

Death Guns 1421

1421 Chapter 1421

Shortly after, along with Sakuya's command, the other two began their attacks. However, compared to the extravagant and vibrant attacks earlier, the attacks now seemed particularly shabby. Gracier and Pandora used their bows their proudest abilities and went along with firing ordinary arrows. Meanwhile, Sakuya no longer cast her powerful skills and was simply assaulted with the holy light. Gracier also released tiny fireballs under Sakuya's lead, while the three maintained the defensive barrier to resist the reflected attacks.

Sakuya's strategy had an immediate effect. While some attacks were reflected from time to time, they were stopped entirely as their might was already weak, to begin with. Meanwhile, the attacks that the mysterious entity wasn't immune to were blasted at full force. Although those attacks weren't strong, Sakuya's mission wasn't to defeat it, after all, but to contain it in this place instead. From the earlier tests, she discovered that this Boss didn't seem to possess any abilities other than reflecting attacks, nor did it have any proactive offensive skills. In this case, it was still possible for Sakuya to contain it!

One had to admit that this strategy from Sakuya was indeed a bother for the Boss. It did seem like it didn't possess any proactive offensive skills. Facing the weak magical spells, arrows, and even daggers hurled out by Pandora from time to time, the mysterious entity was caught in a horrible spot. This also proved that Sakuya was right about it being unable to be immune to all attacks at the same time!

However, good times didn't last long.

Just when she thought that everything was about to get on track, a low, hoarse voice echoed in everyone's ears all of a sudden.

"You... are unforgivable!"

"...!"

Along with this malicious bellow, something happened.

Boom———!

The solid ground beneath Sakuya's feet cracked and ruptured with gravel scattering in all directions.

However, she escaped by stepping through space, space shrink she called it.

Both Gracier and Pandora also put distance between themselves and the enraged monster.

As the solid ground got destroyed, the scenery around them changed to what appeared to be a final boss room. Standing before them was an enormous beast, it was a fucking dragon.

Tranquil fiery eyes sit buried within the creature's bony, scaled skull, which gives the creature a fierce looking appearance.

Several small horns sit atop its head, just above its tiny, angular ears. Several large fan-like skin and bone structures runs down the sides of each of its jaw lines.

Its nose is large and has two thick, rounded nostrils and there are tendrils on its chin. Several sharp teeth poke out from the side of its mouth and reveal only a fraction of the terror hiding inside.

A broad neck runs down from its head and into a muscular body. The top is covered in smooth skin and rows of small spikes runs down its spine.

Its bottom is covered in coarse skin and is colored much darker than the rest of its body. Four slim limbs carry its body and allow the creature to stand imposing and arrogantly. Each limb has 4 digits, each of which end in huge claws seemingly made of obsidian.

Slender wings grow starting from just below its shoulders and end at the lower end of its back. The wings are scythe-shaped, a specialized layer of seemingly color-changing skin makes up most of the wing and sharp, spiky scales cover the top of each visible bone.

Its flat tail ends in a curled tip and is covered in the same smooth skin as its body.

"Wow! The final boss is a dragon like in a game." Sakuya commented with a smile. Pandora nodded as if to say I do think the same thing, both stared at Gracier making the little devil heave a sigh.

"I know!"

Roarrrrr!

Following Gracier's words the dragon transformed from the mysterious entity roared, destroying the small mountains in the surrounding.

Gracier ignored it before her body was surrounded by a dark red golden light and she turned into the most basic dragon form, it was her current limit. It must not be forgotten that Ignia was the queen, the mother of all dragons, the goddess of fire so naturally Gracier inherited this title as well upon taking the mantle of successor.

Gracier's transformation lasted two minutes before her normal dragon's form got unveiled and one could say it was quite intimidating for a normal form, it is to the most basic form of her dragon's lineage.

Angry crimson eyes sit far within the creature's soft, horned skull, which gives the creature a vicious looking appearance.

Several tendrils sit atop its head, just above its tiny, warped ears. Several rows of small tendrils runs down the sides of each of its jaw lines.

Its nose is pointy and has two large, angular nostrils and there's a horn on its chin. Rows of sharp teeth poke out from the side of its mouth and reveal only a fraction of the terror hiding inside.

A broad neck runs down from its head and into a massive body. The top is covered in scale-like skin and rows of tendrils runs down its spine.

Its bottom is covered in red crystal-like skin and is colored slightly darker than the rest of its body. Two mighty limbs carry its body and allow the creature to stand noble and poised. Each limb has 3 digits, each of which end in thick claws seemingly made of onyx.

Terrifying wings grow starting from its shoulders and end at the end of its shoulder blades. The wings are almost demonic, the inside is almost entirely see-through, especially when viewed from a distance and jagged edges at the bottom almost give it a feathered look.

Its barbed tail ends in a single tendril and is covered in the same scale-like skin as its body.

ROARRRRRRRRRR!

Gracier's roar was mightier making even space tremble.

Sakuya and Pandora found a proper space to hide to observe this fight that should be interesting. Somehow Sakuya wore a black sunglasses and held in her arms a bag of popcorn, as if she were in the cinema.

Bang! Bang! BOOM! BOOM!

Many explosive sounds rang every time the dragons clashed and something was destroyed each time, it was a fight beyond anything the girls even saw. Claws tearing through space, mountain getting erased with a single dragon's breath.

Dragon's breath against dragon's breath resulted in the destruction the land. The mysterious entity turned into dragon could use the darkness element as well absorb some of Gracier's fire element and amplify them. Unfortunately, it did almost no damage to Gracier. The fight seemed to have reached a stalemate when suddenly another dragon made entirely of fire appeared and attacked the other dragon, momentary drawing its attention as Gracier disappeared turning back into her human's form.

