warm and it tickles as it makes its way down my body in small rivers of crimson red. What an odd sensation, I'm dying, but it feels warm and ticklish.

How am I even still standing? Does this mean I will be okay? No, impossible. There's no fixing this. How am I still standing?

This is so annoying! Why am I so weak? I can make it out of this mess, I know I can. So why am I still here? Come on stupid body, stop being so weak. I can make it. We can make it, just stop being weak.

Everything feels so heavy. My entire body is trying to force me to the ground, to lie down and close my eyes, but I can't. I can't give in, not yet. I can still make it, I just need some rest. I guess I will lie down for a little while, but I will not close my eyes. Do not close my eyes.

Oh god, I'm going to die. I'm going to die! I know I am, look at me, there's no coming back from this. Oh god, oh god, I'm going to die. I don't want to. What do I do? What can I do? I'm going to die.

I'm cold. I wish there was somebody to hold me or something to warm me. I feel no pain, not any longer, but my body keeps shivering to warm itself up. But I'm still cold.

Goodbye world."

...

"Fuh! It's fun to fight not relying on my Gift." Gracier remarked before vanishing, she felt nothing after killing her brother's former classmate, she was doing this for her family, for her brother whom she loves dearly. She would do anything for him as he would also do for her. Thinking about Alex, Gracier's eyes became filled with love, she was truly grateful to have met him.

Chapter 1167 SS: A Certain Saintess' Fetish 1

Alex's mansion, inside Luna's room.

The Saintess was awkwardly placed on the chair with her hands shackled behind her back, her legs spread, and her hips pushed forward. Alex sitting in the front with his legs crossed narrowed his eyes lovingly as he viewed her.

The glistening liquid slowly trailing down from it was truly an enticing sight.

Luna was truly embarrassed by the position she was in.

"Hum... Lex? Why am I being bound?"

"Of course, it's because you wish for it right?"

"...?!"

"Heh, you shouldn't be so surprised as I have found a certain book under your bed," Alex responded with a knowing smile, his eyes locked on the bed making Luna blush heavily as she hides there a book on BDSM.

BDSM. It seemed that no matter which world, humans were a depraved race that always thirsted for more pleasures. To think such a book would exist here.

"N-no... I..." Luna tried to justify herself but Alex stopped her.

"No need to explain yourself. The way your breathing hurried while I was binding you and the fact that you didn't resist shows that I am telling the truth."

Alex was thinking about how to tackle the problem of Luna as BDSM plays had varying levels. Some people like to be submissive and some liked to be put in positions without power.

Some people higher in the spectrum left the level of Submissive and became downright masochistic and even at that level, there were different types of masochists.

In short, it was a deep and broad subject. He couldn't just act rashly while expecting her to feel pleasure. He had to act with tact.

"Okay let's begin but first you must not forget. No matter what you say I will only stop if you say the code word." Alex declared and Luna patiently waited for the code word he would choose.

"Hum! Okay let's go with this. If you say, Pine, I will immediately stop."

Luna inwardly chuckled as pine can be considered a synonym for Lust.

Finally, it's time to begin, and starting from teasing is a must.

"Now, tell me. Why is the one hailed as the Saintess reading such a book? Do you wish to tell me that you have always wished to be in such a situation?"

"No... Lex...I..."

"Silence." He talked with measure as he looked at her with total indifference. Alex was already into it.

"You will now call me, Master, understood?"

"But..." Luna hesitated.

"There is no but, do it!" Alex shouted.

Luna shivered at his shout before slowly opening her mouth as she called him with difficulty.

"Ma...Master."

Her head hung low with shame as she called Alex like that. Alex would have normally felt bad about it but because he was really into it, he felt pleasure instead.

"Oh? Would you look at that? So you are a lewd girl? A masochist to boot. Does calling me master brings you so much joy?" He was merciless.

"Of course not!!"

"Really? Then..." Alex came close to her and slowly traced her vagina with his finger before bringing it close to her. "Then, if I am wrong, could you explain to me why you are so much wetter than earlier?"

"...!"

Her speechless looks were so cute. A spark seemed to ignite in his heart.

'I want to tease her more.'

