

Death Guns 1371

Chapter 1371 SS: How It Began

This happened at the beginning of Alex and Kuina's relationship.

Avalon, Alex's Blue Haven villa.

The temperature, humidity, and light intensity were the perfect conditions for a day outside. The cool breeze that blew by also echoed this cordial invitation from nature.

Maria and Sakuya cleaned the blankets and bed covers as they hummed a melodic tune. They were in a very good mood.

Alex also woke up early as he sat on the sofa with a warm cup of tea. He watched as his ladies went about their daily tasks. He also took this chance to tease Maria or prank Sakuya.

They were both smiling radiantly. Their jubilant smiles made their already outstanding looks even more stellar.

However, at that moment, a doorbell disrupted this peaceful atmosphere.

Maria and Sakuya can see the unexpected guest from the courtyard where they were putting out the laundry. Alex could also see the guest from the window near the door.

He gasped when he saw the guest.

She was wearing a red turtleneck, a black skirt, and black leggings. Her golden hair was tied in the twins' tail style. Fluffy ears and tails moving gracefully.

Alex quickly got up and was the first one to greet her. Then, she dropped a bombshell on him.

He pointed at his nose and rephrased his question just in case.

"What was that? I must have heard wrong."

"A date!"

Kuina grinned.

"You coming or not?"

"..."

Knowing this girl's character Alex tried to figure out her true intentions.

He was sure she is here to prank him.

She ignored Maria and Sakuya's presence.

He was hundred percent sure this is a ruse.

Judging by the taunting smile on Kuina's face, he was sure this fox lady was plotting something.

Maria and Sakuya stared at his back with piercing looks. He could feel stabbing pain coming from his back.

In any case, it didn't look like she was inviting him on a date for fun.

"Fine."

He nodded.

"Wait for a bit."

He turned around as Kuina shrugged. He addressed his fuming girls.

"Erm, I am heading out for a bit."

"On a date?"

Maria gave him a frosty smile.

"How nice..."

"Yeah..."

She crossed her arms. Her chill looks couldn't hide the bouncing static electricity running through her hair.

"It is such a fine day..."

"Well..."

He apologized immediately and clapped his hands together.

"You know I won't do that. I promise I will bring gifts back, please, don't be angry with me."

His harem tuned their hostilities down.

They knew Kuina was asking him out for another reason.

Although they are both mad and couldn't tolerate this girl's smug expression, they could tell Kuina wasn't seriously asking him out. She was too nonchalant about this ordeal to be serious.

She must be here for something else.

Since Alex genuinely expressed his remorse, the two couldn't stay mad at him. They snorted before turning their heads the other way.

"Come home early."

"Yes, madam!" I think you should take a look at

He quickly turned around and pulled Kuina away from his house.

When the two lovebirds got away, Maria and Sakuya exchanged a sour but helpless look.

What are they going to do with this man?

His house was in a suburban area.

Nobody goes on a date in a housing area like this. So, they headed for the city.

"Nn~"

Kuina stretched her back like a lazy cat. She praised the weather.

"What a fine day, I am glad I chose today."

A gust of wind rustled her twin tails. Her good looks almost charmed him for a second.

"Hmm, you're right. This is a good day for a date, you chose wisely."

He replied before giving her an ambiguous smile.

"But, your clothes look too normal. Doesn't look like you want to go on a date."

"These are my dating clothes!"

Kuina retorted.

"Are you doubting my fashion sense?!"

"Red and black? A little too simple in my opinion."

He teased her.

"At least, you showed some skin. Not covering yourself up like a nun, I mean..."

He looked at her thighs as if to gesture to her where he was looking at.

"Heh."

Kuina's veins bulged near her temples.

"Do you want to try touching them?"

She slightly lifted her right foot. Alex couldn't help but admire her figure.

She truly had a wonderful lower half, from her callipygian behind to her smooth thighs, they looked very tantalizing.

Her gesture made her alluring legs stand out more.

However, he knew better than to take her up on her offer. That was a stance for a quick kick. If he even approaches her then she would no doubt unleash a kick.

"You're open-minded."

He shrugged.

"I didn't think thigh-rubbing was on the menu, I've got to say, I am impressed."

"Yeah, I am progressive."

Kuina's veins bulged more precariously.

She also gave him a hostile smile.

"Alright, buster, what is a traditional dating sequence like?"

He grinned before grabbing her hand.

"Woah!"

She glared at him.

"Wh-What are you doing?!"

"You asked so I am showing you."

He winked.

"This is how we do things."

Kuina's heart started racing as she looked at the hand in his hand.

As she thought when she was with this man she couldn't keep up with her straight face as if she was weak before him. This must be one of the reasons she was attracted to this man. She had become curious about him even before meeting him and that night during the meeting she was certain that this man was truly an interesting person. If previously before meeting him her interest in him was 30% it had increased to 60% and there was a saying that when a woman was curious about a man, it was only a matter of time before she fell in love with that man.

Strangely she was not afraid of this outcome almost as if she was welcoming such a possibility if not she wouldn't have taken the initiative to invite him on a date even if she had ulterior motives.

'Sigh! What I'm even doing.'

Chapter 1372 SS: I Like Spending Time With You

Kuina's heart started racing as she looked at the hand in his hand.

As she thought when she was with this man she couldn't keep up with her straight face as if she was weak before him. This must be one of the reasons she was attracted to this man. She had become curious about him even before meeting him and that night during the meeting she was certain that this man was truly an interesting person. If previously before meeting him her interest in him was 30% it had increased to 60% and there was a saying that when a woman was curious about a man, it was only a matter of time before she fell in love with that man.

Strangely she was not afraid of this outcome almost as if she was welcoming such a possibility if not she wouldn't have taken the initiative to invite him on a date even if she had ulterior motives.

'Sigh! What I'm even doing.' Kuina thought for a moment before shaking her head there is no need to cry over spilled milk. Gotta enjoy the day she finally decided.

...

The shops lined the two sides of the commercial.

It wasn't a holiday, everybody has to be in school. This was why the commercial district wasn't flooded with people.

