961 Chapter 961

"The loveliness of pudding is in how rich and decadent it is, yet to have that joy last, it has to be occasional, part of a looked forward to feast shared with others. Otherwise, it becomes guilt, shame, or a negative habit. The trick to puddings is to get the portion size and frequency right as much as the recipe. The balance of flavors matters, yet the balance of when and how much you have them matters too. It's all recipes of different kinds, I guess." He said before adding.

"Your pudding didn't lack what I've mentioned above. I hope I can continue enjoying your pudding in the future."

Alex smiled as he said those words, and Elseria was entranced for a moment. She remembered what her best friend Artemia had said when she asked her what she found so special about the boy Alex; she told him it was his smile.

Back then, she had said, "His smile was one of happiness growing, much as a spring flower opens. I could see how it came from deep inside to light his eyes and spread into every part of him. A person smiles with more than their mouth, and I heard it in his voice, in the choice of his words, and the way he relaxed. It was beautiful."

The Elven Goddess could not deny that claim as she was also experiencing the same thing. Elseria quickly shook her head to focus on the reason why she had called him over.

"You are preparing to go to the Foxia empire soon, right?" She asked even when she already knew the answer. It was her way of switching the conversation.

Alex nodded and immediately said.

"Indeed, we are leaving tomorrow morning, but we both know this isn't why you've called me here. So why not directly go to the point?" He declared while finishing his last spoon of pudding.

Elseria was not offended; she let out a chuckle before asking.

"I heard that man's sister joined your rank. She had been running amok on the enemy's side. I just want to know if she is trustworthy-."

"Just admit that you wanted to know what kind of information she shared with me." Alex cut Elseria mid-sentence and directly said what she had trouble admitting.

Elseria's mouth twitched, and she immediately admitted.

"Indeed. We are allies, and I want to you if that girl shared any information with you."

"She has a name, and it's Incursio." Alex corrected Elseria as he felt like if he didn't do it, she would keep referring to her as that girl. Deep down, she didn't really consider Incursio as a person because she was not human, but Alex couldn't tolerate that as the girl had become his ally, a valuable piece he must take care of and cherish.

"My bad, I meant Incursio. Did she share something with you?" Elseria corrected herself while looking directly into Alex's eyes but seeing him remaining silent after she lowered her pride, she understood that he wanted something. With a sigh, she gave in.

"Sigh! Of course, you won't be sharing this information for free, so do tell me if she shared a piece of important information with you."

Alex chuckled, nodding his head in acknowledgment; he was already thinking of what he would be asking this super rich lady; his eyes shone golden like gold, and the Elven goddess felt her heart bleeding even before he even asked something in return.

"Okay, I'll share with you what she told me, but it would be good if I could directly show you." He told her, and she immediately understood; she nodded and let Alex's finger touch her forehead; she didn't put up any resistance as Alex transferred the information he wanted directly into her brain.

Elseria was sent somewhere. It was almost as if she was experiencing someone else memory; she didn't resist and let herself be swept along.

A black cave and a shriek in the blackness, cracking of wood, and suddenly you're face to face with a bizarre beast of embers and thunder. Two fiery eyes stared at her with a reserved intensity, and another shriek resonated from its cramped mouth in an attempt to intimidate her.

Two jagged horns adorned its gnarled head, which itself was glowing with incredible intensity. The smell of death escapes the creature's skewed nostrils within a serpentine nose.

Its gnarled head sat atop a short, robust body. Scorched ropes are tied around its torso.

The creature moves closer to you; its four legs gracefully carry its shadowy body with disturbing energy.

Two humongous wings extend themselves fully. Spiky bones and fiery tendrils stretch upward as if trying to block you completely. The creature's stare becomes more and more menacing with every second.

Suddenly, the scene was cut short, and Elseria was back in real life. Unconsciously she was tightly gripping the mat she was sitting on.

"What is that?" She squeezed out those words while the image of what she had seen got deeply embedded into her brain. Never in her long life, had she seen something so grotesque, something that abominable which made her sick just by remembering it.

"They called that thing a demon. From what she told me, they're mass producing this thing. They couldn't produce it in the last war, but now they can and are trying to produce many. Demons are hard to kill, and only the Light element seemed to work better on them." Alex explained, sharing the information he acquired recently.

Elseria went silent for a moment, digesting the information she had just acquired. To think the enemy would be plotting something like this. No wonder they went silent for a while; they were probably mass producing this thing, the thing they called a demon.

"!"

Suddenly a chill crawled up her spine as she realized what the Chaos organization was trying to do.

"No good they would have these things infiltrate the dungeons."

Alex sighed, confirming Elseria's fear.

"I've also thought the same thing. This is probably their aim."

962 Chapter 962

"I"

Suddenly a chill crawled up her spine as she realized what the Chaos organization was trying to do.

"No good they would have these things infiltrate the dungeons."

Alex sighed, confirming Elseria's fear.

"I've also thought the same thing. This is probably their aim."

Elseria was not surprised by Alex's words, but she was curious about why he thought like that hence the question.

"And why did you think like that?"

Having been expecting this question, Alex smiled; he didn't immediately answer but first took a fine wine and poured one glass to Elseria before pouring another one for himself. It was only after taking a sip of her wine did he finally answered.

"It's logic when you think about it. If I were in their shoes, where would I send those things first?"

To this question, Elseria didn't answer as she knew she didn't have to because Alex had not finished talking. She just had to keep listening, and indeed Alex continued with his explanation.

"Obviously, the answer is a dungeon. Everyone uses Dungeons to train, to become stronger on top of gaining wealth, but the primary purpose is strength. To deal great damage to your enemy, you must send those abominations into dungeons; they slaughter your enemy forces, stopping them from progressing, which will be beneficial for you when you will later clash. Your enemy will be weaker than you. This is probably their goal."

