

Death Guns 1211

1211 Chapter 1211

"Y-you know who that thing is?"

Maximus felt a strange sense of unease when the mysterious woman that suddenly appeared said that. His curiosity got the better of him.

"Miss, who is that?"

"Hmm?"

Pandora turned around with a surprised look. She dropped the bomb on Maximus and everyone else.

"You can't recognize your own younger brother after he turned into a monster?"

"My brother?"

Maximus asked with an incredulous look on his face. He balled his palms into fists, and his unease intensified.

"You're saying... that thing's Gregory?"

Pandora only shrugged in response.

"Go ask that thing."

Gregory didn't take kindly to Pandora's dismissive attitude. The dark mist exploded once more.

"Dieee!!!"

He lashed out with his claws.

Fswoosh!

The space shook as Gregory unleashed claw beams filled to the brim with corruption and corrosive powers. The claw beams expanded rapidly like an expanding field of dark lightning.

As the claw beams gouged the ground, everyone watched as the claw beams got close to Pandora.

Those claw beams were highly-packed dense energy attacks. Maximus and the other Saint realm experts around him could feel a power that could split the sea and cut mountains in two. Meanwhile, Pandora pursed her lips in disdain. She didn't bother to use magic or battle techniques on the energy attacks. Instead, she slapped the incoming beams.

Bang!

It was like somebody smashed a church bell hard, the resulting sonic waves and shockwaves shattered the durable ground, and the walls crumbled as a strong wind erupted with Pandora as the center.

"Young Master! Watch out!"

The experts around Maximus immediately covered him with mana, and protective techniques, the rubble and sharp shrapnel propelled by the impact weren't a laughing matter.

The other guards weren't as lucky when they got knocked out by the shockwave.

Other than Maximus and the other Saint realm experts, everyone got knocked out cold.

"Holy Gods above..."

Maximus and his escorts sucked in a cold breath of air.

"With just the shockwave..."

The other Saint realm experts gulped. They lost their initial composure.

"That's the young master? He can produce such powerful shockwaves at will?"

Maximus watched as claw beams continued raining down on Pandora's position. He couldn't avert his gaze from the storm of dark energy and dust.

"Hahaha!"

Meanwhile, Gregory laughed out loud. He looked around and saw his handiwork, the guards were knocked out cold and those who can put up a defense barely held on to their current positions.

"Look! Behold my great power! This is all my power! Hahaha!"

He licked his sharp teeth with his impossibly long tongue. Screw becoming a monster, if it means he could obtain greater power, turning into a bug would also be a desirable choice.

He was just a petty Grandmaster at first. Because of his injuries, he was on a steady path to a crippled life. Now, he became the strongest fighter excluding his father.

Augmented by this malevolent energy, he's arguably stronger than even his father.

"Hahaha!"

Gregory laughed maniacally only to freeze up when he violently coughed up blood.

A sickening pain shot through his stomach and his arms wrapped tightly around it. It was all he could do to not collapse and wither in misery on the ground.

Desperate for some form of relief he sought out every solution. Ignoring it, working through it, using it to fuel strength. But nothing seemed to work. It took him a minute or two to gather his composure, but conflicting thoughts still plagued his mind.

Fighting through the pain was becoming increasingly difficult, but above all else, it became increasingly annoying to have to deal with. He thought everything would be alright after acquiring this strength.

Cough cough!

He spat out more blood. Tormented by his anguish, he grumbled.

"Damn, even after eating so many people I haven't recovered yet?"

Upon hearing Gregory's words it was then Maximus and the others finally knew why this monster attacked the humans.

Gregory was eating humans to recover from his internal injuries.

Maximus's expression sank as he revealed a look of utter sadness.

His younger brother was suffering so much from his injuries.

"Gregory is a monster?"

He smiled bitterly. His face went pale.

Gregory, utterly unrepentant, wiped the blood away from his mouth as he snickered.

"Well, it's okay. I should be fine after eating a few more humans. With this kind of power, I can do whatever I want..."

Then, somebody replied.

"Yeah?"

A nonchalant voice came from within the storm of dark claw beams and dust.

"This level of power, and you're already satisfied?"

The others looked at the spot where it was raining claw beams just a moment ago. Strangely enough, the claw beams stopped as if they were met with an indomitable wall. Slowly but surely, the beams were pushed back as Pandora revealed himself. Her green eyes were still as a lake's surface. She looked at the petrified Gregory and she sneered.

"If this is the power you are gloating over, boy, have I got news for you..."

She clenched down on the claw beam she was holding off.

Shatter

The claw beams around her burst under her sheer strength. She extinguished the beams and dispersed them in bits of dark light.

Aside from her slightly disheveled clothes, she came out without a scratch.

"I hope you're ready to get whooped as I'm a little bit pissed off chasing this thing for days already."

"What..."

Gregory watched as his proud attacks failed to do anything. His opponent thwarted him easily. He was at a complete loss.

"Yo-you've got to be kidding me, that was my full-power attack..."

"S-strong.."

Meanwhile, Maximus clenched his fists tighter.

"Is this for real?"

The other Saint realm experts around him dared to say nothing. They exchanged a look with each other and they looked down with bitter smiles. They knew they could defend against Gregory's all-out attack, however, they were also humble enough to know they wouldn't have been able to come out on top looking so suave even if they worked together.

If they were by themselves.

The eight experts shook their heads with even bitter smiles. The youngest among them is 60 years old. Meanwhile, that guy looked like she was still in her 20s.

She's so young, yet, she was this strong?

Could it be? Is she a Demigod?

Nobody wanted to imagine that scenario. However, their instincts told them that was the only explanation. Only if they knew her real identity, they wouldn't be so shocked.

Maximus and his escorts were befuddled. Even Gregory was suspicious. He's a peak Saint realm monster empowered by malevolent energy. Theoretically, he should have been invincible around here.

However, Pandora easily smashed his attacks apart in under a second.

"She has to be in the Demigod realm."

Upon realizing this truth, Gregory's bloody throat felt dry as he voiced that out in a hoarse tone.

"How is that possible?..."

His ugly mug couldn't hide his disbelief. Pandora just shrugged.

"That's why who gave you the confidence in the first place?"

Gregory roared angrily.

"I am an apex Saint realm expert! You shouldn't have been able to hold a candle against me!"

Pandora had an annoyed look on her face, she stopped and slowly spelled out her next sentence.

"Not only you're delusional you are trash."

Her words pierced Gregory's heart like long spears. The monster's happiness from gaining a power-up fell apart like scattered clouds. His body trembled.

He started inching backward. He could still feel his amplified power, the power that surpassed his past self hundreds of times. However, he's not proud, not anymore.

"N...no..."

