982 Chapter 982

After making Leonardo unconscious, Number 1 ordered one of his shadows to carry Leonardo back to the base while he disappeared to go meet their leader.

The reason why number 1 had not gotten the right to be called Zero was because he hadn't proven his worth yet. Completely taming Leonardo, converting him to the dark side, making the Chaos organization loyal dog which would betray Alex, stabbing him in the back was Number 1 goal.

'It will be fun. I'm almost done with the training. Just a little bit more.' Number 1 mumbled as he headed to his destination. A forest.

The forest was far-reaching, impenetrable, and verdant. Its canopy was dominated by poplar, hawthorn, and cottonwood, their crowns allowed for short beams of light to descend for a range of ferns to sprout in the nut and seed covered grounds below.

Bundled branches clung to most trees, and a potpourri of flowers, which claimed remnants of light, added some bright touches to the otherwise amber scenery.

A clamor of beastly noises, most belonged to prowling animals, added life to the forest, and drowned out the swaying of tree tops in the wind.

Nestled in the middle of woodland was a mansion. Its windows were as shy eyes, large to welcome any ray of sun. The rock walls belonged right where it was, as if perchance it had grown up right from that hallowed ground. It was as if it had been called into existence to protect those who came to dwell within, to quell the elements and allow a heat to build from hearths into the inhaled woodland air.

Number stopped before this mansion and inhaled profoundly before stepping in. As if it was automatic door, it opened on its own and him in. The most corrected description would be to say the door opened like a beast maw and swallowed Number 1.

As soon he entered, Number 1 was sent somewhere, he appeared in the middle of a garden and surprisingly Lord Thanos could be seen taking care of a flower. The way he acted right now was completely different from his usual self but Number 1 was already used to their leader unusual habits and hobbies.

"I greet Lord Thanos." He said while going on his knees.

"How is the progress of the brainwashing?" Lord Thanos asked without turning around and continued to carefully tend the flower, a dandelion.

The humble dandelion is the gold amid the green, a little sunshine close to the earth, born to shine.

Number 1 was temporarily mesmerized by the golden petals, they were like a miniature sun amidst this greenery.

He quickly snapped back to his sense and hurriedly answered Lord's Thanos question.

"70%" He declared sure of this percentage, Leonardo might have temporarily come back to his sense but it was because he hadn't been completely brainwashed yet. Once this happened he would docile as a tamed monster.

"70% huh?!" Lord Thanos mumbled and Number 1 body tensed, he secretly played for Lady Misfortune not blessing him as he didn't want to lose everything he had accomplished since he became a numbered.

With his head lowered Number 1 calmly waited for Lord Thanos to continue, he even stopped breathing.

"That is not bad." Finally Lord Thanos spoke relieving Number 1 from the tension he was feeling.

"Continue with the training and send with Fake Numbers to make the enemy lower its guard." Lord Thanos immediately ordered and Number 1 nodded before disappearing, he was sent back by Lord Thanos's will.

"I doesn't matter if the enemy is aware of one of our greatest weapons. We have a lot of backup plans but that little girl must be taken care of and quickly as that." Lord Thanos mumbled after sending away Number 1.

He was well aware that Incursio had already spread the news that they have a secret weapon called demon but it doesn't matter, no matter what those humans would do, they were already the losers in the incoming battle as the victor had been decided from the very beginning.

"Should I go myself or should I send someone else instead?" Lord Thanos pondered for the moment before shaking his head, he had more important things to do as Lord Bahamut was getting impatient as days goes, he even suffered another attack recently and the culprit had not been found yet. He must find whoever it is and kill it before their Lord suffered more damage and there was still the mission of retrieving the other keys to quickly unseal Bahamut.

"It is preferable to send someone else instead. The problem is who I should send?"

"That girl is troublesome to deal with if I were to send a weak Numbers, she will kill it. Although I'm certain that she was still recuperating she is not an easy opponent. What a tricky problem. Maybe I should send Number 2 and 3, those two should do the job." He went silent for a moment before deciding.

"It's decided. Let's send those two."

Lord Thanos immediately gave the order for two newly appointed Numbers to go hunt Incursio, he also sent them Incursio general location, around the Foxia empire.

After spending time with his sister Alex finally escaped and went to his room. He was rather tired after the long journey, he needed some rest, alone that is.

