1301 Chapter 1301

"The concert is in three days. Spread the words through my official fan page, I will settle the rest."

"Understood, my Lady!"

Maria nodded. She was about to make arrangements for the concert when a piece of paper fell from her pocket. The paper landed on the floor.

Raising an eyebrow, she picked up the paper and her beautiful face stiffened.

The paper had a number on it.

'Call me when you need a supporter when you need a believer, even if you lost your voice, when you feel like singing, just ring me up.'

She recalled that memory subconsciously, her heart started racing.

Slowly, she took out her phone and started slowly tip the number written on it.

Maria was too immersed in this dream already, just because she wished to fulfill that unfilled dream of hers.

She called that man, she called Alex and they met and talked before she handed him some invitations for the concert.

...

A few days later.

Somewhere in California.

This is the central plaza of the city's northern district. It's a rather famous spot.

It's famous because the central plaza is very wide and there are multiple facilities available for rent. It's also very close to other entertainment outlets so the traffic flow here is very good. Whenever there is a concert or anything big going down, this is the place to be.

There are many plazas in the city. However, when one referred to the northern plaza, they usually meant this plaza.

In the plaza, the biggest concert hall got booked by a certain party.

There aren't a lot of people who are aware of the identity of the organizer. However, all the insiders are women. All the guests heading for this place are women.

When Alex brought Artemia, Gracier, Sera, and Saeko here, they saw a huge human meat wall standing between them and the venue.

It was a sea of humans.

Given the population density here, it would be hard to move around once they dive into that sea of humans.

Next, they could see different hair colors in the guests here. Other than the people closest to the group, they could barely see what the other people wore for this venue because there are so many people walking around and squeezing up against one another.

"S-so many people."

"How astonishing!"

"This is the first time I saw so many people in one place."

Gracier, Saeko, Artemia, and the others couldn't help but stare blankly at the crowd here. Alice hiding behind Alex meekly. She grabbed his cloth like a child afraid of being abandoned.

"It's just a plaza, do they need to do something so over-the-top?"

Alex looked at the plaza with bulging eyes. He couldn't believe the turnout here.

"This is a bigger turnout than the festival last time. Did the citizens find out about Maria's concert here?"

Someone answered him, the voice came from the earpiece he wore on his right ear.

"Only her fans know about her concert, Maria only shared the details on her fan page."

Luna moved the candy in her mouth to the other side.

"This is a famous plaza. There are various facilities here. The idols usually host handshake events, and autograph signing sessions here. It's fair to say there is a festival in here every day."

"This is still shocking."

Alex chortled.

"I didn't think I would see something on this scale once again."

"Oh?"

Luna raised an eyebrow.

"You mean you have seen something on this level before?"

"Well, I have seen this kind of crowd at the Grand Tournament in Mysthia World before. The turnout was on this level."

Alex scratched his cheek.

"There are even more people at my wedding in a certain world."

"Hey, Kael!"

Luna finally called Kael by his other name when she normally referred to him as Lex as she used to intimately do.

"What was that about a wedding ceremony? I've never heard about this."

"Big brother..."

Gracier also ditched her playful nature. She sounded like she was very unstable right now.

"Is Alex already married?"

"As expected of the boss, he's still a high school student but..."

Sera was confused by Alex's revelation.

"Ahaha..."

Alex could hear the dangerous, panicky, and confused voices coming from his earpiece. He ended the conversation with a burst of laughter before moving forward with Sakuya. He pretended like he never heard anything.

"Let's go, we are going to be late."

"Okay!"

"Y-Yes."

"To witness our advent is the honor these mortals should thank their gods for. However, being tardy is a rude trait. Plus, the master said we should hurry so we should listen to his order." Noire said while playing with a coin.

"Agreed, Alice also wants to meet master's friend."

Alex walked towards the central plaza with four incredibly beautiful ladies around him.

There are so many people here. It was unknown if this was due to Maria's concert here or just the overall popularity of this place.

To prevent getting washed away by the deluge of fanatics Alex grabbed Gracier and Alice's hands. Saeko and Artemia wanted to hold hands with Alex but the other two already occupied his arms so they could only compromise by grabbing his shirt.

Alex immediately became the most salient person at the plaza. He could faintly hear people cursing his luck for having four beauties around him.

Alas, Alex seemed to be already used to the curses of others and their jealousy.

After fifteen minutes, Alex's group finally arrived at the concert venue.

Compared to the last concert, this time's scale was larger without a doubt.

The main doors were bigger than the doors to a museum. The concert-goers presented their tickets to the ushers with giddy looks.

"Oh! So cool~"

Gracier stood on the tips of her toes. Her heterochromia eyes glistened with intrigue and excitement.

"There are so many people here too..."

"Oh, let's go in first, I am sure there are more people inside."

Alex pulled Gracier and Alice along.

He made his way backstage.

Noire and Alice were confused.

"Hey, master!"

Noire tugged Alex's sleeve.

"Why aren't we using the main entrance?"

"Well, I would use the main doors..."

Alex sighed.

"However, Miku restricted her concerts to females only. Only her fans with tickets can enter. There are no other ways to get her tickets. She told me to use the backstage route because the fans might blast me out of the stadium if I didn't."

"Oh?"

Noire narrowed her eyes.

"To think these mortals are brazen enough to our master. The audacity..."

"Agreed, master, why don't you just use the main entrance?"

Alice tilted her head. Her bloody eyes were burning with outrage.

"This is discrimination. I will not stand for this kind of treatment against master!"

"Well, there are various reasons for this."

Alex tried to stop them from barging into the place.

"Let's back away from here, okay?"

Noire and Alice weren't convinced but they nodded nonetheless, they didn't forget to purse their lips of course.

•••

In the hallway reserved for staff of the plaza, Alex's group walked forward despite the female staff giving them weird looks.

Noire was like a country bumpkin who just arrived in the city. She kept looking at everything she passed by. Then, she turned her attention towards the staff working near them. She tilted her head.

"Why are all the people here women?"

"I wonder as well."

Alice looked around too.

"I also have the same question in mind."

"You're right, they are all women."

Sera asked Alex.

"What's going on? Alex."

"Hmm..."

Alex rubbed his nose.

"I know the reason but I don't think you girls should know the answer lest you regret coming with me."

The girls except for Luna and Sakuya exchanged confused looks. Before they could ask anything, Alex interrupted them.

"We are here!"

Alex stopped outside a preparation room. The others also stopped.

"You must be careful!"

Artemia cautioned Alex.

"Don't forget what happened last time, Maria attacked you without saying anything. I know you two built up a good relationship but that's only on the phone."

Alex shook his head. He knocked on the door.

"Come in!"

An intoxicating voice greeted them from within the cold hard door. Gracier, Saeko, and the other's hair stood on ends. Their expressions also loosened up.

Alex bitterly laughed.

"As expected of the idol, Maria's voice is still as captivating as usual."

Alex pushed open the door to her preparation room.

There was only one individual in the preparation room.

Her long black hair was the most striking feature that entered their eyes. Her icy blue eyes sparkled like the purest blue jewel. Her figure was also explosively good, she wore a white dress that paired well with her glowing skin.

After the last encounter, Maria still looked as beautiful as when they first met. She still looked like a beauty from a fairy tale. The others except for Luna and Sakuya were stunned by Maria's appearance. They seemed to have finally understood something.

Alex had a quick chat with Maria together with Luna and the others.

•••••

"Alexa! Alexa! Alexa!"

In the dimly lit concert hall, the fans waved their glowsticks like crazy. They are chanting Maria's stage name with synchronicity only found in choreographed routines. The venue was blowing up with the deafening cheers from Maria's fans.

Alas, their cheers never covered one particular type of sound.

The sound of the singer behind the microphone.

Different sets of light lit up the stage. The flashes hit Maria from different angles. She looked like a celestial maiden in her white dress.

"Alexa!"

Everyone started cranking up their volumes. It sounded like the ground might shatter under this intense barrage of cheers.

Maria beamed at her fans from her brilliant stage.

She waved at them energetically.

"Good to see everyone here! Are you all ready for the show of your life?" She shouted.

"YEAH!!!"