His sanity started unraveling.

"That can't be! This power is mine! It's all mine! I am the strongest there is! I am stronger than you! Yeah! Stronger than youuuu!!!"

"You! You!!"

The dark energy swirled violently as he lashed out at his surroundings. Soon, he was covered in a dark mist.

"You're jealous of me! You must have done something underhanded, didn't you?! Didn't you?!!!"

Gregory deluded himself and he laughed in a hoarse voice.

"Yeah! That has to be it! You're not stronger than me! You're weaker than me!"

Maximus and his guards couldn't bear to look at his pathetic display. They looked at Gregory with sad eyes which fueled his rage even more and he disliked Pandora even more even when it was his first time meeting her.

'Kill her! Tear her apart! Eat her and you'll become the strongest! Eat!!! Eat!!! Kill! Eat!!!!'

These sentences kept repeating in Gregory's mind forcing him to act despite feeling the difference between them.

"Ahhhhhh!" His body shot toward Pandora like a bullet train.

Swoosh!

However, Pandora was calm and simply shouted.

"Stop!"

Her voice command echoed with a magical force. When her voice reached Gregory, the monster got stopped in his tracks.

His claws were just inches away from her chest. No matter how hard Gregory exerted himself, his claws wouldn't pierce into Pandora's chest or move forward!

"What's going on?!"

Gregory shrieked in anger at Pandora.

"What did you do?!"

Pandora chortled and she gave Gregory a curt glance. Then, she turned his head the other way.

"What a pitiful man."

Chapter 1212 Ruler's Statuses Update

[Alexander (Alex) Kael Touch]

Class: Magic Gunslinger

1213 Chapter 1213

His claws were just inches away from her chest. No matter how hard Gregory exerted himself, his claws wouldn't pierce into Pandora's chest or move forward!

"What's going on?!"

Gregory shrieked in anger at Pandora.

"What did you do?!"

Pandora chortled and she gave Gregory a curt glance. Then, she turned his head the other way.

"What a pitiful man."

The others silently nodded in their heads but were more interested in this magic Pandora used.

Maximus was that curious he couldn't stop himself from raising a question.

"Miss, what is that magic?"

"Word Magic." Pandora simply stated. The truth is this magic is an ancient elven spirit word magic, but she'd be revealing her identity if she were to say that.

"Word magic?"

Maximus and the other experts frowned.

Pandora sighed when she saw the confusion on their faces. She wasn't exactly sure how to explain the magic's concept so she continued.

"In simple terms, it's a magic that forces another to abide by the caster's command through magically-infused words. Well, it's magic as far as you guys are concerned."

"Word magic that can force others to do the caster's bidding?..."

Those who heard her words exchanged looks of shock.

They've never heard of magic that can use words to force others into action.

Was there magic like this in world?

Won't that make the one who masters it effectively invincible?

Most of them couldn't help but be tempted by the magic's effect.

If the Crystal clan's magicians learned this spell, then couldn't they become the strongest clan?

Pandora saw their elated looks and she threw cold water on them.

"This magic has its downsides too. For one, they can only affect people weaker than the caster. It can only slightly affect an enemy far stronger than the caster."

Maximus and the others gasped so Pandora took it as a sign that they heard her.

Even so, this magic can still be put to great use.

She implied that this magic can still affect a stronger enemy, even while its effects are severely limited in such a case.

To put this in context, an evenly-matched fight would hinge on who makes a mistake first, a tiny mistake can decide the winner and the loser. A magic that can affect an opponent through words, it can be used to lure the enemy into making a blunder.

So what if the enemy is far stronger, they would lose whether they used this word magic or not.

They are still tempted to get their hands on this magic. Of course, they are going to have to gauge their own abilities if they want to snatch it from this woman or they could simply negotiate.

"Arghhh! Release me!!!"

Gregory roared. Even while shooting off jets of dark beams, he simply couldn't break off his invisible bonds.

That's the gap of power between Saint and Demigod.

Pandora's spell completely subjugated Gregory, it's not something he can break through with brute force.

"Release me! Release me!!!"

The pitiful man yelled like a beast captured in an invisible cage. No matter how hard he struggled, he couldn't break free of his jail.

"Save your strength, you can never escape my Word Magic."

Pandora narrowed her eyes.

"Plus, you're not using your own power. It would do you well if you obediently gave up the black wisp of light within you."

"Black light?"

Maximus and the others gasped.

"Ahhhhhhhh!"

Gregory struggled even harder.

"As expected, you're after the source of my power because you're jealous of me. Let me tell it straight to your face, you're never getting it!"

Pandora was glad he turned him down.

Gregory's transformation was caused by the black light.

"If that's the case..."

Pandora slowly replied.

"You can die now."

Pandora's hand crackled with lightning, emitting bluish-white sparks as she slowly inched her palm toward Gregory's chest.

Maximus and the others weren't gonna sit still as she looked like she was going to execute Gregory.

"Wait!"

Pandora paused with a scowl. She had expected this to happen.

"What? You want to keep a monster around?"

Maximus smiled while he shook his head. He tried to see past the monster's terrible appearance and recall his younger brother's look.

"Miss please, can you let us handle him?"

Pandora frowned upon hearing Maximus's, please.

It was only natural the brother tried to defend his younger brother. She also couldn't be bothered with taking out the trash.

However, she was more concerned with the black light and its ability to massively power up a human while turning the human host into a monster.

Pandora doesn't think Gregory could handle something as aberrant as that.

It's something dangerous, extremely dangerous, she must get rid of this thing even if she were to sacrifice an innocent in the process. Sometimes sacrifice is necessary.

Pandora's blood also continuously nudged her to not that black light go. She trusted his own guts.

When Pandora was about to reject Maximus, the latter brother Gregory suddenly wailed in anguish.

"Gah! Cough!"

A sharp pain struck his chest from deep within. One hand reached for the air while the other clasped his chest in agony. Gregory's mind raced, half panicked half determined. There must be an answer to this pain, there must be a way to make it stop. He paused for a moment and contemplated every answer to this pain, weighing each option and trying to find the best one.

He grunted, determined to block out the pain and ignore the voices begging them to stop.

Gregory could bear with the pain but he felt there was more and feared what would come next, hopefully, his fear wouldn't come true.

Unfortunately, fate is a bitch.

"Gargh! Nooo! Noooo!!!"

Gregory's worst fear came true as he felt something stirring within him. Then, his scales started disappearing as his mana raged out of control.

"What?!"

Gregory rapidly returned to his original look, his scales, multiple eyes, and tail were gone, leaving him in his original sickly state.

When Gregory was about to make full recovery, a jet of black light shot out from Gregory's body. Instead of running away, the black light shot into Pandora's body.

