1313 Chapter 1313

After experiencing many illusions, both sweet and sour, Alex finally broke free and reappeared in front of the man that look like Lord Thanos.

"Wow! It took you long enough, two months 3 days to be exact." The man said observing Alex up-down. Alex calmly observed his surrounding, he did his best to reign in his boiling anger and asked.

"Is that all?"

There was a certain provocative tone in his sentence prompting the man who looks like Thanos to burst into a burst of laughter.

"Pft hahahahaha. Of course not, I'll be waiting in that place. Survive until you reach my castle and we shall finally have a talk, Alexander Kael Touch, the chosen of fate, the unfortunate child." The man announced before fading away.

Alex frowned looking in front of him, there were a lot of things he wished to ask but guess he would have to play this game for a little bit more.

Feeling his strength coming back, Alex clenched his fist before violently swinging it downward and like a glass, the reality around him was broken.

•••••

The network of roads that led to Dumbarton was still somewhat discernible despite the many cracks and holes given to it by the elements. The crisp and clean-looking town now looked more like a jungle as trees and gardens grew beyond their now unkempt boundaries.

Remnants of packages and magazines still lay at some of the doorsteps, unopened and long forgotten. At least the animals got some use out of them.

βᾶνδαθηθνε | Broken roof tiles lay in the streets and gardens and crusty, dry paint faded from walls and fences.

Dumbarton, once nothing more than a simple, quiet town was now but an eerie shell of its former self. Silence had taken hold and would've been deafening were it not for the many animals that had made this place their home. Bird songs, rustling bushes, and the occasional howl filled the air.

The art gallery was once the cultural pride and joy of this town and tourists flocked to see the art displayed here. Now it was home to a flock of doves who've destroyed most art pieces in their ignorance of what it once meant to so many people.

It was a lonely place with only distant memories of what once was. But with nothing else to lose this town had a strange sense of comfort about it. Like a world of opportunity, except there was nobody there to take it.

In the middle of this ghost town, Alex was lying unconscious when suddenly his body twitched a few times before he slowly raised his upper body which was covered in dust.

"Fuck, what with this awful smell."

Of course, the first thing he did was to swear. The smell coming from his body was awful because he didn't bath for months, also there was a putrid smell lingering in the air and a black sun in the sky, the whole thing give a cursed place vibe.

〔Welcome back master, we miss you.〕 Silveria's sweet voice which he missed dearly rang out inside his head making him relax his body.

"I miss you too but first, let me take care of my body before we talk."

〔I agree!〕 Silveria could feel the awful smell emanating from her master's body even where she was, a testament to how bad it was.

Half an hour later, Alex was clean and freshly dressed. panda `nove| com

His fairly short-sleeved, velvety jacket covers him to his knees and is tightly tied with string at the right side. The sleeves of his jacket are a little narrow and reach down to just above his hands, they're decorated with a single thread lining from top to bottom.

The jacket has a deep, rectangular neckline that reveals part of the noble shirt worn below it and is worn with a small leather belt, which is held together by a simple knot. The leather belt is slightly decorative, but mostly there to hang things from.

His pants are simple and quite wide and reach down to his bound cloth shoes. The shoes are made from a fairly rare cloth but are otherwise a design found commonly.

"So how long have I been in the coma?"

After finding a nice place less smelly Alex asked Silveria whom he trusted more than Bahamut's mortal incarnation.

Silveria materialized and sat beside him before answering his question.

"You have been unconscious for 2 months and two weeks."

'Longer than expected.'

Alex sighed, dejected to have lost so many days but upon recalling what he went through he thought it was not necessarily a bad thing.

"Your trip must have been eventful because something changed, not only has your strength increased, there seems to be something more, a certain air of confidence," Silveria remarked after a long observation.

Alex raised an eyebrow, he could feel something different now that Silveria pointed out, he thought after going through all these illusions the only thing that changed was the synchronization rate with his women but not.

Calming down his excitement Alex was about to summon his status window to check his current progress but Silveria wasn't planning on letting him have it so easy.

"Master, what do you think you're doing?" She asked with her head tilted to the side.

Alex felt a headache coming, he massaged his temple while doing his best not to shout.

"I understand, so what do you want?"

Silveria smiled seeing Alex being so obedient, it felt like she just won a war so she couldn't stop smiling.

"Speak before I change my mind," Alex said annoyed and Silveria could feel it but she simply giggled.

"Well, I'm just curious about what happened while you were unconscious. You can slowly tell me everything that happened and please don't live out any details." She brought popcorn as if she was at the cinema.

"I get it, but first, tell me, is this still inside the Abyss?" Alex said while looking at the black sun in the sky. Although he knew the answer, he still asked just to be sure that he was still inside the abyss, he wouldn't want to start everything from the beginning.

"Of course, it is," Silveria confirmed his guess much to his joy.

"So now can you tell me what you went through?" She didn't forget to press him for an answer.

Silveria smiled seeing Alex being so obedient, it felt like she just won a war so she couldn't stop smiling.

"Well, I'm just curious about what happened while you were unconscious. You can slowly tell me everything that happened and please don't live out any details." She brought popcorn as if she was at the cinema.

"I get it, but first, this is still inside the Abyss right?" Alex said while looking at the black sun in the sky. Although he knew the answer, he still asked just to be sure that he was still inside the abyss, he wouldn't want to start everything from the beginning.

"Of course, it is," Silveria confirmed his guess much to his joy.

"So now can you tell me what you went through?" She didn't forget to press him for the answer.

After recounting everything he went through Alex was finally able to take a breather, he could now focus on himself, feeling the changes inside his body and check his status to see his progress.

"Status!" He silently called out and a dark golden status window appeared before Alex's eyes.

"My level has increased by one with my other stats increasing by 100. Even Gracier's synchronization rate has reached 100%, the first threshold. I wonder why?"

There are lots of questions he had but overall Alex was content with his current status as his strength was slowly but surely increasing.

Silveria who was behind him watching his status exclaimed in surprise.

"Wow! Master, you sure had it easy there. To think as a result your stats would increase so much. I'm jealous." She said with a smile.