He wanted to see her moan. See her beg. He wanted to completely mess her up.

"To think that the Saintess was such a dirty woman. Tell me was it your dream? Did you masturbate while dreaming of the day you would be tied up and humiliated?"

"I—"

"Do not lie to me. If you do so I will immediately stop."

The shudder of fear showed just how much she didn't want him to stop. Her barely raised head dropped down as she closed her eyes.

"Yes."

"Yes?"

"Yes, master. I had always dreamed of it."

"Then. Since you are so dirty. Repeat after me. -I, Luna Touch, am a dirty woman. Please master punish me-."

"I, Luna Touch, am a dirty woman. Please master punish me. Nnh!!"

The very moment she finished her words, Luna's body shuddered while a greater amount of liquid gushed out from her sacred place. There was no mistake,

"You came?" Alex asked amused before bursting into laughter.

"Hahaha~! You are truly a dirty woman. To think that even without having to touch you, you would come from humiliating yourself."

Putting his fingers once again against her vagina, Alex scooped a large part of her fluid and slowly brought it toward her face.

"Now, Luna, lick my hand and learn your flavor."

"N, no, stop, ..."

Luna shut her mouth and shook her head to escape it, but Alex showed no mercy.

"Weren't you taught as a child not to be a picky eater?"

He pinched her small nose shut. Once she had no choice but to open her small mouth, he then shoved his glistening fingers inside. Those fingers pinched Luna's tongue, rubbed at her gums, and otherwise toyed with the inside of her mouth before pulling out.

"Delicious, isn't it?" Alex asked with an amused grin, his sadist side took over.

"It is not! Please, stop this!"

Luna tearfully pleaded, but he continued to ignore her,

"Hehe~! If you insist, I will end the foreplay there. You're plenty wet, so we should be able to move on to the next phase. Don't you think so? Now beg me. Beg me like your life depends on it."

Luna's breasts moved up and down as before she uttered with eyes full of lust,

"Please master. I am a dirty woman whose head is only filled with lust. Please use me as much as you like."

"Hehe~! Perfect!!"

While laughing, Alex began to unbutton his suit, shirt, and his pants. It didn't take long for him to be as naked as Luna was.

"Pine!" Before he could jump on her Luna used the code word much to his disappointment but he had to follow his words.

The disappointment was written all over his face and Luna smiled upon seeing this, it was the time to suggest that thing.

Chapter 1168 SS: A Certain Saintess'Fetish 2*

"Pine!" Before he could jump on her Luna used the code word much to his disappointment but he had to follow his words.

The disappointment was written all over his face and Luna smiled upon seeing this, it was the time to suggest that thing.

"M.master why not use the other hole just for today?" A bold suggestion, Luna was so embarrassed that she did not dare to raise her head as she said those words, and Alex was shocked unable to offer a reply.

Silence fell in the room until Luna spoke.

"I... I already made all the preparations."

Finally, back to his sense, Alex said.

"Oh?...ohhhh. You are truly a dirty woman. But you are my dirty woman. So I guess it's alright."

He came close to her before lifting her.

"Kya!"

Once he was sure that he was correctly holding her, he brought her to the bed and put her face down.

Her sexy backside became entirely visible to him. It was truly a majestic sight to behold.

"I guess first I should make some lubrication."

He held his raging erection and began to press it against her vagina.

'I want to just slam it into her, but there is no hurry.'

Despite his desire, Alex refused to break the trust she put in him just for a temporary moment of pleasure.

He forced himself to only coat his penis in the love juices dripping down.

Then he used both hands to spread the white flesh peach.

'Ahh~ Even her asshole is pretty.' Alex couldn't help but comment inside his head.

He gently placed his penis against the pink flower in the center of the white flesh.

"Okay, I'm putting it in."

Alex felt oddly excited.

After seeing Luna nod, he waited for her to breathe in and pushed his cock inside.

"...!?"

He forced the hard object inside.

Her body flinched slightly as it accepted the intruder and a few grunts escaped from her mouth.

"Ah!"

"Haa..."

"It's so tight!" Alex was forced to comment.

The tightness was something else.

His hand supported her body while his other hand on the bed squeezed the sheets of the bed tightly. A grunting moan flowed out of his mouth.