Before lying down Alex felt like he was forgetting something important but no matter how hard he tried he was unable to recall what he was forgetting.

"Well, it doesn't matter, let's rest for a moment. I'm sure I'll remember after I'd a good rest." He said before closing his eyes, drifting into sleep.

Meanwhile, in another dimension, Silveria's world. Silveria could be seen pouting with her arms above her knees on a queen size bed. She wore a nightgown and this The nightgown was a silky midi-dress in black with velvet spaghetti straps.

"That asshole. He dare to forget the promise to bring me on a date. I've tolerated Saeko because she is a nice child but to think that he would forget that the date should be mine?"

She was really upset when Alex made that promise, it should have been her turn as he had promised to invite him to go on a date as an act of apology but now he seemed to have completely forgotten about this promise.

"Tch! If I was one of his women he wouldn't have forgotten so easily will he?" She stood up from the bed and strolled toward the window where she watched the scenery outside.

"I will give him a few more days and I shall remind him of the promise he made himself and if still didn't remember despite all of this then I'll ignore him."

Alex woke up after four hours of rest. Leaving the bed he strolled toward the window and observed the scenery outside, it was already evening. He should join the girl but first there was something he had to check first, he had been postponing this for a moment but now that he had a little bit of time he should check it.

"Status!" He silently called out and his status window popped up right before his eyes. Scanning it he couldn't help but chuckle.

"Despite playing the Samaritan I've only level up once. Well, I guess it's not bad as I have also gained equipments. I should be counted with what I've got and focus more on my growth and the others growth from now on." He decided.

983 Chapter 983

"I wonder how many XP I will need to hit Level 200? 700000?" Alex wondered after checking his status, his level was slowly rising but he was well aware that he had to work harder to quickly catch up to Lilith and Typhania.

"Brother, come out the empress has come back and asked to meet you."

Outside of the door, Gracier called out for her.

Alex chuckled. "I thought I would have to wait for another day before meeting her. The meeting must have ended."

He went to change into nice clothes after taking a bath.

When he walked out of his room he met Kuina. She seemed worried which made Alex question her.

"What is? Is there any problem?" He asked as he approached her.

"Nothing, let's talk once you're back," Kuina said and passed him.

"Don't worry I'll see you later." Alex didn't pressure. There was something else she wanted to say but in the end, she didn't say it anymore. She must have wanted to warn him to watch out for her mother's playful tricks, she loved playing tricks like these and Alex had suffered one of them once.

"Don't worry I'll be careful. I wonder what kind of trick the empress will play this time." Alex mumbled before leaving the manor.

A beautifully decorated magic carriage was waiting for him outside with guards.

"Let's go." He said as he boarded the carriage and the driver drove it toward the majestic palace in the distance.

After it had changed its status from a kingdom to an empire, the capital Foxx had grown, and it became several larger than it was in the past. From the window, Alex enjoyed the beautiful scenery the new capital had to offer.

He wondered how much effort it took for the current generation to bring a kingdom to the level of an Empire. One should know that there is a huge difference between a kingdom and an empire. For Kuina's mother to succeed in finally making the other empires acknowledge the kingdom's strength which leads to becoming an empire, she must have worked hard, really hard.

It was undeniable that her predecessors must have laid the groundwork for her but still, she was exceptional, if not she couldn't have accomplished this.

While Alex was lost in thoughts thinking about how awesome Kuina's mother was, the magic carriage finally arrived at its destination.

"Sir Alexander, please come out, we have arrived." One of the knights dressed in dark golden armor stepped out of the second carriage and opened the door while politely asking Alex to step out.

"Ah ok." Alex was brought out of his stupor, he nodded before stepping out of the carriage as he was escorted to giant golden doors. They automatically opened and the guards instructed Alex to continue alone, it was the instruction they had received, to only bring Alex to the door and let him walk in, from then onward he would be alone. It was some kind of private meeting, except for the empress and Alex nobody else was authorized to enter the palace.

Alex smiled and entered the palace, he knew that starting from now on the real show would begin and if the empress think that things would exactly go her way then she had been greatly mistaken.

『Teach him a lesson.』 Silveria's voice rang out inside Alex's mind making him smile, he had finally remembered what he had forgotten when he was resting.

"Don't worry I will but-"

「But what?」 Silveria asked a little bit irritated. She was still upset at him for making a date promise with Gracier when he had forgotten about the promise he made to her.