Alex rolled his eyes at her. Recalling how flustered she was when she first started his story Alex could help but laugh aloud.

"Tch! Why are laughing like a fool, master?" Silveria asked embarrassed before adding.

"I can assure you that whatever happened in there, I will have never behaved like that so-

Before she could finish Alex cut her off with a smile and said.

"Sure, you won't act like that Silveria because you are not that honest and gentle."

"Fuck! Master don't provoke me." Silveria declared with her fists clenched, she chased after Alex, the two played around for a while before stopping as they have played around enough, it was time to focus on the more important things.

"So, now you will go to his castle?" Silveria asked while remembering the last part of Alex's story.

He nodded while extending his senses but unfortunately except for animals and ruined buildings, Alex was unable to find any other presence in this ghost town.

"I need to leave this ghost town and explore the other areas. Hopefully, it won't be disappointing as this one." Alex said while tapping his right foot on the ground. He was itching for a fight, he thought he would be surrounded by monsters as soon as he woke up but unfortunately, there was nothing more than ruined buildings and animals.

Silveria nodded before vanishing, returning to Alex's body. Like her master, she wished for some action. She wished to be used like in the old days when her master was letting her loose. She wants a real gunfight, she wants to pierce some skulls, bullets dancing everywhere like fireworks, it was exhilarating, it was beautiful and nothing couldn't compare to the feeling of breaking through the enemy's skull as life slowly leave their eyes. It was truly marvelous, she couldn't wait to feel those feelings again.

Alex left the ghost town toward his final destination, the dragon's castle.

1315 Chapter 1315

Two days before Alex woke up in the abyss, the girls who had finished soaking in the miraculous water a few days ago have decided to go play on the beach to relax.

The group has fun playing around despite missing Alex.

As time slowly ebbed, the sun also started setting. Glacier, Luna, Saeko, Alice, Noire, Sera, and Artemia are feeling tired after playing around in the shallow area for all this time. They were waiting for Maria and the others but they dismissed that notion as they headed back to the beach.

When the group of them got back, they were greeted with a large grill that had many types of skewer, mostly of the meaty variety. Sakuya stood at the grill, cooking up good food like nothing as she kept slapping raw meat into the grill with skilled moves.

At the grill, things started heating up literally and metaphorically. Sakuya peppered the skewers with seasoning and sauce unlike no other. He rubbed a good amount of oil on the meat and skewers, giving them a golden glow. The smell coming off of these skewers wasn't helping anyone that is trying to

abstain from eating. Just from a glance, one could tell that these skewers aren't just eye-pleasing, they probably taste really good.

Gracier trained her heterochromia eyes on the skewers.

Her nose twitched without conscious control, she looks like she couldn't wait anymore. Sakuya's culinary skill is great among Alex's girls.

Together with the others, they enjoyed Sakuya's skewers.

"It was great." Luna offered honest praise.

"Indeed!!!"

Maria and the others nodded.

The sun fell below the horizon while everyone chatted the time away.

Fun time passed quickly and soon enough, night fell after the group had their fill of fun and laughter. The beach was lit up after the sun went down.

It was a beautiful mix of red and orange before the stars and the moon made their appearance in the sky. It was a stunning sight, a fleeting moment between dusk and night that mesmerized all of them.

"It's beautiful..."

Gracier said with a captivated look.

Maria and the others made sure they didn't miss this scene. Their hearts are as calm as this serene scenery in front of them.

Sakuya laughed.

"It was worth it coming here."

The other girls concurred with a nod. Maria revealed a brilliant smile when she saw how pleased the other girls looked. She thought it would have been great if Alex was present but shook her head thinking they'll get the opportunity in the future.

After enjoying the scenery for a while, the girls departed to their villa.

•••••

In one of the underground rooms in the villa.

After opening the door to that room, the girls saw a wicked sick-fitting room decked out with a wooden design. Racks to put clothes are available on the sides. In front of them is another wooden door, judging from the steam coming from the other side of this door, the hot spring was situated beyond the wooden door.

Excitement filled Gracier's face, she flared her nostrils open.

"I can smell something nice here..."

Althea heard her and she started sniffing as well, the smell came as a pleasant surprise to Althea.

"Mm yes, that's a nice smell, I wonder if there's anything good to eat inside?"

"There super won't be anything to eat in there, idiot..."

Sera shook her head while smiling. However, she accidentally triggered Althea.

"You're the idiot! Idiot!"

Sera's lip twitched.

"I feel super like a failure, being called an idiot by another idiot..."

Saeko walked into the fitting room and she grabbed a bottle in the corner of the room.

"I am guessing the smell is coming from this bottle. A hot spring smells of sulfur so without this people would have compunctions entering this place."

"I don't care where the smell comes from..."

Maria walked into the fitting room and she continued.

"Anyway, let's go!"

The girls all nodded as they headed into the room. Luna closed the wooden door.

The girls started removing their clothes, or rather, their swimsuits. One by one, the ladies revealed their pristine bodies in the steamy room. Their youthful mood and the environment melded together perfectly to create a pink-colored mood.

With the hot spring in front of them, the petite faction didn't have to waste ogling the Hooters faction. They felt gleeful at the sight of the steamy hot spring.

"Yeaaa!"

Gracier and Saeko jumped straight into the hot spring, generating two large splashes. The hot spring had a shallow and deep area.

"Umu, it feels so great..."

Gracier and Saeko closed their eyes in bliss. The other girls couldn't wait to enter the water. Thus, the ladies all made hasty entries into the hot spring.

"Wow! It's super warm in here!"

Althea slapped at the surface of the water. She floated on the surface, it's all girls here anyway, so what if she looks indecent right now?

"In the end, I should have brought some drinks in here, I would kill to enjoy both the bath and the drinks at the same time..."

Artemia said with a flushed look while supporting her head with both hands.

Sakuya poured some of the hot spring water on her body. The pearl-like droplets of water flowed swiftly down her smooth skin, it could induce in anyone the feeling of flirtatiously biting her.

Her starry eyes stopped at Saeko's twin divine mountains and she observed before saying something.

"Saeko, is it me, or did your breasts grow bigger?"

"Really?"