Maria nodded after everyone responded with a loud cheer. She winked at her fans.

"Thanks for coming to my concert. I am very happy to see everyone here! I hope you will enjoy your time here at the concert!"

Maria gave her fans a nice twirl on the stage. She skipped once and the music started playing.

She started singing her siren song.

With light steps, she unfurled a mesmerizing dance that she enjoyed. Her sweet smile and smooth moves worked well with the music. She sang to her heart's content.

The tempo started picking up as she worked her dance routine. The lights also started going crazy.

Her dance became more intense by the minute. She truly gave it her all, and her fans also responded kindly with passionate cheers and roars.

"Sh-she's so pretty..."

Alex's group was watching Maria's performance from the stage access stairway. They are the closest group to Maria. Everyone had different reactions when they heard Maria sing.

Saeko watched with wide eyes. She was completely captivated by Maria's song and dance.

Noire and Alice closed their eyes. They appraised her song with closed eyes, their expressions were calm and peaceful.

As for Gracier, her innocent heterochromia eyes were distant.

Idols and songs are foreign concepts to her. However, she still couldn't resist falling under Maria's spell. That is just how good Maria was at her job.

She showed overwhelming finesse in her dance, expressions, vocal control, and sheer skills. It took her no time at all to capture everyone's heart.

Her fans who are screaming their lungs out while waving their glowsticks are also a testament to her ability as a singer and idol.

Who would have imagined, she's just an idol who debuted half a year ago?

Without a question, Maria's song turned the place into a nuthouse. Her fiery footsteps and passionate fans went like a combo meal. It wouldn't be weird to see her fans collapsing from excited over-exertion.

The girls watched Maria perform with awed looks.

Perhaps, there is a tiny spot in every girl's heart where they secretly wish they can perform on a bright stage just like Maria.

Gracier was sensitive when it comes to her brother's emotions, that was why she spotted Alex looking rather nonchalant despite the hype here.

Alex looked a bit disappointed and frustrated for some reason. Noire finally woke up from her stupor.

"Worry, is the performance not to master's liking?"

Noire's question caught the attention of the others nearby.

"Something wrong?"

Gracier tilted her head in confusion.

"Alex, don't you like Maria's performance?" Artemia asked.

"Oh, What's wrong?"

Sakuya crossed her arms, she also tilted her head.

"If master doesn't like Maria's show then we should leave..." Alice said a little bit dispirited as she was enjoying Maria's performance.

"Big brother..."

Gracier tugged Alex's sleeve, she hinted that she was cool with whatever Alex did.

The girls were ready to leave the show just because it looked like Alex was not enjoying himself. He was touched by their concern. He beamed at the girls.

"Nah, I don't hate this performance..."

Alex rubbed Gracier's head. He also grabbed Luna's hand. He assured the ladies that he was fine. He looked at Maria before sighing.

"I am just worried..."

Maria sang while not using her real voice.

Maria's song is good, she probably didn't need to use anything to get this reaction. However, her supernatural voice had the effect of hyping the crowd beyond normal levels.

What did this show?

She was afraid her real voice might not work as well as she thinks.

Maybe, she was also worried that her song will be met with jeers and sarcastic shouts from her fans.

In other words, Maria was afraid of her fans.

This was her way of coping with her insecurity.

Her past trauma was still haunting her to this day. The incident that day where her real voice caused tons of fans to rush toward her, trying to kidnap her with maddened expressions was still haunting her.

It was also why Alex felt worried.

He was disappointed not because Maria used her Diva voice, he was disappointed because he couldn't listen to Maria's real voice.

Alex's crestfallen look happened to enter Maria's field of vision since she was pausing for a mid-session break.

His worried and disappointed eyes caused Maria's heart to throb.

Alex's reaction caused her to hesitate. She looked at her hyped fans.

Should I try singing with my real voice?

Maria felt a sudden sense of dread.

She recalled how the crowd stared at her with cold, dark looks, she remembered the toxic fans half a year ago. She remembered how she opened her mouth but no sound came out at all, that despair, that anguish, those feelings magnified her fear.

Maria immediately dispelled any thought to use her real voice. She gave her fans a wave before heading to the stage access hallway nearby.

Maria's dispelled thought left a trace in her heart.

...

Backstage, Alex and Maria were face to face speaking.

"I know you're angry but I do have my reasons for acting as I did." Maria tried justifying her actions but Alex only stayed silent.

"I'm wrong I'll try to overcome this fear. Can I first sing in front of you?" Maria timidly asked Alex this.

"Sure, I am always ready to lend an ear." He responded.

"Then, will you still come and protect me when I need you? Just like that time?"

Alex finally knew why Maria was acting like this.

He showed up to protect her when she needed him the most.

When he gave her a tiny help during her direst hour, that was enough to make her fall head over heels for him.

Truly, she had a mind like that of a kid.

He rubbed Maria's head softly. Then, he nodded much to Maria's joy and excitement.

"As long as you need me, I will always be there to protect you no matter where it will be."

Maria heaved a sigh. Finally, she couldn't hold herself back anymore. She stood on tiptoes and smooched Alex on the lips.

In the dark passage, the figure of a male and female overlapped.

Maria forgot she was inside an illusion and thoroughly enjoyed whatever was happening, the kiss felt sweet.

'His kiss is not at all the same as those movie stars, but one steeped in a passion that ignites. It is the promise of realness, of the primal desire that lives in us all. And with it, he tells me that he is awake, connected within, that he embraces himself rather than hide as a copy of those romantic idols.'

Maria thought before sweetly whispering into Alex's ears, it did not matter that all of this was fake, an illusion, to her these memories mattered, and that's why she said those words next.

"As long as you are in my life I'll always accompany you. I'll give you the world as you give me your love."

Afterward, she continued the concert but this time by singing with her real voice. Her dream shattered afterward and Maria woke up in the real world with a smile.

1303 Chapter 1303

While Maria and the others were having each their own dream back to Alex's location.

After his outburst he should have appeared in another dream, this time in a house with two women he had just conquered.

From the outside this house looks impressive. It has been built with walnut wood and has red brick decorations. Small, squared windows brighten up the house and have been added to the house in a very symmetric way.

The house is equipped with an average kitchen and two modern bathrooms, it also has a generous living room, three bedrooms, a roomy dining area, a multimedia room and a grand storage room.

The building is shaped like a short U. The two extensions extend into a patio to each side.

The second floor is smaller than the first, which allowed for a roof garden on one side of the house. This floor has roughly the same style as the floor below.

The roof is low, triangular, but one side is longer than the other and is covered with overlapping roof tiles. Two small chimneys sit at either side of the house. A few large windows let in just enough light to the rooms below the roof.

The house itself is surrounded by a gorgeous garden with many hidden lights that make the garden come to life at night.

•••

In the dawn, the cold of last night lingered.

The sun was just showing its brilliance while a few stars still defiantly glittered in the sky. The trees are doused in sparkling dews, waiting for the golden sun to rain down its golden radiance.

With the sun dying the dawn red and yellow, countless homes in Avalon started cooking as plumes of smoke could be seen coming out from their vents.

In the Alex's house, Luna was usually the one who wakes up first to make food.

The others were still sleeping.

When the intense sunlight hit the window and reflected the light of day onto the messy bed and the three figures tangled up with one another in very suggestive poses, one could easily tell what they were up to late last night.

Alex's eyelids twitched as he stirred into consciousness. He tried to stretch only to touch soft objects.

He immediately woke up as he looked down near his chest. There are two beautiful ladies wearing nothing but their birthday suits tucked away near his chest.

Alex grabbed his face as he recalled what he did to them last night.

"Right, I banged both Noire and Alice last night."

He bitterly laughed as he revealed a proud smile.

"Mmn..."

Someone moaned. Alex almost felt carnal flames enveloping him once more when he heard the charming voice. Alice woke up as she took Alex's left side as her pillow and heater.

Her long eyelashes twitched before her mesmerizing eyes revealed themselves to the world once more. She glanced at Alex, after brief consternation, her eyes widened in shock.

"Eh!!!"

Alex grinned as he greeted the well-endowed girl.

"Morning!"

