931 Chapter 931

"Sorry, I guess I'm one step ahead." Alex declared with a smile while flaunting his status.

"Tch!"

Maria rolled her eyes while Artemia clicked her tongue.

Alex chuckled before his face turned serious as he looked around; the room had become normal.

"Let's leave."

Artemia and Maria exchanged a look before nodding as they followed him and disappeared from the Ice land, which had now turned into a normal dungeon.

The group didn't encounter anyone outside. They went back, and as they expected, Luna and the others were not back yet.

Night arrived.

Alex was sitting alone on the balcony overlooking the street below. Artemia and Maria were talking inside.

"Sigh!" Alex heaved a sigh before summoning his status.

Alex was not surprised that some of his skills level had finally increased; it would be weird if they didn't. After all, he used them a lot and became proficient with each use.

"Sil, come out." Alex requested Silveria's presence, and she responded.

"So, master, what do you want to talk about?" As soon as she sat across from him, she raised this question.

"What do you think of my unique ability?" He asked her.

"I think it's an awesome ability. I don't know much about it for now, but from what I can say, it lets you connect to women closer to use, enable you to use their elements." Silveria described how she believed her ability works.

Alex nodded; her description could not be more fitting, but he had a few things to add.

"From what I can know. There are three levels for my unique ability: The first level: After the synchro rate passes a certain level, I can obtain my companion's element. I think the required synchro rate for this is 50%."

Silveria nodded; she finally understood how her master acquired those elements, who only had the Time element.

Instead of continuing, Alex raised a question; it was something she wanted to ask.

"Your synchronization rate has reached 60%, yet I haven't gotten any element from you. I wonder why is that? It's because you can negate any element?"

Silveria laughed; she had expected this question when he explained that he could acquire his companion's element after their synchro rate reached 50%.

"It's true I can't use elements like others because I'm their Nemesis. I'm the physical type. Even if you didn't get any element from me, I'm sure you will get something amazing in the future." She declared, her face full of confidence.

Although he wished to know where this confidence came from, Alex decided not to ask and continued with his explanation.

"Second Level: I'm not sure if this is correct, but it is only activated when the synchronization rate reached 100%."

"What happens when it reaches 100%?" The impatient Silveria cut him off and asked.

Alex glared at her for interrupting him; he sighed and responded.

"I can use one of my companion's abilities."

"What?"

Boom!

Silveria felt like there was an explosion inside her head; it was how shocked she was. She was not the only one.

Although not present, Nix was paying attention to this conversation, and when she heard about what would happen when the synchronization rate reached maximum, she was pleasantly surprised.

She understood what happened back then; after Gracier's synchronization rate reached the maximum, Alex must have been overwhelmed by all of her skills and thus lost consciousness to protect his brain from information overload.

If Alex could know what Nix was thinking about, he would be shocked because it was precisely what happened. When Gracier's synchronization rate reached 100%, they became connected, it was like he was connected to her cloud and a lot of information rushed to his head instantly.

He might be strong, but this doesn't mean his brain was strong as his strength, his brain was quickly overwhelmed by the insane information rushing in, and as a result, he fainted. He might have suffered permanent damage if his brain hadn't shut down like that; he would have turned into an idiot. Well, it was only his speculation.

"So, when the synchronization rate reaches the maximum, you can select one of the target skills?" Silveria asked to be sure.

"Yes, it's exactly like that," Alex confirmed. He knew the second level was awesome, but if Silveria knew what he believed the third level would do, she would have probably fainted.

"Awesome!" Silveria shouted, clearly thrilled by this revelation; more than ever, she was proud of her current master, and she wished she could brag about him before the others from her race.

There was one last thing she must know.

"And what about the third level?"

932 Chapter 932

"Awesome!" Silveria shouted, clearly thrilled by this revelation; more than ever, she was proud of her current master, and she wished she could brag about him before the others from her race.

There was one last thing she must know.

"And what about the third level?"

Hearing this question, Alex smiled, and his smile turned into a grin as he said.

"I don't know."

For a moment, silence hung in the air before Silveria laughed.

"Master, stop playing around, and please tell me. I'm dying of curiosity here, pretty please." She begged him with moist eyes. She even tried to act cute, and Alex did not want to suffer mental damage as nobody knew what she would do next if he kept playing around; he decided to answer her curiosity; he was the one who started this conversation anyway; he must provide all the answers.

Although, what he was about to say wasn't verified, Alex was sixty percent sure his assumption was right.

"Let me correct something first."

"I'm listening," Silveria said, asking him to continue. She was getting impatient; the curiosity of knowing what the 3rd level could do was killing her.

"The maximum synchronization rate is not 100% but 200%."

"Eh?" Silveria was shocked, and just as she was about to ask him what made him believe this, Alex dropped a bomb that made her fall off her chair.

"I think once the synchronization rate reached 200%, it's the 3rd level. I can temporarily use my companion's Gift."

Bam!

"What?" Nyx shouted this, she couldn't control her shock, and she appeared before the two.

Silveria stood up and approached Alex as if she was possessed.

"Are you sure about what you just said?" She asked while her silver eyes were locked into him, afraid to miss anything.

"I'm sixty percent sure." Alex calmly responded, and Silveria burst into laughter.