The weather still brought a lot of people out of their homes. The commercial district was about half of its maximum capacity even without the presence of students.

Alex and Kuina walked along the street as they walked hand-in-hand.

He doesn't know if Kuina skipped her special class but since she was here, she would probably fess up once he strolls around the commercial district with her.

Kuina also stayed away from heavy topics. She only talked about daily life and some other topics like what was in the stores here.

Nobody could peg her as the sole heir to the Foxia Kingdom because they have disguised themselves to avoid trouble.

They visited the stores here like a normal couple.

As time went on, the bags Alex carried started to pile up while Kuina also held onto a few bags of goods. They decided not to put it inside their storage space and enjoy the day like normal people.

The two spent most of the day shopping without engaging in further intimate actions like saying sweet-nothings to one another. They also held each other's hands throughout the day except for when Kuina had to go try on new clothes.

The two were shocked by how long this charade continued.

Alex couldn't believe Kuina had held onto his hand this long. He expected her to shake him off.

Kuina also proactively held hands with him after trying on new clothes, a feat he didn't expect.

Rin is also confused by her reaction. She didn't understand why the concept felt so natural to her. She also felt a bit disappointed whenever he let her go.

Subconsciously, she would always grab his hand at the next chance to do so.

It was only a few months ago that they met each other for the first time but to think she'd feel this comfortable being with him.

In any case, they wrapped up the morning by having some quiet time sitting on the bench in the park. He cast his bags of goods aside with a relieved smile. Kuina also stretched her back with a toothy grin.

"That was fun."

"Of course."

He raised the bags as if to remind her.

"You used my money to buy your stuff, anyone would be happy if they were in your shoes."

"Yes, not gonna lie, that felt incredible."

Kuina drank her beverage with a single glance in his direction.

"Plus, you looked like you had no issue forking out the dough. Surely, you wouldn't argue about small change with me, right?"

"You've got an astute pair of eyes."

He rolled his eyes.

"Money is just a string of numbers on a digital sheet to me. If I wasn't so modest, I am sure I could buy a small city." "I think you should take a look at

"The entire city?"

Kuina almost spat out her drink.

"You're that rich?"

"Yes, unfortunately."

He shrugged.

"I am one of the bourgeoisies like your mother."

"Dang."

Kuina gnashed her teeth.

"Had I known I would have bought all the gems in the jewelry store just now."

"You're talking about spending other people's money without batting an eye."

"Anyway, we went on a date, we also went shopping. It's about time you tell me why you invited me out, right?"

Kuina stared silently at the fountain in front of her.

Then, she asked the question on her mind.

"What is your ultimate goal?"

He looked at the sky as he reached out to claw at something invisible.

"A chance to stand at the top."

He chuckled.

"You want to become the strongest, huh?"

Kuina bitterly laughed.

"Looks like we are in the same boat."

He rested his hands behind his head.

"So that's your goal as well? Maybe we will compete at the top to decide the final winner. Just for you to know I will be the winner." He added with a confident smile.

Kuina was irritated seeing Alex's confident face. She had the impulse to bash his face on the bench to erase that annoying smile from his face but knew deep down that she was not his match, the guy was the real deal since unlocking his sealed Gift. The feats he achieved weren't something even a golden spoon such as her could hope to accomplish.

Alex was a real monster and his future achievements were limitless.

While Kuina was lost in thoughts Alex observed her exquisite face from the sideline and couldn't help but acknowledge again how beautiful and seductive this woman was. He couldn't help but want to make her his and to do naughty things with her.

"I bet you must be thinking of some naughty things judging by your lecherous face," Kuina said as if she could read his thoughts.

Alex shuddered having his thoughts laid bare but there was no way he gonna acknowledge this fact.

"You must be imagining it."

"Hehehe! You have the habit of looking at the ground while lying. It is why I like hanging out with you. I like spending time with you Alex and I hope it's last forever." Kuina declared with a serious face, this sudden declaration caught Alex off guard.

"Eh?"

It was all he could say.

Chapter 1373 SS: Sakuya's Revenge After She Was Dominated

The noble's district, Alex's home.

Although the bedroom never stopped emitting passionate noises, the room had now become silent except for a few light sounds of people panting.

Alex lay there on his bed with a face that looked like he truly and utterly understood what it means to be satisfied, he was practically shining at the moment.

Artemia lay next to his right side while Sera was on top of him. This scene alone was enough to tell people what happened here.

Feeling Sera's bountiful bosom pressing down against his chest, he let himself drown in the pleasure of this sensual sensation. If he had a cigar he would probably be puffing on it right about now.

Finally, he realized that something is not right about Artemia and Sera's behavior.

From their interactions until now, Alex didn't take them to be girls who would strip down by themselves and join in on a sexy session.

If he thought a bit about how Artemia and Sera behaved before and the status quo in the house, it was easy to come to that conclusion. In the end, Alex was not an idiot who can't use his brain.

He recalled the events that had led to his present circumstances and his jaw dropped.

Surely, Sakuya won't help him expand his palace harem just like this? She's the queen's right hand, why would she go out of her way to help?!

Thinking he knows her so well, it never crossed his mind that if Sakuya guessed his intentions, it was possible that she would do something like this.

Based on past interactions with her, Sakuya was probably out to screw him over.

Of course, this slipped Alex just like it did numerous times before. It didn't matter, he would come to regret his actions soon enough.

Giving up on thinking about it, he decided to put the thought aside and ask Sakuya all about it when the opportunity presents itself.

At roughly the same time, Maria, Sakuya, Saeko, and Luna who were holding onto a sleeping Gracier came out of their respective rooms.

They each had different expressions. Saeko was bright red while Luna looked like her usual gentle self. Meanwhile, Maria had her head lowered with a dark expression. Only Sakuya had a faint smile on her face.

Each of them looked at the same room upon coming out, specifically, Alex's room.

When Maria noticed that she couldn't find Alex, Artemia, Sera, or anywhere else. Her dark expression took on a darker shade. Miasma started coming out of her and Saeko moved back in fear.

