

Death Guns 851

851 Chapter 851

After leaving the bathroom, Artemia personally went into the kitchen to cook something for them to eat, and after dinner, the two were now lying on the bed with the princess, using Alex's chest as a pillow.

"When I was a child, I'd always thought that exceptional people would be different."

"For example?" Alex asked while reading a novel he had picked up recently, a story about angels.

Artemia didn't immediately read a sentence in the book Alex was holding that made her smile. It was something the protagonist said to his friend. He said something deep which touched Artemia.

'As sunlight enters raindrops and emerges as rainbows, so love enters each person's soul and emerges as their passions in the arts, science, and nature... in whatever sparks their curiosity and drive. It is how they find their truth and purpose. It is how they give of themselves to others. Love is what makes us who we are; it is the energy that brings us to life.'

Alex, who caught her reading this, chuckled and teased her.

"I know you will read this. You women like things like these. Well, I'm waiting for you to continue, and I know you won't if I keep reading."

He closed his book at the end of his sentence earning a cute pout from Artemia. Alex's body jolted; his desire to ravage her he kept bottling up as she came to tease him in the bathroom erupted like a volcano. He immediately assaulted her.

"I was saying-"

Her words were cut short by a kiss. Artemia's eyes widened in surprise, but she soon smiled, feeling extremely happy. Which woman wouldn't want you to see the burning desire in your man? The desire to devour you whenever he wants?

When a man is like this with a woman, you slowly get hold of his heart.

It goes for the other way around. The first time happened because she needed to be saved; no other solution was available; she kind of regretted it at first but not anymore as it was that starting that made things evolve as they are now. She came to love him slowly, learned more about him, saw him laugh, get angry and even cry. She was there and witnessed all these things; slowly but surely, he had become a part of her life she would never get separated from.

He was her sun, and she was his moon; the two formed the day and night, inseparable.

The two kissed wildly, and in that split second before his touch, every nerve in her body and brain was electrified. It was the anticipation of being together in a way that's more than words, in a way that's so completely tangible.

After kissing for a while, they got separated, with Artemia looking into those beautiful heterochromia eyes, caressing his cheek with much love. She said.

"You are my drug. One touch, and my intoxication is instant. Whatever you want to do is what we'll do, and there isn't a thing I can do to stop you - not that I'd want to. Just your scent sends me into a heady trance, one that doesn't end until our bodies are still once more, just warm and snuggled in as close as two souls can be. Where were you?"

To that question, Alex smiled; he knew she was asking where he was for not appearing in her past life, and he got the perfect answer for this.

"I was preparing to meet you as you are special."

Artemia felt a sweet feeling filling her body, trying to drive her crazy; she would gladly leave herself to become crazy, crazy of love for him, that is.

Alex, who was about to kiss her and finish what they had started, saw himself getting pushed back on the bed with Artemia declaring.

"This time, I'm in control, so you be a good boy and don't move your hands. I'm going to drive you crazy, stop, and do it all over again until you beg me to finish this. Even then, I won't. I'm just going to do every naughty thing to you until your mind and body explode."

Alex felt a shiver down his spine hearing that declaration. He was filled with anticipation. He would let her do what she wanted; she would be in command tonight; he would love to see what she had up to her sleeve because she sounded highly confident as she said those words; it was like a captain of a cruise ordering the cruise's passengers to stay still as she said sail. For safety purposes you will do exactly what the captain and it was what Alex was doing.

"Ok, captain, you're in command. Send me to heaven." Alex declared with a smile.

A smile of joy and satisfaction lit up her eager face as she declared.

"Oh? Leave it to me."

Tonight was bound to be a stormy one, but it was a night like these Alex liked most.

•••••

At the same time, somewhere in the capital.

A young girl could be seen walking alone in a dark alley, the perfect prey for the hungry hyenas waiting for tonight's prey.

Naturally, it was Incursio, the one waking in the dark alley. Because of what happened recently, she appeared extremely weak, like easy prey. After leaving Alex's villa, she ran a few errands inside the capital, and as night crawled out from its hiding, she decided this was the perfect time to test something; more importantly, it was the time to get some answer. As nobody wanted to tell her what she wanted to know, Alex and Sera refused to tell her; she would find out the answer on her own.

She wouldn't go around asking random people what sugar daddy meant, so naturally, she opted for the scums of society, those people dirtier than the sewer itself are source of knowledge, and she would gladly use them to satiate her curiosity.

For this reason, the curious Incursio decided to use her current state and her petite body as bait, and seeing them eyeing her like some kind of tasty candy; she grinned with her head lowered.

"Good, little lambs follow me." She mumbled as she felt the gazes filled with malice and greed directed toward her.

p She walked faster, and to make things more believable, she looked behind and feigned a frightened look. Then, she started to walk faster, as though trying to escape from the people following her. Her petite build, coupled with her frightened face, made things more believable and awakened something inside the thugs following her. Licking their lips, they accelerated and followed into the dark alley.

Soon, they were surrounding her in the dark alley. The current situation looked like a group of grown men trying to bully an innocent and fragile girl. This left the men in a state of extreme arousal.

"Hihihhi! What do we have here? A lost little lamb? Let's big brother accompany you home, okay?" The leader of the group surrounding Incursio said as he took a step forward that he was expected the white-haired girl, whose beauty seemed to have been created by the finest artists, to cower in fear, to shake violently like a boat in the middle of a storm but it was the opposite that happened.

The petite girl who was afraid a moment ago had disappeared and was replaced by a frightening calm girl trying to massage her forehead.

The leader took a step back; it was an unconscious action. Those eyes, were the eyes of someone who didn't value other people's lives. He had seen that kind of eyes before; those eyes were the same eyes of that mad scientist that kidnapped people in the slum; he called himself Maddog. He couldn't ever forget as long he lived because that was the only time he felt so scared that he wet himself. And to think he would reencounter those same eyes, he wished to have nothing to do with this girl; she was the prey but the hunter that lured them here.

Just as the leader was about to order a strategic retreat, Incursio opened her mouth and asked something that left them dumbfounded.

"Tell me, what is a sugar daddy?"

Most of them wondered if this girl had gone nuts, the vice leader of the little gang licked his lips as he saw an opportunity, an opportunity to ravage an innocent-looking. Only the leader knew how dangerous this girl was, but he seemed not to understand what she was trying to do.

While the leader was lost in thoughts, his vice leader stepped forward, rubbing his palms together.

"I will gladly tell. It means sleeping with this daddy as I show you the wonder of life. As I buy you everything, you want in exchange for ravaging you anytime I want. How is it? Do you want to give it a try?" The vice leader said, confident that he would taste this innocent girl soon. The more innocent they were, the sweetest they tasted.

Only the leader knew that something scary was about to happen, he tried to warn his men, but it was already too late when his warning reached their ears.

"It's that so?" Incursio said with her head tilted to the side; her expression was that of a smiling psychopath that was about to murder for fun.

"I understand, but I'm not having the like of you as my sugar daddy. Choosing Alex or one of his friends was better than dead men like you." She added before disappearing.

"!!!"

"N-No... Nooooo!"

For the next minute, the dark alley was filled with bloodcurdling screams.

852 Chapter 852

After venting a bit, Incursio left the area with a smile on her face.

