972 Chapter 972

Through window diamonds sunlight flowed, glowing rainbow hues onto the wall, it was like the greatest of nature's graffiti.

Alex woke up with Saeko nestled in his chest and just as he was about to wake her up he stopped because he could feel a heavenly feeling around his hard morning wood. Saeko's hands were playing with his cock.

And Alex who was planning to prepare to leave and join the others as soon as possible decided to change his plan, he would never say no to a warm morning, after all it was every man dream and not everyone was blessed as he is.

Alex made use of his title, his fingers were like lightning bolt and Saeko's body, her lower body to be more accurate was his keyboard.

"Hmmh!"

Saeko who was pretending to be asleep could not stop a moan from escaping her mouth. This feeling was godly, fortunately she followed Sakuya's suggestion or else she wouldn't have experienced something so go.

Alex's fingers rapidly pistoned in and out of Saeko's pussy after slipping past her underwear, making her squirm. Her warm juices sprayed out, staining his hand and her thighs. He sealed her lips and Saeko continued to moan in his mouth and stroke his cock more rigorously, making it ooze out with more precum.

His lips moved from hers and slipped down, caressing her chin, throat, and finally her breasts . His fingers left her pussy, and he grabbed her ass cheeks.

"Annh!" Saeko gasped and let go of his cock, the feeling was too much to her newly awakened mind to follow.

Meanwhile Alex lifted her up and lined her pussy lips with his mouth, planting a kiss in her most intimate spot. Her clitoris.

He was kissing there like they were her mouth's lips. In response, her foldings opened up of their violation, coated with glistening moisture. His tongue dived straight, and he started licking her sweet juices.

Saeko's pussy quivered, and her flesh contracted around his tongue, releasing more juices.

"Ohhhhhhhh!"

The princess clamped her thighs around his neck and held his head. She was close on having an orgasm, an orgasm greater than when she did it herself. Saeko's body tensed up and she clutched the bedsheet so strongly that it feels like she was going to rip them apart.

"Ohhh! Cumming !" She roared, her roar resembled that of a thousand years starving dragon.

Alex chuckled before moving her body up and aligning with his cock. His proud cock pierced her pussy. Saeko clawed her fingers into Alex's rugged back as he slowly penetrated her. Her pussy's walls split open, and she felt his throbbing mass move between them.

"Oooohh!"

Her head fell back, and she m.o.a.ned like a woman possessed. He was in places she didn't even know existed inside her, and she was afraid his cock would reach all the way up her throat.

He reached the end of her pussy and then moved down. Her fingers dug further into his back, her body shaking in ecstasy as his cock slipped back and forth between her pussy. She even tightened her legs around Kiba, feeling him reach new depths with every thrust. Straddling him, she jerked her head back and moaned again and again.

"Anhh!!I'm going to cum yet again!"

Saeko's head snapped back, and she screamed. Her pussy tightened, and she cummed on Alex's cock, spraying out her juices.

Meanwhile, Alex didn't stop fucking her, though. He slammed with more force, sending ripples through her butt cheeks.

"Please give me some rest!" Saeko begged.

"I'm sore there! Please let me rest for a moment."

She was enjoying the orgasm and couldn't handle more thrusts into her sensitive pussy.

Alex was not an unreasonable man as he knew better when to stop and this time, he didn't really bully her and simply slide out from her pussy making a popping sound.

"Thank you." Saeko heaved a sigh feeling grateful that he listened to her plea and she got the perfect reward for him.

Saeko got on her knees and touched Alex's hard cock moved her head back and slid the c.o.c.k out of her mouth. She has lathered it with her saliva, and she stroked it while kissing the mushroom head.

She swirled her slippery tongue on the head and then slide down, tracing the thick, blue vein. His balls started pulling up, and his cock throbbed violently. She knew he was close to release.

She quickly moved back and pursed the mushroom head between her glossy lips. It rewarded her by shooting out thick globs of sperm into her mouth.

Although it tasted a little bit bitter, she swallowed it and showed Alex her empty mouth and this was enough to ignite his lust. He immediately swept her body up and pierced her.

Saeko was hugging so fiercely that it felt as though she was not going to let me go. During her orgasm, she had wrapped her legs around his waist, holding Alex tightly as though he was her most precious treasure.

Under such a strong stimulation, he almost ejaculated.

Alex snorted and controlled his body, forcing his ejaculation back. This time, he was planning to let the princess know against whom she was going against.

Looking at the expression of ecstasy on her face, he bit her lips and started to sprint again, violently invading her insides.

Papapapa!

Alex's pelvis slammed against Saeko's buttocks repeatedly, creating loud slapping sounds. At this point, each time he invaded her it felt incredibly smooth. It was though her insides were adjusting to his body to bring him the greatest pleasure possible.

Alex decided to change their position, putting his hands around Saeko's waist and lifting her body before putting it on his lap. This way, they would be face to face.

Saeko blushed in shame and humiliation, trying to hide her face, but her pants and moans had replaced her words of rejection.

She closed her eyes trying not to look at Alex. Soon, however, the incredible waves of pleasure hit her body overwhelmingly, making her let out a loud cry and arch her body back.

After her third orgasm, Saeko put her hand around Alex's neck and panted erotically, her eyes were blurred and her body was completely lost in the forbidden pleasure.

"Umm..." A whimper escaped Saeko's fragrant lips, making him move his lips towards her, entangling their tongues and letting her enjoy the afterglow of her third orgasm.

This time, Saeko did not resist my kiss. She was so lost in the pleasure of sex that she could not think anymore.

There was no lie that Alex was incredibly excited. Looking at the transformation of Saeko was incredibly satisfying, mainly because he knew he was the reason behind it.