They stayed silent for a bit before Maria and Sakuya moved their legs first and they headed towards Alex's room. The others followed soon after.

===

When consciousness returned to Alex, he sucked in a fresh breath of air. Rubbing his eyes, he sat up and cracked his bones that complimented him for sleeping so soundly.

Stretching his back, his vision started clearing up as he became more and more awake. But, when he saw the scene before him, his hands froze in the air.

He froze up stiff like a boulder. It was clear from his eyes that he was shocked by what he was seeing. He thought for a moment that he was dreaming.

Maria stood there in front of his bed with faint smiles but those eyes were furious as hell. I think you should take a look at

Saeko looked at Alex like she was looking at garbage. She was judging him so hard he could hear her thoughts. Luna seemed flustered now that he was awake, she wanted to say something but in the end, she couldn't and she just lowered her head while still holding onto a sleeping Gracier.

Sakuya amused herself with his reaction. She looked like she knows where this was going and she was going to watch it from the beginning until the end. Feeling a chill climbing up his spine, he looked around and saw that Artemia and Sera had disappeared before he woke up. They are already dressed and they stood behind the crowd without saying anything.

Only Alex could see that Artemia and Sera were very happy that misfortune was falling upon him. Alex's expression turned green, then white, then red, and finally black. He had a very complicated expression at the moment.

He was walking on sunshine before this and now he felt like he had been rammed into by a huge truck.

Maria suddenly laughed. It was a very beautiful smile. Why then, does he find his heart throbbing when he sees it?

"Say, Alex..."

She smiled at him.

"I think you have a Super Regeneration skill?"

An alarm went off inside him, it told Alex to run as fast as his legs could carry him but he endured the urge to do so while forcing a laugh out of his mouth.

"H-ha ha yeah I did, what about it?"

This time, Sera laughed. She had a very jubilant expression even while she said something that caused Alex to fall into despair.

"Hah, well isn't that nice, that means you won't break no matter what we do to you!"

She clad herself in lightning while a bunch of ice petals gathered in Maria's palm.

Seeing this scene, Alex became speechless. He more or less knew what was about to happen, begging for mercy wouldn't do him any good the only thing he could do right now was to lower his head and accept his fate like a man.

But not before he raised his head one more time in final defiance and he shouted a classic line from this world.

And then he got swept away with ice and a crystal blade.

Artemia, Sera, and Saeko retreated from the room. Three returned to their rooms satisfied by the divine punishment meted out to Alex while Luna and Gracier who woke up returned to her room because they don't have the heart to keep watching Alex anymore.

After a while, Maria left the room that still had the fallout from the wildest pants-off dance-off he had last night, they left the room pretty angry because she didn't even stop to close the door.

Alex sat on the bed with a gloomy look. He appears unharmed but judging from the anguish in those deep heterochromia eyes of his, he went through a hell he didn't ever want to see again.

While he looked unharmed, his Super Regeneration skill is as much a curse to him as it is a blessing. Let's just say he walked away from this experience with some lasting memories.

Meanwhile, Sakuya got closer to Alex and she caressed his face while whispering into his ear.

"Looks like the harem isn't as fun as you thought huh? Try to rein yourself in from now on mmkay? Danan-Sama."

He looked at this woman in front of him who made him very happy and then very sad and he cried inside. He understood that this must be her revenge after the countless battle he won against her.

Chapter 1374 Nobody Is More Important Than You Girls

This happened when Alex first announced his intention to go into the Infinity Maze. While Maria and most of the others accepted after thinking through there was someone who did not take it easily like they did.

••••

In a house located near Eris city. Alex's first city after leaving the Temple of Gods.

From the outside, this house looks snug and comfortable. It has been built with blue stones and has spruce wooden decorations. Large, octagon windows add to the overall style of the house and have been added to the house in a very asymmetric way.

The house is equipped with a small kitchen and one average bathroom, it also has a fairly small living room, five bedrooms, a roomy dining room, a bar, and a cozy garage.

The building is shaped like a short U. The two extensions are linked by wooden sunscreens structures.

The second floor is bigger than the first, which creates a stylish overhang on one side of the house. This floor has roughly the same style as the floor below.

The roof is high and slanted to one side and is covered with redwood shingles. Two small chimneys sit at the side of the house. Rows of small windows let in plenty of light to the rooms below the roof.

The house itself is surrounded by a gorgeous garden, including hanging grape vines, a pagoda, a pond, and many different flowers. This is one of Alex's family vacation houses and currently, in this house, something was happening.

Boom!

The door was forcefully shoved open in the middle of the night.

A petite figure ran into the night while leaving tiny droplets of tears in her wake.

The young lady opened the gate with the fastest speed she could muster before running into the streets.

As for where she didn't think much about it.

She just wanted to get away.

Another individual came bursting out of the door. He looked at the escaping girl.

"Gracier!"

Alex didn't use teleport skills to catch up. He could outrun her but he slowly chased after her.

Gracier heard him and stopped in her tracks.

Actually, she wanted to continue running but she stopped her feet after her brother called out to her.

Finally, Alex caught up with her.

He slowly approached his sister.

The girl slowly voiced the question bedeviling her.

"Why?"

She asked.

He stopped.

He helplessly replied.

"Gracier you're misunderstanding..."

"Misunderstanding?"

She continued her questioning.

"You're saying you didn't want to leave?"

At this question stayed silent.

That was the answer, she reckoned.

"Why?"

The emotional Gracier asked.

"Why're you leaving?"

"Alexandra..."

He shook his head and once more tried to explain it to her.

"Don't react like that you know it's important."

"Couldn't you stay?"

Gracier started sobbing.

"Don't you want to stay here?"

"I will be back shortly. I wanted to stay and Level up with you."

"Why, then?"

He saw droplets of tears dropping off her chin.

"I don't want you to go."

Alex felt pained.

He didn't know Gracier would react so negatively after his announcement.