"Huh? Should I ask Alex to become my sugar daddy?" Incursio said she was seriously considering the action; the little bit she knew of him, he would never accept to become her sugar daddy. She was just thrilled by the idea of messing with him; the look on his face as he refused would be fun to see.

"Fufufu! I'm looking forward to that day, but first I must take care of some bugs." She said before disappearing. She would first take care of the spies planted in the capital before going to dungeons and staying for a while; she must increase her strength quickly while hiding her trail. There was no way the organization would let her go; they would try catching her because she was that valuable to them to give up on.

Since the day she longed for freedom and had been secretly plotting her escape, she had also begun thinking about which ship to board to leave and experience greater things. Coincidentally, Alex's group arrived, and immediately she became interested in them. She had decided a long time ago to jump on this ship if she ever got the opportunity, and now it happened, she would do anything not to have her freedom stolen again.

"Let's hope your side will be more fun." She thought as she appeared above the mansion of a noble.

•••••

Back to the Blue Heaven Villa, Alex's room.

He was lying quietly on the bed, ready for Artemia to show him how she would be taking care of him.

Artemia lowered her head enough that the two could feel each other breath, the way those alluring pink lips were displayed, Alex almost couldn't resist the urge to take them on, but finally, he managed to curb this urge.

"Good boy. You deserve a reward." Artemia smiled, seeing Alex not following his instinct to kiss her.

Instead of kissing him as a reward, she moved her head and suddenly bit Alex's left ear, slowly licking it.

The Black prince felt a shiver run down his spine, and his eyes shone in anticipation; he couldn't wait for more; the beginning was already looking promising enough to tell him that she had wonderful ideas in store for him.

While Alex was busy thinking about her next, Artemia had already moved, her snow-white hands slowly ran on his abs, gently exploring them; she was doing this ever so slowly that Alex kept having

goosebumps over and over again. He was starting to become excited as you could spot his raging hard-on.

Artemia then went to kiss him; it was a kiss that made you want more, so naturally, Alex sought for more, but she stopped him while putting her slender finger on his mouth.

Slowly, she left the bed while beckoning him to follow if he wished for some more. As if he was under a spell, Alex followed, but something astonishing happened right after he left the bed.

The lights were switched off, and Alex felt someone gently pushing him. Knowing it was Artemia, he did nothing and let himself fall. His body fell into a chair that magically appeared behind him.

Then the lights were switched on again but this time not brighter.

Alex's eyes widened when he saw Artemia in sexy lingerie adorned with an extremely short skirt. He wondered when did she wear that thing. Since the lights went down, not even five minutes had passed. This was too quick to change into this, but when he remembered that she was a lightning element user, it made sense.

As he was already aware of what was about to happen, Alex sat comfortably in his chair. Apart from visiting a club, no woman had personally done what the princess was about to do. If you think Mysthia was completely behind in terms of entertainment because it was a fantasy world, you couldn't be more wrong.

In terms of entertainment, Mysthia was a lot closer to Earth, maybe because many earthlings passed through this world, sharing a bit of Earth culture and entertainment here.

Alex observed Artemia flicking her fingers, and a sensual song began playing in the background.

She stepped forward and gave him. Afterward, she slowly and seductively walked a few steps away from him, accentuating her hips. Then she stopped and looked over her shoulder at him and lowered her jacket to the floor.

The song kept playing in the background as Artemia took a step back towards him while putting one of her hands on her hips, right above the short skirt, and slowly lowering her skirt. As she was doing this, she slowly bent down towards the ground, giving Alex a bird's eye view of her ass.

Alex felt like his blood pressure was increasing at an alarming rate. He just sat there watching Artemia putting her hands on her hips before slowly twisting it, the way she was doing this was clumsy, unlike a professional stripper, but he was still mesmerized.

Unconsciously, he wanted to touch her, but she swatted his hand away while waving her finger in his face while her back facing him. It was too damn erotic. Alex's dick was hard as a rock.

Alex, who was doing his best not to jump on her, soon saw his tolerance tested. She walked towards him before straddling one of his legs and seductively started to grind up and down it. She stopped him from touching her. After playing with him for a while, she stood up and slowly walked away from him and stopped once she was a few feet away. She then slowly started to undo her bra with her back facing him. She started by slipping the shoulder straps down before undoing them from behind her back, and

after she was done, she tossed the bra at him, and it landed accurately on his face as he inhaled her scent, sending him further into an aroused state.

Artemia came back and straddled him again and started playing with him; she tied his hands behind the chair using her bra, and she would dance with her breasts coming dangerously close to his mouth; Alex was going crazy; he had never suffered like this. He felt like he was being toyed with, this left him quite frustrated, but he decided to endure it, to show her that he could really endure the temptations.

She knew he wouldn't easily get provoked, so the next thing she did was slowly remove her panties, and Alex, who thought he could endure it, couldn't as his eyes reddened at the view of that glittering pussy.

"Fuck! I can't take anymore." He shouted before breaking his restrain; the beast was unleashed.

853 Chapter 853

Alex, who couldn't take any more of Artemia teasing with her striptease, decided to assault her; he had suffered enough.

However, just as he was about to assault her, she stopped him by reminding him of his promise.

"Don't forget your promise. You said you will stay still." She said before moving between his legs and skillfully removing his boxer; she stared at his hard-on in wonder; no matter how many times she saw it, she would always be surprised.

Artemia grabbed Alex's cock gently with both hands before lightly kissing the tip of his erect penis.

The feeling was so good that Alex could not help but take a deep breath.

Shee looked at Alex's expression with upturned eyes and smiled. Then, she started to service him with her mouth.

"Hu...~ Nn... Haaa... Chu...~"

She was not really best at servicing him but Alex could not deny that he was feeling good. Sometimes not being good at something could do more damage than being an expert.

Alex, who was feeling good, slowly stroked her head and enjoyed her service. Artemia seemed to like that, because she sped up her movements and wrapped her tongue around his penis.

"Mmm... Good, I'm indeed in heaven. You're sure a fast learner."

"Huuu... That is because I want to make you feel good." She replied with a soft tone as she licked his cock carefully.

Alex's arousal was heightened after listening to her words. Before long, he was unable to suppress his feeling of ejaculation.

"I'm cumming...." He said as he held Artemia's head softly and spoke up. Understanding his meaning and sensing his cock throbbing, Artemia increased the intensity of her movements.

The blowjob quickly got more intense, filling the room with a nasty sound.

Eventually, Alex reached the end of his limit and held her head firmly as he ejaculated inside her mouth.

Spurt! Spurt!

A huge amount of semen fell inside Artemia's mouth. The princess tried to swallow it, but in the next moment, she started to cough, unable to swallow everything.

She then spat out the semen on the ground with a bitter face.

"So thick... I-It doesn't go down my throat."

Seeing this, Alex laughed loudly and caressed her beautiful blue hair with an amused expression.

"Did it feel good?" She asked.

"It did. But it's my turn now."

Alex had enough to be at the receiving end; it was time for him to act and for good this time. After saying those words, he immediately took her in a princess carry before tossing her on the bed and pressing Artemia's body against the bed. He kissed her ear, making her squirm with an adorable expression.

His skillful hands moved around her body as he kissed her neck, shoulders, and breasts. The bed creaked and squeaked softly due to the intensity of his actions.

Rolling the naked Artemia on her back, he made her raise her hands above her head and grabbed her wrists together.