The dragon born from the mysterious entity created a wall in order to defend against the flame dragon before absorbing it to strengthen itself to finally get rid of this annoying enemy.

Unaware of what the real Gracier was doing, the boss couldn't prevent what was about to happen. During their fight Gracier using her sharpened senses and instinct she was able to find the other's core, meaning its weakness. Only by getting rid of this weakness would she have any chance of winning.

Gracier's body turned into the form of pure flame and she was able to pass through the enemy's wall. She passed through the wall and appeared behind the dragon. Shortly after, she extended her right arm, which held the transparent flame sword. Along with this action, a blade ray flickering in crimson spiritual radiance pierced the sphere of light inside the dragon's body, it was to say its core.

"No———!"

This time, her attack wasn't for naught. The mysterious entity turned into a dragon, whose core was struck, let out an indignant scream. It spread and extended its arms in despair after turning back its previous form. But it was meaningless. Flame burst from within the core as the mysterious entity trembled, while the hidden sphere of light dimmed rapidly and vanished.

Swish———!

Whistling airflows burst. As the sphere of light vanished entirely, the mysterious entity was completely obliterated in midair.

Gracier canceled the fake dragon made from pure flame and descended to the ground before trying to catch her breath. She was really exhausted, this fight took all she had, while the fight could have appeared simple for the onlookers as the one fighting Gracier knew it was not so easy. Everything should be done perfectly if not it wouldn't have given the final result. She won this fight not because she was stronger but simply because she used her wits to make it simpler.

"Good work Gracier, it was a wonderful fight. Let's compete once we get back." Sakuya who approached her offered those conforming words much to Gracier's joy.

"Great fight indeed." Pandora caressed Gracier's head while offering her a bottle of Spirit Wine.

"Thank you all. Let me rest for a while before we will leave." Gracier took the Spirit Wine and quickly opened it, sharing the content with the other two.

Their little adventure seemed to have come to an end. Same thing for Maria's group on the outside, their goals have more or less been achieved. It was the time to go back, hopefully Alex was about to achieve his, the girls had the same thought.

Chapter 1422

The following morning Alex woke up to find Silveria staring straight into his half-opened eyes. She seemed to have woken earlier than him and was observing him.

"Good morning my beautiful goddess!"

"Humph! Good morning, we agreed to forget about what happened and-"

Silveria couldn't continue with her sentence because Alex sealed her lips with his own.

"Mmmh!"

The kiss lasted a few seconds before Alex stopped with Silveria glaring at him.

"There is no way I'll follow some words said to have you give in. You're mine, I'll make you mine. Why will I destroy all my efforts? I want you, it is not a mistake so never again say that. Please give me a chance."

Silveria was lost for word upon hearing Alex's declaration. Her heartbeat quickened and she couldn't look at him in the eyes. Although, she said those words she didn't mean them because deep down she wanted to be loved, she is a woman after all. Alex not giving up on her made her extremely happy, not that she would show it, still the first step had been taken.

"Hmph! Do what you want I'll be-" She couldn't finish her sentence again because Alex caught her hand and said.

"Don't go, I want you! Let's do some morning workout." Alex declared with a straight face, Silveria wanted to rebuke him but found her lips sealed again and Alex's naughty hands roaming all over her body, She soon fell weakly back on the bed.

Alex didn't attack her, he proposed some nice idea to spice things up a bit.

Silveria in heat absentmindedly nodded, giving her approval and soon they started. Alex called this little game 'the ice game'. He first tied her arms and legs against the poles of the bed, then he summoned an ice cube and was using it to play around her body until arriving at her pussy.

"Aannhh~~"

Silveria moaned loudly.

"A-Alex!"

She called out, Alex, however, continued with his plays and didn't reply,

The tingling feeling that Silveria was feeling between her legs heightened due to the sudden stimuli.

It was cold, wherever the ice cube went and touched sent a weird, numbing sensation into her body, and since Alex was continuously moving it on her crotch area, the expectation of where it would go next made Silveria even more uncomfortable.

Of course, Alex's other hand, which was working on her nipple didn't stop either. Silveria was being attacked from 3 points at the same time.

Alex, however, wasn't playing a fair game, to begin with.

It had been more than a minute after he moved the ice cube to her crotch area, however, he still hadn't moved it to her lower lips, making Silveria more and more uncomfortable and desperate.

"M-Move..."

Unable to endure the torture Silveria weakly muttered.

"..."

But again, Alex didn't answer. It wouldn't be fun otherwise.

This silent treatment, Silveria didn't know how she felt about this.

She tried to twist her body in strange angles, trying to cope with the tingling feeling she was feeling in between her legs, but no matter what she did, her legs, which were tied to the two poles of the bed made it impossible for her to use her thighs to alleviate that tingling.

Her nipples were hardened to impossible levels because of the ice cubes, and her crotch area, which usually emitted a lot of heat was now being cooled out as Alex continued to circle the ice cube there, her lower lips were itching badly, and the same was true was her clit, which was currently swollen and was emitting more and more heat, expecting to be calmed down by the ice.

Silveria's entire body was currently an absolute mess and was so sensitive that a single slick on her clit would make her orgasm.

She was so close yet it still felt far.

Her mind was filled with different emotions.

Suddenly, Silveria's body reacted.

"Annnh~"

Something touched her lower lips.

However, this 'something' was not the ice cube she was expecting it to be, on the contrary, it was something hot.

Something long, thick, and hot.

Silveria didn't have to think,

She remembered this feeling well.

She knew what this something was.

"Aannnnhhhh~"

Suddenly, Alex started sliding his cock on Silveria's lower lips, her sensitive body couldn't take it and her walls started trembling, craving for more.

She felt a jolt running throughout her body as her walls loosened a little.