Alex caressed Saeko's soft and shapely body gently, enjoying her curves and feeling her smooth skin against his fingers.

Half a minute later, she finally recovered from the afterglow of sex. When she found her arms and legs wrapped around his body, she was startled before becoming ashamed of herself.

Alex moved his cock softly inside her cave, making Saeko let out a soft moan. When he was done, he looked at her face and smiled. "Did it feel good?"

Saeko's body trembled. Hearing my words, tears started to overflow her eyes again. Her expression was so pitiful that anyone would have compassion for her.

"P-Please, it's enough..." Saeko begged. She had not expected to awaken something so terrific this early in the morning.

Alex smiled and combed her hair gently.

"My princess I'm not satisfied yet, even when you had three orgasms I only had one."

When Saeko heard these, her face was dyed in an unknown hue.

Her punishment had not ended yet.

"Anhhh!"

"Ahhh!"

It was unknown whether she was still moaning or crying as everything had become a mess and as the one behind this mess Alex felt extremely proud of his accomplishment and finally it was time to wrap things up.

Alex leg go of Saeko after switching to another position, a doggy still this time.

Suddenly, he pierced her from behind and began moving. He held her hips firmly while piercing her from behind. Each second, I moved back and forth invading her insides until her deepest part.

"Ughhn... Anhh Alex... S-Stop..."

Her ragged voice reached Alex's ears. But obviously he did not stop. Instead, he pressed his body against hers and kissed her back and neck, using his tongue to lick her tender skin.

Saeko's body shivered. When she felt his tongue over her body, she let out a soft hum and put her face against the sheets. Then, she stopped struggling and let her body at Alex mercy. She felt like she would be fueling his sadistic side if she were to continue begging him, although she was overwhelmed by his attacks, there weren't unpleasant, on the contrary it was too the extent that with each thrust, with each touch she felt like she was experiencing something different.

It might be biased of her thinking there was no greater feeling elsewhere but she was sure that the thing she was feeling right now only the man named Alexander Kael Touch could give it to her.

973 Chapter 973

In a cave somewhere on the Foxia's Empire, Incursio who had cleaned up another group from her former organization sat in the middle of corpses and took out a book from her storage ring and began to read it. She flipped through the pages, reading at a fast speed but suddenly she stopped, her eyes seemed to have caught some interesting lines.

[In the room that is twilight and shadow Mathews stands close enough for me to breathe in his scent. His arms wrap around my back and in one gentle pull our skin touches. I feel his hand in my hair, how he loves the softness, watching it tumble as he releases it. Then his hand moves down my cheekbones to my lips. That's when the kissing starts and we start to move like partners in a dance that is written in our DNA. Our bodies fit together as if we were made just for this, to fall into one another, to feel this natural rhythm. With a laugh he lifts me right off my feet, carrying me toward the bed, letting me fall with a soft bounce on the mattress. We lock eyes for just a moment, just enough for us to feel safe with one another.

Then he's all business, undoing my jeans, pulling them off, kissing from my toes upward, slowly, his hands on my legs, always just a little higher than the kisses. I feel my back arch in anticipation, knowing where his fingers will soon reach. My head rocks back against the pillow as he does, the first moan escaping my lips...]

Incursio stopped upon reaching there, for some unknown reason she had a sudden impulse, she wanted to see him, to ask him to touch her as that man did with the female protagonist of the book she was reading.

"I wonder how it will feel if Alex were to touch me and did what Matthews had done? Will a also moan?" She wondered while caressing her lower lip seductively while one of her hands was moving dangerously toward her lower body but fortunately, she stopped in time.

"Sigh! What I'm even doing surrounded by corpses. I am such a twisted fellow." Incursio mumbled as she stoop up.

"Let's join the others and wait until Alex come back and then I'll ask him to take me on a date? Huh? No, I should be the one taking him on a date."

She put away the book and started sauntering out of the cave and immediately after her departure the hundred corpses were set ablaze and turned into ash few minutes later.

"I wonder what Alex is doing right now?" Incursio couldn't help but be curious, she wondered what the one she had selected was doing right now.

Meanwhile in Avalon, in the Blue Haven Villa, Saeko's temporary room. The one Incursio was concerned about was enjoying himself without care in the world.

As they were connected and were feeling each other warmth, even though she was tired she didn't wish to stop, not immediately because feeling his excitation through their connected bodies was enough to let her wanting more, she even thought.

'You are my drug. One touch and the intoxication is instant. Whatever you want to do is what we'll do and there isn't a thing I can do to stop you - not that I'd want to. Just your scent sends me into a heady trance, one that doesn't end until our bodies are still once more, just warm and snuggled in as close as two souls can be.'

Alex continued to assault her but with a less intensity than before, he was making use of his hands, her tongue, basically everything he could use to pleasure her.

Saeko thought that his fingers must be electric, they'd to be, for wherever they touched her skin it tingled in a frenzy of static. As his hands move over her skin, Saeko's body had a transitory paralysis, her mind unable to process the pleasure so fast.

At that moment Alex's head moves around to Saeko's left ear and he whispered

what's coming next. He then stole her lips, sealing them into an intoxicating kiss that Saeko's body pause.

Suddenly, Saeko pulled back for a kiss that was both soft and hard. Both of them moved in an intoxicated dance of limbs, never making the exact same moves twice.

They stopped for a moment and just stared at each other in silence not doing anything else. Some says the eyes are the window to one's soul and you can see through your partner's eyes if he loved you or just pretending.

While it would be a lie to say that Alex loved her, he had feelings for her and this was enough as she could this feeling was subtly growing as they spent more time together.

Before leaving her brother, the crown prince fiancée had told her.