Elseria nodded at the end of Alex's explanation; she didn't have anything to add as it was exactly what she thought when she learned about the demons.

"What is the plan?" Alex asked after finishing his glasses of wine.

Elseria went silent for a moment, probably thinking about possible solutions. Fortunately, Incursio shared this important information with them; if not, they would sit still in the dark, which meant more casualties on their side.

"It's pretty hard because there are hundreds of dungeons worldwide, and it would be hard to monitor every one of them as we needed qualified adventurers to do this, and qualified adventurers are few in numbers, and most of them already. Have tasks assigned to them?"

Alex could feel the frustration in her voice. She was lacking workforce. Most of the qualified adventurers were sent all around the world to prevent more cities and villages from getting destroyed.

Thinking about it now, this must have been the Chaos organization plan, luring them to another location while they had the time to execute their plan, planting those abominations all over the place; they must have targeted the most used dungeons and the high-level ones, the one those grandmasters and Saints used to level up.

While Elseria was thinking about what to do to prevent more adventurers' death, Alex made a suggestion.

"Why not put an emergency notice all over the guilds to tell people to watch out for any oddity?"

"Hum?"

At this suggestion, Elseria frowned, and as if he could guess what she was worried about, Alex immediately offered an answer that reassured her.

"I know what you're worried about, but you don't have to worry. When I proposed that solution, it was also to let the enemy know that we are already aware of one of their secret plans, and once they knew this, what do you think they'd do?" Alex asked with a grin.

Elseria felt sorry for the Chaos organization, there was no smart doubt, but they had met their match in the name of Alexander Kael Touch and the freak Incursio.

"They would be forced to change their plan because they'd thought they would be discovered so soon. The premise for their plan to work perfectly would be to remain in the dark for a long moment; however, thanks to Incursio, this is not the case anymore. So, they wouldn't have another choice other than changing their plans."

"Exactly," Alex confirmed this before gulping down another glass of wine. Well, they might be mistaken, but there was an eighty percent chance that the Chaos organization would be forced to alter their plans once they learned that Alex's group knew about one of their plans.

"Okay, let's do that. Let's put an emergency notice all over the guilds to see what would happen. I'm sure they would stop targeting all dungeons; this will give us the time to form special teams that can clean those monsters, and with a little bit of chance, we might not have to go through all dungeons." Elseria had already made a plan after accepting Alex's suggestion.

"After posting the emergency notice, we just have to target middle and high-level dungeons as they will be no meaning in putting demons in low-level dungeons."

"Ah, I see. What you said does make sense. Okay, we will do as you said. Hopefully, it will yield a good result." Elseria declared before finishing her glass of wine; she immediately asked for another one.

While drinking her wine, she observed him. He held the wine glass in his over-moisturized fingers, his nails forming a wall without mortar. Elseria watched his face as he drank, contorted as if the expectation he might gain enjoyment from it was an imposition too far.

"I only love wine when I drink it together with someone. That person is the right ambiance, emotion, and scene for its entrance. Well, call it me rambling, but it is exactly how I feel every time I enjoy drinking wine with someone, this feeling might vary from person to person, but the overall feeling didn't change." Alex declared after placing his wine glass on the mat.

Elseria nodded, seemingly to share the same feeling as him, and in silence, the two enjoyed a bottle of wine.

The wine bottle was the customary green, yet deeper where the red wine sat within. Unlike the bottles in the cellar in his villa, it had a shine to it that accentuated the age of the label, time-yellowed with corners that curled.

Soon, the duo finished this wine bottle, and it was time for some serious business.

963 Chapter 963

The wine bottle was the customary green, yet deeper where the red wine sat within. Unlike the bottles in the cellar in his villa, it had a shine to it that accentuated the age of the label, time-yellowed with corners that curled.

Soon, the duo finished this wine bottle, and it was time for some serious business.

"Can you show me your strength?" Alex asked abruptly, right after their finished an entire wine bottle. To them, they wouldn't get easily drunk, and with Alex's special constitution (A/N: Because of the dragon's bloodline.), He was unlikely ever to get drunk.

Elseria nodded at Alex's request; she understood what he meant by asking this; he wanted to see how powerful she was, her status to be more exact, and the Elven goddess thought it was time to show him; he would eventually see it one day when he would cure her.

"Follow me." Elseria declared as she stood up. She slashed upward, and immediately after, a portal appeared. She walked into that portal and disappeared. Finally, it was Alex's turn.

Alex walked forward through the vivid portal resembling a stargate. A fascinating world immediately met him. The ground beneath his feet was cracked and dry, and the air was hot and dusty. He could feel his skin begin to sweat and his lungs burn with each breath. Immediately his mind begins to wonder what's behind that hill or what lives atop that twisty tree.

In spite of the treacherous landscape, he didn't feel a sense of dread or danger.

"Where is this?" Alex couldn't stop his curiosity.

"Well, a private place I've inherited from my predecessors," Elseria said. Alex didn't need to question her to know who she was talking about; it was probably the previous rulers.

"Are you ready?"

While Alex was lost in thoughts, Elseria asked him.

"Hum?" Alex said, bewildered by the sudden question, and Elseria took his response as a confirmation; she immediately undid her seals, reverting to her original appearance.

While Alex was reminded once again that this woman's beauty was second to only Silveria and Nyx, a formless wave of wild energy surged out from Typhania's body, turning Alex's body tense.

Alex's pupils dilated. His breathing stalled, and he felt an ominous feeling building up in his heart.

Before he could blink, a rampaging force struck him, sending him flying against the tree behind him. This tree was instantly smashed into pieces, and he slammed right into another tree behind him.

"Cough! Cough! What the actual fuck?" Alex cursed out aloud, not caring about his image. How can mere pressure alone send him flying this far? Then how strong is this woman?