She just experienced a minor orgasm.

And Alex hasn't even entered her cave yet.

She couldn't believe it.

Just how sensitive has her body become...?

She questioned inwardly.

"Should I continue?"

Suddenly, Alex questioned and as if trying to compel her to answer, he completely stopped moving.

"..."

As soon as he did, that tingling feeling returned, this time, a lot stronger than before, and as if to make his intention clear, he moved his dick away from her opening and started rubbing it on her thigh.

This little act of his teased her body even further, it made his intentions of not doing anything else until she said something clear, and the tingling feeling she was feeling between her legs heightened even further, making it unbearable.

Silveria was completely helpless.

If only she could break through these ropes and force this man to shove his cock inside her.

"Hmmm? Why haven't I heard the answer yet?"

Alex questioned with a playful smirk on the corner of his mouth.

He moved the ice cubes away from her hardened nipples and started moving them on her thighs, near her inner thighs.

Immediately, Silveria's body started trembling.

This was just too much.

This cold and hot feeling.

These two opposites... it was messing with her body so masterfully that even she couldn't believe it.

"Y-Yes, continue..."

In the end, Alex forced the answer out of her mouth. However, he wasn't satisfied.

"Is that a request?"

He questioned, stopping in his actions which makes things unbearable.

Silveria quickly realized what he wanted.

She gritted her teeth, however, the itch was getting more and more unbearable,

She didn't have an option.

She had to give in.

"P-Please, c-continue."

Her body trembled as she said those words, strange thoughts filled her mind.

She was practically begging for it, how humiliating, how unsightly, unbecoming of her status.

Silveria's pride as a senior.

It was currently being shattered. She was being forced into submission by a man a hundred thousand years her junior.

But...

She didn't hate this feeling of submission, she kind welcomed it.

It was a complex feeling that Silveria wished to sort out, however,

"Aaaaannhhhhhh~"

Alex smiled and finally entered her body.

That torturous tingling messed her body.

The moment Alex filled her up, it all just... disappeared. A big jolt of mind-numbing pleasure coursed through her body.

For a moment, she felt like her soul just left her body and she nearly passed out.

A very familiar feeling.

A very... very familiar feeling...

Squirt

Alex's cock was showered again.

Yes, she came.

Silveria's walls cramped around his dick, trying such it in and keep it in there forever, after the intense night session they had yesterday, Silveria's walls had started taking his rod's shape, therefore, Alex's entire cock was currently being kissed by Silveria's walls,

The feeling was just too heavenly.

However, on the other hand, Alex's legs were weakening...

He had to use everything he had to stay awake.

This feeling was just too good.

"Haah... Haahh... Haahhh..."

He then heard Silveria's breathing heavily.

Seeing this scene, an evil smile appeared on his face and,

He moved.

"Annh~"

Silveria moaned.

Alex's smile widened and without any mercy,

He thrust his hip with all his strength.

"Aaannhh!!"

And Silveria moaned out loud.

Alex, however, wasn't done yet.

He grabbed another ice cube and then, he started rubbing it on Silveria's swollen and heated clit, sending jolts of pleasure into her body.

Silveria was so out of breath that she couldn't even moan and Alex didn't give her any chance to recover either.

Along with him rubbing the ice cube on her clit, he continued his merciless thrusts as well, under this lethal attack, she nearly lost her mind.

Pah! *Pah!* *Pah!!!*

"Annh! Annnh! AnAnnhh!"

Her eyes rolled over, her back arched up and her tongue lolled out.

One would have a mental scar if they saw Silveria's expression, the contrast between the normal Silveria whose noble aura overpowered anyone, and this...

It was just unbelievable.

"AaannnNnNnHhHH~~"

Silveria's sensitive body experienced another orgasm.

So she moaned in pleasure again.

Squirt

This was a hell of an orgasm.

Her walls tightened around Alex's cock, and the pleasure he was feeling spiked again, his little brother, which was already very sensitive because of how lovingly Silveria's walls sucked it, couldn't take it anymore and,

"Ugh!!"

It released its milk inside Astaria's body.

Their juices mixed, and a funny smell spread all over the tent, however, none of the two cared about it.

Alex didn't mind this smell as he was too familiar with it.

As for Silveria, well she was too tired, she didn't have the strength to do anything, much to react to the current situation.

"Hah... Haahh... Haa..."

1424 Chapter 1424

~Back to Alex's location.

In the middle of this beautiful garden was a table and sitting around this table was a beautiful woman.

Nyx's black hair cascaded down like a waterfall, and some of it fluttered in the air. She sat and seemed to have blended with nature. She was silent not saying a word when she suddenly opened her small mouth and sighed.

"That foolish sister of mine didn't make use of this opportunity. Who knows how strong he would have become if she took the initiative."

If Silveria were to hear her sister's words she would have flipped over and fought Nyx even if she couldn't win.

Only Nyx knew what she was planning by saying those words.

"Well, things will solely unfold, there's no need to intervene. As the saying goes back in days, let nature take its course." She added before vanishing.

...

In a certain forest, two individuals were walking slowly through it.

The forest was large, compact, and flourishing. Its canopy was reigned by fir, spruce, and cypress, their crowns allowed cascading lights to shimmer through for a hodgepodge of bushes to monopolize the thick layer of leaves below.

Thin climbing plants dangled from most trees, and a hodgepodge of flowers, which grew all over the place, added some color to the otherwise jade backdrop.

A mixture of sounds, which were caused by birds and insects, added life to the forest and added to the sounds of the occasional sounds of birds of prey gliding in the air.

Silveria had suggested taking a stroll alongside Alex, she desired to fight in her humahumanm.

While this could consume a little more of his mana Alex didn't mind.