'Sex brings that special addiction to your one love, your true life partner. If you aren't careful it becomes an addiction to the physical act and the fantasy rather than the person. And so, be good to yourself, love yourself by being sure that you've met your life partner before you have sex... then the relationship becomes all the deeper for you both... that's when humans mate for life instead of entering the carousel of pain that has become so normal in this toxic society.'

'Big sister Melissa there's no doubt that I've found the right one. He and I are so compatible that I wonder why I've haven't been the one to meet him the first. Still, I'm grateful for your advice and I hope your love will last forever.' Saeko mumbled silently while recalling that woman who was like a sister to her.

Seeing her distracted, Alex reached out and touched her cheeks. He seemed worried.

"What are you thinking so hard about?" He asked cupping her cheeks.

'How sweat, his worried face is so cute that I want to eat him whole.' Saeko inwardly thought before smiling seductively.

"Nothing serious. Please let continue. I want you."

Alex felt his lower body becoming more harder and he chuckled, another round was about to start.

974 Chapter 974

Alex lifted Saeko up, he grabbed her legs, caressing the inner side of her thighs before putting her legs over his shoulders. Saeko could not hold it and began to twist.

Meanwhile, his breathing turned rougher. He began to move his waist in a slow faction at first before accelerating.

Saeko's hair was messy while her eyes were filled with lust and her cheeks were flushed. An uncontrollable blazing passion seemed to overflow out of her.

With each thrust, her plumb breast jiggled and shook, showing a fascinating scene.

Alex pressed his muscular body against her, sticking their chests together. Then, their mouths glued to each other and their tongues started a battle of passion.

A deep love was transmitted through this kiss. He could feel that her excitement had already reached the max.

Alex continued pistoning her while not forgetting to caress Saeko's body tenderly.

He could vividly feel the softness of her skin.

She hugged his neck and adjusted her body perfectly with Alex's body. She kept groaning softly each time he attacked her. She matched her movements with him, doing her best to get as much pleasure from this as she could.

Her cheeks were flushed and her ears were utterly red. She looked so beautiful like that that Alex wanted nothing but make her scream in pleasure.

He continued his attacks while exploring other places of her body. Caressing her breast, her waist, her nipples, her legs. At the same time, he

bit slightly her neck, making her quiver once and again and give out a sexy moan.

"Anhhh! So good!"

Her breathing was short, and her eyes were narrowed while she panted faintly.

At that moment, she started to feel a strong pleasure building up inside her. With a groan, Saeko pressed her body against Alex's body and kissed his lips. She knew she was about to have an orgasm again.

And Alex also understood that another orgasm was coming and moved faster and faster. His cock entered and exited her hole once and again, creating pervert sounds that resounded inside the room.

Finally, the little princess was unable to endure anymore and let out a loud cry.

"Cumming....!"

Then, her body shivered and her pussy's walls hole tightened around Alex's cock.

An instant later, Alex felt a rush of love juices gushing out of her vagina.

Saeko's body quivered for a few seconds. She then let out a long breath and panted softly.

Her beautiful eyes opened slightly and looked at Alex in satisfaction.

After having had another orgasm, Saeko's face was completely red and her body turned soft. She hugged Alex's neck and kissed his lips softly, as though satisfied with their morning game.

But even if she was satisfied, Alex was not.

As soon as he felt Saeko's orgasm finished, Alex started to move once more.

The instant he moved, she moaned. Her vaginal walls contracted tightly and her mouth released an extended moan.

That extended moan was the best encouragement for Alex, it was as if she was begging him to keep going no matter what was happening.

This feeling left him extremely intoxicated and he must show it to her, therefore his hands swiftly reached to her breast, grabbing each one of them and massaging them as he continued to move.

"So good...! Ahn... Good.... No... Ahn..."

Saeko's eyes turned blurred as Alex launched his cock in and out of her vagina. Sometimes faster, sometime slow, he even moved his waist weirdly, twisting his cock inside her pussy, reaching new erogenous zones she never knew she got before.

The unbearable pleasure coming from her cave made her gasp silently.

Alex's chest pressed against her breast, squeezing them flat. Each time he rammed her, her upper body would move, and his chest rubbed against her nipples.

Saeko's mouth opened slightly, letting out intelligible sounds that came from the depths of her throat.

Seeing this he couldn't stop a grin from forming on his face.

Suddenly, he brought his mouth to her nipples, biting them softly while licking them like a hungry baby. This caused Saeko to yelp in pleasure and pain. At the same time, Alex's huge cock invaded the tender flesh deep inside her, reaching another new erogenous zone.

Almost as if he was lay claim of her entire being, if this were to continue any longer she would never live without him. She knew this but he seemed to teaching her that truth over again and again.

Saeko's waist arched backward to raise her butt so Alex's glans could enter her more easily.

Inside her tight pussy, Alex's cock scrapped against her tender and plump flesh, causing a strange soreness that made her go crazy.

Currently, her mind was completely immersed in sex, forgetting everything else. Only Alex and the pleasure he was giving her existed and mattered to her.

An intoxicating look appeared in her face. She could not help but let out another moan.

Meanwhile, she shook her waist up and down, enjoying the happiness brought by these movements.

Soon, Saeko felt herself coming on having another orgasm. Immediately, she hugged his body more tightly and bit his shoulder to made the incoming orgasm more heavenly than anything she had ever felt until now.

This would be her last orgasm before departure and their last round.

Alex cooperated with her and pistoned faster and faster, stronger and stronger until he felt his ejaculation coming as well.

As Alex looked at the crazed and lustful appearance of Saeko, a faint prideful smile rose up on his face. Then, when he felt she was about to cum, he brought her legs to her breast, which rose her buttocks upwards and allowed him to reach even deeper in her cave.