She is a strong, calm, and introverted girl. There are not many who can move her so much. There are not many who can make her care enough to shed tears during departure. I think you should take a look at

She probably won't cry at her death. This is how much she treasures the people in her life, above her own.

Alex became soft when the girls cried. More so, he wasn't prepared to see her cry.

It must have come as a huge shock.

"Look, Alexandra.."

He explained.

"You're misunderstanding me. I might be leaving but I will be back. For you, it will be just a short instance."

"So, you're still leaving?"

She raised her voice.

"You said you would become my pillar of support. You said you would carry my burden with me. I meant what I said that night, I am happy to have you in my life..."

"Why?"

Gracier wailed.

"Why are you leaving?"

"Alexandra.." Alex felt perplexed, he was overwhelmed not knowing how to appease his sister without sounding harsh.

"I understand that you have something to do still I don't want you to go, my heart is telling me that I won't be able to see you in a long time if you leave. Big brother you're the one who gave me the support I craved. You're the one who gave my life meaning..."

Gracier cried.

"It was you... It had to be you..."

"Big brother!"

She glomped him before turning his shirt moist with her tears.

"Please don't go, you promised that you'll listen to me as I'm the most important person in your life. So please don't leave me I don't want something bad to happen to you."

"Alexandra..."

Alex felt conflicted.

He didn't think she would react this strongly, refusing to understand his intention.

He allowed her to cry as he tightened his arms around her waist. The thought to stay emerged for just a second before he dismissed them.

"Gracier..."

He gave her another hug.

"I must go, even if it's for a moment. I must leave..."

Her shoulders trembled.

He felt her turning cold.

"There are people who need me. They're important to me too. They're the lights of my life."

"I can't be so selfish that I would forsake them for one person. I must continue, I must find the path to make everyone happy. I will make that happen, but, I need power, so now... I need to take on the mantle of the selfish villain..."

He shook his head.

"Little sister, can you wait for me just a while? Can you do that for me?"

Gracier grabbed his sleeves. She stopped sobbing when she thought about Wu Yan's words.

"Are they that important to you?"

"Very much so."

He answered without hesitation.

"They're the most important people in my life! Across all universes."

Gracier grabbed his clothes.

"What about me?"

"Of course, you too."

He beamed at her.

"You all mean so much to me."

Gracier slowly let go of Alex's clothes.

They continued hugging as if to enjoy what little time they had left.

"Please don't act recklessly once inside the dungeon as we will be waiting and if you don't come back quickly I marry an ugly man and will ignore you." Gracier declared after accepting to let Alex go but what she said made Alex freeze and like a robot, he looked at her and asked in a trembling voice.

"You won't dare right?"

Just imagining her sister with some ugly folk made Alex angry, no the idea of letting someone have his cute sister was unacceptable but he had yet to acknowledge this.

"Hehehe We will see." Gracier laughed before skipping back to the house with Alex chasing after her seeking an answer. It was a funny sight to see.

Chapter 1375 SS: The Ice Empress' Lewd Chronicles 1**

Under Alex's masterful hands and his many tricks, Maria, our Ice Empress felt like her mind was swimming in a complete haze of pleasure. She had never gone through an orgasm that powerful. One that felt like it was reverberating through her entire body.

Only after she felt herself being moved, did she open her eyes and see Alex looming above her, his eyes filled with pleasure.

For starters, the current sight was quite deadly for Alex. After all, she was completely disheveled, a little sweaty, and the crotch part of her clothes was torn, showing her beautiful pussy.

Alex swallowed, as he fought to urge to simply ram in her and began to gently caress her head before leaning and biting her ear, gently, sensually.

His action elicited a moan of pleasure from Maria who was already sensitive because of her earlier climax.

"My queen, ready for round 2?"

Maria did not answer right away she first gazed into Alex's heterochromia eyes, those blue and green eyes were enchanting. Then she remembered her shameful state and was embarrassed but upon remembering that she was in front of her soulmate and that Luna also experienced the same thing, she heaved a sigh inwardly.

This thought comforted Maria quite greatly and as such, she grinned,

"Let's make a mess."

Tonight, she wasn't the Ice Empress. She was just a woman trying to enjoy herself.

Alex never asked this question twice. One was for respect, two would be a waste of time.

Giving a grin on his own, he aimed his dick at her moist entrance and slowly pushed in.

"Anh"

Maria grunted a little as the foreign object pushed its way into her, but at the same time, she could already feel the growing tingle of pleasure.

Meanwhile, Alex could feel himself sink deeper into her as if she was trying to swallow him whole.

He raised his upper body and centered himself against her, gradually adding his weight onto her.

He lowered himself onto her and locked his lips. He sucked on her small soft lips, taunting her with his tongue. He squeezed and massaged her breasts with his hand.

An idea suddenly struck his mind and he sharpened one of his nails before proceeding to slowly cut the top of her bodysuit around her chest, making an opening for her bountiful breasts to poop out.

The beautiful pink cheery seemed to be beckoning him and Alex did not hesitate, latching onto them like a beast while releasing a low growl.

"Ah~!"

Maria arched her back at the sudden pleasure and hugged him tightly, while he continued to sink in her until the root.

Feeling his pelvis against her, made Maria understand that they were finally one and this simple thought, managed to set her off.

This time it was Alex's turn to grunt when he felt her vagina constrict around his shaft as if trying to squeeze him out of everything he was worth.

He could not even begin to describe the sensation he was feeling and knew that if he didn't concentrate, he would easily cum without doing anything. He couldn't let this happen as it would be a kind of letdown for his partner.

Therefore raising his body, he put his hands around Maria's slender hips and slowly took out his dick before slamming it in again just as the head was about to come out. I think you should take a look at

One, two, three. Slowly, increasing the speed, he began to hammer in her with no restraint.

Her soft inner walls continuously stimulated his shaft. He felt a surging sensation that was about to burst at the back of his neck.

With each thrust, her womb twisted, her slender body jumped, and moans escaped her thin lips.

He firmly held onto her hips as he bore deeper into her. As he continued to thrust, the viscous fluids created a constant moist slapping sound.