However, after hearing Alex's following words, all accumulated resentments vanished like a puff of smoke.

"I'm sorry I owe you a double date and three months' worth of ice cream. Deal?" Alex knew how to make the silver goddess forgive him.

「Hmph! It is a deal. You better not forget or else it would become two years worth of ice cream.」

Alex's mouth twitched he almost shouted, 'Why not go rob a bank instead?'

Two months' worth of ice cream would cost him greatly as Silveria didn't like the cheap Ice cream, she liked the special ones which cost between 20-50 silver coins the unit. Just imagine how much he would spend on two years worth of Ice cream. It would be an astronomical amount of money.

"Don't worry I won't forget." He said to reassure her.

He continued to walk until he arrived before the throne hall, the door automatically opened like the palace door, inviting Alex in. He smiled before gently caressing his right eye as if to say I'm counting on you.

Finally, Alex took a step into the throne hall and saw the empress sitting on her throne at the other end of the hall.

"Welcome Alex, it has been years since our last meeting." The empress declared, inviting Alex to come closer, which he did.

First step, nothing.

Second step, nothing.

Third step, still nothing.

Alex didn't lose his patience, he calmly lifted his leg and took the fourth step but there was still nothing, how just as he was about to lift his leg to take another step, the whole throne hall twisted like a kaleidoscope.

Alex was brought inside a forest, he was surrounded by giant trees and monster's howls could be heard in the distance.

Just as he was about to summon Silveria to play, the scenery changed again but this time he appeared in the middle of a wasteland and the sun was scorching hot, he could feel it on his skin.

'What level of mastery does one needs to reach to be able to create this kind of illusion? Normally I'm almost immune to illusion but there are still people exceptional like this woman capable of putting me inside an illusion. While I could easily break free from this if I were to try. I won't do it. I will observe her illusion, I will study it for my own use. After all my Death eye is not only immune to most illusions, it can also create them. So, it will a shame not to make use of such a rare occasion as Kuina isn't at this level yet.' Alex thought as he lifted his head to look in the distance.

Meanwhile, in the demon's continent, a meeting was taking place. The newly introduced Empress was meeting the newly established council.

985 Chapter 985

The throne room is on the second floor of the newly established palace. The throne hall measures 30 square meters and has been covered with reinforced concrete. An octagon is raised in the center of the flat ceiling to allow clerestory lighting through twenty-four stained glass windows. The ceiling is finished with carved and painted woodwork and plaster.

Following that battle that happened a few weeks ago, the almost destroyed palace embarked on a large-scale reconstruction program. The result was a big change.

Humble braziers hanging from one side of each of the ten obsidian columns light up the lower levels of the throne hall and paint the hall a range of yellows and oranges. The relatively simple stonework on the terraced ceiling dance in the flickering light while statuettes and carved images look down upon the stone floor of this august hall.

A saffron rug runs from the throne to the doors and is matched by smaller ones on either side of the hall while ribbon banners with emblazoned ridges hang from the walls. Between each banner stands a tall

candle, all but a few have been lit and in turn illuminate the depictions of late royal family members below them.

Immense, tinted glass windows were hidden by drapes colored the same saffron as the banners. The curtains have been adorned with burnished corners and fine patterns.

A grandiose throne of gold sits atop an elevated platform and is adjoined by four similar, but less ornate seats for visiting royalty of other nations.

The throne is covered in hundreds of elaborate carvings and fixed on each of the ornate legs is a jade flower. The thick pillows are dark saffron and these too have been adorned with gilded tracery.

Currently, around a round table sat twelve people, eight dukes, and two new head Elders. Lastly, there was the newly crowned empress Lilith and the head of the Shadowless Assassin's squad, the first princess Althea.

"Let's begin the meeting." Lilith declared after taking a seat.

The eight dukes and the two heads elders nodded and took out each a document.

"I believe we should start by revitalizing the guilds to bring more money. As you know your majesty, because of the previous ruler politic it was hard for foreign adventurers to come to our empires and even explore our dungeons. This must change." One of the head elders explained while presenting a document attesting what he was talking about.

Lilith took the said document and perused through the content before deciding.

"It is a good suggestion. I will let the 3rd Duke decide what to do. You should consult him after this meeting." The empress declared.

"Thank you Oh wise empress. Hail to -"

"Please stop with the bootlicking." Lilith stopped the old man from continuing as she felt nauseous at those compliments.