"Ohhhhh! So deeeep! You've never reached so deep before. I love it." She mumbled.

Immediately right after she said those words, Saeko's body shivered all over. She felt a huge wave run through her vagina as Alex's cock broke into the deepest part of her.

"Aahhhhhnnnh...!!"

With a long scream, Saeko had an orgasm, the most awesome orgasm she ever had.

At the same time, Alex sent his cock to the deepest part of her and shot everything inside her womb.

Dubu! Dubu!

He could hear the sound of his semen filing her uterus.

"You are too good." He declared before kissing her.

Saeko smiled sweetly before asking him a favor.

"My lord please take me to the shower. Let's take a bath before leaving."

"Certainly my lady." He declared before taking her into his arms as he entered the bathroom.

One hour later they were ready, the duo took a teleportation gate to move faster.

975 Chapter 975

The city of Rosemary was located near the Foxia empire's border and this city is truly a modest marvel. Its elegance is matched by the backdrop of snowy mountains which have helped shape the city to what it is today.

The trade resources these mountains brought were of great importance, but they were also influential when it came to architectural designs as the vast majority of buildings were designed with shapes and elements found in the mountains.

The skyline was spreading with similar skyscrapers and a lot of them seem to have evolved throughout the ages. The quality of life is high in Rosemary and it has attracted a lot of attention. New cultures have left their mark not just on education, but also upon the city's identity. What historically was a city of no variation has grown into a large melting pot and it's this that unites the 12 million people to this day.

It's this multicultural identity that has truly left its mark. Hundreds of diners, theme restaurants and clubs offer a plethora of culinary choices and those who feel hungry for something else can enjoy art galleries, adventure sports, nature or one of the many other recreational venues.

Alex and Saeko stopped by and ate, they went on a short sightseeing before departing, they could have taken a teleportation gate in Rosemary but in order to spend more time together before joining with the others, they decided to take it slow.

Alex drove the magic carriage with Saeko sleeping soundlessly inside. He was humming happily when suddenly, he slowed down while mumbling with a smile.

"I guess it couldn't be helped. Breaking few skulls will help me relax for a bit."

He continued to slowly drive the carriage until he arrived before the thugs blocking the road.

"Stop right there. Leave everything behind and scram." One of the thugs shouted aiming his sword at Alex, his expression was fierce and his face riddled with scars. He was not that weak, a level 80 Swordsman. The other four were around the same level, Level 70.

"And what if I don't obediently follow your order?" Alex asked while descending from the driver seat.

For some unknown reason the fearless look on this young man face told him not to act rashly but if he were to cower here, especially before his subordinates he would lose all face and would be practically asking for demotion, no even worse he might lose his head, so he must not cower and act like a bandit should.

"Then you die on top of losing everything." The leader of this squad of bandit replied.

"It's that so?" Alex said and he was already before the man.

"What?"

The leader was scared beyond words and he hadn't seen Alex coming.

Bang! Bang!!!

Faster than what the eyes could follow Alex punched and four bandits were now lying on the ground seriously injured, their leader included.

"Please spare me great lord." The last bandit pleaded without caring for his image, he was so scared that he was trembling like he had a seizure.

Crack!

"Giahhhh!" That bandit cried when one of his arms got broken.

Alex tossed the man aside after applying something on his neck.

"Go call your boss here. Tell me come get his man and that he must come with all his valuable." Alex declared before sitting on top of the other four bodies, he piled them together.

Although they were suffering a pain worse than death they were not deaf and they heard every single word uttered by Alex and they got one thought in mind, this man is a lunatic and he would die soon.

The bandit who had his arm broken nodded fearfully before running toward their base.

"Y-you'll die as soon as our leader arrives. He is powerful Level 101 great swordmaster." One of the bandits declared.

Seeing Alex acting as if he was superior to them made him furious and he said those words. He was hoping for some reaction but all he got was a complete silence.

Saeko came out but didn't ask anything, she took out a foldable chair from the carriage and sat on it. She was ready to enjoy the good show that was about to start.

Shortly after, a group of twenty seven arrived and surrounded them.

"So you're the punk that made me the Great Khan walk to you?" The leader of the bandits shouted sternly.

"Did you bring all your valuable as I've requested?" Alex folded his arms and asked instead of answering.

"Humph, it has always been me who asks others for money. No one has ever dared to ask me for money you're the first and will be the last one!" Khan roared.

When he heard his subordinate return few minutes ago and told him Alex's demand, naturally, he was furious.

If you opened your mouth to ask me to bring all my valuable here, why don't you just rob for it?

Furthermore, in his opinion, even if this boy's strength was extraordinary, he was at most at Level 100. To someone like him who had a lot of experience under his belt coupled with his Level 102, he would definitely be victorious.

'The lass dare to mess with the Mountain bandits, I'll teach him a lesson but this black haired chick will be mine, nobody will touch him. I'll try to keep her longer.' Khan thought while licking his mouth.

Alex waited for a while but when he was not getting any other answer he declared.

"So you didn't bring it. In that case, you can die!"

Then he clenched his fists, stomped his feet, and instantly sped off.

He was so quick that no one could catch a glimpse of his figure.

When Khan snapped out of his daze, he felt as if a meteor had struck his chest.

The powerful blow made him feel as if his soul had been punched out.

He even saw his corpse fly into the air.

Then, nothing.

At the same time, the others who happened to witness their boss being punched to the sky by Alex had their entire body was drenched in a cold sweat. This guy is a monster. Their boss got done with just one punch. They all had one thought in mind that was to run away.

However, how could they achieve this goal with Alex as opponent? It was unachievable because he had already moved.

Bang! Bang! Bang!

One bandit after another was blasted into the sky by Alex like cannonballs.