"No wonder she was hailed the strongest under the heaven back then. I've finally understood why." Alex declared while clearing away the dust on his clothes; thanks to his sturdy body, he wasn't injured.

Looking in front of him, his jaw hit the floor, Typhania was floating in the air with a halo-like thing above her head, and the amount of pressure coming from her body was not a joke.

Unconsciously Alex's lips contorted to form a smile; he couldn't help but admit it.

"Yes, this woman is the strongest woman I've ever met beside those three." He mumbled. The three he was referring to were none other than Silveria, Nyx, and the crimson-haired beauty who gifted him the Asura's bloodline that later let him acquire the Asura's bloodline.

He did not have to use his Eye of Truth on her as she had already by her own volition displayed her status window in front of her, it was visible for him to see, and when his eyes landed on it, the Black prince gulped audibly.

Alex doubled checked, but the things he saw didn't change to the extent that the poor man thought he was going crazy.

"What with the broken stats?" Finally unable to keep silent, he voiced his frustration.

『This girl is an absolute monster. Make sure to secure her, got it?』 While Alex was lost in thoughts, thinking he was not strong, Nyx's voice reached him, and he nodded. For another monster, the monster among the monsters to acknowledge Typhania meant that she was indeed a real monster, no wonder she was hailed the strongest, one thousand years genius when she was born.

Alex had never seen such broken stats in his life; not even Lord Thanos's status was this broken.

"Well, obviously, what I saw what not his real status, so I can't accurately judge, but this monster in front of me didn't show me everything either. Sigh! And here I thought that I'm also a monster but compared to this woman; I'm still far from that level." Alex mumbled under his breath.

And this was her status when she was cursed; what would her real status gonna be once she recovered her strength? Once her curse was lifted?

Gulp!

Alex gulped just by imagining it and got goosebumps rising all over his body.

"Fuck!" He could only cry out in frustration; for some unknown reason, he felt like he was losing, and it didn't sit well with him. He was a true alpha, and a true alpha should be above everyone, especially his women.

While Alex was lost in thoughts, Typhania reverted to her Elseria's form and descended before him and asked.

"What did you think? Can you now erase my curse?" She asked half hopefully, but Alex's answer was negative.

"Impossible."

"It is that so?" Elseria said, a little bit discouraged. She had expected such an answer but still, hearing it hurts her.

964 Chapter 964

'What did you think? Can you now erase my curse?' She asked half hopefully, but Alex's answer was negative.

"Impossible."

"It is that so?" Elseria said, a little bit discouraged. She had expected such an answer but still, hearing it hurts her.

"My bad I meant it is impossible for me right to remove your curse because your curse is special than the other. Bahamut must have waited you enough to put this kind of complicated curse on you." Alex explained with a apologetic face.

"Ah ok I see. I shall wait again." She declared with a smile, her mood had obviously improved. Previously she was afraid that it would take a lot of time, however judging from his expression it wouldn't take that long she concluded.

There was something Typhania didn't tell Alex, since both Artemia and Lilith had their curse erased, she had become impatient as she felt like she was the only left but now that she confirmed it won't be long before she would have her curse erased she had calmed down.

After chatting with her for another twenty minutes Alex departed, returning to the Lionheart Empire, tomorrow they would be leaving, so he needed to rest.

The next morning.

Alex's group temporarily villa.

As the first ray of sunlight crack through the night sky, Alex was still sleeping. He was sleeping without any care in the world, almost as if he had forgotten that today they must depart toward the Foxia empire where Kuina, the fox princess would be waiting.

A minute later, the chirping of the birds entered his ears. The brilliant beams of sunlight passed through the open windows and fell on his face. He unconsciously placed a hand over his eyes but more sunlight basked his face.

"Five minutes more please." He mumbled while trying to escape from the morning sunlight but as if the latter was stubborn, it followed him even when he moved to the other side of the bed.

Having no choice, Alex rose up. He stretched his hands while feeling the sunlight kissing his cheeks. He left the bed and walked towards the window. A gentle gust of cool breeze greeted his face as he looked out.

The chunk of lights in the sky expanded in size and sparkle. The beams were cool and rather soothing to the eyes.

There was an ethereal beauty to the sunlight, as if a layer of tinted filtering had been added in the sky. Everything was in honeyed tones, beautiful and soothing. Alex moved her hand through the air, watching her fingers. It was almost as if the light was amber nectar, flowing in slow and graceful swirls.

He lowered his head to see the plants and trees outside the garden. The dew drops were glistening on the leaves and they sparkled under the sunlight.

He looked ahead and noticed many groups of people on the streets not too far from the villa. Stalls were being set and shops opened for work. There was peace and tranquility lingering everywhere his eyes reached.

"Last day here," Alex thought with a smile. He then closed the windows and turned around. He took a step ahead and his body vanished in a puff of smoke.

His speed was second to none and he used his lightning-fast movements to freshen up. He went downstairs after finishing, he thought he would surprise the girls by preparing today breakfast but on the contrary they were the ones surprising him by preparing the breakfast before he descended.

"Morning!" Maria said and handed him a cup of hot coffee.

"Morning girls." Alex greeted them before sitting on a chair offered by Saeko. After exchanging a light greetings, Alex enjoyed the breakfast unexpectedly cooked by Maria.

"It was delicious. Good work. I'm looking forward to eating your breakfast more often." Alex offered those heartfelt words at the end of the breakfast.

Maria was overjoyed at those words because she felt like her efforts were being rewarded, she was not good at cooking, truth be told before reincarnating to Mysthia, she had never cooked herself before, but things changed when arriving here, she had to know at least how to cook if she didn't wish to fall behind others who knew how to cook. There is a saying that the road to conquer a man's heart is through his stomach, so naturally she must know how to cook and in order to catch up to others she started training, finally she could cook a simple breakfast and she was happy that he enjoyed her effort.