The two explored the forest but strangely did not encounter any monsmonstersif today the monsters were on holiday.

The duo arrived at a different location, there was a river in the distance. Suddenly they heard a cry, a baby cry to be more precise.

"Could it be an abandoned baby?" Silveria wondered with a frown. Why would any normal children be left here? She had heard that in the past, some people abandoned young children in places such as the reeds. She moved aside the dense reeds and carefully searched for the child.

Suddenly, a ferocious mouth shot out from the reeds, trying to bite her.

Everything happened too fast and without warning. None of them felt any presence beforehand.

"Be careful!" Alex exclaimed while trying to save her.

Naturally, Silveria wasn't so naive and innocent. She had long since been prepared. When it was about to reach her, she kicked off the ground and drifted into the distance, avoiding the deadly attack. Alex's attacks arrived soon afterward. The vicious mouth evaded them, but in doing so stood up, allowing them to finally see what it looked like.

It wasn't just a single ferocious mouth; rather, there were nine of them. The creature had nine heads, and its body was that of a large snake.

[Nine Infants Hydra LV 200]

Even though it was a bit smaller than the Nine Hydra he saw in Exodus, its body paired with its nine writhing heads made it look frightening. The nine-headed monster roared furiously at the people who had attacked it.

The duo finally realized where the baby's cries had come from. That was the noise the creature made! No wonder its name was 'Nine Infants Hydra'!

"Wow! What a funny-looking monster." Silveria mocked and Alex laughed.

The Nine Infants Hydra became somewhat angry. Even after they beheld its dignified body, these insignificant humans didn't seem to show any fear at all, instead talking cheerfully to each other.

One of its heads suddenly opened its mouth. A water bolt shot out of it, flying toward the group like a blast from a high-pressure water gun. The duo quickly evaded it, but the bolt left a deep crater in the space where they had been standing.

Alex snorted. He didn't stop, attacking with his special custom-made throwing knives nicknamed Reaper, using Lightning Degree on the Reapers to make their fast yet deadly. However, several of the Nine

Infants Hydra's heads shot water from their mouths, blasting his knives away. The water bolts were like densely packed bullets, leaving behind countless deep pockmarks on the shore.

Soon, however, the monster switched to shooting thin lines of water instead; wherever they passed, they could even silently cut the sturdiest stones in half. I think you should take a look at pandasnovel.com

Under the concentrated barrage of attacks, Alex was forced to defend with the Reapers. However, that also meant he had no chance to retaliate for the time being.

Inwardly he was shocked. It was always said that water had unparalleled flexibility, but also held the greatest power. He had seen the power of water blades that could cut through steel like butter in some videos from his previous world. He hadn't expected to see such a thing again today.

The surrounding temperature suddenly dropped, and snowflakes swirled through the air. It was clear that Silveria had finally gotten serious. She couldn't cut off the flow of mana on the monster making it unable to use any skills or elements meaning this monster was using both the mana system and the Chaos system, it was the only plausible explanation for her constant failure. Still Silveria wasn't discouraged because this made this fight more fun.

She created a sword and unleashed an Ice sword attack. Naturally, Ice-type attacks are the counter to Water-type attacks.

The water bolts the Nine Infants Hydra released were instantly frozen solid, weakening them significantly. Silveria's sword's cold energy even followed along the water trails that came out of the Nine Infants Hydra's mouths, freezing them up to the monster's snake tongues.

Alex watched in admiration. As expected this woman is strong, too bad she couldn't stay too long outside when it comes to fighting.

Two of the heads were about to freeze, but suddenly, the Nine Infants Hydra's other heads spat out streams of flame that instantly melted the ice.

"It can use fire and water?" The duo exclaimed.

However, the monster didn't give them any chance for a reprieve. The nine heads each found different targets, continuing to attack all of them at once.

Silveria and Alex weren't affected as they kept attacking repeatedly, destroying the monster's head.

The Nine Infants Hydra continued to rock back and forth. Then, new flesh began to form around the spot where its head had been destroyed. After that, a new snake head began growing rapidly. Apart from the color being a bit lighter, it was the same as the previous head!

As the Nine Infants Hydra recovered, its expression became even more malicious. It screamed at them angrily in an infant's voice. Even though it sounded somewhat ridiculous, its body gave off extreme pressure, and its nine malevolent snake heads were no laughing matter.

The new snake head fired a wave of flames at Alex. It clearly remembered who had smashed it to pieces earlier. Meanwhile, the other snake heads also coordinated their attacks. Blazing flames swept forth, cutting off his path of retreat.

'This guy even knows how to create a crossfire net?' Alex was amused. Since there was nowhere to evade, he decided he wasn't going to. He used his temporal ability to slow down time before easily dodging.

The Nine Infants Hydra became enraged. The other snake heads turned around and sucked in a large amount of water, before spitting them out in a hail of water bolts.

Unfortunately, it couldn't deal any damage to Alex and Silveria, this enraged the beast and attacked viciously.

Both Alex and Silveria exchanged a glance and understood each other intention. They decided to play this beast to death.

You can regenerate indefinitely, right? Let's see how tough you are and how long you keep up.

Soon, another snake head was removed, followed by a second, a third, a fourth...

At first, the Nine Infants Hydra could recover quickly, but eventually, it couldn't take it anymore, recovering more and more slowly. One snake head couldn't recover at all, and a constant trickle of blood streamed out of it.

The monster no longer looked as sinister and malicious as before. Rather, it showed a bit of fear as it looked at the group. It thought to itself, Where did these crazy humans come from?

It realized that it could end up in a bad position if it continued to fight, so it sought out a chance to flee into the ferocious river. Even though the duo tried to cut it off, the river was too large, so they couldn't fully seal it off. As such, they could only watch as it escaped. That was the monster before Silveria finally turned into her gun's form and Alex unleashed a powerful special Ice bullet, freezing more than half of the river thus sealing the monster into ice.