In the end, they turned into black dots that disappeared into the horizon.

Alex was ruthless, he even kicked who previously served as chair for him. The way punched and kicked the bandits was comical as the flying black dots strangely formed a parabola.

They happened to fly out of the range of small mountain near Alex's location and accurately landed at the mouth of a village, located a few kilometers away.

At that moment, the villagers were busy in the fields. They saw figures falling from the sky and falling by the side of the village.

The villagers rushed to the village entrance in shock. When they took a closer look at the corpses' clothes, they were overjoyed.

"It's, it's those bandits from the other side of the mountain, the Mountain Bandits!"

"Those mountain bandits have finally been killed!"

"Thank you, God, for eliminating the bandits for us!"

"My son's spirit in heaven can now rest in peace!"

The villagers knelt on the ground excitedly and kowtowed to the air.

They had all been persecuted by the those bandits. Other than robbery, some had family members who died in the hands of these mountain bandits, some had daughters abducted by the bandits, and there was no news of them at all. The village economy plummeted because of the bandits attacking any carriage that leave the village, merchants would skip this village and take the sea route because of them.

Today, they witnessed that the mountain bandits were beaten to death mercilessly.

They could finally vent the hatred in their hearts. They were truly happy, whoever did this must be a good person sent by the Gods to assist them. This person must be a Samaritan. After making sure that to take anything valuable from the bandits bodies, they buried the bodies together, they could do this at much. It was a pity that they didn't find anything spacial ring, still they harvested quite a lot of clothes, this could be used to increase the village economy.

Meanwhile, in Alex's location, he was smiling while declaring.

"I'm a such a good Samaritan. Don't you think too?" He turned into Saeko's direction as she asked that question.

Upon hearing that question, Saeko couldn't help but feel a little amused as the corners of her mouth perked up.

"You would have been a good Samaritan if you hadn't stole all their space as you were sending them to meet their maker but I guess Samaritan need to eat, so it's understandable." Saeko responded with a touch of sarcasm.

Looking at this, Alex twitched the corner of his eye. He had no word to offer.

"I'm such a good Samaritan. Don't you think too?" He turned in Saeko's direction as she asked that question.

Upon hearing that question, Saeko couldn't help but feel a little amused as the corners of her mouth perked up.

"You would have been a good Samaritan if you hadn't stolen all their space rings as you were sending them to meet their maker but I guess Samaritan needs to eat, so it's understandable," Saeko responded with a touch of sarcasm.

Looking at this, Alex twitched the corner of his eye. He had no word to offer.

After a momentary silence, Alex said.

"I got some nice spoils."

To prove his words he immediately took something from the Mountain Bandits leader's ring.

A modest shield with a symmetrical zig-zagged top and a symmetrically pointed bottom is supported by a fox on either side. All of which rest on a hilly landscape.

A considerable crown, or coronet, rests atop the shield, it's a crown of raised snowflakes, it has a satin cap and an abundance of similar gems decorate the outer sides.

On top of the coronet sits a great helm, which itself supports the crest, in this case, a classic lion's head. The coronet and crest are decoratively bound by a roll of fabric, or torse, which carries the main colors used on the shield.

Lastly, tied to the helmet is a fairly large drapery, or mantling, in the shape of delicate ribbons and colored in the main colors, just like the torse.

The shield itself has 4 colors which are painted in a bevilled pattern. 3 anchors serve as the emblem, or charge, and a delicate ribbon, partially wrapped around the supporters, carries the motto, which reads: "Pride and honor."

"It's a good shield and its grade could be compared to S rank artifact. I think you should give this to your friend Leon. I would like it." Saeko suggested as soon as she saw and analyzed the shield Alex took it out.

"I was thinking the same thing. You deserve a kiss as a reward. There's another shield inside Khan's spatial ring." Alex declared and immediately after took out another shield. This one was not flashy as the previous one.

A modest shield with a symmetrical double outward curving top and an asymmetrical straight bottom is supported by a moose on either side. All of which rest on a hilly landscape.

A simple crown, or coronet, rests atop the shield, it's a crown of tines with pearls and an abundance of different gems decorate the outer sides.

On top of the coronet sits a sallet helm, which itself supports the crest, in this case, a common fox. The coronet and crest are decoratively bound by a roll of fabric, or torse, which carries the main colors used on the shield.

Lastly, tied to the helmet is an enormous drapery, or mantling, in the shape of small flowers and colored in the main colors, just like the torse.

The shield itself has 3 colors which are painted in a dancetty pattern. 1 triangle and 1 horse serve as the emblem, or charge, and a large ribbon, partially covering the bottom of the shield, carries the motto, which reads: "Let there be eternal light."

"I will give this to one of my men. I will check the other spoils later as we reach the Foxia's Empire. Let's go." Alex declared before taking Saeko's hand as they stepped across space to go to the nearest city.

A few hours later, they were now in the Foxia Empire.

"Welcome Alex and Saeko. We were waiting for you." Kuina said with a polite bow but couldn't hide the frustration she was feeling inside.

'This bitch has stolen my spotlight, I should have been the one to go next. How dare she. Sigh! Calm down Kuina, calm down.'

"I'm happy to see you again Kuina, you are beautiful as always," Alex responded not forgetting to compliment the fox lady. He was not that dense and could see what she was trying to hide, she was jealous that Kuina passed before she does after everything she had done. Once again he was not dense, he knew most of the things his women had in mind.

"Nice to meet you big sister Kuina. I'm Saeko-"

Kuina didn't let Saeko finish her introduction before dragging her with her.

"Let's go sister. We have so much to catch up." She said and dragged the slightly confused Saeko with her.

Seeing this Alex couldn't help but chuckle. Women are such fickle creatures. They are hard to understand.