Then, he teased her breasts, legs, waist, and vagina with his fingers and mouth, causing the princess to pant softly.

Artemia's vagina was soaked with love juices. Even though he had not teased her for long, she was already prepared to receive him. This must be because the little play aroused her.

When Alex pushed his penis against her tight vagina, she let out a soft gasp.

With a grunt, his penis entered her.

A tight feeling surrounded his rod. Alex felt the walls of her vagina wrapping and squirming around him, bringing him an indescribable pleasure.

"You're still so tight even after our numerous sessions."

"Mmm... Ahh... T-This is...~."

The feeling of her vagina was so good that it was unbelievable. It made Alex want to stay like this forever.

Feeling Artemia's vagina tightening around his cock, he slowly moved his waist before accelerating.

Then-

"Nnnn~ Ah...~No...~ Kael...!"

She was so sensitive that she climaxed immediately.

,m How cute.

Alex looked down at the trembling princess with a smirk. Then, when he felt that her orgasm had ended, he brought both of her knees up and continued thrusting his dick inside her.

"!!!"

Artemia opened her eyes wide when she felt his deep thrust. Alex chuckled and kissed her cheek as his penis reached her womb after another deep thrust.

"Ah~ It's great...~ Kael...!"

Her vagina clenched his penis harder than before. With every thrust of his dick, her vagina tightened it as though it did not want to let it go.

Love juices splashed out with every thrust of his penis, and when he withdrew it, the love juices overflowed and slid down on the bed.

Feeling his weight over her, Artemia let out a loud groan and hugged his neck. She then started to pant heavily as she closed her eyes.

"Ahn... Uuu... Haa...~ A-Again...!"

Before long, she climaxed again.

Alex immediately changed her position once more. This time, he turned her body around and pressed her chest against the bed. Then, he inserted his penis in her vagina from behind.

"Ahn...~"

In this new position, he could reach even deeper than before. Every thrust reached Artemia's womb. The stimulation of it made her let out embarrassing squeals of delight.

She gripped the bedsheets as her face was pressed against the bed. Right now, she could do nothing but endure Alex's endless attacks.

Once and again, he reached her deepest part, stimulating every inch of her wet cave.

Finally, after pistoning for almost seven minutes, Alex felt the urge to ejaculate.

At the same time, he noticed that Artemia was about to climax again.

"Eretria, I'm coming!"

"Annn... Y-Yeah... M-Me too...!"

Grunting, Alex accelerates his movements.

She let out a loud moan and raised her face. Soon, her body tensed up before quivering violently.

At the same time, he shot my semen directly into her womb.

"Kael... So good!"

Feeling the hot sensation on her belly, she let out a loud yell, and her body collapsed powerlessly on the bed.

Alex let out a sigh as he admired her beautiful white skin, which was now red because of the heat of their session. Alex lowered his head and then bit her nape gently, making her shiver in pleasure.

"It was great." He breathed in Artemia's ear

The third princess hummed and nodded shyly.

Seeing such an adorable expression, his libido rose once more, and he assaulted her. She responded.

854 Chapter 854

The following morning Alex was the first to wake up, and seeing Artemia sleeping with a blissful expression on her beautiful face, he felt happy, blessed to have a woman like this in his life. He would have loved more than any to leave her sleeping some more, but unfortunately, he couldn't as they needed to leave; the others must be waiting for them in the Lionheart Empire. He missed his sister, friend, and his women.

"It's time to wake up, sleepyhead," Alex said, trying to wake her up, but she didn't seem willing to wake up soon.

"Eh! Okay, I'll let you sleep some more, but you will have to join us over there. I'm off then." Alex said before erasing his presence as if he had truly left.

It didn't take two seconds for the princess to refuse to leave the bed to run to the bathroom because she didn't wish to be left behind.

Alex couldn't help but smile, amused by how panicked Artemia was. He joined her, and the two took turns helping the other clean.

One hour later, they were ready to leave; the reason it took them so much time was that they needed to see the emperor and Artemia's siblings before leaving. Alex talked with Katherina, who matured a lot; she was one step closer to her goal. The first prince, Adler, warned Alex never to make his sister suffer or else he would kill him no matter where he was. He nodded, and after exchanging a few jokes with the emperor, the couple left, taking a direct teleportation formation to Lionheart Empire capital, Leo.

•••••

Alex was overwhelmed by the beautiful city before him; if previously he had thought his friend's hometown wouldn't be any more beautiful than Avalon, he had been greatly mistaken. Everywhere you look, your eyes will see tall buildings almost akin to skyscrapers from Dubai or Shanghai. There was only one color that dominated the capital, yellow gold. It was to the extent that you would wonder if this color was the only color the beastmen here knew, but after thinking through Alex understood that it was the color related to the lion; it was normal for them to like it more than any other color.

After observing the surrounding for a while, Alex and Artemia left hand in hand. However, they stopped because guards accompanied Leon, and Maria and others arrived to welcome them.

"Welcome, my friend. Welcome, princess Artemia." Leon greeted his friend with a smile before respectfully greeting Artemia; it was unknown why but Leon couldn't act as he used with Eris and others before Artemia; it was almost as if she was superior to him.

Alex was happy to see his friend in the flesh after almost two months, but just as he was about to step forward for a bear hug. Leon winked at him.

"Sorry friend, I better let you take care of your problem before talking. Don't worry; I'll tell my father that you arrived safely, but you decided to sleep because you were tired."

"Thank you, my friend. I owe you one. I'll buy you a drink later." Alex felt grateful. Leon, together with the guards, left, leaving Alex and his family.

For a moment, the atmosphere was a little weird until Artemia broke the ice.

"It's good to see you again, girls. You must be Saeko, right?"

Saeko nodded absentmindedly; before she knew it, she was dragged Artemia somewhere.

"Let's go, there are many things I want to talk about. Gracier let go, Sakuya too," she asked them to follow; Gracier reluctantly followed while Sakuya chuckled, calling Artemia smart; she must have noticed how jealous Maria and Luna were seeing how close she had become to Alex and decided to let them spend some time with Alex, it was indeed a wise choice. It was not like she was not also jealous, but unlike the other two, Sakuya decided not to make things difficult for Alex.

"Ok, I'll follow you. Let's them have a bit of fun." Sakuya mumbled as she ran after the three girls heading into the commercial district.

Like most empires, the Lionheart Empire was divided into three districts. Still, unlike Avalon, there was the core district where the emperor, the nobles, and other families lives, then there was the commercial district, and lastly, the coliseum where the gladiators fought.

It was one of the places Alex's group would later visit.

•••••

After others left, leaving only the three behind, Alex awkwardly scratched his head, trying to start a conversation.

"How have you been, my lovebirds?"

Luna and Maria exchanged a look before Luna spoke.

"We are doing fine but not like a certain someone who seemed to have been enjoying himself so much that his face had become pale. I wonder how many times you did in a day."

"Ugh!" Alex felt like running away, but if he were to do that, he would always do the same thing every time they began showing jealousy. It would be asking for too much if, instead of making a woman accept that she wouldn't be the only one in your life, you were to forbid her from being jealous. Jealousy was also part of a relationship like sex.

"I miss you too much. Let's explore the surroundings while you explain what happened while I was in Avalon." Alex skillfully dodged Luna's obvious trapped; he kissed them on the lips in front of everyone to make them unable to temporarily control their bodies before he dragged them with him as he went in a random direction.