This was it. Her slippery insides wrapped perfectly around his dick as they squeezed. Their point of union fit tightly without any gaps.

As he burrowed his dick into her warm and wet insides, he was filled with a sense of perfect satisfaction. Her breasts under him bounced up and down with the little movements he made.

Her pink nipples were wet from his saliva, and her glossy fair chest was littered with marks from him. Her taste that had been in his mouth till now still excited him.

The tightness was entirely different from that of a vagina. The entire vagina would softly squeeze down on him, but only the anus's entrance squeezed down with great force.

Even so, the going was much easier after he got the head inside.

'I-it's in. My dick is completely inside her ass...' Alex felt like celebrating this small victory.

"Hgh~! ..." He then groaned.

He did feel some disappointment that he could not stick it in her vagina, but using her ass instead brought a sense of sinfulness along with the usual sense of conquest. It filled him with a different kind of arousal. This time it's her ass, next time he would enjoy both.

Alex soon lost himself in thrusting his hips like a robot.

"Ahhh!"

Luna opened her mouth wide and arched her back. Drool dripped from her red lips and soaked the bed.

However, Alex could not stop his hips.

He felt like his dick would continue forever when he thrust in and felt like her anus would come out with it when he pulled back.

Her red and engorged anus spread wide as the man's hard cock mercilessly pumped in and out.

As this continued, a change came over her moaning.

"Nn! Nn! Ah~ !..."

These were now the signs of a woman beginning to feel pleasure.

Her anus never grew wet as he pounded it, but nectar poured from her untouched pussy lips and soaked her white inner thighs.

'Good. It looks like she is liking it.'

Knowing she was enjoying it, his last bit of worry vanished and he could now completely enjoy this beautiful woman with a fetish.

"Hahaha~! What would your fans think if they saw the woman they respected being plowed in the ass by me."

Her groan and shudder were the sole answer he got.

The movement of his waist quickly increased in speed, plunging deeper without reserve.

"A-! Aah!"

Her body shook following his movements, swaying rhythmically with each thrust. Her body twisted and twitched as she mewled in pleasure.

When he slowly pulled outwards, it felt like her insides were pulling away with him and when he thrust hard, the heavy force caused her body to tingle.

He held her waist firmly so she wouldn't move up to the head of the bed and thrust powerfully.

"You look like you're about to cry but your insides won't let me. Do you like it? Does it feel good?"

"Ah! Ang!"

"Tell me, do you want me to go deeper? Do you like when I put it this way?"

He didn't feel embarrassed by his teasing words. Just like he'd said, her insides were actively sucking and wrapping around him. Her sensitive inner walls moved with him as though attached to his penis and the movement excited her immensely.

"A-! Please! More-! Hang!"

"I...I love it."

The stimulation was too intense. She felt short of air as though she was falling from an incredible height. His hard penis ravaged her vigorously and when he moved outwards, she felt like she was losing her mind.

As though to split her into two, his heated shaft repeatedly thrust in and out of her. And every time her deep inner flesh was prodded and rubbed, she screamed at the pleasure that filled her brain.

Her body twitched and gasped at his seemingly never-ending thrusts.

"Haa-! Aak!"

Reaching her climax, Luna lowered her head and screamed seductively. As her inner walls viciously clamped down on him, a wild roar burst forth from within him.

She spasmed in pleasure and he continued to burrow into her. He lifted her buttocks and plunged even deeper inside her.

It was exhausting. But it felt good. His powerful force as he penetrated her, his passionate movements as though he wanted to eat her up, his muscular movements that she could make out through her blurry eyes, his low moans that slipped out intermittently too, she liked them all and they excited her.

Her body had learned the joy of a union with a man since their union and today she learned something new and she loves this feeling.

Alex's body stiffened momentarily as he released deep inside her ass. Luna felt a hot fluid spreading and filling up her insides and she shut her eyes. Her vaginal walls clenched and squeezed him tightly.

His arms shook and a growl escaped his throat while her body twitched and spasmed with pleasure.