Today breakfast was soft pancakes and berries, as warm as they would be in the sun, maple syrup threaded upon the top.

After eating the breakfast, everyone started preparing to depart toward the Foxia empire.

Saeko asked Alex to spare her few minutes and naturally he accepted.

"So what do you have to say to me?" Alex asked her as soon they were alone.

"I want to ask you a favor. Can you take me back for a moment. I've something to do on the other side?" She asked and Alex didn't even ask her what she was planning to do. He knew whatever she had planned, it must have been important for her to ask for his help. He had accepted taking her, he was the one that invited her, so naturally he ought to be present when she needs him.

"Okay, we are leaving immediately right?" He accepted which surprised Saeko. She had expected at least one question, for example what did she want to do once back? However, instead of asking her any question he directly accepted and even asked if they were going immediately or not.

"Yes! Let's go immediately." She said before adding.

"I have already informed the others and they accepted."

"Okay. Let's go." Alex nodded before taking her hand as they stepped across space and disappeared.

Right after they were gone, Sakuya and Luna walked in, looking around Sakuya declared.

"They are gone it seems?"

"Yeah it seems." Luna responded.

"Let's hope she will make a good use of this chance." She added with a mysterious smile.

.....

Foxia's Empire.

Polished braziers enclosing each of the six granite columns light up every part of the throne hall and shroud it in a dark orange radiance. The relatively simple stonework on the embowed ceiling dance in the flickering light while statuettes and marble icons look down upon the wooden floor of this luxurious hall.

A lilac rug splits the entire room in half and was matched by the thinner ones on either side of the hall while embattled banners with gilded ornaments the walls. Between each banner hangs a small chandelier, a few of them have been lit and in turn illuminate the artistic portrayals of royalty long gone below them.

Grand, stained glass windows depicting ancient legends are neighbored by draperies colored the same lilac as the banners. The curtains have been adorned with embellished borders and decorated tips.

A towering throne of oak sat atop an elevated platform and was adjoined by three almost identical seats for visiting dignitaries.

The throne was covered in symbolic patterns and fixed on each of the slim ears is an abstract petal. The fluffy pillows were a light lilac and these too had been adorned with adorned sigils.

Those listening to their royal highness could do so on the several decorated, but somewhat uncomfortable granite benches, all of which are facing the center of the hall. Those of higher standing could instead take seat in the specially decorated balustrades facing the throne.

Currently, the Foxia empire's ruler, the eight tailed empress sat atop the throne calming waiting for the visitor to come in and shortly later she arrived. It was none other than her daughter, Kuina.

"Mother, you called?"

"Yes! Sit next to me." The empress said to her daughter as soon as she walked in.

"Show me your status." She ordered and Kuina obeyed.

"Not bad. You have been training well. Just a little bit and you will step into the next realm. Well done my daughter." The empress complimented her daughter.

"Thank you mother but I believe complimenting me isn't the reason why you called me here." Kuina was not really in the mood.

The empress could sigh as she was planning to use this opportunity to get closer to her daughter.

"Okay, how many tails have you unlocked now?" She finally asked one of the reasons why she summoned her daughter.

965 Chapter 965

"Thank you mother but I believe complimenting Ome isn't the sole purpose for calling me here." Kuina was not really in the mood.

Sun rays come as nature's easel, giving brilliant colour to what was hidden even under the passing starlit night
The empress could sigh as she was planning to use this opportunity to get closer to her daughter.

"Okay, how many tails have you unlocked now?"

She finally asked one of the reasons why she summoned her daughter.

"Seven" Kuina answered while immediately displaying seven tails.

The empress, her mother was greatly surprised, seven tails was beyond her expectation. Those seven tails were real and an illusion eighth tail was in the process of being formed.

As a mother she was happy that her daughter was becoming stronger. Unlocking seven tails at her age was something only she was capable of doing. At her age the empress had only unlocked six tails and it was not the complete sixth tail.

"That's a good news. I'm really pleased with your progress. With this I don't have to be worried about the future." The empress sighed in relief. She was well aware that her daughter wouldn't inherit the throne if she were to follow that man, said man whose goal was beyond this world. As a mother she was worried while at the same time she was excited, excited because her daughter would be doing something she had been unable to achieve. Therefore she must prepare her, she must be stronger, unlocking more tails was one of the empress goals.

"So what is your plan for Alexander?" The empress asked her daughter hoping that she would at least share few words with her but unfortunately it was not the case.

"You don't have to worry mother. You'll know when the time comes. I'll be taking my leave. I've something to do. Alex's group will be arriving in a few days." Kuina said before departing.

The empress sighed looking at her daughter's back. She had thought she would at least spend few months more minutes with her but after seeing how impatient she was to leave she could only bury this feeling inside her head.

Being ruler come with a lot of disadvantages, not gaining your children love is one of them.

Meanwhile outside, Kuina after leaving the throne hall summoned her status again but this time it was the real one.

The current status was her real status. The real why she didn't show this status to her mother was because of the Elders watching everything from the shadow. If they had seen this they would have made things for her, her plans would have been altered something she would not want to happen. Nothing could make her plan to become Alex's woman go awry. She had waited for long enough to let some old bitches decide what or how she should live her life.

There was something else she had hidden from her mother, she said she had unlocked seven tails while her mother thought it was indeed the case, that she was in the process of unlocking the eighth tail, she had already unlocked the eighth tail.

"Let's go and prepare to welcome my husband, shall we?" She declared with a smile before disappearing. Her illusion magic had reached the level where even her mother and the Elders would find hard to crack.

.....

At the same time in the Far East Empire, Saeko had managed to retrieve what she was planning to take and the two were ready to go back, however, it was already nigh time. On their way back their decided to book rooms inside and inn.