Saeko looked at her breasts supported by buoyancy and she denied the observation with a blushing face.

"I don't think so..."

"Huh, is that so?"

Sakuya cast her doubt but she revealed a sly grin. She crept up behind Saeko before grabbing Saeko by her superb jugs. She also started massaging them.

"This calls for a hands-on examination!"

"Kyaa! Ngh~ Nooo..."

Saeko yelped but as Sakuya fondled her, she started moaning.

"I am pretty sure you have grown..."

Saeko's honking hooters got massaged into different shapes by Sakuya. She mumbled in a disgruntled manner.

"Seriously, you're already bigger than me and here you go still growing bigger, how unpleasant..."

"Stop...."

Saeko languished while leaning on Sakuya's body. Due to her weight, she pressed Sakuya's breasts into exquisite shapes as well. She panted while continuing.

"Sera is bigger than me..."

"Oh really?"

Sakuya turned towards Sera.

Sera was minding her own business in the corner, her bountiful chest making little waves in the water due to their sheer volume and Sera's movement.

Meanwhile, Noire stayed close to Ikaros while tending to herself with her eyes closed. The two of them aren't the talkative type so they stayed in their quiet little corner without much interaction with each other. They didn't hear Sakuya.

Sakuya shook off some of the water in her locks and she doubtfully mused to herself.

"I think they are about the same size as Saeko's though..."

Saeko weakly protested with a raised arm.

"But, Alex likes Sera's breasts."

Sakuya raised an eyebrow as she examined Sera. Sera looked a bit flushed, it was unclear if it was due to the hot spring or because she overheard Saeko

"Favourite, hmm?"

Sakuya narrowed her starry eyes at Sera's breasts and she looked at her own. She lowered her head in dejection.

Sakuya cheered herself up even if she sounded a bit frustrated.

"I won't lose. That naughty boy doesn't care about the cup size, as long as the girl is cute he's going to like them." Sakuya declared like a professional, Maria and Luna rolled their eyes at her.

Gracier and Alice exchanged looks. They were watching from the start including what Sakuya did and said. They turned towards the wall and they started drawing circles on the wall.

'I hate conversations about breasts.'

"Alice, Gracier, is everything alright?"

Artemia asked them after noticing their unusual behavior. She didn't know why the two of them had such dark and depressing air around them.

"It-it's nothing!" They said but as if she had finally understood something Artemia secretly sighed.

"Okay."

Time slowly passed and now the girls have finished bathing.

"Phew, that was a good bath."

The girls came out of the hot spring room while rubbing their bodies with towels. Their swimsuits are already replaced with bathrobes.

"My body feels warm and I bet I smell so fluffy and nice."

Gracier jumped around in front of the ladies. She dashed towards the door which leads to the living room.

"Sigh! Can someone tell this girl to stop behaving like a child? She's an adult, so she must start to behave like one." Sakuya massaged her temple while watching Gracier run to the living room.

Maria and the others heard Sakuya's words but they simply smiled, not saying anything.

Looking at Gracier still behaving like a child put a smile on their faces and reminds them of the time they did the same. It was fun to watch her so there is no harm in letting her behave like this for a little longer.

Chapter 1316 SS: An Intoxicating Night To Remember\*

This happened when Alex got on the beach with his girls before arriving at Foxia Empire.

•••••

The silver moon continued shedding its brilliance upon the world. The stars shone bright like diamonds in the sky. Meanwhile, the dark clouds stayed away from the gems in the sky as if they have a tacit understanding of non-interference.

The waves assaulted the beach, making a part of the beach wet and differently colored from the rest of the dry parts of the beach. Small creatures minded their own business in the night, they announced their existence with their voices and yells, giving the night a lively mood.

Inside a certain villa, the situation was lively.

Alex pounded Saeko's like a storm, a wet and sloppy sound kept echoing in the room. Saeko's body was like a tiny boat against the storm of thrusts and tugging Alex brought with his vigorous movements. Her body was passively being rocked back and forth while she heaved and panted. Their lovemaking gave the room a musky smell which served as an aphrodisiac for the eye of the storm to go harder on Saeko.

She closed her eyes while she received Alex's intense smashing session. Waves after waves of pleasure that was foreign to her assaulted her senses. Saeko clung to Alex's neck with her arms. Her gaping mouth is too busy releasing melodious moans to mind its owner's command to shut tight.

Faced with this sinful rapture, Saeko couldn't hold back her voice. Plus, she wasn't even trying to hold her voice back. Ignoring the fact that there are other women here, she yelled out loud in pleasure whenever she felt like it. It was probably because she was not fully conscious or because she was slow but she sure didn't know how to be reserved.

Listening to her erotic whimper, Alex's demonic side raged on as he turned up the volume while he took Saeko up ecstasy mountain with his divine spear.

When she climaxed, Saeko made it known with her bawdy wail. The room's mood turned pink due to her ribald lament.

As he lay on top of Saeko to recover, Alex got up after a few minutes. By retracting his dick from Saeko's pussy, he induced another soft groan from her. She opened her misty eyes and looked at Alex in a daze, fatigue hit her and she passed out sleeping like a log.

Alex made his transition over to another bombastic figure lying near Saeko, namely, Artemia.

He danced his fingers across her silky smooth skin, his fingers easily transversing the familiar terrain. He kissed her and he slid his thick tongue into her oral cavity. He easily captured her meek tongue and he subjugated her.

He undid her bathrobe with a swift pull on the band of the bathrobe. He removed the bathrobe from her and revealed her angelic body in all its glory.

He fondled her until she mewled. Her skin also started flushing pink. He lifted her and he straddled her on top of him. He embraced her, and as he felt her bountiful mountains pressing against his chest, he shoved his anaconda in like a trained expert.

"Nn..."

His forceful entry made Artemia cry out in a lewd manner. His action also returned Ikaros to the present. She opened her eyes and she saw Alex's face, mere centimeters away from hers.

He wasn't sure whether she was fully awake but as Artemia gasped in pleasure, her eyes started looking like she was entranced. She closed her eyes and she let Alex go about his business while enjoying the pleasure it brought.