The two came to their senses, but it was already late; they couldn't only follow even when they had something to say. They knew he was making some efforts to please them, and they decided not to make things difficult for him.

"Let's go to the commercial district; there is a candy I want to buy," Luna suggested, and Alex nodded. Maria sighed before following them. She stopped Luna and suggested something; the two giggled before continuing to walk beside Alex. Although he wished to know what they were plotting, he decided not to ask and see what they were planning.

855 Chapter 855

Four hours later, Alex and the girls arrived at their temporary villa when the three continued to chat after not seeing Artemia and the others.

Suddenly, Alex felt something,

"You girls what...."

That's all he could say before the girls pulled his pants down. They were talking about something else when the topic suddenly switched to this.

Both Maria and Luna's hands went on top of Alex's pants, feeling up the bulge hidden beneath it. Maria boldly took his lips into a kiss. It was an intense kiss, so intense that he almost mistook her for someone else.

Luna, on the other hand, removed his shirt and started kissing him on his neck right before descending slowly toward his chest, then his nipples.

The two alternately switched on, either taking his lips or his neck.

Finally, he understood what the two were planning.

And as a man, how can he let his girls do everything? At one point, his hands slipped inside their clothes, cupping their breasts. Along with their moans every time he pinched their nipples, the sounds of their kisses and entangling tongues reverberated inside the room.

Not satisfied with just feeling it on top of his pants, Luna decided to set the beast free.

And now they were on the point where they pulled it down along with Alex's underwear. With that half-erect cock exposed in front of them, they grabbed and started stroking it.

Both Maria and Luna were staring at it as it started to harden and stood up slowly through the stimulation of their touch.

"No matter how many I've seen, it's still big," Maria commented, a comment to which Alex let out a chuckle.

"Then I'll take care of this first...."

Luna then let go of his lips as she leaned over on his cock. She then snatched it to pull it near her lips. She glanced at him first before opening her mouth and slowly dropped her head down, taking in the head inside it.

Maria and Alex started another round of battle tongue, and with her tongue wrestling with his tongue, he could feel Luna take in more of his member. From the head, she dropped her head down further. The hot and slimy sensation from her mouth, along with her slick tongue, made it fully erect, and she started sucking it.

Maria, at the same time, took Alex's hand that was freed from Luna's breasts and put it inside her skirt where she had him feel her moist panties.

'Sigh! It seems she needs some attention down there. ' Alex thought before caressing her pussy through her moist panties before he ran his finger on her slit, pinching it; Maria trembled and moaned into his mouth.

In a swift motion, he tore off her panties to directly access her glistening pussy; he sent a finger inside her while his thumb was used to rub her clit.

"Anhh!" Maria moaned before resuming their battle of tongues.

While Luna was sucking Alex off, he fingered Luna at a fast pace; the room was soon filled with erotic sounds.

Over time, as the pace of Luna's sucking increased, so was Alex's fingering, and the stimulation the two of them were receiving reached its peak,

"Alex, I'm cumming!"

"Luna, darling, be ready to take everything."

Alex warned Luna when on the other hand, Maria couldn't hold her moan out as she trembled uncontrollably from cumming. Her insides squeezed his fingers, and he felt how her wall couldn't stop pulsating, trying to suck his fingers in.

Luna smiled before hastening her pace, while at the same time stroking the part she couldn't swallow faster. From that continued stimulation, his cum couldn't be held back anymore. Alex suddenly held her head and piston a few times before releasing his cum inside her mouth.

After feeling that extreme pleasure of cumming, Alex watched Luna, who never let go of his cock as she continued to suck out the last bits of his cum. Only after making sure that nothing would come out anymore did she let go of it.

Luna then lifted her body and turned towards me with her cheeks bloated due to the stored cum in them, while a little bit spilled at the side of her lips. With a seductive smile, she showed him how she gulped it down before opening her mouth to show that there was nothing left inside it. Alex was amused; this side of Luna, once she goes wild, is sure interesting.

"Thank you for the meal, darling; it was quite tasty; I wouldn't mind taking another shot."

Luna lusciously smiled at Alex before she took his lips and kissed him again. Maria was slumped down next to him, still recovering from her climax.

"My turn now...."

Alex watched her remove her dress piece by piece while slowly doing it; she undressed seductively, taking her time to do it. It left one salivate in anticipation.

"I want it rough," Maria said, awakening the beast inside Alex.

"Go on all fours then."

Maria did it, not forgetting to shake her booty as if to provoke him.

Alex chuckled, held her hips firmly while piercing her from behind, and started to piston her. Each second, he moved back and forth, invading her insides until her deepest part.

"Ughhn... Ahh...slower, please."

'You asked for it, but now you want me to go slower? no way.'

Maria's ragged voice reached Alex's ears. But he did not stop. Instead, he pressed his body against hers and kissed her back and neck, using his tongue to lick her tender skin.

Maria shivered with pleasure when she felt his tongue over her body; she let out a soft hum and put her face against the sheets. Then, she stopped struggling and left her body at his mercy.

Alex grinned and decided to accelerate, he moved faster and faster, enjoying the feeling of her flesh wrapping around his dick, trying to crush it, but instead, it was his dick piercing her womb. Maria could only moan helplessly while suffering his attacks.

He grabbed her two breasts from behind and pulled her body up. Then, his mouth kissed her shoulder before going up to lick her earlobe and biting it hard.

"Ahhnnn...~" Maria screamed. The pain of the bite made her tighten her vagina around his rod. He sucked a mouthful of blood and continued biting her, leaving his marks all around her body.

Her neck, her shoulders, her back. Maria was filled with hickeys symbolizing tonight love affair she had tonight. For an instant, he could not help but wonder what the other girls would say if they saw these hickeys; well, it would disappear before tomorrow morning anyway, do her high regeneration.

As he thrust his hips faster and faster as he ground her insides, Maria also started humping her hips to match the intensity he was giving her; at some point in time, they unknowingly changed position from doggy style to sitting. With her legs still circled him and their lips that would only let go of each other when they needed to breathe or pour some love on their necks. Alex held Maria on her butt to lift her and down his cock as he plowed her hard.

Pah *Pah*

Soon the sounds of her buttocks slapping against his gland could be heard.

"Anhhh~"

"Ohh, so good."

At one point, Luna, who had been watching, decided to join them; she went over and stole Maria's lips, and an intense kiss followed.

Alex grinned and continued plowing Maria while he fondled Luna's breast, but it seemed she wasn't satisfied; therefore, he started sucking on her nipples while Maria continued to hump herself on his cock.

After Maria got her second climax, she stood up for Luna to get her turn. Changing their positions, he started to suck on her twin peaks, turning the pinkish nipples red from how hard he was sucking on them.

Luna, on the other hand, held onto his hand as he guided her to slowly sit on his cock; though it slid inside her smoothly; Luna's moans couldn't be contained as she started squeezing on him even before it was entirely buried deep inside her.

Seeing her becoming that lovely, Alex let go of Maria's nipples for a while to focus a bit on Luna. Circling his arms over her body, he started pounding her from below. The way she twitched her hips made it more pleasurable to both of them.

Pah *Pah* *Pah*

"Anh!!" "Anhh~"

Another chorus of flesh hitting flesh mixed with moans resonated inside the room. Alex bet if it weren't because the room was soundproof, the others would be awakened by now.