Beads of sweat appeared on her flushed face and heated breaths escaped her lips thanks to the unknown feeling surging through her entire body.

Her love juices dripped out with an obscenely wet sound while his massive member thrust in and out of her.

Her mind gradually faded away and she had trouble thinking straight, almost like she had a serious fever. A vague white feeling surrounded her and she could focus only on the presence of the giant penis thrusting up into her crotch.

Whenever he rubbed her vaginal wall, a pleased panting voice leaked out from her mouth. Her panting voice was as clear as a bell, hearing it pleased him to no end.

When he changed his angle, her body started trembling. He focused on the same place and rubbed his glans.

Alex knew to not treat Maria like his past conquests. She was not a fragile human with whom he needed to hold back. He could go all out and more with her and going all out he did.

Of course, he knew that simply pummeling his cock would never be sufficient to give her more pleasure.

He slowly adjusted the direction of his thrusts as he penetrated deeper. He concentrated on her panting and groaning and stubbornly hammered into her most sensitive spot.

"Ah! Aah! Ohhh!"

Her insides squeezed and started to spasm. He saw that she was about to climax and as such plunged deeper into her.

"Ohhh!!"

She moaned loudly again, all tentative to stifle her sounds useless. Her hot vagina began to pulse, making Alex lose the little amount of control he had left.

The big john inside her grew even larger and throbbed while she could feel something coursing through it.

Roaring deeply, he leaned down and kissed her as he began to release his semen. A white-hot liquid erupted from the tip and filled her to the brim, turning her inside white.

His climax lasted so long. He felt like it was overflowing.

"Ah... Aaah... Ah.."

Once their joint climax ended, the two were left breathless, gasping for air as if they had fought a long-drawn battle.

Even then, neither of them were satisfied. They wanted more. They needed more and they would do more.

Licking her lips, Maria looked up softly at Alex while taking the initiative to propose,

"My King, let's do the third round?"

Of course, Alex's answer was obvious. That night they let go of their restraint and fucked like it was their last before their deaths.

The result was a chorus of moans and flesh against flesh. It was tantalizing.

Chapter 1376 SS: The Ice Empress' Lewd Chronicles 2***

In a certain garden, around a tree, Alex held Maria's chin, peering into her ice-blue eyes while her pert lips stood an inch away from his.

Captivated by Alex's heterochromia eyes, Maria fell into a trance, allowing their silent exchange to prolong into a languorous standoff.

Alex wrapped his arm around her waist, pressing her tighter against his chest. Their warm breaths intertwined, prompting Maria to act.

Rising to her toes, the Ice Empress pressed her lips against Alex's lips. The Black Prince's grin broadened, and his tongue sneaked past Maria's lips, latching on and coiling with her tongue while their spit meshed and his hands roamed her luscious body.

Spurred on, Maria wrapped her arms around his neck, leaned back as he pushed forward, and abandoned herself to his touch. Relying on slow, tantalizing motion, he controlled the pace. Alex's eyes burned with need, and as her lust peaked, Her rosy skin turned crimson and, as her breath grew ragged, she cupped Alex's crotch.

Letting his woman run her hand up and down his crotch, Alex shifted targets, abandoning the comfort of Alex's lips to drag his tongue across her neck.

"Ohh..." The move sent a jolt of electricity to course through Maria's veins. Her nipples hardened in response, poking through her strapless mini-dress while her freed lips whimpered on Alex's tune.

Bewitched by Maria's moans, Alex slid one hand towards her breasts and the other down her curvy butt—fondling and playing both with a perfect blend of skill and raw lust.

As his hands sneaked past her dress and sank into her tender flesh, Maria's moans grew louder.

"Ohh...ohh...ohh!"

Taking over, Alex pushed one knee between Maria's legs, pressing and stroking her clit while his hand slid into her soaked panties, at first tracing then outright poking her buttocks.

Assaulted on too many fronts, the less experienced girl couldn't resist Alex's touch. Her body moved on its own accord, shuddering and grinding against Alex as his hands and tongue lifted her into ecstasy. Maria's eyes rolled back, and she fell into her first orgasm.

Her hands fell by her sides, Alex pulled back and, too weak to remain standing, she dropped to her knees. The look of rapture etched on her mesmerizing face was the final touch. All blood flowed towards Alex's crotch, and a protruding bulge distorted his pants. In a haze, Maria reached for Alex's belt—untying it with a speed she was shocked with.

His manly cock sprang free, smacking Maria's cheek. But instead of reeling at the surprise blow, she rested her cheek against his hardened cock. Her eyes locked on the specimen, observing it with a mix of curiosity, thirst, and greed. Thirst and greed took over, and the Ice Empress extended her tongue toward her man's cock, licking the pulsing veins.

Maria drenched her lover's cock in spit. Passing one hand through her hair, he patted her head each time she found and licked a sensitive spot while applying gentle pressure whenever her moves grew too wild—guiding her pace through "reward and punishment."

Now, it was Alex's turn to whimper at his partner's tune.

Maria continued playing with it for a moment before swallowing the beast.

"Ohh!"

A long moan flew out of Alex's lips. Through that one move, Maria rocked all his nerves.

Holding on to Alex's waist for balance, she blew his cock furiously, slurping and sucking at a wild and unbridled pace while her tongue coiled his cock and lashed all sweet spots.

"Ohh yes...ahhh...ahhh!" He arched his head back. His groans and bliss peaked, and his cock tensed in Maria's vacuum throat, signaling an impending orgasm.

To accelerate the impending orgasm Alex held Maria's hair and forced all his length down her throat. She gagged with a small droplet of tears escaping from her eyes, still, she did not stop and let her man do as he wished. The torture and pleasure continued for about one minute or two before Alex released his cum deep into her throat.

Gurgle! I think you should take a look at

Maria drank everything.

Looking at Maria drinking so seductively, Alex's dying cock sprang back to life, full of vigor, making Maria widen her eyes before chuckling.

"Impatient aren't we?"

Alex's cock twitched in response as if saying, of course, let me ravage you.