The next morning.

Room No. 77, Elvis's Inn.

As the first ray of sunlight crack through the night sky, Alex was still sleeping. Suddenly, the brilliant beams of sunlight passed through the open windows and fell on his face forcing him to open his eyes and it was exactly what he did.

After waking up he freshened up and leave his room.

A few minutes later.

Alex knocked on a room opposite to his. The door opened up and Saeko stepped out.

She was clad in a beautiful dress which had Alex mesmerized.

The dress covered her shoulders entirely and flowed down into a tasteful v-neck. It was a comfortable fit which covered up her breasts, but does so without making it look awkward or messy.

Her arms were completely uncovered. Which was a good thing too, her silky skin isn't something you want to cover up.

The dress' waist was narrow, but it's a slim fit. An elastic band within the dress perfectly accentuates her waist and breaks up the dress nicely.

Below the waist the dress fits snug around her and had a wrap style. The dress reaches all the way down to her feet and is slightly longer at the sides.

She's wearing open toes, gorgeous on their own, an ideal match in combination with the dress . To top it all off she's wearing an intricately designed necklace and large, stylish earrings.

"Morning Saeko, you're really beautiful." Alex offered an honest praise, if yesterday he was unaware of the girl's goal, currently he couldn't say he was not, if it was really what she wanted then he would gladly play along.

Alex thought with a smile. The two left the Inn after Alex borrowed the kitchen and prepared their breakfast.

After leaving the Inn they didn't rush to their next location and Saeko was really grateful for this as it was really her goal, she wanted to spend some time with him to advance in their relationship.

967 Chapter 967

After a momentary stop, Alex changed their destination. He understood that the little princess wanted to spend some time alone with him, to let her enjoy this as much as she wanted he changed their destination, going back to Avalon.

It was already night time when they arrived making perfect for what Alex had in mind. After spending few minutes in their villa it was the time to go to that place.

Alex was dressed in simple all black outfits while Saeko was dressed beautifully.

The dress covered her shoulders entirely and flows down into a fancy halter neckline. It was a loose fit which helps remove some of the unwanted attention on her breasts, but does so by still looking elegant.

Her arms have been covered all the way down to her wrists. The sleeves start out loose and tighten towards the bottom where they wrap graceful around her wrists.

The dress' waist was thin, but it's a loose fit. A cloth ribbon has been wrapped around her and is tied on one side.

Below the waist the dress fits snug around her and has a tube style. The dress reaches to just below her knees and is the same length all around.

She's wearing open toes, they're simple, but radiate grace and refinement. To top it all off she's wearing a subtle necklace and large, stylish earrings.

"It suit you real well. You're gorgeous in them." Alex offered a compliment which made Saeko smile. Her hair had grown longer than when they left her hometown, she let them loose which accentuated her beauty even more.

Under Alex guidance they arrived at their destination quickly.

It was a club.

'The Mint' a night which became a popular club in capital recently. The club was always overcrowded thanks to the ambient environment and the wonderful drinks it offered.

A long queue of people was standing outside the club waiting for a chance to enter. More than eight bouncers were overlooking the queue to ensure no trouble.

"WoW! It's a club. It's my first time visiting one." Saeko was thrilled at the prospect of visiting a club for the first time, however, after seeing how crowded the place was, her joy was short lived.

Alex chuckled before dragging Saeko with him. He didn't join the queue and instead directly went to the entrance.

"What the fuck? Did you think you'll get when we are standing in queue here?" One man shouting prompting the others to start laughing as they thought Alex was being delusional, not even your background would work here, this club was unlike the other ones, not only it was well maintained and have the best drinks, everybody queue up to enter it, doesn't matter from which background you come from.

Saeko stayed silent, not paying attention to the crowd, having known this man for a while now she knew he was not the type to do things recklessly, so there must be a good reason why he didn't queue up like the other, maybe he knew the owner of this place.

While Saeko was lost in thoughts, they arrived at the entrance where they got stopped.

Four bouncers in black with robust physics were guarding the entrance with a frown on their face.

"Kid, there is no special treatment here," One of the bouncers said in a heavy voice.

Alex didn't say anything and instead took out a golden card from his item box.

"He thinks a card can change the rules here?" Someone from the queue shouted.

"The club is known for its fairness!"

"Stop being delusional!"

"Even if you are from the imperial family you wouldn't get an entrance---"

The crowd suddenly turned silent. Each person looked on in complete disbelief at the scene in front of them.

The head bouncer opened the entrance of the club! Not only that but the bouncer was showing a respectable attitude.

Alex's lips curved upward to form a smile as he entered the club while holding Saeko's hand. The bouncer then closed back the entrance with a loud thud.

The crowd got their wits back as they saw the entrance being locked again.

"What?!"

"This is unfair!"

"It is against the rule!"

"Get that kid out!"

"We will protest!"

"Yes! We will boycott the club unless you get that man out!"

The head bouncer looked at the crowd with a mocking expression.

"You think I will give more preference to your protest than the owner of the club?" The bouncer asked with a smirk.

"Owner?!"

"That kid owns this place!?"

"No way!"

"I see, no wonder he didn't give us a damn!"

"The world is unfair!"

"I've finally understood that last smile as he was entering the club. Our words must have sounds funny to him. Well, Life is unfair. We just have to wait for our turn." Said a lady, she had brown hair with a big breasts.

If Alex had paid a little bit attention to the crowd he would have spotted this lady. They only meet once when he was shopping with his sister but she was a lady that left a strong impression on him as she was also an adventurer, no a former adventurer.

This girl was none other than Delphi, the girl with the legendary F-cup.

The reason why she was unable to identify him was because Alex had changed compared to their first meeting and most importantly he was disguised.