As time passed, Alex kept switching on the two of them by letting them reach their climax first. As they're now lying down on the bed, which was already stained from their love nectars, Alex started again on Maria and intended to finish it on her, filling her up with his cum again. This time, he used the scissor position; crisscrossing her legs, he plowed her until they reached climax.

After cumming inside Maria, Alex immediately switched to Luna to stimulate it again. As soon as it became as hard as earlier, he increased the pace of his pounding while Maria was resting.

"Aahhnn... ahhnnn... I love you, Lex."

Luna shouted as she moaned out during her fourth climax. At the same time as her, Alex finally reached climax and poured another load of cum inside her.

After that, he fell to her side as they both started catching their breath.

Glancing at Maria, who had just regained consciousness, he said, "I can continue if you want."

"Nah! I'm tired; I already have my share. I love you." She whispered.

"I love you both," he said.

Maria then slowly crawled on his free arm. Putting her arm over him, she kissed him again before snuggling herself to his neck.

When Luna recovered, she also did the same as Maria; she then giggled cutely while making herself comfortable in his arm.

A little while later, Alex heard the silent snoozing of the two girls. That surely exhausted and, at the same time, satisfied them as they both had a smile on their lips while silently whispering his name in between their snoozes. Their jealousy had vanished as they were now satisfied.

856 Chapter 856

After satisfying Maria and Luna, who was more proactive than usual because of their jealousy, Alex hoped to get a bit of a smile while not getting his hope too high.

Recently, he had been feeling tired, and he was sure it was not because of his sexual life as he had more stamina to waste than ordinary people; he could even have sex for an entire week without getting tired. So the problem was his body; something seemed different; he couldn't quite explain it, and unless he knew what it was, he didn't want to ask Silveria or Nyx to check his body because relying too much on those two would make him heavily dependent on them and in a situation he couldn't have their help he would be worthless, not knowing what to do on his own, something he definitely does not want.

'Let's hope it is not something bad. Maybe I'm about to awaken my ability.' Alex jokingly thought as he drifted to sleep.

However, he soon woke up to a heavenly feeling; someone was eating his little brother.

Forced to open his eyes, Alex looked at the culprit, knowing it could only be her, and indeed it was her; her black eyes shone like a dark star in the middle of the night.

"Hi!" Sakuya said with a smile before continuing to service him.

Alex sighed. "Of course, you will also want attention. Okay, I got it. Let's go to another room."

He didn't give her the time to object before the princess carried her to another room. He had expected Sakuya to join them sometime later, but he had never planned for a foursome. The other two were too exhausted for that. Hence he opted to satisfy Sakuya alone in another room.

As soon they entered the new room, they began kissing. It was good how convenient men's bodies are; they could quickly get into the mood.

Soon their kiss became wild until they both ran out of breath.

Gasping, Sakuya said,

"I can't believe you're so energetic after handling those two; it is to the extent I wonder how scary your stamina is."

Alex chuckled and hugged her body while he kissed her earlobe.

"What is the problem? Are you scared because of my endless stamina?" He asked, still kissing her.

"Ah? And why would I be scared? Bring it." As expected, Sakuya was easily provoked.

She kissed Alex, and he did the same, but he kissed her softly.

Sakuya moaned softly and twisted her body on his thighs. Alex's rock-hard glans rubbed against her thighs, increasing her body temperature.

"You're a really beautiful woman Sakuya. Glad I've you for myself, I can't let any other man have after all. Only I am worthy of this Japanese beauty."

Sakuya looked at him with a sweet smile as she said "Glad that you know, if you don't take care of me, I'll leave for-"

Alex didn't let her finish and cut her off by sealing her lips as they started another tongues battle.

At the same time, he moved his fingers through her spine, making Sakuya shiver and moan under the intense stimulus.

Quickly undressing her, she did the same to him.

Lowering his head, Alex licked her clit slowly before sending his tongue inside her pussy in slow motion.

Sakuya's body arched up, and she let out a moan.

Alex's hands traveled toward her ample breasts; he started massaging them, pinching her already hardened nipples.

"Mnmmh!" Sakuya moans, feeling the double assault; Alex starts sending his tongue in and out of her sacred place at fast speed while playing with her breasts while his other hand was used to caress her ear, one of her sensible points, slowly.

"Oooh! Good"

Sakuya moaned, pushing his head deeper into her crotch, making his nose rubbing against her clit.

Sensing she was about to come, he stopped for a moment; she looked at him with confusion, chuckling. Alex lowered his head again, but he didn't put his tongue inside her pussy; instead, Alex sucked her clit so hard that her body trembled, then he pinched her hardened nipples the same as he continued sucking her clit.

"Ooh! I'm cumming!!" Sakuya shouted as she let out her first orgasm.

With slurping sounds, Alex drank all her love juice before raising his head and bringing his stained mouth to kiss her; she reciprocated passionately while using her hand to please his hardened and throbbing dick.

Stopping their kiss, Alex watched, trying to please him clumsily; he decided not to intervene.

Sakuya hesitated for a moment before lowering her head to kiss the tip of his dick; slowly, she flicked her tongue around the head of his dick; she started licking it while slowly moving toward the end of his shaft; using her free hand, she played with his balls, handling them a bit roughly while moving her head up and down.

Alex couldn't help but let out a groan, he didn't know where she learned this, but she wasn't bad. She started moving her head faster while still playing with his balls; he held her head in place as he started moving his hips faster; Sakuya was caught off guard; she tried to stop him, but Alex was faster; he

pumped her throat faster sending almost his entire length into her throat, his balls contracted as he shot his hot semen into her mouth.

Sakuya gasped; she had trouble breathing. Finally, Alex removed his dick from her mouth to see her spit some of his semen; panting, she glared at him.

"Sorry, I became a bit excited. That's good, Mio, it was not perfect, but I like it." He praised her, trying to decrease her anger.

Licking her lips, Sakuya muttered, "It tastes bitter as always."

Smiling, Alex put her on his thighs, his dick aiming at her entrance.

He did not enter immediately. Instead, he teased Sakuya slowly, causing her to moan and bit her lips. Her face slowly became redder and redder, and her breathing turned more and rushed.

Finally, she could not endure more. Sakuya tried to push her waist towards his shaft to fill it with his spear.

But he moved back at the last moment and smirked.

"You know what you need to say in a moment like these, my little S Queen."

Sakuya blushed hard; she bit her rosy lips and nodded.

"..Please... I want it... Give it to me."

"Good girl," Alex praised.

As soon as he heard that, he immediately pierced deep inside her, reaching the deepest corner of her pussy.

"Ahn...!" Sakuya moaned loudly and curved her neck up. She then hugged Alex's neck and started to move up and down.

"Ahn... ugh, Ahn, I'm feeling it inside me again,"

Sakuya said, eyes filled with lust. This feeling was too intoxicating, too addictive, and she could never get tired of it.

Sakuya wriggled her butt eagerly, and her white legs opened sideways to allow Alex's huge member to push deeper inside her, making it easy to plow her. Nectar gushed out of her flower garden as a stream.

The jealousy she was feeling toward Artemia earlier disappeared; now, she wanted nothing more than to be connected with him. So, she wasn't holding herself back anymore.