"Hahahahaha! Finally, this time we might win."

Nyx didn't say anything; she just stood there, lost in thoughts.

•••••

Meanwhile, inside the dungeon. Sakuya, who left the forest where she fought that werewolf, wandered for a while, killing monsters here and there until she coincidentally met Gracier in the middle of a canvas. Gracier was standing in the middle of a giant crater, the ground was completely melted, and more than hundreds of monster corpses were scattered around. Sakuya's body tensed when she saw the grin on the little girl's face and the fierce aura emanating from her.

'Weirdos sure surround Alex.' She thought.

Gracier turned in her direction at that moment; the sadistic grin she wore vanished and was replaced by a warm and innocent smile. She was back to her innocent self.

"Oh? It's Big sister Mio. I'm happy to see you."

'You sure change your expression fast, you little devil.' She inwardly thought while outwardly she put on a gentle smile like that of a caring big sister.

"I'm happy to see you too, but Gracier first shows me your status."

"Huh?" Gracier was shocked by the sudden demand, she thought like always Sakuya was playing, but after seeing Sakuya's serious face, Gracier gulped; she wondered if she had done something wrong; nevertheless, she still obeyed.

"Now that you have seen mine, it is time to show me yours, Big sis Mio." Gracier, who was forced to show her status to Sakuya because she couldn't appraise her, also reclaimed to see the latter status.

"Of course, this Big sister will show you her status. Please don't be shocked by this big sister status. I'm awesome after all." Sakuya said with a wide grin plastered on her face.

Gracier rolled her eyes at Sakuya; she was too shameless. The little girl vowed not to become like Sakuya; however, she had no idea they shared something in common; they are both sadists. They enjoyed torturing their enemies. She would learn this in the future.

"How is it? I'm awesome, right?" Sakuya asked with a smug expression on her face.

Gracier nodded. "Indeed you are."

Gracier's acknowledgment overjoyed Sakuya, but this joy was short-lived because, in the next moment, Gracier said something that made Sakuya's face crumble.

"You are awesome but not awesome as my Big brother."

"I say, little girl, do you want to get spanked?" She asked as she slowly walked toward Gracier; the latter stuck out her tongue before running away.

"Wait, you naughty kid. Say that again." Sakuya ran after her. The two began to run around, startling the monsters; however, none of them dared to get closer to the two after sensing the dangerous aura

coming from their bodies. They didn't want to die, they left the two girls alone to play to their heart's content, and it was exactly what they did.

933 Chapter 933

Alex dropped a bomb that made her fall off her chair.

"I think once the synchronization rate reached 200%, it's the 3rd level. I can temporarily use my companion's Gift."

Bam!

"What?" Nyx shouted this, she couldn't control her shock, and she appeared before the two.

Silveria stood up and approached Alex as if she was possessed.

"Are you sure about what you just said?" She asked while her silver eyes were locked into him, afraid to miss anything.

"I'm sixty percent sure." Alex calmly responded, and Silveria burst into laughter.

"Hahahahaha! Finally, this time we might win."

Nyx didn't say anything; she just stood there, lost in thoughts.

For a moment, silence hung between the three until, finally, Nyx sat across from him and looked directly into Alex's eyes.

"What made you speculate that?"

She was asking for a confirmation, and Alex could pretty much tell this.

"It's because of what I've seen when the synchronization rate between my sister and me reached a hundred percent. Not only I've learned about the second level of my unique ability, which let me borrow one of my companion's skills, but I've also felt like there was another level beyond the second level. This level could only be activated once the synchronization rate reached 200%. I saw a scene of me wielding a golden bow, hence my speculation and the sixty percent confidence that my assumption is right on the mark." Alex explained to the girls, and after hearing her explanation, the sisters nodded.

They could finally understand why he would say that.

"If this is confirmed to be true, then we must not let others know about it because you can expect what would happen if the chaos organization learned that you have an ability that lets you temporarily borrow your companion's Gift. It's an overpowered ability that even we sisters who lived so long haven't heard off. While this is an exceptional ability for you, it would be dangerous for the enemy. They would do anything to get their hands on; they would have one more reason to catch you." Silveria warned him not to talk about this ability at not explain about the last level until he was strong enough to face the consequences once the news got leaked to the enemy.

Alex nodded, seemingly to share the same feeling, but there was something he wanted to know.

"I got it. I'll be prudent, but I'm curious about the other reason the enemy had to catch me."

Silveria sighed; on the spur of the moment, she blurted out something she shouldn't have. It was not the time to tell him yet; however, knowing how stubborn her master was, she started thinking of an excuse.

Fortunately, her sister, who had been silent for a while, decided to butt in.

"Sorry, we can't tell you yet, but I promise you will get the answers soon. If you are that curious, defeat Bahamut and open the door to the higher world, and you will get all the answers you want."

Nyx advised, and Alex nodded. It was rare for Nyx to ask for something, and he would not refuse. Unlike Silveria, who loved to play around acting all mysterious, Nyx was not like that. She was the one he appreciated and respected the most, not that silver head.

"Did you just think of something rude?" Silveria probed with her head tilted to the side.

'Woman's intuition is scary.' Alex inwardly thought while denying that he hadn't thought anything of the sort.