Not wanting to draw too much attention, they choose to disguise themselves.

Not many people were aware of Alex owning a club, except for the emperor and Alex's entourage. Creating this club was not Alex's idea but Maria's idea instead.

.....

Meanwhile, inside the club.

The club was spacious with three floors filled with people to the brim. Multiple lights flashed around on the disco floor.

At a far corner, a DJ made sure people had more than worth the money as he adjusted the music to give them the fun of their lifetime.

"You are the owner of this club right?" Saeko asked with a smile. She had arrived at this conclusion after a bit of thinking.

It was her first time entering a club and she was startled by the glamor and vanity inside.

"Yes, I'm indeed the owner but it's your big sister Maria the one that came with the idea and the one that manage this place." Alex explained as he stepped towards the bar counter.

Rows of liquor bottles were placed behind the bar. Beers, wines, whiskey, spirit drink and many other beverages were displayed on the glass shelf.

The bar counter was made from glass with a virtual interface to allow the patrons to choose their drinks, all of this was illuminated by what looked like a neon light drawing everyone attention as soon as you walked in. Many bartenders were making the drinks in a fully professional manner. There were ten in total.

There was hardly any empty space in the club and there were more people waiting outside.

Saeko understood why people said this club was the best one out of the clubs inside the capital.

The entire club was dark and noisy save the occasional flash of lights on the dance floor. The heavy music reverberated on both floors while people danced with full enthusiasm.

After serving her a glass of spirit drink and a whisky for himself, the two sat together while enjoying their drinks and watching others dance.

The sight of the dance floor brought a frisson of joy.

Alex felt like if the dance floor could speak it would be a tale of enlivened souls.

Looking at those dancing he felt like they should also move their bodies.

"Let's go dance." Alex said offering his hand and Saeko shyly took it as she got dragged on the dance floor.

Because of her past, she didn't have any experience with things like this. Ball dance is different from club dance. Thankfully, she got a wonderful teacher and partner.

She didn't embarrass herself on the dance floor thanks to Alex's guidance. He leaned close to her and grabbed her arm as a slow tune came on.

They both swirled around in fun and laughter, and in few minutes, Saeko even forgot that she was a newbie on the dance floor.

"He truly makes me feel different." Saeko thought in her heart as they danced.

Alex curled a hand into the curving span above Saeko's hips, fitting his fingers around her waist. She didn't shudder and she moved her hand forward while the DJ changed the music to another party song.

As they danced she felt like she was getting closer to him, as if their hearts were being connected to form one and only one channel. He was like her beacon at the end of the dark tunnel, his story, his will not to give up when everyone thought he was worthless was what shaped her personality, her being.

In the beginning it all began as infatuation, like a crazy fan but after spending time with him it has evolved and Saeko could say it without doubt that she was in love with this man and as a woman in love there was only one thing left to do which is to win a place in his heart.

968 Chapter 968

After dancing for another thirty they stopped and on their way back to the bar counter Alex met someone unexpected, it was Delphi but she didn't recognize him so he didn't bother stopping to greet her, if there was another chance he would talk to her in a more private place. There was a risk of creating a commotion if he were to do that here.

After sitting around the bar counter and ordering the same drink.

"Two glass of whisky please." Alex ordered.

The chief bartender nodded in agreement and proceeded to carry out the task after giving them a tissue box to wipe their sweat.

"You come here regularly?" Saeko has spent all her energy on the dance floor.

She took a tissue to clear her face of the sweat.

"Not really, it is my third time coming here. The last two times it was with Maria and the others." Alex answered while playing with his glass.

"I see I'm glad that you invited to your club. I want to spend the rest of my life following you. I want a place in your heart and I'm sure you must have noticed my feelings for you. So, I'll be bold to admit it."

To this declaration Alex smiled and didn't look away as if he was telling her to continue with what she was saying.

Saeko smiled, full of happiness and after finishing her glass she said.

"When I see you, it's as if space and time become the finest point imaginable, as if time collapses into one tiny speck and explodes at light speed. It's as if my universe begins and ends with you. I could run forever, search forever, but in the end, every path leads right back to your heart and soul. I love you and I'm sure of my feelings. This trip was an excuse to confirm my feelings and finally made this declaration."

Alex stayed silent for a moment before caressing her smooth skin as he declared.

"You have seen my life, my bonds and even after knowing all those things you still choose to love me, it would be a lie if I say that I'm not attracted by you. So, while you've accepted me despite everything I promise you that I will do the same. Let's do the journey together. It won't be easy but it will be different with you by my side."

Saeko became emotional after hearing Alex's declaration, it was an acknowledgement, he acknowledged her love and even promised to reciprocate. And to Saeko there was anything more important than that, she felt blessed, her decision to confess was the right one. It doesn't matter the place you choose to confess, what matters is how genuine your feelings are.

If weren't because she was feeling shy she would have kissed him but she decided to postpone this for later.

One hour later the two left the club and to their surprise it was raining outside.

"Fortunately I've an umbrella with me." Alex declared before taking out the umbrella and shared it with Saeko. There was something romantic about sharing an umbrella. She could feel his heat through their shoulders, they two didn't rush back as if they had come to a tacit agreement to enjoy this beautiful moment together until it happened.

The rain created a beat upon the blacktop sidewalk. People passed as if in accelerated motion - all except two people whom have let their umbrella fall to the wet street and be blown by the wind. They were bound in a kiss that was so tender the world should stop on its axis and take note of their love.

The street appeared to have sprung into existence solely for the couple kissing so tenderly, their faces dripping with the wintry gifts of clouds. His hands, gently in her hair, hers upon his chest. Tucker smiles, and glances toward the sky that promises more rain to come, their sweet sound as a round of applause for love and romance.

Then they walked and in hand, droplets beading their hair.