"Next." She said and another one stepped forward with a proposal.

The meeting continued for minutes before ending. The dukes and the two elders left leaving only Lilith and Althea behind.

"Sorry, little sister I'm too useless. I couldn't provide any assistance during the meeting."

Immediately after everyone left except for the sisters, Althea apologized but Lilith glared at her.

"I hate this side of you." Lilith declared after leaving her throne. She continued while heading toward one of glass windows.

"You know everyone has a role. I've already given you what you are good at doing. While it is natural for a Big sister to look after their little sister likewise it's natural for a little sister to look after their Big sister. So, be confident and walk head straight."

"I understand little sister. Thank you. You're such a blessing I'm glad to have you. I'm truly blessed." Althea hugged her little sister as she said those words. After hearing her sister's words she felt enlightened.

After what happened when they were little, she felt responsible, she was truly happy when Lilith finally accepted her but somewhere deep she was anxious, feeling as if she was not really at her place this resulted in her lacking in confidence and exaggerating for the little thing. To be more accurate she felt like she must do more to be respectable, to be worthy of the title of Big sister, even when it means she must sacrifice herself and this mentality is something Lilith disliked the most. She did not need a sister with a martyr complex, what she needs was someone to lean on as she could also let this person borrow her shoulders in her time of need.

Her big sister was still far from this but slowly Lilith believed that she could turn her sister into someone like that.

"It's good that you understand. You should call that girl, I believe her name is Sera. Alex's subordinate and asked how things are going on her side. She should have accomplished her mission by now. Whether she is still needed here or she should be sent back is up to you." Lilith declared before separating from Althea which hadn't been enough but she understood her sister better, she better not push her luck too far or else they will be no hug for a week as a punishment. It had already happened once so it could happen again, naturally, Althea didn't wish for this to happen again, so she nodded and disappeared.

Once alone Lilith sighed before teleporting back to her room. For an empress, her bedroom was humble as it could be.

She sat around a table and took out a communication stone, she was about to contact Alex whose voice she had missed so much but suddenly, there was another communication stone that rang out continually so she didn't have another choice but to take the call.

"What is little Tiffy?"

Lilith said with a smile. Little Tiffy was the nickname she gave to her long-time friend Typhania, Artemia got Arte's nickname.

"Wow! My little empress has become a little bold since our last communication. Do you want to get beaten like in the past?" Typhania using her Elseria pseudonym on the other end of the line said, a little amused.

•••••

Meanwhile in another location.

'I want to see him.'

Assassin's Queen Zero, real name Sera Olivia Wexon.

She was doing her duties as temporarily ruler of Brunei, a small demon's city. When developing this, she regularly raided the Dark of the Forest and distributed the resources generated from the raid. It wasn't an exaggeration to say that Brunei was able to hold on thanks to her efforts.

However, Sera felt irritated. She hadn't met Alex, her man once since their meeting, some may complain saying it had only been a couple of days but for a woman in love Sera didn't care. She was dying to see Alex. She was irritated not being able to see the man she loved, to be inside his arms, to see his smile whenever she wanted, to be connected to him.

"Hah."

She sighed and wanted to drop everything so that she could go to Alex's side.

At that moment she received a call and without checking who it was she mistakenly thought it was Alex and this made her overjoyed.

'Do you know that I want to see you right now?'

It must be telepathy. Sera felt like this was fated, and her heart started thumping. Her delusions unfolded due to her lack of dating experience. Alex was her first boyfriend and man. Before him, she was solely focused on her training and nothing else.

'What did he want to tell me?' She wondered and became further lost in her delusion.

Did he prepare a surprise event?

"Olivia, I wanted to see you too. I imagined your beautiful appearance every night and struggled."

She imagined Alex talking like this with a sexy appearance. She smiled widely. Sera's blinded eyes looked down at her body. She was shy. This was the first time she had liked someone since she was born. And she had even tasted the forbidden fruit and became addicted to this, so her longing shot through the roof, to the extent that her external cold shell started breaking.

This doesn't mean that she became less effective as an assassin on the contrary she became even more excellent. An assassin with no emotions is scary and excellent but an assassin with her emotions under control could be scarier.