She concentrated as she turned her giant magic pool on the foreign power. She wanted to drive out the invading power before she turned into a monster like Gregory.

Then, her bloodline reacted violently like a lion who was challenged for its territory.

Her elven blood crashed against the black light within Pandora's body.

Hiss!

The black light wanted to take over the elven body, instead, it got pounded by the latter bloodline. Hissing like an alien bug, the black light quickly departed Pandora's body, revealing itself in the real world.

Pandora grabbed the black light before it can run away again.

Hiss

The black light struggled within Pandora's firm grasp.

"Oh, you, that was a close one..."

She grinned at the black light within her palm.

"I don't know what you are or where you came from, however..."

She squeezed hard.

Clang!

Pandora crushed the black light into bits.

Phew!

She sighed in relief and she chuckled. She looked around and her eyes gleamed, she started preparing a spell.

"Time to clean up before departing." She silently mumbled.

At the same time in another location. In a big underground cave, there was a beast.

Dark jade eyes sit wickedly within the creature's angular, scaled skull, which gives the creature a rather menacing-looking appearance.

Two small crystal growths sit atop its head, just above its thin, warped ears. A row of small tendrils runs down the sides of each of its jawlines.

Its nose is pointy and has two enormous, curved nostrils and there's a small crystal growth on its chin. A few large teeth poke out from the side of its mouth and reveal only a fraction of the terror hiding inside.

A strong neck runs down from its head and into a long body. The top is covered in radiant skin and a row of armor plating runs down its spine.

Its bottom is covered in massive scales and is colored much darker than the rest of its body. Six powerful limbs carry its body and allow the creature to stand sturdy and towering. Each limb has 3 digits, each of which ends in keen talons seemingly made of obsidian.

Giant wings grow to start from just above its shoulders and end just passed its shoulder blades. The wings are bat-like, with thick skin and eerie bone structures making up most of the wing and each bone structure ends in a curved, yet blunt tip.

Its elegant tail ends in a seemingly fluffy tip and is covered in the same radiant skin as its body.

It is a dragon however there wasn't one but four inside this basement.

"So, that thing failed huh?!"

A sudden voice rang out inside the basement and space twisted, someone appeared in a lab coat, a man around twenty, with golden hair and dark pupils.

"Someone broke my toy, hehehehe! I wonder who dare to do that."

"So, that thing failed huh?!"

A sudden voice rang out inside the basement and space twisted, someone appeared in a lab coat, a man around twenty, with golden hair and dark pupils.

"Someone broke my toy, hehehehe! I wonder who dare to do that."

"Well, it doesn't matter, we have a few more in stock as well. Release them all around." The mad scientist ordered before going back experimenting on the dragon they successfully breeds under Bahamut's order, it wouldn't have been possible without him.

"I will create the strongest specie soon, hihihhi!"

.....

A few days passed since the fight and Alex had been training with Incursio, they did for the past eleven days and now it was time to relax. Faithful to their habit, the two acted as if they were on honeymoon, using every opportunity to bond, to unite their souls.

p An dD novE1.cO,,m Inside Alex's bedroom.

Incursio was giving Alex a blowjob.

"!!!"

He shivered at the sensation spreading through his penis in her mouth. She had become extremely good at this. He could already feel his body growing hotter and he was feeling more excited than ever.

He felt the urge to shove his dick all the way down her throat, but he was not so barbaric as to do so without knowing her preferences better.

Instead, he slowly pulled his hips back to enjoy the entrance of her mouth a little more.

The ridge of the head touched her lips and then half the head slipped out between them. That was when he pushed it halfway back in again.

He continued moving in and out of that shallow area to enjoy the feel of her lips on his bulbous head.

His partial erection achieved full erection in no time at all.

'This is crazy.'

Alex was astonished. He nearly felt like he was having sex already. The moist sensation of Incursio's mouth and tongue wrapped around him felt heavenly and she would sometimes suck harder than normal, making him feel like he was in a vacuum.

Alex wasn't the only one being affected because the white-haired beauty could also feel her consciousness growing fainter. All of her focus was concentrated on the cock moving in and out of her mouth.

She kept her teeth apart to avoid hurting the fragile member and pressed her lips together. She knew she had to be looking extremely silly right now, but she felt no desire to stop. Slowly her movements became more natural as she recalled what she was taught.

She slowly took his member out of her mouth and then licked it up before running her tongue along the head.

Her saliva made all sorts of naughty, sloppy sounds as her tongue stroked, poked, pushed, and licked the head.

After poking at the tip, she pressed her full tongue against the base. After supporting the base with her hand, she shifted her tongue to the shaft and coated the entire length with her drool.

Her current skills were high enough that even a professional prostitute would blush in shame and ask Incursio to teach her. please visit panda-:)(NOVE1.co)m

It took all of Alex's willpower to avoid giving in immediately as he watched her doing the act. He had been intent on controlling the pace but it seemed like he had underestimated the skills of this woman who has improved a lot.

Then she once again started globing the shaft up and Alex watched with wonder and amazement as his penis slowly vanished inside her mouth until his full length was deep in her throat.

Incursio looked up at him with obvious pride in her achievement.

But the triumphant look was somewhat undermined by how lewd she looked with her mouth opened wide to accept the thick cock.

She squeezed her lips tight and pulled her head back up along the length of his penis. Then she swallowed it all again. From there, she repeated the process.

The rhythmic motion of her head picked up speed. She could tell his trembling penis had grown to the bursting point inside her mouth.

For Alex, holding it in any longer was simply not possible. He felt the pleasure in his lower body taking control of his mind.

"I am going to cum."

Still, he had enough control to give her a warning. But this only excited Incursio more as she knew that she would soon be able to take total control of this situation once she made him cum.

She could feel his glands swelling up in her mouth. She knew then that she had reached her goal.

A thick liquid erupted into her mouth. Incursio swallowed everything, her eyes rolling in their sockets. Her face melted in ecstasy as she felt like she was being given the most delicious dish in the entire world or like she was a junky receiving the highest quality of drugs ever created.

"Take me!" She said and Alex rod her pussy like a stallion.

"Ahhhh!"

"Ohhhh!"

"Ahhhh!"

Seeing her lose herself in lust, he obeyed his lust just as much as the woman did hers as he pounded his penis inside her with intense pressure. Sometimes, it felt good to not think about anything. He lost himself in thrusting his hips inside her hot and stuffy snatch.

"Ahhh!"

Incurtio opened her mouth wide and arched her back with a sudden jerk. Drool dripped down from her cherry-red lips and soaked her slender chin.

But Alex could not stop his hips.

He felt like his penis would continue like this forever when he thrust in her sweet hole. The room was already filled with the smell of sweat and love juice and this did nothing more than make the two of them more excited.