Alice blinked as she looked between Alex, herself, and Noire who slept next to her. Her face turned red immediately. She used the blanket to hide herself from view.

Alex liked what he saw. He nudged her blanket while teasing her.

"Hmm? Isn't it a little too late to feel embarrassed?"

She replied from within the blanket.

"Anger and shame, I got defiled by the beast. I can't get married anymore."

"B-beast?"

Alex gasped at the revelation.

"Look, maybe I went down on you girls quite hard but isn't it a bit harsh to call me a beast?"

Alice explained herself.

"Let's me explain master, I wasn't describing Master's action as those of beasts, Master's performance was akin to beasts it's what I'm saying."

"Huh?"

"The truth is master you took Alice and Noire at the same time. So.."

Alice moved around inside the blanket. Alex felt someone caressing his hardening cock.

"In the end, not only did Master play us like a fiddle, Master is apparently still not satisfied with his tool of procreation still standing mightily. You're like a voracious beast!"

"Ahaha..."

Alex wasn't sure whether he should be proud or annoyed. Alice was still grabbing his holy spear.

"Well, it's morning and when we talk about morning, there's that..."

"You mean this is normal during mornings?"

Alice peeked out from within the blanket.

"I thought Master hated waking up and is always plagued by lethargy upon awakening?"

"We are talking about two types of energetic here..."

Alex calmly explained.

"It seems you girls didn't learn much from those special educational books"

"Special educational books?"

Alice flinched for a second. Then, she realized what Alex was referring to. She blushed before lowering her head.

"!!! Master is so naughty!"

"I..."

Alex was lost of words.

"Hey, I am not the one who bought those books and read them in the living room."

"Anger, Master is still a big pervert."

Alice looked at Noire who was blissfully sleeping with a healthy shade of red on her face. She got a bit jealous.

"I'm fine for now but I can't believe you sullied Noire when I was on communication with Incursio . You relished yourself with her slender body, tore her clothes and took her purity away. How I envy you... how I hate you..."

"Okay, let's make something clear here. I didn't tear her clothes off. Also, did you just say you're jealous?!"

Alex rubbed his temples. Surprised to find this side of Alice he never knew.

"What did you talk with Incursio? Are you bisexual like her?" Alex asked with a smirk.

"Incursio huh?!"

Alice showed a brief look of disgust.

"Don't compare me with her. I will never become like her."

"In other words, you only have the hots for Noire..."

Alex chuckled.

"That's sly, I mean, I am not satisfied yet..."

Alex slid his palm down Alice's neck, he twisted the tips of her beautiful breasts.

"Nngh..."

Alice moaned immediately. The same pleasure that clouded her thoughts from last night returned. She looked at Alex with those mesmerizing blood colored eyes.

With Alice panting and heaving in arousal near him, Alex got turned on. He licked his dry lips before biting Alice's earlobe.

"Anhh!"

Bitten by Alex, she arched up in pleasure. She writhed under Alex's sly manipulations.

Alex sized up Alice's voluptuous body. She had a bad feeling.

"!!!"

Alice clenched the blanket. She stared at him.

"What is Master doing?"

"What am I doing?"

Alex directed his passionate gaze in Alice's direction.

"I want to do a lot of things.."

"Uugh..."

Alice started twisting around.

"Please master, it is already morning, I can't do it again." She sounds like she was backing out.

"No, don't say that."

Alex snickered. He invaded her pussy down under with his fast fingers.

"Didn't I tell you? I am very energetic in the morning..."

"Pleading, please no..."

Alice tried to yank herself off his demonic fingers. This only increased Alex's lust for her.

Alex turned around as he made Alice get on all fours with her butt raised up pointing at his face. He told her to anchor her hands on the bedsheet.

He grabbed Alice's slender waist as he plunged his spear forward.

"Ohhhh!"

Stabbed by Alex, Alice felt the air inside her lung exiting involuntarily. The room started heating up as Alex pounded Alice's secret room without mercy.

'Let simply enjoy ourselves until the last moment, I'm curious about how many illusion he will make me see.' Alex silently decided before continuing to enjoy the current illusion he had. He understood he was still trapped, he would enjoy himself much until he was able to finally find a solution and make Bahamut pay for everything. He would not fail here.

....

Alex's secondary house in the Avalon.

| In the living room, Alice sat on the sofa while Wu Yan used her lap as a pillow. He's taking it easy with a beautiful girl giving him a lap pillow.

Alex enjoyed the moment as Alice fed him food.

"If I can get this kind of treatment every morning then I don't mind waking up early from now on."

Alice faintly smiled when she heard Alex's comment. He chuckled as Alice blushed. She turned the other way much to Alex's amusement.

He examined Alice once more.

It was safe to say the current Alice was very well-endowed. Her looks are also absolutely stunning, her beauty is on par with almost any member in Alex's harem.

Alex got to wild with her last night. That experience gave Alice a glow that only served to magnify her charm. She was now a lady that can enslave souls with her beauty. Her personality is also very attractive.

This soft and warm side of hers could be seen in their current situation.

Unlike Noire, she wasn't that prideful nor she was too cold. Alice is very gentle and elegant. She is a very soft and warm girl.

Like right now, she was feeding Alex food like a nurse.

He exhaled slightly after taking another look at Alice's charming face.

If he knew dragging Alice into the sheets would mellow her out like this, he would have hastened the seizure of her clam fortress.

Two days of pure bliss passed in a flash and Alex was brought into another illusion.

This time it was about a certain empress's sister.

•••••

"..."

"..."

Alex woke up to see a purple-haired lady staring at him with her face mere inches away from his face. Somehow, she sneaked into his blanket and straddled him while supporting her chin with her palms. She just observed Alex quietly like that.

His heterochromia eyes met her purple eyes. They stared at each other for 5 minutes. The air became eerily quiet.

As to how they arrived at this awkward position, that was something for the detectives to figure out. Alex hadn't a single clue.

His brain overclocked as he tried to compute the situation.

'What the hell is this situation?'

He was sure they already buried their hatchet after a peaceful and win-win resolution after he beat her in a fight over Sera. They were no way near close enough to sneak into each other's homes even after he was saved from an enemy's ambush, snatching her from the jaw of death.

After that, she swore to serve him and he accepted. But, her action of sneaking into the house of her benefactor and invading his bedroom would suggest she misunderstood her role.

No, maybe she didn't, Alex was the wrong one.

"..."

..."

The two stared at each other for another 5 minutes. Finally, Alex was the first one to speak up.

"So, mind telling me what is going on here?"

Althea replied as if she expected this.

"Get up."

"Ha?"

"Get up, now."

"Why?"

"Sera said so."

"Sera?"

"Yes..."

"Okay, I am going to need you to be more specific." Alex felt his head throbbing but he decided to endure this, everything was for the sake of his goal, and he must not give up so easily.

"Morning, 7 a.m., I came knocking on the door at 6:30:34. About 3 seconds later, Sera answered my call and 15 seconds later opened the door for me. Following that..."

"Wait. I am sorry, I shouldn't have posed a question like that." Alex felt like he was talking with a robot, he got the cold feet.

Alex inhaled deeply. He wiped away the cold sweat on his forehead.

"I am going to ask you a series of questions which I expect you to answer 1 by 1." He stated while Althea nodded.

"No problem."

"Firstly, why are you at my house?" He asked.

"Maria told me to come here. She said she had something to discuss."

"Discuss, you say?"

Alex frowned after recalling something, the setting of this illusion.

"Is it about the traitor? Why did she agree to host a talk like that here?"

"It is fine."

Althea replied.

"Maria said my presence will make Sera scamper off with poor excuses."

"O-oh, I see."

Alex nodded in understanding before moving to the next question.

"Okay? Why did Sera tell you to wake me up?"

Althea's eyebrows jolted for a second.

"I don't know. If I had to venture a guess then it's probably due to my attempts to increase intimacy with her. She used you as an excuse to run away."

"It seems like you knew exactly what happened."

Alex retorted while massaging his arching temple. He then raised his next question.

"Why did you wake me up like this?"

"To test my theory." Althea calmly answered.

"Hah?"

Alex felt like he had just heard something ridiculous.

"To test my theory."

Althea repeated her previous sentence with the same calmness.