Alex smiled while following them. The two talked as if they were already bosom friends. He couldn't help but be amused by this situation. Saeko was also a cunning one. She immediately took notice of the situation and used his compliment as starting point to also called her Big sister and an already happy Kuina became happier and forgot the grudges she held toward her. Maybe all of this was part of the fox lady's plan. Still, it is good to see them on a good term.

Shortly the group arrived at their destination where everyone else was waiting for them.

"Welcome Alex!!"

"I'm here!" Alex responded before sharing a family hug with everyone.

Maria, Artemia, and the others except Gracier dragged Saeko somewhere. They must have a ton of things to discuss.

"Brother, let's go get some natural air in the garden." Gracier declared before dragging Alex toward the garden.

.....

An ornate patch of grass was neighbored by similar flower bushes and shrubs. A lone, bulging boulder sits in the back right, and on top of it sits a sundial. The flowers and plants were barely visible at first, but offered a spectacular surprise when found; they're a delight for butterflies. The flower bushes and shrubs reach 1.2m/4ft high, but they won't grow much taller than this. A few, short signs are scattered around the garden, guiding visitors around the garden, and showing them all it had to offer. Plants and vines keep each other in line, but were all hungry for more land to expand to.

The ornamental boulder was generally the biggest eye-catcher in the garden. The flowers and plants are eye-catching in their own right, and the flower bushes and shrubs have no hard time getting their share of the attention, but the eye will just be naturally drawn to the ornamental boulder.

And sitting in the middle of all of this was a small tea house. Gracier dragged her brother inside this pagoda and they sat inside it before she ordered a maid to bring them a coffee.

In the meantime, she decided to chat with her brother.

"Brother, how were your travel days with sister Saeko?"

Because Saeko was not that older than her compared to the others, she liked to call her sister instead of a big sister like she did with the others.

"It was wonderful. Have you met the empress when you arrived?" Alex responded while at the same time switching the subject.

"No, they said she went to some annual meeting or something along those lines," Gracier said.

"I see, well we will eventually meet her before leaving, though," Alex said before enjoying the tea.

"The Tea brought out my sense of grace, bringing me into the blessed moment," Gracier said as she enjoyed her tea.

Alex nodded before suddenly asking a question that made the little devil spit her tea.

"Gracier, did you have someone you love? I mean romantically, a boy you fancy for example."

"Big brother what with the weird question so suddenly?" Gracier asked while wiping away the tea that spilled on her.

"You think my question is weird?" Alex asked feeling that his question was not weird, as big brother he must know hence the question.

Gracier nodded. "Of course, it's weird, I mean the timing is weird. I brought you here to spend time together with you, not for a question like that."

The little devil seemed a little bit displeased. She wanted to spend some quality time with her brother before his women take all his time, especially now that there was a new one trying to join the family. This person was none other than Kuina, she was sure that the fox lady would do anything to have the rice cooked before Alex would leave for their next destination, especially even more so now that Saeko beat her first.

"I see, so you said that because of the timing but I don't think this is weird timing, though?" Alex said trying to put the discussion back on track, however, his sister glared at him, as if trying to say that she was not too eager to talk about such a topic right now.

But Alex had other plans in mind, it was something he wanted to ask a long time ago but because he was busy he postponed it. The truth is that he had planned to discuss this topic with her once he arrived.

"Come, Alexandra, don't be like that. Let's have this conversation and tomorrow I promise you that we will go on a date between siblings. Just the two of us."

Alex had other plans in mind, it was something he wanted to ask a long time ago but because he was busy he postponed it. The truth is that he had planned to discuss this topic with her once he arrived.

"Come, Alexandra, don't be like that. Let's have this conversation and tomorrow I promise you that we will go on a date between siblings. Just the two of us."

Upon hearing her brother's promise Gracier's eyes shone and began to smile.

"Really? Do really mean what you said?"

"Of course I mean it. We can pinky swear if you want." Alex said and stretched his pinky and Gracier smiled.

,m "It's a pinky swear then."

"What do you want to know?" She asked right after the pinky swear.

"You know you're already an adult and it's normal to have one boyfriend. I'm curious, I want to know if there is anyone you have in mind and is possibly thinking of going out with later." Alex asked while finishing his tea.

"Hum! I don't have someone like that right now. I'm too busy trying to increase my strength and no boy have caught my eyes yet. None of them is strong as you and my boyfriend should be awesome like my brother, talented and rich as him as well." Gracier finally gave Alex the answer he wanted to hear, she even went beyond that and told him what kind of guy she would love like to have as a boyfriend.

Alex couldn't help but chuckling.

'Isn't somewhere that's exactly like me? I'm know I'm awesome but still.'

If Gracier knew what her brother was thinking at the moment she would have called him shameless without doubt.

"I see, it's good that you have such requirements but don't you think you should lower them a bit?"

Alex said, he was trying to have his sister know that she did not need to set such a high requirements because she was sure to have a man that didn't met all the requirements she said. She should start low.

"I refuse."

However, Alex's proposal was meet with an immediate refusal leaving Alex a bit overwhelmed and he could only scratch his head.

It was time to talk about the next subject, although she said she didn't have any boyfriend right now and was busy with gaining strength, he must talk to her about Sex. It is a necessary topic to discuss with your sister, not to let her make mistake.

Alex remembered that his grandma had talked about sex with him when he reached fifteen. Back then he sat there obediently listening to her, the poor old woman had no idea that Alex had already tasted the forbidden fruit few days prior to this lesson and yet still pretended that he had never touched a woman before.

When he recalled that now he was amused, those were the good old days when his best friend back then taught him few things and have him taste his first woman.

Alex shook his head and looked at his sister directly in the eyes.