"It must be your imagination."

"It's better to be." Silveria pouted.

"Do you want to get spanked that badly? How dare you to speak to your master like that, huh?" Alex said while making an angry face.

"Oh! I'm so scared." Silveria rolled her eyes at him. Sure that he wouldn't try anything as long as her sister was present.

Seeing her smug expression, Alex felt blood rushing to his head, making him almost jump on his feet, flip her over and spank that juicy ass.

'What the hell I'm thinking?' Alex scolded himself for thinking even for a moment that Silveria got a juicy ass; however, there was no denying that when he talked of spanking her, he remembered that time when he really spanked her, the feeling of his hand spanking that ass, he could vividly recall it and without a doubt it was exciting, he could become addicted to this just by remembering.

Unconsciously, Alex glanced at Silveria's ass; because her sister had taken her place, she was sitting right beside him.

Suddenly, Silveria felt goosebumps rising all over her body, and she glared at Alex.

"What are you looking at, you pervert?"

Alex was brought out of his stupor. Feeling guilty, he decided to hide this fact by acting shamelessly.

"I'm looking at your ass; what are you gonna do about it?" He asked while rubbing his nose. He even went far by observing her ass.

Having forgotten how shameless her master could be, Silveria was momentarily lost for words; it took her a few minutes to come back to her sense, and she shouted.

"Shameless!"

"That's my nickname." Alex declared with a smug smile.

"You! You!" Silveria could form a coherent sentence as she was overwhelmed by her master's shamelessness.

Alex laughed, seeing Silveria so helpless. The latter was glaring at him, pouting like a bullied puppy.

Meanwhile, Nyx was observing the two, and after she was done, she said something that made the two react simultaneously.

"You two look like a couple. You will be good together."

""What?""

Alex and Silveria looked at each other before snorting. There's no way they looked good together. He could imagine himself with a woman like her, she was too disrespectful toward him, and she looked down on him in the beginning; he hadn't forgotten about this.

While Alex was thinking that, Silveria was also thinking the same thing; he was a rude man; he even spanked her, something even her parents hadn't done. How could she become a couple with someone that rude? Hell, no.

As if they had come to a consensus, the two said simultaneously.

"There is no way that's true."

Nyx said nothing; however, Alex was not done; the following sentence, he said, shocked the girls.

"If I were to choose, I would choose you, Nyx; I like you more."

934 Chapter 906

While Alex was thinking that, Silveria was also thinking the same thing; he was a rude man; he even spanked her, something even her parents hadn't done. How could she become a couple with someone that rude? Hell, no.

As if they had come to a consensus, the two said simultaneously.

"There is no way that's true."

Nyx said nothing; however, Alex was not done; the following sentence, he said, shocked the girls.

"If I were to choose, I would choose you, Nyx; I like you more."

Another silence hung in the air. Silveria's chin almost hit the floor; she was that shocked while Nyx couldn't hide her shock; she hadn't expected Alex to say something like that.

Silveria was the one to come to her sense first and went emotional.

"And what do you mean by that? I'm that unattractive?"

She felt jealous that her sister was chosen not her again. It was a feeling she had felt in a while, and it was not something pleasant.

Too focused on Nyx's shocked face to have noticed Silveria's unusual state.

"Yes! I would rather choose Nyx than you; she is a thousand times better than you." Alex declared, annoyed.

Silveria felt like she had been stuck in the heart by an arrow. It hurts so much that she felt dizzy.

"It is that so?" Mumbling this absentmindedly, she vanished, leaving the other two alone.

"Huh? Did I do something I shouldn't have?" Finally noticing the unusualness, Alex questioned himself; it was at that moment Nyx said.

"Sorry, but you are not my type."

Alex's body froze, and he felt like his mind had gone white; the shock he felt was too much, and the damage received was huge as well.

"I like a man who knows how to read the air and which step to take first. There will be no training for you until I said otherwise," Nyx added before vanishing. Although she was emotionless most of the time, she still cared about her sister; Alex's words must have deeply hurt her because it brought back painful memories she was trying to forget. Unconsciously, it might be why she was on edge with Alex at the beginning of their contract, not to make the same mistake.

'Sigh! I'm not good at this.' Nyx sighed as she decided to visit her sister's room.

Meanwhile, Alex, still in shock after Nyx's merciless words, finally came to his senses.

"Ah! It seems I'm hated. All of this is because of her, that troublesome silver-haired girl. Tch! How annoying." Alex spat out.

"Well, that is what I would like to say, but judging by the event that transpired, I'm the one at fault. I was being insensitive; no matter how much I disliked her, I shouldn't have said that. Well, not that I disliked her or anything. It is just I'll choose Nyx first before choosing her." Alex declared, feeling troubled.

"I better apologize to her later." He decided to apologize as he was in the wrong.

Nyx, who had just arrived in her sister's world, overheard this and smiled, a rare smile, and Alex's following words made her smile more.

"And Nyx, I will make you mine one day. I'll show you joy, emotions you've never felt before." He was full of confidence when he declared this. Previously he was not serious, but after Nyx made that declaration, his pride was hurt, and he arrived at this decision, he would make her his woman.