"I only have data on using "friendly" moves on females. I don't have any data on how to wake up males. So, I decided to create an experiment."

"Where did you get your inspiration?" Alex didn't want to ask nevertheless for the sake of the progression of this illusion he still did.

"From a book."

Althea said looking at the stunned Alex before continuing.

"A book that you can only rent at a certain bookstore."

"I don't need you to tell me that!" Alex retorted automatically.

He felt tired, so massaged his temple multiple times.

"To summarize, Sera ran off because of you, and you did as she said to come to wake me up. Not knowing how to approach this, you decided to experiment and settled on this method?" Alex summarized with difficulty.

"Correct." Althea's answer was calm as always.

"Hmm, I am going to ask just in case."

Alex had a forced smile.

"If I didn't wake up in time, what would you have done?"

"..."

Althea paused for a brief moment.

"The book mentioned that a certain extremity on males tends to be energetic in the morning. My working theory was that you would wake up if that region is given enough stimulation."

"Cough! Cough! Cough!!"

Alex choked on his saliva. He may possess an extremely powerful physics but his face turned dark when he almost choked to death on his spit.

"I feel like I have to ask, how were you planning to deliver said 'stimulation'?"

"Licking."

Althea elaborated with the same calm face since the beginning which was an exploit in itself.

"Although there are multiple contemporary approaches. My analysis suggested that licking the male organ would lead to the optimal pleasure level required for consciousness."

"..."

Alex was gobsmacked, he was not sure how he should answer her.

Is he turned on?

A little if truth be told.

This stunning lady just offered to wake him up with a blowjob.

Regret?

A little.

He woke up too early.

However, there was still another bad taste in his mouth.

Alex stared at Althea who wasn't even flustered or embarrassed by her actions and words.

"Aren't you afraid that Sera might misunderstand our relationship?"

"No problem."

She replied.

"Love is blind to gender. It is also indifferent to the number of partners. I will make Sera look at me through my actions."

Alex felt his head splitting.

'So she is into girls? It's why Sera never liked working with her.' He thought.

"Here's the problem, Sera already ran away."

Alex reminded her.

"Shiori just isn't ready yet."

Althea explained.

"Moreover, I chose that method because it is you."

"Because it is me?"

Alex became anxious.

"What do you mean?!"

"You're my savior!"

Althea said.

"So, it's fine."

"You're thankful so it's fine?"

His heart couldn't keep up.

It seems like making up with Althea didn't pan out as well as he thought.

Given Alex's bitter look, Althea reckoned she needs to verbally verify Alex's intention.

"Don't you prefer to have your energetic male extremity sucked on?"

Alex was conflicted by his thoughts. He bitterly laughed.

"I-I mean, it's relative to the situation and the participants.."

"To recapitulate-"

Althea nailed it.

"-You like it."

"Cough Cough!"

Alex coughed again.

Althea took that as a green light.

"Allow me to do a live demonstration."

She ducked down in his blanket.

"Wait... Not you! Oh...~"

.....

One hour later in the living room.

"..."

"..."

"..."

Maria sat on the sofa while staring at Althea who had a glow to her skin.

Meanwhile, Alex spotted a dazed look. She knew something was up so she frowned.

"What happened between you two? Did I miss something?"

"..."

Althea and Alex twitched simultaneously. One shook his head while the other continued sitting there like a cool cucumber. Maria narrowed her eyes at the duo. She snorted.

"Actually, I don't care what you two did," Maria said before continuing.

"We have a meeting to uphold so I want your total focus, especially you Althea, don't go jumping on Sera the moment you see, do you get it?"

"Affirmative."

"Good, let's wait for the others to come out," Maria said with her legs crossed and Alex couldn't help but give them a few glances, they're beautiful as always he thought.

1305 Chapter 1305

After the meeting, both Alex and Maria quietly slipped away.

Presently, in the master bedroom of Alex's house, two shadows appeared out of nowhere and it was Alex and Maria.

"Ah! I should have known!" Maria said as she found herself in her bedroom. She looked at the corner of the bedroom where a large bar cabinet was placed, showcasing fine liquor.

Alex made a grabbing motion, and simultaneously, a bottle of whiskey flew out.

It arrived in his raised hand.

The seal opened up and he directly drank from the bottle's mouth. Upon seeing this Maria grinned and jumped on him just as he lowered the bottle.

Like a koala, she wrapped her legs around Alex's torso and placed her hands on either side of his face. Her hands were soft, but warm, igniting passion deep into him.

Alex dropped the whiskey bottle and moved his hands up her slender waist.

"I want to try a certain method of sharing!"

Maria said as she leaned her face closer to his.

Her eyes locked onto his before her lips pressed against his. Their lips joined like pieces of a puzzle, completely melting into each other.

Both of them shut their eyes, savoring the delightful passion of their lips.

"Mmm!"

The fiery warmth in her lips passed all his defenses and his mouth opened. The soft ambered colored whiskey swirled and she twirled her tongue into his mouth. She tasted aromatic, rich toasted oak blended with floral flavors, and instantly found it to her liking.

She understood the saying 'The whiskey was the amber that brought resolve to my soul.'

Meanwhile, Alex's hands wandered up on her back as the open-mouth kiss continued. She sucked the whiskey into her mouth and a tantalizing sensation invaded their bodies.

It was like the current one feels in their first kiss. They both had kissed at unknown times, but the passion never fell. If anything, with time, it grew...

Alex retaliated and began to fight for the remaining amount of whiskey. Their tongues clashed against each other, exhilarated from the battle of lust.

While Maria's fingers lingered in his long hair and she turned the kiss fierier. Her cheeks flushed and warm blood flooded his face.

Minutes passed and they turned breathless. Their eyes opened and their mouths parted with their breaths shallow.

"You were right!" Maria said with a grin.

"I like this! I've enjoyed it." She gave honest feedback.

Alongside, she freed a hand and stretched it out, creating a miniature Ice clone, this clone swept through the floor and grabbed a bucket of ice. Then, it returned. They crawled up to raise the bucket high in the air.

With her body still locked with his, she took two ice cubes in her soft hand, and said, "I like my drink chilled though."

She placed the cubes on his lips and smiled as they began to melt from the fiery passion.

Alex felt a sense of a déjà vu but it doesn't matter. He had decided to enjoy himself.

With her hands on his face and her legs wrapped around his torso, Maria smiled as the ice cubes she placed on his lips started melting.

Without wasting any time, she pressed her red, glossy lips on the melting ice cubes from the other end. Under their combined passion, the cubes melted and misty icy water droplets trickled down their lips, like jewels.

Alex kissed her wet, cold lips for a brief moment before moving his lips down.

He kissed her chin from where the icy water streamed down and fell on her breasts that were smashed against his chest.

She put her arms around his neck and arched her head back as his lips moved further down. His icy lips planted kisses on her soft neck, and as the cold, but passionate lips touched her neck, she felt a bolt of current striking her.

At the same time, his hands slipped from her waist to her ass. Her curvaceous ass cheeks were smooth, feeling amazing in his hands.

He cupped them gently while kissing across her neck and moving up to nibble down on her ears. Maria didn't realize his lips did more than just kiss... they caressed her delicate skin.

She might not have realized it, but her body did. Her nipples hardened and their outline became visible.

"He knows me the best!"

She thought as she leaned her head down to make his lips break from her neck.

As his lips freed, her lips sought his for a tight kiss, and they started making out.

She stretched her tongue into his mouth and intertwined with his.

Lost in the delightful kiss, Alex moved further into the bedroom. Still joined together, they jumped on the bed, with Alex on top.

His tongue moved into her mouth for exploration while his hands moved down her back to pull down the zipper of her dress. He tossed the dress away and didn't look down as he unhooked her bra.

At the same time, Maria undid his shirt buttons and stretched her hands down to open his pants. Their mouths remained joined, and their kisses intensified.

She felt his raging erection throbbing against her as they kissed and the familiar warmth made her wet from desires.

She broke the kiss, and with a grin, said, "I now believe you... you missed me!"

As she said it, she rubbed her hands against his hard-on, feeling the pulsing heat.

The sheer thickness and girth made her know just how much he missed her.