"Gracier did you know what Sex is?" He asked her directly not beating around the bush and Gracier who had an easy going expression until now stopped.

She knew from now on it was a serious topic and she must sincerely answer her brother's question, the later must had an idea, a purpose behind this question.

Taking a deep breath Gracier replied.

"Yes, it's the act copulating with a male. It's the union between a male and a female."

While explaining this her face was red as tomato, obviously she was embarrassed.

Alex nodded, what she said was not wrong, it's the basic description of sex. As big brother he had something else to add, therefore he said.

"What you said isn't wrong but I've something else to add so you better listen carefully."

It was Gracier's turn to nod, she focused all of her attention on what her brother was about to tell her, for fear of ever missing something and seeing his sister so attentive made Alex happy.

"The human body is capable of sex long before the mind is mature enough to handle the emotions that go with it. Sex isn't just a fun thing like laser tag or bungee jumping, it is a powerful union between two souls. Isn't that why we say "lovers"? I can never see anything sinful about sex between consenting adults, what people do is their own business, but the most damaging cultural dislocation is the one between sex and love. Sex should always be an act between two souls who love one another deeply, who are are committed to one another, for it is a deeply spiritual act that bonds. As a species we are happiest with life long mates. That is why older adults often caution young people not to run in too fast, to take time and be sure. To feel the heady passion that sex brings without the love to keep the bond strong ultimately brings damage not easily repaired. That is why emerging adults need to truly understand the difference between passionate love and lust. One builds strong relationships, keeps our souls healthy and our self esteem high, the other is fireworks in the moment but ultimately leaves us empty, shallow and addicted like the junkie."

Gracier listened quietly and could not deny that what her brother said does make sense. Sex is not something to take lightly.

"Do you understand what I've said?" Alex asked after a moment of silence, he had to make sure that his sister had really understood the meaning behind his lengthy explanation, he had borrowed something he heard somewhere while mixing his own words within.

"Yes, brother I understood. Don't worry I'll pay attention to what I'll do in the future and not recklessly act, I meant I'll not act impulsively."

Gracier promised, she had really understood what her brother wished to convey through his explanation.

Alex nodded happy that his words went through, he was afraid that his sister would not immediately understood what he was trying to explain here.

"Let's drink wine." He proposed before taking of a bottle of white wine. Gracier's eyes shone upon seeing this.

978 Chapter 978

Alex had other plans in mind, it was something he wanted to ask a long time ago but because he was busy he postponed it. The truth is that he had planned to discuss this topic with her once he arrived.

If Gracier knew what her brother was thinking at the moment she would have called him shameless without doubt.

"I see, it's good that you have such requirements but don't you think you should lower them a bit?"

Alex said, he was trying to have his sister know that she did not need to set such a high requirements because she was sure to have a man that didn't met all the requirements she said. She should start low.

"I refuse."

However, Alex's proposal was meet with an immediate refusal leaving Alex a bit overwhelmed and he could only scratch his head.

It was time to talk about the next subject, although she said she didn't have any boyfriend right now and was busy with gaining strength, he must talk to her about Sex. It is a necessary topic to discuss with your sister, not to let her make mistake.

Alex remembered that his grandma had talked about sex with him when he reached fifteen. Back then he sat there obediently listening to her, the poor old woman had no idea that Alex had already tasted the forbidden fruit few days prior to this lesson and yet still pretended that he had never touched a woman before.

When he recalled that now he was amused, those were the good old days when his best friend back then taught him few things and have him taste his first woman.

Alex shook his head and looked at his sister directly in the eyes.

"Gracier did you know what Sex is?" He asked her directly not beating around the bush and Gracier who had an easy going expression until now stopped.

She knew from now on it was a serious topic and she must sincerely answer her brother's question, the later must had an idea, a purpose behind this question.

Taking a deep breath Gracier replied.

"Yes, it's the act copulating with a male. It's the union between a male and a female."

While explaining this her face was red as tomato, obviously she was embarrassed.

Alex nodded, what she said was not wrong, it's the basic description of sex. As big brother he had something else to add, therefore he said.

"What you said isn't wrong but I've something else to add so you better listen carefully."

It was Gracier's turn to nod, she focused all of her attention on what her brother was about to tell her, for fear of ever missing something and seeing his sister so attentive made Alex happy.

"The human body is capable of sex long before the mind is mature enough to handle the emotions that go with it. Sex isn't just a fun thing like laser tag or bungee jumping, it is a powerful union between two souls. Isn't that why we say "lovers"? I can never see anything sinful about sex between consenting adults, what people do is their own business, but the most damaging cultural dislocation is the one between sex and love. Sex should always be an act between two souls who love one another deeply, who are committed to one another, for it is a deeply spiritual act that bonds. As a species we are happiest with life long mates. That is why older adults often caution young people not to run in too fast, to take time and be sure. To feel the heady passion that sex brings without the love to keep the bond strong ultimately brings damage not easily repaired. That is why emerging adults need to truly understand the difference between passionate love and lust. One builds strong relationships, keeps our souls healthy and our self esteem high, the other is fireworks in the moment but ultimately leaves us empty, shallow and addicted like the junkie."

Gracier listened quietly and could not deny that what her brother said does make sense. Sex is not something to take lightly.

"Do you understand what I've said?" Alex asked after a moment of silence, he had to make sure that his sister had really understood the meaning behind his lengthy explanation, he had borrowed something he heard somewhere while mixing his own words within.

"Yes, brother I understood. Don't worry I'll pay attention to what I'll do in the future and not recklessly act, I meant I'll not act impulsively."

Gracier promised, she had really understood what her brother wished to convey through his explanation.

Alex nodded happy that his words went through, he was afraid that his sister would not immediately understand what he was trying to explain here.