This declaration, full of confidence, amused Nyx; someone had made the same declaration in the past. She was looking forward to how Alex was going to accomplish this.

Meanwhile, in another room, Maria and Artemia, dressed in black and white nightgowns, were happily chatting while eating cookies the two barked together. The cookies snuggled close upon the silver plate, a welcoming sight for the eyes.

Artemia threw a heart-shaped cookie into her mouth. This cookie was sweet, and the golden crumb warmed her from within.

While enjoying this feeling, the third princess displayed her status for Maria to see.

"Why are you saving up your skill points? I understand that most of your skills are maxed out, but I'm curious as to why you kept them. They are meant to be spent if not wrong."

Having expected this question, Artemia did not immediately answer; she threw another cookie into her mouth and tasted it before answering.

"Well, it's because I don't like to rely too much on them. I like training the proficiency of my skills until they naturally level up; it's extremely hard. Still, I believe you will become more proficient instead of

relying on the skill points. There's no doubt that skill points are meant to be spent but won't it would be better to first train your skills naturally to some extent before spending skill points on them?"

Facing this question, Maria mused over for a moment before nodding; she felt like what the princess said did make sense; she would also try this method later.

Come to think of it; Maria remembered that Gracier also seemed to save up her skill points, probably because of Artemia; she had been her master temporarily. At that time, she must have suggested she not recklessly spend her skill, to first train her skills before spending skill points on them.

While Artemia was busy thinking about how to spend her skill points, Maria raised a question.

"As a former goddess, I want to know the required level to step into the God Realm."

To this question, Artemia's reply came in an instant.

"Level 200."

To this question, Artemia's reply came in an instant.

"Level 200."

Maria gulped when she heard what Artemia said; she had thought it would be closer to Level 200 but not Level 200. It became harder and harder to level up as one level reached a higher level.

"Thanks to Alex for removing the curse put on me. I can reach that level if I train harder and farm XP like crazy. We need to hurry because the enemy is powerful." Artemia declared while fiddling with her stats.

"I know. Can I ask you something?" Maria said while glancing at Artemia's status. She sighed as expected; the princess didn't use all of her skill points when she could have used them.

"Yes? What is it?" Artemia tilted her head to the head, wondering what the Ice empress wanted to talk about.

"What level is Bahamut when you fought him back then?" Maria had been curious about this hence she asked.

"Ah!" Artemia was shocked at first as she hadn't expected such a question; it took two seconds before managing to answer.

"I believe he is beyond Level 200." She said; her voice sounded heavy when she said this.

"What? Does this mean we must go beyond level 200 if we wish to win?" Maria asked, raising her voice; she had expected the enemy to be strong but not to that extent; he might be Level 250 or even Level 270, which meant they would have to work harder if they wished to come out victorious in this fight, if they wished to survive.

"Yes," Artemia confirmed what Maria had been worrying about, and she even added something which made the Ice empress frown deeply.

"We must indeed go beyond level 200, but the problem is that this realm limit, I mean the Middle Realm limit, was set around Level 210; leveling up beyond that limit is impossible. This not a curse but a law."

The two girls stayed silent afterward until Maria broke apart the heavy silence and declared.

"We must inform Alex as soon as possible, knowing him, he would have a solution. With him, I'm confident that we will prevail. We will all leave for the Higher world where the real stage is."

Artemia declared, thinking about that handsome young man who had stolen her heart; she couldn't help but feel at ease knowing he would eventually find a solution for their problem like he always did. They knew each other it only had been a few years, but strangely it felt like it had been an eternity. Love is such a strange thing, she knew she couldn't live without him any longer, and she would rely on him as much as possible while also letting him rely on her.

Just as the two were lost in thoughts, someone unexpected arrived.

,m "Girls, I'm back."

It was the blonde beauty Luna had arrived.

"Welcome back, Lû." Maria stood up and shared a hug with her friend and also a sister.

"Good to see you, sister," Luna responded while beckoning Artemia to come closer, which she did. The three shared a hug until they got separated from each other.

"You have become stronger," Luna said while observing the two.

"The same goes for you." Artemia was the one who said this.

"Fufufu! I become a demigod by chance; the monsters were so generous, letting me kill them without being wary." Luna declared while playing with her hair that she tied it in twin's tails which was unusual.

Artemia and Maria exchanged a look, and they chuckled.

"Isn't it because you acted cute like a Saint, and they mistook you for easy prey?" Maria said, amused.

"Wow! You know me the best. Where is my hubby?"

She hadn't even spent five minutes with them that she was already asking about her man. The girl's mouth twitched, and they told her to go to his room.

"I'll do that, but first, let me take a bath," Luna said before running toward the bathroom.

Half an hour later, someone knocked on Alex's door. He stood up and opened the door, and froze.

"Hi! My soulmate. I'm back." Luna declared while opening her arms, asking for a hug, and Alex felt obliged to give her that.

They shared a passionate hug, and as the hug seemed to end, Alex's hands slowly slid towards her face, his fingertips tracing her along the way.

A tingling fire erupted within her, and she took his face between her hands.

"Did you miss me?"

Luna asked, knowing full well what his answer would be.

"No, I didn't miss you," Alex's answer startled her at first, but this soon changed.