"See? I don't lie did I?"

Alex smiled before slipping down. He tweaked Maria's nipples between his fingers and noticed goosebumps on her skin as pleasure swept over her.

Then, like a hungry teenager, he sucked her nipples, moving from one nipple to another, back and forth. Her breasts swayed with his mouth and she squealed in delight.

He could feel intense heat erupting out of her mound and knew she missed him just as much. Not wasting any second, he slid further down and lined his mouth against her pink flesh, hidden between two puffy lips.

He placed a middle finger against her wet slit and pressed his lips against her hard clit. Then, simultaneously, he inserted the finger and kissed the clit with gentle probing of his tongue.

"Aah!"

Then, like a hungry teenager, he sucked her nipples, moving from one nipple to another, back and forth. Her breasts swayed with his mouth and she squealed in delight.

He could feel intense heat erupting out of her mound and knew she missed him just as much. Not wasting any second, he slid further down and lined his mouth against her pink flesh, hidden between two puffy lips.

He placed a middle finger against her wet slit and pressed his lips against her hard clit. Then, simultaneously, he inserted the finger and kissed the clit with gentle probing of his tongue.

"Aah!"

Maria let out a soft moan and slipped her hands between his black hair.

Alex started with a gentle lick from the clit to the base of her slit and then up.

Alongside, his finger moved in and out of her slit, feeling her insides writhing in ecstatic contractions.

Slowly, he pulled his finger out and plowed down on her pink flesh with his tongue. He was like a man thirsty for years as his tongue licked her wet flesh, up and down, slow and fast.

Maria felt an intense wave of orgasm erupting deep inside her. Her puffy lips swelled and spasmed while juices secreted out right in his waiting mouth. He sucked them and held her body tight as the wave of orgasm ran through her.

A minute later, she took a long intake of air, and said, "I missed you!"

"I already know that!"

Alex moved up and kissed her right on the lips, allowing her to taste her juices of arousal. She gripped his face and broke the kiss. She looked him in the eyes, and their vision met.

A spark exploded between them and they instantly knew what they wanted.

Something that overpowered animalistic lust. Something that had emotions that no raw sex could provide.

Maria grasped his cock and guided it to her entrance. Alex rubbed against her slit, moistening his tip with her juices, and then invaded her waiting pussy. He slipped fully inside and stopped.

Both of them savored the moment.

Alex enjoyed the heavenly warmth; a sensation that was far more delightful than any other sensation. She enjoyed the marvelous feeling of being filled, a feeling that could not be described by words alone.

Slowly, in the missionary position, he began to thrust in and out with long, gentle strokes. She slipped her hands around his neck and moaned.

Their eyes didn't move from each other, and they both knew what they were doing was not just sex. There was an intimacy that was more than physical.

She lifted her knees, giving him more access. He hammered deep into her, and along with the heavenly feeling from his cock filling her pussy, she felt an emotional sensation that put her on the edge. She has a feeling it was the same for him.

At other times, she could have lasted for long, but now she felt another orgasm on the brink of explosion. The crest of orgasm was ready to sweep her.

"Cum with me! Now!"

Maria ordered between her yelps of pleasure.

His reply was kissing her and increasing the pace of his strokes. His hips thrust down, pleasuring her.

"Oooh!!"

With her mouth sealed by his, she let out a suppressed moan as an explosion of ecstasy erupted deep into her pussy. It was like a dam of pleasure has broken, and the waves of orgasmic pleasure spread throughout her.

Maria's eyes rolled back as the simple sex gave her an intense orgasm like never before. She held Alex tightly before shutting her eyes.

He grunted as her pussy spasmed around his cock, throbbing with delightful vibrations. He didn't resist and allowed himself to erupt. Showers of warm cum sprayed out.

He kissed her once again before collapsing next to her.

'I'm starting to slowly understand these illusions. If I'm not wrong, some changes may be happening in the synchronization rate as I fulfill the women's wish and my desires in these dreams.'

It was the conclusion at which Alex arrived after going through many illusionary dreams, these illusionary dreams are some of his unfilled desires or are related to the girls connected to him, but he didn't understand the principle behind them, still, he knew he could make use of them.

He let out a soft sigh and looked at Maria's face. She noticed his gaze and turned towards him.

"That was different," Maria said with a grin. "Guess we missed each other to feel such a thing."

Alex stayed silent before he responded with a grin as well, and said, "Only one way to find out."

Soon, their bodies joined each other and a session of wild sex started. This time, the feeling from before was missing, but the sex was as delightful, if not more. They tried a variety of positions for a long time before climaxing again.

An hour later.

Maria wrapped herself in a white blanket and moved out of the bed. She cleaned herself before filling two glasses with whiskey and returning to the bed.

She handed one glass to Alex and then sat down on the bed.

He quickly drank the whiskey and placed the glass on a table next to the bed. In a complaining tone, he said, "No drink in the world can intoxicate me as you can."

Maria was rather amused by his words. She took a sip of whiskey in her mouth and kissed him. He greedily sucked on her lips and tongue as if they were truly the best intoxicant in this world.

"Too much intoxicants can kill you!"

She rested her head on his chest and smiled. Alex looked down into her eyes as if he was contemplating something.

"What are you thinking?" She asked.

"About our future," Maria answered.

"Hmm?" She was rather surprised.

"I meant those words I told you back then!"

He held her in his arms and spun around, bringing himself to the top.

"I will marry you all in the future, you will be my Empress." He boldly declared and Maria stayed silent for a while before declaring.

"Sure, I'm looking forward to such a future my dear husband."

A few minutes later.

On the king-size bed, Alex laid on his back and held Maria as she rested her head on his chest. Their breathing calmed down as the sense of sexual gratification receded.

"Nothing makes you as mentally fresh as sex!" He remarked.

Maria simply smiled and didn't bother reminding him about the exhaustion. Of course, she also agreed that sex was far really a great way to get refreshed mentally and lose worries.

It didn't take long for Maria to fall asleep. Alex observed her sleeping face for a moment before calling out for his status window.

"Status!"

"Huh! As expected there are some changes and some additional names added. It's time to put an end to this little farce. Hopefully, the girls are doing fine." Alex said before getting up from the bed, he was ready to finally meet the enemy and finally achieve his original goal, he couldn't get stuck in this illusionary world forever while things might be chaotic in the outside world. He had to hurry and complete his purpose of coming into the abyss.

.....

Meanwhile, in the outside world Luna like the previous two, Sakuya and Maria, was having a dream where she was fulfilling one of her deepest desire.

...

The clear blue sky and the flowing clouds stretched on forever as the brilliant sun rained down its weak glow.

It was slightly past dawn and the sky is brightening up despite the cold air that still lingered. It felt like the perfect time to take a second round of quick snooze.

Yet, the students of Pressuria Highschool woke up early because today is an important day. They have to attend the opening ceremony.

The boys in this school wear thickly striped, nylon trousers that reach down to just under their knees, clearly revealing their Chelsea boots, all of which are colored burgundy. They're paired with long, crisscrossed socks and a thick belt colored indigo.

A cream long-sleeved shirt is carelessly hanging over their trousers and covered with a mundane jacket. A fine tie neatly rests in the middle of their mostly buttoned-up jacket and is patterned in burgundy and indigo.

The girls wear accordion skirts in burgundy and they reach down to just above their ankles. They're paired with striped socks and brogue shoes colored in indigo and burgundy respectively.

Like the boys, the girls wear long-sleeved shirts, which are usually neatly tucked into their skirts and are covered with a thin jacket. They too wear a tie that neatly splits the middle of their often unbuttoned jackets and is horizontally striped in the same colors.

All jackets have a line in the school color at the bottom and, although slightly disapproved, many students wear school-colored accessories, often as a way to show their school spirit.

Today was the first day of school.

One of the dormitories got the best gift they can ask for. They forgot about the opening ceremony for a minute there. The reason?

The students who were getting up and washing their faces heard gossip from their grapevines. They immediately went out of their rooms to check out someone.

A lady in Pressuria's female student uniform was strutting toward one of the rooms here. She had beautiful blonde hair and a gorgeous style that would knock most male students out.