Her red and engorged snatch spread wide as the boy's hard cock mercilessly pumped in and out. Knowing the woman was enjoying it could only speed up a man's hips to pack more inches inside her.

He dug into her inner flesh all he wanted.

Driven by lust, he lost himself in massaging her breasts and thrusting his hips. When he thrust in, love juices flowed out. When he pulled back, he stirred those juices up and soaked even his balls.

Chapter 1126

Incurtio looked incredibly cute as she writhed in his arms.

"Incurtio, I'm about to cum!"

"Ahh!! Cum...cum inside me. Cum inside me. I'm also...about to cum, let cum together."

Incurtio declared completely overwhelmed, only his seed in the womb could quench her thirst. She wanted this. She wanted to reach the greatest heights of pleasure possible for a woman.

Once he had permission, Alex intensified his thrusting even more. His dick felt like it was made of steel as it danced freely around inside her, stirring up her honeypot.

He used his youthful energy to thrust again and again until the girl surrendered before him by reaching climax before himself.

"Ah~!!"

She let out a wild voice as her entire body convulsed.

The crazed undulating motion of her body repeated again and again and her vagina tightened seductively around him.

This was the last straw for Alex. He grabbed her hips and pushed his penis all the way in then groaned and sprayed his cum into her vagina while continuing his piston-like movements.

"Ohhhhhh!"

Incurtio wordlessly trembled as her vagina continued contracting again and again until she had sucked out every last drop and her eyes once again began to roll back as the pleasure that hit her was too high for her brain to comprehend.

She soon falls asleep but she could feel the sensation of something cold running along her body and a sweet bloom on her face, her man was so sweet. He would always take care of her after she passed out during sex, and she would stay with him forever.

After cleaning their bodies, Alex slept letting Incursio use his arm as a pillow.

Late in the night, Incursio woke up but didn't immediately leave the bed, she observed Alex sleeping face and was entranced, she caressed his face while declaring.

"I love you. That means I would defend you with my life even if the odds were insurmountable. It means I will comfort you in difficult and painful times. It means I will dance and rejoice with you when times are good. It means I will never betray you, never give up on you. It means finding my fire when you, my loved one, are threatened, yet never waging war - only doing what is necessary for a noble defense. Love says I forgive you when you err. Love says though life may test me I am yours into eternity and I will never abandon you. It means I will never put you in danger no matter how noble the "cause" may be. Love means protecting the earth, protecting humanity, and being kind to animals, but should anyone demand your life to save their own I will tell them to rot in hell. There can never be a higher calling to me than protecting and caring for those I love. Love is not a concept for sheep, for sheep run at the first sign of fear; it is a concept for lions, so be brave my love and know that I am here."

Incursio stayed silent after she declared her love.

"Please never change no matter what, stay as you're, this is your biggest charm." She kissed his forehead at the end of this declaration before disappearing somewhere.

The following morning.

Through the frame of the window comes the vibrant glow of a new day.

Alex woke up and rose to his feet before yawning.

"New white rays shine through window and curtain just the same, showing the beauty of the many tan hues that weave together to make the fabric I love so much. The browns are as varied as sand dunes at dawn, as pretty as the lightest of wood carried ashore upon windswept waves. Amid the light I see the beams as if they wave with the undulating pleats, yet in truth they are strong and true, giving structure and form. As the moments pass the intensity rises and softens, bold and gentle, telling of the day that passes in the world beyond."

[[Tch! We know Mr poetic.]] Silveria mocked but Alex ignored her and called his status window.

"Status Window."

Chapter 1216 SS: Date With Sakuya

The city of Kyo was built in the center of a giant forest and is truly a contemporary urban phenomenon. Its wonder is matched by the backdrop of modest hills which have helped shape the city into what it is today.

The materials these hills brought were of great importance, but they were also influential when it came to architectural designs as the vast majority of buildings follow the flowing round shapes of those very same hills and continue the overall aesthetics.

βαηδα- ηθνε | ·cθm The skyline is spreading with elegant skyscrapers and they all seem to be in perfect unison despite being different. Recreation is impeccable in Kyo and it has attracted a lot of attention. Many different cultures have left their mark not just on international relations, but also on the city's identity. What historically was a city of little diversity has grown into a large melting pot and it's this that unites the 1 million people to this day.

It's this multicultural identity that has truly left its mark. Hundreds of coffeehouses, clubs, and food carts offer a plethora of culinary choices and those who feel hungry for something else can enjoy one of the many parks, clubs, city exploring, or one of many other recreational venues.

Kyo is the third largest city of the Eastern empire. Today there's a festival in the city and Alex chose this city to go on dates with Sakuya in their free time.

Fancy stalls were lined to either side of the pathway, the commercial street was filled with stalls like these. The stall owner sat in their respective stalls, they were in uniforms as they promoted their products, making the whole place very rowdy.

The pedestrians continued walking by as they giggled and talked. They also visited the stalls to check out the goods. Dressed in Yukatas, the noises they made blended in with the other noises at this festival. Suffice it to say, it was very loud and festive.

Alex wasn't in traditional clothes, he was wearing a simple white shirt with black trousers. Casually dressed, however, didn't fit well with his expression. He looked very bitter.

The reason? A girl in front of him. He remembers to have asked her to dress lightly.

Sakuya didn't look the same as usual.

She lost her everyday modern clothes and got herself a nice Yukata.

It wasn't just a simple Yukata. It's white with gold embroidery. The design looked like its artist was trying to capture mysticism in its element. She also had lacey satin near her sleeves, making her look like an imperial princess out on new year's eve.

Sakuya was all smiley right now, in fancy dress and surrounded by stalls, she was a happy camper judging by her giggles.

Like a dainty butterfly, she zipped through the crowd. Her exquisite Yukata, her appearance, and her laughter attracted the attention of nearby pedestrians.

Some of the stall owners even gave her free fruit when she visited, naturally, she's very ecstatic with the treatment she's getting.

This bubbly princess became a sight to see in the commercial district.

Alex's bitter look collapsed when he saw the bright smile she had. He felt like it was worth it to join her in this festival's participation.

"Your yukata does suit you, my princess, you're gorgeous." Alex finally complimented her on her look and as if she had been waiting for this since the beginning, Sakuya smiled.

Seeing that smile, Alex involuntarily smiled and felt that everything was worth it.

"It took you long enough. Let's go play." She said before offering her hand and Alex took it, it was the start of their date for real.

The two completely immersed themselves in the festival.

Sakuya led Alex through the commercial district as they participated in all kinds of stalls: Goldfish scooping, snacks, stall games, and buying each other gifts, they pretty much toured the whole place. After they filled up their stomach, they looked at their hands which were filled with shopping bags packed to the brim with gifts.