Her faint but distinct moaning filled the room.

Her voice eventually got louder and louder as they approached the zenith of pleasure. Even a thick wall couldn't stop her voice from leaking out of this room.

Her enchanting voice would have mesmerized everyone if there was anyone other than Alex and his entourage.

Just because nobody else heard them didn't mean that his entourage would be spared from this.

"Agh..."

While Alex was still busy making a mess out of Artemia, a faint groan came and he reflexively looked at the source of the sound.

Sakuya raised her hand as she held her temple. She struggled to open her eyes but those starry eyes were very much awake by the time she looked in Alex's direction.

Sakuya saw Alex's stunned look and she froze up after confirming the situation.

They stared at each other for quite some time. She remembered how Alex challenged them to a drinking party and she remembered how she collapsed after having too much to drink. Judging by how all the girls were here on this bed, she immediately surmised Alex's intention.

Sakuya's face started turning bashful and angry. Alex knew he shouldn't let her have the chance to react. He immediately pulled her in by the waist.

"Y-you, what are you doing... don't tell me..."

She thought Alex would cease after being busted. However, his action told her that this won't end well for her. Sure enough, the alarm in her went off.

"Alex, I am warning you, if you're going to do me with another woman here, I am going to..."

βαηδα- ηθηε | ςθm Sakuya growled ineffectively at Alex before her mouth got plugged into Alex's mouth.

"Mwuh!"

Sakuya was stupefied. She pounded his chest to escape Alex's control. However, her physique paled in comparison to his physics.

When Alex tore away the bathrobe from Sakuya, she felt so embarrassed at the thought of being pounded right next to another woman.

She struggled in Alex's embrace but he shut her down by grabbing her breasts and giving them a skillful rub here and a powerful massage there. She immediately turned into a puddle of weak flesh.

Alex never stopped going to town on Artemia's clam.

She reached the peak of satisfaction and she collapsed while leaning on Alex's shoulders after a long drawn-out moan.

He didn't stop there, he laid Ikaros down and affectionately cuddled Sakuya before finally parting her legs.

"No...Nuo..."

Sakuya's weakness was all too easy to grab. Once Alex had control of the land of the twin mountains she was like a lamb waiting to be slaughtered, completely defenseless. He did more than just control the region, he plowed that region with his wiggling fingers. Sakuya begged for mercy but it fell on deaf ears.

When Alex thrust his holy spear into her, Sakuya felt something familiar yet strange. Her sensitive body wasn't doing her a service either. She was tangled up with the pleasure of the moment, she forgot there are other girls here and she moaned very loudly, heavily panting while Alex pounded her.

She had a slightly indignant look, her last protest against he who didn't give her any chance to talk her way out of this. As Alex pistoned away, her indignant look crumbled until she was just a hot mess, her eyes grew damp while her expression turned into one of mesmerization.

She let out a drawn-out moan as she went limp on the bed.

"Uh..."

Maybe it was because Sakuya was too loud or maybe it's just Alex's bad luck. At about the same time, Sakuya bowed out, and a light groan came from another girl before Alex can lay his claws on another girl.

She opened her tea-colored eyes. Sera didn't regain her senses the moment she opened her eyes. She still looked a bit tipsy after a nap.

"Alex..."

Sera muttered she didn't understand her situation at the moment but Alex wasn't planning on giving her any chance to do that. If she found out about this scene, he wouldn't be able to escape with one or two sweet lines.

After he tapped both Artemia and Sakuya, she was extremely reluctant to get in bed with him and Artemia. If she realized what is going on, what with the other girls in bed, she was probably going to do more than just slice him.

It would be nice if she stopped going on a rampage after finding out what Alex did.

He pounced on her and he pinned her down while massaging her breasts. He also kissed her to seal her lips.

"Mh! Ngh!"

Her eyes widened at the sudden assault. When he worked his magic on her breasts, she started wavering, she put up her typical struggle but her façade was for naught.

"Let go of me... Let... Ah... Nn... Mu..."

He removed her robe swiftly and he stopped her by plunging into her, she started whimpering like a lamb.

Alex kept his pace and the pleasure built up inside her until her resistance was reduced to nothing. Her mouth said no but the way she rocked her hips back and forth is how her body showed that it is obeying her true desire.

The sound of wet sloppy noises filled the room.

Her feelings took over her rational mind, she unconsciously clasped her hands behind Alex's back as she received his love.

It was an intoxicating night to remember when Alex didn't spare anyone, his demonic claws reached all those present.

Chapter 1317 SS: A Crazy Morning

She opened her tea-colored eyes. Sera didn't regain her senses the moment she opened her eyes. She still looked a bit tipsy after a nap.

"Alex..."

Sera muttered she didn't understand her situation at the moment but Alex wasn't planning on giving her any chance to do that. If she found out about this scene, he wouldn't be able to escape with one or two sweet lines.

"Let go of me... Let... Ah... Nn... Mu..."

He removed her robe swiftly and he stopped her by plunging into her, she started whimpering like a lamb.

Alex kept his pace and the pleasure built up inside her until her resistance was reduced to nothing. Her mouth said no but the way she rocked her hips back and forth is how her body showed that it is obeying her true desire.

The sound of wet sloppy noises filled the room.

Her feelings took over her rational mind, she unconsciously clasped her hands behind Alex's back as she received his love.

It was an intoxicating night to remember when Alex didn't spare anyone, his demonic claws reached all those present.

The next target was Maria who was still dreaming. He successfully picked her up from the bed and he undid her robes without a hitch. In her dream world, Maria felt like she was currently soaked in a very warm and comfortable hot spring. She could feel the warmth from the hot spring slowly seeping into her body. She let out a moan due to how pleasant it felt.

The hot spring appears to have a wave-generating function as she could feel her body rocking up and down according to it, the waves didn't take any pleasure away from the experience.

Maria could feel the hot spring getting more and more boisterous. Strange enough, she could feel herself heating up in response but she doesn't feel uncomfortable at all. At last, she reached the zenith of pleasure as she sank to the bottom of the hot spring.

He laid Maria who was panting heavily down on the bed, his hands wandered over to Luna's voluptuous body. She felt him getting grabby with her and she frowned slightly before opening her eyes.