The male students behaved as predicted, they either lost control of their falling jaws or stood there gawking like statues. They cheered out loud when they recovered from their stupors.

"Isn't that Council President Luna?"

"Y-yeah, it is her!"

"She is visiting the male dormitories?!"

"Holy crap!"

Luna is both the student council president and the daughter of a powerful man owning a billion dollars company. In a way, she was even more famous than the mayor of this city.

Her beauty only served to increase her popularity among the male students here. No matter who you ask, everyone will name her as one of the most popular individuals in the school.

Imagine the joviality and elation of the male students when the goddess of their dreams drew near the dorm. They were thanking their gods for giving them a glimpse of the school's goddess.

Luna felt a bit annoyed that the male students are catcalling or ogling her but she gave them polite smiles anyway.

After Alex hung out with her, she realized how much she liked Alex's calm attitude toward her. She quickened her steps and reached Alex's room soon enough.

Luna used her powers to arrange a room for Alex. Naturally, she knew the way to her room. She closed the door swiftly after entering, leaving the male students who stalked her to exchange looks of disbelief.

"Sh-she just entered another man's room..."

"N-no, that can't be..."

"No, I refuse to believe this!"

The male dormitory became a chaotic mess of fanboys shrieking and moaning in anguish. The poor souls still refused to accept reality hoping that it was just a dream, alas everything was real.

Meanwhile, inside Alex's room, he was dressed in a male uniform.

Luna who had entered and praised his looks.

"Not bad..."

"Yeah?"

Alex shrugged.

"You are beautifully dressed like that." Alex offered his praise after looking at Luna from the head to the toes. She smiled a beautiful smile that made Alex have this thought.

'Her smile was one of happiness growing, much as a spring flower opens. I could see how it came from deep inside to light her eyes and spread into every part of her. A person smiles with more than their mouth, and I heard it in her voice, in the choice of her words and the way she relaxed. It was beautiful.'

The duo departed shortly later.

1308 Chapter 1308

Foxia Empire's capital, in a certain forest.

In the clear lake, Luna, Gracier, Sera, Saeko, and Alice are still floating in it like slumbering princesses. They were also not wearing anything.

The Miraculous water streamed into the girls like a sentient potion.

This might look creepy but it is working wonders on the girls, each was experiencing a different dream as the miraculous water continuously strengthen their bodies.

While Luna was having a sweet romantic school life, Gracier was having a date in her illusionnary dream using Alex's women's date as a template. This is what she desired.

••••

Avalon, the capital of the strongest empire Drexia, in a certain location a young man was waiting dressed in a suit. This young male was none other than Alex dressed in a suit.

He was wearing a smooth shirt and left it unbuttoned at the top for a more casual look. On top of the shirt he was wearing a sleek vest with 4 buttons, it had a very narrow v-line, which allows for a large portion of the top to remain visible, even if the suit's jacket is buttoned up.

The jacket was made for him, it's a perfect fit. It has a tight herringbone pattern which gives the suit a more formal and elegant look. The 4 buttons of his double-breasted jacket are all buttoned up, giving him a sophisticated look.

The jacket was the same length all around, it has vents on either side, there's a pocket on either side and there's a breast pocket which has been left empty.

He's wearing pants that copy the style of the jacket, both in color and pattern and they make an ideal combination with his shoes. He was wearing an elegant pair of horse-bit loafers.

To top it all off he's wearing a sleek belt, which could be accompanied by a watch and a tie clip.

The passersby were admiring Alex's handsome features, some even complimented him, the bold ones tried to approach him but he calmly rejected their advance. He already has a date.

"Big brother! I hope I didn't make you wait long."

This time, when he raised his head and looked at the source of the voice before inhaling deeply. He was mesmerized at first sight.

Her long red hair was held up by hair sticks. She was dressed beautifully.

The dress covers her shoulders only barely with 2 spaghetti straps and flows down into a beautiful court neckline. It's a loose fit which makes the dress both enjoyable to wear and look at.

Her arms have been left uncovered. A good choice too, as her skin and the color of the dress form a perfect combination.

The dress' waist is wide, but it's a slim fit. It's left simple, elegant, and undecorated, creating a look that flows from top to bottom.

Below the waist, the dress fits snugly around her and has a pencil style. The dress reaches down, almost covering her feet, and is slightly longer at the sides.

She was wearing pumps, gorgeous on their own, an ideal match in combination with the dress. To top it all off she was wearing a gorgeous wide hat and an opulent bracelet.

"Beautiful."

He expressed himself honestly, making Gracier blush heavily.

Her bashful look at his sudden compliments was like an arrow piercing Alex's heart.

Thinking so, he approached her and took her hand in his as he smiled.

"Do not worry. I do not mind waiting forever if it's for you."

He winked while throwing this corny joke, hoping to help her relax a little.

This seemed to help as a small smile formed on her face. Gripping her hand even more tightly, he snuggly brought her arm to his armpit, her small but swelling breasts softly pushing against his arm, and began to walk with her.

"Then, I guess it's time to go."

Gracier was a little startled at first but did not take her arms away though she continued to fidget a little.

"Alexandra, could it be that you are nervous?"

"Eh? Ahh, yeah... I- I've never had a date before... errr, so I was thinking about what I should do."

It was cute how she stammered while answering his questions and his sadistic side nearly reared his head, but he calmed himself down.

"... However. I think something like this is already fine with me."

"Hum?"

"Being together with you makes me happy. What about you, Big Brother Alex?"

"I'm also... Yes. I'm very happy."

From the bottom of his heart, he was happy. So happy he thought he would burst.

"Then, let's just hang out like this, talk about all sorts of stuff, laugh together... and learn a little bit more together. What do you think?"

"Sounds great."

He smiled brightly at her idea while nodding. At the same time, he marveled once again at her.

She seemed childish, yet mature, innocent, yet he could feel her deep and soft affection. Those contradictions were without a doubt one of the most attractive traits about her.

"Alright! Well then, how about we depart?"

"Yes!"

He squeezed her hand a little tighter, and she responded with a big smile, as warm as the sun, with her cheeks blushing red.

He knew that one of Gracier's favorite things was sweets. As such, while walking, he went towards a slightly trendy street with several confectionaries and restaurants.

When they entered the small candy shop, he felt Gracier, who had a sweet tooth, pull his arm along as her eyes sparkled and began looking inside with curiosity and wonder.

In addition to a large number of sweets, all the pastries in the store looked colorful and delicious.

Finally choosing several expensive sweets, she was preparing to pay for them but Alex stopped her.

"Ahh, Alexandra, I'll pay for it."

"Eh? But I want to -"

"But still, hum, we are on a date, and as a man, I want to at least look better. A- Anyway, I'll pay for this one."

Gracier smiled brightly at those words and didn't insist anymore.

Even though those words of his may have seemed rather chauvinistic, he did think that it was normal for the man to treat the girl at least on their first date.

After they bought some candy and left the store, with a smile on his face, Alex took out candy from her bag and held it out to Gracier.

"Here. I'll feed you some."

"Eh!? W- Wait... Big brother?"

"Here, quickly, ahhhh."

"A- Ahhn!"

Not being able to refuse him, who was offering her sweets with a happy smile on his face, Gracier had the pleasure and embarrassment of being fed sweets in the middle of a public street.

The two of them could feel the stares they were gathering, but Alex did not care while Gracier was too embarrassed to care anymore.

After she swallowed it, she saw Alex opening his mouth and understood that he wanted to be feedback.

Feeling her hand tremble slightly, she took out candy and slowly brought it to his mouth.

She yelped in surprise when he not only swallowed the candy but also kept her finger in his mouth, though without biting them.

She then began to shiver a little bit as she felt him lick his finger. It wasn't just because of how sensual it was, but because she could also feel something awakening inside her, something she was desperately trying to push away.

"Alex, please stop. It's forbidden for us to act like this."

Alex, seemingly uncaring, continued for a short while before taking out her finger with a smile.

"You know that I've stopped caring about how the world views us. What matters is my feelings for you and what I want to do. I'll do anything for you, I'll never leave you, we will be together forever."

Alex chuckled a little at her stunned expression.

"Well, shall we continue? We still have ample time."