Some of it, she bought for herself, the others they got from stall games. They also bought a bunch of crap they didn't need. They decided to give Maria, Luna, Saeko, Gracier, Incursio, Artemia, and Incursio some of the gifts they bought. They sank a lot of dough into this endeavor.

Luckily, Alex's rich thanks to his multiple investments (Restaurants, Real states..). He's pretty much in the top percentile of the wage spectrum. He carried over a ton of gold coins, if converted, he can probably buy the whole island if they are willing to sell anyway.

Sakuya knew about this so she didn't hold back, she accepted the womanly instinct within herself and she purchased all the stuff that fancied her.panda `nove| com

Until,

Boom boom boom

Fireworks appeared in the sky, littering the dark landscape with iridescent colors.

The two lovebirds found a quiet place to enjoy the fireworks.

"The fireworks are chaos and predictability - their explosive gifts finding their own time and space to own. As they do, I am the spectator, the one seeing their blazing trails arc above. There's something about them that warms me even in the cold, as if their stray sparks passed into my blood." Sakuya declared as she enjoyed the spectacle in the sky.

Alex chuckled and said in turn.

"I always wanted to draw rainbows in the dark, hold pencils of pure light, I guess that's why I love fireworks so. As we head out together with the stars all around, a blanket for this planet that's half asleep, half awake, I'm already imagining their colors, cradling a box of matches in my hand."

Sakuya stopped watching the fireworks and turn to look into those heterochromia eyes, she stared into those eyes for a moment before stating.

"You are good with words Alex."

Alex chuckled before sealing her lips.

BOOM!

Big fireworks exploded at the moment as if blessing this couple, wishing them everlasting love.

Sakuya's eyes widened for a moment before she reciprocated by putting her arms around Alex's neck as they kissed passionately.

'His kiss is not at all the same as those movie stars, but one steeped in a passion that ignites. It is the promise of realness, of the primal desire that lives in us all. And with it, he tells me that he is awake, connected within, that he embraces himself rather than hide as a copy of those romantic idols.' Sakuya remarked inwardly as the couple kissed some more, forgetting everything around them as if they were the only ones in the world at the moment, nothing else matters.

In that moment of the kiss, their chemistry becomes an ever-bright flame.

Humans are far more sensitive animal than current culture suggests, for we evolved our emotional intellect to keep us together as families and communities. Our ancestors survived because of their deep feelings and their ability to read emotions in others. They were not lone wolves yet family "packs" who loved and defended one another.

Sakuya understand this saying and more than ever she realized her feelings for this man had grown deeper than in the beginning, if, in the beginning, it was all because of a promise between sworn sisters, now it was evolved, and her feelings for this man were genuine and she wouldn't hesitate to declare them.

As sunlight enters raindrops and emerges as rainbows, so love enters the soul of each person and emerges as their passions in the arts, in science, in nature... in whatever sparks their curiosity and drive. It is how they find their truth and purpose. It is how they give of themselves to others. Love is what makes us who we are, it is the energy that brings us to life.

After kissing for a good five minutes, they stopped staring into each other eyes.

'Some call it bewitched; I call it love. For there is an emptiness in the freedom of being alone and liberty in being caught in that divine spell. And so when I see in his eyes the feelings of my heart, we become one... and if that isn't magic then I cannot say what is.' Sakuya mumbled to herself.

"I love you like you're the last of my kind. It is as if you speak the same language as I, yet no other is able. To be around you is like finally not being alone - as if all my life I've been isolated, in a windowless room, in a doorless room... and then suddenly you walk in as if strolling over a summer meadow. How is it that you are so much more than sunshine? How is it you breathe life when no other can? Why is it you are my medicine? Who could love me more than you? So, my love, know this - while I breathe I am yours in mind, body, and soul."

Alex was shocked by the sudden declaration but it didn't take long for him to regain his cool and he took her hands in his while declaring.

"I love you too my princess, I promise to do my utmost not to make you suffer too much, believe in me and our love."

Chapter 1217 SS: After The Fireworks**

After enjoying the fireworks, Alex and Sakuya returned to the house and now they were about to have sex.

"Good girl!" Alex muttered inwardly as he enjoyed her mouth. Sakuya was really passionate, she was working hard to please him, giving him a tight deep throat blowjob.

A few minutes later, Alex cummed directly into her mouth.

Sakuya come out of the water while gulping his seed that was inside her mouth,

"Young Master, did this servant serve well?"

Today, it's the young master play.

"It's good!" Alex nodded faintly with a light smile.

Sakuya showed a happy smile after hearing Alex's honest reply. Then she moved forward to sit on his lap. She adjusted herself on his lap as the rod touched her pussy lips.

"Mmm~~"

Her soft moan came from her thin lips when she stood up a little and sat on his lap, and she unconsciously directed her hand and took Alex's great hardness, directing it towards her own pussy and inserting it, feeling his dick inside her.

"Hmmm! Young master, it seems grown bigger than past. AaaHH!" A passionate leak out of Sakuya's mouth as Alex's dick went inside her tight cave. She felt like it was her first time. Her vaginal walls stretched wide open, adapting to his big rod.

Alex's burning rod filled Sakuya's cave, reaching her innermost core.

"Ahnhhh!" She started to move her hips up and down and moaned in pleasure. She tried to suppress her moans but couldn't, it felt way too good.

Their movements began to be slow and smooth, moving in unison with perfect synchronicity.

Sakuya would gasp heavily as she lost herself in the pleasure and feeling that she was experiencing at this moment, while Alex would kiss her soft, tender skin, kissing her neck, his mouth would leave no place in her without being kissed, biting even her earlobes gently and moving down to her soft, perfect breasts through her thin neck.

"Yesss~~ Mmmm!!!"

Alex started to move faster, penetrating with passion Sakuya's cave while leaving marks on all her tender skin, kissing and sucking her big boobs. Soon Sakuya lost passion, throwing her head back, and moaning without restraint.

"AHhhh~~ Young master.... Mmmm please don't stop... it felt so good~~."

Sakuya hugged Alex's head tightly while the latter kissed her sensitive white boobs, feeling the waves of ecstasy and losing herself in this wonderful and mysterious feeling. Her honey cave unconsciously clung to Alex's cock, not wanting him to come out of it even a little.

"AAHHN~~!!!!!"

Alex gripped her buttocks tightly and, beginning to be more intense by thrusting his burning rod more aggressively into her special spot, while Sakuya let herself be loved and receive everything from her man. Feeling the intense pounding and wanting him to penetrate her with more strength and speed. Her lustful moans full of happiness would come out ceaselessly from her mouth.