"I yearned for you." Alex declared full of love and yearning. He did indeed yearn for her presence.

Pleasantly surprised, Luna put her hand on his neck and pulled his face down. She kissed him softly.

"I also yearned for you!" Luna declared as the kiss ended. "The days felt like an eternity to me!"

Alex could also feel her yearning, how much she yearned for him; it could be felt through her words and touch. Knowing this, he didn't reply with words but with a kiss that contained endless cravings for her rosy lips. She eagerly responded, mashing her lips with his. It soon became a heated battle where they both let each other know how much they missed each other and how much they wanted this.

Leon and the others arrived shortly; they had all progressed in level.

937 Chapter 937

"I yearned for you." Alex declared full of love and yearning. He did indeed yearn for her presence.

Pleasantly surprised, Luna put her hand on his neck and pulled his face down. She kissed him softly.

"I also yearned for you!" Luna declared as the kiss ended. "The days felt like an eternity to me!"

Alex could also feel her yearning, how much she yearned for him; it could be felt through her words and touch. Knowing this, he didn't reply with words but with a kiss that contained endless cravings for her rosy lips. She eagerly responded, mashing her lips with his. It soon became a heated battle where they both let each other know how much they missed each other and how much they wanted this.

Leon and the others arrived shortly; they had all progressed in level.

The two kissed like there was no tomorrow. While continuing their heated battle tongues, they entered the room, and Alex sat on his bed with Luna straddling him. They kissed for a while before Luna's hands reached down and passed through Alex's pants.

"I love you; I will always stay beside you and assist in whatever you do."

She stared into his heterochromia eyes while her hands freed his dick.

"I love you too, and I promise never to let you go and always look after you." Alex declared before skillfully undressing her.

He then grabbed her hips and pulled her body up. In sync, she wrapped her legs around his torso and took hold of his face.

She was looking at him with eyes full of affection. She slowly lowered her ass. Alex hardened the shaft. He quickly slipped into her, thoroughly filling her cunt.

She gasped and closed her lips with his as they became one. Eagerly, she started bouncing her ass up and down, feeling his love pushing her to the apex of pleasure.

Alex freed his lips from hers. He brought them to her chin, kissing her soft-delicate skin, and slipped further down, kissing her throat.

"Ahhh!" Luna put her hands behind his head while increasing her speed. His lips seemed on fire, setting her on fire, making her yearn for his rain of love.

Alex's lips arrived on the swells of her right breast. He kissed her there.

"Oh, Lex!" She moaned as his lips found her nipples. The squishy sounds from her pussy increased multifold as this erupted her with wetness. She knew her climax was approaching and sensed the same from him. Craving more of his taste, she pulled his face up, bringing his lips back to hers for a tight kiss.

They switched positions; instead of sitting as he let her ride him, Alex was now lying on his back while holding Luna as she continued to ride him as a woman possessed.

She pushed her tongue into his mouth just as climax hit her with tingling sensation. Her body shook, and her cunt tightened, also trying to milk him, but he ground his teeth and endured.

"Ohhh! Cumming!" Luna shouted while throwing her head back, letting her body shiver from the countless jolt of electricity passing through her body after orgasm.

Alex immediately switched position; now in the missionary position, he plowed her hard, so hard that he soon ejaculated.

Knowing this won't be enough as neither of them was satisfied.

She crawled on the bed while shaking her plump ass. Her hands felt Alex's legs, and she spread them to make space for herself.

Stopping between his thighs, she grinned and took hold of his softening cock. She gave it a nice jerk and then leaned down, closing her lips with the tip of his cock.

The cum mixed with her love juice coated her lips, and she opened them, licking them slowly while stroking his cock to bring it back to life.

"It tastes a bit weird, but I like it."

She opened her mouth and pursed it on his thick mushroom head. While doing so, her tongue traced his bare skin, sending a shiver into him.

"Ah!" Alex gasped as his cock throbbed. She has barely started, and yet he felt close to heaven. His little friend was coming back more eager than ever.

Luna was definitely one of the best women, if not the best, he had. The way she touched and licked his cock was like an artist focusing on her painting, extremely focused.

Luna bobbed her head further down, slowly taking more of him inside her, making it sloppy.

She was forced to stop when she couldn't take him further; after all, his cock was no joke.

Luna took a deep breath as if to renew her determination before starting again.

"Slurp!"

Like a woman possessed, she started blowing him in earnest, sliding her mouth up and down as much of his dick as much as she could. She sucked him while not forgetting to run her soft tongue against his hardening flesh.

Her fingertips caressed his ballsack, sending him a shiver down his spine; he felt like an angel was blowing him, an angel she was. Luna continued with her job, her saliva slid down his shaft and settled on his balls, and she used it to moisturize them, getting them ready for her slippery tongue.

She pulled his dick out of her mouth with a popping sound and started jerking it while bringing her tongue to his balls. She gave them a hard lick, starting from the most sensitive place, making them quiver from pleasure.

"Oh, good, you're really good, my love!" Alex couldn't help but praise his fiancée in earnest.

To show him how happy she was because he appreciated her effort, Luna slowly pulled her tongue back and took a good portion of his balls into her mouth. She sucked them with love and lust, turning them sloppy while stroking her man's dick with such care that would make one want more.