The Nine Infants Hydra struggled to free itself but failed miserably. Alex disappeared to reappear before the sealed monster and aimed a black gun at it.

The monster felt death closing in upon seeing the black gun. No matter what happened it would die the Nine Infants Hydra knew it.

"The End!"

Bang!

A gunshot rang out and a powerful monster was eradicated just like that. It should have been an immortal monster in its turf but there is no immortal before the Goddess of Death.

"Boring!"

Silveria who had returned to her human form mumbled in dissatisfaction but Alex simply rolled his eyes at her because he understood the reason for this behavior. She was jealous that Alex used her sister instead of her to deal the final blow.

"Calm down, I'll prepare a feast for you as quickly as possible." Alex calmed the fuming Silveria. A beautiful smile bloomed on Silveria's face.

'He sure treats me the best.' Silveria's smile widened and she thought this deserved a reward.

NYX appeared for some reason.

"Big sister?" Silveria was surprised by her sister's sudden appearance but Alex was overjoyed.

"The more the merrier." He said with a smile before preparing for the barbecue after finding a nice spot.

The group enjoyed themselves, chatting and laughing.

Alex summoned his status window when the sisters were chatting, well more like Silveria was talking with Nyx listening.

"Not bad. I can't wait to see Silveria's reward."

Alex mumbled while looking at the sisters happily chatting. He couldn't wait for the night to come in order to enjoy Silveria's reward.

...

The sky was black tranquility married to a poetry of stars. It was the softness that called the body and brain to rest and let the heart go to its steady rhythm. Night came as a reward of sorts, a restfulness above to calm the soul.

Alex's group wasn't sleeping because they had something going on.

After nightfall, the winds became colder and stronger. However, that didn't affect Silveria at all. On the contrary, the light fabric of her dress fluttered around, making her look even more like a goddess. Her dress was silver just like her hair and eyes highlighting her beauty even more.

She gave Alex a deep look, then gently raised her wrist and got on her tiptoes. She was like a soft willow amid a breeze, looking as if she were dancing lightly and gracefully within the moon's silhouette. As the moonlight shone from behind her, her dress seemed to become translucent, further displaying her sweet, fair, and graceful figure. She almost looked as if she weren't wearing anything, and yet no one could see anything.

She had a sort of mysterious beauty that tested onlookers' patience. She didn't have to do a thing, and yet it was already enough to make their imaginations run wild.

Soon afterward, a gentle and sweet hum began to echo through the entire forest. It wasn't like any written song; instead, it was more like heavenly music that originated from the soul.

Alex felt as if his hair had begun to stand on end. Silveria's moving dance, together with the voice that made one's imagination roam, made him feel as if countless succubus had surrounded him, whispering sweet words into his ears. Many lovely scenes immediately appeared in his mind. He even felt as if all of his blood had begun to boil. He unconsciously leaned forward a bit and covered his eyes with his hands.

Alex's heart pounded like a drum. Even with his willpower, he seemed to be on the verge of breaking apart. The worst part was that Nyx was right next to him. If he made a fool of himself in front of her, wouldn't his image be completely ruined?

Despite that, his body refused to remain under his control, and his instinctive reactions ran wild. The only way to just barely stop it was to avoid looking at the woman dancing like a goddess. However, the scene seemed to have some kind of bewitching power, making one completely unwilling to shift one's gaze away.

If that were all, however, with Alex's willpower, he could still just barely look away. However, he had just promised Silveria not to, so how could he go back on his word? Besides this is the reward for his efforts to please her, it would be a waste not to enjoy the show.

As such, he just braced himself and continued to watch. Soon afterward, a pair of penetrating, beautiful silver eyes met his. It turned out Silveria had always been looking at him! Perhaps it was because she saw how hard-pressed he was, but a proud expression flashed through her eyes. Then, her movements became even gentler.

'This woman is playing with fire! Did she think I wouldn't do anything with Nyx present?' Alex thought, completely covered in sweat.

Nyx was calmly looking at her sister's dance while Alex did his best to hold on.

She secretly observed Alex's expression. When she saw that he was completely red and sweating madly, she wasn't shocked because she understood better how dangerous her sister's dance was. Even though Alex was about to break down, it would be weirder if he didn't have any reaction.

On the contrary, the fact that he could hold on this long already made his willpower greater than that of countless men. Who would have thought that even though he usually acted so perverted when with his women, in reality, he was such a gentleman?

If Alex knew what Nyx was thinking at the moment he could only smile.

Silveria's Bewitching Dance continued for a while before she stopped. Alex was completely drenched in sweat, he took everything he got not to jump on the silver-haired goddess to assault her, letting his instincts go wild.

"Excuse me!" Alex disappeared as soon as the dance finished.

Silveria and Nyx exchanged a look before the former smiled in satisfaction, almost like she had won a gamble.

Unbeknownst to Alex his intelligence stat has increased tremendously during the dance.

Silveria and Nyx exchanged a look before the former smiled in satisfaction, almost like she had won a gamble.

Unbeknownst to Alex his intelligence stat has increased tremendously during the dance.

"Don't waste today's opportunity," Nyx said to Alex as soon as he reappeared. She departed soon after leaving only Alex who was lost in thoughts thinking about what Nyx was implying and Silveria who was more beautiful tonight.

She approached him stood at arm's length from him and asked.

"How was it? You like it right?"

"Yes, so much I want you right now." Alex didn't hide what he was feeling.

"What?"