Without uttering a word, Alex approached Maria whose pussy was dripping wet, and lifted one of her legs, placing it over his shoulder as he yanked her panty to the side before impaling her like a gladiator before the enemy.

"Ugh!"

Maria grunted as Alex's cock went all way in with the tip kissing the entrance of her womb.

"Oh!"

With just this her brain received a huge jolt of electricity and she felt like walking on cloud nine. This position was great, they should try it often. Our Ice Empress decided in her mind before her mouth was forced open, leaking moan after moan as Alex worked wonderfully on her.

With her back facing a tree Alex continued to plunge his spear into her snatch. It was so quick that you could swear to have seen afterimages.

Pa* Pa* Pa*

Naturally, the chorus of flesh slapping against flesh resounded through the quiet garden. If this wasn't private property, those on the other side could have bit their lips hearing this crazy lovemaking session.

Theirs continued in this position for a while before Alex switched to another one, a more exciting one. He put her two legs over his shoulders while clamping her ass as he plunges his hungry cock into her dripping snatch.

"Ohhh!"

Maria pushed her head back and roared, her tongue lolled out as her brain temporarily shut down, filled with pure bliss.

Alex kept slamming his dick into her pussy like a madman.

Pa* Pa* Pa*

He rammed his dick into her in this position for five minutes straight, exploring all of the corners of her cave and finally, she had her second orgasm.

"Ohhhhhh! I'm cumming!" She shouted as she got her second orgasm.

Alex smiled before switching to another position, the final one before shooting home. It was missionary this time.

Finally, he shot his cum deep into her snatch, marking his second orgasm.

It went without saying this was just the beginning.

Chapter 1377 SS: The Ice Empress' Lewd Chronicles 2***

In a certain garden, around a tree, Alex held Maria's chin, peering into her ice-blue eyes while her pert lips stood an inch away from his.

Captivated by Alex's heterochromia eyes, Maria fell into a trance, allowing their silent exchange to prolong into a languorous standoff.

Alex wrapped his arm around her waist, pressing her tighter against his chest. Their warm breaths intertwined, prompting Maria to act.

Rising to her toes, the Ice Empress pressed her lips against Alex's lips. The Black Prince's grin broadened, and his tongue sneaked past Maria's lips, latching on and coiling with her tongue while their spit meshed and his hands roamed her luscious body.

Spurred on, Maria wrapped her arms around his neck, leaned back as he pushed forward, and abandoned herself to his touch. Relying on slow, tantalizing motion, he controlled the pace. Alex's eyes burned with need, and as her lust peaked, Her rosy skin turned crimson and, as her breath grew ragged, she cupped Alex's crotch.

Letting his woman run her hand up and down his crotch, Alex shifted targets, abandoning the comfort of Alex's lips to drag his tongue across her neck.

"Ohh..." The move sent a jolt of electricity to course through Maria's veins. Her nipples hardened in response, poking through her strapless mini-dress while her freed lips whimpered on Alex's tune.

Bewitched by Maria's moans, Alex slid one hand towards her breasts and the other down her curvy butt—fondling and playing both with a perfect blend of skill and raw lust.

As his hands sneaked past her dress and sank into her tender flesh, Maria's moans grew louder.

"Ohh...ohh...ohh!"

Taking over, Alex pushed one knee between Maria's legs, pressing and stroking her clit while his hand slid into her soaked panties, at first tracing then outright poking her buttocks.

Assaulted on too many fronts, the less experienced girl couldn't resist Alex's touch. Her body moved on its own accord, shuddering and grinding against Alex as his hands and tongue lifted her into ecstasy. Maria's eyes rolled back, and she fell into her first orgasm.

Her hands fell by her sides, Alex pulled back and, too weak to remain standing, she dropped to her knees. The look of rapture etched on her mesmerizing face was the final touch. Chapter 1378 SS: The Ice Empress' Lewd Chronicles 3***

In a certain city, in a beautiful house.

From the outside, this house looks magnificent. It has been built with wood covered in render and has blue stone decorations. Tall, wide windows brighten up the house and have been added to the house in a fairly asymmetrical pattern.

The house is equipped with a huge kitchen and one large bathroom, it also has a snug living room, four bedrooms, a roomy dining room, a lounge area, and a roomy basement.

The building is fairly rounded in shape. The house is half surrounded by glass overhanging panels.

The second floor is the same size as the first, which has been built exactly on top of the floor below it. This floor has a very different style than the floor below.

The roof is low and triangular and is covered with brown ceramic tiles. One small chimney sits at the side of the house. Two roof terraces let in plenty of light to the rooms below the roof.

The house itself is surrounded by a modest, childsafe garden covered mostly in grass and with a children's playground in the center.

ooo

In this house, two lovebirds were crazily making love.

'This man is a beast. Should I call the others to join me!'

She was about to continue swimming in her thoughts when she felt something twitch in her while Alex's warm hands covered her breast before sharply pinching her nipples.

"Ah~!"

Rather than pain, this action prompted Maria to shudder and moan lightly.

"Can you focus on me?"

Even though she was the one mounting him, she couldn't help but feel like he was the one in total control of the situation. This was a rather novel feeling for her.

He was right. She didn't want to think more about the responsibilities that fell on her. She just wanted to have fun.

Slowly adjusting herself, she progressively began to increase her movements.

Up and down, left and right, the hot and hard shaft of Alex kept going in and out of her most secret place, eliciting cries and moans of pleasure from her.

For Alex, the sensations were heavenly. Sometimes she would tighten up and sometimes she would simply keep him warm. Like a velvet glove, she encompassed him in her warmth.

The more she moved, the higher the pleasure she felt. She could feel that she was slowly reaching the breaking point.

"Alex...Nn~!"

Maria uttered his name and kept repeating it again and again, without pause until she felt all the build-up pleasure explode and collapsed on Alex while breathing hard and fast.

Of course, even though she was done, he was far from it. Taking out his dick and moving from underneath her, he now stood behind her and watched his handiwork.