When she was sent here to eliminate the previous Lord to take over his place, they had been two Saint under the man but she was still able to complete the mission in one night, it wouldn't be an exaggeration to say that she had become more efficient since she acknowledged her feelings and started a relationship with Alex. Maybe this efficiency stemmed from her desire to stay forever with him.

Nonetheless, she had become more proficient with her emotions.

Calming down, Sera heaved a sigh before taking the incoming call.

"Zero, you should come back there will be someone else to take your place. Come see me before you will go join him."

"I understood," Sera responded barely able to conceal her joy, soon she would be able to satiate this longing she had.

986 Chapter 986

"What is little Tiffy?"

Lilith said with a smile. Little Tiffy was the nickname she gave to her long-time friend Typhania; Artemia got Arte's nickname.

"Wow! My little empress has become a little bold since our last communication. Do you want to get beaten like in the past?" Typhania using her Elseria pseudonym on the other end of the line, said, a little amused.

The corner of Lilith's mouth twitched; she almost cursed Typhania but still held back in the end as she knew that nothing good would come out infuriating this woman. In the past, she was more powerful than her; she was at her mercy most of the time; let's not talk about now; she wouldn't last one round against an all-out Typhania; the woman is an absolute monster as a real monster could be.

"Cough! Cough! So what do you call me for?"

Lilith awkwardly changed the subject, and Elseria (Typhania) at the other end of the communication chuckled, finding this act to be cute. She wished she could continue teasing her but stopped because, as mentioned, she called Lilith for a specific reason, to inform her about what Alex learned through Incursio. She had forbidden him from informing her as she wanted to be the one to tell her this valuable information.

This was just an excuse to talk to her friend; this call could be considered as the first one since she became empress and since she truly recovered all of her memories.

"Alex found a piece of valuable information; it's about Demon. Different from your species, it's an abomination I've never seen before." Elseria explained while showing Lilith an image, and she got goosebumps just by watching the thing inside the image.

She abruptly shot to her feet and asked without controlling her voice.

"What the hell is that? How something like that will exist?"

"Calm down, Lily. I'm perplexed as you are because something like that didn't exist in our time, but after a lot of thought, I think it was because they underestimated us; they believed that they could conquer Mysthia without those things, and the result, they failed. Therefore they became vigilant, and coupled with Alex and others' arrival; things became dire, so to cope with Alex and us, they didn't have any other choice than to create something so sinister as another card to win the incoming war." Elseria (Typhania) explained to the oversensitive Lilith, that her explanation was able to calm her down, and she sat back.

"You are right; it must be exactly what happened. I've an headache already cleaning their spies and their hidden laboratories everywhere on the continent, but you're telling me that those assholes are creating something this dangerous. Please give a rest already." Lilith said as she slumped into her throne; she massaged her forehead.

Elseria, on the other side, sighed as she could understand how her friend felt; she had disliked things like this since a long time ago, if it weren't because there was no qualified yet and in whom she had a lot of trusts she wouldn't have taken over the role of an empress, things like this didn't really suit her. Ironically, those with this mentality often make a good rulers because once they do something, they like to do it cleanly.

"Don't worry; now that we know what they are up to, we should be able to make countermeasures easily. You just have to watch out for the middle and high-level dungeons. I'm sure you lift the blockage, thus enabling new adventurers into your empire; this will greatly help you."

"Yes! The blockage will be lifted in a few days. I've already discussed the specifics with the Elders and the dukes."

"I see, then I will open another subsidiary in the capital, it will be very big. I will let you take care of the specifics." Elseria said before cutting off the communication, and Lilith nodded before sighing.

"What headache."

She flicked her fingers, and immediately someone materialised from her shadow.

"Your orders, my empress."

"Send my order to the best craftsmen to hurry and build a five-story building. I gave them five days; resources are not the issue."

The shadow nodded before disappearing.

"Ah! This is quite exhausting. Should I sneak out and go play? For example, in the Foxia empire, as Leonora?" Lilith contemplated for a moment. It had been a moment since she went out disguised; she missed those times, she missed Old man Sebastian, her butler who died in that dungeon when facing Zero.

"Ah! I should do that. I wonder what his reaction will be? I deserve a good break after everything I've done, nobody going to complain anyway, after all, I'm currently the empress I do what I want." Lilith mumbled before vanishing. It is time to play.

In a tavern in one of the principalities near the Far East Empire.

From the outside, it looks beautiful, cosy and humble. Stacked boulders and huge stone beams make up most of the building's outer structure.