Silveria was shocked having not expected such an attack from Alex, she was about to leave because she had the feeling that the situation was about to become weird. She spun her body, leaving her back to Alex but suddenly,

A pair of strong arms hugged her from behind, and a voice called out.

"Don't go!"

Silveria's body tensed before she immediately became angry. Her many years of instinct almost made her attack, but when she realized that it was Alex, her movements stiffened.

She bit her lip and asked in annoyance. "What the hell are you doing?"

"I don't want you to go!" Alex replied in a rude and unreasonable tone. He didn't know why either, but his thoughts were incredibly messy. He seemed to have become much braver than usual, too.

A hint of a conflicted expression flashed across Silveria's face.

She replied, "Alexander, you're getting more and more daring, aren't you? Do you even dare to take advantage of me now? Let go already!"

"No!" Alex exclaimed, looking completely unaffected. He smelled her fragrance from just beyond his nose and thought, 'Wow Sil, isn't the type to wear perfume. Why does she smell so good?'

His actions were already bordering on disrespectful. No matter how much Silveria deceived herself with the idea that it was just a hug between a master sister and a contract spirit weapon, it had become inexcusable. She glowered, exclaiming, "I am several years older than you and I'm weapon's spirit!"

Alex moved closer to her ear and replied quietly, "I know, but so what?"

Ears were normally sensitive to begin with. Silveria immediately felt her entire body shiver when she felt the hot air he breathed out. She laughed out of sheer anger.

"What have gotten into you seriously?" She couldn't help but exclaim.

"I don't know. I only know that I don't want you to leave," Alex said, hugging her tightly. He felt as if his brain had become a complete mess, and his body was also really worked up.

"Let me go! If you keep going... Mm!" Silveria exclaimed in shame and anger. She was just about to act when her mouth was suddenly plugged up. Her eyes immediately widened, and an explosion went off in her mind!

'I was forcefully kissed?'

If there had been anyone around them, their eyes might have just popped out, especially if it was someone from the past.

Silveria was also a bit stunned. For countless years, she hadn't even let any man within three inches of her, so nothing of this sort had ever happened. That was why she hadn't immediately reacted. But after her initial shock, she quickly felt ashamed and furious!

Her instincts trained across countless years couldn't be changed. She sent her elbow straight at Alex's chest. A muffled sound followed. If it were anyone else, even if they weren't seriously injured, a few bones would break. In contrast, Alex's body was sturdier, not even a single bone had broken.

Silveria felt the taste of blood surge within her mouth, realizing that Alex was injured. She felt a bit of regret that she had attacked too fiercely. It would have been bad if she hit a vital point. However, even though she thought it was enough to make him back off, he continued to kiss her as if he didn't care about his life anymore. He even stuck his tongue in!

Silveria was also a bit stunned. For countless years, she hadn't even let any man within three inches of her, so nothing of this sort had ever happened. That was why she hadn't immediately reacted. But after her initial shock, she quickly felt ashamed and furious!

Her instincts trained across countless years couldn't be changed. She sent her elbow straight at Alex's chest. A muffled sound followed. If it were anyone else, even if they weren't seriously injured, a few bones would break. In contrast, Alex's body was sturdier, not even a single bone had broken.

Silveria felt the taste of blood surge within her mouth, realizing that Alex was injured. She felt a bit of regret that she had attacked too fiercely. It would have been bad if she hit a vital point. However, even though she thought it was enough to make him back off, he continued to kiss her as if he didn't care about his life anymore. He even stuck his tongue in!

"Let me go! If you keep going... Mm!" Silveria exclaimed in shame and anger. She was just about to act when her mouth was suddenly plugged up. Her eyes immediately widened, and an explosion went off in her mind!

'I was forcefully kissed?'

If there had been anyone around them, their eyes might have just popped out, especially if it was someone from the past.

Silveria was also a bit stunned. For countless years, she hadn't even let any man within three inches of her, so nothing of this sort had ever happened. That was why she hadn't immediately reacted. But after her initial shock, she quickly felt ashamed and furious!

Silveria finally couldn't take it anymore. She pushed Alex with all of her strength, no longer holding back. Still, he wasn't stupid either. No matter how tough his body was, he couldn't endure successive attacks from a powerful individual like her so Alex grabbed her arms.

Silveria struggled frantically. She discovered that her strength seemed to have been sucked away like a black hole. She couldn't muster any more strength for some odd reason.

"You damn punk, don't force my hand!" She cursed. Even though her mouth was blocked, she could still send her voice into his head.

As an infamous nemesis of magic, she naturally wouldn't be restrained so easily. She had more than a few ways to fully retaliate. If they were used, Alex would be seriously injured even if he didn't die.

Still, Alex didn't respond. He only continued his offense. Silveria was embarrassed and irritated. She wanted to attack, but she was also worried about really hurting him. She was suddenly left in a dilemma.

Soon, she began to feel a bit strange. Even though she was a senior, she was as innocent as a young maiden. How could she stop the teasing of a veteran like Alex?

When she felt his strong arms her breathing also quickly became hurried from his masculine energy. A blush spread across her cold and dignified face for the first time. Her struggling arms also slowly lost their strength, no longer as resolute as before.

'This scoundrel! Who knows how many women he's practiced this kind of skill with?' Silveria thought, feeling annoyed inside.

She was suddenly stunned. She realized that even though she was a bit angry, she wasn't angry at the fact that he was disrespectful, but rather that he and another woman.