She recalled a familiar memory, her blurry expression started turning clearer, and she immediately noticed the girls who are flushed red and heaving next to her.

She was surprised but a hand stopped her from freaking out, Alex put a finger to his mouth for her to pipe it down.

Luna instantly pieced the situation together and she blushed very hard. She lowered her head to hide her face from her fiancée.

Alex effortlessly picked up her body and he leaned her against his body before muttering something in her ears.

"My sweetie, I need you to be obedient okay?"

Still deep red all over, she discovered his magical ability to disrobe her in an instant. The pile of bathrobes made it hard to say which belonged to whom. Alex adjusted Luna's position for their clash of sex.

Luna's heart started racing. She crossed her arms, only managing to cover her breasts, she knew what is coming and she closed her eyes while accepting him.

Alex grinned evilly and then pressed her down and her head immediately flew backward as she gasped at the ceiling.

Alex held her tightly as he bounced her up and down, Luna started singing in moans.

••••

The sun slowly made its appearance from beyond the horizon, driving away the darkness of the night. The sky started turning golden as dawn broke.

The clouds came visiting accompanied by the wind. Anyone looking at the sea would be greeted by an absolutely beautiful sight of the blue-colored merger between the sky and the sea.

Alex opened his eyes when the sunlight started pricking his eyelids. He tried blocking with one hand but he discovered that he couldn't move his hands.

Luna and Saeko were using their arms as pillows. No wonder he couldn't move his hands.

He looked around and he could see Maria, Sakuya, Sera, and Artemia lying in the same bed as him.

He recalled what happened last night and he remembered exactly what he did, rather, who he did.

Grinning, Alex almost laughed out loud. He had finally managed to get all his wives in the same bed as him. He felt pretty damn proud at bedding all.

He looked at the ladies in the same bed with him as he shook his head.

The girls groaned as they slowly opened their eyes.

Alex's grin froze up and his heart raced. His alarm went off as he internally cursed at their timing.

He only managed to get this achievement by leveraging alcohol.

If the girls remembered what he did yesterday, he would be lucky to escape with half his bones intact.

Luna, Saeko, could be persuaded easily and he was pretty sure he could suppress Artemia with a bit of persuasion.

However, Maria, Sera, and Sakuya will no doubt be reaching for their weapons.

Sakuya whom he did whatever he wanted last night was sure to make a plan of revenge that will strike when he is least wary.

These 3 are S-ranked in terms of danger.

Alex wanted to fold and scamper off as soon as possible if only Luna and Saeko aren't holding onto his arms.

'Shittttt!'

Cried Alex in a silent wail of despair. The girls finally woke up after their bodies trembled for a bit.

They looked around the room and they saw each other's slovenly appearance, it didn't take long for them to recall the events of last night either.

The 8 ladies all blushed furiously.

"Ehhhhh!"

They screamed out loud in bashfulness. Their collective screams threatened to pierce heaven with their volume.

The door to the master bedroom burst open with a kick, Alex dashed out with barely half his trouser on. Meanwhile, Maria armed with her crystal sword, and Sakuya armed with a katana came charging out after Alex. He did his best to shake them off but his pursuers are hell-bent on nailing him with their weapons.

He put some strength into his feet and disappeared from the spot right as two blades cut his original position, only managing to cut a strand of his hair.

Alex yelled back.

"You girls are committing mariticide!"

Maria gnashed her teeth as she yelled back.

"No, this is called setting things straight!"

Alex protested.

"Whoever taught you that?!"

Sakuya manifested another sword.

"You have two choices: stand there and let us slice you up nicely or keep running and when we catch you we will chop you up into mincemeat, your call!"

"Don't do this to me!"

Artemia and the other girls came out of the room. Except for Luna and Saeko who looked like they were worried for him. The others could care less what happened to the bastard.

Artemia adjusted her clothing while coldly laughing at Alex's appeal for help.

"You have a powerful Regenerative ability, right? Let us vent some stress off with your body mmkay?"

Normally, the princess would talk with more benevolence but her current speech pattern was characteristic of someone very angry.

Alex gulped while forcing a smile.

"Must we go down this bloody path?"

"Of course!"

Excluding Luna and Saeko, the others all yelled back.

"Uu, Big brother, what's with the noise..."

Gracier opened the door to her room. She held onto her pillow while rubbing her eyes with her remaining hand. Her cute appearance almost sent the girls into shock.

Alex's eyes shone and he felt overjoyed. He hurriedly picked Gracier off the ground and he hugged her tight.

"Oh my dear sister, did we wake you up? It's your mean old brother's fault, say, you hungry?"

"Nn, indeed I'm hungry."

Gracier who was smart already understood and naturally she would always be by her brother's side, it doesn't matter if he was in the right or the wrong, it is called sisterly love.

The ladies all wanted to scream at Alex for shamelessly using Gracier as a meatshield. Who would behave violently in front of this cute child?

The ladies chose to use their leers, hopefully, if they all focused, Alex would drop dead from their stares. Alex laughed like a fool as he made a beeline for the kitchen.

Chapter 1318 SS: The Tournament Before Joining The Others

This happened a few days prior to Leon's group departing to join Maria and Co.

Leo, Leon's father had suggested this tournament to test his son and of course, there is a reward.

Currently, Leon was facing a member of the younger generation, the son of one of the dukes.

Hazel, sleek hair gently hangs over a fat, menacing face. Beady hazel eyes, set appealingly within their sockets, watch cheerfully over the wastelands they've been isolated from for so long.

A goatee graciously compliments his eyes and hair and leaves a satisfying memory of his upbringing.

This is the face of Crimson Blooddawn the eldest son of the Blood duke from the red tiger race.

After the start of the match was announced

Blood-red mana started pouring out of Crimson's body. His hand also increased in size, and Leon could hear joint popping sounds.

An image of a majestic Red tiger appeared behind Crimson.

Leon summoned his Gift in the form of a sword and tightened his hold on it, fire came out of the Sword, and his flames somewhat diminished the domineering aura of his beast projection.

There are no signs of mana coming out of it. However, another type of aura emanated from Leon.