It isn't easy to see through the closed windows, but the passionate voices from within can be felt outside.

As one enters the tavern through the thick, wooden door, you're welcomed by laughing voices and overall happiness.

The bartender was working up a sweat, but was still able to welcome new with a wave.

It's as lovely inside as it is on the outside. Rounded, stone beams support the upper floor and the torches attached to them. The walls are decorated with sports memorabilia, it's clear the owner, and probably the customers, are avid fans.

The tavern itself was packed. Tourists seem to be the primary clientele here, which often means great company. Happy, excited groups occupy several long tables; some are dancing on the table, while others cheer them on with clapping and yelling. The other, smaller tables are also occupied by people who

seem to be strangers to each other, all sitting here because there are no other seats. However, they all enjoy each other's company. Even most of the stools at the bar are occupied, though nobody seems to mind more company.

Kevin went toward the counter and ordered the strongest drink before sitting in the corner as he began to enjoy his drink alone.

Quickly he finished his cup and ordered another one which he finished in less than two minutes; the bartender was extremely worried as one should know that the spiritus Kevin was drinking as if it was a cup of orange juice was extremely strong, 96% pure alcohol. Even those heavy drinkers wouldn't drink this as Kevin was doing.

The bartender was worried that a drunk Kevin might cause trouble, and he didn't need something like that tonight. Therefore he secretly sent one of his girls, but before the latter could approach Kevin, who had already become drunk, someone was already approaching him. This person wore a hood which covered his face, but it was not hard to know their gender.

The girl looked at her boss, and the latter shrugged his shoulders and ordered her to leave it. The girl could only reluctantly agree as she went somewhere else; she thought she would earn some easy money tonight as Kevin looked totally like an idiot; a little coaxing, and all his money would have been hers.

"Tch!" The girl clicked her tongue in annoyance; she wanted to turn around and glare at the man, too scared to show his face and tell him to piss off, but just as she was about to turn around, she felt a chill run down her back, she didn't know exactly why either, but all of her fine hairs were standing on end. She was sure that she would experience something awful if she were to turn around despite this warning.

And as someone who had always listened to her instinct, the girl hurriedly left the tavern, going straight to a friend's house; she was afraid of something dangerous happening if that person knew her house. She had forgotten that it was easy to know; he had to ask, not that she was worth the trouble.

Meanwhile, the man with the hoodie sat across from Kevin, who was already drunk.

"What...? Do you want?"

Despite not being in his optimal state, Kevin could still know that someone had come and was sitting not far from him.

"I have a proposal for you." The man declared not bothered by Kevin's attitude full of hostility. He would have reacted as Kevin if he was in his shoes.

"I'm n..not interested.. burp." Kevin declared before putting his face on the table.

The man with the hoodie had expected this kind of answer; therefore he prepared a countermeasure.

"I have a method to make you stronger-"

Before the man could finish, Kevin stopped him. He raised his head and asked.

"Did you take me for an idiot?"

'It is exactly because you are the dumbest of the three I've approached you.' The man thought inwardly while outwardly he ignored Kevin's question and used his second trump card; this one would work; there's no doubt about it.

"I can make you stronger as Alexander."

"I can make you stronger like Alexander."

"Not stronger than him?" Kevin asked, obviously interested.

The man with the hoodie lowered his head and chuckled.

'This idiot has taken the bait. Hihihi! He will be easy to manipulate than I thought.'

"Well, let's start with a moderate objective first. Will you hear me out first?" The man declared while looking into Kevin's eyes.

Even though he was drunk, Kevin felt a chill run down his spine when his cloudy eyes met those wicked green eyes, he sobered up instantly, and as if he was under a spell, Kevin declared.

"Ok, I don't mind hearing what you have to say but make it quick because my siblings will start searching for me soon."

The man with the hoodie nodded while snickering inside.

'With your age, you're still afraid of your siblings. Well, it doesn't matter. I'll use you to get them. Kukuku, it will be fun.'

ooooo

In one of the dungeons on the outskirts of the Drexia Empire was a girl with her face covered. She had joined the Chaos organization three years ago, and after undergoing harsh training and proving her loyalty, it was finally time for her first mission.

,m Born in a small village that had almost no contact with the exterior world, and because she was different from, she got abused, again and again; even her parents were part of the bully group, she resented the world for what happened to her until her fifteen birthday when slaughtered everyone in the village and gained freedom.