She panicked when she realized that. When had she started to feel that way? After all, in the past, she would gouge out a man's eyes if he even looked at her disrespectfully. By that standard, after what Alex had just done, who knew just how many times the ashes of his remains would have been flung around? I think you should take a look at pandasnovel.com

Silveria thought of her past master, she had feelings for him, but unfortunately, it was not reciprocated making her close her heart afterward. Subsequently, she put an invisible barrier between her and Alex because she didn't want to repeat the same thing with him and suffer again. She would be content to just watch over this new master while doing what must be done. However, things started to change as they spent time together, going through a lot of things together, their bonds grew, so much that she was even willing to do this kind of dance to a man. What Alex didn't know the dance performed by Silveria was done when you chose a man whom you are sure to marry. Unconsciously Silveria did it, it was why Nyx left those words to Alex before leaving. She was insinuating that he must make use of this opportunity as Silveria had unconsciously given the green light.

As Silveria's mind goes through their time shared and her subsequent actions she is greatly shocked.

'Sigh, this guy is a man who can move hearts.'

Still, her reason still managed to win over in the end. She finally managed to push him away a bit, giving her a moment to breathe. She snapped, "Did you not consider what I previously said?"

"No, it doesn't matter. I want you and I'll have you. I can't lie to myself anymore. The same goes for you. Be mine, Silveria!"

Alex's declaration shocked Silveria as she wasn't sincerely expecting him to say those words and the most shocking thing was that she felt pleased, it was as if something inside her broke upon hearing those words.

Alex took her in his arms again and resumed kissing her, meanwhile,

'I can stop holding myself back and love again. This time I'll stay passive like I the past.'

When she thought of that, her tense body gradually relaxed. Her hands also slowly stopped flailing, and she even gradually started to proactively respond to him.

She was the glorious Nemesis of magic, someone who left countless people terror-stricken just from hearing her name. How could she just let him do whatever he wanted like a weak little girl in such a situation?

Now that she was also receiving him passionately, the two of them began to kiss even more intensely. Fewer and fewer clothes covered their bodies.

A tent was magically summoned and the two teleported inside, above the bed where she took the initiative.

The proud and domineering nature she had carried for so many years made it so that she had to take control of this situation. As if to prove that she hadn't been so easily pushed down, she was the one who undid his belt.

However, when the reveal happened, she was still completely shocked even when she briefly saw it in the past.

Is this guy... really a human?

In that instant, she even felt a bit scared.

Is this guy... really a human?

In that instant, she even felt a bit scared.

Alex took the chance to take back the initiative while she was in a daze. Silveria snapped out of her daze, instinctively trying to seize the initiative back again. However, Alex didn't give her the opportunity. At such a critical juncture, her entire body was frozen, so how could she still move around recklessly?

She clenched her teeth to prepare herself, but surprisingly, Alex seemed to be in no rush. Instead, he continuously kissed her. His gentleness made her body melt completely.

She looked deeply at her lover with her misty eyes and how much he desired her and beyond this desire was the feeling of love, the desire to have her for himself for eternity, and Silveria became spellbound to this desire. Every woman wants to be desired, to be loved and Silveria wasn't an exception. She calmly accepted the situation right now.

Now that she was with her lover, she naturally didn't have to hold back at all. She showed him her most charming side.

'I Nemesis have never been inferior to another in my entire life! So I won't lose to anyone.' She inwardly thought before sending him the signal to do as he wished.

How could Alex still hold himself back? He was about to launch his attack when Silveria suddenly reached out her hand to stop him. He looked at her in confusion.

Her cheeks were covered with a peach-colored blush as she said, "Promise me that this is the only time, and you can't tell anyone else."

"Fine!" Alex replied in a dry, rough voice. In such a situation, any man would agree to any condition, after all.

Silveria sighed in relief. She showed him a seductive and moving smile that she normally never showed anyone else. She gently embraced him, completely giving herself to him.

After a muffled growl, the typically domineering and imposing Goddess of slaughter, one who had caused rivers of blood to flow and countless people to howl in suffering, shed blood and tears for the first time.

"Uggghhhhh!!!"

Jolts and jolts of pleasure assaulted Alex's body. Silveria's warm insides were a little too pleasurable, it was to the point where he thought that his body would melt down.

But who was he?

He was Alexander Kael Touch. Someone with plenty of experience with the opposite sex.

How could he possibly fall here?

He quickly recollected his strength, then, he moved his hips, taking his dick to the point where it was almost out, then, in one go,

Pah!

He thrust in.

"Aaannnhhh~" I think you should take a look at pandasnovel.com

In just one thrust, Silveria's back arched up as she moaned out loud.

With how her walls twitched, he knew she had just experienced a minor orgasm. He glanced at her face and saw her desperately trying to hide the pleasure she was feeling.

A small smile appeared on Alex's face.

Silveria's effort to not let go and keep a normal expression released Alex's inner demon which he had been holding back all this while.

Silveria's face drowned in pleasure.

Alex wanted to see it.

And to do that,

"Get ready, Sil I'll make you feel something you have never felt."

He spoke with a big smile on his face. Then, he moved his hips back, then in one go,

He thrust again.

Pah!

"Aaaaannhh~"

Silveria moaned in pleasure. She bit her lips, trying to keep her sanity and be in control of the expression she was making.

Upon seeing this Alex smiled proud of himself.

He held Silveria's hands with his left one, his face moved towards her left breast, while his right hand had already started kneading her right breast.

"Aannnhhh~" Silveria moaned as Alex's hand played with her right nipple.

However, this had just started, his tongue moved, and it licked her areole, sending waves of pleasure into her body, Then, his tongue started moving around the bud touching it from everywhere but the top.

Under the torture, Silveria's light pink nipples became erect.

And of course, all this while, Alex never stopped his thrusting.

Pah! *Pah!* *Pah!*

"Aaannh! Aaannh! Aannhh!"

"Ohhhhhh!"

Silveria had no choice but to moan continuously, her body trembled in pleasure that was completely out of this world, something she had never felt before, the pleasure was so intense that she was losing her mind. She tried freeing her hands to resist the situation, however, no matter what she tried, she couldn't gather her strength.