With a genuine smile that came from the heart Saeko whose hobby was reading a romance books remembered few lines from one of them.

[There is something so heavenly about a kiss in the rain, a tender moment that just won't wait. It is that burst of love that is expressed, not caring if the water soaks through to chill the skin. It is a connection that shows the strength of the feeling, the mutual need. It is a rebellion against the elements. Nature can bring the rain but our inner sunshine comes through just the same.]

If previously the princess had not understood these lines because she had never experienced them, now it was different because she experienced it. She was glad she had kissed him back then when they were still inside the club because she was sure that if she had done that she would not be experiencing this heavenly feeling she had right now.

Saeko didn't care if her clothes became all soaked, the only thing that mattered was the feeling she was experiencing right now.

'His lips in their casual silent way, told me tonight it was going to be a great night.' Saeko thought while walking hand in hand with the man she first held admiration for but later it changed and become love, a love she would do anything for as she wished for it to last longer, for eternity if it was possible.

Meanwhile, Alex was surprised by his own behavior, while he intended on accepting this girl, what he did few minutes ago was beyond his expectation, there was something special about this girl, something he couldn't quite put her fingers on, still he was glad he accepted her confession.

Looking at her happy face he smiled and unconsciously his eyes were drawn to her lustrous lips he had just kissed few minutes ago. Her lips were as good as her eyes in painting a picture of her emotions.

'I'm really lucky to have all these women surrounding me. I must cherish every one of them.' Alex vowed in his heart as they reached their destination.

969 Chapter 969

The night rides in on a horse of pure midnight velvet, beckoned by the stars under a the glow of a full moon. As the colours of the day rest, perhaps dream of the morrow, the hillside becomes its monochrome beauty, shapes that make an ever-changing, ever-present puzzle, question and answer united. In this night people all become one, from rock to plant to animal, one promise of life awaiting the return of the sun.

In Alex's villa, Saeko room, two souls were about to unite. She was planning on visiting him to make tonight perfect after her confession however he was the one who came to her and she was really happy. He told her this was her reward, becoming one with her after her declaration was another way of telling her that he had completely acknowledged and truly wished to spent the rest of his life with her.

She had heard that it hurts the first time, so she was a bit afraid despite her brave front.

However, she could not stop now.

Alex chuckled before slowly moving his cock towards her moist cave. He did not enter immediately, instead, he slowly moved his penis up and down, caressing her entrance and sending signals of pleasure to her brain.

After a few seconds, Saeko began to moan again. He looked into her eyes and kissed her mouth, intertwining their tongues and increasing her pleasure and excitement.

Then, he slowly penetrated her, gently as he could.

She opened her eyes wide when she felt something invading her. Because of the intense training, her hymen had long been broken. Even so Alex still didn't rush things.

When her body relaxed again, he continued entering.

Saeko moaned in pain and pleasure, and twisted her body comfortably to let him penetrate her more easily.

Finally, Alex was able to completely penetrated her, her pussy was so tight that he almost couldn't endure it.

Fortunately, he managed to endure.

It was then Saeko began to twist her body fiercely to escape from the pain, she might not have her hymen any longer but it still hurts, she was trying to escape the pain of having a big foreign thing bigger than her finger invading her sacred place.

However, Alex stopped her from escaping. He kissed her lips and pinched her nipples and clitoris, diverting her attention from the pain.

Then, he began to move slowly.

Inside, outside, inside, outside. Slowly, love juices began to flow from Saeko and lubricated her walls, increasing the pleasure we were feeling and making easier his movements.

Slowly, the expression of pain disappeared from her face, and her eyes turned more lewd.

At that moment, she let out a loud moan.

"Anhhh!"

Alex increased the speed of his waist, he began to thrust faster but more skillfully. Slowly, the pleasure began to overcome the pain that Saeko was feeling and before long, she also began to move.

The two completely lost themselves in the pleasure of lovemaking. Their moans and deep breaths spread through the room and the sweet smell of their sweat mixed with their love juices invaded their noses, increasing their lust.

"Alex, Oh Alex."

Alex was thrilled, he loves hearing her calling his name as she moaned under him, he lowered his head and closed Saeko's lips with and began to piston even faster.

Saeko's movements were erratic due to her inexperience, but they had their own kind of charm. The feeling of conquest Alex felt when he saw her twisting below his body was exhilarating.

Seeing it, he moved his mouth toward her breast. Alex then sucked them fiercely and bit soft her nipples.

"Anhh!"

Saeko opened her mouth wide due to the pain, but only a moan escaped from her lips. The combination of pain and pleasure caused her body to tense up and her lower lips tightened over Alex's cock.

Alex grunted in pleasure and thrust ed fiercely, making her moan again. She extended her legs and twitched comfortably.

Her mind began to turn white, and she could only repeat fuck me harder~ between moans. Alex soon realized that she was close to cumming again and began to thrust faster.

"Ahhhhnnn!" Saeko grabbed the sheets of the bed with a hand and used her other hand to grab Alex's back. He could feel her nails piercing his skin, but Alex's lower body continued moving quickly inside her. He could feel the excitement of cumming building inside of him

"Alex~... Something... Something is coming~..." She declared, a little bit afraid of the foreign sensation.

Alex hugged her shoulders and pressed her down with all his strength, then, she twitched fiercely and cummed.

Her expression turned completely black and a moan mixed with a scream escaped her lips. A bit of saliva slowly slid until her neck.

At the same time, her pussy walls tightened fiercely over Alex's cock and increased the pleasure the latter was feeling. Alex couldn't help but thrust a few times more and then, something was shot from his overly excited little friend.

Saeko moaned again when his semen shot inside her womb. She twitched fiercely and moaned incoherently while hugging Alex's body.