It was a mystical kind of pressure that was on par with Crimson.

Leon released a long breath. He shook his arm and his sword responded by emitting even more flames, he baked the ground until the surrounding air had signs of convection. His eyes had turned more golden, a regale golden color that inspired a primal fear in any observer.

Sparks flew off his body before he turned into a blurry figure that headed straight for Crimson who was stationary. Leon initiated the fight by electromagnetically accelerating himself toward Crimson.

He closed the distance in less than a blink of an eye. Everyone knew the start of an intense fight when they saw one.

Like a red meteor, he tore through the air as he charged at Crimson. He had already broken the sound barrier the moment he started charging. His rush made Crimson's special gear stick closely to his skin. If this attack connected, Leon didn't even have to touch Crimson to hurt him, his flames alone could reduce him to dust.

| Crimson was not impressed, however, he let Leon get close to him before he made his move.

He side-stepped at the last second to the left and the sword fell, just inches away from his shoulder. Before the sword touched the ground, he managed to strike precisely the moment the sword passed his fist. He slapped the sword away with a flick of his wrist.

Interrupted by Crimson, Leon staggered for just a moment but that was all the time Crimson needed to launch a jab at Leon's chest.

Leon gathered all the strength he could muster in an instant and he countered his claw jab by using his left fist.

Bang!

A low sound echoed and a strange gale came out with the both of them as the center.

Leon flinched as he retreated some distance away with his sword and fist. His footsteps left clear imprints on the ground. He stopped some distance away from Crimson.

Finally, he managed to stop the resultant force from the collision just now. Crimson had only been knocked back by a step, Leon's golden eyes had a hint of consternation.

From the battle of brawn just now, it was clear that the other party could overpower him.

This would be the first time he had lost a competition of strength, something he previously thought only his pal being the only exception, guess the world is big.

He inhaled air heated by his gift covered in flame as he examined Crimson. He leaned forward and got into a dash.

Without any hint at all, he threw the sword at Crimson. The red-hot sword flew like a bolt of red lightning.

On the other side, Crimson seemed to be slightly surprised but it didn't show up on his face. He poured some mana into his hands producing a blood-red mana-like protection and he caught the sword between his palms, he mitigated the heat by using his blood mana as protection.

Leon's gift spewed forth even more flames when Crimson caught the sword. He got engulfed by the explosion of flames. Intense heat crept into his fingers. Even Crimson was surprised by the frightening temperature.

Still a bit shocked, the flames danced as if they are alive, it climbed up his hands.

He could feel his protective mana being devoured by the hungry flames.

Dropping the blade, Crimson's trouble didn't end there.

Fwoosh!

A black figure had appeared in front of him while he was preoccupied with the sword.

Leon had charged up his attack while Crimson was distracted. Its fist was charged with tons of electricity.

"Lightning punch!"

He growled as he punched the man. The electricity crackling off his fist made a firecracker-like sound.

Crimson recognize this attack, it was a powerful attack.

His fighter instinct told him that this fist would hurt him if he just took it.

However, Crimson was confident in himself so much that he declared.

"If you can hit me, that is. You are too naive if you think this fist can beat me!"

Crimson clad his fingers in dense bloody red mana. Suddenly, his fingers seemed very sharp.

"Let's see how well you fare against my beast battle skill!"

His attack forced the surrounding air to take the form of a claw, it looked as strong if not stronger than Lightning Punch.

The beast projection behind Jaafar mimicked Crimson and punched in sync with him. His mana claws are enhanced by the beast projection.

"Bloody Apex Predator Claw!"

This fight was going to be a brawl and it's going to be intense. Most of the spectators here are already in full hype about this fight, some of them were cheering while flushing red in excitement, standing up from their seats if only to get a better view of the arena.

Their fists collided.

Boom!

They created a minor storm with the collision of their attacks. This minor storm had destructive effects on whatever got swept by it. Even the ground cracked up with spiderweb formations like an earthquake had visited with the two fighters standing at the epicenter of this event.

Some of the spectators went pale looking at the aftermath. Some of them couldn't react due to being too busy holding on to their seats lest they are swept away.

However, all of them are sure of one thing: they are lucky they weren't fighting there or it would be a trip to the hospital for them.

Their attacks weren't finished yet, power continued pouring out from their confrontation. Their hands are still joined together as if to see who would back up first. The well-built arena floor started peeling and crumbling away, disintegrated by the sheer force of their conflict.

What terrifying power!

Lightning Punch and Blood Apex Predator Punch are like two ferocious beasts, trying to invade each other's territory to devour each other. It reached a weird point of balance where the two forces stayed neutral.

Crimson stared at Leon with a stern face. He might seem calm but he was aware that his technique is losing ground to Leon's more violent technique.

Leon grinned and he charged up his attack more by feeding it with more electricity. Lightning Punch was pleased with the offering as the lightning crackled in an intense manner.

BOOM!

After feeding his attack more, Crimson's technique got disintegrated. Crimson himself was pushed back some distance away from the attack.

"Woah!"

The spectators gasped at the sight. They couldn't believe their eyes.

"Crimson... was pushed back..."

"As expected of the crown prince."

"Crimson is also not bad. He is very powerful!"

"It is just the beginning, none of them is serious yet."

Here and there you could hear people talking.

Meanwhile in the arena.

"You are worthy enough for me get serious Leon!"

Crimson's words told the crowd that Leon was now officially acknowledged by him.

Everyone stayed silent but their eyes were burning with passion and elation.

Now that Crimson was about to go full power, the fight is only going to get more intense from this point on, how can they not feel excited?

Leon grinned, blood pumped through his veins toward his heart increasing his body temperature, he was excited. To think he would experience something like this before going to see his pal Alex for another friendly battle.

Crimson raised his arms and two sharp claws appeared to clad his hand. It was a 3 pronged claw with chains to fix the claw to his hand.

He examined the strap and he tightened its tether to his hands. The next instant, red mana started floating up, and as more mana poured out, his body was seemingly clad in a blood-red aura.

He changed completely after summoning his Gift.

He changed completely after summoning his Gift.