"Let's drink wine." He proposed before taking of a bottle of white wine. Gracier's eyes shone upon seeing this.

980 Chapter 980

In a secret realm owned by the Chaos organization, Leonardo was fighting against someone.

"I will kill and rape your girlfriend. Hahahahaha! I'm stronger than you."

Leonardo's opponent shouted and Leonardo's eyes darkened, the image of laughing Alex overlapped with this man thus increasing his hatred, and his already clouded judgment became clouded again.

To kill this man that pushed him from the edge of the cliff down to the abyss he would gladly accept to embrace the darkness.

Leonardo who had his mind corrupted wasn't thinking straight anymore. He would gladly accept to turn into a monster because he wanted to use the cruelest method to dismember Alex limb from limb, he wanted nothing less than to exact the worst kind of pain imaginable to the one who forced him into this wretched state.

"I'll rape Camilla right before your eyes." He mumbled while making some weird waist movements and this was the last thing that blew everything up.

"I will kill you, Alexander...!"

Leonardo's mental wirings went haywire. He mumbled incessantly to himself, dark energy rampaged out of his body, his ramblings turned into an enraged bellow, then, the dark energy exploded outwards.

His malice manifested in his voice and expression. Dragon's tail sprouted from his back and like someone out of his mind, he leaned forward and used his tail to spring him up into the one he thought was Alex, this person was floating above the ground.

"I will kill you!" Leonardo declared as he approached the enemy.

The one pretending to be Alex scoffed at Leonardo and with a cruel smile, he looked at him with cold eyes. Then, what resembled a condescended mana started dancing like sharp whips around the man before they lashed out at Leonardo.

"Die die die die die!"

Leonardo couldn't fight with a rational mind, he only focused on one thing, killing Leonardo.

He attacked with his bare hands which turned into claws.

His claws extended outwards like spears, his claw spears met the condensed mana acting like bullets.

The mana bullets dimmed down and turned translucent when Leonardo's ghastly claws made contact, his claws went through them like a mirage. He was hellbent on shredding Alex to pieces.

His attack hit nothing, that's what it felt like when the new mana bullets emerged from the already dying ones. This time, he could hear something slicing through the wind, the new attack expanded in Leonardo's vision.

A sense of danger rang within him and he instinctively used the momentum generated by flailing his tail to weave down, dodging the incoming mana bullets.

BOOM!

The mana bullets missed Leonardo and crashed against the ground, creating a crater that was one meter wide.

Suddenly, another wave of mana bullets emerged and was shot at Leonardo at extreme speed.

He had no other choice than to attack with all he got. He opened his mouth and roared.

Roar

Responding to Leonardo's bestial shout, his dark energy rippled across his body.

With a mighty swipe of his arms, his arms turned brilliantly dark as he merged with his claw beam to quickly travel across the distance between the two fighters. Ignoring the dust storm, the distance, and time, Leonardo appeared in front of the man he thought it was Alex in an instant.

The latter's pupils shrunk.

Seeing this Leonardo clouded by rage saw this as his victory and he chuckled.

"Die!"

With another howl, his dark aura condensed in his claws, and it extended to a gnarly length.

He smashed that attack into what he believed to be Alex's chest.

The man pretending to be Alex watched the claw attack as time slowed around him. That charged attack was clearly reflected in his eyes.

Fwoosh! Fwoosh!

Suddenly, dark energy formed behind him in the form of giant black wings.

The black wings behind him combined to form a giant sword of darkness, the sword of darkness was willed by the man to meet the giant dark claw attack.

BOOM!

A thunderous boom echoed out and a shockwave unlike any other shook the ground, blasting rocks to dust and fissuring the immediate vicinity in a tsunami of rubble.

Dust rained down over the land.

As a wave of dust reverberated outwards, the two fighters could no longer be seen.

Soon, one could see only a giant crater at the center of the fight, a testament to the desolation brought upon this place by the clash.

Meanwhile, Leonardo and the man pretending to be Alex emerged from the chaotic scene as they wrestled for supremacy with their weapons, claws of darkness, and a sword of darkness. They pressed against each other while sparks flew off their weapons.

"Arghhh!"

Leonardo groaned while putting more weight behind his claws. He wanted to blow away the sword of darkness in front of him. Like an unbreakable wall, the sword of darkness resisted. Then, the black wings unfurled slightly.

BOOM!

The resulting force was transmitted into Leonardo through his claws, staggering him even when he's empowered by his dark energy.

"Bastard! Stop pretending to be him." Leonardo shouted after regaining a bit of rationality. His clouded mind got temporarily unclouded, so he was able to see the face of the one pretending to be Alex, it was one of the Numbers, Number 1. He might have tried to pretend to be Alex but there was no way he would be able to imitate his weapon no matter how resourceful the Chaos organization was. Alex's gift is unique, at least in this world, the best Number 1 could do was to create mana by condensing mana, and even though this technique was still crude, he couldn't create a real bullet like Alex's weapon, it was why after he got pushed a little beyond his initial comfort zone, the man reverberated to his original skills.

"Oh! What a shame you have recovered faster than we expected nevertheless the seed has been planted, and there is no turning back. You've become our best weapon. The best vessel for him." Number 1 began talkative all of sudden, he even stopped fighting.

"You bitch what are you blabbering since a while ago." Leonardo who had regained control of his body cursed but Number 1 only shrugged his shoulders before flicking his fingers.

"Go to sleep."

"What? What did...you do .. my body.."

Thud!

p Leonardo fell onto the ground face first. Number 1 chuckled before muttering.

"I should report back. He is now a Demi-God. Let's proceed with the rest of the plan." He mumbled while thinking about how he should make use of those that were still searching for Leonardo.