In minutes, Alex's balls clenched, and Luna felt pressure bubbling inside.

Quickly, she let go of his balls and shut her mouth around the head of his dick. Just in time, a jet of white, glowing liquid erupted and hit the back of her throat, and she swallowed it.

Gulp! Gulp!

Alex let out a big load, and Luna simply swallowed them all.

Like an soldier responding to his command's call, Alex's cock stood up proudly after Luna flicked the mushroom head; it was back to life more, stronger, more eager than ever.

"Let's begin the second round." She said as she went on all four.

Seeing that ass, that peach-like thing, Alex felt like he would go crazy if he didn't release the beast threatening to swallow him, and so he did.

Alex didn't wait another moment. His mushroom-head barged into Luna's entrance, and she let out a moan that felt like a roar. If the room were not soundproofed, the whole neighborhood would have been alerted, and they would have congratulated Alex for making a woman roar like that, he must be a stud in bed, and it was exactly what most women are after. After all, a man capable of satisfying you is pretty rare.

Alex, who had penetrated his fiancée from the back, began moving his hips, and the way it moved was beyond description, the way his hips would put that superhero hailed for his speed to shame.

Pah! Pah! Pah!

Soon, Luna's pussy walls began to vibrate and clench his cock as if she was trying to merge them together. Her head jerked back, and an orgasm hit her like an avalanche. This one was stronger than the previous one.

"Ohhhhhhhhhhh!"

Luna cried out as her body started shaking, and her fine hair stood up. She was experiencing yet another amazing climax.

As soon as the climax hit her and she was still sensitive, Alex, who knew better than to use this to his advantage, switched to a missionary position before crossing her legs together in a scissors-like position. He started hammering into her like a drill machine, making her scream and beg for more.

"Ohhh! Harder love. I'm yours; feel free to rampage." Luna said amidst the moans, and Alex didn't have to be told twice before using his hips like moving his fingers.

Luna's body shuddered, and she closed her eyes. She was experiencing one orgasm after another, and her body erupted with goosebumps.

"Oohh, dear lord!" Her eyes snapped open as she felt Alex's middle finger caressing the hole underneath her filled cunt.

Her body shuddered at the prospect of this hole being filled; she knew it hadn't happened yet, but she was filled with anticipation.

But contrary to her bubbling expectation, Alex didn't plan on taking her virgin ass, at least not yet. It would be for another time. Today, he would let her know how much he missed her and how much he meant to him.

Suddenly, he switched from his fierce mode to a gentle one; the switch took Luna by surprise.

"Anhhhhhh!"

And she experienced another orgasm. From there onward, it was gentle and slow sex that made the two feel connected.

Alex soon had his second orgasm, then the third one; after the night was still young, and they planned to use it to its fullest.

938 Chapter 938

After the third orgasm, they temporarily stopped and decided to take a breather.

"How were your days killing monsters?" Alex asked while caressing her smooth blonde hair.

Luna leaned comfortably into his chest and said.

"Well, it was fun as hell. Playing the weak has its advantage. Their expressions as I punched the hell out of them were so funny that I couldn't get enough of it no matter how many times it happened. Fufufu! It was so exciting it almost became addictive."

Alex felt a chill down his spine just by hearing Luna happily talking about how she massacred monsters thinking she was weak as she was playing pretend.

"Let's do another sparring match, but this time, you won't use your full strength. Could you show me your status? I want to see it." Luna asked after lifting her upper body and taking Alex's face inside her arms.

"Sure," Alex responded before showing her his, and Luna was left speechless, mouth agape.

"Wow! Even if I've expected you to be strong, I didn't think you would be this strong." Luna declared with a smug smile; she was proud of her man; she would always amaze her; he was full of surprises like a surprise box.

"Show me your status," Alex asked her to show him her status, and Luna hummed softly. She felt happy that he asked her, he could have used the Eye of Truth on her and checked her status, but instead, he asked her to show him out of consideration. She appreciated it.

After giving him a quick kiss, she called out her status and showed it to him.

"Wow! Your stats are something else, and what with those broken abilities?" Alex was shocked; the Saintess mode seemed op, while Sanctuary would be great as well; she even had a domain called the Water Dimension; he was curious about this domain. Would you appear in the middle of the ocean if she used this domain? And what with the Sacred Art thing with the question mark?

So many questions, but before he could raise them, Luna's fingers were caressing his cock.

"Wow! Your naughty little son is eager for another round, it seems."

To this, Alex responded. "Yeah! It's normal when you are with a beautiful angel like you."

"Fufufu! Wait, I'll be back." Luna said before disappearing, and when she came back, she had a cup full of glass and seeing this, Alex smiled. It was going to be fun.

Luna put one ice cube into her mouth before approaching him and kissing him; the ice cube was passed into his mouth from her mouth. While doing this, her finger slowly ran the length of his spine, making him shiver.

Luna smiled as the ice cubes she placed on his lips started melting.

Without wasting any time, she pressed her glossy lips to the melting ice cubes from the other end. Under their combined passion, the cubes melted, and misty icy water droplets trickled down their lips, like jewels. It was beautiful.