This date promised to be very interesting after such a great start.

One hour later in a certain park, the two were sitting on a bench, it was more Gracier sitting on Alex's lap.

"Today was really fun. Everything seemed to be shining... It made me feel really happy."

"I'm also having a lot of fun with you by my side."

A warm atmosphere seemed to surround the two as they spoke like that.

He hugged Gracier from behind as tight as he could without hurting her. She twitched in reaction, but she didn't seem to be resisting as she let him hug her body, making him feel her soft warmth filling his whole body.

Still feeling the warmth of her body, his hand was heading to the bulges of Gracier's breasts.

Suddenly, one of Alex's hands slowly moved toward Gracier's breasts, she felt it and her body trembled as if she was trying to resist but in the end, she didn't and Alex's hand continued its course until arriving at her destination.

"!"

Gracier's body trembled but she accepted Alex's hand on her breast.

1309 Chapter 1309

After their sweet date, Alex and Gracier found themselves in Gracier's room.

Alex was currently seated on her king-sized bed while Gracier stood in front of him with her skirt pinched on both sides and raised.

She, who had slowly raised her skirt in a bid to seduce him, had her skin flushing because of how shameless she was currently acting. Underneath her skirt, she was showing bold sexy white lace underwear.

Despite her shame, she had no intention of stopping.

Alex, who seemed to be a little bemused at first, was now completely savoring the situation as he thoroughly inspected her body with his eyes without moving.

Seeing his seeming lack of reaction, Gracier shivered a little as she asked, "Is my charm insufficient after all?"

It seemed that her low self-esteem was still eating at her.

"That's not true. You're an extremely beautiful woman, gentle, tolerant, and a fine woman. You are also easy to tease. It makes me want to protect and dominate you a bit."

Truth be told, the current appearance of Gracier was truly awakening the sadistic feeling in him. She seemed so weak and vulnerable while standing here, in front of him, and showing her panties.

Hearing that, Gracier's expression had some joy mixed in. Her skirt was still rolled up and her face was still red, but power entered her eyes again.

"Come here."

He beckoned her with his finger, and once she sat next to him on the bed, he gently put his hand on her thighs.

He enjoyed the feeling of her thighs as he stroked them. The thin flesh wasn't bad, it was still soft, the feeling of his finger sticking to her soft skin felt pleasant as well as the white stockings wrapping her legs was enchanting.

Despite that, both her feet were glued together. It seemed that she was still feeling a little shy. But, she neither escaped nor refused his hand.

"Don't be so nervous." He spoke in a soothing voice.

"I-I'll try..."

Gracier understood that in such a situation, words alone were pretty useless. So, he decided to simply take his time and let her gradually adjust to the situation.

He let his hand wedge in the closed thighs. While he stroked her sensitive inner thighs, he waited for her to lose strength little by little.

"Nn!"

He continued to gently caress her body, slowly heating it without startling her too much.

"How's it?"

He whispered sensually before biting her ear, making her shiver in pleasure.

"it...feels a bit good."

While satisfied by her innocent reaction, Alex further caressed her thighs. Before long, her body lost its strength and her expression loosened. Judging that the time was right, he made his finger crawl on her wet genitalia through the panties.

This made her yelp in surprise, but as fast as it happened, her expression began to melt even more.

"Have you masturbated like this before?"

Gracier stammered at this question for a short while before finally nodding while hanging her head in shame.

He must make tonight special for her, only focus on providing her with the best, this is his goal.

Thinking so, he pushed the gusset of her panties aside and began to slide his finger up and down on her moist thin slit. It was still tightly shut, but still so alluring.

Gracier gripped his clothes tighter but aside from that didn't do anything else. He could feel a little apprehension in her, so he hugged her with his free hand.

"Excuse me."

Saying so, he took Gracier in a princess carry and stood up before placing her down on the bed.

"Big brother!?"

She asked a little anxiously at the sudden change of position. But Alex didn't answer.

Hovering above her, he slowly took off her panties sticky with transparent fluid.

Once again he held the urge to tease her and smiled reassuringly.

"Entrust your body to me please."

Saying so, he slowly began to disrobe her. Her clothing had hidden some of her curves. She was without a doubt very petite, but her well-proportioned body was very attractive...

The nape peeking through her disheveled silver hair, her neck, her slender shoulders, the contours of her shoulder blades, the swelling on her chest, and her narrow waist that looked as if it would break if she was held too tight.

All those elements mixed gave her an appearance of fragility, further promoting her ethereal beauty.

"You are beautiful."

Alex was so lost for words he could only praise her using those words. Currently, he could feel his heart going wild and his mouth dry at the vision that mixed cuteness and lewdness in such a way.

He eagerly bent down and kissed her gently. She, hesitated at first, before slowly reciprocating.

While kissing her, he wrapped his hand around her beautiful breasts, their sizes, fitting comfortably in his palm.

There were big per ce but they got a certain charm to them. Big breast is life while small breast is justice pãndã `nove| com

He continued to knead them with his palm while enjoying the feeling of her breast. It was small yet soft and elastic, the tip was hard, showing that she was aroused.

After a while, he slowly separated his mouth from her, only to see her eyes wavering.

"What's wrong?" He asked worriedly. He hoped that he didn't hurt her.

"Big brother, Don't you find my body disappointing?"

βαηδα-ηθνε |·cθm Alex smiled. He knew where her insecurities were coming from.

"Honestly, your body is indeed one of the less curvy than the other. But– I still think that you are the most beautiful in my heart."

He could see Gracier deflate a little during the first part of his words before changing into joy at the last part.

"Big brother~!"

Hugging him tightly, Gracier screamed his name while her body began to shiver for a few seconds.

This scene astonished him,

'She is cumming?'

It was the first time he saw someone reach climax just because the said person was praised.

He could even feel a hot liquid gush on his pants, informing him about her even squirting.

Gracier's convulsions continued for a short while before she finally stopped. Alex, slowly raising his body while using one of his hands, managed to observe her dazed and blushing expression as she breathed roughly.

The scent of the room, was already filled with her.

"Let's continue."

This wasn't enough. Not nearly enough.

With his right hand, he covered her entire pubis with his palm and softly caressed it to enjoy how it felt. He moved the other hand roughly through her hair and kissed her so passionately it took her breath away. Then the storm of kisses moved down to her neck, to her collarbone, and her armpit.

He coated his fingers with the love juices flowing from her vagina and rubbed all over the inner labia that had swollen out in arousal.

"Ah, ahh... ah, ahn."

His finger stimulated her softened flesh in every direction like he was stirring her up. A ticklish pleasure soon ruled her crotch. Sending shivers through her body.

"Ah~... something, something entered."

"It's just a finger. If it hurts then tell me."

"It doesn't... hurt...Please... Don't stop."

She had never known how sensitive that part of her body was. She felt as if her body was on fire.

She stifled a scream of pleasure when Alex's fingers captured her clitoris. His thumb and forefinger pinched and lightly rolled around the pleasantly hard flesh bud.

"Ah~!"

The stimulation was too powerful, so her limbs trembled uncontrollably. He gave a focused vibration to the clitoris held between his two nectar-soaked fingers.

"You appear to be sensitive here."

"Ah...stop. N-no, wh-what? I...this feels weird...!! Ah~!"

Every woman's clitoris was sensitive and he was attacking more than just that. He also massaged her left breast, brought the nipple into his mouth, and rolled it around while soaking it with saliva.

Gracier experienced her second climax of the day. One that lasted even longer than the previous one.

"That should be good enough." He said after seeing her refocus.

He stripped off his clothing to reveal the fit body created thanks to all the training. His dick was also revealed. Seeing it left Gracier speechless.

Gracier trembled in embarrassment and worry as he grabbed her slender ankles and spread her thighs wide enough to see what lay between them. He brought his manly cock right up to the hidden red flowers sitting open at her crotch.

The tip of his hard erection pressed against the nectar-wet valley and his precum mixed with the sexual juices flooding her maiden slit.

"Nn~!"

She had already been brought to climax twice by Alex's skilled caress, so she did not have the strength left to even lift a finger and could only breathe heavily while staring at him.