"Ah... Ah... "

His weight came down on her as he stopped to catch his breath. He wasn't completely leaning on her as he held some of his weight with his elbow but his body moderately pressing down on her gave her a pleasant feeling of comfort.

.....

In the quiet bedroom, only the sound of two people breathing could be heard. Luna's breathing was calming down to an even pace. Alex lowered his head and turned her sideways. Then he wrapped his arms around her waist and pulled her into his arms.

He simply embraced her for a while then he began to cover her lips, eyes, and forehead with kisses.

"Ha-ha, that's ticklish."

"Shall I make it not ticklish?"

Alex whispered and bit her neck. His hand stealthily moved from her back to her waist but she twisted her body and naturally pushed his hand away.

When the smooth sensation of her skin disappeared from his palm, he reached out stubbornly and grabbed her butt. This time, Luna pushed away from his chest. She was not about to give in this time.

"We can't. Let me rest my stallion."

"Okay, my sweetheart. Goodnight." Alex declared before kissing Luna on the forehead, it was a goodnight kiss.

"Goodnight my love. Don't worry, next time we will try something new. I've got a few ideas which I'm sure you'll love." Luna reciprocated and promised him some juicy sex in the future.

Alex had a hard time controlling his dick which had started hardening after hearing his lover's promise.

There is no doubt that Alex was looking forward to what Luna would propose next. Having a Saintess with a fetish might not be a bad thing as with her you will get the chance to experience many things. Alex would never say no to a spicy sex life.

Chapter 1169 SS: The Easiest Way To Reconcile*

They didn't speak for two days until Alex recalled a way for them to reconcile.

A small grin etched on his face as he looked at her in the face and asked softly,

"Can I visit your room?"

Although still angry at him she nodded.

Sakuya's room was as tidy and simple as he remembered. Since he didn't want to waste too much time, he gently pushed her down on the bed and bent down toward her. It was simple sex.

When his lips pressed down onto hers, she closed her eyes and accepted the kiss.

Alex lightly kissed her tightly closed mouth a few times and then gently sucked on her lower lip. He pulled away for a moment.

"Open your lips."

He commanded in a low voice and she obeyed.

"Mhmmh!"

Alex's tongue smoothly ravaged the inside of her mouth. He slowly made his way around her teeth and the sides of her cheeks.

Sakuya felt a jolting pleasure when his tongue met hers. As their lips parted the tiniest sliver, he spoke.

"You taste sweet and I can't get enough of it."

Sakuya felt her blush burning through her cheeks and they kissed intensively with Alex focusing more on exploring the inside of her mouth. His tongue twisted and sucked on, then let go of her.

"Ah~ !.."

A low moan escaped from deep within her throat.

When Alex parted from a particularly long kiss, Sakuya lightly gasped for breath. With only this much, it felt like they had done more than enough already.

"You are so cute Mio."

Alex kissed her lips a few more times, and gradually moved his kisses to her cheek then to her ear. His moist lips kissed behind her ear and then down her neck.

He traced his lips from her neck down to the vicinity of her big breasts.

"Ah!"

A jolting pleasure from her breasts forced her to let out a short moan. He took a mouthful and sucked on it

"Ah!"

He lightly bit her nipple and tickled it with his tongue. Sakuya got breathless as he licked around the areola before sucking on it once more.

She was quietly laying down in bed while grasping onto the sheets, but her body would tremble while her hips jolted up from time to time. Gradually, he felt his lower half starting to grow hot.

He let go of her breast, which was now wet with his saliva, and moved to caress the other one. He licked, sometimes lightly bit, swallowed, and from time to time sucked with great force. Whenever his tongue moved, a tingling sensation would travel up her spine, and she couldn't help but moan in pleasure.

After he teased her breasts to his content, his kisses traveled down to her abdomen. Sakuya wondered where his lips would advance next. She was gripping the sheets so hard, the tips of her fingers turned pale white.

"Ah~..."

His lips proceeded down to her lower abdomen and then to her inner thighs. His lips brushed against the deep portions of her inner thighs and began sucking.

Meanwhile, Alex raised back up before he took her breast in his hand and brought his other hand to her abdomen.

He slowly let his hand brush down her abdomen and naturally slid it down to her inner thigh, pressing his fingers toward her crotch.