"AhhhAAA~~~ Young Master~~ I am cumminggg..." Sakuya screamed in pleasure as her body tensed up. Noticing this, Alex pounded harder to give her the best orgasm. Love juice flowed out from her pussy like a dam got broken.

"Here is your reward, Mio." Alex's rod throbbed a few times and poured all the hot semen into her womb, filling her insides with his thick warm yang energy.

"Mmmmm~~~ So good" Sakuya whimpered slowly in pleasure.

Alex picked her up from his lap and stood up.

"Put her hand on the edge and raise your ass for me." He gave her an order.

"Yes, young master!" Sakuya followed his words like an obedient servant. Bending her upper body down on the edge of the pool, she raised her ass up for her young master to fuck her from behind. He touched her small tender hole again from behind.

Sakuya's buttocks were plump, the opening is pink. This kind of ass was really pleasing to the eyes and also feels good to touch.

Alex fondles her ass for a while then pressed his rod at her pussy and slammed in again.

The position of entering from the back, pushed the cock deeper into Sakuya's womb.

"Ah~" Sakuya let out a shriek as she got impaled like that.

Alex rubbed and kneaded her plump buttocks and thrust his hips into her.

The fleshy buttocks ripple as if inviting for more and more, and the meat stick slips in and out, pulling out and pushing in the tangled flirtatious flesh that's difficult to separate, a hot love juice overflows when he pushes it in and out.

He explored her inside, slipping and sliding, swooning as the folds of her flesh twisted around his cock.

The folds of her vagina tightened, and every time he slammed his cock deep into her. [panda `nove | com](#)

"Ah~" Sakuya's hole is being penetrated deep, again and again, the excitement and pleasure were too strong.

She was being violently fuck by her Alex like a little bitch.....she was so deep into the ecstasy.....the cock on her keeps on pressing into her cervix, and soon she couldn't stand it.

Just when the man is almost able to push into her cervix, her tender pussy twitches and reaches climax, which tightened her pussy more than ever.

"Aaaahhhh~~~ its cominnnggg again.~~"

Alex's rod was pressed by her tightened pussy wall, and he cums inside her. "Me too!"

Her body became weak from the orgasm, but has a blissful expression on her face. Alex didn't give her much time to rest and started moving his waist and pistoning his rod inside her vagina.

"Hmmm, ~~~"

"Agghhhh~~" Sakuya's inside was sensitive because of her last orgasm, she moaned loudly as his rod entered inside her again.

He pushed my hips in even deeper and gorged her cervix with his meat tip. She's crying out loudly, but she's definitely enjoying it.. Her vagina tightened, and she squirmed.

'I'm getting squeezed....'

The mouth of her womb was also sucking on the tip of his glans as if it had a target lock, and her body seemed to be eager to suck his yang qi up into her womb.

Thump, thump, thump

In a few minutes, Alex cummed again inside her womb, and now her pussy was completely filled with his baby-making seed.

"Hmm, your front cave is already filled, but I don't think it will be enough. How about filling the remaining in your second cave?" Alex said as he traced his finger around her buttocks.

βαηδα- ηθηε | ςθm "!!!!" Sakuya was stunned and ashamed when she heard his words, looks like he wanted to fuck her back hole as well.

"Then I will listen to young master! Please fill me with your Holy seed, young master!" Finally, Sakuya said bashfully. She was really into the role, isn't she?

Alex smiled in response and inserted his finger in her cute butt hole.

"Mmmm~~"

After doing some stretching and coating, Alex finally brought his love juice-coated rod in front of her buttocks. While Sakuya's body shivered from nervousness. She didn't dare to turn her head to look back.

At this time, Alex took hold of her waist and slowly pushed his rod inside her buttocks. It was far tighter than her pussy, giving him an entirely different sensation.

After successfully penetrating her Alex stopped and said.

"Mio, your ass is so tight~" Alex groaned in pleasure, almost losing his focus. After a few minutes of slow thrusts, he started increasing his speed. Sakuya was getting more comfortable, now she was feeling pure pleasure when his rod thrust inside her ass.

Alex's cock is buried in her back hole. He keeps on banging inside her and making her asshole soft and snug, she did not want to resist anymore.

"Ahhh~~~" Sakuya moaned in pleasure.

Hearing Sakuya's moans that were filled with pleasure and slutiness, Alex's lust ignited further. He took hold of her waist and pistoned his rod deep inside her asshole.

"Ahhhh~~ Young master~~ slow, please shower, It's too much~~" Sakuya whimpered, but Alex didn't listen and continued pistoning his rod into her.

Sakuya's eyes rolled, and the pleasure clouded her mind.

After a minute, another orgasm hit her, draining all of her energy. But Alex wasn't down yet, he fucked her ass without stopping until he reached his climax and poured all of his cum into her asshole.

Alex reached to pick up her, making her stand up while his cock was still buried inside her ass. He kissed her neck and started ramming his cock inside her ass again.

"Ohhhhh~"

Alex's cock was being pressed between her buttocks, asshole became tighter in this position bringing him more pleasure. He hugged her soft body in his sturdy arms and thrust his cock inside her ass.

While pistoning his cock, Alex didn't forget to play with her soft big mounds that were bouncing up and down with each thrust.

"Mmm, ~~~ agggghhh gooddd~" Sakuya's tongue come out of her mouth as she moaned like slut in heat.

Alex fucked her a few more times and didn't stop until he drained all the energy out of her.

Chapter 1218 SS: Before The Meeting**

This happened the following morning after their intense session of last night, they started another session with Alex servicing the Japanese Princess.

Alex's face moved down her breasts. He kissed over the flatness of her belly before sliding his tongue above her belly button. He rolled his tongue out to lick her belly button while her scents of desire entertained his senses.

She was impatient and wanted his tongue inside but he wanted to worship every part of her body. He continued to implant small kisses on her skin, making her tremble as he moved further down.

She breathed in relief and expectations when his face finally moved between her thighs.

His eyes were glued on her wet crimson slash. Her pussy lips were puffy and swollen looking from the constant teasing.

The wet juices on her pink foldings were a sight to behold. Suddenly, a certain feeling emerged from within.

He slipped his tongue on her inner thigh and moved upwards.

Sakuya let out a sigh of frustration as his tongue slipped past her pussy and licked directly on her other inner thigh.

Eager for release, she grounded her hips to plant her pussy in his mouth. His lips brushed on her vaginal foldings and her scent of arousal seared his nostrils. He fulfilled her request and shoved his tongue out while cupping her ass cheeks tightly for support.

βαηδα- ηθηε | ·cθm "Oh, Lord!"

She leaned her head back as his tongue licked the cover of her slit. Her fingers ran wildly through his hair as he began tasting her essence.