Alex felt excited when he saw that she wasn't jealous anymore. He couldn't get enough of her lust-filled face and heard her crazy moans. His libido surged up again, making him thrust inside her soft, warm, and wet pussy in a crazed manner.

Her tender and sensitive labia rubbed against his shaft fiercely, and his gland did the same, bringing even more pleasure to both of them. The two kept reaching one high after another, immersing heart and mind in the pleasure. It's why sex is a wonderful thing.

Alex kept ramming his thighs against her sensitive body while his hands fondled and caressed Sakuya perfectly round buttocks. His mouth wasn't idling either; he was sucking her tit as he plowed her hard. With each thrust, love fluids rushed out of her cave.

Sakuya couldn't endure this soul-melting pleasure and forgot about everything around her. She was enjoying herself.

"Annnh! Annnh! harder Alex..."

He was surprised when Sakuya said this. She even coiled her legs around him and opened the entrance of her womb completely.

Smiling, Alex increased his paces.

Pah* Pah* Pah*

Sounds of his glands kissing her ass cheeks resonated within the room. Lifting her a little, Alex pierced her, sending his entire shaft inside her snatch.

Instantly, his penis reached into her womb and broke inside it.

"Ugh! Ahnnnn.....!" Sakuya let out a loud cry and shivered deeply. The sudden pain and pleasure made her orgasm in one go.

The amount of love juice she let out was even greater than her first orgasm. Alex's legs were completely drenched.

He groaned in excitement and pushed Sakuya down, changing their position to the missionary position and starting a new round of fierce pounding. He plowed her fiercely.

Alex pressed down her body without mercy, not giving her time to leave the afterglow of the orgasm. Instead, he attacked even more aggressively, causing the Japanese's girl vagina to contract around his dick a tightly like a coiled snake that was about to strangle its prey.

"Ohhh! good!" Sakuya let out a loud cry and hugged his neck.

Alex smirked and kissed her lips, owning her body and soul completely, thus making her his once again.

Alex did not know if it was because she missed their jealousy toward Artemia, but Sakuya was incredibly lustful tonight. Soon, she was approaching her third orgasm.

And with a long shiver, she orgasmed again.

However, he continued attacking her, plowing her fiercely and enjoying the feeling of her flesh opening and closing to receive his holy spear.

By her third orgasm, Sakuya was finally unable to endure anymore. She moaned loudly and spasmed as though an electric current was attacking her.

At the same time, she let out a strange, unintelligible moan, and her body clung to him like an opossum while reveling in the pleasant aftertaste of the orgasm she had.

Seeing that, Alex increased his speed for one last sprint. Finally, he pierced her womb and sent all the semen he had accumulated in her. He stopped only after depositing everything inside it.

Sakuya let out a loud moan and closed her eyes, lying powerlessly in the bed.

"... So good..." She muttered with a dazed expression. She was very satisfied.

Alex smiled and looked beside him. There, a pair of beautiful black eyes met his heterochromia eyes and smiled lustfully, then,

"Sigh! You became hard so soon." Sakuya whispered, astonished.

'Well, I'm proud of that. For some men, it may take a certain time to get hard again, but for me, It was different.' Alex responded.

"Round 2"

He smiled and grabbed her waist. Then, he entered her again without mercy.

"Ohhh!"

Once more, her moans resounded in the room. Tonight will be a sleepless one; they both knew it. Or so they thought.

857 Chapter 857

Alex, piercing Sakuya from behind, felt his heart beating faster before his vision blackened, and he appeared in a blue space, this space was so vast that he could not see its end, but in the middle of this vast space, he saw a rainbow light floating.

Although he didn't know what this light was, Alex was sure that it had something to do with his unique ability; this thing had called him here, which meant he was getting closer to awakening his unique ability.

Seeing the rainbow light and knowing it had something to do with his unique ability, Alex couldn't wait but get closer to the rainbow light and finally discover what his unique ability was; however, no matter how long he walked forward, he was unable to get closer to the rainbow light, almost as if he could never reach the light. He tried to fly, to use Sleipnir, to use all his strength, but unfortunately, nothing worked. The distance between him and the rainbow light seemed to be increasing.

"Nooooooo! Let's me see....!" He roared, but unfortunately, nothing worked.

"What to do?" Alex searched for a solution but could not find one until a huge suction forced him to leave the blue space, but only after a broken voice resonated through his mind.

[Absolute?????????]

[Synchronisation rate :?????]

[Unity.....?????????]

.....

Alex was forced back into reality.

"What happened?" He mumbled, confused, but Sakuya didn't give him the opportunity to slack off as she had decided to devour him entirely like that he wouldn't go playing around.

Alex decided to satisfy her first before searching for answer completely.

He lowered his head and sealed her lips; meanwhile, his hands moved over her body, caressing it. Using one of his hands, he kneaded her big and wonderful breasts; he played with her hard erected nipples.

Sakuya felt her body becoming weak, and she tried to moan; however, because Alex was sealing her lips with his lips, she couldn't. His remaining hand went toward his clitoris, and he pinched it.

Immediately, Sakuya's body shook; she broke their kiss and let out a loud moan.

Alex didn't give her any time before he slid his middle finger inside her sacred place; her body shook once more; lowering his head, and biting her left nipple.

"Annhh!"

Sakuya moaned while holding his head down; she was sensitive after her numerous orgasms yet still refused to sleep because she was trying to hang him dry. Alex smiled before acting.

While playing with her breast, he started to finger her slowly; soon his assault became quicker.

Sakuya's body arched up; she loudly moaned before cumming. Her body fell back into the bed, and juice flooded out of her pussy, drenching the already wet bed.

Her breathing became rough; her big breasts were moving up and down. Alex stared at her beautiful mature body overflowing with charm. He licked his lips like a wolf before lowering his head toward her hairless pussy. Before she could comprehend what was happening, he had already assaulted her pussy with his tongue imbued in mana.

"Wait, Alex- ugh! Annhh"

Obviously, he didn't wait as he sucked her clit before sliding his tongue into her wet cave, assaulting her with his best technique; she was sent into heaven, again and again; the pleasure was too much.

"Ooohhhhhhhh!"

Sakuya let out a loud moan before cumming; her body twitched a few times. She had forgotten how many times she had orgasm tonight; the only thing inside her mind was the ever-present pleasure filling her body, corrupting her soul.

Sakuya gulped when she saw the furious beast; she had a hungry look in her eyes; she wanted this beast to mess up with her inside, to help her calm down the itchiness she had been feeling deep inside for a while ago. So, she looked at Alex as if she was begging him to end her misery.

Alex smiled and lowered the head of his hardened cock at the entrance of her cave and penetrated her in one thrust.

"Anhhhh!"

Her body violently arched back, and her eyes widened as if she was having an Ahoge.

If someone were to film the current Sakuya and show her what kind of expression she was making, she would be shocked she was making the same face as those characters in hentai.

Not like she would have cared about that because, at the moment, the only thing that mattered was to be connected to this man who was the only one capable of making her show that kind of expression.

Alex began to assault her with fast attacks; he was rough, making Sakuya grunt in pain.

Her body, which had not recovered yet from their previous sessions, she shivered fiercely. Her tight wall wrapped fiercely around his shaft, trying to crush it.

Alex didn't stop his rough assault because Sakuya seemed to love it as she kept moaning like there was no tomorrow. His dick went in and out repeatedly until it pierced her lower lips and hit her womb.