"Ah!"

Alex's finger slowly entered Sakuya's pussy. She yelped, not from pain but from surprise. When his finger slid out, she sighed in relief. But the next moment, he inserted his finger deeper into her.

"Uunh....."

He repeatedly moved his finger in and out of Sakuya's pussy, but it wasn't deep enough to hurt her.

As the stimulation continued, Sakuya's lower region became slippery with moist juices, and the sound of wet noises grew increasingly louder. Her whole body was burning with heat and she felt her back shiver reflexively. A few more of his fingers pressed and rubbed against her.

At that moment, a tingle surged up, flooding into her body and causing her muscles to spasm and her neck to jerk up as euphoria circulated through her entire body for a few seconds.

The short moment of bliss passed and her senses dulled, while her body had no strength left in it. She enjoyed the feeling of his fingers smoothly combing through her hair.

"This isn't the end yet."

Murmuring those words next to her ears, Alex's hot breath made her body, soaked with sweat, shiver in anticipation.

After completely disrobing her, he laid Sakuya on her side and embraced her from behind. He kneaded her breasts while gently inserting his dick between her legs and rubbing on her butt.

From behind, he slowly opened her up as his hard penis pushed against her entrance, and finally, he entered inside her. Sakuya's butt and his thighs were tightly pressed together. The two bodies became one.

She was filled with thrill when he began to push his full length inside her. The sensation of him filling her up gave her a sense of satisfaction.

He grunted fiercely, raised her leg with both of his hands, and entered into her soaked insides. He went a bit slowly at first, his sensitive part brushing slightly against her moist flesh as if to feel it out.

His rhythm constantly changed.

Sometimes Alex moved slowly, sometimes moved a bit faster, then moved slowly again, enticing her as he riled her up.

Her insides squeezed and clenched on him as if it was furiously resisting his invasion.

"Ahhhhnnnn more gently Alex...!"

Sakuya implored him as she whimpered. He was moving much harder and rougher than before. All her energy had been squeezed out and she couldn't summon any power.

Her entire body was more sensitive so his hands simply sweeping across her skin caused her to ache in excitement. He shifted a little more weight down and thrust in heavily. His rock-hard penis and the movement of his member deep inside of her seemed tireless.

After a while, he stopped and demanded,

"Lie on your stomach and raise your butt to me."

Her body flinched as his warm member which was wrapped inside of her, was swiftly pulled out. Sakuya obediently turned around and lay on her stomach.

Her white, plump buttocks were distorted in his clutches. He appreciated her appetizing curves that started from her back to her waist, leading to her butt then swiftly thrust into her from behind. Instantly, her body shook intensely.

Sakuya writhed in pleasure while the cock pounded into her from behind. His thing felt like a red-hot metal rod to her. She could feel the tip of the head rubbing against her vaginal walls.

She could feel the rock-hard erection spreading her vagina wide. She could feel her sexual lips being spread wide as its full length was pushed inside and his hips slapped against her ass.

She could feel it all so vividly and distinctly. Every stimulation to her body, every bit of pleasure experienced by her pussy, and everything felt by every cell of her body flowed into her mind.

The next thing she knew, she had reached a hand down and started teasing her crotch. She rolled around the small protrusion at the top of the pussy lips that Alex's cock was still thrusting in and out of.

"Ah! Ahh! Ahn!"

Even if she had not moved her finger, his thrusting shook her body enough to automatically stimulate her clit. Every time her finger rubbed against it, a jolt of pleasure ran through her. Wanting to feel that even more, she began pushing her finger against it harder as she rubbed.

And when she did...

"Ahh!?"

A wave of pleasure several times stronger ran through her entire body.

Alex's cock thrust into her with loud sticky noises. She could not tell if his cock had gotten bigger or if her pussy was squeezing it tighter, but her mind was filled with the pleasure of it having its way with her body.

Not only her body but, because of the stream of life energy coming from Sol, even her soul seemed to be filled.

"Ahh! More, More!"

Her own words served to arouse her further and her stomach began to throb. His hips sped up and thrust harder in response.

"I...I am going to come."

Alex grunted as he began to speed up his movement even more. Sakuya meanwhile was too far gone to even listen to what he was saying.