Alex kissed her wet, cold lips briefly before moving his lips down. He kissed her chin from where the icy water streamed down and fell on her breasts that were smashed against his chest.

Meanwhile, Luna put her arms around his neck and arched her head back as his lips moved further down. His icy lips planted kisses on her soft neck, and as the cold but passionate lips touched her neck, she felt a bolt of current striking her. It was a pretty good feeling.

At the same time, Alex's hands slipped from her waist to her ass. Her curvy ass cheeks were smooth, feeling amazing in his hands.

He cupped them gently while kissing across her neck and moving up to nibble down on her ears with such care that she felt multiple bolts of currents striking her.

Alex's hands kept playing with ass cheeks, while his mouth didn't stay idling either; like a hungry hyena, he sucked her nipples, moving from one nipple to another, back and forth. Her breasts swayed with his mouth, and she squealed in delight.

Not wasting any second, Alex slid further down and lined his mouth against her pink flesh, hidden between two puffy lips.

He placed a middle finger against her wet slit and pressed his lips against her hard clit. Then, simultaneously, he inserted the finger and kissed the clit with gentle tongue probing.

"Ohhhh!"

Luna released a soft moan and slipped her hands between his dark hair.

Meanwhile, Alex started with a gentle lick from the clit to the base of her slit and then up. Alongside, his finger moved in and out of her slit, feeling her insides writhing in ecstatic contractions.

Slowly, he pulled his finger out and plowed down on her pink flesh with his tongue. He accelerated his movements and made use of his Fast fingers title.

And soon, Luna felt an intense wave of orgasm erupting deep inside her. Her puffy lips swelled and spasmed while juices secreted out right on his waiting mouth. Alex didn't let any go to waste; he sucked them and held her body tight as the wave of orgasm ran through her.

Alex moved up and kissed her right on the lips, allowing her to taste her juices of arousal. She gripped his face and broke the kiss. She looked him in the eyes, and their vision met; they instantly knew what the other party wanted. It was as if it was their first time having sex. Sex could provide different sensations depending on the mood, and the way you and your partner acted. Sex is Art, and what you master it if you don't want a boring sex life.

Luna knew she would never get bored with him no matter how often they had sex, and Alex also knew this.

While Alex was lost in Luna's eyes, the latter acted; she grasped his cock and guided it to her entrance. Alex immediately knew what to do; once at the entrance, he rubbed his cock against her slit, moistening his tip with her juices, and then invaded her waiting pussy. He slipped fully inside and stopped.

Both of them savored the moment.

Slowly, in the missionary position, he began to thrust in and out with long, gentle strokes. She slipped her hands around his neck and moaned.

Their eyes didn't move from each other, and they both knew their actions were not just sex. There was an intimacy that was more than physical. They stayed like this to enjoy the moment; if the previous sex was a bit intense, this could be said to be a gentle one.

After enjoying the feeling for a moment, Luna lifted her knees, giving him more access. It was like she gave him the signal to act, and it was what he did. Alex hammered deep into her, and along with the heavenly feeling from his cock filling her inside, she felt an emotional sensation that put her on edge. She has a feeling it was the same for him.

At other times, she could have lasted for long, but now she felt another orgasm on the brink of an explosion. The crest of orgasm was ready to sweep her.

"Let's cum together."

Luna whispered between her yelps of pleasure.

His reply was kissing her and increasing the pace of his strokes. His hips thrust down, pleasuring her.

"Oooh!!"

With her mouth sealed by his, she let out a suppressed moan as an explosion of ecstasy erupted deep into her pussy. It was like a dam of pleasure had broken, and the waves of orgasmic pleasure spread throughout her.

Luna's eyes rolled back as the uncomplicated sex gave her an intense orgasm. She held Alex tightly before shutting her eyes.

Luna grunted as her pussy spasmed around his cock, throbbing with delightful vibrations. He didn't resist and allowed himself to erupt. Showers of warm cum sprayed out.

He kissed her once again before collapsing next to her. Both were satisfied; they did it four times tonight, less than usual, but they were satisfied as if they did it six times.

After resting for a moment, Luna wrapped herself with a white blanket and moved out of the bed. She cleaned herself before filling two glasses with white wines she had brought, especially for occasions like this. She returned to the bed.

She handed one glass to Alex and then sat down on the bed.

Alex quickly drank the white and placed the glass on a table beside the bed. He then suggested.

"Let's watch the stars on the balcony."

940 Chapter 940

Above, their eyes upward, they saw a serenade of heaven's black supporting a chorus of stars.

Luna was leaning against her man's chest, staring at the constellations in the sky; she mumbled.

"Constellations light up the sky like heaven had given us a map."

Alex nodded; he acknowledged what she said.

"I wish we had a telescope here, and I would have used it to observe the stars up closer."

"Don't worry, we will create one in our future home," Alex promised. Luna understood that he was talking about the home they would build in the higher world after everything had calmed down.

"I will look forward to it." She said before raising a question.

"Say, is there something weighing on your mind lately?" She asked this because he could feel her man was here but not at the same time. He seemed preoccupied with something.

Alex heaved a sigh. Women's intuition is sharp indeed.

"It's because of Silveria."

"I see. Please explain in detail what happened." Luna asked as she was sure that something must have happened.