Alex, too before going for the last thrust, looked at Gracier his sister not by blood. His eyes filled with tender love but also a question in it. He was clearly showing that even though it would be hard if she wanted to stop, he wouldn't force her.

This, more than anything, made Gracier melt even more.

"Let's do it. Let's become one."

It doesn't matter if this is a dream because Gracier was sure to make it into a reality upon Alex's return. She would eventually become his woman, she deserved it after all, she supported him since the start, and she was there in the good and the bad moments.

Previously, she kept her feelings locked for fear of how people would view her but no more, nobody gonna give her happiness if she doesn't fight for it. To the hell what they'd say, all that matters is her happiness and this was the first step toward it.

"Let's do it, let's become one tonight."

The moment Gracier heard those words, she felt as if her heart would explode. She had dreamed of this very moment for years. It doesn't matter if this is an illusion, in the future she'll do it with him for real but now she'll do it, learn from here to do better when the time will come.

"I'm all yours Big brother, do as you wish."

Alex nodded bent down and kissed her deeply, their bodies slowly entwining.

Finally, while Gracier was completely focused on the kiss, he slowly pushed his dick into her tight vagina.

"Nn~"

She leaked out a small groan. Having a penis that's bigger than a finger spread her entrance was a bit painful. At the same time, her body which was driven into climax several times was rampaging from expecting pleasure and began to convulse.

Meanwhile, Alex could feel a fierce resistance once he reached her hymen.

He hesitated for a short while before deciding that piercing through it in one go would be better for her.

"I'm sorry!"

"Wha~"

Her hips shook the moment he gave a deep thrust.

"Ah, ahh~!"

Her thin eyebrows curved as that thick stake was driven into her. While pain surged through her crotch.

She stifled a scream from the intense pain racing through her hidden hole as her hymen was broken and hugged Alex tightly. At the same time, her nails scratched his back, but he did not mind as the pain she was feeling was without a doubt way worse.

He could also feel the stream of energy leaving him since he began touching her expand greatly. But once again he did not particularly mind. He simply continued to look at Gracier, his eyes filled with love and worries.

"*Ah* *Ah* I-I am alright, you... can continue."

Deciding that she needed more time to adapt, he began to nibble her ear before trailing down kisses on her neck. While doing so, his right hand was rolling her nipple with his fingers, sometimes pinching them, though not too much.

It didn't take long for her expression of pain to loosen up before melting once again in pleasure. It was clear that she was extremely sensitive. What's more, he knew that his life energy was also bringing her pleasure.

He could already feel her vagina twitch and moisten.

"I am going to move."

"Y-yeah!."

Alex slowly began to move further his waist, until it was swallowed up to the base just like that, the point bumped against the mouth of her womb. Her vagina shut hard and tightened around the whole penis.

Even though her vagina's entrance was tight, it was thankfully rather deep and could accommodate his full length.

He then began to go back and forth, while slowly accelerating. It did not take long for Gracier to begin moving her waist alongside him.

With each thrust, her womb twisted, her slender body jumped, and moans escaped her thin lips.

He lifted her so she was seated on his lap and thrust powerfully up into her from below. To avoid the pain of having her full weight gathered on their union, she desperately clung to his body.

"Anh~! Anh~!"

Beads of sweat appeared on her flushed face and heated breaths escaped her lips thanks to the unknown feeling surging through her entire body.

Her love juices dripped out with an obscenely wet sound while his massive member thrust in and out of her.

Her mind gradually faded away and she had trouble thinking straight, almost like she had a serious fever. A vague white feeling surrounded her and she could focus only on the presence of the giant penis thrusting up into her crotch.

Whenever he rubbed her vaginal wall, a seemingly pleased panting voice leaked out from her mouth. Her panting voice was as clear as a bell, hearing it pleased him to no end. Having her purr with a caress was fine but making her cry with his penis was the best.

When he changed his angle, her body started trembling. He focused on the same place and rubbed his glans.

"Ah! There, it's amazing, it's making me tremble, this, this is... sex?"

Alex smiled as he asked, "Indeed. Does it feel good? "

"Nn~! Yes! It's hot deep inside my stomach... I... I'm cumming again."

"Very well. I'm going to make you cum as much as you like."

"Ah... I'm cumming. Nnnn.... If you're so rough then I'm going to cum right away—Big brother Alex!!"

She screamed again and hugged him tightly. Her hot vagina began to contract, making Alex lose the little amount of control he had left.

The giant object inside her grew even larger and throbbed while she could feel something coursing through it.

Growling deeply, he kissed her as he began to release his semen inside of her.

"I-I'm cumming!" He announced while a hot liquid erupted from the tip.

"Ah, it's going inside me. Th-there's so much. Ah~ !"

A hot liquid was spreading within her vagina. And while she experienced being cummed inside for the first time, she also achieved another climax.

"Ah!?"παῖδα `nove | com

A shrill scream left her mouth and then she collapsed backward. The double stimulus was too strong for someone who was a virgin just a few moments ago.

After cumming all he wanted, he supported her limp body and slowly lay her down on the

His climax lasted so long. He felt like it was overflowing.

"Ah... Aaah... Ah.."

Once their mutual climax ended, the two were left breathless.

Still sitting on his lap, Gracier looked dreamily at her first man. She could feel the hot liquid flowing in her body. She could also feel his life force fill her.

Gathering strength in her limbs, she closed in, nibbled on his collarbone, and with an entranced expression flushed with lust, asked,

"Could we do it again?"

How could he refuse such a plea?

Gently turning Gracier around before pushing her on all four on the bed without pulling out,

"Eh? From behind?"

"Yeah. You don't want it?"

"I didn't say that... "

She was anxious because of how obscene this position looked, but still supported her body with her arms and legs for a crawling pose.

He grabbed her adorable butt as he stared at her back which glistened brightly with sweat.

Thankfully, the new position filled her with delight as it seemed to reach even deeper than she thought possible.

As the bare-breasted witch stood on all fours like a dog, he reached below her arms and grabbed her breasts.

He bounced them around for fun and stroked the hardened nipples while starting to move his hips again.

"Nn~!"

παῖδα-ἡθνε |·cθm He parted the back of her silver hair and kissed the white nape of her neck. He then licked along with her shoulder blades and spine.

"Your back is so pretty."

"Ah~ !"

Gracier wiggled her back in embarrassment, though it was obvious how much she was enjoying his compliments.

A large amount of love juice and semen was mixed with his dick.

It would flow out whenever he thrust inside and it was mixed whenever he pulled back.

The sensation and the obscenely wet sound made the pure witch want to plug her ears, but at the same time, brought her even more pleasure.

The sound of slapping flesh continuously rang in the room. His rod kept moving without rest as it spread the deepest depths of her vagina, pushed back her folds of flesh, and pressed against her womb.

Gracier's face burned red, she dug her nails into the edge of the bed and cried out even louder than before.

"Oh! Anh!...AhAh...It's going to drive me crazy."

Her entire body was twitching in response to his raging erection. Her shoulder blades were visible in her back as she arched it.

Alex, happy to discover that she seemed to love this position continued without any worries.

"It feels good, doesn't it?"

She closed her eyes and answered by simply nodding.

Seeing the line of her slender back bending left and right increased his libido, making him rub against her lower body at an even greater pace.

An avalanche of pleasure hit her and she could no longer support her upper body, so she started rubbing her face against the mat.

However, she kept her thighs straight and indecently spread to allow the thick rod to enter even deeper. And—

"Ah!"

She started moving her butt in a circular motion to rub up against the manhood as it was stickily reached her womb. She could not speak. She had never felt anything like this.

"Big brother Alex!"

As soon as she screamed his name, Alex thrust his rod inside her as hard as he could. The head fits firmly into the entrance of her womb and he exploded. He tightly squeezed the breasts in his hands and he lifted her body. His hot semen sprayed inside her womb.

Another orgasm washed over her like a great wave. That strong-willed woman ascended to a world of even greater pleasure.

Her brain gave a great cry at the intense pleasure. Her vision whited out and then grew black.

She had passed out because of the pleasure but before passing she had a smile.

'To think I'll lose my virginity twice. I'm probably the only one who got this privilege. It's worth waiting for so long.'