Finally, his dick throbbed within her vagina, shooting semen everywhere and filling every part of her body. He continued to move within her vagina as if to squeeze it all out and with each movement, the semen made sticky sounds and spilled out of her.

Sakuya's body meanwhile shivered as she silently screamed.

"Ohhhh!"

When he finally pulled out of her, she slumped on the bed, and the semen still in her, slowly began to come out, giving the scene a sultry allure.

Tracing her back with his finger, Alex asked gently,

"So, how was it? Do you like my way of asking for an apology?"

"It felt amazing, it was the best, it was wonderful." Those were the only thoughts that floated up in her melted mind.

Sakuya looked up at him while lying on her side and could see his dick still standing tall and hard. She had thought she was plenty satisfied, but seeing that filled her with fresh lust and as such, she got up and reached for his crotch.

"It was wonderful, but I'm not satisfied yet, we are not completely over yet."

She pushed Alex onto his back, climbed on top of him, and prepared to mount his cock. The room was soon filled with moans.

This is the best way to reconcile when you fight in your couple.

Chapter 1170 SS: Relaxing Time: Beach

It happened before Alex's group went on tour around the various continent, they decided to take a day off to relax with family. Their next destination was a beach in a city adjacent to the first city Alex visited after leaving the temple, Eris's city.

The city Alex's group would be visiting is called Madlow.

The city of Madlow was built atop robust hills and is truly a classic metropolis. Its appearance is matched by the backdrop of monumental waterfalls which have helped shape the city into what it is today.

The materials these waterfalls brought were of great importance, but they were also influential when it came to architectural designs as the vast majority of buildings incorporate the aesthetic elements of water and waterfalls, as well as the lush greenery they provide.

The skyline is packed with luxurious buildings and they look astonishingly beautiful all together. Health and services are faultless in Madlow and it has attracted a lot of attention. Countless cultures have left their mark not just on international relations, but also on the city's identity. What historically was a city of few cultures has grown into an amalgamation of differences and it's this that unites the four thousand people to this day.

It's this multicultural identity that has truly left its mark. Hundreds of cafés, bakeries, and bistros offer a plethora of culinary choices and those who feel hungry for something else can enjoy nature, water sports, theaters, or one of the many other recreational venues.

The sound of the waves crashing against the beach, the slight breeze coming from the sea, and more importantly, the beautiful women walking around in swimsuits of numerous designs. From common, unique, picturesque to exotic, they had them all.

And this city was also appreciated for its beautiful beach often used by the Drexians for vacation, to relax with family and Alex's group was doing this same thing.

Currently on this beach.

The beach stretched out alongside the water, these constant friends chattering as the water comes in her reassuring way, as if her joy is to soothe the sand. And in her wake, she gives the chance for life, for the rock pools to refill. Those briny waves come as rain to a dessert, a gift never repaid, as it always is with nature... the strong give, life thrives... and so it goes on.

As Alex lay down on the refreshing beach with a parasol protecting him from the glaring sun, he couldn't help but wonder why they haven't done this before. It was fucking cool, so much so that he felt as if it was an eternity since he went to the beach.

Looking at the sun Alex marveled at its majesty and the way it was reflected on the water, so beautiful.

"Alex! Come on, will you join us!? Please, it's so much fun but it will be so much better with you added into the mix."

"Continue playing along, will you? I am certainly going to join you soon. Let me just rest for a bit here."

Alex smiled at the cheerful Saeko. She was wearing a dark-bluish-colored one-piece swimsuit with a big hat placed above her head that was protecting her face from the glaring rays of the sun.

Despite the simplicity of her dress-up, it was a very typical beach get-up, all things considered, it gave her a certain charm and cuteness that was unique only to her.

Not everyone was present, Sera, Alice, and Pandora (Formerly known as Meera) weren't present.

Strangely Noire was present in her human form, she could describe it as a city toppling beauty except for one thing.

"Is it really fun to gaze at us with such an obscene and covetous gaze like this?"