The beast projection behind Crimson became even more realistic looking.

Leon stomped his feet and lightning crackled around him like a storm, making him look like an angry god of lightning that descended to fight against a terrible beast.

"Interesting..."

Crimson grinned while he brandished his claws.

He crouched and then he jumped up.

Reflected in Leon's golden eyes was the image of Crimson leaping at him in a manner that wouldn't expect for a guy as bulky as him. Leon flinched and he retreated.

However, Crimson is faster than him, he arrived in front of Leon and he struck at his chest with a beast projection-enhanced claw attack, the claw looked even more realistic.

The attack was heavily clad with layers upon layers of potent dou qi, if Wu Yan got hit by this the damage will be horrendous at the very least.

When the claws were about to pierce his cross-arm guard, he abandoned all defense and it looked like he is going to let the claws skewer his shoulder.

Leon summoned many fireballs which soon transformed into flame swords that looked solid like the real deal.

"You expect them to block my attack?"

Crimson thrust forth and his claws answered his call for more power by solidifying the aura around the claws into a denser form. His claws made contact with the wall of swords and they clashed.

Clang!

The claw made a clear gash in the wall of flame swords. That wasn't the end though.

Clang! Clang! Clang!!

Claw after claw, attacks landed upon the wall of swords, it was like somebody with a chainsaw was going mad ape mode on the wall of swords.

A bunch of the spectators clasped their hands together to calm their beating hearts. They saw how Leon was now the one being pushed back despite his strong start. These people are now worried about Leon.

"Leon..."

Leon's fiancée kept fidgeting, she looked worried as well. Crimson's attack was as ferocious as they are swift, if even one of this landed on Leon, his body would easily be torn to shreds.

Leon reinforced his wall of flame swords with his ability while Crimson used his stand beast projection claw to assault it, under his relentless attack, it was quite clear that this wall won't hold on much longer.

The spectators were all watching in fear as Crimson tore through the wall of flame swords like a beast. They were all silently judging Crimson's method of attack, the moment he breaks through the wall was likely to be the start of Leon's defeat, at least, that was what they thought.

Crimson didn't care what Leon did, he kept smashing, clawing, and pounding at the wall of flame swords until it finally crumbled, having succumbed to the damage built up over time.

The last attack that tore down the wall was a strong swipe at one of the weakened surfaces of the wall.

Leon's figure got exposed after the wall exploded.

However, he wasn't happy that it took so long to demolish this wall.

That was because Leon was grinning at him from behind the wall with a coin charging up in his fingers.

Crimson tensed up when he saw the coin. The sparks had an eerie feel to them, his danger instinct kicked up and his pupil contracted to better focus on the situation at hand.

He retreated away with a powerful leap backward.

Bluish-white lightning streamed from Leon's body into the coin and off it went, like an orange laser.

The orange laser didn't take long to reach Crimson.

Gnashing his teeth, he knew dodging is impossible at this point so he channeled his mana to augment his gift's sharpness. He chose to swipe at the incoming object with his enhanced armament.

However, something incredible happened, space distorted in front of the laser and it swallowed the coin before it made contact with Crimson.

Confused for just a moment, another portal opened up behind him while he was still stunned.

Knowing that he didn't have the time to block or dodge, cold sweat streamed down Crimson's exposed rear.

The orange laser from before shot out from within the portal and hit him.

Boom!

The remnants of the orange laser scattered around the arena like a mini-storm of sparks.

The arena got cracked and spiderweb-like crack formations appeared in the otherwise sturdy arena.

The spectators needed time to process what just happened.

At first, Leon had the upper hand and then Crimson turned the tide, now, the tide changed once more in favor of Leon.

This all happened in less than 5 minutes.

Such was the intensity and pace of this battle.

They started wondering about the unthinkable as they examined the situation in the arena.

Could this guy be able to pull it off?

The spectators had a newfound respect for their crown prince who seemed to be fighting differently than usual. The person himself looked composed but his chest was slightly heaving from fatigue.

The dust finally cleared up when the wind blew away the dust in the arena.

Standing there is the same old hulking figure of a beast-like human.

His appearance solidified the spectator's impression of Leon.

Crimson's special gear had been torn to shreds and there was smoke wafting up from his body, making this prince look rather unsightly.

Suddenly, everyone froze up, a vicious glint flashed in Crimson's eyes even though this glint shouldn't have been perceivable due to him lowering his head.

He looks like an injured beast that is about to go on a rampage.

His eyes had turned red from rage his original eyes are now dyed blood red. His beast projection took a step forward and merged with Crimson.

A thick crimson aura that seemed almost solid started burning with Crimson as the fuel source.

"Crap!"

Someone grabbed the railings in front of him. He bit down on his lips.

"Crimson is about to go on a rampage in his berserk mode!"

"Berserk mode? What's that?"

Someone in the crowd heard the words and berserk so they got concerned.

The man who previously spoke shook his head before he continued with a grim tone.

"Berserk mode is a special technique in the beast battle skills characteristic of someone coming from the Blooddown's family. It would be more accurate to say it's a passive effect some of them are able to achieve when merging with their beast projections, this mode will substantially enhance the practitioner, rendering their power output even higher as a result. Imagine a powerful tiger merging with a powerful beast image of a tiger?"

The curious man's heart tightened and a chill went down his back as cold sweat covered his hands and feet; a feeling of unease clawed at his heart and he finally understood why the Blooddown's family was one of the seven powerful families in the empire.

The fight have suddenly turned fierce, and the man wondered if the crown prince will be alright.

"That sounds like trouble." The curious man uttered.

The fight suddenly turned fierce, and the man wondered if the crown prince will be alright.

"That sounds like trouble." The curious man uttered.

"You would be lucky if it stopped at just being troublesome."

The man explaining bitterly laughed.

"The most dangerous part about the berserk mode is that the user will lose rational thoughts, becoming a violent beast in the process. A beast knows not the meaning of mercy, one wrong move and lives will be lost."

"I see, hopefully, things won't become too messy."

Back to the arena.

"Berserk mode huh?"