Because it was only a small village, only a hundred and fifty people, nobody paid attention to this. She thought the outside world would welcome her, but it was not really different; people called her a witch and the cursed child. She resented the world, and she would gladly destroy it; just because she was different, she wielded a different element, the dark element, and she became an outcast. Therefore her resentment grew beyond words, and she gladly joined the dark world; when they approached her today, she was about to start the revolution that would turn the whole world upside down. Minerva was ready.

As soon as Minerva entered the dungeon, she could feel that the mana flow had completely changed. As with any dungeon, the environment inside was completely different from the outside world.

"..."

Minerva held her breath and looked around the interior of the dungeon. It was a weird place; a mountain range of dark rocky masses surrounded the area, and all the rocks were sharp to the point that there seemed to be no place to even step on.

Something was not right. Minerva thought. Because she had entered many dungeons, she knew. This place was not a dungeon.

The sound of her feet stepping lightly on the stone floor echoed loudly in a quiet space filled with only the sound of the wind whispering in her ears.

'This must be why they told me it was not a normal dungeon.' She mumbled and kept walking forward.

After walking for such a long time, she finally arrived at the place she had sought.

"The altar."

It was a huge temple painted in many shades of color. In this place, where there was no trace of civilization, let alone living things, the existence of such a structure stood out a lot. It was an old temple that seemed unmaintained, yet a fire was burning in the braziers.

Avon followed the stair and walked down the hallway. After she entered the innermost altar, Minerva looked around, and finally, her eyes landed on a flickering shadow atop the altar.

Suddenly, there was an explosion of light.

BOOM!

A blinding light forced Minerva to shut her eyes temporarily, and before she could even open them, she heard the scariest wail she had ever heard.

Forcibly opening her eyes, she was confronted with a fearsome beast of heat and smoke. Two clouded eyes stare at her with a harrowing excitement, and another wail rages from its fetid mouth as if it were a battle cry.

Six curved horns adorn its curved head, which itself is mostly hidden below a hood. A wheezing breath escapes the creature's crooked nostrils set within a broad nose.

Its curved head sits atop a compact, robust body. Shadowy curls coil around its torso, seemingly like a reminder of some event in the past.

The creature moves forward slowly; its two legs lumberingly carry its glowing body with calm energy. A jagged tail follows behind it, and a bright light on its tip dances like a lure.

Four bat-like wings extend themselves fully. Skin covered bones, and greasy membranes stretch upward before curling up.

At that moment, Minerva lowered her head as a chilling sensation pricking into her skin. Her heart was pounding wildly, and her hands and feet trembled. It was hard to even lick her lips because of the sudden chill, and tears seemed to drop from her eyes.

It was simply the feeling of 'fear'.

It was also the first emotion she felt since becoming a Numbers, who should generally be lacking any semblance of emotions.

The fear was so overwhelming that Minerva felt like she was not wearing anything and was standing in the middle of a snowy field.

Taking a deep breath, she breathed in and out repeatedly to control her fear, and after she succeeded, she lifted her head and stared into the demon's eyes.

Minerva opened her mouth, forcing her trembling voice to come out.

"Are you... a demon?"

-----.

The demon did not answer. But Minerva knew it had turned its head and stared at her.

And then there was a changement; the demon switched form, turning into a shadow before changing to another form; this time, the demon turned into a colossal skeleton. Between its sharp ribs, a gloomy bonfire burned quietly.

"Welcome human that got the Chaos God's blessings."

Surprisingly, the demon could speak.

Minerva concealed her shock and lowered her head in the form of submission.

"Greeting demon, I'm Minerva, the newly promoted Numbers, I'm Seven."

"Indeed, I'm a demon from Hell. As a servant of the Chaos God, I've accepted his apostle call and got reborn in this form."

"It's that so?"

Minerva was able to grind a lot of information from this small exchange. To think this was not his real form. How scary will the real thing be? She wondered but quickly shook her head; she did not come here for this; she only had one goal, which was to feed and awakens this thing to send it on a rampage.

"I have brought the sacrifices."

"Hohohoho! You're good human. I like you. Bring the sacrifices out." The demon ordered.

Minerva nodded before her shadow expanded, from which many people came out from. More than a hundred people came out unconscious, from 8 years children to older adults.

The demon laughed satisfactorily before swallowing everything, but the demon was still not satisfied.