He rolled his tongue through her vaginal foldings before arriving on her clit. His movements were a mixture of sliding his tongue deep inside her pussy to tickling her clit. She let out yelps of pleasure as he serviced her further.

He lapped her pussy with the tip of his tongue before shoving it fully deep inside. He licked her juice while rolling his tongue in deep circular motions.

She writhed in ecstasy as he sucked her crimson inside through his lips. His movements were gentle like the first attempts of a baby at sucking but backed by experience.

"Ohhh yesss!"

Convulsions of orgasms streamed out from her vagina and her entire body turned rigid. Her pussy squeezed and juiced poured out; coating his mouth with her arousal.

She let out a scream of ecstasy before turning silent and enjoying the fading feeling of her release. Her entire body was flushed crimson and the afterglow of orgasm was clearly visible on her face.

Alex rose to his feet. He looked on as she took a deep intake of breath.

"You didn't disappoint me," Sakuya said with a smile.

She pulled him for a kiss and tasted her own arousal on his lips. She felt the large bulge in his pant pressing against hers as they kissed and shared passion.

Her hand rubbed his hard-on through his pant. Her eyes flashed with surprise as she felt the length of his shaft.

She lowered her eyes and opened his zip to take out his cock. Her eyes marveled in praise as she checked his large, thick erection. His hard-on throbbed and pulsed with heat in her hand.

"Let me return the favor by giving you a b-" She didn't even get to complete her words as he lifted her in his arms.

"You can return the favor later," Alex said with impatience. "Now I want to fuck you."

He was getting impatient. He had to be connected with his loved one as soon as possible.

Upon hearing his impatient voice Sakuya looked him in the eyes and noticed the naked lust. She understood his need and urge so she quickly wrapped her legs around his waist.

He slowly positioned her wet entrance on the head of his cock and gently lowered her down. He slowly slid it into her, inch after inch.

Her slippery wet tunnel was tight but evenly around his cock. The size of his erection made her gasp and draw breath as she shoved further in.

He finally got it all the way in and she groaned loudly. Her head snapped back and squealed in both pleasure and pain.

He gripped her properly before he started long but slow strokes; giving her ample time to adapt to him. Slowly, her ass moved up and down on her own as she began enjoying him in equal amounts.

He increased his pace with every stroke and rammed into her with more force. panda.nove.com

"Oh fuck!" She wrapped her arms around his neck and brought her lips to his for another kiss.

He pounded faster into her and thrust inch after inch into her tight pussy. On her own, she began to squeeze and twist on his cock.

Sakuya's big breasts pressed tightly on Alex's chest as they fucked like animals in heat. They both grunted and moaned as they reached closer to their release.

"That's it!"

She screamed and shut her eyes close while pressing on him tightly. She shuddered and spasmed as the feeling of euphoria invaded her.

The orgasm was like streams of current running through; making her body entire tremble and clamp. Her toes curled up and her pussy pressed tightly against his cock.

Alex grunted before pumping out waves of sperm into her. He was exhausted as he pulled out of her pussy.

Suddenly, Sakuya with her disheveled hair unwrapped her legs from his waist and got on her feet. She was sweating and exhausted but the afterglow of sex was far stronger than she has ever experienced in her life.

"You are too good Danna-sama," She said while looking down and noticing strings of cum dripping down from her.

Alex didn't say anything and just sat down on a sofa. The first round was over but he has no plans of ending it this soon.

She understood his intention for they were the same as hers. She knew the next round would last longer and they can try more positions, unlike this time.

She glanced at the watch and her lips formed into a smile, "Let's enjoy ourselves before joining with the others as I believe we still have a bit of time before the meeting."

"Then we should use them to the fullest," Alex responded with a smile.

Sakuya nodded after which she filled a glass with water and consumed it slowly. She wiped the sweat from her body with a towel and threw it away.

She then slowly arrived in front of him and kneeled between his outstretched legs.

"Let me get you ready," She said while her right hand moved on his spent cock. "I know a perfect way to get you prepared in no time."

"I'm waiting to experience the method," He sat in comfort. "I have a feeling it is related to the favor you owned."

"You are correct," Sakuya stroked his cock for a few seconds and it started responding to her actions. She felt it turning hard and long in her hand.

She then leaned down to rub her lips on the head of his cock. She tasted the mixture of her juice and his cum as her lips parted to take him in.

Her tongue slipped out to lick the head and she felt his shaft increasing further.

"Your method is working, you're such a fine woman, I can never get enough of you," Alex appreciated her hard work and he pinned her head down to help her in completing her task. Her tongue slowly licks back and forth over the tip, cleaning her juices and his cum.

She closed her eyes and pushed his cock into her mouth. Her cheeks hollowed as his shaft grew further under her excellent technique.

At the moment Alex's face was that of a man in heaven and he was truly in heaven. Well, as close to heaven as was possible for a living man.

Pleased with the praise, Sakuya continued with her job, she stuck her tongue out and cleaned the precum oozing from the tip of his cock. Her manicured hand stroked the shaft slowly as she licked over the head.

Her soft lips and tongue moved down his shaft. The sensation was magical and this was especially true when she twirled her tongue around. She both kissed and licked as she slide down his shaft. Her free hand caressed his balls while she continued to give him short strokes.

She leaned further down and started sucking his balls. She knew her way around and there was no competition for the sweet combination of her tongue and lips.

Suddenly, Alex felt a flash of current inside him as the experienced woman hummed with pleasure on his balls. She rolled the tip to send a tingling sensation after which she started licking the backside of his shaft while moving up.

"I hope you are enjoying yourself," She said with a smile. She enjoyed the oral he gave her earlier and she believed in the concept of equal pleasure knowing her technique she was sure she was doing a good job and indeed she is.

The next two hours were filled with nothing but intense collusion between flesh and the sound of moans.

1220 Chapter 1220

While Alex was preparing to go into the abyss, in the outside world, Kuina and Alice have finished their raid and by now stopped in a certain city in the empire.

The city of Blackmere was built in the center of a giant forest and is truly an evergrowing display of wonder. Its wonder is matched by the backdrop of a majestic mountain which has helped shape the city into what it is today.

The trade resources these mountains brought were of great importance, but they were also influential when it came to architectural designs as the vast majority of buildings mimic the broad slopes and steep peaks of the mountains.

The skyline is growing with similar skyscrapers and a new one seems to pop up every other week. Recreation is impeccable in Blackmere and it has attracted a lot of attention. Various cultures have left their mark not just on the city's development, but also on the city's identity. What historically was a city of no variation has grown into a fusion of everything and it's this that unites the four hundred thousand people to this day.