A sigh of satisfaction escaped Alex's lips. Seeing the beautiful body of the girl who once admired him below him excited her to no end, he felt like it was fate. Alex approached his lips kissed her gently.

Saeko who was enjoying the after effects of the intense orgasm unconsciously entwined her tongue with his and continued moaning in pleasure. Alex also savored the aftertaste of ejaculation and remained inside her.

Finally, after a few seconds, he slowly slid out his cock and lied down on the bed.

Saeko moaned again when she felt Alex's cock leaving her body and then hugged him tightly while a little bit of white substance escaped from her cave.

"Alex, I love you. I want to stay with you forever"

She whispered with a satisfied smile and kissed Alex's lips.

Ge returned the kiss and caressed her body while muttering sweet nothings on her ear. She curved up her lips in happiness and twisted shyly beside him. Alex could not help but find her embarrassed appearance extremely adorable.

A few minutes later, Saeko's breaths became long and she fell asleep.

970 Chapter 970

In another location, the Foxia empire. Maria and the others girls arrived ahead of schedule. Kuina who was eager to meet Alex sent someone to lead the way, they took many shortcuts and for this reason they arrived faster than expected.

Kuina who was expecting Alex ended up disappointed.

Because of it was already evening when they arrived they couldn't meet the empress. Gracier and Luna went to sleep, Incursio disappeared somewhere while Maria got a call from her master Freya, leaving only Sakuya and Kuina alone.

After heaving a sigh Kuina said to Sakuya.

"Let's go to the garden."

Sakuya nodded before following her and soon they arrived at the garden where they sat around a table and a maid appeared and served them teas.

While enjoying her tea, none of them spoke, it was only after drinking half of the cup that Kuina asked a question which she was wanted to ask.

"Where is Alex and that bitch Saeko?"

Kuina didn't hide her displeasure as she directly called Saeko a bitch as she could smell someone plotting against her.

"That bitch like you called her is probably spending a quality time with Alex somewhere."

And who is Sakuya? She is a sadist who enjoys watching others people suffering and she wouldn't miss out on an opportunity to enjoy a good show, reason why her reply like that, she replied with a provocative smile and Kuina was too far enraged not to fall for Sakuya's trick.

"What? How it could be? It should have been my turn? How dare that little bitch try to snatch my chance?" Kuina was really furious, she did everything and was waiting for her chance to succeed. She seduced him and made him chose her place as their second destination. She did everything slowly.

Seduction was a process that relied on the foundation of relationships between people. As long as the foundation was good, the rest of the process was simple. In fact, the true display of a rake's skill was seducing the target without using the obvious seduction process!

This was how most targets lost themselves in sudden moments of heat and passion. One moment there would be no hints of lust, and the very next moment, they would start making out like animals in heat.

That was true seduction. Kuina had learned this from her mother and she did everything as she was instructed, normally after leaving the Lionheart Empire, Alex's next stop should have been the Wolfgang's Empire as it was closer to former than the Foxia empire located at the extremity of the beastmen continent.

Because of her seduction and schemes she managed to change this, to not have Eris raise any suspicion, she even visited her few times in the guise of planning how to help her advance in her relationship with Alex, Kuina did all those things to be the next woman to unite with Alex and yet she just learned that someone beat her and took the place that should have belonged to her.

Kuina was really angry at this new, she felt like she did all the work while someone else took the benefits of her hard work. Smart as she was she knew Saeko won't be so clever to plot something like that, someone else must have helped her.

"Who helped her? Maria?" Kuina asked after taking a deep breath to calm down. When she thought of plausible culprit, the one whose name came up was none other than the Ice empress. It was not a secret that those didn't like each other as they would constantly get on each other nerves.

"Well, your assumption is not right but I've also suggested Saeko to make a move. You can blame me too." Sakuya declared with a smile.

Kuina sighed and didn't say anything else, it was evident that she didn't take Sakuya's words seriously. To ease her anger she decided that she would rather watch the constellations in the sky and Sakuya didn't refuse her invitation.

The two found a nice spot in the garden where they could watch the constellations from.

Constellations ignited the midnight sky as if choreographed upon celestial stage.

Sakuya who was looking at the constellation couldn't help but think that even if this world was a fantasy world, the constellations are still the same. Tonight she saw a well known constellations.

Made up of seventeen stars, the constellation called Melopsittacus roughly resembles the shape of a tiger. It can be seen most prominently high in the Northern sky just before the autumn equinox.

In an ancient society, this constellation was seen as the representation of the god of hope, which is how it received the name still used today.

In astrology, this constellation bears the sign of the horse, those born under it are believed to be dignified.

They're supposed to be a good match with those born under the constellations resembling a spider, dragonfly and triangle. But they don't match well with those born under the trout, lynx and mockingbird constellations.

"Which constellation do you like the most?" Sakuya asked after observing the constellation in the sky.

"I like the Celestia constellation the most." Kuina responded before adding an explanation.

"Made up of five stars, the constellation called Celestia roughly resembles the shape of a dagger. It can be seen most prominently high above the Eastern horizon in the middle of spring.

In an ancient society, this constellation was seen as the representation of the god of medicine, which is how it received the name still used today.

In astrology, this constellation bears the sign of the king, those born under it are believed to be forgiving.

They're supposed to be a good match with those born under the constellations resembling a pistol, eye and rifle. But they don't match well with those born under the frog, monkey and bird constellations."

"Does this mean that you'll be forgiving and let others trample on you without retaliating?" Sakuya asked after hearing Kuina's explanation on the Celestia constellation.

"Hell, no and I've never said that I was born under that constellation. I may have lost right now but next time I'll win and my place will surpass her, I'm sure, no I'll make sure of this." Kuina declared with a mysterious smile and Sakuya couldn't help but shake her head. As she expected this fox girl was very interesting.

Meanwhile, Maria was having a video conference with her master, Freya.