Leon who wanted to test this ability since the day he learned about couldn't help but frown. Looks like it's a fitting name for Crimson's current appearance, what with looking like a beast that had been abruptly awoken from its peaceful slumber.

Leon steeled his nerves, the pressure coming from the man was no joke still he would fight to his heart's content.

"I don't care if this is your berserk mode, if you don't move, I am going to initiate first!"

He snapped his fingers and created many lightning swords as the space in the arena got dyed golden light. A focused barrage attack with thousands of swords aimed at Crimson appeared to be imminent.

He snapped one more time and volleys of swords shot at Crimson like miniature missiles.

The beast projection that has merged with Crimson expanded in response, becoming a suit of armor that endured the barrage of sword attacks.

Ding! Ding! Ding! Ding!!

The swords failed to do anything against his fortress-like defense. When the barrage of swords stopped, the projection became its slim form once more with nary a breach in defense spotted. Crimson survived the attack without a scratch.

Leon's face turned grave before he bitterly laughed out loud.

"This is going to be hard..."

Crimson, or rather, berserker Crimson raised his head.

Roar!

The roar appeared to be a mix of a lion's and a tiger's roar. His roar was so loud, the soundwaves became a solid attack that attacked even the spectators some distance away, forcing them to protect their ears with their hands. Only the strong individuals were unaffected by this roar.

In the arena, Leon was dazed by the attack, his mind went blank for a moment there.

A psychological attack in the form of a roar?!

Leon had guessed correctly, this roar from Crimson's berserk mode could disrupt psychological processes.

Crimson had another title that not many people knew, the bane of magicians. A magician relied on a clear mind to channel their mana, his roar interfered not just with the chanting process but the connection between mana and psychological processes itself.

Leon returned to his senses only to see Crimson's claw rapidly approaching him.

Leon gnashed his teeth at the sight of this arena-destroying claw attack. A spark came off his forehead as he blocked the attack with his sword while at the same time creating a lightning whip around Crimson.

Sure enough, the beast's projection expanded into armor, it could deflect swords but this whip wasn't focused on damaging Crimson rather, the whips entangled Crimson and his projection. His attack was stopped as he was too busy trying to untangle himself.

Leon didn't move away, he unleashed a double Lightning Punch on Crimson's body, more accurately, he was attacking Crimson's beast projection.

Boom!

The beast projection looked fine.

Leon unleashed another barrage of Lightning Punch, he punched and punched at Crimson's beast projection.

Boom! Boom! Boom! Boom!!

Under his consistent attack, much like when Crimson went wild on his wall of flame swords, his attack started making cracks in the beast projection.

The spectators held their breath as they watched Leon turn Crimson into a punching bag. Leon looked like an absolute madman as he unleashed brutal attacks on his opponent. The spectators felt lucky that they aren't the ones participating in this battle.

They finally realized something. Leon was not the only one who could turn into a ferocious beast.

The sound of Lightning Punch pounding something hard kept ringing in the arena. Soon, even more, cracks formed in Crimson's beast projection.

Leon's fist of fury started speeding up as more cracks formed on the beast projection. The electric current embedded in each of his fists traveled across the beast's projection as he pounded it. The light coming off of the sparks made the cracks even more visible.

Just when everyone thought the lightning fists are going to smash the beast projection into pieces, another turn of events occurred.

The whips binding the beast projection finally suddenly vanished when Crimson broke free using pure strength. Now, the beast was free.

Roar!!!

Crimson roared, exposed to his roar at close range, Leon was not only stunned, he could feel physical damage being dealt to him.

Without any mercy, Crimson smashed Leon in the chest.

An invisible forcefield stopped the attack from touching Leon at the nick of time, it was the special attribute of his draconic armor which is on the same level as Loki, the armor gifted to Alex.

However, the armor was unable to completely kill the blow despite its uniqueness, it managed to stop some of it but the remaining force traveled through Leon's internal organs, brutally shaking them as a result Leon staggered back and he threw up a mouthful of blood.

Swoosh!

Crimson did not give any room for breathing as he followed with a deadly claw attack forcing Leon to roll on the ground, vomiting another mouthful of blood in the process, he felt his body cracking and he was in intense pain, he wished to stop for a moment but knew he couldn't do that the opponent wouldn't let him do so.

As expected the berserk Crimson attacked but this time more viciously and Leon would be gravely injured if he was not to do anything.

Therefore he got out of Crimson's attack range and he spread his arms wide. He started crackling with lightning, this was a larger scale of conjuration than anything he had tried before. He was now completely clad in lightning.

The wind started blowing and clouds started forming. Soon, the plaza's local weather became overcast. Bolts of lightning could be observed zipping between the clouds.

"No way!"

Leon's fiancée gasped at the stormy clouds.

"He's going to use that move?"

Leon's sister who unknowingly sneaked around wanted to ask her sister-in-law about it but there was a change in the battlefield.

The clouds became more and more condensed while the area of the storm clouds decreased. Soon enough, the clouds condensed until their area covered the battlefield only. Like boiling water, lightning raged within the clouds, the thunder a grim reminder to the crowd that they are lucky not to be on the receiving end of this punishment.

Leon made his move, he started to slowly lower his hand as if passing judgment. Right now nobody doubted that Leon is Lightning God reincarnated and heaven seemed to be proving to them that this thinking was accurate, judging by the amount of lightning in the sky.

"Lightning Descent!"

The massive bolt of lightning hit Crimson.

Zap!

The brilliant flash made everyone close their eyes. The aftermath sent a massive shockwave that blew light objects away. Some of the crowd had to hold onto heavy objects to not get blown away.

The crowd could faintly make out the sound of a beast crying out in pain before the voice died away.

The spectators peeked out from their respective seats, wondering if the show was already over.

They exchanged looks when they saw the situation in the arena.

Rather than an arena, it was more accurate to call the arena a ruin. In it, Crimson and Leon lay there on the ground.

"!"

Absolute silence spread through the whole area, even the wind in this chilly winter seemed to have disappeared, however, it was only temporary.

The whole stadium erupted in cheers when Leon lifted his hand before slowly rising to his feet.

"Uooooohhhh!!!"

This was how Leon managed to finish as the victor while fighting unusually.