"Ugh!!!"

Sakuya let out a soft groan of pain and pleasure. She tried to twist her body, but he was holding her hands, so she could not move.

"Faster and rougher, please.." She begged.

"Sure." He smiled and did as his woman wished.

Sakuya gasped deeply and groaned in pleasure.

He licked her neck and armpit, and then he bit her nipples. One of his hands was holding her hands above her head firmly, while his other hand caressed and pinched her abdomen and legs.

Finally, his hands moved to her sacred place. He used his fingers to rub her clit making Sakuya moan loudly.

Then, when Sakuya was getting used to the pleasure, he licked her ear before biting it hard.

"Ugh...~" Sakuya moaned in pain. A shiver ran through her body, and her walls tightened around Alex's dick, almost making him cum, but he ground his teeth and continued.

"Alex..." With a loud cry, he felt Sakuya's orgasm coming.

"N-No..."

After the flood of love juices drenched his waist, Sakuya gasped. She opened her eyes and panted heavily while looking at him with a pitiful expression. Although she was the one that asked him to be rough, he went beyond her expectation.

Alex, who was not satisfied yet, assaulted her after switching positions.

"!!!"

Sakuya's eyes opened wide. She looked at Alex as though looking at a beast and her face turned pale. Her body shook; it was as if someone had attacked her with a bolt of lightning.

But in the next moment, she felt his member moving again.

She moaned involuntarily; the combined assaults caught her completely off guard. She became more aroused under his rough assault.

Alex smirked and put strength on his waist. Suddenly, his penis pierced her deepest part. She gasped, and her body shivered. She bit her lips until leaking a bit of blood, but even like that, her mouth let out a soft grunt.

"Mm..."

Sakuya's walls tightened even more around Alex's dick, and his member found it a bit hard to move.

So, he thrust hard while enjoying her tight cave. Sakuya shuddered and quivered as her body spasmed due to the pleasure.

"Ahhh...!" Finally, she let out another loud moan.

"Ohhhh! So good"

She moaned and screamed loudly. Her body twisted below him, and her legs wrapped around his waist to welcome his assault.

Sakuya moans became even louder and lewder as his assaults went on.

The slippery sounds of his dick piercing her resounded in the room. It was mixed with the sound of her moans and created a choir of pervert sounds that overwhelmed their senses. She forgot everything; she forgot about her initial objective, literally everything; her head became pure white. She just wanted to enjoy this moment, this feeling of being connected with him.

Finally, when Alex felt she was about to orgasm again, he decided to bring their lovemaking to an end.

Grabbing her waist, Alex moved in and out quickly. He slammed his waist on her ass while using his teeth and tongue to bite and lick her back. Sakuya's body shivered repeatedly, and her eyes turned blank.

"So deep... T-This... feeling so good. I-I'm dying..."

Then suddenly, her body spasmed.

Once, twice, and thrice.

Alex grunted. The attacks of his waist turned faster, and finally, he felt his orgasm coming.

Thus, he thrust one last time and cummed inside her womb.

"Cumming...~" Sakuya screamed loudly, arching her back. Immediately after that, her body lost strength, and she collapsed in the bed.

Alex took a deep breath and lay over her. He kissed her, and she responded with passion. He kissed her cheeks and decided to let her rest; her eyelids were slowly closing themselves, and she had already fallen into sleep.

"Let's continue later," Alex whispered into her ear as though she had heard a lullaby; Sakuya fell asleep while using his arm as a pillow.

"Sigh! What was that space?"

Alex spat out a sigh before closing his eyes. He had no idea that something was evolving inside his body.

858 Chapter 858

After the intense session, Alex fell asleep, not knowing that something was changing inside his body.

Half of an hour later, his body started twitching. It was as if he was experiencing a nightmare, a pretty terrible nightmare.

The scene changed to his point of view, and strangely he felt a sense of déjà vu.

Currently, Alex was standing somewhere, on a battlefield; he scanned his surrounding; everywhere he looked at it was destruction, only destruction. He could hear the sound of an intense fight; he saw a blue-haired girl fighting, this girl was injured, suddenly she got blasted away by what seemed to be a tail, she stabilized herself after one kilometer, suddenly something tried to attack, however, a purple-haired girl with black wings like that of a fallen angel rescued the blue-haired girl from a certain death by appearing in her shadow and teleported both them away.

Alex said someone dressed in golden armor with a beautiful longsword was desperately fighting; another one dressed in red armor was helping him. A golden-haired woman dressed in white seemed to be casting a large-scale spell. A white-haired beauty with nine tails was holding a gigantic fireball akin to a small sun above her head .

Someone was shouting in Alex's direction; it was an extremely beautiful woman, with white hair and golden eyes; behind her was a big tree that seemed like it could pierce the sky. This woman was shouting at Alex; more importantly, her finger was direct at Alex's arms.

It was at that moment Alex became aware of something cold in his arms; lowering his head like a broken robot, he saw that he was holding beauty in his arms, beautiful lustrous black hair and ice-blue eyes; however, currently, there was no light inside her eyes no more, she was dead, even so, she was looking at him with a smile as if to say 'Don't worry, I do not regret it. It's worth it, and I believe in you. Live well.'

Alex felt like his world had been broken apart; everything disappeared, no cries, no sound, no battlefield, only endless darkness, and he said,

"I won't accept it. I will kill you all."

His current voice was so low, so cold that it could freeze one soul; he couldn't believe it was him that uttered such words; there were no emotions behind his words, no hatred, only the will to destroy.

Suddenly, everything went dark, and Alex woke up in real life; Sakuya was sleeping soundlessly beside him.

"Ah! Ah! Ah!" He gasped for breath. Alex held his head, feeling an intense headache. His head was throbbing like crazy.

"What was that?" He asked himself, he couldn't recall everything, but he knew he was holding someone dear to him, someone, dear to him who had lost his life. He was truly afraid of such a thing happening.

"Wait, wait!" Alex could remember everything clearly after taking a deep breath, and he frowned because he had this nightmare before; Silveria had called it premonition because it was related to his right eye. Still, to him, it was a nightmare he wished he would never experience again.

"No wonder I get that sense of déjà vu, but something seemed different; there were some details in this nightmare not present in the previous one, almost as if something was changing." Alex, who had analyzed the situation, couldn't help but arrive at that conclusion. A smile found its way to his face making his handsome face more handsome.

"The future is not set in stop. I can change it. I feel like my right eye will show me all the possibilities. It will be good if I can go into that nightmare again." Alex said while willingly closing his eyes. He wished to experience that nightmare or premonition again, because inside this nightmare were the answers to this problem he seemed to have forgotten.

A few minutes after he closed his eyes, something inside his heart moved, reaching his right eye, which shone under his eyelid dragging him into a deep sleep, and he was sent into that nightmare again.

Currently, Alex was standing somewhere, on a battlefield; he scanned his surrounding; everywhere he looked at it was destruction, only destruction. He could hear the sound of an intense fight; he saw a blue-haired girl fighting, this girl was injured, suddenly she got blasted away by what seemed to be a tail, she stabilized herself after one kilometer, suddenly something tried to attack, however, a purple-haired girl with black wings like that of a fallen angel rescued the blue-haired girl from a certain death.

"Ah! Ah! Ah!" He gasped for breath. Alex held his head, feeling an intense headache. His head was throbbing like crazy.