It's this multicultural identity that has truly left its mark. Hundreds of cafés, diners, and restaurants offer a plethora of culinary choices and those who feel hungry for something else could enjoy musical activities, arcades, nature, or one of the many other recreational venues.

But the girls weren't here for the enjoyment, they came because Alice have something to do here.

Somewhere in the city, Kuina examined the barrier installations around her. She praised the one responsible for this.

"I am genuinely impressed that you constructed this barrier, I dare say your mastery of magic surpasses many trained and well-known magicians."

"Well, I guess..."

Alice stopped drawing magical formations, she also stopped channeling magic power into the formation. She nodded with satisfaction.

"Although I know how to do this barrier formation, it's still my first time actually casting this under a time and quality constraint, I can only accomplish this feat after reaching a certain level, I'm glad I can now do it. This magic isn't for everyone."

"You are right, but please, just get on with it."

Kuina propped up her parasol as she gazed upon the night sky.

Alice nodded before starting, she slowly closed her eyes as she felt the magic power swirling within her. Opening the magical taps within, mana slowly seeped out of her body in visible jets. Her magic power formed a vortex that blew away the air around her as it grew into a pillar that reached for the high heavens.

Soon, the area was suffused with magic power. Strong winds blew up dust and pebbles, it felt like a jet was taking off, and everything got swept up in this magical storm.

"Th-this power is awesome."

Kuina who was watching the proceeding couldn't help but reveal a grave expression. She was filled with shock and anticipation, this girl will never cease to amaze her. Alice was full of surprises, so much that the Holy maiden wondered where is her limit.

She has seen this kind of magic power level before. It is precisely because she recognized this pattern that she couldn't believe her eyes.

Glistening in her magic power, Kuina watched as Alice continued emitting more magic power. While gasping, she mumbled in a stunned manner.

"I wonder what is your real origin, your core. Let's see the end result." She mumbled while staring at Alice chanting in the middle of the formation.

In the meantime, the latter consciousness was already within the realm of the vassal beasts exciting in another plane of reality.

She raised a fist and she slowly chanted words of power.

"I offer my blood to summon thee, give me thy true names!"

"Henceforth, my lifeforce will be thy sustenance, mine blood thy home, give unto me thy powers and join my corporeal body. Do my bidding!"

"Whosoever enters this contract, if he is willing, come forth..."

"I, Alice summon thee!"

Alice's chant echoed in the area, ignoring the blowing winds, she didn't care about her roiling magic power. Then, everything abruptly stopped when she finished her chant.

Alice abruptly lifted her hand and a drop of blood started floating up, defying gravity as it flew 10 meters into the sky. Next, her blood evaporated into a blood mist and dissipated into nothing.

Brmm!

A small black point appeared in place of the disappeared blood. It started swirling like liquid suspended in the sky. Soon, a black hole appeared in the sky, and from it, immense magical power poured forth.

BANG!

Without a warning, the space imploded as a shockwave blew outwards.

Kuina had to use her parasol as an anchor to keep herself standing, her hair bellowed in the ensuing winds. She continued staring at Alice with an astounded look. panda.novel.com

"What terrifying magic power, does she possess more Magic power than me?"

She sensed something, she looked up at the black hole in the sky.

"It's here..."

Two streams of light flew out from the gap in dimensions.

Boom!

White flames and black lightning exploded outwards from the spatial gap.

The white flames gently floated around, everything it touched, air or ground, got incinerated into nothingness. It was like the burned object never existed, as a supernatural force sent them back to their origins.

Meanwhile, the black lightning came crashing down like a meteor. Everything it licked, barrier or space, got torn to bits like a shattered mirror. It's not a collapse of space, the black lightning just broke everything it touched.

The anomalous flames and lightning rampaged.

"I have never seen flames or lightning like that before!"

Kuina said with a grim look. She tried hard to suppress the anxiety rising within her.

She inhaled, accidentally swallowing a mouthful of magic power as she clenched down hard on her parasol.

It was then she saw them.

βᾶνδαθηε | Inside the white flames, inside the black lightning. Two distinct lifeforms stood as they slowly materialized.

The small white dragon had flames covering it like a fancy coat of flames. Its torso is white and its eyes are blue. It sported white whiskers that fluttered like elegant ribbons. Looking rather regal, the creature had a pair of webbed wings, and talons could be seen near its webbed arm.

Its tail is long and made up of white flames. It flailed its tail around like a cannon ready to fire anytime at its woeful foes. Every time it thrashed its tail, white embers would rain down, reducing the air level by returning them to nothingness.

Elegance and regality.

The second lifeform is a strange-looking tiger, this black tiger was arcing with black lightning. Its Torso is largely black, some parts were so dark one could hardly see them against the night sky. Its blood-red eyes complemented its brutal crown well. Its limbs had thorny extensions while its arm had metallic wing protrusions that looked like cool vambraces. Its wings are covered in a protective coating, it looked like a fan adorned with thorns near its ends.

With a tough-looking baseball mitt for hands, the black tiger had three-digit nasty-looking claws. Behind it, its meaty tail looked like a battering ram that shook the space whenever it flailed its tail. One wouldn't be comfortable anywhere near this tail that looked like it could destroy anything with a single whip.

The black tiger and the white dragon stood side by side, their flames and lightning fell upon the summoning platform. They were like two different kings, one sagely and divine, the other, cruel and domineering. Witnessed by heaven and earth, the two summoning beasts integrated with Alice in a flash.

Swoosh!

The land returned to peace.

With the area turned into a wreck, the barrier Alice installed also got dispelled while he was busy summoning.

Fortunately, the two familiars' overwhelming power didn't leak out or else the consequences would have been dire, innocent would have died because of those two overwhelming power, it was not something mere mortals could endure.

Finally, Alice slowly opened her eyes who were previously golden but now returned to their passive blood-red state. Excitement could be seen written all over her face. She was very pleased with the two familiars she summoned. Everything is for the sake of survival and to support her master in the approaching war, she could feel it, the war was close. They have to do their utmost to survive, no matter how dire the situation would be, they have to survive.

The first toward survival was now completed, Alice thought with a smile.

Kuina looked at Alice who was over the moon. A cold sweat flowed down the side of her head. She awkwardly smiled.

"Looks like you summoned two incredible vassals."

"Yeah! I'm grateful for this, if only others can also use this ancient magic, unfortunately not everyone is tailored for this." Alice lamented but got no reply which shocked her and it was then she lifted her head to see to her horror Kuina falling toward the ground face full of sweat.

Swoosh!

"Princess!" Alice cried as she appeared next to her and caught her falling body, the latter body was hot.

"What?" Facing the unexpected situation, Alice was perplexed. It was then Kuina opened her mouth and vomited.