Appearing next to him, Noire asked with a hint of curiosity. Like Saeko, she was adorning a one-piece swimsuit that left little to the imagination. It was a dark-themed swimsuit that sadly showed her disappointing chest. Not that he was ever willing to say it out loud, but seeing the two of them together in such a get-up pronounced her shortcomings even more.

"Your gaze is slightly irritating right now, you know that?" Noire remarked feeling irritated by her master's gaze.

Alex was forced to cough, slightly flustered at having his thoughts read so easily by the world wolf, before masking his gaze full of pity, smiling charmingly to cover up his blunder.

"Well, there is beauty in watching you girls from afar." He felt like those lines were perfect for the situation.

"Hehe, darling is a pervert I guess." Saeko giggled happy hearing this.

"Master, you're good with words I can give you that." Noire harrumphed.

Alex said nothing as his eyes continued their exploration, they landed on Sakuya and he couldn't help but sigh.

As one would expect from the S queen she was dressed rather provocatively, it could be said that she was naked from head to toe. She was wearing a ... he didn't even know how to describe it. Could it even be called a swimsuit?

Rather they simply seemed like strings that barely covered her sensitive areas. In fact, he was pretty sure that she would have loved to go out naked.

But she also seemed to have fun searching for a swimsuit and flashing him with all her spring glory.

Tap!

Alex tapped in his palm after finally finding the fitting name for what Sakuya wore.

"I think it's called a micro bikini," Alex mumbled in low voice before continuing his exploration.

The true stunners were none others than Maria and Luna.

The Ice Empress's explosive body was fully displayed in a provocative red bikini that highlighted her beauty even more.

Her breasts looked like they would spill out at any moment and her butt was a pleasure to watch.

"Like what you see?" Maria asked while doing various poses.

Gulp!

This was enough to bring fire to Alex's groin and he gulped while nodding like a robot.

Meanwhile, Luna was even more beautiful than usual. She was wearing a simple white bikini that highlighted her milky white skin.

Alex nodded at Luna's swimsuit to the Saintess's happiness. She blushed upon remembering a certain event that took place a few days ago and her face heat up as she got new bold ideas.

Alex was no idea what his lover was thinking about at the moment because he was busy with something else.

On the side, Artemia and Gracier were approaching them from a distance. The two of them had jovial smiles hanging on their faces.

Though Gracier was clearly embarrassed.

Her figure was no less explosive than the others except for her growing chest and Alex had to admit that his sister looked good and would one day turn into a fine woman.

Though he was respectful enough to not stare too much.

'Lucky the bastard that will get my sister.' Alex secretly thought while at the same time vowing not to let any normal bastard have his sister, it should be a better bastard than him.

'At least he must be good and handsome as me.' He added, completely oblivious to the fact that he was taking himself as an example.

He soon stopped thinking about his sister's future mate and observed his surrounding. The area they selected could be called a private beach but this doesn't mean they were the only ones present there.

Beautiful women clad in sexy underwear, men flexing their great bodies here and there while trying to chat up some girls, people drinking, though in this case, they could not get drunk.

In a way, it was exactly like on any other beach they had been to.

People were simply playing around, having fun, and joking.

After meticulously observing each and every one of his girls and complimenting them to no end, Alex decided to stand up and walk around the grandiose beach, observing the state of the others on the beach.

Currently, Alex had an ardent wish to mingle and have a slight conversation with people he didn't really have the occasion to have much interaction with, chat with new people, mingle among them, and act like someone normal free from his worries and fears.

Since he would soon leave this continent and didn't know when he would be able to come back, it was better to enjoy these normal days as much as he could, not to have any regret later.

In the corner of his eyes, he could see Maria and Artemia talking with each other, laughing and having a good time overall, while Luna, Saeko, Sakuya, and Noire were playing around in the Sea.

Saeko seemed especially close to the others these days which made him smile from the relief he felt.

He was happy to see that Noire was in the process of making a friend.

At least he hoped they were becoming friends.

Previously, she was isolated from the group as she was not human and was cold to get close to. He was afraid that, unlike Alice who had successfully blended with the others, it would be hard for Noire, this had been one of his worries but now he could discard it and focus on some other things.

"It would be great if everyone was present. Hopefully next time everyone will be present." Alex mumbled, thinking about the others who weren't present.