Maria was completely out of it now and from her entrance, a copious amount of cloudy white liquid was slowly seeping out, giving her an even more erotic appearance.

Raising her ass that was still clad in her black laced underwear, he twirled his finger gently on her back door for a moment before deciding to do it later, for now, he would just make her enjoy it normally.

Licking his lips, he separated her asscheeks and with one swift stroke, plunged directly into her again.

"Ah~! Again?" Maria was shocked and cried aloud.

However, Alex simply grinned mercilessly. The continued movement of his hips was an answer on its own.

"Nn~! Please! Ah~!"

He chuckled, "You are begging me to stop but your body is rather sincere."

Maria felt ashamed but could offer no comeback. Indeed, every time Alex rammed in her, her hole would tighten up, showing how much pleasure he was bringing her.

"Your insides are shaking like crazy."

He firmly held onto her hips as he bore deeper into her. Her juices, mixed with his semen, flowed down from her buttocks. As he continued to thrust, the viscous fluids created a constant moist slapping sound.

Her lips no longer let out words of protest. Instead, she mewled and moaned in pleasure. He slowly changed the direction of his thrusts as he penetrated deeper. He concentrated on her panting and groaning and stubbornly hammered into her most sensitive spot.

"Ah! Aah~!"

Her insides squeezed and started to spasm. He saw that she was about to climax and plunged deeper into her.

"!"

Her body froze and she cried. Her entire body began to tremble. The moment she reached her limits, Sol also let go of all restraint and released himself inside her.

Her body gradually grew limp as his seed splashed into her body. She panted and her chest rose up and down.

'Is... it over... ?'

"My dear Ice Empress, this is just the beginning."

Maria's eyes opened wide when she felt his rode still hard in her move slightly.

"Wait Alex, wait please-!"

"I refuse."

Giving a small laugh, he lightly slapped her bubble butt and resumed his movements.

Bringing his arms towards her round breasts, Alex continued to piston while pinching and toying with her nipples.

"Ah~! Sl-slow...down. Please!"

Ignoring her cute pleas, his hip loudly slapped against hers.

"Ugh! So deep!"

Maria groaned.

Like a boat facing a storm, all she could do was close her eyes and moan louder and louder while gripping the sheets of the bed.

The sounds of the moans in his ears were like the best aphrodisiac as Alex went wilder.

Sweat soaked Maria's body and a veritable shower of love juices poured down her vagina to soak his cock.

She let out intermittent cries while he fucked her like a wild animal.

After each thrust, he could feel something boiling in him, screaming to be released but he gritted his teeth and continued hammering at her to bring her the maximum amount of pleasure possible.

Finally, once he reached his limit, he let out a repressed growl and shoved his dick as far as it could go, and then exploded for the third time today.

His dick trembled inside her while squirting its hot milk against her cervix and letting it spread throughout her vagina.

"Hah...Hah...Hah."

In the end, only the sound of their heated breaths filled the room.

"Shall we go on for another round?"

She would indeed never forget this night.

Chapter 1379 SS: A Certain Fox Love's Story 1

Somewhere in Foxia, the first empire governed by an Empress.

In a quiet town, there was a castle owned by the Holy daughter, the sole heir to the crown.

Eleven solid, round towers piercing the sky are the first you'll see of this castle and are connected by huge, heavy walls made of red stone.

Wide windows are scattered thinly around the walls in fairly symmetrical patterns, along with overhanging crenelations for archers and artillery.

A moderate gate with massive metal doors and a moat guards the only easy way across the river and it's the only easy way in, but easy is very relative here.

Small buildings, houses, and other structures populate the grounds outside the castle walls, homes for the poorest of the poor. This castle shows signs of expansion as some parts are built more recently than others, the inhabitants are already working on another part and hope to keep expanding.

Kuina rarely visits this place but strangely she visited it recently, she was accompanied by her man, her fiancé, Alexander Kael Touch, nicknamed the Black Prince.

Somewhere in this castle, the couple acting as if they were on honeymoon was currently trying something new for them.

...

At the moment instead of eight tails, they have been reduced to one tail.

Kuina was standing before Alex looking directly into his eyes as she declared how the game would be unfolded.

"To make this more fun, you are not allowed to touch me unless and until all of my clothes have been removed and this includes my socks."

"You sure know how to keep me engaged and yet make me wait," Alex said with a small smile before he nodded.

"Then go ahead and show me your best striptease."

"As you say, my husband," Sahara said with a smile before she bent down and put her index finger on Alex's lips.

She hung at the perfect angle so Alex could see her cleavage but she was going to take things a little slowly this time.

"I think this place is cold and yet my body feels so hot," Kuina muttered as she slowly slid her jacket down her arms and placed it on the ground using her tails.

Her silky white arms were then revealed to him as she did a small twirl. She then bent her back towards him and he could see her tight ass in her shorts.

'She is becoming a god at this.' Alex honestly thought with a smile as he could tell that he from a long time ago would already be getting a boner.

However, he wanted to see how long he could hold himself and what Kuina could do to make him have a boner.

"Challenge accepted." As though she had read his mind, She suddenly pushed her ass even further back.

"Damn, my shoelaces seem stuck."

While fiddling with her shoelaces, she sighed and stood back up. She wiped the sweat off her forehead as her white t-shirt stuck closely to her body.

Alex could see a neon green bra inside and Kuina could feel her gaze on her breasts.

"Damn it, I can't take the heat anymore. I need to cool down." She said with a sigh before she slowly started lifting her white t-shirt.

She first lifted it to halfway near her breasts and used it to wipe the sweat on her forehead. She then grinned and lifted the entire thing to her head before removing it.

"Ah! now I feel nice." Sahara then threw the white t-shirt on the ground as her bright neon bra was made completely visible to him.

"Feels nice. How are you in those close now? Don't you feel hot?" She then asked while raising the index finger of her right hand to her lips.

If Alex didn't know her true intention, he would say that she was an innocent maiden.

"Yes, I am feeling hot." And with a snap of his finger, Alex's jacket and t-shirt were removed from his body.

"I think my lower body is getting sweaty too."