Alex nodded and told Luna what had happened. She pinched his cheek after she heard the whole story.

He said nothing and endured the pain as he knew he was in the wrong.

"You will to apologize and sincerely at that," Luna suggested.

"I know, but she didn't answer my calls, and I can't visit her in her world if she doesn't let me in." Alex sighed. It was not that he hadn't tried after the mistake he made, but it was just that Silveria was unresponsive; she blocked everything. Alex sought Nyx's help, but she only said to take care of the problem himself.

"I see," Luna said before contemplating for a moment and finally suggested.

"Invite her on a date. I'll help you, so you don't have to worry."

Alex nodded. It wasn't like he hadn't thought of inviting her, but she must accept hearing what he had to say first for him to suggest going on a date, something she didn't do; however, with Luna's help, this might change.

"Ok, I'll let you handle it. Let's go back; it's getting chilly here, and I'm sleepy." Alex said before the princess carrying Luna, who giggled and leaned against his chest, listening to his heartbeat.

"I love you more than anything, and I don't want to lose you. I don't want to lose these moments of peace, so please let's work harder to protect what we have, okay?"

To this sudden declaration, Alex's steps stopped but only for a moment before he resumed walking and with a smile, a voice so strong that it calmed Luna's worries just by hearing his voice.

"Don't worry, we will protect it. I will ensure it, and together we will overcome all obstacles on our road. It won't probably be easy, but it is not what will stop us. Let's work together." Alex declared.

"Let's do that," Luna said before falling asleep on his chest.

Alex looked affectionately at the sleeping Luna until he arrived in the bedroom and gently placed her in the bed, covering her body with a quilt. He sat on the bed, lost in thoughts.

Suddenly, Alex's right hand turned hot.

"What?" He blurted and checked his right arm. He saw the Eternal chain's tattoo reappearing, and it was shining more brightly like usual, so much that it began to emit heat.

Alex ground his teeth until the pain faded, and he plopped down on the bed, tired. Just as he was about to take a breather, he heard something that made him jump from the bed.

"Father!"

"What?" For the second time in less than ten minutes, he uttered the same word twice; however, that wasn't the problem; the problem was what he had just heard. He didn't remember fathering a child to be called father.

"Is this some kind of joke?" Alex mumbled while being on full alert.

He heard the voice again, but this time, he finally knew where it came from.

"Father, it's me, the Eternal chain."

Alex was gobsmacked, and he had no word to say. What was happening was so absurd beyond his wildest imagination that his brain stopped functioning for a moment, and in a moment of confusion, he asked.

"I didn't hear you well. Can you please say that again?"

The Eternal chain replied.

"Yes, father, like I said previously, I'm the Eternal chain; my name is Eterna," Eterna replied, but this time with more details.

Alex felt compelled to massage his forehead.

"I see. I should have expected this when I saw you beside the other two. It makes sense, after all; you must be from the same species as the others. I should have expected this, so your name is Eterna?"

"Yes! Father." Eterna replied.

Alex's face twitched; for some unknown reason, he felt irked being called father by the Eternal chain, so he asked the latter to stop calling him like that.

"I get it, but can you stop calling me father?"

"I didn't remember fathering you, though, so please stop, will you?"

Out of everything he had expected, he wouldn't have expected this.

"I refuse; father is father."

Alex's face twitched, and he massaged his forehead.

"Feel free to call me whatever you want, but there is one thing I want to know."

"Yes?"

"Why now? Why appearing now?" He was curious about why Eterna appeared now, so he asked. Was there a reason?

"Ah! It's because I ate enough to unlock my first form, level if you, and simultaneously, I've awakened my consciousness." Eterna explained.

"I see; no wonder you would awaken after swallowing and reducing a high-level dungeon to a normal level." Alex sighed while recalling what happened in the Ice land; right after swallowing almost everything, the Eternal chain went into hibernation, and right after, Eterna appeared.

Alex was curious about its gender, so he asked.

"Are you a boy or a girl?"

"What a question, of course. I'm a boy like my father, and I will conquer them all." Eterna replied arrogantly.

Alex sighed, too tired to even comment; he didn't wish to ask what he meant when he said he would conquer them all. There was only one thing Alex wanted right now; it was to get rid of this boy as he smelled the troublemaker from miles away.

Just as he was thinking of a method to seal this troublemaker's voice, he didn't want another troublemaker; one was enough. Eterna talked.

"Ahhh. Father, I'm tired. I'll sleep for some time. You better check your status in the meantime." Eterna's voice vanished shortly after.

Alex sighed; he wished Silveria was here; she would have been shocked as he was and could even crack a few jokes about the situation.

"Status!" He called out, and his status window popped up right before his eyes.

Alex immediately tried to use the chain art, and many chain-type abilities appeared inside his head. It was the combination between his chain and his elements.

Hell Blaze

Ice wave

Lightning Discharge

"Hahahaha! You are indeed my son. A son must show his love with amazing things." Alex shamelessly declared. He, who was not previously happy being called father by Eterna, was now saying he was indeed his son just because he saw how awesome he was.

If Eterna were still awake, he would have rolled his eyes at his shameless father.

"Now I can use my chain more offensively." Alex declared.