Under these waves of pleasure that assaulted her body from all directions, Silveria was completely helpless.

Then only thing she could do was moan out loud and,

Make the expression that Alex wanted to see on her face.

The expression where she doesn't care about her image, the expression where she doesn't hold herself back,

The expression of pure bliss, the expression where her eyes are rolled out in pleasure, her face was sweaty, her tongue was out and there was a silly smile on her face.

Alex, who was enjoying this expression, finally released her hands, she glanced at him, then, with a weak expression on her face, she extended her arms at Alex.

Alex smiled gently, he moved closer to her, and she quickly locked her hands around his neck.

He chuckled, and he moved his mouth towards her, he knew what she liked the most,

However,

Just as they were about to kiss,

Silveria changed her direction, her mouth moved towards his neck, then did something completely out of expectations,

She bit Alex's neck and started sucking out her blood.

"!!!"

"Uggggghhhhhhhhh!!!"

Alex's eyes widened in surprise as jolts of unbearably strong pleasure washed over his entire body.

Alex, who was still far away from his limit, suddenly couldn't hold back anymore, the pleasure he felt was completely out of this world, it was so strong that it was dominating his mind.

His legs weakened, his hips trembled, and suddenly, Silveria's insides tightened around his dick, boosting the pleasure he felt then,

"MMmmnnnnhhhhnnnnnn~"

Silveria orgasmed.

Her love juices washed over Alex's cock and as if that was the final move,

"UUhhhh!!! I am coming!!!"

Alex groaned as he filled Silveria's insides with his hot white cum.

His body, which completely lost all its strength fell on top of her, who was just done with sucking her blood and still had an intoxicated look on her face.

"That... unexpected and aah... truly amazing..."

Alex spoke with a smile on his face.

Silveria chuckled. "Is that all?"

Her provocative smile at the end of her sentence ignited Alex's inner demon once more, the sleeping beast had woken up once, ready to go to war, and war it did go. Conquering all.

Half an hour later.

"Haaah... Haahhh... Haahh..."

Silveria breathed heavily as she lay on the bed.

Alex, who was on top of her looked at her face and smiled,

"You looked tired."

"Haah... Haa... Haahh..."

Silveria, however, was not in a position to answer.

She just continued to breathe heavily, her breasts moved up and down, her face was red and was covered in sweat, strands of her hair were stuck on her cheeks and forehead, her purple eyes looked hazy, and it felt like it was hard for her to keep them open, however, since she didn't wish to lose Alex's sight, she forced herself to stay awake.

Honestly, this sight was so alluring that Alex's dick twitched once again. The woman, who always had that playful smile on her face was lying on the bed, with such a defeated look on her face... it tingled Alex's hormones.

He gently cupped her cheek, then, lowered his head, brought his mouth close to her ears, and with a demonic smile on his face, he commented,

"You don't think this is the end, do you?"

Hearing those words, Silveria froze.

Alex chuckled,

"A great goddess like you wouldn't lose the battle even if it is for another two hours, I'm sure you will be fine."

"Haaah... Haa... Haa..."

Silveria however, just continued with her breathing.

With an evil smile on his face, he aligned his dick in front of her wet entrance, and then without waiting any longer,

"AAaAAaNnnnnnnNnhhHHH!!!"

He rammed his dick inside. Making the silver-haired goddess moan in pleasure.

"Ohh! T-That ridiculous s-suction... y-your insides are so... greedy..."

Alex groaned.

"A-A-As if your dick is a-any normal, you're too abnormal, almost like an incubus, a perfect sex demon."

Silveria complained, her tone didn't have an ounce of her usual haughtiness.

Rather, it felt like even speaking like this was an incredibly difficult task for her.

Alex did not stop his thrusts, on the contrary, he increased his pace, moving his waist faster and rhythmically like a veteran he was. He stopped as if trying to give her a brief respite much to Silveria's joy, She wanted to say something, but the machine resumed his assault.

"H-Hu-AAannAAnnnnNnNnHhhhhhh!!!"

Before she could say anything Alex rammed his dick inside her again.

And this time, he didn't stop.

Pah! *Pah!* *Pah!*

"AaannHhh!! ANnnanHH! AnnAnnH!"

The pounding restarted harder.

The sound of flesh meeting flesh alongside Silveria's crazy moans could be heard.

"N-No! N-NO! Alex! Stop!!!"

Silveria shouted with all her might, begging him to stop, the pleasure was completely out of this world, it was countless times higher than what she felt earlier.

She felt like her head would burst out.

That was just how ridiculously strong this feeling was.

Her walls tightened around Alex's cock, increasing the pleasure he felt and,

Squirt

"AaaAaAnnNNnnNnnHHHHHhhhhhhhh!!!"

She came again.

"Haahh... Haah-AnnAnnnannNNnnHhhHH!!!"

After moaning and cumming for an entire minute, Silveria's body weakened and she started breathing heavily... or so she wanted to...

"I'm not done yet!"

However, Alex just looked into her eyes with that evil smile on his face and declared. Even though her vagina was incredibly sensitive right now, he continued his pounding, forcing Silveria to moan again.

Pah *Pah* *Pah*

"AaannHhh!! ANnnanHH! Alexander! Stop please- AnnAnnH!"

Even after cumming just now, Silveria was forced to experience countless minor orgasms. The pleasure she felt continued to break new records, pushing her mind into states she had never been pushed to.

And Alex didn't stop there, he continued to drill his dick into her pussy, ramming her down and hitting her weak points again and again.

"Oh! Dear creatorrrrrr!"

She had another, Alex followed and deposited everything inside. He seemed far from satisfied. A truly incubus, a sex demon indeed.