Kuina suddenly declared as she put her left hand down her shorts. Her hand then rummaged around her lower area for a few seconds.

She then brought her hand out and the Black Prince could see that her index and middle finger were a little wet. But whether that was from her precum or sweat, he didn't know that.

Unbothered Kuina smiled at this as she brought her fingers close to her mouth and licked them. This confirmed that she was licking her precum.

"Well, I am a take it up another level. The weather is killing me." Kuina said as she unbuttoned her shorts and slowly started sliding them down.

She pushed her ass in Alex's direction while doing that so he could see the golden laced panties tightly stuck between her ass.

She then threw the shorts on top of the pile of clothes before smiling. Her hands slowly traveled to her back as she tried to unhook her bra.

"Kuh! I cannot unhook this stupid thing! Alexander, please help me here." The Holy Daughter said as she walked backward and bent down towards him.

The latter snorted once before snapping his fingers. Kuina's bra automatically unhooked itself as she made a tch noise.

"I am not losing."

She then moved away as she slowly slid the straps of the bra down her shoulders. While covering her breasts with one hand, she dropped the bra down with the other hand.

"Now I feel cool." She sighed and raised both of her arms in the air.

Gravity occurred and her boobs were pulled down the moment they were released from her grip.

They started juggling up and down as the Black Prince grinned. It was a good attempt but he knew that he could not fondle those big melons or perhaps watermelons.

The golden-laced panties and socks on her body prevented him from doing so.

Things were slowly starting to become interesting.

Chapter 1380 SS: A Certain Fox Love's Story 2*

The golden-laced panties and socks on her body prevented him from doing so.

Things were slowly starting to become interesting.

"Why are you looking at me like that?" Kuina asked in a confused tone before she walked a little forward and bent down in front of him.

Her boobs juggled in front of his face as she looked at his face with a confused expression.

"I am just wondering how you honed your skills to this level?"

"Well, I have to if I wish to keep my man not to forget me."

She put her hands on the side of her panties and slowly started pulling them down. After reaching down to her thighs, Sahara bent down even more as she finally slid the panties down her body.

Except for her shoes and socks, Kuina had no clothes on her body but the challenge was still on.

"Looks like I am starting to feel the cold now." She said with a grin and cupped her breasts with her hands. The nipples had turned erect as she slowly started playing with them.

Her right hand then went down to her completely shaved pussy as she slowly pulled her labia apart. She then moved forward to give her man a better look before putting her middle finger inside her pussy.

While slowly fingering her pussy with her middle finger, she looked at Alex's face. The latter looked extremely calm so she turned her gaze to his cock.

There was no rising tent and she felt a little disappointed by that.

"Anyways, what are we going to do now?" She asked while keeping her voice stable. "I guess I should proceed with the real thing now."

She then bent down on her knees and with some quick movement, Kuina undid her shoelaces and kicked them off her feet.

Before that day, Alex had never thought that he would see someone removing their socks so slowly. But she speed could be compared to the movement speed of a snail.

"Done." After a few minutes, she dropped the last remaining piece of cloth on her body down on the ground.

"So I passed the challenge." He grinned as he stood up and shook off his clothes. He then looked at the few drops of arousal juices dripping down Sahara's thighs before he decided to take things up a notch.

"Then shall we proceed," She said as she hit her ass once with her right hand.

But Alex didn't say anything and walked forward. He grabbed her body and pulled her against his body. While maintaining a steady grip on her waist, he kissed her lips and invaded her mouth.

His tongue entwined with her tongue before he pushed her against a tree. While keeping their tongues intertwined, he hands slowly traveled down her body and grabbed her breasts.

While groping the big melons with his hands. Kuina's hands went near his cock while her tail slowly went behind him.

'She is going to do that again.' He thought with a smile as he felt he tail slowly poking around his asshole.

But he was no longer affected by that as his right hand let go of her breasts and went down to her sacred cave.

But she legs closed around his hand in an attempt to stop him from entering her cave. He then broke their kiss to see her smiling.

"Not so quick," Kuina said as she released the grip on Alex's hands and controlled her tail to move forward and surround his cock.

The warm tail slowly started rubbing his cock and he could feel his precum oozing out his hardened shaft. Kuina then started increasing the speed of her tail job as always cock grew even harder in her embrace.

"Kuh!" Alex grunted, trying to hold in.

Kuina giggled a little when she realized what Alex was doing.

"Such unique position," She muttered as her breasts were now in front of Alex mouth.

He slowly started licking the erect nipples with his tongue before he put them in his mouth. He then started sucking on them like a hungry baby koala.

"Ahhh~" After that, Kuina finally released a moan as he continued to such on her erect red nipples.

Her tail also continued to rub his cock but she soon realized that there was no way that he was going to cum in this way.

"Alex , please put me down," Kuina said and Alex obliged. He could tell that she had something in her mind and he decided to let her do that.

"Let's see how long you can hold now." She said with a grin before she opened her mouth and swallowed his entire cock in a matter of seconds.

Yet her sharp teeth were chipping at Alex's cock just like when she had given him her first blow job.

'Could it be that she is trying to...' He immediately realized what Kuina meant.

The fox lady slowly started moving back and forward like she was giving him a blowjob for the first time.

But slowly, her skills started to rise. It was like an MC who had been hiding his real powers the entire time.

Her tail moved below Alex's cock and wrapped around his jewels. That tail then slowly started massaging his jewels while she sucked his cock.

"Ohhhh! Damn..." He muttered as he realized why she had made her earlier statements. He could feel his pre-cum dripping inside her mouth as the Holy daughter girl slowed down.

She pushed her hand forward and his cock touched the base of her throat. She stayed in this position without gagging and Alex could feel that he was about to come soon.

Kuina also realized this and as quick as a viper, she removed his cock from her mouth and touched the tip with her tongue while her tail whipped back and touched his asshole. The two things combined made Alex release his white cum directly inside Kuina's mouth as she greedily swallowed the hot white liquid.

"Tasty if I'm being honest." She finished while licking her lips.