"Fuck! Are you playing with me?" He shouted, furious, he had expected to see something different, but it was the same nightmare as the first time. This made Alex, and he forgets that he was not alone; he punched the bed.

Bang!

"Alex?" Sakuya was forced to wake up. Her fatigue vanished, and she noticed that something was not right.

859 Chapter 859

Bang!

"Alex?" Sakuya was forced to wake up. Her fatigue vanished, and she noticed that something was not right.

"What is the problem?" She asked while rubbing her eyes seductively; she was fighting against the sleep.

"Go back to sleep, my sweetheart. I'm just trying to confirm something." Alex said, coaxing Sakuya back to sleep.

She wanted to say, to be present for him as he seemed really concerned about something but she was too tired to say something, she could only sleep and hoped it was not something too urgent.

"Good girl. Sleep and don't worry; I will eventually find a solution; I'm confident. I'll explain everything to you later." Alex's words seemed to have worked like a charm because right after he said those words, Sakuya fell asleep.

After putting Sakuya to sleep, Alex kissed her forehead before closing his eyes; tonight, he wouldn't rest if he failed; he would keep trying again and again.

"Once again." He said as he drifted into the dreamland.

Currently, Alex was standing somewhere, on a battlefield; he scanned his surrounding; everywhere he looked at it was destruction, only destruction. He could hear the sound of an intense fight, weapons clashing against weapons mixed with monsters' roars. He saw a blue-haired girl fighting; this girl was injured, suddenly she got blasted away by what seemed to be a tail, she stabilized herself after one kilometer, suddenly something tried to attack, however, a purple-haired girl with black wings like that of a fallen angel rescued the blue-haired girl from a certain death by appearing in her shadow and teleported both them away.

A golden-haired woman dressed in white seemed to be casting a large-scale spell. A white-haired beauty with nine tails was holding a gigantic fireball akin to a small sun above her head.

Another person was dressed in golden armor with a golden sword, a two meters tall with a tail.

"Isn't it Leon in the Lionheart and L-" Before Alex could say something, the scene changed.

Someone was shouting in Alex's direction; it was an extremely beautiful woman, with white hair and golden eyes; behind her was a big tree that seemed like it could pierce the sky. This woman was shouting at Alex; more importantly, her finger was direct at Alex's arms.

It was at that moment Alex became aware of something cold in his arms; lowering his head like a broken robot, he saw that he was holding beauty in his arms, beautiful lustrous black hair and ice-blue eyes; however, currently, there was no light inside her eyes no more, she was dead, even so, she was looking at him with a smile as if to say 'Don't worry, I do not regret it. His current voice was so low, so cold that it could freeze one soul; he couldn't believe it was him that uttered such words; there were no emotions behind his words, no hatred, only the will to destroy.

The scene changed again, but this time, Alex was standing in the air with a beautiful crystal sword emanating chilling energy; it was so chilly that the atmosphere was freezing, and the temperature dropped.

Then he swung the crystal sword downward.

BOOOM!

Suddenly, everything went dark, and Alex woke up in real life; Sakuya was sleeping soundlessly beside him.

"Ah! Ah! Ah!" He gasped for breath. Alex held his head, feeling an intense headache. His head was throbbing like crazy. However, he couldn't stop smiling; from this nightmare, no, a premonition, he had learned about his unique ability, and if this were really what he thought it was, then his overall strength would skyrocket.

"Hehehehehe! Hahahaha!" Alex tried to laugh quietly, but in the end, he couldn't stop and laughed hard. Fortunately, Sakuya was asleep; otherwise, she would have woken up again.

「Master, something good must have happened for you to be this happy. Care to tell us what it is about?」 Silveria, who noticed that something had happened after seeing how happy her master was, couldn't help but ask him as she was curious.

'It's about my unique ability. I think I know what it is, but first, I need to check something.' Alex responded before calling his status.

Alex was pleasantly surprised to find that something new had added to his original status. He had never seen anyone with the unique ability. He was curious about this unique ability, but he had or less an idea about what this unique is about.

『Finally.』 Nyx mumbled after seeing Alex's unique ability.

860 Chapter 860

Alex was about to check his unique ability description when suddenly he felt a faint connection being established between him and a several people.

He couldn't help but smile because before checking the unique ability description, he already had an idea of what the skill was about.

"As expected, my unique ability is about me borrowing my partners' abilities. What a sick and op ability. As expected of me. I should try and-"

Before Alex could finish what he was saying, he fell head into the bed, completely exhausted. The previously accumulated fatigue comes crashing down like a waterfall forcing him to be asleep.

Immediately after falling asleep, Nyx and Silveria appeared and looked at him.

Nyx lovingly caressed his cheek like a doting mother.

Silveria watching her, couldn't help but sigh, wondering since when her sister had become so caring. She wasn't like this with their previous master; it was to the extent that if Silveria didn't know it was her sister, she would have mistaken her for someone else; it was how much her sister, the emotionless doll, had changed.

It was true that Alexander was different from others, different from their previous master, but there was something else that made her sister, the one known as the iron wall princess, become so caring about him.

Although Silveria wished to know why she didn't dare to ask, too, as she knew how scary her sister could be when she was angered, she would not want to upset her just because she was curious.

However, saying she was not surprised that her master got such a unique ability would be an understatement because it was an ability even her, who had lived for almost one million years, had never heard about. It was an op ability, a broken ability.

An ability that could let you borrow your partner's skills was indeed broken. Many would kill just to have this ability. It was their master's unique ability meaning nobody could copy or snatch it.

"Until we know more about this ability, you better protect our master. We should never let anyone know about this ability because it is an ability that should not exist. Do you understand what I'm saying?"

Nyx had never been so serious before. Silveria could tell that her sister was really serious about protecting Alex's secret and considering how awesome their master's unique ability was.

Alex's unique ability was something special that many would fight for if they learned about it. No wonder her sister would order her not to let anybody learn about this unique ability.

Even during the original era, no one had this awesome ability. It was to the extent that anyone could be envious of this ability. It was no wonder her sister was so adamant about her concealing this awesome ability.

Silveria nodded before casting a protective shield on Alex to conceal his ability until they learned more about it.

Nyx disappeared after seeing her sister understand the urgency of concealing their master's unique ability.

"Hah!" Silveria sighed after Nyx disappeared. She observed the sleeping Alex for a moment; she almost approached him to play a prank on him but managed to stop in the end.

•••••

The following morning Alex was still asleep because of last night's experiment. Sakuya and the girls woke up, and they ate breakfast. They couldn't bring themselves from waking the sleeping Alex.

Leon, who had come to visit Alex, was forced to leave disappointed when he heard Maria's invitation to participate in a game. Leon was overjoyed.

Before the game began, they would show each other their status.

Five persons will be participating in this game. Maria was the first to show her status, followed by Sakuya.[Maria Alexia Rosares]

The goal of this game was simple. They would both enter different dungeons simultaneously, and five hours later, the one with the most XP would be the winner. The initial XP was 100 000 XP.

The five, after eating their breakfast, choose five separate dungeons of the different difficulty before entering them.

Meanwhile, Alex continued to sleep, unaware that the others were playing a fun game. Sakuya and the others (A/N: His women have no idea that a tattoo was being etched onto their skins to show their connection with Alex).

Alex woke up six hours later, completely refreshed.