"I want more."

Minerva sighed before bringing out this time an adventurer, someone closer to the Saint Realm.

The demon laughed and began to toy with the poor man; he was forced to wake up and found himself in a bloody state.

"It hurts! It hurts so much! Please, make it stop; it hurts so much! I... I can't make it stop! There's too much blood, and it hurts so much; please make it stop.

I should move; there's no point standing like this. If I can stand, I can move, now come on, body, move! Move! Why won't it move? Is this really me end?

This is so annoying! Why am I so weak? I can make it out of this mess; I know I can. So why am I still here? Come on, stupid body, stop being so weak. I can make it. We can make it; just stop being weak.

I'm so dizzy; everything is spinning around me. I feel like.. I think I might pass out. No, no, I can't pass out. I'll lay down on the floor to save my energy. This'll do, for now. But everything is still spinning. No matter, somebody will find me soon and then everything will be alright.

It'll be over soon. There's no saving me anymore; I'm too broken. I just wish I wasn't alone. Maybe.. maybe somebody will still find me; there's still time. Yes, please find me; I don't want to die alone.

I'm so sleepy. I guess I'll rest my eyes for a little while, just a little while. I may never open them again, but we'll find out soon enough. First, I must rest."

That were the man's last words before darkness swallowed him forever, and the demon was reborn and was ready to go on a rampage.

989 Chapter 989

Alex had decided to observe the Foxia empress learn about Illusion, as it could be helpful to him in the long run. His right eye was capable of putting his enemy under an illusion. It would be a shame not to use this ability, and who can be a better teacher than the empress before him? There's none, so he would make the best use of this opportunity.

Alex took a deep breath. He then opened his eyes wide to not miss out on anything.

However, as if the empress had read his thoughts, she chuckled and used her power, and immediately, the scenery around changed. This time he appeared in what seemed to be a realm.

Alex cautiously ventured forward through the unfamiliar portal at the top of a pyramid. A wonderful world immediately met him. Smoke bellows out of openings in the ground, creating a thick layer of clouds that shrouds the land in shadows. A strange energy hangs in the air and makes the hairs on his arms rise.

A seemingly pristine landscape awaited him, and it was all his to explore. This world is kind to him for sure, it is what he feels, but looks can sometimes be deceiving.

Close to his proximity, he could hear screams of beings he thought only existed in the minds of dreamers. Even though they seem harmless and curious, now would be the time to be very cautious. There are definitely muscular creatures, chunky creatures, and what he thought might be crawling creatures of some sort.

Alex observed everything with keen eyes, not forgetting to take everything in; he simultaneously activated both his eyes, his right eye, and left eye; the first shone in dazzling blue light while the second was crimson in color, and when those two combined, something unexpected happened.

[New ability acquired, please check your status for more information.]

A sudden notification rang out, informing him. It was the first time this happened, which made Alex question the identity of their status; maybe it was a system under a higher level spirit? Nobody answered this question, of course, but Alex was sure he would find the answer soon.

Strangely, none of the sisters said anything at this unexpected gain; only Eterna complained.

[It's boring here, I want to come out and play.] He shouted like a kid throwing a tantrum, but Alex ignored him and focused his attention elsewhere, on his status after calling it out.

Alex was pleasantly surprised by the newly acquired ability, there was something else that changed, but he was more focused on the new ability than anything else. However, to enjoy this ability to its fullest, Alex believed there was something else he must do. Because illusion spells required a lot of intelligence stat, he had to increase his INT stat. He had heard from Typhania that higher intelligence did not only help to use your weapon more skillfully, but it also increases the proficiency of your skills, especially for Illusionists. Therefore as soon as Alex acquired this ability related to Illusion, he did not hesitate to spend the bonus points he had been saving up until now on his INT stat.

As soon as he did that, he felt a warm current spreading through his brain before focusing solely on his eyes; the rest of this energy inexplicably went in the middle of his eyes, inciting confusion in the Black Prince's mind. Still, he was too focused on what this new ability was about to worry about such a small detail.

Finally, it was time to check out this new ability; the Illusion World is about.

With just a thought, a description of the new ability was displayed for Alex to see.

[Illusion World: Special ability capable of putting anyone below and a few levels above into a powerful Illusion.

The caster can create and increase this Illusion World at will. The more complex this world is, the more MP will be consumed.
